ITEM 1.01 ENTRY INTO A MATERIAL DEFINITIVE AGREEMENT

A. Employment Agreement and Indemnification Agreement with Vice President  
-----  
and General Counsel  
-----

On February 17, 2006, Hecla Mining Company (the "Company") announced the appointment of Philip C. Wolf as Vice President and General Counsel. The Company's Board of Directors (the "Board") approved a Change-in-Control Agreement ("Employment Agreement") and Indemnification Agreement with Mr. Wolf effective February 16, 2006. Mr. Wolf's Employment Agreement and Indemnification Agreement are substantially identical to prior employment agreements and indemnification agreements entered into with other executive officers of the Company. As part of Mr. Wolf's employment, he will receive a base salary of \$200,000 and is eligible for an annual bonus with a target for his position of 40% of base salary, with the opportunity to receive an additional bonus amount depending on the Company's performance. Mr. Wolf will also be eligible to participate in the Company's Long-Term Incentive Plan, on terms approved by the Board, and the Company's other employee benefits.

The material terms of the Employment Agreement are set forth in Exhibit 10.2 to the Company's Quarterly Report on Form 10-Q, filed with the Securities and Exchange Commission (the "SEC") for the period ended June 30, 2003, and which are incorporated by reference as Exhibit 10.1. The material terms of the Indemnification Agreement are set forth in Exhibit 10.4 to the Company's Annual Report on Form 10-K, filed with the SEC for the period ended December 31, 2004, and which are incorporated herein by reference as Exhibit 10.2.

In connection with his appointment, Mr. Wolf will receive 20,000 shares of restricted common stock under the terms of the Company's Key Employee Deferred Compensation Plan. 10,000 shares of the restricted stock will vest on February 15, 2007 and the other 10,000 shares of the restricted stock will vest on February 15, 2008. However, should Mr. Wolf be terminated by the Company for any reason other than cause before February 1, 2007, the restricted stock shares will vest immediately. Mr. Wolf will also receive nonqualified stock options to purchase up to 40,000 shares of the Company's common stock at an exercise price of \$5.04, which was determined by taking the mean between the highest and lowest reported sales prices of the Company's common stock on the New York Stock Exchange on February 15, 2006. 20,000 nonqualified stock options will vest on August 15, 2006 and the other 20,000 nonqualified stock options will vest on February 15, 2007.

The Company will also reimburse Mr. Wolf for all reasonable relocation expenses, including reimbursement of any real estate sales commission and normal seller related closing costs on his home up to the amount of \$95,000.

B. Long-Term Performance Payment Plan  
-----

The Company utilizes a Long-Term Performance Payment Plan for senior executives and other key employees of the Company. Under the plan, a new performance period begins each calendar year and runs for three years. For example, the first performance period ran from January 1, 2003 through December 31, 2005. The next three-year performance period would include January 1, 2004 through December 31, 2006. The payout for this period, if earned, would be made

approximately the first quarter 2007.

Under the 2003 - 2005 plan period, performance against minimum hurdle rates for both the resource growth and cash flow targets had to be met before a payout could be earned. Neither of these targets were met and no payout was earned for the 2003 - 2005 plan period.

On February 16, 2006, the Board approved goals for the Hecla Mining Company Executive Senior Management Long-Term Performance Payment Plan for the

-2-

2006 - 2008 plan period (in the case of Mr. Baker, the independent members of the Board approve his award) as follows:

### 2006 - 2008 Plan Period

Performance Targets - In general, there should be a continued focus on resource growth and cash contribution generation for the 2006 - 2008 plan period. More emphasis will be placed on resource growth for the plan period by weighting resource growth 75% and cash contribution 25% in determining the value of the incentive award at the conclusion of the 2006 - 2008 plan period. Performance targets have been established for resource growth (i.e. gold, silver and gold equivalent resources) and cash contribution generation from the Company's resources. The goal is to incentivize management to focus on resource growth, production and cost management.

