Summary of the Program

Enrollment/Direct Purchase

If you do not yet own any shares of Pfizer stock, you may enroll in the Program by **direct purchase** by completing the attached authorization form and returning it to the Administrator with a check for \$500 or more up to a maximum of \$120,000 in U.S. dollars. Alternatively, you may enroll in the Program through the Internet at www.computershare.com by making a one-time online bank debit from your account at a U.S. bank or financial institution of at least \$500, not to exceed \$120,000. These funds will constitute your initial investment in the Program. There is no separate enrollment fee.

If you own Pfizer stock in your own name you may enroll in the Program by completing the attached authorization form and returning it by mail to the Administrator in the envelope provided. Or address your completed authorization form to:

Pfizer Inc.
c/o Computershare Trust Company, N.A.
P.O. Box 43078
Providence, RI 02940-3078

If you own Pfizer stock through a bank nominee or broker in [street name] you may enroll in the Program by giving instructions to have at least one of your shares transferred into your name in book-entry form. Simply instruct your bank, broker or trustee to re-register your shares through the Direct Registration System and specify book-entry registration. You may then complete the attached authorization form and return it to the Administrator.

Investment in Pfizer Stock

Dividend Reinvestment

You may elect to reinvest the cash dividends on either all or a portion of your Pfizer shares. Your cash dividends will go toward the purchase of additional shares of Pfizer stock without paying any fees. Pfizer pays dividends on both whole and fractional shares in the Program and will credit your account with the whole and fractional shares that are purchased with your dividends. Dividends are reinvested on the dividend payment date.

For a particular dividend to be reinvested, your authorization form must be received by the Administrator on or before the record date for that dividend. The record date normally will be about four to six weeks prior to the payment date. *(For example, if the record date for a dividend to be paid on June 12 is May 9, your enrollment form must be received on or before May 9 in order for the June 12 dividend payment to be reinvested.)*

Dividends will be reinvested on all shares of Pfizer stock that are not designated for payment of cash dividends directly to you.

Optional Cash Investments

After you are enrolled in the Program, you may buy additional shares of Pfizer stock as often as weekly by mailing a check to the Administrator in an amount of at least \$50 in U.S. dollars. You may combine optional cash investments by check and by one-time online bank debit with automatic monthly bank debits as long as your total investment in any one calendar year does not exceed \$120,000. You pay no fees for these investments. Mail your investment to the address specified on your Program account statement. Interest will not be paid on amounts held pending investment.

Checks

Edgar Filing: PFIZER INC - Form S-3D

Checks for optional cash investments or direct purchase should be made payable to "Computershare." Please include a reference to Pfizer and your Holder Account Number in the "Memo" portion of your check.

One-Time Online Bank Debits

Additionally, you may purchase shares of Pfizer stock by authorizing a one-time online bank debit from your account at a U.S. bank or financial institution in an amount of at least \$50. You may combine optional cash investments by one-time online bank debit and by check with automatic monthly bank debits as long as your total investment in any one calendar year does not exceed \$120,000.

3

Automatic Monthly Bank Debits

You may also purchase Pfizer stock by authorizing automatic monthly debits from your account at a U.S. bank or financial institution. Amounts must be at least \$50 per month. You may combine automatic monthly bank debits with optional cash investments by check and by one-time online bank debit as long as your total investment in any one calendar year does not exceed \$120,000.

Funds will be debited from your account on or about the 15th day of each month and generally will be invested on Thursday of the week following the debit. Please complete Section "D" of the enclosed authorization form, and allow four to six weeks for the first automatic monthly debit to be initiated.

You must notify the Administrator by telephone, in writing or via the Internet at their web site www.computershare.com to change or terminate the automatic debit. Please allow about two weeks from the date the Administrator receives your instructions for a change or cancellation to take effect.

Direct Purchase

If you elect to enroll in the Program through a direct purchase, that initial investment must be made by check or by one-time online bank debit. The amount of your initial investment must be \$500 or more up to a maximum of \$120,000.

The Convenience of a "Book-Entry" Account

All shares purchased through the Program will be held for you in a book-entry account. Just like any certificated shares registered in your name, your book-entry shares are yours alone. You are the owner and enjoy the same shareholder benefits as you would with certificated shares. Certificates will not be issued unless you request them. As a participant, you also have the option of depositing your Pfizer stock certificates for safekeeping in your account. This feature of the Program is available for all of your shares, whether they are designated for payment of cash dividends to you or for dividend reinvestment.

