The enclosed Proxy is solicited on behalf of the Board of Directors of CIPHERGEN Biosystems, Inc. (the "Company") for use at the Annual Meeting of Stockholders to be held at the Company's offices located at 6611 Dumbarton Circle, Fremont, California, on Thursday, June 7, 2001, at 10:00 a.m., local time, and at any adjournment(s) thereof, for the purposes set forth herein and in the accompanying Notice of Annual Meeting of Stockholders. The Company's principal executive offices are located at the address listed at the top of the page and its telephone number is (510) 505-2100.

The Company's Annual Report, containing financial statements for the fiscal year ended December 31, 2000, is being mailed together with these proxy solicitation materials to all stockholders entitled to vote at the Annual Meeting. This Proxy Statement, the accompanying Proxy and the Company's Annual Report will first be mailed on or about May 7, 2001.

Edgar Filing: CIPHERGEN BIOSYSTEMS INC - Form DEF 14A

Attn: Sue Carruthers, Investor Relations.

Record Date And Share Ownership

Stockholders of record at the close of business on April 12, 2001 (the "Record Date") are entitled to notice of and to vote at the Annual Meeting and at any adjournment(s) thereof. At the Record Date, 26,800,103 shares of the Company's Common Stock were issued and outstanding and held of record by approximately 242 stockholders.

Revocability Of Proxies

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before its use by (A) delivering to the Company at its principal offices (Attention: Sue Carruthers) (i) a written notice of revocation or (ii) a duly executed proxy bearing a later date or (B) attending the meeting and voting in person.

Voting

On all matters, each share has one vote.

Solicitation Of Proxies

This solicitation of proxies is made by the Company, and all related costs will be borne by the Company. In addition, the Company may reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation material to such beneficial owners. Proxies may also be solicited by certain of the Company's directors, officers and regular employees, without additional compensation, personally or by telephone or facsimile.

Quorum; Abstentions; Broker Non-Votes

Votes cast by proxy or in person at the Annual Meeting ("Votes Cast") will be tabulated by the Inspector of Elections (the "Inspector") who will be an employee of the Company. The Inspector will also determine whether or not a quorum is present. Except in certain specific circumstances, the affirmative vote of a majority of shares present in person or represented by proxy at a duly held meeting at which a quorum is present is required under Delaware law for approval of proposals presented to stockholders. In general, Delaware law provides that a quorum consists of a majority of shares entitled to vote and present or represented by proxy at the meeting.

The Inspector will treat shares that are voted WITHHELD or ABSTAIN as being present and entitled to vote for purposes of determining the presence of a quorum but will not be treated as votes in favor of approving any matter submitted to the stockholders for a vote. When proxies are properly dated, executed and returned, the shares represented by such proxies will be voted at the Annual Meeting in accordance with the instructions of the stockholder. If no specific instructions are given, the shares will be voted for (i) the amendment to the Bylaws of the Company to reduce the size of the Board of Directors, (ii) the election of the nominees for directors set forth herein; (iii) the ratification of PricewaterhouseCoopers LLP, as the Company's independent public accountants for the year ending December 31, 2001; and (iv) upon such other business as may properly come before the Annual Meeting or any adjournment thereof.

If a broker indicates on the enclosed Proxy or its substitute that such broker does not have discretionary authority as to certain shares to vote on a particular matter (broker non-votes), those shares will be counted for purposes of determining the presence or absence of a quorum but will have no impact once a quorum is present. The Company believes that the tabulation procedures to be followed by the Inspector are consistent with the general statutory requirements in Delaware concerning voting of shares and determination of a quorum.

In a 1988 Delaware case, *Berlin v. Emerald Partners*, the Delaware Supreme Court held that while broker non-votes may be counted for purposes of determining the presence or absence of a quorum for the transaction of business, broker non-votes should not be counted for purposes of determining the number of votes cast with respect to the particular proposal on which the broker has expressly not voted. Broker non-votes with respect to proposals set forth in this Proxy Statement will therefore not be considered "Votes Cast" and, accordingly, will not affect the determination as to whether the requisite majority of Votes Cast has been obtained with respect to a particular matter.

