COMMITTEES OF THE BOARD. The Company currently has a Corporate Governance and Compensation Committee (the "CGC Committee") and an Audit Committee.

The CGC Committee consists of Messrs. Bottorff, Gee, Wilds and Wire (Chairman). The CGC Committee reviews and recommends changes in the Company's corporate governance policies and practices, provides advice and assistance regarding corporate compliance matters, reviews the compensation policies of the Company and compensation programs in which officers may participate, develops general criteria concerning the qualifications and selection of Board members and officers, and recommends candidates for such positions to the Board of Directors. The CGC Committee will consider persons recommended by shareholders as potential nominees for directors if the names of such persons are submitted in writing to the chairman of the CGC Committee or the Secretary of the Company (as required by the Company's Bylaws.) A full statement of qualifications and an indication of the person's willingness to serve must accompany the recommendations. The CGC Committee also administers the Company's stock option plans, excluding the 1993 Outside Directors' Plan and the 1995 Outside Directors' Stock Option Plan, which are administered by a Director Compensation Committee made up of the Company's Chief Executive Officer, President and Vice President/Chief Administrative Officer. At least once a year, the CGC Committee specifically reviews the standards of performance of the Chief Executive Officer for compensation purposes. (See "Report of the Executive Compensation and Corporate Governance Committee of the Board of Directors on Executive Compensation"). The CGC Committee met five times during 2001.

The Audit Committee is composed of Messrs. Clayton, Dickson, Holland (Chairman) and Robbins, and Ms. Bowles and Ms. Knuckles. (Mr. Robbins was elected to the Audit Committee by the Board at its April 1, 2002, meeting.) The functions of the Audit Committee include providing advice and assistance regarding accounting, auditing, and financial reporting practices of the Company. Annually, the Audit Committee recommends to the Board of Directors a firm of independent certified public accountants to serve as auditors. The Audit Committee reviews with the auditors the scope and results of their annual audit, fees in connection with their audit and non-audit services, and the independence of the Company's

auditors. (See "Report of the Audit Committee".) The Board of Directors has adopted a written charter for the Audit Committee, a copy of which is attached as an appendix to the Company's proxy statement for its annual meeting held on February 20, 2002. The Audit Committee met 15 times during 2001.

The Board of Directors has taken action such that, immediately following the conclusion of the Annual Meeting, a new Compensation Committee will be established and the name of the existing Corporate Governance and Compensation Committee will be changed to the "Nominating and Corporate Governance Committee." The new Compensation Committee will be responsible for reviewing and monitoring the Company's compensation and human resources policies, programs and plans. The Nominating and Corporate Governance Committee will be responsible for corporate governance and related matters, including recommending to the full Board officer and director candidates, and corporate compliance matters. The Board of Directors has determined that Messrs. Clayton, Dickson, and Gee (Chairman) will serve on the Compensation Committee and that Messrs. Bottorff (Chairman), Holland, and Wilds will serve on the Nominating and Corporate Governance Committee.

During 2001, the Board of Directors held 11 meetings. All directors attended more than 75% of the aggregate number of meetings of the Board and committees on which they serve.

COMPENSATION OF DIRECTORS. Directors receive a \$5,000 quarterly retainer plus \$1,250 for attending each regular meeting of the Board of Directors or any committee thereof. Committee chairpersons receive an additional \$250 for each committee meeting attended. Compensation for telephonic meetings is one-half the above rates. Directors who are officers of the Company do not receive any separate compensation for attending Board or committee meetings. In addition, the directors who are not employees of the Company are entitled to receive nonqualified options for the purchase of Common Stock pursuant to the Company's 1998 Stock Incentive Plan.

DEFERRED COMPENSATION PLAN FOR NON-EMPLOYEE DIRECTORS. A non-employee director may defer all or a part of any fees normally paid by the Company to the director pursuant to a voluntary nonqualified compensation deferral plan. The compensation eligible for deferral includes the annual retainer, meeting and other fees, as well as any per diem compensation for special assignments, earned by a director for his or her service to the Board or one of its committees. The compensation deferred is credited to a liability account, which is then invested at the option of the director, in either an account which mirrors the performance of a fund selected by the CGC Committee, or in a phantom stock account which mirrors the performance of the Common Stock. In accordance with a director's election made at the time of the deferral, the deferred compensation will be paid in a lump sum or in annual installments, or a combination of both upon a director's resignation or termination from the Board. All deferred compensation will be immediately due and payable upon a "change in control" (as defined in the deferred compensation plan) of the Company.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION. During 2001, the CGC Committee was comprised of Messrs. Bottorff, Gee, Wilds and Wire. None of these persons was at any time during 2001 an officer or employee of the Company or any subsidiary of the Company. No executive officer of the Company served as a member of a compensation committee or as a director of any entity of which any of the Company's directors served as an executive officer.

### EMPLOYEE RETIREMENT PLAN

The Dollar General Corporation 401(k) Savings and Retirement Plan (the "401(k) Plan") became effective on January 1, 1998. Balances in two earlier plans were transferred into the 401(k) Plan.

