PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS TO BE HELD ON MARCH 13, 2013

This proxy statement is furnished in connection with the solicitation by the Board of Directors of Shiloh Industries, Inc., a Delaware corporation (the "Company"), of proxies to be used at the Annual Meeting of Stockholders of the Company to be held on March 13, 2013 at 10:00 a.m., at the MTD Products Inc Lodge, 6029 Grafton Road, Valley City, Ohio, 44280 (the "Annual Meeting"). This proxy statement and the accompanying proxy card and annual report to stockholders for the fiscal year ended October 31, 2012 are first being mailed to stockholders on or about February 11, 2013.

If the enclosed proxy card is executed and returned, the shares represented by it will be voted as directed on all matters properly coming before the Annual Meeting for a vote. Returning your completed proxy will not prevent you from voting in person at the Annual Meeting should you be present and desire to do so. In addition, the proxy may be revoked at any time prior to its exercise either by giving written notice to the Company of revocation or by submission of a later dated proxy prior to the Annual Meeting. However, your attendance at the Annual Meeting will not automatically revoke your proxy unless you vote again at the Annual Meeting or specifically request that your prior proxy be revoked by delivering written notice to the Company prior to conduct of the vote at the Annual Meeting.

Stockholders of record of the Company at the close of business on January 15, 2013 will be entitled to vote at the Annual Meeting. On that date, the Company had outstanding and entitled to vote 16,995,345 shares of common stock, par value \$0.01 per share, of the Company (the "Common Stock"). A list of such holders will be open to the examination of any stockholder for any purpose germane to the meeting at Shiloh Industries, Inc., 880 Steel Drive, Valley City, Ohio 44280 for a period of ten days prior to the meeting. Each share of Common Stock is entitled to one vote. At the Annual Meeting, inspectors of election shall determine the presence of a quorum and shall tabulate the results of the vote of the stockholders. The holders of a majority of the total number of outstanding shares of Common Stock entitled to vote must be present in person or by proxy to constitute the necessary quorum for any business to be transacted at the Annual Meeting. Broker non-votes will be considered "present" for purposes of determining whether a quorum has been achieved at the Annual Meeting. A broker non-vote occurs if your shares are held in "street name" by a broker or nominee and the broker or nominee reports your shares as non-votes because you did not provide your broker or nominee with voting instructions for your shares.

The three nominees for Director receiving the greatest number of votes cast at the Annual Meeting in person or by proxy will be elected. Consequently, any shares of Common Stock present in person or by proxy at the Annual Meeting, but not voted for any reason, have no impact in the election of Directors. All other matters to be considered at the Annual Meeting require for approval the favorable vote of a majority of shares voted at the meeting in person or by proxy. Stockholders have no right to cumulative voting as to any matter, including the election of Directors. If any proposal at the Annual Meeting must receive a specific percentage of favorable votes for approval, abstentions in respect of such proposal are treated as present and entitled to vote under Delaware law, and, therefore, such abstentions have the effect of a vote against such proposal. Broker non-votes in respect of any proposal are not

counted for purposes of determining whether such proposal has received the requisite approval.

The shares represented by all valid proxies received will be voted in the manner specified on the proxies. Where specific choices are not indicated on a valid proxy, the shares represented by such proxy will be voted for the nominees for Director named in this proxy statement, for approval of the executive compensation of the Company's named executive officers, for three years for the frequency of an advisory vote on the executive compensation of the Company's named executive officers and in accordance with the best judgment of the persons named in the enclosed proxy, or their substitutes, for any other matters which properly come before the Annual Meeting.

A representative of Grant Thornton LLP ("Grant Thornton"), the Company's independent registered public accounting firm for fiscal 2012 and 2013, is expected to be present at the Annual Meeting and will have an opportunity to make a statement if the representative so desires, as well as be available to respond to appropriate questions from stockholders.