To use the safekeeping feature, send your certificates to the Administrator with written instructions to deposit them in your account as book-entry shares. Do not endorse the certificates or complete the assignment section. We recommend that you send your certificates by registered mail, return receipt requested, or some other form of traceable mail, and insure them for 3% of the market value of the stock or a minimum of \$20.

You may, at any time, also request a certificate for some or all of your Program shares or have your shares transferred to your brokerage account through the Direct Registration System.

Sales of Program Stock

7

At your request by telephone, through the Internet or in writing, the Administrator will sell all or part of the shares of Pfizer stock held in your book-entry Program account. Sales usually take place on a daily basis, generally on the day that your sale request is received by the Administrator or on the next business day. The Administrator will mail you a check for the net proceeds of the sale, less a fee of \$15 and brokerage commissions if applicable. (See the "Fees" and "Pricing of Pfizer Shares" sections of this prospectus.) The Administrator cannot, however, accept instructions to sell your shares on a specific day or at a specific price.

You may, of course, also choose to sell your shares yourself. Simply ask your broker to request that the Administrator transfer your book-entry shares to your brokerage account, or you may request that the Administrator issue a certificate for any number of whole book-entry shares in your account.

Please note that if your total holdings in the Program fall below one share, the Administrator will liquidate the fractional share, remit the proceeds to you, and close your Program account.

Pricing of Pfizer Shares

The price of Pfizer shares purchased or sold under the Program will be calculated differently depending upon whether the transactions are executed directly with Pfizer, on the open market, or in negotiated transactions.

4

The price of shares purchased from Pfizer will be the average of the high and the low sale prices of Pfizer Common Stock as reported in the New York Stock Exchange Composite Transactions obtained from Bloomberg, L.P. on the date of the purchase, or if the New York Stock Exchange is closed on that date, on the next day that the New York Stock Exchange is open.

The price of shares purchased or sold on the open market or in negotiated transactions will be the weighted average price per share of all shares of Common Stock purchased or sold for the Program on the date of the purchase or sale.

Tracking Your Investments

The Administrator will send you a statement reflecting each cash transaction you make.

You will also receive quarterly statements reflecting your year-to-date account balance and all transactions including reinvestment of dividends. You may request a duplicate statement at any time by contacting the Administrator.

Source of Pfizer Shares

Pfizer shares needed to meet the requirements of the Program will either be purchased on the open market or in negotiated transactions, or issued directly by Pfizer from authorized but unissued shares or treasury shares.

Timing of Cash Purchases

Pfizer shares will be purchased by the Administrator with initial or optional cash investments generally on Thursday of each week. If the markets for trading stock are closed on a Thursday, then purchases generally will be made on the next business day. Cash investments received on Wednesday will generally be invested on Thursday or the next later business day.

Neither Pfizer nor participants in the Program will control the timing or pricing of shares purchased. Participants will bear any risk associated with fluctuations in the market price of Pfizer stock while investment funds are held pending investment. In addition, no interest on initial or optional cash investments will be paid.

8

Requesting Stock Certificates

You may request stock certificates for the whole shares in your book-entry account at any time. Simply contact the Administrator with your request and they will mail you a stock certificate for the requested number of whole shares. Certificates will be issued in the name(s) in which the account is registered, unless you instruct the Administrator otherwise. If the certificate is to be issued in a name other than your Program account registration, your signature must be guaranteed by a bank or broker participating in the Medallion Guarantee program. Detailed transfer instructions can be obtained by calling the Administrator at 1-800-PFE-9393.

Fees

Pfizer will pay all fees and expenses relating to:

- Establishing your Program account
- Purchasing shares of Pfizer stock with your dividends and initial or optional cash investments
- Issuing stock certificates for the shares held in your book-entry Program account

Participants will be charged the following fees:

- Sales: A maximum service charge of \$15 plus a []per share[] brokerage commission will be deducted from the proceeds of each sale you request. This fee and brokerage commission **may** be waived from time to time and will be paid by Pfizer at Pfizer's sole discretion to encourage participation.
- Dishonored Investments: Your account will be debited a fee of \$25 for any optional cash investment by check that is rejected due to insufficient funds and for any failed debit from your account at a U.S. bank or financial institution.

5

Any charges imposed by your bank in connection with automatic withdrawals from your bank account are your responsibility.

Stock Splits, Stock Dividends and Other Distributions

Your account will be adjusted in book-entry form to reflect the distribution of any Pfizer Common Stock paid as a stock dividend, stock split or similar transaction.

