[Letterhead of PMB Helin Donovan, LLP]

Report of Independent Registered Public Accounting Firm

To: Plan Administrator, Investment, and Benefit Committees  
of Timberland Bank Employee Stock Ownership and 401(k) Plan

We have audited the accompanying statements of net assets available for benefits of the Timberland Bank Employee Stock Ownership and 401(k) Plan (the Plan) as of September 30, 2009 and 2008 and the related statement of changes in net assets available for benefits for the year then ended September 30, 2009. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in

Edgar Filing: TIMBERLAND BANCORP INC - Form 11-K

all material respects, the net assets available for benefits of the Plan as of September 30, 2009 and 2008, and the changes in net assets available for benefits for the year ended September 30, 2009, in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule H, line 4i schedule of assets (held at end of year) as of September 30, 2009 is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Notes to Financial Statements

-----  
 Timberland Bank Employee Stock Ownership and 401(k) Plan  
 September 30, 2009 and 2008

Note 1 - Plan Description and Basis of Presentation

The following description of the Timberland Bank Employee Stock Ownership and 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

Effective October 1, 2006 Timberland Bank ("Company") established the Plan by combining the existing Timberland Bank Employee Stock Ownership Plan and the Timberland Bank 401(k) Profit Sharing Plan. The Plan is comprised of two components, a defined contribution 401(k) plan and a leveraged employee stock ownership plan ("ESOP"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended ("Code"). The Plan is administered by Pentegra Retirement Services and Pentegra Trust Company is the trustee for Timberland Bancorp, Inc. stock and Reliance Trust Company is the trustee for all other funds in the plan. The Company is the wholly owned subsidiary of Timberland Bancorp Inc. ("Bancorp").

The Plan purchased Bancorp common stock using proceeds borrowed from Bancorp to fund the ESOP portion of the plan. The borrowing is to be repaid over a period of 21.25 years by fully deductible Company contributions to the Plan. As the Plan makes each payment of principal and interest, an appropriate percentage of stock is committed to be released and annually the Plan allocates committed stock to eligible employee accounts, in accordance with applicable Code regulations.

The borrowing is collateralized by unallocated shares of stock and guaranteed by the Company. Bancorp has no rights against shares once they are allocated under the Plan. Accordingly, the accompanying financial statements present, separately, assets and liabilities, and changes therein pertaining to:

- \* The accounts of employees with vested rights in allocated stock (Allocated)
- \* Stock not yet allocated to employees (Unallocated)

Voting Rights

Each participant may direct the trustee as to the voting rights attributable to shares of Bancorp common stock held in the ESOP component of the Plan,

## Edgar Filing: TIMBERLAND BANCORP INC - Form 11-K

which are allocated to the participant's stock account. Any allocated shares in which voting instructions are not received, unallocated shares, and shares held in the 401(k) component of the Plan are voted by the trustee in the same proportion as shares for which the trustee receives voting instructions.

### Eligibility

The Plan covers substantially all full-time employees of the Company who have one year of service and are 21 years of age or older. Employees are generally eligible to participate upon the completion of at least 1,000 hours of service within a 12-month period. Participants who do not have at least 1,000 hours of service during such Plan year, or who are not employed on the last working day of the Plan year, are not eligible for an allocation of the ESOP contribution for that year. The Plan provides entry dates on the first day of each calendar quarter.

5

### Notes to Financial Statements

---

Timberland Bank Employee Stock Ownership and 401(k) Plan  
September 30, 2009 and 2008

#### Note 1 - Plan Description and Basis of Presentation (continued)

##### 401(k) and Company Contributions and Participant Investment Options

The Plan participants may contribute into the 401(k) component up to the maximum of pretax annual compensation as set by law (\$16,500 for 2009 and \$15,500 for 2008). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions). The Company makes an annual safe harbor contribution of three percent of eligible compensation, with additional amounts contributed at the option of its Board of Directors. The Company also makes contributions necessary to repay the loan from the Bancorp that was used to acquire Bancorp stock.

Participants may direct the investments of their 401(k) salary deferral contributions, safe harbor contribution and the employer discretionary contribution, if any, into a variety of investment choices, which are more fully described in the Plan's literature.

Participants age 50 and older during the Plan year are permitted to make elective catch-up deferrals in accordance with Section 414(v) of the Code. For 2009 and 2008, the maximum catch-up deferral by law was \$5,500 and \$5,000, respectively.