PROPOSAL 1 — ELECTION OF DIRECTORS

The Company's Restated Certificate of Incorporation provides that the Board of Directors will be divided into three classes of Directors to be as nearly equal in number of Directors as possible. Class II consists of Cloyd J. Abruzzo, George G. Goodrich, and Dieter Kaesgen, and their current term of office will expire at this Annual Meeting. Class III consists of Curtis E. Moll and Robert J. At each Annual Stockholders' Meeting, Directors are elected for a term of three years and hold office until their successors are elected and qualified or until their earlier removal or resignation. Newly created directorships resulting from an increase in the authorized number of Directors or any vacancies on the Board of Directors resulting from death, resignation, disqualification, removal or other cause may be filled by a majority of the remaining Directors then in office.

Director Vacancies

On February 1, 2013, Theodore K. Zampetis and Gary A. Oatey resigned from the Board of Directors. Currently there are two vacant positions on the Company's Board of Directors. The Board of Directors intends to appoint directors to fill these vacancies and that Mr. Ramzi Hermiz, President and Chief Executive Officer of the Company, will fill one of these vacancies.

Board of Directors, Committees and Directors Meetings

The Board does not have a policy regarding the separation of the roles of the Chief Executive Officer ("CEO") and Chairman of the Board of Directors because the Board believes it is in the best interests of the Company to make that determination based on the position and direction of the Company and the membership of the Board of Directors. At this time, the Board has determined that having a separate director, who is not also serving as the Company's CEO, serve as Chairman is in the best interest of the Company's shareholders. This structure ensures a greater role for the outside directors in the oversight of the Company and active participation of all the directors in setting agendas and establishing Board priorities and procedures. Further, this structure permits the Company's President and CEO to spend more time and focus on the strategic direction and management of the Company's day-to-day operations.

It is management's responsibility to manage risk and bring to the Board of Directors' attention the most material risks to the Company. The Board of Directors oversees the processes established to report and monitor systems for material risks applicable to the Company. The Audit Committee regularly reviews enterprise-wide risk management, which includes treasury risks (commodity pricing, foreign exchange rates, credit and debt exposures), financial and accounting risks, legal and compliance risks, and other risk management functions. The Compensation Committee considers risks related to the attraction and retention of talent and related to the design of compensation programs and arrangements. The Compensation Committee and management believe that the Company maintains appropriate compensation policies and practices so as not to have a material adverse effect on the Company. The full Board considers strategic risks and opportunities and regularly receives reports from management on risk and from the committees regarding risk oversight in their areas of responsibility.

The Board of Directors has determined that the Company is a "controlled company," as defined in Rule 5615(c)(1) of the Marketplace Rules of the Nasdaq Stock Market, based on MTD Holdings' beneficial ownership of approximately 50.4% of the outstanding Common Stock. Accordingly, the Company is not required to meet certain of the Marketplace Rules of the Nasdaq Stock Market, including the requirement to maintain a majority of independent

directors on the Company's Board of Directors and the requirements regarding the nomination of directors by independent directors.

The Board has determined that Messrs. Abruzzo, Goodrich, and Tanis are independent under the Nasdaq's corporate governance rules. The independent Directors meet regularly in executive session.

The Board of Directors has four standing committees: the Executive and Governance Committee, the Audit Committee, the Compensation Committee and the Finance and Pension Administration Committee.

The Executive and Governance Committee exercises the power and authority of the Board of Directors on all matters, except as expressly limited by applicable law, in the interim period between Board of Directors' meetings. The Executive and Governance Committee did not meet in fiscal 2012. The current members of the Executive and Governance Committee are Messrs. Goodrich, Moll, and Tanis.

The Board of Directors has adopted an Audit Committee charter that complies with Rule 5605(c)(1) of the Marketplace Rules of the Nasdaq Stock Market. The charter of the Audit Committee is available on the Company's website (<http://www.shiloh.com/investor.html>). The Audit Committee has the responsibilities and authority under the charter set forth in Rule 5605(c)(1) of the Marketplace Rules of the Nasdaq Stock Market. Among other things, the Audit Committee is responsible for overseeing the accounting and financial reporting processes of the Company and the audits of the financial statements of the Company. The Audit Committee is also directly responsible for the appointment, compensation, retention and oversight of the work of the Company's independent auditors, including the resolution of disagreements between management and the auditors regarding financial reporting. Additionally, the Audit Committee approves all related-party transactions that are required to be disclosed pursuant to Item 404 of Regulation S-K.

