ELDORADO MAKES OFFER TO FRONTIER PACIFIC SHAREHOLDERS

VANCOUVER, BC – Paul N. Wright, President and Chief Executive Officer of Eldorado Gold Corporation (“Eldorado”, the “Company” or “we”) announced today that Eldorado has filed its formal offer to acquire all of the outstanding shares of Frontier Pacific Mining Corporation (TSX-V: FRP) (“Frontier Pacific”) with Canadian securities regulators and a registration statement with the U.S. Securities and Exchange Commission and has commenced the mailing of its offer and related documents to Frontier Pacific shareholders.

Pursuant to the offer, Frontier Pacific shareholders will receive 0.122 of an Eldorado common share and Cdn.\$0.0001 in cash for every common share of Frontier Pacific. The offer will be open for acceptance until 5:00 pm (Toronto time) on June 17, 2008. The offer is subject to certain conditions, including, without limitation there being no adverse material change to Frontier Pacific and there being validly deposited under, and not withdrawn from, the offer at its expiry time that number of common shares which, when combined with all shares then held by Eldorado and its affiliates, represents not less than 66% of the then outstanding common shares of Frontier Pacific on a fully-diluted basis. Full details of the terms and conditions of the offer are set out in the formal offer and take-over bid circular.

The offer represents a premium of 28.6%, based on the closing prices of Eldorado’s and Frontier Pacific’s shares on the TSX and TSX-V on April 18, 2008 and a premium of 35.5% based on the 10-day volume-weighted average share prices of both companies on the TSX and TSX-V on April 18, 2008.

“We are pleased by the positive reception our offer has received from both Frontier Pacific and Eldorado shareholders and remain open to conclude this transaction on a consensual basis with the directors and management of Frontier Pacific,” said Paul Wright, Eldorado’s President and Chief Executive Officer, “This offer has presented Frontier Pacific shareholders with a significant premium for their shares and an attractive
