Your proxy will be voted at the Annual Meeting of Stockholders (the "Annual Meeting") to be held on Tuesday, April 23, 2002, at 10:00 a.m. local time, in The Plaza Room at the Inn on Fifth, 699 Fifth Avenue South, Naples, Florida, and any adjournment or postponement thereof. Edgar Filing: BEASLEY BROADCAST GROUP INC - Form DEF 14A

Stockholders are first being mailed to stockholders on or about April 1, 2002.

VOTING SECURITIES

Voting Rights and Outstanding Shares

Only stockholders of record on the books of the Company as of 5:00 p.m., March 11, 2002, which is the "Record Date," will be entitled to vote at the Annual Meeting. At the close of business on March 11, 2002, the Company had 7,252,068 shares of Class A Common Stock outstanding (the "Class A Shares"), and 17,021,373 shares of Class B Common Stock outstanding (the "Class B Shares" and together with the Class A Shares, the "Common Stock").

Under the Company's Bylaws, in the election of directors, the holders of the Class A Shares are entitled by class vote, exclusive of all other stockholders, to elect two of the Company's directors, with each Class A Share being entitled to one vote. With respect to the election of the other six directors and other matters submitted to the stockholders for vote, the holders of Class A Shares and Class B Shares shall vote as a single class, with each Class A Share being entitled to one vote and each Class B Share entitled to ten votes.

Votes cast by proxy or in person at the Annual Meeting will be tabulated by the Inspector of Elections with the assistance of the Company's transfer agent. The Inspector will also determine whether or not a quorum is present. Except with respect to the election of directors and except in certain other specific circumstances, the affirmative vote of a majority of shares present in person or represented by proxy at a duly held meeting at which a quorum is present is required under Delaware law for approval of proposals presented to stockholders. In general, Delaware law also provides that a quorum consists of a majority of the shares entitled to vote and present in person or represented by proxy. The Inspector will treat abstentions as shares that are present and entitled to vote for purposes of determining the presence of a quorum and therefore, abstentions will have the effect of a negative vote for purposes of determining the approval of any matter submitted to the stockholders for a vote.

The shares represented by the proxies received, properly dated and executed and not revoked will be voted at the Annual Meeting in accordance with the instructions of the stockholders. A proxy may be revoked at any time before it is exercised by:

- . delivering written notice of revocation to the Company, Attention: Caroline Beasley;
- . delivering a duly executed proxy bearing a later date to the Company; or
- . attending the Annual Meeting and voting in person.

Any proxy which is returned using the form of proxy enclosed and which is not marked as to a particular item will be voted FOR the election of directors, FOR ratification of the appointment of the designated independent auditors and as the proxy holders deem advisable on other matters that may come before the meeting, as the case may be with respect to the item not marked. If a broker indicates on the enclosed proxy or its substitute that it does not have discretionary authority as to certain shares to vote on a particular matter, those shares will not be considered as present with respect to that matter. The Company believes that the tabulation procedures to be followed by the Inspector are consistent with the general statutory requirements in Delaware concerning voting of shares and determination of a quorum.

The cost of soliciting proxies will be borne by the Company. In addition,

Edgar Filing: BEASLEY BROADCAST GROUP INC - Form DEF 14A

the Company may reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation material to such beneficial owners. Proxies may also be solicited by certain of the Company's directors, officers and regular employees, without additional compensation, personally or by telephone or telegram.

- (1) Total options granted to all executive officers, other employees and non-employee directors of the Company in 2001 were for an aggregate of 105,000 shares of the Company's Class A common stock.
- (2) The hypothetical present value on the grant date was calculated under the Black Scholes option pricing model, which is a mathematical formula used to value options traded on stock exchanges. The formula considers a number of assumptions in hypothesizing an option's present value. Assumptions used to value the options include an expected life of seven years, expected volatility of 50%, risk-free interest rate of 5.04%, and no expected dividend rate. The ultimate realizable value of an option will depend on the actual market value of the common stock on the date of exercise as compared to the exercise price of the option. Consequently, there is no assurance that the hypothetical present value of the stock options

reflected in this table will be realized.

2000 Equity Plan

On February 11, 2000, the Company adopted the 2000 Equity Plan of Beasley Broadcast Group, Inc. This equity plan is the Company's first plan under which employee stock options have been granted. The principal purpose of the equity plan is to attract, retain and motivate selected officers, employees, consultants and directors through the granting of stock-based compensation awards. The equity plan provides for a variety of compensation awards, including non-qualified stock options, incentive stock options that are within the meaning of Section 422 of the Internal Revenue Code, stock appreciation rights, restricted stock, deferred stock, dividend equivalents, performance awards, stock payments and other stock-related benefits. A total of 3,000,000 shares of Class A common stock were reserved for issuance under the equity plan, of which 2,500,000 shares were granted on February 11, 2000. These options have an exercise price of \$15.50 per share. As of December 31, 2001, there were 2,671,000 options outstanding under the equity plan.