The Company makes discretionary annual contributions, which have generally been equal to 2% of each eligible employee's compensation. This contribution will be made in cash. Eligible employees are not required to make any additional contributions in order to receive this contribution. However, participants may elect to contribute between 1% and 15% of their annual salary, up to a maximum annual contribution of \$10,500 in calendar year 2001 and \$11,000 in calendar year 2002. In addition to the discretionary annual contribution, the Company will match fifty percent of employee contributions, up to 6% of annual salary.

The 401(k) Plan covers all employees, including the Named Executive Officers, subject to certain eligibility requirements. The 401(k) Plan is subject to the Employee Retirement and Income Security Act ("ERISA").

A participant's right to claim a distribution of his or her account balance is dependent on ERISA guidelines, Internal Revenue Service regulations and the vesting schedule below:

Edgar Filing: DOLLAR GENERAL CORP - Form DEF 14A

Employee Contributions	Immediately Vested
Dollar General Discretionary Contribution (2%)	Immediately Vested
Employer Matching Contribution -- Effective through 12-31-01	40% Vested at the end of the 4th Year
Employer Matching Contribution -- Effective beginning on 01-01-02	100% Vested at the end of the 5th Year
	100% Vested at the end of the 3rd Year

As of February 1, 2002, Messrs. Turner, Shaffer, Hagan, Hartshorn and O'Briant had 36, 1, 1, 10 and 10 years of credited service, respectively. Their account balances under the 401(k) Plan as of January 1, 2002, were \$626,602 for Cal Turner; \$0.00 for Don Shaffer; \$0.00 for Jim Hagan; \$125,224 for Tom Hartshorn; and \$115,155 for Stonie O'Briant. Upon retirement, each participant has the option of taking a lump sum, an annuity or installment payments.

OTHER EXECUTIVE BENEFITS

The Company offers the Supplemental Executive Retirement Plan (the "SERP") and Compensation Deferral Plan (the "CDP") to certain key employees who are determined to be eligible by the Compensation Committee. Pursuant to the CDP, participants make annual elections to defer up to 100% of base pay, reduced by any deferrals to the qualified plan, and up to 100% of bonus. All participants are 100% vested for all compensation deferrals. Pursuant to the SERP, the Company makes an annual contribution to all participants who are actively employed on December 31. The contribution percentage is based on age plus service where:

Age plus Service -----	Percent of Base plus Bonus -----	
	Non-Officer -----	Officers -----
Less than 40	2.0%	3.0%
40-59	3.0%	4.5%
60-79	5.0%	7.5%
80 or more	8.0%	12.0%

As of February 1, 2002, Messrs. Turner, Shaffer, Hagan, Hartshorn and O'Briant had "age plus service" levels equal to 98, 58, 42, 61 and 57, respectively. Their account balances under the SERP and CDP, after taking into account contributions made in respect of fiscal year 2001, were \$4,865,750 for

Cal Turner; \$0.00 for Don Shaffer; \$0.00 for Jim Hagan; \$124,818 for Tom Hartshorn; and \$368,994 for Stonie O'Briant. Participants have actual investment funds to choose from which mirror the investment options available in the 401(k) Plan. The SERP is non-qualified and is, therefore, not subject to certain requirements under ERISA.

The Company has entered into a letter agreement with Donald S. Shaffer (the "Shaffer Letter"), dated May 14, 2001, pursuant to which Mr. Shaffer serves as President and Chief Operating Officer of the Company. Mr. Shaffer receives the following benefits under such agreement:

## Edgar Filing: DOLLAR GENERAL CORP - Form DEF 14A

In addition, the Company has entered into a letter agreement with James J. ### TRANSACTIONS WITH MANAGEMENT AND OTHERS; ADVANCE FOR EXPENSES

John B. Holland, one of the Company's directors, was a director and

## Edgar Filing: DOLLAR GENERAL CORP - Form DEF 14A

executive officer of Fruit of the Loom, Inc., a manufacturer of underwear and other soft goods during 2001. In 2001, the Company purchased approximately \$43.4 million in goods from Fruit of the Loom, Inc.

15

The Board of Directors has authorized the Company, pursuant to the Company's By-laws and Section 48-18-504 and Section 48-18-507 of the Tennessee Business Corporation Act, to advance to the Chairman and Chief Executive Officer and to certain officers, employees and agents of the Company reasonable expenses, including legal fees, for representation in connection with legal proceedings and an investigation arising out of the Company's April 30, 2001, announcement of its intention to restate certain previously released financial information. Such advances have been made pursuant to a written undertaking by each such person to repay in full the amounts advanced if it is ultimately determined that such person is not entitled to indemnification by the Company in connection with such legal proceedings and investigations. No interest is being charged on these advances. Because the legal proceedings and the investigation are ongoing, the Company cannot reasonably estimate the total amount of expenses that may ultimately be advanced, either to any individual officer, employee or agent or in the aggregate.

### REPORT OF THE EXECUTIVE COMPENSATION AND CORPORATE GOVERNANCE COMMITTEE OF THE BOARD OF DIRECTORS ON EXECUTIVE COMPENSATION

The Corporate Governance and Compensation Committee (the "CGC Committee") prepared the following executive compensation report.

What is the Company's compensation philosophy?