Performance Unit Awards - The Board assigns performance units at the beginning of each three-year plan period. On February 16, 2006, the Board approved Long-Term Performance Payment Plan unit awards (these units could be revised later in 2006 as part of a review of execution compensation) to the following executive officers (in the case of Mr. Baker, the independent members of the Board approved his award) of the Company:

	Units
	-----
Phillips S. Baker, Jr., President & CEO	3,970
Philip C. Wolf, V.P. & General Counsel	1,320
Ronald W. Clayton, V.P. - N.A. Operations	1,320
Lewis E. Walde, V.P. & CFO	1,320
Michael H. Callahan, V.P. - Corp. Develop.	1,320
Vicki Veltkamp, V.P. - Investor Relations	1,320

Performance Award Value - As in previous years, performance unit possible valuation can range from \$0 to \$200 per unit, depending on performance. For the 2006 - 2008 plan, the Company will use the same performance ranges and payout values as the previous two plans. Assuming both targets are met at the 100% level, performance unit terminal value would be \$100/unit. On February 16, 2006, the Board approved a payout arrangement where resource growth and cash contribution are addressed separately. For example, assuming both resource growth and cash flow targets are met, the performance award valuation would be as follows:

1. Resource growth goal @ 100% = \$75/performance unit
2. Cash flow goal @ 100% = \$25/performance unit
3. Total performance award terminal value = \$100
4. Multiplied by number of units awarded an individual participant
5. Equals total individual participant award

The Board also approved the same payout arrangement for the 2004 - 2006 plan period as well as the 2005 - 2007 plan period.

The Long-Term Performance Payment Plan is set forth in the Company's Quarterly Report on Form 10-Q/A, portions of which are incorporated herein by reference as Exhibit 10.3.

C. 2006 Short-Term Performance Plan  
-----

On February 16, 2006, the Board, based on recommendations of the Company's senior management and the Compensation Committee, established targeted quantitative and non-quantitative goals for corporate performance (in the case of Mr. Baker, the independent members of the Board approved his 2006 goals). For 2006, corporate performance quantitative goals include total gold and silver production, production costs per ounce for silver and gold, cost containment, environmental costs, capital expenditures and resource development goals. Corporate non-quantitative goals include, among other goals, an acquisition, reducing the Company's Venezuelan risk profile, and resolving certain legal issues.

The Chief Executive Officer's performance payment for 2006 will be based solely on corporate performance. The other executive officers' performance payments will be based 60% upon corporate performance with 40% based upon individual performance.

The Company's Performance Pay Compensation Plan is set forth in the Company's Form 10-K, portions of which are incorporated herein by reference as Exhibit 10.4.

ITEM 5.02 DEPARTURE, ELECTION, OR APPOINTMENT OF DIRECTORS OR OFFICERS

A. Appointment of New Vice President and General Counsel  
-----

On February 16, 2006, the Board appointed Philip C. Wolf as the Company's Vice President and General Counsel. Prior to his appointment, Mr. Wolf was Senior Vice President, General Counsel and Secretary of Compressus Inc. (a small software technology company) from 2001 to 2004. Mr. Wolf also served as Senior Vice President, General Counsel and Secretary of Cyprus Amax Minerals Company (a public, Fortune 500, international company) from 1993 to 1999. Prior to that, Mr. Wolf held other various positions with Cyprus Minerals Company.

B. Directors Not Standing for Re-Election at the 2006 Annual Shareholders

-----  
Meeting  
-----

At the February 16, 2006, Board of Directors meeting, Mr. Arthur Brown announced that he would not be standing for re-election at the 2006 Annual Shareholders Meeting to be held on May 5, 2006. Mr. Brown announced that he had no disagreements with management or the Company; but after serving 19 years as Chairman of the Board, he was ready to pursue other interests. Mr. Brown had also served as the Company's Chief Executive Officer from May 1987 to May 2003 and as President from May 1986 to November 2001. Mr. Brown also serves on as Chairman of the Executive Committee and is a member of the Technical Committee.

In addition to Mr. Brown not standing for re-election, Mr. John E. Clute also announced that he would not be standing for re-election at the 2006 Annual Shareholders Meeting to be held on May 5, 2006. Mr. Clute announced that he had no disagreements with management or the Company, but after serving 24 years as a member of the Board of Directors, he was ready to pursue other interests. Mr. Clute also serves as Chairman of the Corporate Governance and Directors Nominating Committee and is a member of the Executive Committee and Compensation Committee.

As a result of only two directors being nominated for election to the Board at the 2006 Annual Shareholders Meeting, the Board determined to reduce the size of the Board from nine to eight at the 2006 Annual Shareholders Meeting.
