PRESS RELEASE - For Immediate Release

HOME FEDERAL BANCORP, INC. ANNOUNCES THIRD QUARTER EARNINGS

Nampa, ID (July 21, 2005) - Home Federal Bancorp, Inc. (the "Company") (Nasdaq:HOME), the parent company of Home Federal Bank (the "Bank"), today reported net income of \$1.8 million, or \$0.12 per share, for the quarter ended June 30, 2005, compared to \$1.3 million for the same period a year ago. Net income for the nine months ended June 30, 2005 was \$3.5 million, or \$0.24 per share, compared to \$3.3 million for the same nine-month period a year ago. Results for the nine months ended June 30, 2005 include a \$386,000 pre-tax gain on the sale of a former branch and a \$1.8 million pre-tax expense for establishing the Home Federal Foundation, Inc. (the "Foundation"). Excluding the gain on the sale of the branch and the expense for establishing the Foundation, the Company had net income of \$4.4 million, or \$0.30 per share, for the nine months ended June 30, 2005.

On December 6, 2004, the Bank completed its mutual holding company

Edgar Filing: HOME FEDERAL BANCORP INC - Form 8-K

reorganization, at which time the Bank converted to stock form and the Company was organized. As a result, comparisons to prior periods refer to the results of the Bank as a federal mutual savings and loan association, and per share data is not applicable. The per share data for the nine months ended June 30, 2005 is being reported on shares outstanding from December 6, 2004 through June 30, 2005. In connection with the reorganization, the Company received \$53.6 million in net proceeds from a minority stock offering.

The following table reconciles the Company's actual net income to pro forma net income for the nine months ended June 30, 2005, exclusive of the sale of the branch and the contribution to the Foundation, and as adjusted for Federal and state taxes (in thousands, except per share data):

Revenues for the quarter ended June 30, 2005, which consisted of net interest income before the provision for loan losses and noninterest income, increased 17% to \$8.3 million for the quarter, compared to \$7.1 million for the quarter ended June 30, 2004. Revenues for the nine months ended June 30, 2005 increased 18% to \$23.6 million, compared to \$20.0 million for the same period of last year. Net interest income before the provision for loan losses increased 24% to \$5.6 million for the quarter ended June 30, 2005, compared to \$4.5 million for the same quarter of the prior year. For the nine months ended June 30, 2005, net interest income before the provision for loan losses increased 24% to \$16.1 million, compared to \$13.0 million for the nine months ended June 30, 2004.

For the quarter ended June 30, 2005, net interest income after provision for loan losses grew 31% to \$5.5 million, compared to \$4.2 million for the same quarter a year ago. Net interest income after provision for loan losses for the nine months ended June 30, 2005 increased 29% to \$15.6 million, compared

Edgar Filing: HOME FEDERAL BANCORP INC - Form 8-K

to \$12.1 million for the same period of the prior year.

The Company's net interest margin decreased 21 basis points to 3.64% for the quarter ended June 30, 2005, from 3.85% for the same quarter last year. The net interest margin for the nine months ended June 30, 2005 decreased 28 basis points to 3.61% from 3.89% for the same period a year earlier. During the quarter ended December 31, 2004, the Company invested the majority of the proceeds from the Company's minority stock offering in lower-yielding mortgage-backed securities which was the primary reason for the decrease in the net interest margin for the quarter and the nine months ended June 30, 2005.

Noninterest income increased 4% to \$2.7 million for the quarter ended June 30, 2005, compared to \$2.6 million for the same quarter a year ago. Other noninterest income includes the receipt of \$460,000 in net life insurance proceeds as a result of the death of a former Bank officer. The Company also wrote down the value of its mortgage servicing rights by \$200,000. For the nine months ended June 30, 2005, noninterest income increased 9% to \$7.6 million, compared to \$7.0 million for the same period of the prior year. The increase in other noninterest income is primarily attributable to the \$386,000 gain on the sale of a branch and the receipt of \$460,000 in life insurance proceeds which is offset by a \$300,000 impairment of the Company's mortgage servicing rights.

Noninterest expense for the quarter ended June 30, 2005 increased 17% to \$5.5 million, compared to \$4.7 million for the comparable period a year earlier. Included in other noninterest expense was a \$210,000 death benefit paid to the family of a former Bank officer, pursuant to a non-qualified retirement plan. The efficiency ratio was relatively unchanged at 66.76% for the third quarter, compared to 66.41% for the same quarter last year. Noninterest expense for the nine months ended June 30, 2005 increased 28% to \$17.8 million, compared to \$13.9 million for the nine months ended June 30, 2004. The \$3.9 million increase was primarily a result of the \$1.8 million contribution to the Foundation, the \$210,000 death benefit paid to the family of a former Bank officer, additional employee compensation and professional expenses related to being a publicly held company. The efficiency ratio was 75.25% for the first nine months of fiscal year end 2005, compared to 69.75% for the same period of last fiscal year. Excluding the non-recurring contribution to the Foundation and the gain on sale of the branch, the efficiency ratio was 68.66% for the first nine months of fiscal year end 2005. The efficiency ratio indicates how much is spent on non-interest expenses as a percentage of total revenue.

Assets at September 30, 2004 included \$220.8 million that was received from subscribers in the Company's minority stock offering. These subscription funds were subsequently refunded to subscribers in the quarter ended December 31, 2004 as a result of a change in the appraisal of the Company, which increased the valuation range of the minority stock offering. Following the refund to subscribers, the Company conducted a resolicitation and received \$153.1 million from subscribers. The Company's minority stock offering, however, was oversubscribed and as a result, \$97.2 million of the \$153.1 million of subscription funds received by the Company were returned to investors in the