The Company emphasizes a pay-for-performance philosophy, linking management compensation, Company performance and shareholder return. This strategy reflects the Company's desire to reward results that are consistent with the key goals of the Company and its shareholders. The CGC Committee and the Company believe that this philosophy, implemented through the compensation program, enables the Company to attract, retain and motivate results-oriented employees to achieve higher levels of shareholder return.

What is the Company's direct compensation philosophy?

Executives receive their direct compensation in the form of base pay, short-term or annual incentive compensation and long-term incentive compensation.

The Company believes base pay should relate to the skills required to perform a job and to the value of each job performed relative to the industry, the market and the job's strategic importance to the Company. This method of valuation allows the Company to respond to changes in its employment needs and changes in the labor market. Increases in base pay require a satisfactory or better level of performance.

Short-term or annual incentive compensation awards are contingent upon Company (or store unit) and individual performance. The threshold, target and maximum annual incentive compensation opportunity for each employee is set based upon the contribution of the individual to the organization and market competitive data.

The long-term incentive compensation program consists of awards of

## Edgar Filing: DOLLAR GENERAL CORP - Form DEF 14A

performance-accelerated and time-vested stock options. The size of these awards is based upon the importance of the role of the employee, the performance of the employee and market practice data. These awards serve to improve alignment of employee and shareholder interests and to reward superior performance. All stock option grants are issued under the guidelines of the 1998 Stock Incentive Plan and are granted under the authority of the CGC Committee.

What is the Company's indirect compensation philosophy?

The Company's indirect compensation programs are intended to protect employees from extreme financial hardship in the event of a catastrophic illness or injury and to provide limited income security for retirement years. The Company believes that its health, life and disability benefit programs provide competitive levels of protection without jeopardizing its position as a low-cost retailer. The Company manages health-care costs aggressively and enlists employee assistance in cost management. Employees have various opportunities to share in health-care cost reductions and are encouraged to adopt healthy lifestyles.

16

The Company believes its retirement plans provide limited income security at retirement for the typical employee. Employees are also invited to share in ownership of the Company through participation in the Dollar General Direct Stock Purchase Plan and the Dollar General Corporation 401(k) Savings and Retirement Plan.

How are the Company's officers compensated?

Under the supervision of the CGC Committee, the Company has developed compensation policies and programs designed to provide competitive levels of compensation that integrate pay with the Company's annual and long-term performance goals. The Company is committed to creating rewards for its officers that encourage a team approach to achieving corporate objectives and to creating shareholder value.

The executive officers' incentive compensation for 2001 reflects the Company's emphasis on achieving both short and long-term objectives. Short-term incentive compensation includes an annual cash bonus that is based on company performance and is linked to a percentage of the executive officer's salary. Long-term incentive compensation includes performance-accelerated and time-vested stock options. Decisions to pay long-term and short-term incentive awards to executive officers are based on the achievement by the Company of performance goals that are established annually by the CGC Committee.

The Committee's approach to base compensation is to offer competitive salaries to all executive officers in comparison with market practices. Base salaries are a relatively smaller component of the total executive compensation package as compared with the incentive, or pay-for-performance component. The 2001 average base salaries for all officers (excluding the Chief Executive Officer) increased 5.35% over 2000 base salaries.

How does the Company determine the CEO's and the other Named Executive Officers' salary increases?

The increase in base salaries in 2001 was determined based upon:

- o a review of peer group comparison data using the peer group compensation survey published by Hewitt (formerly known as the MCS survey) and the Wyatt Top Management Compensation Survey;\* and

## Edgar Filing: DOLLAR GENERAL CORP - Form DEF 14A

- o the subjective analysis of the CGC Committee, after evaluating the recommendations, peer group data, the Company's overall performance, and the respective individual performance criteria of all executive officers (including the Chief Executive Officer).

Please explain the Company's annual cash bonus program.

The Company's annual cash bonus program for the executive officers is the short-term incentive component of the officers' cash compensation. The payment of annual cash bonuses is based on both objective and subjective criteria. In addition to the Company's executive officers, most full-time employees are eligible to receive a cash bonus.

Objective criteria used to determine bonus levels for executive officers and corporate office employees include actual earnings improvement goals established by the CGC Committee at the

\* The peer group compensation survey, published annually by Hewitt (and formerly known as the MCS survey) has been utilized by the company for the past eleven years. The 2000 survey included the following mass-merchandising companies: Ames Department Stores, Inc., Big Lots, Inc., Kmart Corporation, Dayton Hudson Corporation, Garden Ridge Corporation, ShopKo Stores, Inc., Ross Stores, Inc., The TJX Companies, Inc., Value City Department Stores, Inc., and Wal-Mart Stores, Inc. Additional information is gathered utilizing the Wyatt Top Management Survey for companies with annual revenues of approximately \$5 billion. Because the Company ties executive compensation directly to Company performance, the same peer group, with the exception of those companies that are not publicly traded (and for which stock comparison data is therefore unavailable), is used for Company performance comparison purposes.

17

beginning of each fiscal year. The Company believes that its goals are defined measures of company performance, which are easily identified and reviewed by shareholders.