The current members of the Audit Committee are Messrs. Abruzzo, Goodrich, and Tanis. The Board of Directors has determined that it has at least one "audit committee financial expert," as defined in Item 404(h)(5) of Regulation S-K, serving on the Audit Committee, George G. Goodrich, and that Mr. Goodrich is an "independent director" as defined in Rule 5605(a)(2) of the Marketplace Rules of the Nasdaq Stock Market. The Audit Committee held four meetings in fiscal 2012.

The Compensation Committee oversees all matters relating to human resources of the Company and administers (1) all stock option or stock-related plans and, in connection therewith, all awards of options and performance units to employees pursuant to any such stock option or stock related plan, (2) all bonus plans, including, without limitation, the Senior Management Bonus Plan and the Executive Incentive Bonus Plan and (3) all compensation of the Chief Executive Officer of the Company. The current members of the Compensation Committee are Messrs. Abruzzo, Goodrich, and Tanis. The Compensation Committee operates without a written charter. The Compensation Committee held one meeting in fiscal 2012.

The Finance and Pension Administration Committee reviews matters relating to various finance issues facing the Company as well as matters related to the Company's pension plans. The current members of the Finance and Pension Administration Committee are Messrs. Abruzzo, Hessler, Kaesgen, King and Tanis. The Finance and Pension Administration Committee held three meetings during fiscal 2012.

The Board of Directors does not have a standing nominating committee or committee performing similar functions. The Board of Directors has determined that it is appropriate not to have a nominating committee because of the relatively small size of the Board of Directors, and the entire Board of Directors functions in the capacity of a nominating committee.

The Board of Directors periodically reviews the desired skills and characteristics for directors as well as the composition of the Board of Directors as a whole. This assessment considers the directors' qualifications and independence, as well as diversity, age, skill and experience in the context of the needs of the Board of Directors. At a minimum, directors should share the values of the Company and should possess the following characteristics: high personal and professional integrity; the ability to exercise sound business judgment; an inquiring mind; and the time available to devote to Board of Directors' activities and the willingness to do so. The Board of Directors does not have a formal policy specifically focusing on the consideration of diversity; however, diversity is one of the many factors that the Board of Directors considers when identifying candidates. In addition to the foregoing considerations, the Board of Directors will consider nominees suggested by directors and management. Ultimately, the Board of Directors will consider prospective nominees the Board believes will be effective, in collaboration with the other members of the Board of Directors, in collectively serving the long-term interests of the Company's stockholders.

The Board of Directors does not have a formal policy with regard to the consideration of any director candidates recommended by stockholders. Because of the size of the Board of Directors and the small turnover of its members

historically, the Board addresses the need to retain members and fill vacancies after discussion among current members and the Company's management. Accordingly, the Board of Directors has determined that it is appropriate not to have such a policy at this time. The Board of Directors, however, will consider director candidates recommended by stockholders. Any stockholder that wishes to nominate a director candidate should submit complete information as to the identity and qualifications of the director candidate pursuant to the procedures set forth below under "Communication with the Board of Directors." The Board of Directors does not have any specific qualifications that have to be met by director candidates and does not have a formal process for identifying and evaluating director candidates.

The Board of Directors held five meetings in fiscal 2012. All of the Directors attended at least seventy-five percent of the total meetings held by the Board of Directors and by all committees on which they served in fiscal 2012. Although the Company does not have a policy with respect to attendance by the Directors at the Annual Meeting of Stockholders, Directors are encouraged to attend. Eight of the nine members of the Board of Directors attended the 2012 Annual Meeting of Stockholders.

Communication with the Board of Directors

The Board of Directors of the Company believes that it is important for stockholders to have a process to send communications to the Board. Accordingly, stockholders who wish to communicate with the Board of Directors or a particular Director may do so by sending a letter to the Secretary of the Company at 880 Steel Drive, Valley City, Ohio 44280. The mailing envelope must contain a clear notation indicating that the enclosed letter is a “Stockholder-Board Communication” or “Stockholder-Director Communication.” All such letters must identify the author as a stockholder and clearly state whether the intended recipients are all members of the Board of Directors or certain specified individual Directors. The Secretary will make copies of all such letters and circulate them to the appropriate Director or Directors.