Deadline For Receipt Of Stockholder Proposals

Stockholders are entitled to present proposals for action at a forthcoming meeting if they comply with the requirements of the Company's Bylaws and the rules established by the Securities and Exchange Commission (the "SEC"), under the Securities Exchange Act of 1934, as

amended (the "Exchange Act"). Proposals of stockholders of the Company that are intended to be presented by such stockholders at the Company's 2002 Annual Meeting of Stockholders must be received by the Company no later than February 15, 2002 in order that they may be considered for inclusion in the proxy statement and form of proxy relating to that meeting.

The attached proxy card grants the persons named as proxies discretionary authority to vote on any matter raised at the Annual Meeting that is not included in this Proxy Statement. If a shareholder intends to present a proposal at the 2002 Annual Meeting of Shareholders and the shareholder does not give appropriate notice to the Company on or before February 15, 2002, the persons named as proxies may use their discretionary voting authority to vote on the proposal.

2

PROPOSAL ONE

AMENDMENT TO THE COMPANY'S BYLAWS TO REDUCE THE NUMBER OF DIRECTORS ON THE COMPANY'S BOARD OF DIRECTORS

Section 3.2 of Article III of the Company's Amended and Restated Bylaws (the "Bylaws") currently sets the number of directors on the Company's Board of Directors at eight. The Company's Board of Directors has adopted, subject to shareholder approval, an amendment to the Bylaws that would reduce the exact number of directors from eight to six.

If the proposal to amend the Bylaws is approved, Article III, Section 3.2 of the Bylaws of the Company would be amended and restated in its entirety as follows:

"The number of directors shall not be less than five (5) nor more than nine (9) members. The exact number of directors shall be six (6) until changed within the range set forth above by an amendment to this bylaw, duly adopted by the board of directors or by the stockholders, or by a duly adopted amendment to the certificate of incorporation. The directors shall be divided into three classes, with the term of office of the first class, which class shall initially consist of two directors, to expire at the first annual meeting of stockholders held in 2001; the term of office of the second class, which shall initially consist of three directors, to expire at the second annual meeting of stockholders held in 2002; the term of office of the third class, which class shall initially consist of three directors, to expire at the third annual meeting of stockholders held in 2003; and thereafter for each such term to expire at each third succeeding annual meeting of stockholders held after such election.

No reduction of the authorized number of directors shall have the effect of removing any director before that director's term of office expires."

Purpose of the Amendment

Directors Barbara J. Dalton and Daniel Vapnek, whose terms of office expire at the 2001 Annual Meeting, have elected not to stand for re-election to the Board of Directors. The proposed amendment changes the size of the Board from eight to six to reflect the departure of the two directors. The Board of Directors believes that the proposed amendment is in the best interests of the Company because it reduces the size of the Board while providing the Company with the flexibility to add additional talented individuals to the Board of Directors in the future.

Required vote

Pursuant to Article XI of the Company's Amended and Restated Certificate of Incorporation, the affirmative vote of the holders of sixty-six and two-thirds percent (66²/₃%) of the outstanding Common Stock of the Company is required to amend the Company's Bylaws. Since the required vote of the shareholders is based upon the number of outstanding shares of Common Stock, rather than upon the shares actually voted, the failure by the holder of any such shares to submit a proxy or to vote in person at the Annual Meeting, including abstentions and "broker non-votes", will have the same effect as a vote against the approval of the amendment to the Bylaws.

**THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE FOR AMENDING THE
COMPANY'S BYLAWS TO REDUCE THE NUMBER OF DIRECTORS ON THE COMPANY'S BOARD OF DIRECTORS FROM
EIGHT TO SIX.**

3

PROPOSAL TWO**ELECTION OF TWO CLASS I DIRECTORS****Nominees**

The Company's Board of Directors is divided into three classes, with the terms of office of Class I expiring at the 2001 Annual Meeting, Class II expiring at the 2002 Annual Meeting and Class III expiring at the 2003 Annual Meeting. The Company currently has eight directors, with two directors in Class I and three directors in each of Classes II and III. The current Class I directors, Barbara J. Dalton and Daniel Vapnek, whose terms expire at this year's Annual Meeting are not standing for re-election. Michael J. Callaghan and James L. Rathmann, whose terms of office expire at the 2002 and 2003 Annual Meetings, respectively, have tendered their resignations from the Board of Directors to take effect immediately prior to the Annual Meeting. The remaining directors have nominated Michael J. Callaghan and James L. Rathmann to stand for election to the Board of Directors at the 2001 Annual Meeting as Class I directors. The terms of office of directors John A. Young and William R. Green expire at the 2002 Annual Meeting. The terms of office of directors Jean-François Formela and William E. Rich expire at the 2003 Annual Meeting. After the election at the 2001 Annual Meeting, there will be six directors, with two directors in each of the three classes.

At each annual meeting of stockholders beginning with the 2001 Annual Meeting, the successors to directors whose terms will then expire will be elected to serve from the time of election and qualification until the third annual meeting following election and until their successors have been duly elected and qualified. Any additional directorships resulting from an increase in the number of directors will be distributed among the three classes so that, as nearly as possible, each class will consist of an equal number of directors.

Unless otherwise instructed, the proxy holders will vote the proxies received by them for the Company's two nominees named above, who are currently directors of the Company. Each nominee has consented to be named a nominee in the Proxy Statement and to continue to serve as a director if elected. If the nominee becomes unable or declines to serve as a director or if additional persons are nominated at the meeting, the proxy holders intend to vote all proxies received by them in such a manner as will assure the election of the nominee listed below if possible (or, if new nominees have been designated by the Board of Directors, in such a manner as to elect such nominees), and the specific nominees to be voted for will be determined by the proxy holders.

The Company is not aware of any reason that the nominees will be unable or will decline to serve as directors. The term of office of each person elected as a director will continue until the Company's Annual Meeting of Stockholders held in 2004 or until a successor has been elected and qualified. There are no arrangements or understandings between any director or executive officer and any other person pursuant to which he is or was to be selected as a director or officer of the Company.

Vote Required

Directors will be elected by a plurality vote of the shares of the Company's Common Stock present or represented and entitled to vote on this matter at the meeting. Accordingly, the candidates receiving the highest number of affirmative votes of shares represented and voting on this proposal at the meeting will be elected directors of the Company. Votes withheld from a nominee and broker non-votes will be counted for purposes of determining the presence or absence of a quorum but, because directors are elected by a plurality vote, will have no impact once a quorum is present. See "Quorum; Abstentions; Broker Non-Votes."

OPTION GRANTS IN 2000

Edgar Filing: CIPHERGEN BIOSYSTEMS INC - Form DEF 14A

The following table sets forth information concerning grants of stock options to each of the executive officers named in the table above during 2000. All options granted to these executive officers in 2000 were granted under the 1993 Stock Option Plan, as amended. Except as otherwise noted, 1/60th of the shares subject to each option vests one month after the vesting commencement date, and an additional 1/60th of the shares subject to each option vests each month thereafter. The options are exercisable when granted and such unvested shares are subject to repurchase by the Company should the stockholder's employment with the Company terminate. The percent of the total options set forth below is based on an aggregate of 1,200,775 options granted to employees during 2000. All options were granted at fair market value as determined by the Board of Directors on the date of grant.

Potential realizable value represents hypothetical gains that could be achieved for the options if exercised at the end of the option term assuming the initial public offering price of the Company's Common Stock of \$16.00 per share or, for options granted after the Company's initial public offering, the fair market value of the Common Stock on the date of grant appreciates at 5% and 10% over the option term. The assumed 5% and 10% rates of stock price appreciation are provided in accordance with rules of the Securities and Exchange Commission and do not represent our estimate or projection of the Company's future Common Stock price.