For executive officers, if the Company reached the "threshold" goal, which was considered by the CGC Committee to be challenging, then 25% of salary was to be awarded to each executive officer as a cash bonus. If the Company reached the "stretch", or maximum, goal, which was considered by the Committee to be extremely challenging, then 75% of salary was to be awarded to each executive officer as a cash bonus, with 100% of salary awarded to the President/COO and Chairman/CEO. The percentage of salary awarded for earnings performance falling between the "target" and "stretch" goals is on a graduated scale commensurate with earnings improvement over the prior year. Two factors determine whether an employee receives an annual cash bonus: (a) the Company must achieve an established earnings goal; and (b) the individual must achieve a satisfactory performance rating when evaluated against annually established objectives.

Because the Company achieved its 2001 "stretch" goals, executive officers will receive a commensurate cash bonus in 2002. Executive officers received no cash bonus in 2001 for their performance in 2000.

Please explain the Company's Employee Stock Incentive Program.

The Company grants non-qualified stock options under the 1998 Stock Incentive Plan. Stock options are awarded to the executive officers, department

## Edgar Filing: DOLLAR GENERAL CORP - Form DEF 14A

directors, field management and other personnel considered to be in key positions, as approved by the CGC Committee. The Company uses stock options as an incentive for outstanding performance and to encourage stock ownership.

Executive officers and other eligible employees receive performance-based and time-vested stock options. The performance-based options have an accelerated vesting schedule tied to the achievement of corporate performance goals.

In 2001, the Company met its stock program performance goals and all relevant performance-accelerated stock options were vested. In 2000, because the Company did not meet its stock option program performance goals, the eligible employees did not vest on an accelerated basis in the options under this program.

In addition, the Company previously had a stock option program (the "Stock Plus" program) that awarded stock options to executive officers and other key employees as an incentive for holding certain target amounts of stock in the Company. This program was suspended on April 30, 2001, pending a review of its effectiveness by the Committee, based on which review the Committee may decide to modify the program or replace it with a different mechanism designed to encourage ownership of the Company's shares by its executive officers and other key employees. In order to benefit from the program, participants were required to maintain for specified periods a target level of ownership in the Company's common stock having a fair market value equal to not less than one and one-half times the participant's salary for non-executive officers, two and one-half times the participant's salary for executive officers, and four times salary in the case of the Chief Executive Officer. During the 2000-2001 cycle, 39 participants maintained the target level of ownership and earned an aggregate of 240,915 options under this program. Of these options, 65,919 options held by five participants will be granted in the 2002 fiscal year. The remainder were granted during the 2001 fiscal year.

What is a "performance-accelerated" stock option?

To encourage outstanding performance, the CGC Committee ties the acceleration of certain stock option vesting to earnings goals. Each eligible employee receives stock option grants with a nine and one-half year vesting schedule. However, if the eligible employee meets his/her individual goals and the Company meets or exceeds its established earnings goal, then the stock option grant tied to that goal will vest on an accelerated basis in three years.

How does the Company determine how many stock options to grant?

In determining the number of the shares subject to stock options granted to the employees eligible to participate in the stock incentive plan, the CGC Committee takes into account the employees' scope of accountability, their strategic and operational responsibilities and competitive compensation data.

18

How is the Chief Executive Officer compensated?

In determining the CEO's salary, the CGC Committee considers the CEO's prior-year performance and expected future contributions to the Company as well as peer-industry survey results published annually. As with the other executive officers, the CEO's compensation reflects the Company's emphasis on achieving both short and long-term performance. In order to better incentivize the CEO, the CGC Committee believes that a substantial portion of the CEO's compensation

## Edgar Filing: DOLLAR GENERAL CORP - Form DEF 14A

should be tied directly to overall Company performance.

Consistent with this philosophy, the CGC Committee has established a 2001 annual salary for the CEO that is approximately equal to the median for CEOs of the industry comparison group, and has emphasized the pay-for-performance components of the CEO's total compensation package. The CEO received a 3.2% increase in his annual salary in 2001.

Also consistent with this philosophy, the Company has created an opportunity for additional reward through performance-based compensation in the form of short and long-term incentive compensation. Like other executive officers, the CEO is eligible for an annual bonus based on the attainment of Company earnings improvement goals. The CEO is eligible for non-qualified performance-accelerated and time-vested stock options. The performance-based stock options, which have a nine and one-half year vesting schedule, can be accelerated to an earlier vesting date if certain CGC Committee-established Company earnings improvement goals and individual performance goals are achieved. The time-vested stock options vest ratably according to the approved vesting schedule.

When determining the pay-for-performance component of the CEO's compensation package, the CGC Committee takes into consideration market competitive practice and performance against goals. The CGC Committee believes that it is important to continue its incentive compensation program in a manner that is competitive in the industry and continues to motivate and reward outstanding performance.

Under the Company's short-term incentive program, the CEO's total possible cash-bonus incentive is 100% of his salary. To be eligible for a cash bonus, the CEO must achieve performance goals established by the CGC Committee, and the Company must meet its earnings improvement goal. If the CEO meets all relevant performance goals at a "threshold" level, the CEO will receive a cash bonus equal to 25% of his annual salary. If the CEO's CGC-established "stretch" goals are met, then the CEO will receive a cash bonus equal to 100% of his annual salary. The percentage of salary awarded for earnings performance falling between the "threshold" and "stretch" goals is on a graduated scale (from 26% to 99% of salary) commensurate with performance.

