First Quarter Trading Statement 2007

Basel, Switzerland, May 2, 2007

Sales in the first quarter of 2007 increased 9% to \$2.96 billion; sales at constant exchange rates (CER) were 6% higher reflecting the relative weakness of the US dollar.

In Crop Protection, sales were 6% higher (CER). In Europe, Africa and Middle East sales were driven by a continuing strong performance in Eastern Europe. In NAFTA, growth was achieved across the region, notwithstanding a slow start to the US planting season, with new products driving performance. In Asia Pacific, China and India generated strong growth, more than offsetting lower sales in Japan and Australia. A double-digit increase in sales was achieved in LATAM driven by a strong late season in Brazil and a good performance in Argentina.

Sales increased across all product lines. Professional Products benefited from early Seed Care demand and was augmented by the consolidation of Conrad Fafard Inc. Sales of new products rose 25% to \$363 million with ACTARA[®]/CRUISER[®], AXIAL[®] and AVICTA[®] all delivering strong performances.

Seeds sales increased 8% (CER). Corn and soybean sales rose 10%; growth in corn more than offset lower soybean sales due to a forecast acreage shift in the USA. Sales of Diverse Field Crops were slightly lower; Vegetables again delivered good growth, notably in Europe and Asia Pacific.

For the full year 2007, the company continues to target double digit growth in earnings per share*.

*Fully diluted, before restructuring and impairment and share repurchase program