Narrative Disclosure to Summary Compensation Table

Overview

The following should be read in conjunction with the information presented in the compensation tables, the footnotes to those tables and the related disclosures appearing later in this proxy statement. The tables and related disclosures contain specific information about the compensation earned or paid during the fiscal years ending October 31, 2012 and 2011 to the following individuals, whom are referred to as the Named Executive Officers: Ramzi Hermiz, President and Chief Executive Officer, Theodore K. Zampetis, Director and former President and Chief Executive Officer; Anthony M. Parente, Vice President and Chief Technology Officer; and Thomas M. Dugan, Vice President of Finance and Treasurer.

The compensation and benefits payable to the Company's Directors and executive officers are established by the Compensation Committee of the Company's Board of Directors (the "Committee"). For the fiscal years ending October 31, 2012, the Committee consisted of four members, Cloyd J. Abruzzo (Chairman), George G. Goodrich, Gary A. Oatey and John J. Tanis, each of whom was an independent director within the meaning of the listing standards of the Nasdaq Stock Market, a disinterested director within the meaning of Rule 16b-3 under the Securities Exchange Act of 1934, as amended, and a "non-employee director" within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended (The "Internal Revenue Code").

The Committee held one meeting during fiscal 2012. Agendas for the meetings were established by the Chairman of the Committee. The Committee generally invites the Company's Chief Executive Officer to the meetings, and occasionally invites other members of senior management to provide relevant data and information, individual performance assessment and compensation recommendations. In addition, the Committee regularly meets in executive session without management. Because the Committee is satisfied with its experience in the Company's industry and has reviewed publicly available information regarding the compensation of executives of similar companies in the industry, the Committee has not engaged a corporate compensation consultant.

Compensation Philosophy

The Company's basic objectives for executive compensation are to recruit and keep top quality executive leadership focused on attaining long-term corporate goals and increasing stockholder value.

Compensation Setting Process and Objectives

Usually on an annual basis near the end of each fiscal year, the Committee reviews and establishes the compensation program for the subsequent year for the Named Executive Officers based on the Company's performance, individual performance and experience and market conditions and comparisons to the Company's competitors. The Company's Chief Executive Officer, after he meets with each of the executives, reviews their performance for the past year and, in cooperation with each executive, tailors personal goals (both qualitative and quantitative) for each executive for the next fiscal year. After

these meetings, the CEO recommends a compensation package and individual performance goals for each executive to the Committee for their consideration. The Committee conducts a similar process for the CEO. In determining the mix and amount of executive compensation, the Committee reviews all components of executive compensation, including base salary, short-term incentives, long-term incentives, deferred compensation and perquisites, each of which is a common component of executive compensation at companies with which the Company competes.

Elements of Compensation

The elements of the Company's executive compensation program consist of base salary, short-term incentives (cash bonuses), long-term incentives (restricted stock and stock options), deferred compensation (cash balance retirement plan and profit sharing retirement plan) and other perquisites and personal benefits.

Base Salary. Base salaries serve as a primary means of compensation for Named Executive Officers and are set within ranges that are reasonable, considering comparable positions in companies similar to the Company in industry and region. Base salaries are also intended to be equitable and high enough to keep qualified executives from being over-dependent on cash bonuses in a cyclical industry. In recognition of the state of the automotive industry that the Company serves, the Company has in the past initiated steps to respond to current and anticipated market conditions.

Mr. Hermiz was appointed as President and Chief Executive Officer effective September 4, 2012 with an annual salary of \$700,000.

Mr. Zampetis, the Company's former President and Chief Executive Officer, had an annual salary of \$500,000.

Mr. Parente served as the Vice President and Chief Technology Officer with an annual salary of \$190,000 at the beginning of fiscal 2012. On May 28, 2012, Mr. Parente was awarded a merit increase raising his salary to \$200,000.

Mr. Dugan served as Vice President of Finance and Treasurer with an annual salary of \$150,000. On January 30, 2012, Mr. Dugan was awarded a merit increase raising his salary to \$165,000.