Because the Company met the "stretch" earnings goal set for 2001, the CEO earned a bonus equal to 100% of his annual salary for that year. In 2000, the CEO did not receive a cash bonus.

The Company's long-term incentive compensation program for 2001 rewarded the CEO with options to acquire stock with a fair market value on the date of grant approximately equal to three times his annual salary. Because the stock option program goals established by the CGC Committee were met, the CEO's relevant stock options will become exercisable on an accelerated basis in fiscal year 2002. Since the program goals were not met in 2000, stock option grants linked to 2000 performance were not accelerated.

The CEO also previously participated in the Company's Stock Plus program, which has been suspended as noted above. In the 2000-2001 cycle, the CEO met his established target ownership guidelines and earned 41,031 options under the program. These options will be granted in fiscal year 2002.

How is the Company addressing Internal Revenue Code limits on the deductibility of executive compensation?

The Omnibus Budget Reconciliation Act of 1993 (the "Act") places a \$1,000,000 limit on the amount of certain types of compensation for each of the Company's executive officers that will be considered tax deductible. The Company believes that its stock plans, under which stock option grants were made to the

## Edgar Filing: DOLLAR GENERAL CORP - Form DEF 14A

executive officers, comply with the Internal Revenue Service's regulations on the deductibility limit. The

19

Company currently has an agreement with the CEO that will result in the deferral of non-performance-related compensation in excess of the \$1,000,000 limit to a year in which the limit would not be exceeded. The Company continues to consider modifications to other compensation programs in light of the Act.

### REPORT OF THE AUDIT COMMITTEE

The following Report of the Audit Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent the Company specifically incorporates this Report by reference therein.

As set forth in more detail in the charter, the Audit Committee's primary responsibilities fall into three broad categories:

1. Serve as an independent and objective body to monitor the Company's internal control system.
2. Review and appraise the audit efforts of the Company's independent accountants and internal auditing department.
3. Provide an open avenue of communication among the independent accountants, financial and senior management, the internal auditing department and the Board of Directors.

Every member of the Audit Committee is "independent," as that term is defined in the New York Stock Exchange listing standards. (On April 23, 2001, the Board of Directors confirmed Mr. Holland's independence, notwithstanding the Company's business relationship with Fruit of the Loom further described above. See "Transactions with Management and Others; Advance for Expenses.") The Audit Committee has implemented procedures to devote the attention that it deems necessary or appropriate to each of the matters assigned to it under the Audit Committee's charter. To carry out its responsibilities, the Audit Committee met 15 times during 2001.

In overseeing the preparation of the Company's financial statements, the Audit Committee met with both management and the Company's outside auditors to review and discuss financial statements to be included in SEC filings prior to their issuance and to discuss significant accounting issues. Management advised the Audit Committee that all financial statements were prepared in accordance with generally accepted accounting principles, and the Audit Committee discussed the statements with both management and the outside auditors. The Audit Committee's review included discussion with the Company's independent auditors of matters required to be discussed pursuant to Statement on Auditing Standards No. 61 (Communication with Audit Committees).

## Edgar Filing: DOLLAR GENERAL CORP - Form DEF 14A

With respect to the Company's outside auditors, the Audit Committee, among other things, discussed with Ernst & Young LLP (the Company's independent auditors), matters relating to its independence, including the written disclosures made, and the letter from the Company's independent auditors delivered to the Audit Committee as required by the Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees).

Finally, the Audit Committee continued to monitor the scope and adequacy of the Company's internal auditing program, including proposals for adequate staffing and to strengthen internal procedures and controls where appropriate.

20

On the basis of these reviews and discussions, the Audit Committee recommended to the Board of Directors that the Board approve the inclusion of the Company's audited financial statements in the Company's Annual Report on Form 10-K for the fiscal year ended February 1, 2002, for filing with the Securities and Exchange Commission.

### COMMON STOCK PERFORMANCE

As a part of the executive compensation information presented in this proxy statement, the Securities and Exchange Commission requires the Company to prepare a performance graph that compares its cumulative total shareholders' return during the previous five years with a performance indicator of the overall stock market and the Company's peer group. For the overall stock market performance indicator, the Company uses the S&P 500 Index. For the peer group stock market performance indicator, the Company uses the stock market results of the publicly held participants of peer group compensation the survey published by Hewitt (formerly known as the MCS survey). In 2001, the peer group issuers included in the Hewitt survey were Big Lots, Inc., Kmart Corporation, Ross Stores, Inc., The TJX Companies, Inc., Value City Department Stores, Inc. and Wal-Mart Stores, Inc.