##### Participant Accounts and Forfeitures

Each participant's account is credited with allocations of the (a) Company's safe-harbor and discretionary contributions, (b) Company stock released as a result of the ESOP loan repayments, (c) Participants 401(k) and catch-up contributions, (d) the Plan's earnings and (e) the forfeitures of terminated participants' nonvested accounts. ESOP allocations and Company discretionary contributions are based upon the relation of the participant's compensation to total eligible Plan compensation for the Plan year. Dividends from Bancorp common stock in the ESOP component are used, along with Company contributions, to make payments on the ESOP loan. Dividends earned on allocated shares are

## Edgar Filing: TIMBERLAND BANCORP INC - Form 11-K

credited to participant accounts in the form of Bancorp stock equal to the fair market value of the stock at the time of the dividend. Forfeited balances of terminated participant nonvested accounts are treated as discretionary contributions for the Plan year in which the forfeitures occur. Forfeitures allocated for the years ended September 30, 2009 and 2008, totaled \$10,936 and \$16,024, respectively for the ESOP part of the Plan. For the years ended September 30, 2009 and 2008, the 401(k) forfeitures totaled \$6,586 and \$16,884, respectively.

### Benefit Payments and Plan Amendments

On termination of service, a participant whose vested Plan accounts totaled \$1,000 or less will receive a lump-sum amount equal to the value of the vested interest in their account. A Participant whose vested Plan accounts exceed \$1,000 may leave the funds in the Plan or elect to receive a lump sum distribution or a distribution over a certain period in monthly, quarterly, semiannual or annual installments equal to the value of the vested interest in his or her accounts. A participants vested Plan accounts will be distributed upon attaining age 65, unless an election has been made to defer or accelerate the distribution of benefits. All distributions from the 401(k) component are in cash. Distributions from the ESOP component are in the form of Bancorp common stock or cash as elected by the participant. During the year ended September 30, 2009, the Plan distributed 7,964 shares of Bancorp common stock from the ESOP component.

6

### Notes to Financial Statements

---

Timberland Bank Employee Stock Ownership and 401(k) Plan  
September 30, 2009 and 2008

#### Note 1 - Plan Description and Basis of Presentation (continued)

##### Vesting

Participants are immediately vested in all deferral, rollover and safe harbor contributions, plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of accounts, the ESOP, plus earnings thereon, is based on years of credited service. Participants are fully vested after six years of credited service. A participant's accrued benefit derived from employer contributions is also 100% nonforfeitable upon attaining the age of 65, or if the participant's separation from service is a result of death or disability.

##### ESOP Component Diversification

Effective October 1, 2007, diversification is offered to a participant that has three years or more of service with the Company. They may diversify their entire ESOP balance or any portion they choose. The divestment may be directed into the same fund choices available for the 401(k) component of the plan. Divestment and reinvestment may occur once a month. During the plan year ended September 30, 2009 there were 706 shares or \$4,962 that were diversified out of the ESOP component of the Plan.

##### Plan Termination

The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon termination of the Plan, the interest of each participant will be distributed to the participant or to their beneficiary at

## Edgar Filing: TIMBERLAND BANCORP INC - Form 11-K

the time prescribed by the Plan terms and the Code. In the event of Plan termination, participants will become 100 percent vested in their accounts.

### Note 2 - Summary of Significant Accounting Policies

#### Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

#### Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and the disclosure of contingent assets and liabilities, at the date of the financial statements. Actual results could differ from those estimates.

#### Investment Valuation and Income Recognition

The Plan's investments at September 30, 2009 and 2008 consist of common collective trust funds and Bancorp common stock; both of which are stated at fair value. Quoted market prices are used to value shares of Bancorp common stock. The Plan's interest in the common collective trust funds are based on the fair values of the common collective trust funds' underlying investments, based on net asset value information reported by the investment manager (State Street Global Advisors) to the asset custodian (Reliance Trust Company) and trustee (Reliance Trust Company and Pentegra Trust Company). Fluctuations in market value are reflected as net appreciation (depreciation) in fair value of investments.

7

### Notes to Financial Statements

---

Timberland Bank Employee Stock Ownership and 401(k) Plan  
September 30, 2009 and 2008

#### Note 2 - Summary of Significant Accounting Policies (continued)

#### Investment Valuation and Income Recognition (concluded)

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recognized when earned. Dividends are recorded on the ex-dividend date.

As of December 31, 2008, the Plan adopted the FASB issued staff position on interim disclosures about fair value of financial instruments for financial assets and liabilities. The FASB guidance defines fair value, and increases disclosures surrounding fair value calculations.

#### Payment of Benefits

Benefits are recorded when paid.

#### Fully Benefit-Responsive Investment Contracts

As described in the Financial Accounting Standards Board ("FASB") Audit

**Edgar Filing: TIMBERLAND BANCORP INC - Form 11-K**

Guidance for Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the American Institute of Certified Public Accountants Investing Company Guide and Defined-Contribution Health and Welfare and Pension Plans, investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attributed for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a common collective trust fund. Contract value for this common collective trust fund is based on the net asset value of the fund, as reported by the investment manager. As required by the FASB guidance, the statements of net assets available for benefits present the fair value of the investment in the common collective trust funds as well as the adjustment of the investment in the common collective trust fund from fair value to contract value relating to the investment contracts. The statement of changes in net assets available for benefits is prepared on a contract value basis. The provisions of the FASB guidance for reporting of fully benefit-responsive investment contracts have been applied to the statement of net assets available for benefits as of September 30, 2009 and 2008.

