  - Operating Income was ARS 1,106.4 million, 71.0% higher than in 2012, mainly explained by the Sale of Farms and fine results from the Urban segment.
  - We posted very good returns from the sale of farms. During this period we sold 4 farms or farm parcels for a total amount of ARS 348.3 million. In addition, we developed 20,300 hectares in the region.
  - During this year the region experienced adverse weather conditions, mainly in the north of Argentina, Paraguay and Brazil. We planted 200,000 hectares and reached an output of 435,000 tons.
  - Operating income from the agricultural segment grew mainly due to the sale of farms. The Sales and Transformation segment posted an increase of 238.1% accompanied by positive results from the Sugarcane segment. These results were offset by negative results from the Grains, Beef Cattle, Milk and Agro-industrial segments.
  - Our subsidiary Brasilagro’s shares became listed as Level II ADRs in the NYSE under the ticker symbol LND.