The equity plan provides that a committee of independent directors has the authority to select the employees and consultants to whom awards are to be made, to determine the number of shares to be subject to those awards and their terms and conditions, and to make all other determinations and to take all other actions necessary or advisable for the administration of the equity plan with respect to employees or consultants.

The equity plan also provides that each of the Company's independent director nominees will automatically be granted options to purchase 20,000 shares of the Company's Class A common stock upon election to its board of directors. These options will have an exercise price per share equal to the fair market value per share of our Class A common stock as of the date of grant, and will be exercisable with respect to 10,000 shares as of the date of grant and will become exercisable with respect to an additional 5,000 shares on each of the first two anniversaries of the date of grant. The board may make additional option grants to the Company's independent directors from time to time, in its discretion, on such terms as the board determines consistent with the equity plan.

9

The committee and the board is authorized to adopt, amend and rescind rules relating to the administration of the equity plan, and to amend, suspend and terminate the equity plan. The Company has attempted to structure the equity plan in a manner such that remuneration attributable to stock options and other awards will not be subject to the deduction limitation contained in Section 162(m) of the Internal Revenue Code.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee is responsible for establishing compensation policies with respect to the Company's executive officers, including the Chief Executive Officer and the other executive officers, and setting the

Edgar Filing: BEASLEY BROADCAST GROUP INC - Form DEF 14A

compensation for these individuals.

The Compensation Committee seeks to achieve three broad goals in connection with the Company's executive compensation programs and decisions regarding individual compensation. First, the Compensation Committee structures executive compensation programs in a manner that the Committee believes will enable the Company to attract and retain key executives. Second, the Compensation Committee establishes compensation programs that are designed to reward executives for the achievement of business objectives of the Company. Finally, the Company's executive compensation programs are intended to provide executives with an equity interest in the Company so as to link a portion of the compensation of the Company's executives with the performance of the Company's common stock.

In fiscal 2001, executive compensation had two primary components: cash compensation and equity-based compensation, consisting of stock options.

Cash Compensation: For fiscal 2001, the cash compensation component for the Chief Executive Officer and the other named executive officers, except Allen B. Shaw, was set by their employment agreements prior to the establishment of this committee and prior to the company's initial public offering. In establishing base salaries for executives, we understand that consideration was given to the goals for the Company for the fiscal year. Consideration was also given to the standards and compensation at comparable companies, particularly those that are in the same industry as the Company or related industries and/or located in the same general geographical area as the Company, historic salary levels of the individual and the nature of the individual's responsibilities. In considering the employment agreement of Allen B. Shaw executed as of February 1, 2001, the Compensation Committee considered all of the above as well as general market conditions and the Company's financial performance. In the future, the Compensation Committee will consider all of these factors in establishing base salaries of executive officers.

Equity-Based Compensation: Equity-based compensation consists of stock options to purchase shares of the Company's Class A common stock. The emphasis on long-term incentives is intended to encourage executive officers to focus on the growth of the Company since the value of these awards depends on the Company's performance and future stock value. In deciding to award options, the Compensation Committee also considers a number of factors, including the number of options outstanding or previously granted and the aggregate size of current awards. In this regard, on February 1, 2001 the Committee granted Allen B. Shaw the option to purchase 50,000 shares of the Company's Class A common stock.

Based on its evaluation of the performance of the executive officers, the Compensation Committee believes that the Company's executive officers are committed to achieving positive long-term financial performance and enhancing shareholder value, and that the compensation policies and programs discussed in this report have motivated the Company's executive officers to work toward these goals.

Section 162(m) of the Internal Revenue Code of 1986 (the "Code") limits the Company's Federal income tax deduction for certain executive compensation in excess of \$1 million paid to the Chief Executive Officer and the four next highest paid named executive officers. The \$1 million deduction limit does not apply, however, to "performance-based compensation" as that term is defined in Section 162(m) (4) (C) of the Code and the

regulations promulgated thereunder. The Committee recognizes the possibility

Edgar Filing: BEASLEY BROADCAST GROUP INC - Form DEF 14A

that if the amount of the base salary of a named executive officer, and other compensation not described in the preceding paragraph exceeds \$1 million, it may not be fully deductible for Federal income tax purposes. The Committee will make a determination at any such time whether to authorize the payment of such amounts without regard to deductibility or whether the terms of such payment should be modified as to preserve any deduction otherwise available.