The 2003 annual meeting of shareholders will be held on June 2, 2003. Shareholder proposals intended for presentation at the 2003 annual meeting of shareholders must be received by the Office of the Secretary at 100 Mission Ridge, Goodlettsville, Tennessee 37072-2170 not later than December 24, 2002, for inclusion in the proxy statement and form of proxy relating to that meeting. All such proposals must be in writing and mailed by certified mail, return receipt requested, and must comply with Rule 14a-8 of Regulation 14A of the proxy rules of the SEC. ### SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the 1934 Act and the disclosure requirements of Item 405 of Regulation S-K of the Rules and Regulations of the SEC require the Company's executive officers and directors, and any person who owns more than ten percent of a registered class of the Company's equity securities, to file reports of ownership and changes in ownership on Forms 3, 4 and 5 with the SEC, the applicable market or exchange upon which the Company's shares are listed, and the Company. Based solely upon a review of Forms 3, 4 and 5 and amendments thereto furnished to the Company during and with respect to its most recent fiscal year and written representations by its directors, officers and beneficial owners of 10% or more of its common stock, each of such persons filed, on a timely basis, the reports required by Section 16(a) of the Securities Exchange Act, except that Mr. Gregg Treadway, the former Vice President, Store Operations, has not filed a Form 5 for the Company's 2001 fiscal year or provided a written representation that no such filing is required, and Mr. Robert Lewis, Vice President, Controller, made a late Form 3 filing.

In addition, the Company has recently become aware that some of the Forms 3, 4 and 5 filed or required to have been filed by certain executive officers and directors of the Company with respect to periods prior to the Company's 2001 fiscal year may not have been timely filed and/or may have contained inaccuracies. The Company is working with its executive officers and directors to identify and correct any such errors.

### PEOPLE WITH DISABILITIES

If you are disabled and would like to participate in the Annual Meeting, the Company can provide reasonable assistance. Please write to the Secretary at least two weeks before the Annual Meeting.

### CONDUCT OF THE ANNUAL MEETING

## Edgar Filing: DOLLAR GENERAL CORP - Form DEF 14A

The Company is not currently aware of any business to be acted upon at the Annual Meeting other than the two matters described herein. Under Tennessee law, no other business aside from procedural matters may be raised at the Annual Meeting unless proper notice has been given to the shareholders. If such other business is properly raised, your proxies have authority to vote as they think best, including to adjourn the meeting.

The Chairman has broad authority to conduct the Annual Meeting so that the business of the meeting is carried out in an orderly and timely manner. In doing so, he has broad discretion to establish reasonable rules for discussion, comments and questions during the meeting. The Board of Directors has decided that the Annual Meeting will be conducted in accordance with the American Bar Association's "Handbook for the Conduct of Shareholders' Meetings" published in 2000, including the supplemental rules thereto. The Chairman is also entitled to rely upon applicable law regarding disruptions or disorderly conduct to ensure that the Annual Meeting proceeds in a manner that is fair to all participants.

22

### METHOD OF COUNTING VOTES

Unless a contrary choice is indicated, all duly executed proxies will be voted in accordance with the instructions set forth on the back side of the proxy card. Abstentions and "non-votes" will be counted as present for purposes of determining a quorum, but will not be counted as votes in favor of or against a particular proposal. If a broker or nominee holding shares in "street" name indicates on the proxy that it does have discretionary authority to vote on a particular matter, those shares will not be voted with respect to that matter and will be disregarded for the purpose of determining the total number of votes cast with respect to a proposal.

### RELATIONSHIP WITH INDEPENDENT PUBLIC ACCOUNTANTS

#### Change in Independent Accountant

On September 14, 2001, the Company dismissed Deloitte & Touche LLP ("Deloitte & Touche") as its independent accountant. The Company's decision was approved by both the Audit Committee of the Board of Directors and by the Company's Board of Directors. Deloitte & Touche's reports on the Company's financial statements for fiscal years 1998 and 1999 contained no adverse opinion or disclaimer of opinion, and were not qualified or modified as to uncertainty, audit scope, or accounting principles. Deloitte & Touche has not issued an audit report on any of the Company's financial statements since January 28, 2000, the Company's 1999 fiscal year end.

Also on September 14, the Company retained the services of PricewaterhouseCoopers LLP ("PricewaterhouseCoopers") as its new independent accountant to audit the Company's financial statements. The retention of PricewaterhouseCoopers was recommended by the Audit Committee and approved, by resolution, by the Board. PricewaterhouseCoopers orally consented to serve as the Company's independent accountant.

On September 20, 2001, prior to the Company's announcement of its retention of Pricewaterhouse-Coopers in a Form 8-K, PricewaterhouseCoopers resigned as the Company's independent accountant because of an irreconcilable conflict of interest that was previously unknown to the Pricewaterhouse-Coopers representatives associated with the Dollar General engagement. PricewaterhouseCoopers has advised the Company that its resignation was not

## Edgar Filing: DOLLAR GENERAL CORP - Form DEF 14A

related in any respect to the matters on which the Company consulted with PricewaterhouseCoopers prior to its engagement to serve as the Company's independent accountant, or any matter respecting the Company that came to its attention subsequent to its retention.

Neither the Audit Committee nor the Company's Board of Directors have been provided information relating to the nature of PricewaterhouseCoopers' conflict. As a result, the Audit Committee and the Board were not in a position to recommend or to approve or disapprove of Pricewaterhouse-Coopers' resignation.

PricewaterhouseCoopers has never issued any opinion on the Company's financial statements.