Tax Responsibilities

All dividends reinvested through the Program are taxable to you in the year they are paid. In addition, the Internal Revenue Service may require that the brokerage commissions incurred in the purchase of shares which may be paid by Pfizer on your behalf (in the event that Pfizer chooses to do so), be treated as dividend income to you, and that such amounts paid for brokerage commissions can be included in your cost basis of shares purchased. Shortly after the close of each year you will receive a Form 1099-DIV reflecting the payment of these funds to you. The Administrator is not authorized to withhold income taxes at your request on your behalf.

Participants who are citizens or residents of a country other than the United States or its territories and possessions should make certain that their participation in the Program does not violate local laws governing such matters as taxes, currency, stock registration, and foreign investment. Pfizer makes no tax representations in connection with this prospectus and suggests that you consult with your tax advisors concerning such tax matters.

Please retain your account statements to establish the cost basis of shares purchased under the Program for income tax and other purposes.

9

Terminating Your Program Account

You may terminate your participation in the Program by written, telephonic or Internet request to the Administrator. Your termination request generally will be processed on the day that it is received by the Administrator or on the next business day.

Upon termination, the Administrator will continue to hold your shares in book-entry form unless you either request a stock certificate, or ask your broker to request that your shares be transferred electronically to your brokerage account through the Direct Registration System.

When terminating your account, you may also request that all or part of the Pfizer shares in your account be sold. Please refer to the section of this prospectus entitled "Sales of Program Stock." Shares sold in connection with terminating your Program account (including any fractional share) will be priced as discussed above in the section called "Pricing of Pfizer Shares."

Dividends payable on shares of Pfizer stock that are held by you after terminating your Program account will not be reinvested, but will be sent directly to you.

Change of Name or Address

Please notify the Administrator immediately of any change in your name or address.

Shareholder Rights and Privileges

As a Program participant, you enjoy all the rights and privileges associated with Pfizer stock ownership. You will receive all shareholder communications, including annual reports and proxy statements. You will be given the opportunity to vote your Program shares. However, fractional shares cannot be voted.

Responsibilities of Pfizer and the Administrator

Pfizer cannot assure you a profit or protect you against a loss on the shares you purchase under the Program.

Neither Pfizer nor the Administrator will be liable for any act done in good faith, or as required by applicable laws, or for any good faith omission to act. This includes, without limitation, any claims of liability:

6

-
- for the prices at which stock purchases or sales are made as reflected in your Program account, or the dates of the purchases or sales of your Program shares; or
 - for any fluctuation in the market value of your Pfizer shares after they are purchased or sold; or
 - for failure to terminate your account upon your death prior to receiving written notice of such death.

Dividends

The payment of dividends is at the discretion of Pfizer's Board of Directors. The Board may change the amount and timing of dividends at any time without notice.

Changes to the Program

Pfizer reserves the right to suspend, modify or terminate the Program or your interest in the Program at any time. You will receive notice of any such suspension, modification or termination. Pfizer also reserves the right to change any administrative procedures of the Program. If the Program or your interest in the Program is terminated, the Administrator will continue to hold your shares of Pfizer stock in book-entry form unless you request that the Administrator issue a stock certificate or you ask your broker to request that the Administrator

transfer the shares to your brokerage account.

Foreign Participation

If you live outside of the United States, you should determine if there are any laws or governmental regulations that would prohibit your participation in the Program. Pfizer reserves the right to terminate participation of any shareholder if it deems it advisable under any foreign laws or regulations.

Quarterly statements of transactions and share balances will also be sent to the Participant. No stock certificates will be issued to a Participant in connection with stock purchases for a Program Account unless the Participant requests such a certificate.

10. The Participant, at his or her option, may deposit into his or her Program Account certificates for shares of Common Stock registered in the Participant's name on the books of Pfizer. Shares deposited into a Program Account will be recorded in Book-Entry form.

14

11. Most expenses associated with the Program will be paid by Pfizer, other than any tax obligations of the Participant or any charges imposed by the Participant's bank for automatic withdrawals from the Participant's bank account. Participants will be responsible for a \$25 insufficient funds fee for each check, one-time online bank debit, automatic withdrawal from the Participant's bank account or other optional cash investment that is rejected due to insufficient funds. By enrolling or continuing to participate in the Program, the Participant authorizes the Administrator to deduct this charge by selling shares from the Participant's Program Account.

Participants will pay a maximum fee of \$15 plus a per share broker's fee for each request to sell a share or shares of Common Stock held in a Participant's Program Account. These charges will be deducted from the proceeds of the applicable sale. The fee and per-share brokerage commission may be waived from time to time and will be paid by Pfizer at Pfizer's sole discretion.