As a result, the base salary earned by each Named Executive Officer during fiscal year 2012 was:

Named Executive Officer	2012 Base Salary Earned
Ramzi Hermiz	\$80,769
Theodore K. Zampetis	\$500,000
Anthony M. Parente	\$193,846
Thomas M. Dugan	\$160,673

Short-Term Incentives. The Company maintained the Shiloh Industries, Inc. Senior Management Bonus Plan (the "Bonus Plan") during fiscal 2012 to provide its executive officers with annual cash incentives for superior performance. The Bonus Plan, which was reapproved by the stockholders of the Company in 2010, is administered by the Compensation Committee and entitles named executive officers to be paid a cash bonus based upon the attainment of certain performance criteria established annually by the Compensation Committee.

For fiscal 2012, the Compensation Committee established performance goals based on the Company's earnings before interest, taxes, depreciation and amortization ("EBITDA") as well as return on capital ("ROIC"), entitling the executive officers to be paid a bonus based upon varying percentages of their respective base salaries and the level of achievement of EBITDA and ROIC in relation to the targets established by the Compensation Committee. The

Committee established the target bonus for Mr. Hermiz at 100% of his base salary, for Mr. Zampetis at 90% of his base salary and for Messrs. Parente and Dugan at 65% of their respective salaries.

Generally, for each percent that the Company's EBITDA and ROIC exceeded the EBITDA target of \$43.1 million and the ROIC target of 11.0% for fiscal 2012, the executive's bonus would be increased by the corresponding percentage above the target bonus. For each percentage the Company's EBITDA and ROIC were less than the targets, the executives bonus would be reduced by two times the percentage. If the Company's EBIDTA and ROIC was less than 75% of the target, no

bonus would be earned. The bonus earned by each executive may be increased or decreased based upon the Committee's and the President and Chief Executive Officer's evaluation of each executive's personal performance goals and metrics.

For fiscal 2012, the Company attained 112.8% of the established EBITDA performance of \$43.1 million and attained 120.0% of the established ROIC performance of 11.0%, for a weighted attainment of 114.6%. The aggregate cash bonuses awarded under the Senior Management Bonus Plan were \$1,277,200. The awards earned under the Senior Management Bonus Plan in fiscal 2012 were paid to the named Executive Officers in the first quarter of fiscal 2013.

Long-Term Incentives. Long-term incentives consisting of restricted stock and stock options are intended to motivate executives to make and execute plans that improve stockholder value over the long-term. The Committee believes that equity-based awards align executives' interests with those of shareholders by reinforcing the risk of ownership and the importance of providing competitive long-term, total returns to shareholders. Such awards are granted under the Amended and Restated 1993 Key Employee Stock Incentive Plan, and awards are generally based on the recipient's position within the Company and other personal performance factors. The Committee generally grants stock option awards annually. After the end of the fiscal year, the Committee assesses the financial performance of the Company, reviews the performance evaluations of each executive officer, and considers the Chief Executive Officer's recommendations for stock option awards and grants the appropriate awards.

During fiscal year 2012, the Named Executive Officers did not receive option awards. Mr. Hermiz, as part of his offer of employment, was granted restricted stock with a value of \$700,000 that will vest in four equal installments of 25% each year on the first four anniversaries of his start date and was granted restricted stock with a value of \$117,000 which Mr. Hermiz would have expected to receive under the terms of the SERP plan maintained by his previous employer that will vest on the first anniversary of his start day.

Deferred Compensation. In addition to a 401(k) plan, the Company provides a cash balance retirement plan and a profit sharing retirement plan, which is available to the Named Executive Officers of the Company on the same basis as all other eligible employees of the Company. The plans are designed to provide participants with a means by which to save for retirement. Both plans are qualified plans to which the Company has made profit sharing and matching contributions on behalf of the plans' participants. On October 31, 2006, the Company announced the freezing of benefits under its cash balance retirement plan. As a result, the cash balance retirement plan ceased to accrue current service costs effective January 31, 2007. Benefit obligations that were earned through January 31, 2007 by plan members remained and will continue to accrue interest and vest in accordance with the plan's vesting requirements, with 100% vesting achieved after five years of service.

