The large rise in the year-over-year comparison at Cancun and Cozumel airports was mainly due to sharply reduced passenger traffic in December 2005 as a result of damage inflicted by Hurricane Wilma, which hit the Yucatan Peninsula in October 2005. Although there has since been a substantial recovery, passenger traffic at these airports continues to be affected by the impact of Hurricane Wilma on hotel room inventory.

Ongoing public demonstrations in the city of Oaxaca have adversely affected tourism in the area and caused the cancellation of 68 flights to Oaxaca airport originally scheduled for December. The protests began in May as a teachers strike but have grown into more widespread unrest against the Oaxaca state government. The US State Department recently issued an advisory regarding travel to Oaxaca. At this time we are unable to predict whether or how the conflict will be resolved, or how the ongoing demonstrations may affect our operations.
