PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON JULY 30, 2009

This Proxy Statement of Bio-Reference Laboratories, Inc., a New Jersey corporation (the "Company") is first being mailed to Stockholders on or about June 18, 2009 in connection with the solicitation of proxies by the Company's Board of Directors to be used at the Annual Meeting of Stockholders of the Company to be held on Thursday, July 30, 2009 at 9:00 A.M. (local time) at the Sheraton Crossroads Hotel, Crossroads Corporate Center, Route 17 North, Mahwah, New Jersey 07495-0001. Accompanying this Proxy Statement is a Notice of Annual Meeting of Stockholders, a form of Proxy for the meeting and a copy of the Company's 2008 Annual Report containing financial statements and related data.

All proxies which are properly filled in, signed and returned to the Company prior to or at the Meeting will be voted in accordance with the instructions thereon. A proxy may be revoked by any stockholder giving the same prior to the exercise thereof by (a) written notice addressed to the Company's Chief Information Officer and delivered to the Company's principal offices prior to the commencement of the Meeting, (b) providing a signed proxy bearing a later date, or (c) appearing in person and voting at the Meeting. The Company intends to vote executed but unmarked proxies in favor of Proposal One. The Board has fixed the close of business on Monday, June 15, 2009 as the record date for the determination of stockholders who are entitled to notice of, and to vote at the meeting or any adjournment thereof.

The expenses of preparing, assembling, printing and mailing the form of proxy and the material used in solicitation of proxies will be borne by the Company. In addition to the solicitation of proxies by use of the mails, the

Edgar Filing: BIO REFERENCE LABORATORIES INC - Form DEF 14A

Company may utilize the services of some of its officers and regular employees (who will receive no additional compensation therefore) to solicit proxies personally, and by telephone. The Company has requested banks, brokers and other custodians, nominees and fiduciaries to forward copies of the proxy material to their principals and to request authority for the execution of proxies and will reimburse such persons for their services in doing so. The cost of such additional solicitation incurred otherwise than by use of the mails is estimated not to exceed \$10,000.

At the record date, the Company had 13,805,308 shares of its Common Stock, \$.01 par value (the "Common Stock") issued and outstanding, the holders of which are each entitled to one vote per share. The presence in person or by proxy of at least a majority of the outstanding Common Stock is necessary to constitute a quorum at the meeting. Broker nonvotes (that is,

proxies from brokers or nominees indicating that such persons have not received instructions from the beneficial owners or other persons entitled to vote shares on a particular matter as to which the broker or nominee does not have discretionary authority) will be counted for purposes of determining a quorum for the transaction of business at the Annual Meeting but will not be considered as votes for purposes of determining the outcome of a vote. Election of directors (Proposal One) requires the affirmative vote of a majority of the votes cast on the Proposal by the holders of Common Stock present in person or by proxy at the meeting.

The following table sets forth information as of June 15, 2009 with respect to the ownership of Common Stock by (i) each person known by the Company to be the beneficial owner of more than 5% of its outstanding Common Stock, (ii) each director of the Company, (iii) each executive officer of the Company, and (iv) all directors and executive officers as a group. The percentages have been calculated on the basis of treating as outstanding for a particular holder, all shares of Common Stock outstanding on said date owned by such holder and all shares of Common Stock issuable to such holder in the event of exercise of outstanding options and warrants owned by such holder at said date which are exercisable within 60 days of such date.

Pursuant to the Forward Contract, Mr. Dubinett pledged 89,047 shares of his BRLI Common Stock to secure his obligation to deliver a maximum 89,047 shares of BRLI Common Stock to UBS on October 19, 2009 (the "Settlement Date"). As prepayment for the pledge of these shares, UBS agreed to pay Mr. Dubinett \$2,572,474 or approximately \$28.89 per share representing 87.9% of the proceeds from the sale of 89,047 shares on October 16, 2007. Leggott, could be deemed the beneficial owner of these 732,900 shares which were owned by investment advisory clients at said date. In the Schedule 13G filing, Arbor and Mr. Leggott stated that to the best of their knowledge, these 732,900 shares were acquired in the ordinary course of business; were not acquired for the purpose of and do not have the effect of changing or influencing the control of the Company; and were not acquired in connection with or as a participant in any transaction having such purpose or effect.

The Company's executive officers and directors and members of their immediate families owning and having the right to vote an aggregate 1,895,489 shares (14%) of the Company's outstanding Common Stock have stated their intention to vote their shares FOR the nominees proposed for election as directors (Proposal One).

