Item 1.01 Entry into a Material Definitive Agreement

On May 23, 2013, Sweetpea Petroleum Pty Ltd (“Sweetpea”), the wholly-owned subsidiary of the registrant, executed a conditional agreement to sell its 50 million shares (24.22% interest) in Falcon Oil & Gas Australia Limited (“FOGA”) to Falcon Oil & Gas Ltd. (“Falcon”), which presently owns a 72.68% interest in FOGA. Upon completion of the agreement, Falcon would own 96.90% of the issued share capital of FOGA.

Consideration for Sweetpea’s FOGA shares consists of \$3 million in cash and 97.86 million Falcon shares (the “Falcon Shares”). Based on Falcon’s share price of CAD 0.20 at the time the share purchase transaction was agreed between the parties, the total value of the consideration is approximately CAD 22.6 million. The Falcon Shares would represent approximately 10.7% of Falcon’s issued share capital.

The Falcon Shares will be subject to an escrow agreement whereby the Shares are locked up for three years, with Sweetpea being permitted to sell 15% each year during the lock-up period.

Completion of the agreement is conditioned upon approval by a requisite majority of FOGA shareholders entitled to vote and receipt of approval from the TSX Venture Exchange, on which Falcon’s common stock trades. Falcon’s shares also trade on the AIM and ESM. The parties are hopeful that the transaction can be completed by the end of June 2013.

Falcon is an international oil and gas company engaged in the acquisition, exploration and development of conventional and unconventional oil and gas assets, with the current portfolio spread between Australia, South Africa and Hungary.

Receipt of the cash consideration for Sweetpea’s FOGA shares will enable it to continue to focus its efforts on the two exploration permits (EPs 136 and 143) granted in August 2012, which cover approximately 1.5 million acres in the Beetaloo Basin.

FOGA currently owns EPs 76, 98, 99 and 117. Sweetpea’s EPs 136 and 143 are adjacent to EPs 76, 99, and 117. As announced earlier by Falcon, Hess Australia (Beetaloo) Pty Limited (“Hess”) entered into a Beetaloo Basin Evaluation and Participation Agreement with FOGA in April 2011 with respect to EPs 76, 98 and 117, and has completed the acquisition of 3,600km of seismic at an estimated cost of \$55 million. Hess, which paid \$17.5 million to FOGA for the option, has until June 30, 2013 to commit to the drilling of five exploration wells on EPs 76, 98 and 117 to earn 62.5% in the exploration permits.