12. All whole shares of Common Stock owned by the Participant under the Program will be voted in accordance with the proxy instructions of the Participant.

13. Participation in the Program may be terminated by a Participant at any time in writing, by telephone or through the Internet. To terminate an account, the Participant or his or her broker must contact the Administrator, indicating the Participant's wish to terminate participation in the Program and identifying the account that is to be terminated.

10

Upon termination, the Administrator will continue to hold the Participant's shares in Book-Entry form unless the Participant requests that all or a portion of the shares be sold, or requests issuance of a stock certificate for all or a portion of the shares, or asks his or her broker to request that all or a portion of the shares be transferred to the Participant's brokerage account.

If a Participant requests that all or a portion of his or her Book-Entry shares be sold, the Administrator will sell the shares and send the Participant a check for the proceeds of the sale of the whole and fractional shares of Common Stock held in Book-Entry form, less applicable fees and brokerage commissions.

If a Participant requests issuance of a stock certificate for all or a portion of his or her Book-Entry shares, the Administrator will issue a stock certificate in the name(s) in which the Program Account is registered, unless otherwise instructed by the Participant. If a Participant requests that a stock certificate be issued in a name other than the name(s) in which the Program Account is registered, the Participant's signature on the instructions or stock power must be guaranteed by a financial institution participating in the Medallion Guarantee program.

The price of shares of Common Stock sold under the Program to terminate an account are subject to the same pricing structure as outlined for purchases of stock in Item 3 above. In addition, the fees applicable to sales as outlined in Item 11 above are also applicable to sales that occur in connection with the termination of a Program Account.

Terminations are effected daily. A request for termination generally will be effected on the date received by the Administrator or on the first business day thereafter.

14. Pfizer reserves the right to suspend, modify or terminate the Program or a Participant's interest in the Program at any time upon written notice of such suspension, modification or termination. If the Program or a Participant's interest in the Program is terminated, the whole and fractional shares of Common Stock held in each affected Program Account will continue to be held in Book-Entry form unless the Participant requests a stock certificate.

15. All Common Stock distributed as a result of a stock dividend or a stock split on shares designated for dividend reinvestment will be credited to the Participant's Program Account in Book-Entry form, and will be subject to future reinvestment of dividends. All Common Stock distributed as a result of a stock dividend or a stock split on shares designated for cash dividends will also be credited to the Participant's Program Account, and the

15

designation for payment of cash dividends will apply to such shares. The Participant will have the opportunity to exercise any rights issued with respect to shares of Common Stock held in the Participant's Program Account.

16. Neither the Administrator nor Pfizer will be liable for any act done in good faith, or as required by applicable laws, or for any good faith omission to act, including, without limitation, any claims of liability (a) arising out of any such act or omission to act that occurs prior to or in connection with the termination of participation pursuant to Item 13 above, (b) with respect to the prices at which shares of Common Stock are purchased or sold for any Participant's Program Account and the times at which such purchases or sales are made or with respect to any fluctuation in the market value after the purchase or sale of shares held in Book-Entry form, and (c) arising out of any failure to terminate a Participant's Program Account upon the Participant's death prior to receipt of notice in writing of such death.

17. Any notice, instruction, request or election which by any provision of the Program is required or permitted to be given or made by the Participant to the Administrator shall be addressed as follows:

If in writing, to:

Pfizer Inc.

c/o Computershare Trust Company, N.A.

P. O. Box 43078

Providence, RI 02940-3078

If by Internet or e-mail, to:

www.computershare.com

shareholder@computershare.com

or such other address as Pfizer or the Administrator shall furnish to the Participant, and shall be deemed to be sufficient notice when received by the Administrator.

11

18. Any notice or certificate which by any provision of the Program is required to be given by Pfizer or the Administrator to the Participant shall be in writing and shall be deemed to have been sufficiently given for all purposes by being deposited postage prepaid in a post office letter box addressed to the Participant at his or her address as it last appeared on the Administrator's records.

19. The "Terms and Conditions For Participation in the Program" shall be governed by the laws of the State of New York.

Use of Proceeds

If we issue additional shares of Pfizer Inc. Common Stock to purchasers under the Program, we will use the proceeds from the sale of such shares for general corporate purposes. We may temporarily invest funds that are not immediately needed for these purposes in marketable securities. If shares are purchased by the Administrator in the open market, we will not receive any proceeds.

Legal Matters

Margaret M. Foran, our Senior Vice President-Corporate Governance, Associate General Counsel and Corporate Secretary, will pass upon the validity of the Common Stock. Ms. Foran beneficially owns Common Stock and holds options to purchase additional shares of Common Stock.