ACTION TO BE TAKEN AT THE MEETING
ELECTION OF DIRECTORS
(PROPOSAL ONE)

The number of directors on the Company's Board of Directors is currently fixed at seven. The Company's Certificate of Incorporation divides the Board of Directors into three classes. The members of each class of directors serve for staggered three-year terms. The Board is comprised of two Class I directors (Dr. Grodman and Mr. Dubinett), two Class II directors (Mr.

3

Singer and Mr. Elias) and three Class III directors (Mr. Benincasa, Mr. Lederman and Dr. Roglieri), whose terms expire upon the election and qualification of their successors at successive Annual Meetings to be held in 2009 (the Class III directors), in 2010 (the Class I directors) and in 2011 (the Class II directors). At each Annual Meeting of Stockholders, the directors comprising one of the classes are elected for a full term of three years.

Mr. Benincasa, Mr. Lederman and Dr. Roglieri (current Class III directors) are being proposed for re-election at this Annual Meeting of Stockholders, each to serve for a three-year term and until his successor is elected and qualifies. The shares represented by proxies will be voted in favor of the election as directors of Mr. Benincasa, Mr. Lederman and Dr. Roglieri who are the nominees of the Board of Directors for election, and authority to vote for their election as Class III directors shall be deemed granted unless specifically withheld. Management has no reason to believe that any of such nominees for the office of director will not be available for election as a director. However, should any of them become unwilling or unable to accept nomination for election, it is intended that the individuals named in the enclosed proxy may vote for the election of such other person or persons as the Board of Directors may recommend.

COMMITTEES OF THE BOARD OF DIRECTORS

Edgar Filing: BIO REFERENCE LABORATORIES INC - Form DEF 14A

The Board of Directors has established three standing committees: an Audit Committee, a Compensation Committee and a Nominating Committee.

AUDIT COMMITTEE

The Audit Committee is comprised of the four non-employee members of the Board of Directors, Gary Lederman (Chairman), Joseph Benincasa, Harry Elias and John Roglieri. The Board of Directors deems each such individual as "independent" as defined by the rules of the Nasdaq Stock Market. The Audit Committee met four times during fiscal year 2008. The Audit Committee confers with the Company's auditors and reviews, evaluates and advises the Board of Directors concerning the adequacy of the Company's accounting systems, its financial reporting practices, the maintenance of its books and records and its internal controls. A copy of the Audit Committee Charter may be found on the Company's website: WWW.BIOREFERENCE.COM.

COMPENSATION COMMITTEE

The Compensation Committee is comprised of the four non-employee members of the Board of Directors, John Roglieri (Chairman), Joseph Benincasa, Harry Elias and Gary Lederman. The Compensation Committee met once during fiscal year 2008.

The Compensation Committee has the primary responsibility of setting the compensation of the executive officers of the Company as well as adopting the terms of any Senior Management Incentive Bonus Plan. A copy of the Compensation Committee's Charter may be found on the Company's website: WWW.BIOREFERENCE.COM.

NOMINATING COMMITTEE

The Nominating Committee is comprised of the four non-employee members of the Board of Directors, Harry Elias, Joseph Benincasa, Gary Lederman and John Roglieri. Pursuant to its charter, a copy of which may be found on the Company's website: WWW.BIOREFERENCE.COM, the Nominating Committee's role is to establish criteria for the selection of directors; to identify individuals qualified to be directors; to evaluate director candidates proposed by stockholders; to recommend individuals to fill vacancies on the Board and to recommend nominees for director at each annual stockholder meeting. The Nominating Committee may consider nominees for director of the Company submitted in writing c/o the Committee at the Company's executive offices, whether by executive officers of the Company; current directors of the Company, search

firms (if any) engaged by the Committee, and, in the circumstances provided below, shall consider nominees for director proposed by a stockholder. Information with respect to the proposed nominee must be provided in writing by the stockholder addressed to the Committee at the Company's executive offices, and received not less than 90 nor more than 120 days prior to the anniversary date of the prior year's annual meeting, provided that if the current year's annual meeting is not scheduled to be held within 30 days of the anniversary date of the prior year's annual meeting, notice from a stockholder shall be considered timely if it is received not later than the tenth day following the

Edgar Filing: BIO REFERENCE LABORATORIES INC - Form DEF 14A

date on which the notice of the annual meeting was mailed or the date on which public disclosure of the date of the annual meeting was made, whichever occurs first. The information shall include the name of the nominee, and such information with respect to the nominee as would be required under the rules and regulations of the Securities and Exchange Commission to be included in the Company's Proxy Statement if the proposed nominee were to be included therein. In addition, the stockholder's notice shall also include the class and number of shares the stockholder owns, a description of all arrangements and understandings between the stockholder and the proposed nominee, a representation that the stockholder intends to appear in person or by proxy at the meeting to nominate the person named in its notice, and a representation as to whether the stockholder intends to deliver a proxy statement to or solicit proxies from shareholders of the Company.

