ITEM 1.01 ENTRY INTO A MATERIAL DEFINITIVE AGREEMENT.

1. On January 17, 2006, as part of its overall review of executive compensation for fiscal year 2006 and with the assistance of a compensation consulting firm, the Compensation Committee (the

"Compensation Committee") of the Board of Directors of Alleghany Corporation (the "Company") approved annual base salary adjustments for the President and chief executive officer and the four other most highly compensated executive officers of the Company. The current annual base salaries (as adjusted) of Messrs. Hicks, Gorham, Hart, Slattery and Sismondo (collectively, the "Named Executive Officers") are \$800,000, \$490,000, \$510,000, \$450,000 and \$260,000, respectively. In addition, the Compensation Committee approved annual base salary adjustments for the other officers of the Company.

2. Under the Company's 2005 Management Incentive Plan (the "2005 Management Plan"), the Compensation Committee has the authority to select the officers (including officers who are directors) to participate in the 2005 Management Plan (after consideration of management's recommendations), to establish the performance goals and to determine the amounts of incentive compensation bonus payable to any participant. On January 17, 2006, the Compensation Committee made awards under the 2005 Management Plan in respect of the year 2006, payable in early 2007, to the Named Executive Officers and other officers of the Company. The performance goal established by the Compensation Committee for these awards is based on 2006 Adjusted Earnings Per Share as compared with Target Plan Earnings Per Share for that year (as such terms are defined by the Compensation Committee pursuant to the 2005 Management Plan).
3. Consistent with the practice of granting performance shares on an annual basis, on January 17, 2006, the Compensation Committee awarded to the Named Executive Officers and other officers of the Company performance shares under the 2002 Long-Term Incentive Plan (the "Plan"). Each such performance share entitles the recipient thereof to a payout of cash and/or Common Stock (in such proportion as determined by the Compensation Committee) up to a maximum amount equal to the fair market value on the date of payout of one and one-half shares of Common Stock. The amount of any payout of such performance shares is measured by average annual compound growth in the Company's Book Value Per Share over the 2006-2009 award period; Book Value Per Share is the fully diluted stockholders' equity per share of the Company's Common Stock determined in accordance with generally accepted accounting principles, less all costs resulting from awards under the Plan. Pursuant to the terms of the performance shares, in the event of certain transactions involving the Company, various aspects of the performances shares awarded shall be equitably adjusted so that performance shares payable following the transaction shall equal, as nearly as possible, the performance shares which would have been payable in the absence of such transaction.