Name	Individual Grants				Potential Realizable Value at Assumed Annual Rates of Stock Appreciation for Option Term (\$)	
	Number of Securities Underlying Options Granted (#)	Percent of Total Options Granted to Employees During Period	Exercise Price Per Share (\$)(1)	Expiration Date	5%	10%

- (1) Prior to our initial public offering on September 28, 2000, the exercise price per share for incentive stock options was set at 100% of fair market value, as determined by our Board of Directors.

AGGREGATE OPTION EXERCISES IN 2000 AND VALUES AT DECEMBER 31, 2000

The following table sets forth information concerning exercisable and unexercisable stock options held by the executive officers named in the summary compensation table at December 31, 2000. The value of unexercised in-the-money options is based on the fair market value per share, as of December 31, 2000, of the Company's Common Stock underlying the options minus the actual exercise prices. All options were granted under the Company's 1993 Stock Option Plan. Except as otherwise noted, these options vest over five years and otherwise conform to the terms of the Company's 1993 Stock Option Plan.

Name	Shares Acquired on Exercise	Value Realized (\$)(1)	Number of Unexercised Options at December 31, 2000 (#)		Value of Unexercised In-The-Money Options at December 29, 2000 (\$)(2)

- (3) Vests over seven years.

Employment And Severance Agreements

We entered into an employment agreement, dated August 24, 2000, with William E. Rich, Ph.D., our President and Chief Executive Officer. The agreement provides for the acceleration of vesting of 100% of the options granted to Dr. Rich and severance pay equal to 12 months' pay in the event we are acquired by another company or group of investors and Dr. Rich's employment is terminated within 12 months thereof for reasons other than gross misconduct, Dr. Rich receives a cut in pay or responsibilities, or Dr. Rich is required to move beyond reasonable commuting distance from his home.

Director Compensation

Our outside directors serve without cash compensation. In each of August 2000, November 1999, September 1998 and September 1997, outside directors or the institutions they represent were each awarded non-statutory options for 8,600 shares of our Common Stock, with each option granted vesting monthly over 12 months. In March 2000, John A. Young, the Chairman of our Board, was granted non-statutory options to acquire 86,000 shares, half vesting immediately and half vesting monthly over 24 months.

The Company reimburses its directors who are not officers or employees for expenses incurred in attending any Board of Directors or committee meeting. Directors who are also the Company's officers or employees are not reimbursed for expenses incurred in attending Board of Directors or committee meetings.

Employee directors who meet the eligibility requirements may participate in the Company's 2000 Employee Stock Purchase Plan.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS

The Compensation Committee of the Board of Directors reviews and recommends to the Board of Directors for approval the Company's executive compensation policies. The Compensation Committee during 2000 consisted of directors James L. Rathmann, Barbara J. Dalton and John A. Young.

Edgar Filing: CIPHERGEN BIOSYSTEMS INC - Form DEF 14A

The following is the report of the Compensation Committee of the Board of Directors with respect to the compensation paid to the Company's executive officers during the fiscal year ended December 31, 2000. Actual compensation earned during fiscal 2000 by the named executive officers is shown in the Summary Compensation Table above under "Executive Compensation and Other Matters."

Compensation Philosophy

The goal of the Company's compensation policies is to align executive compensation with business objectives and corporate performance, and to attract and retain executives who contribute to the long-term success and value of the Company. Compensation for the Company's executive officers consists of a base salary and potential cash bonus, as well as potential incentive compensation through stock options and stock ownership. The Committee considers the total current and potential long-term compensation of each executive officer in establishing each element of compensation.

Base Salaries

The base salary component is designed to compensate executive officers competitively at levels necessary to attract and retain qualified executives in the pharmaceutical and biotechnology industry. The base salary for each officer is set on the basis of personal performance, the salary levels in effect for comparable positions within the Company's principal competitors, and internal comparability considerations. As a general matter, the base salary for each executive officer is initially established through negotiation at the time the officer is hired, taking into account such officer's qualifications, experience, prior salary, and competitive salary information. Year-to-year adjustments to each executive officer's base salary are based upon personal performance for the year and changes in the general level of base salaries of persons in comparable positions within the industry.