The Nominating Committee generally identifies potential candidates for director by seeking referrals from the Company's management, members of the Board of Directors and their various business contacts. Candidates are evaluated based upon factors such as independence, knowledge, judgment, integrity, character, leadership, skills, education, experience, financial literacy, standing in the community and ability to foster a diversity of backgrounds and views and to complement the Board's existing strengths. There are no differences in the manner in which the Committee will evaluate nominees for director based on whether the nominee is recommended by a stockholder.

The Company does not have an Executive Committee. Officers are elected by and hold office at the discretion of the Board of Directors.

(1) Under SEC disclosure rules, the term "bonus" does not include awards that are performance based. As a result of this definition, payments under the Company's 2007 Incentive Bonus Plan for Senior Management are not considered "bonuses" and are reported under the column captioned "Non-Equity Incentive Plan Compensation".

(2) The 2007 Senior Management Incentive Bonus Plan adopted by the Compensation Committee provided for bonuses as a percentage of salary to be paid to designated members of Senior Management (twelve in total) to the extent the Company's Total Operating Income equaled certain designated percentages of Total Net Revenues. The amounts in column (g) reflect the cash awards to the named officers under the 2007 Senior Management Incentive Bonus Plan. No bonuses were earned under the Plan with respect to fiscal 2008.

(3) The amounts in column (i) All Other Compensation are detailed below.

SPLIT-DOLLAR LIFE INSURANCE

Pursuant to the terms of their 1997 employment agreements, the Company had established split-dollar life insurance programs for each of its three Executive Officers. As a result of the passage of the Sarbanes Oxley Act of 2002 (signed into law on July 30, 2002), these three programs were modified. Pursuant to the modification, each of the three Executive Officers assigned ownership of his policies to the Company and new policies were issued to replace the prior policies with annual premiums under the new policies (\$70,000 under Dr. Grodman's policy and \$25,000 each under Messrs. Dubinett's and Singer's policies) being equal to the premiums paid under the replaced policies. The Company has now executed new "Endorsement Split-Dollar Life Insurance Agreements" with each of its three Executive Officers. Pursuant to the new agreements, the Company has agreed to continue to pay the annual premium on the policy on each officer's life during the period of his full-time employment by the Company. The Company is the sole owner of the policy and of its net cash surrender value, and in the event of the officer's death while serving as a full-time employee of the Company, the Company will be entitled to receive that amount of the death proceeds equal to its interest in the policy (the aggregate amount of premiums paid by the Company with respect to the policy less the amount of any loans, if any, from the Insurer to the Company against the cash value or policy proceeds, and less the aggregate amount of any premiums paid by the officer to the Company in reimbursement of premiums paid by the Company) and the balance of the death proceeds will be paid to the officer's designated beneficiaries. The premiums paid by the Company on the current policies and the prior policies aggregated approximately \$1,542,000 and \$1,422,000 at October 31, 2008 and October 31, 2007, respectively. At that date, the net cash surrender value of the three current policies aggregated approximately \$1,225,000 and \$1,054,000 at October 31, 2008 and October 31, 2007, respectively and is recorded on the books of the Company at these values.

STOCK OPTIONS

EMPLOYEE STOCK OPTION PLANS

THE 1989 PLAN

In July 1989, the Company's Board of Directors adopted the 1989 Employees Stock Option Plan (the "1989 Plan") which was approved by shareholders in November 1989. The 1989 Plan provided for the grant of options to purchase up to 666,667 shares of Common Stock. Under the terms of the 1989 Plan, options granted thereunder could be designated as options which qualify for incentive stock option treatment ("ISOs") under Section 422 of the Internal Revenue Code

Edgar Filing: BIO REFERENCE LABORATORIES INC - Form DEF 14A

of 1986 ("the Code"), or options which do not so qualify ("NQOs").