On September 21, 2001, Ernst & Young LLP ("Ernst & Young") advised the Company that it was prepared to serve as the Company's independent accountant, subject to the completion of certain acceptance procedures which it expected to successfully conclude. On October 5, 2001, the Company retained Ernst & Young as the Company's independent accountants. The retention of Ernst & Young was recommended by the Audit Committee and approved by the Board of Directors of the Company.

23

### Disagreement with Prior Independent Accountant -- Deloitte & Touche

During the Company's two most recent fiscal years and through the date of this report, there were no disagreements with Deloitte & Touche on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements if not resolved to the satisfaction of Deloitte & Touche would have caused it to make reference to the subject matter of the disagreement in its report on the Company's financial statements, provided however:

In the course of preparing to restate its financial statements for fiscal years 1998 and 1999, as well as revising the previously released unaudited financial information for fiscal year 2000 (collectively, the "Restatements"), the Company more closely examined its previous accounting practices with regard to certain synthetic lease facilities entered into in 1997 and 1999 with respect to its use and occupancy of certain real property, including approximately 400 stores, two of the Company's distribution centers and the Company's corporate headquarters in Goodlettsville, Tennessee (the "Synthetic Leases"). After review and consultations with outside accountants from KPMG LLP, the Company determined that its previous treatment of the Synthetic Leases as operating leases for accounting purposes was in error. The Company therefore restated its financial statements to treat these leases as capital leases. The Company and representatives from KPMG LLP, as well as the Audit Committee of the Board of Directors, through its representatives, have discussed the subject of the accounting treatment for Synthetic Leases with Deloitte & Touche. At the time of its termination, Deloitte & Touche had expressed the view that it had not been provided sufficient information by the Company to conclude that the Company's previous treatment of Synthetic Leases as operating leases was in error.

### Disagreement with Prior Independent Accountant -- PricewaterhouseCoopers

During the Company's two most recent fiscal years and through the date of this report, there were no disagreements with PricewaterhouseCoopers on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements if not resolved to the

## Edgar Filing: DOLLAR GENERAL CORP - Form DEF 14A

satisfaction of PricewaterhouseCoopers would have caused it to make reference to the subject matter of the disagreement in its report on the Company's financial statements.

### Other Reportable Events -- Deloitte & Touche

During the Company's two most recent fiscal years and through the date of this report, there were no "reportable events," by Deloitte & Touche, as that term is defined in Item 304(a)(1)(v) of Regulation S-K, provided however:

As discussed in further detail in our Annual Report on Form 10-K, the Company and the Audit Committee of the Board of Directors became aware of certain accounting issues that have caused the Company to restate its financial statements. Following a report from the Company to Deloitte & Touche in April 2001 on its discovery of these issues, Deloitte & Touche gave the Company notice as provided under Section 10A of the Securities Exchange Act of 1934 (the "Exchange Act") that such issues may have included "illegal acts" as that term is defined in the Exchange Act. The Audit Committee of the Board of Directors conducted an investigation of these matters, assisted by its outside counsel, Dechert Price & Rhoads, and the independent accounting firm Arthur Andersen LLP, in order to assure that the Audit Committee was adequately informed with respect to the issues raised by the Restatements. On the Audit Committee's recommendation and with the Board of Directors' approval, the Company has implemented certain appropriate interim remedial actions in response to the matters included in the Audit Committee's review.

In connection with these events, Deloitte & Touche has informed the Company that information has come to its attention that, if further investigated, (i) may materially impact the fairness or reliability of its previously issued audit reports and the underlying financial statements as well as the financial statements to be issued for the Company's 2000 fiscal year; (ii) may cause it to be unwilling to rely on the representations of certain members of management; and (iii) due to Deloitte & Touche's dismissal, it will be unable to conduct such further investigation or resolve these issues to its satisfaction.

24

### Other Reportable Events -- PricewaterhouseCoopers

During the Company's two most recent fiscal years and through the date of this report, there were no "reportable events," by PricewaterhouseCoopers, as that term is defined in Item 304(a)(1)(v) of Regulation S-K.

### Authorization to Respond to Successor Independent Accountant

The Company has authorized Deloitte & Touche and PricewaterhouseCoopers to respond fully to the inquiries of Ernst & Young concerning these issues.

### Consultations with Independent Accountant -- PricewaterhouseCoopers

Prior to its retention as the Company's independent accountant, PricewaterhouseCoopers was engaged as accounting consultants by counsel for the Company advising a special committee of the Board of Directors with respect to certain shareholder derivative lawsuits currently pending against the Company and several current and former members of its Board of Directors and management. In connection with this engagement, counsel directed PricewaterhouseCoopers to consult with Company personnel regarding the appropriate accounting treatment for the Synthetic Leases. In oral communications, PricewaterhouseCoopers provided the special committee a preliminary view, based on information made

## Edgar Filing: DOLLAR GENERAL CORP - Form DEF 14A

available to it by the Company, that the Synthetic Leases should be treated as capital leases for accounting purposes. The Company's consultation with Deloitte & Touche on the subject of the accounting treatment for Synthetic Leases and Deloitte & Touche's views thereon are discussed above under the caption "Disagreement with Prior Independent Accountant."