Incentive Bonuses

The Company has a formal incentive bonus plan pursuant to which the executive officers of the Company are eligible to receive incentive cash compensation based upon achievement of quarterly or annual goals. The amounts of such cash bonuses for executive officers other than the Chief Executive Officer are determined by the Chief Executive Officer, subject to review and approval of the Compensation Committee and the Board of Directors. The amount of any cash bonus for the Chief Executive Officer is determined by the Compensation Committee, subject to the review and approval of the Board of Directors.

Long-Term Incentives

The Committee provides the Company's executive officers with long-term incentive compensation through grants of stock options under the Company's 1993 and 2000 stock option plans and the opportunity to purchase stock under the 2000 Employee Stock Purchase Plan (the "Purchase Plan"). The Committee believes that stock options provide the Company's executive officers with the opportunity to purchase and maintain an equity interest in the Company and to share in the appreciation of the value of the Company's Common Stock. The Committee believes that stock options directly motivate an executive to maximize long-term stockholder value. The options also utilize vesting periods (generally five years) that encourage key executives to continue in the employ of the Company.

16

All options granted to executive officers to date have been granted at the fair market value of the Company's Common Stock on the date of grant. The Committee considers the grant of each option subjectively, considering factors such as the individual performance of the executive officer and the past and anticipated future contribution of the executive officer to the attainment of the Company's long-term strategic performance goals. Long-term incentives granted in prior years are also taken into consideration.

The Company established the Purchase Plan both to encourage employees to continue in the employ of the Company and to motivate employees through ownership interest in the Company. Under the Purchase Plan, employees may purchase Common Stock semi-annually through payroll deductions at a price equal to the lower of 85% of the closing price on the applicable offering commencement date or 85% of the closing price on the applicable purchase date. The Company has reserved 215,000 shares of Common Stock for issuance to employees.

Chief Executive Officer Compensation

The compensation of the Chief Executive Officer is reviewed annually on the same basis as discussed above for all executive officers. In 2000, William E. Rich's base salary was increased from \$217,833 to \$225,000, an increase of 3.3%. Mr. Rich received a \$200,000 bonus in 2001 relative to 2000 performance and a \$45,000 bonus in 2000 relative to 1999 performance. As with other executive officers, Mr. Rich's total compensation was based on the Company's accomplishments and the Chief Executive Officer's contribution thereto.

Section 162(M)

The Board has considered the potential future effects of Section 162(m) of the Internal Revenue Code on the compensation paid to the Company's executive officers. Section 162(m) disallows a tax deduction for any publicly held corporation for individual compensation exceeding \$1.0 million in any taxable year for any of the executive officers named in the Proxy Statement, unless compensation is performance-based. The Company has adopted a policy that, where reasonably practicable, the Company will seek to qualify the variable compensation paid to its executive officers for an exemption from the deductibility limitations of Section 162(m).

In approving the amount and form of compensation for the Company's executive officers, the Committee will continue to consider all elements of the cost to the Company of providing such compensation, including the potential impact of Section 162(m).

Respectfully submitted by:

Barbara J. Dalton, Ph.D.

OF THE BOARD OF DIRECTORS**

The following is the report of the Audit Committee of the Board of Directors. The purpose of the Audit Committee is to monitor the Company's system of internal accounting controls, to make recommendations to the Board of Directors regarding the selection of independent auditors, and to provide to the Board of Directors such additional information and materials as it may deem necessary to make the Board of Directors aware of significant financial matters which require the Board's attention. The Board of Directors believes that all of the members of the Audit Committee are "independent directors" as defined under applicable listing standards.

The Audit Committee has reviewed and discussed the audited financial statements of the Company for the fiscal year ended December 31, 2000 with management and the Company's independent auditors, PricewaterhouseCoopers LLP.