Under the cash balance retirement plan's benefit formula, the estimated annual benefit payable upon retirement at age 65 as of October 31, 2012 for Mr. Parente and Mr. Dugan was \$75,321 and \$58,697, respectively. Mr. Hermiz and Mr. Zampetis, former President and Chief Executive Officer, are not entitled to benefits under this plan.

Auto Allowance and other perquisites. In fiscal years 2012 and 2011, the Company provided each named executive officer with an automobile allowance of \$8,400. Both Mr. Zampetis and Mr. Parente received the allowance for both years and Mr. Dugan began receiving the auto allowance upon his appointment as Vice President of Finance and Treasurer in January of 2011. In addition, Mr. Dugan was provided with employer contributions to the high deductible medical insurance plan. He received \$700 for both fiscal year 2012 and 2011.

Deductibility of Compensation

Section 162(m) of the U.S. Internal Revenue Code places a limit on the deduction as a business expense of compensation in excess of \$1 million paid to certain "covered employees" of a publicly held corporation (generally, the Company's Chief Executive Officer and the next three most highly compensated executive officers in the year that the

compensation is paid other than the Company's Chief Financial Officer). Compensation that is “performance-based compensation” is exempted from the limitation if certain procedural requirements are satisfied. The Company’s Bonus Plan is designed so that compensation paid under it qualifies as performance-based compensation within the meaning of Section 162(m).

Employment Agreement and Change in Control Agreements

Employment Agreement

None of the Named Executive Officers other than Mr. Hermiz has an employment agreement. Under the agreement, Mr. Hermiz will be paid an initial salary of \$700,000 per year and will be eligible to participate in the Company's management bonus plan, with an initial target annual bonus opportunity equal to 100% of his base salary. The bonus is based on the attainment of certain performance criteria mutually developed annually by the Compensation Committee and management.

Mr. Hermiz also will be eligible to participate in the employee benefit plans established by the Company for its employees from time to time in accordance with the terms and conditions of those programs and plans as in effect from time to time. Mr. Hermiz's base salary and target annual bonus opportunity are subject to annual review and adjustment by the Compensation Committee, and may be increased but not decreased at that time.

Mr. Hermiz is eligible to receive future equity grants under the Shiloh Industries, Inc. Amended and Restated 1993 Key Employee Stock Incentive Plan (or any successor plan thereto) as determined by the Compensation Committee. The initial target annual equity grant opportunity will be equal to 100% of his base salary. The actual grant, if any, for any given year will be based upon the attainment of certain performance criteria established annually by the Compensation Committee. The target annual equity opportunity is subject to annual review and adjustment by the Compensation Committee.

If the Company separates Mr. Hermiz from service (other than for cause), Mr. Hermiz causes a separation from service for good reason or Mr. Hermiz dies or suffers a disability, then the Company will pay Mr. Hermiz a cash severance payment equal to the sum of his annual then-current base salary, any earned but unpaid bonus payment for the previous year, and his target bonus opportunity under the senior management bonus plan for the year during which the separation from service occurs. The severance payment is conditioned on execution of a release of any claims Mr. Hermiz may have against the Company and its subsidiaries. Mr. Hermiz will not receive the severance payment if he is entitled to compensation and benefits under the Change in Control Agreement described below.

Change in Control Agreements

The Company has entered into Change in Control Agreements with Mr. Hermiz, Mr. Parente and Mr. Dugan. Under each agreement, certain benefits are payable by the Company to the Named Executive Officer if any of the following occur: (a) any person or group of persons (with certain limited exceptions) becomes the beneficial owner of 35% or more of either the then outstanding shares of Common Stock of the Company or the combined voting power of the outstanding voting securities of the Company, (b) a change in the composition of the Board of Directors results in a majority of the Directors that are not incumbent directors, (c) with certain limited exceptions, a merger or other such reorganization of the Company is consummated, or (d) the Company is completely liquidated or dissolved.