Under the 1989 Plan, the exercise price of an option designated as an ISO could not be less than the fair market value of the Common Stock on the date the option was granted. However, in the event an option designated as an ISO was granted to a 10% shareholder (as defined in the 1989 Plan) such exercise price was required to be at least 110% of such fair market value. Exercise prices of NQOs could be less than such fair market value. The aggregate fair market value of shares subject to options granted to a participant which are designated as

15

ISOs which first become exercisable in any calendar year could not exceed \$100,000. All options under the 1989 Plan were required to be granted before the Plan's July 1999 Termination Date so that no further options can be granted under the 1989 Plan. At October 31, 2008, there were no outstanding ISO's under the 1989 Plan.

THE 2000 PLAN

On August 25, 2000, the Board of Directors adopted the 2000 Employee Incentive Stock Option Plan (the "2000 Plan") reserving an aggregate 800,000 shares of Bio-Reference Common Stock for issuance upon exercise of ISOs which may be granted under the 2000 Plan. Stockholders ratified the adoption of the 2000 Plan at the December 14, 2000 Annual Meeting of Stockholders. During fiscal 2008, no ISOs were granted under the 2000 Plan. During fiscal 2008, ISOs issued under the 2000 Plan to purchase an aggregate 4,500 shares at exercise prices ranging from \$5.94 to \$8.40 per share were exercised. As a result, at October 31, 2008, there were outstanding ISOs under the 2000 Plan exercisable to purchase an aggregate 157,000 shares at exercise prices ranging from \$5.52 to \$15.34 per share.

The 2000 Plan authorizes the grant of options which qualify for ISO treatment under Section 422 of the Code, to purchase up to a maximum aggregate 800,000 shares of the Company's Common Stock. Options may only be granted under the 2000 Plan to employees of the Company and its subsidiaries (including officers and directors who are also employees).

The 2000 Plan is administered by the Board of Directors. The Board has the discretion to determine the eligible employees to whom, and the price (not less than the fair market value on the date of grant) at which options will be granted; the periods during which each option is exercisable; and the number of shares subject to each option. The Board has the authority to interpret the 2000 Plan and to establish and amend rules and regulations relating thereto.

The 2000 Plan provides that the exercise price of an option granted thereunder shall not be less than the fair market value of the Common Stock on the date the option is granted. However, in the event an option is granted under the 2000 Plan to a holder of 10% or more of the Company's outstanding Common Stock, the exercise price must be at least 110% of such fair market value. Under the 2000 Plan, options must be granted before the August 24, 2010 Termination Date. No option may have a term longer than ten years (limited to five years in the case of an option granted to a 10% or greater stockholder of the Company). The aggregate fair market value of the Company's Common Stock with respect to which options are exercisable for the first time by a grantee under the 2000 Plan during any calendar year cannot exceed \$100,000. Options granted under the 2000 Plan are non-transferable and must be exercised by an optionee, if at all, while employed by the Company or a subsidiary or within three months after termination of such optionee's employment due to retirement, or within one year of such termination if due to disability or death. The Board may, in its sole

Edgar Filing: BIO REFERENCE LABORATORIES INC - Form DEF 14A

discretion, cause the Company to lend money to or guaranty any obligation of an employee for the purpose of enabling such employee to exercise an option granted under the 2000 Plan provided that such loan or obligation cannot exceed fifty percent (50%) of the exercise price of such option.

16

THE 2003 PLAN

On June 3, 2003, the Board of Directors adopted the 2003 Employee Incentive Stock Option Plan (the "2003 Plan") reserving an aggregate 800,000 shares of Bio-Reference Common Stock for issuance upon exercise of ISOs which may be granted under the 2003 Plan. Stockholders ratified the adoption of the 2003 Plan at the July 31, 2003 Annual Meeting of Stockholders. During fiscal 2008, ISOs were granted under the 2003 Plan exercisable to purchase 20,000 shares at an exercise price of \$34.99 per share. In fiscal 2008, ISOs issued under the 2003 Plan to purchase an aggregate 29,313 shares at exercise prices ranging from \$12.22 to \$21.46 per share were exercised and ISOs granted under the 2003 Plan exercisable to purchase 7,145 shares were canceled due to terminations of employment. As a result, at October 31, 2008, there were outstanding ISOs under the 2003 Plan exercisable to purchase an aggregate 244,280 shares at exercise prices ranging from \$12.22 to \$34.99 per share.

The 2003 Plan authorizes the grant of options which qualify for ISO treatment under Section 422 of the Code to purchase up to a minimum aggregate 800,000 shares of the Company's Common Stock. Options may only be granted under the 2003 Plan to employees of the Company and its subsidiaries (including those officers and directors who are also employees).