In addition, in connection with its work relating to the shareholder derivative litigation, counsel directed PricewaterhouseCoopers to consult with Company personnel on the application of the accounting standards to the valuation of certain deferred state income tax liabilities. Pricewaterhouse-Coopers, in oral communications, gave the special committee its preliminary views that the applicable accounting standards require the Company to determine deferred income tax liabilities using differentiated rates as opposed to a consolidated tax rate. After review and consultations with KPMG LLP and taking into account the oral observations received from PricewaterhouseCoopers, the Company has restated its financial statements accordingly. The Company did not consult with Deloitte & Touche on this subject.

Other than with respect to the two preceding matters, the Company has not consulted with PricewaterhouseCoopers regarding either (i) the application of accounting principles to a specified transaction, either completed or proposed; or the type of audit opinion that might be rendered on the Company's financial statements, and either a written report was provided to the Company or oral advice was provided that PricewaterhouseCoopers concluded was an important factor considered by the Company in reaching a decision as to the accounting, auditing or financial reporting issue, or (ii) any matter that was either the subject of a disagreement, as that term is defined in Item 304(a)(1)(iv) of Regulation S-K and the related instructions to Item 304 of Regulation S-K, or a reportable event, as that term is defined in Item 304(a)(1)(v) of Regulation S-K.

PricewaterhouseCoopers was not requested to and did not perform an engagement under Statement on Auditing Standards No. 50 with respect to either consultation.

### Consultations with Independent Accountant -- Ernst & Young

During the two most recent fiscal years and during the current fiscal year prior to their engagement as the Company's independent accountants, the Company consulted with Ernst & Young on various tax related matters which, the Company has been advised by Ernst & Young, did not involve matters that are the subject of Item 304(a)(2)(i) or (ii) of Regulation S-K.

### Appearance of Auditors

The accounting firm of Ernst & Young served as the Company's independent public accounts for the fiscal year ended February 1, 2002, and in this capacity Ernst & Young conducted an audit of the

25

Company's books of account and other corporate records for 2001. Representatives of Ernst & Young will be present at the Annual Meeting. They will have the opportunity to make a statement if they desire, and are expected to be available to answer appropriate questions.

### Accounting Fees

The following table sets forth amounts billed to the Company by Ernst &

## Edgar Filing: DOLLAR GENERAL CORP - Form DEF 14A

Young for the 2001 fiscal year relating to the audit of the financial statements included in the company's Annual Report on Form 10-K and the reviews of the financial statements included in the Company's Quarterly Reports on Form 10-Q, and for other services rendered attributable to such year.

Services Provided -----	Fee Amount -----
Audit Fees	\$1,200,000
All Other Fees	\$ 107,300
Total	\$1,307,300

The Audit Committee has considered whether the provision of certain non-audit services by Ernst & Young to the Company is compatible with maintaining the independence of Ernst & Young, and has concluded that the independence of Ernst & Young is not compromised by the provision of such services.

### IMPORTANT NOTICE REGARDING DELIVERY OF SECURITY HOLDER DOCUMENTS

In accordance with notices previously sent to many stockholders who hold their shares through a bank, broker or other holder of record (a "Street-Name Stockholder") and share a single address, only one Annual Report and proxy statement is being delivered to the address unless contrary instructions from any stockholder at the address were received. This practice, known as "householding," is intended to reduce the Company's printing and postage costs. However, any such Street-Name Stockholder residing at the same address who wishes to receive a separate copy of this proxy statement or the accompanying Annual Report may request a copy by contacting the bank, broker or other holder of record, or the Company by telephone at: (615) 855-4000, or by mail to: Dollar General Corporation, 100 Mission Ridge, Goodlettsville, Tennessee 37072, Attention: Investor Relations. The voting instruction sent to a Street-Name Stockholder should provide information on how to request (1) householding of future Company materials or (2) separate materials if only one set of documents is being sent to a household. If it does not, a stockholder who would like to make one of these requests should contact the Company as indicated above.

The Company's 2001 Annual Report, including consolidated financial statements, is being mailed to shareholders with this proxy statement. A copy of the Company's Annual Report on Form 10-K for the fiscal year ended February 1, 2002 (the "2001 10-K"), is available without charge to any shareholder upon request. Written requests for the 2001 10-K should be directed to Ms. Pamela Carris in the Company's Investor Relations department at the address noted above.

### OTHER MATTERS

The cost of soliciting proxies will be borne by the Company. In addition to this solicitation by mail, proxies may be solicited personally and by mail, telephone or telegraph, by officers, directors and regular employees of the Company, without extra compensation. Brokers, nominees, fiduciaries and other custodians will be requested to forward soliciting material to the beneficial owners of shares and will be reimbursed for their expenses. Proxies may be voted by returning the printed proxy card, or by voting via telephone or Internet. For more information about how to vote your proxy, please see the instructions on your proxy card.

Edgar Filing: DOLLAR GENERAL CORP - Form DEF 14A

The Board of Directors is not aware of any matter to be submitted for consideration at the Annual Meeting other than those set forth in the accompanying notice. If any other matter properly comes before the Annual Meeting for action, proxies will be voted on such matter in accordance with the best judgment of the persons named as proxies. Each shareholder has the unconditional right to revoke his or her proxy at any time prior to the voting thereof by giving the Secretary of the Company written notice of such revocation.

By Order of the Board of Directors,