Upon a change of control, or if the Company terminated a Named Executive Officer not more than 180 days prior to a change in control, the Company must pay such Name Executive Officer an amount equal to two times the sum of his effective annual salary and bonus, if such executive is Mr. Hermiz, or a fixed dollar amount, if such executive is Mr. Parente, or an amount equal to one and a half times the sum of his effective annual salary and bonus, if such executive is Mr. Dugan. In addition, the Company will provide continued health coverage for the Named Executive Officer at a level at least as high as that enjoyed by the Named Executive Officer prior to the change in control or, if the Named Executive Officer's employment is terminated within 18 months after a change in control, the Company will reimburse him for the full cost of any group health continuation coverage that the Company would otherwise be required to offer under the Consolidated Omnibus Budget Reconciliation Act of 1986 until the earlier of the date (a) the Named Executive Officer becomes covered by comparable health coverage offered by another employer, or (b) 18 months after the date he receives his payment from the change in control. In addition, beginning on the first day of the month after the expiration of Mr. Hermiz's COBRA continuation coverage period and provided that Mr. Hermiz has not obtained comparable health care coverage offered by another employer, the Company will make a monthly payment to Mr. Hermiz in the amount of the monthly COBRA coverage premium in effect under the Company's group health plan on the date the COBRA continuation coverage period began until the earlier of the date that:

- i. Mr. Hermiz becomes covered by comparable health care coverage offered by another employer, or
- ii. is 24 months after the date of termination of Mr. Hermiz's employment.

To the extent a payment is made to Mr. Hermiz or Mr. Dugan under his Change in Control Agreement and would be subject to excise taxes imposed by Sections 4999 and 280G of the Internal Revenue Code, then the Company will pay Mr. Hermiz or Mr. Dugan the greater of (i) the change in control payment less the applicable excise taxes and (ii) the change in control payment reduced by an amount necessary so there are no excise taxes imposed by Sections 4999 and 280G of the Internal Revenue Code.

To the extent a payment is made to Mr. Parente under a Change in Control Agreement and would be subject to excise taxes imposed by Sections 4999 and 280G of the Internal Revenue Code then the Company will pay to Mr. Parente an additional amount sufficient to offset such excise taxes and penalties incurred by Mr. Parente, as well as additional excise taxes and penalties that may result from such payment to offset the original excise taxes and penalties.

Had a change of control occurred on October 31, 2012, the last day of fiscal 2012, the following aggregate consideration would have been due to the Named Executive Officers currently employed by the Company: Mr. Hermiz, \$2,817,999; Mr. Parente, \$540,790; and Mr. Dugan \$421,132. The preceding amounts are composed of the change of control payment, the value of continued healthcare benefits and excise tax gross-up or reduction. The amounts of the change of control payment, the value of continued healthcare benefits and excise tax gross-up or reduction, respectively, for each currently employed Named Executive Officer is as follows:

Named Executive Officer	Change in Control Payment	Value of Continued Healthcare Benefits	Excise Tax Gross-up or Reduction	Total Change in Control Aggregate Consideration
Ramzi Hermiz	\$2,800,000	\$17,999	\$—	\$2,817,999
Anthony M. Parente	\$528,000	\$12,790	\$—	\$540,790
Thomas M. Dugan	\$408,375	\$15,535	\$(2,778)	\$421,132

PROPOSAL 2—ADVISORY VOTE ON EXECUTIVE COMPENSATION

We are providing our stockholders an opportunity to indicate whether they support our Named Executive Officer compensation as described in this proxy statement. This advisory vote, commonly referred to as “say on pay,” is not intended to address any specific item of compensation, but instead relates to the tabular disclosures regarding Named Executive Officer compensation, and the narrative disclosure accompanying the tabular presentation. These disclosures allow you to view the trends in our executive compensation program and the application of our compensation philosophies for the years presented.

The Compensation Committee believes an effective compensation program should be one that is designed to recruit and keep top quality executive leadership focused on attaining long-term corporate goals and increasing stockholder value. We believe that our executive compensation program is designed to reasonably and fairly recruit, motivate, retain and reward our executives for achieving our objectives and goals.

