**Item 8.01. Other Events.**

As previously disclosed in the Company's Annual Report on Form 10-K for the year ended February 23, 2007, in May 2003, the Company filed a certified claim with the Department of the Navy seeking costs totaling in excess of \$5.0 million in connection with a contract for a submarine rescue decompression chamber project. This claim against the Navy has followed the process of claim notification, preparation, submittal, government audit and review by the contract officer. On July 22, 2004, the Navy's contracting officer issued a final decision denying the claim in full. In July 2005, the Company converted this claim into a complaint, which the Company filed in the Court of Federal Claims. As of February 23, 2007, the Company had recorded \$3.0 million in claims receivable for this claim.

On June 4, 2007, the Department of the Navy filed a motion seeking permission to amend its Answer to add counterclaims pursuant to the anti-fraud provisions of the Contract Disputes Act, the False Claims Act, and the forfeiture statute. If permitted to amend, the Department of the Navy will be seeking the forfeiture of the Company's claim and damages in excess of \$8 million.

The Company is reviewing the motion and determining its response. As previously disclosed, the Company intends to vigorously litigate this case but cannot predict the outcome of this matter. However, an unfavorable result could have a material adverse effect on the Company's financial position.

The case is currently scheduled for trial in July 2007.