The 2003 Plan is administered by the Board of Directors. The Board has the discretion to determine the eligible employees to whom, and the prices (not less than the fair market value on the date of grant) at which options will be granted; the periods during which each option is exercisable; and the number of shares subject to each option. The Board has the authority to interpret the 2003 Plan and to establish and amend rules and regulations relating thereto.

The 2003 Plan provides that the exercise price of an option granted thereunder shall not be less than the fair market value of the Common Stock on the date the option is granted. However, in the event an option is granted under the 2003 Plan to a holder of 10% or more of the Company's outstanding Common Stock, the exercise price must be at least 110% of such fair market value.

Under the 2003 Plan, options must be granted before the June 2, 2013 Termination Date. No option may have a term longer than ten years (limited to five years in the case of an option granted to a 10% or greater stockholder of the Company). The aggregate fair market value of the Company's Common Stock with respect to which options are exercisable for the first time by a grantee under all of the Company's Stock Option Plans during any calendar year cannot exceed \$100,000. Options granted under the 2003 Plan are non-transferable and must be exercised by an optionee, if at all, while employed by the Company or a subsidiary or within three months after termination of such optionee's employment due to retirement, or within one year of such termination if due to disability or death. The Board may, in its sole discretion, cause the Company to lend money to or guaranty any obligation of an employee for the purpose of enabling such employee to exercise an option granted under the 2003 Plan provided that such loan or obligation cannot exceed fifty percent (50%) of the exercise price of such option.

NON-QUALIFIED OPTIONS (NQOS) AND WARRANTS

At October 31, 2007, there were outstanding NQOs owned by one member of the Scientific Advisory Board exercisable to purchase an aggregate 15,000 shares at an exercise price of \$7.94 per share. These NQOs expired unexercised in fiscal 2008.

See Note 11 of Notes to the Consolidated Financial Statements.

OPTION GRANTS TO THE COMPANY'S THREE NAMED EXECUTIVE OFFICERS (AND THE TWO OTHER NAMED MOST HIGHLY COMPENSATED SENIOR MANAGEMENT EMPLOYEES) IN LAST FISCAL YEAR

No options to purchase shares of the Common Stock were granted to any of the Company's three Named Executive Officers or the two other named most highly compensated senior management employees in fiscal 2008.

OPTION EXERCISES AND STOCK VESTED

At October 31, 2007 and at October 31, 2008, there were no outstanding options held by the Company's three executive officers, the two other named most highly compensated senior management employees or any of its directors.

In addition, Gary Lederman as chairman of the Audit Committee and John Roglieri M.D. as chairman of the Compensation Committee was each compensated for serving as a Committee Chairman with an additional quarterly fee of \$2,750. No director's fees were paid to the Company's employee directors who determined the compensation to be paid to the Company's non-employee directors for serving in such capacity and as Committee chairmen.

The following table sets forth the compensation paid to the Company's non-employee directors in fiscal 2008.

BACKGROUND

Through fiscal 2001, the Board of Directors, including the Company's three executive officers, were responsible for reviewing the compensation paid to the Company's executive officers, provided that none of the Company's executive officers could vote with respect to his own compensation package. In fiscal 2002, the Company established a Compensation Committee consisting of three non-employee directors, Morton L. Topfer (Chairman), Gary Lederman and John Roglieri. Mr. Topfer resigned as a director and as a member of the Compensation Committee in February 2004. In March 2004, Dr. Roglieri became the Chairman of the Compensation Committee and Mr. Elias was elected as a member of the Committee. Mr. Benincasa was elected as a member of the Committee in June 2005.

In May 1997, the Company executed an employment agreement with Dr. Grodman which expired on October 31, 2004. Effective November 1, 2004, the Company executed a new seven year employment agreement with Dr. Grodman, the terms of which are described above. See "Employment Agreements with Named Officers."

In May 1997, the Company also executed employment agreements with Messrs. Dubinett and Singer (each expiring on October 31, 2002). During fiscal 2002, the Compensation Committee authorized extensions of both Messrs. Dubinett and Singer's contracts for two additional years, with the Company having the option to extend each agreement for two consecutive one-year periods in addition. In consideration for Messrs. Dubinett and Singer executing the extension agreements, the Company agreed that the base compensation during each extension year would not be less than the total cash compensation paid to such individual in fiscal 2002. The Company's option to extend Mr. Dubinett and Mr. Singer's employment agreements has been further extended through fiscal 2009.