**Note 3 - Tax Status**

The Plan obtained its latest determination letter dated December 19, 2001, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Code. The Plan has been amended since receiving the determination letter; however, the Plan Administrator believes the Plan is designed and operating in compliance with the applicable requirements of the Code.

**Note 4 - Administration of Plan Assets**

Certain administrative functions of the Plan are performed by officers and employees of the Company. No such officers or employees receive compensation from the Plan. The Company also retained the services of a third party to perform administrative functions. Administrative expenses are paid directly by the Company and approximated \$22,415 for the year ended September 30, 2009.

**Notes to Financial Statements**

During the year ended September 30, 2009 the Plan's investments, including gains and losses on investments bought and sold, as well as held during each period, appreciated (depreciated) in value as follows:

Stable Value Common Collective Trust Fund	\$ 6,071
Other common collective trust funds	(67,790)
Bancorp common stock	(3,553,991)
Net depreciation in fair value of investments	(\$3,615,710)

The Pentegra Stable Value Fund is a collective trust fund administrated by State Street Global Advisors. The average yield and crediting interest rates were approximately 2.3% and 2.9%, respectively for 2009.

Notes to Financial Statements

---

Timberland Bank Employee Stock Ownership and 401(k) Plan  
September 30, 2009 and 2008

Note 6 - Note Payable

On December 19, 2006, the Company approved the extension of the Plan's term loan agreement with the Bancorp, Inc. (a related party). The new agreement extends the maturity date of the note to March 31, 2019. The quarterly payments decreased to \$147,217 from \$234,269 with the interest rate remaining at 8.5 percent. The note is guaranteed by the Company and remains collateralized by unallocated shares of Bancorp common stock. The new annual principal and interest payments total \$588,870 and are due through maturity in 2019.

Note 7 - Employer Contributions

The Company is obligated to make contributions in cash to the Plan for the ESOP component, which, when aggregated with the Plan's dividends and interest earnings, equal the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest on the term loan of \$588,870 for the year ended September 30, 2009. In addition, the Company is obligated to make an annual safe-harbor contribution of three percent into the 401(k) component which was \$284,868 for the year ended September 30, 2009. At the discretion of the Board of Directors, the Company made an additional contribution to the 401(k) component for the year ended September 30, 2009 in the amount of two percent of total eligible participant compensation or \$189,879.

Note 8 - Risks and Uncertainties

## Edgar Filing: TIMBERLAND BANCORP INC - Form 11-K

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statement of net assets available for benefits.

### Note 9 - Trustee and Custodian Transfer

Effective June 1, 2009 the Trustee for the Timberland Bancorp, Inc. stock fund and the ESOP shares in the plan changed from Indiana Bank and Trust to Pentegra Trust Company. Reliance Trust Company became the Trustee for the remaining 401(k) funds and the Custodian for all funds and employer stock within the Plan. On June 30, 2009 all funds and ESOP shares were transferred to Reliance Trust Company as custodian.

September 30, 2009 and 2008

### Note 10 - Fair Value of Investments

As discussed in note 2, the Plan adopted the FASB guidance on fair value of financial instruments as of December 31, 2008. The FASB guidance established a three-tiered fair value hierarchy that prioritizes inputs to valuation techniques in fair value calculations. The three levels of inputs are defined as follows:

- Level 1 - unadjusted quoted prices for identical assets or liabilities in active markets accessible by the Company.
- Level 2 - inputs that are observable in the marketplace other than those inputs classified as Level 1
- Level 3 - inputs that are unobservable in the marketplace and significant to the valuation

The guidance from FASB on fair value of financial instruments requires the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs. If a financial instrument uses inputs that fall in different levels of the hierarchy, the instrument will be categorized based upon the lowest level of input that is significant to the fair value calculation.

The following table summarizes the balances of assets and liabilities measured at fair value on a recurring basis at September 30, 2009 (in thousands):

	Fair Value			Total Losses
	Level 1	Level 2	Level 3	
Available for Sale Securities				
Timberland Bancorp, Inc. common stock	\$ 5,797	\$ - -	\$ - -	\$ 5,797
Stable Value Fund	- -	571	- -	571
Other common collective trust funds	- -	5,678	- -	5,678
	-----	-----	-----	-----

Edgar Filing: TIMBERLAND BANCORP INC - Form 11-K

Total \$ 5,797 \$ 6,249 \$ - - \$12,046

Note 11 - Subsequent Events

The Company evaluates events that occur subsequent to the balance sheet date of periodic reports, but before financial statements are issued for periods ending on such balance sheets dates, for possible adjustment to such financial statements or other disclosure. This evaluation generally occurs through the date at which the Company's financial statements are available to be issued. For the financial statements as of and for the periods ending September 30, 2009, this date was March 19, 2010.