Accordingly, the Board of Directors unanimously recommends that stockholders vote in favor of the following resolution:

“Resolved, that the stockholders approve the compensation of the Company’s named executive officers as disclosed in this proxy statement pursuant to the rules of the Securities and Exchange Commission, including the compensation tables and the related footnotes and narrative disclosures.”

Although this vote is advisory and is not binding on the Company, the Compensation Committee will take into account the outcome of the vote when considering future executive compensation decisions. The proposal will be approved by the affirmative vote of a majority of the shares present in person or by proxy and entitled to vote on the matter.

The Board of Directors recommends that you vote FOR the approval of the resolution approving the compensation of the Company’s named executive officers.

PROPOSAL 3—ADVISORY VOTE ON THE FREQUENCY OF THE ADVISORY VOTE ON EXECUTIVE COMPENSATION

We are seeking an advisory vote on the every three year frequency with which say-on-pay votes, similar to Proposal 2 in this proxy statement, should be held in the future. This advisory vote is commonly referred to as “say on frequency.” Stockholders may also abstain from voting on this proposal.

Triennial Recommendation: We recommend that our stockholders select a frequency of three years, or a triennial vote. Our executive compensation program is designed to support long-term value creation, and a triennial vote will allow stockholders to better judge our executive compensation program in relation to our long-term performance. One of the core principles of our executive compensation program is to ensure management’s interests are aligned with our stockholders’ interests to support long-term value creation. Accordingly, we grant awards with multi-year service periods to encourage our Named Executive Officers to focus on long-term performance, and recommend a triennial vote which would allow our executive compensation programs to be evaluated over a similar time-frame and in relation to our long-term performance. In addition, a triennial vote will provide us with the time to thoughtfully respond to stockholders’ sentiments and implement any necessary changes. We carefully review changes to our executive compensation program to maintain the consistency and credibility of the program which is important in motivating and retaining our employees. We therefore believe that a triennial vote is an appropriate frequency to provide our Compensation Committee sufficient time to thoughtfully consider stockholders’ input and to implement any appropriate changes to our executive compensation program, in light of the timing that would be required to implement any decisions related to such changes. Because this proposal is advisory, it will not be binding on the Company. However, the Board of Directors values our stockholders’ opinions, and the Board will consider the outcome of the vote when determining the frequency of future advisory votes on executive compensation.

The Board of Directors recommends that you select EVERY THREE YEARS on the proposal recommending the frequency of advisory votes on executive compensation. Stockholders may also abstain from voting on this proposal.

AUDIT COMMITTEE REPORT

The Audit Committee of the Board of Directors is composed of four Directors who are independent, as defined in Rule 5605(a)(2) of the Marketplace Rules of the Nasdaq Stock Market. The Audit Committee operates under a written Audit Committee charter adopted and approved by the Board of Directors. In accordance with its written charter, the Audit Committee assists the Board of Directors in fulfilling its responsibility relating to corporate accounting, reporting practices of the Company, and the quality and integrity of financial reports and other financial information provided by the Company to any governmental body or to the public. Management is responsible for the financial statements and the reporting process, including the system of internal controls. The independent registered public accounting firm is responsible for expressing an opinion on whether the audited financial statements are in conformity with accounting principles generally accepted in the United States of America.

The Audit Committee has reviewed and discussed with the Company's management and Grant Thornton LLP ("Grant Thornton"), the Company's independent registered public accounting firm, the audited financial statements of the Company for the year ended October 31, 2012. The Audit Committee also discussed with Grant Thornton, the matters required to be discussed by Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1, AU Section 380), as adopted by Public Company Accounting Oversight Board in Rule 3200T.

The Audit Committee has received and reviewed the written disclosures and the letter from Grant Thornton required by applicable requirements of the Public Company Accounting Oversight Board regarding Grant Thornton's communications with the Audit Committee concerning independence and has discussed with Grant Thornton such independent auditors' independence. The Audit Committee has also considered whether Grant Thornton's provision of services to the Company beyond those rendered in connection with their audit and review of the Company's financial statements is compatible with maintaining their independence.

Based on the review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended October 31, 2012 for filing with the Securities and Exchange Commission.

This report is submitted by the Audit Committee.