EXECUTIVE COMPENSATION PHILOSOPHY

In view of the fact that the three named executive officers own substantial equity interests in the Company, the compensation program for them focuses primarily on base salary, subject to annual increase based upon a review of the executive's and the Company's performance. In addition, to further incentivize the executive officers as well as certain other members of senior management, in 2005, the Company established a Senior Management Incentive Bonus Plan designed to assist in the Company's profitability. Bonuses under the Plan are earned and paid only to the extent the Company's Total Operating Income equaled certain designated percentages of Total Net Revenues. Plan criteria were met with respect to fiscal 2005 and 2007 so that bonuses were earned and paid, but no bonuses were earned or paid under the Plan with respect to fiscal 2006 or fiscal 2008 as the Plan's targeted performances were not achieved.

RATIONALE FOR CURRENT EMPLOYMENT AGREEMENTS WITH THE THREE EXECUTIVE OFFICERS

During the summer of calendar year 2004 with the knowledge that Dr. Grodman's seven year employment agreement was due to expire in October 2004, the Compensation Committee

commenced negotiations with Dr. Grodman for the terms of a new employment agreement. In the course of its negotiations, the Committee took into account among other factors as a barometer of Dr. Grodman's performance as the Company's chief executive officer, the substantial increase since 1997 in the Company's net revenues, operating income and the market price of the Common Stock. Another

Edgar Filing: BIO REFERENCE LABORATORIES INC - Form DEF 14A

factor taken into account by the Committee was the compensation being paid to the chief executive officers of a peer group of nine other publicly owned clinical testing laboratories including the two major companies in the industry, Quest Diagnostics, Inc. and Laboratory Corporation of America Holdings. The terms of Dr. Grodman's "split-dollar" insurance arrangement with the Company and the fact that the proposed new employment agreement did not provide Dr. Grodman with additional equity compensation was also taken into account. After discussion, each of the three members of the Compensation Committee at the time (Dr. Roglieri, Mr. Elias and Mr. Lederman) concluded that the terms of the proposed new employment agreement were fair to and in the best interests of the Company and its stockholders and that the proposed compensation thereunder was not excessive.

The Compensation Committee has determined that the base salaries paid with respect to fiscal 2008, and the terms of the extension agreements with Messrs. Dubinett and Singer, were reasonable in relationship to the services performed, the responsibilities assumed and the results obtained, and were in the best interests of the Company. In connection with Dr. Grodman's compensation, the Compensation Committee considered the Company's increase in net revenues, patients serviced, working capital and shareholders' equity in fiscal 2008 compared with the corresponding period in fiscal 2007. Furthermore, the compensation paid to Messrs. Grodman, Dubinett and Singer for fiscal 2008 comports with the Compensation Committee's perception of base compensation levels of principal executives employed by other companies, both public and private.

BENEFITS AND PERQUISITES

The Company's policy is to provide health benefits as well as access to its 401(k) Plan to which it contributes a maximum of \$500 per employee each year, for all of its employees including the three executive officers.

The Company leases automobiles for their use but amounts reflecting their personal use are reported as income to them subject to tax. Similarly, personal use of the Company airplane by any of the executive officers is reported as income to them, subject to tax. See Footnote (3) to the "Summary Compensation Table".

CHANGE IN CONTROL BENEFITS

The employment agreements with the three executive officers provide for substantial Severance Payments to them in the event of a change in control of the Company. This provision provides an additional level of financial security for the three executive officers. These executives could be asked to evaluate a transaction purportedly expected to maximize shareholder value while resulting in the elimination of their jobs. The Severance Payment provision (2.99 times the annual average of the preceding five years of compensation) could help

20

to minimize the distraction caused by concerns over personal financial security in the context of a proposed change in control.

STOCK OPTION GRANT PRACTICES

The Company grants stock options at an exercise price at least equal to the fair market value on the date of the grant. Due to the substantial stock ownership position of the three executive officers, no stock options have been granted to them (or restricted stock awarded to them) in the last three years.

POLICY REGARDING THE ONE MILLION DOLLAR DEDUCTION LIMITATION

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public corporations for compensation in excess of \$1,000,000 paid for any fiscal year to a corporation's chief executive officer and to the four other most highly compensated executive officers in office as of the end of the fiscal year. The statute exempts qualifying performance-based compensation from the deduction limit if certain requirements are met. However, shareholder interests may at times be best served by not restricting the Compensation Committee's discretion and flexibility in developing compensation programs, even though the programs may result in non-deductible compensation expenses. Accordingly, the Compensation Committee may from time to time approve elements of compensation for certain officers that are not fully deductible, although no such elements have been approved to date.