Disclosure Notice: Forward Looking Information

ITEM 1A. RISK FACTORS AND CAUTIONARY FACTORS THAT MAY AFFECT FUTURE RESULTS

The statements in this Section describe the major risks to our business and should be considered carefully. In addition, these statements constitute our cautionary statements under the Private Securities Litigation Reform Act of 1995.

Our disclosure and analysis in this Prospectus, in our 2006 Form 10-K and in our 2006 Annual Report to Shareholders contain some forward-looking statements that set forth anticipated results based on management's plans and assumptions. From time to time, we also provide forward-looking statements in other materials we release to the public as well as oral forward-looking statements. Such statements give our current expectations or forecasts of future events; they do not relate strictly to historical or current facts. We have tried, wherever possible, to identify such statements by using words such as "anticipate," "estimate," "expect," "project," "intend," "plan," "believe," "will," "target," "forecast" and similar expressions in connection with any discussion of future operating or financial performance or business plans or prospects. In particular, these include statements relating to future actions, prospective products or product approvals, future performance or results of current and anticipated products, sales efforts, expenses, interest rates, foreign exchange rates, the outcome of contingencies, such as legal proceedings, and financial results.

We cannot guarantee that any forward-looking statement will be realized, although we believe we have been prudent in our plans and assumptions. Achievement of future results is subject to risks, uncertainties and potentially inaccurate assumptions. Should known or unknown risks or uncertainties materialize, or should underlying assumptions prove inaccurate, actual results could differ materially from past results and those anticipated, estimated or projected. You should bear this in mind as you consider forward-looking statements.

We undertake no obligation to publicly update forward-looking statements, whether as a result of new information, future events or otherwise. You are advised, however, to consult any further disclosures we make on related subjects in our 10-Q and 8-K reports to the SEC. Also note that we provide the following cautionary discussion of risks, uncertainties and possibly inaccurate assumptions relevant to our businesses. These are factors that, individually or in the aggregate, we think could cause our actual results to differ materially from expected and historical results. We note these factors for investors as permitted by the Private Securities Litigation Reform Act of 1995. You should understand that it is not possible to predict or identify all such factors. Consequently, you should not consider the following to be a complete discussion of all potential risks or uncertainties.

Item 15. Indemnification of Directors and Officers.

Section 145 of the General Corporation Law of Delaware permits a corporation to indemnify any person who is or has been a director, officer, employee or agent of the corporation or who is or has been serving as director, officer, employee or agent of another corporation, organization or enterprise at the request of the corporation, against all liability and expenses (including, but not limited to, attorneys' fees and disbursements and amounts paid in settlement or in satisfaction of judgments or as fines or penalties) incurred or paid in connection with any claim, action, suit or proceeding, whether civil, criminal, administrative, investigative or otherwise, in which he/she may be involved by reason of the fact that he/she served or is serving in these capacities, if he/she acted in good faith and in a manner he/she reasonably believed to be in or not opposed to the best interest of the corporation and, with respect to any criminal action or proceeding, had no cause to believe his/her conduct was unlawful. In the case of a claim, action, suit or proceeding made or brought by or in the right of the corporation

Edgar Filing: PFIZER INC - Form S-3D

to procure a recovery or judgment in its favor, the corporation shall not indemnify such person in respect of any claim, issue or matter as to which such person has been adjudged to be liable to the corporation for negligence or misconduct in the performance of his/her duty to the corporation, except for such expenses as the court may allow. Any such person who has been wholly successful on the merits or otherwise with respect to any such claim, action, suit or proceeding or with respect to any claim, issue or matter therein, shall be indemnified as of right against all expenses in connection therewith or resulting therefrom.

Pursuant to Article V, Section 1 of our By-Laws, we will indemnify directors and officers to the fullest extent permitted by applicable law as it presently exists or is amended. We are insured against actions taken under our ByLaws and the directors and officers are insured directly at our expense against such liabilities for which indemnification is not made. We have entered into agreements with our directors and certain of our officers requiring us to indemnify such persons to the fullest extent permitted by our By-Laws.

ITEM 17. Undertakings

The undersigned registrant undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment of this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement;

(iii) To include any material information relating to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

Edgar Filing: PFIZER INC - Form S-3D

provided, however, that paragraphs (1) (i) and (1) (ii) do not apply if the registration statement is on Form S-3 and the information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement.

(2) That, for purposes of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

(iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(5) That, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.
