PROXY STATEMENT

**FOR THE ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON NOVEMBER 19, 2009**

This proxy statement (Proxy Statement) applies to the solicitation of proxies by the Board of Directors (Board) of Harris Stratex Networks, Inc. (which we refer to as the Company, we, our, and ours) for use at the 2009 Annual Meeting of Stockholders, to be held at 2:30 p.m., local time, November 19, 2009, and any adjournments or postponements thereof. The annual meeting will be held at our facilities located at 120 Rose Orchard Way, San Jose, California. The telephone number at that location is (408) 943-0777. These proxy materials will be available over the Internet and for those that have requested to receive the materials in hard copy, the proxy materials are being mailed on or about October 7, 2009 to our stockholders entitled to notice of and to vote at the annual meeting.

ABOUT THE MEETING

What is the purpose of the meeting?

The purpose of the 2009 Annual Meeting of Stockholders is to obtain stockholder action on the matters outlined in the notice of meeting included with this Proxy Statement. All holders of shares of Class A common stock (the only Class of common stock issued and outstanding) of record at the close of business on September 22, 2009 are entitled to notice of and to vote at the Annual Meeting and all adjournments or postponements thereof. Our Class A common stockholders will vote to elect eight directors, ratify the appointment by our Audit Committee of Ernst & Young LLP as our independent registered public accounting firm for fiscal year 2010, approve the 2010 Employee Stock Purchase Plan, approve the Amended and Restated 2007 Stock Equity Plan and approve the Amended and Restated Certificate of Incorporation. In addition, management will report on its 2009 performance and respond to stockholders questions at the annual meeting.

What is the record date, and who is entitled to vote at the meeting?

The record date for the stockholders entitled to vote at the annual meeting is September 22, 2009. The record date was established by the Board as required by the Delaware General Corporation Law, or DGCL, and our Bylaws. Owners of record of shares of our common stock at the close of business on the record date are entitled to receive notice of the annual meeting and to vote at the annual meeting, and at any adjournments or postponements thereof. You may vote all shares that you owned as of the record date.

What are the voting rights of the holders of Harris Stratex common stock at the meeting?

Each outstanding share of our Class A common stock is entitled to one vote on each matter considered at the annual meeting. As of the record date of September 22, 2009, the number of outstanding shares of Class A common stock was 58,890,228.

From the time we acquired Stratex Networks, Inc. on January 26, 2007, Harris Corporation (Harris) owned 32,913,377 shares or 100% of our Class B common stock which approximated 56% of the total shares of our common stock. On March 31, 2009, Harris issued a press release announcing that its Board of Directors approved the spin-off to its shareholders of all the shares of the Company owned by Harris. The spin-off took place in the form of a taxable pro rata stock dividend payable on May 27, 2009 to the Harris shareholders of record as of 5:30 p.m. Eastern Time on May 13, 2009, the record date for the spin-off dividend. Harris shareholders received approximately 0.24 of a share of

our Class A common stock for every share of Harris common stock they owned on the record date. As such, following the distribution and as of the record date of September 22, 2009 for our annual meeting, only shares of our Class A common stock were outstanding and no shares of Class B common stock were outstanding.

Table of Contents

Who can attend the Annual Meeting?

Subject to space availability, all stockholders as of the record date, or their duly appointed proxies, may attend the meeting. Since seating is limited, admission to the meeting will be on a first-come, first-served basis.

If your shares are held in street name (that is, through a bank, broker or other holder of record) and you wish to attend the annual meeting, you must bring a copy of a bank or brokerage statement reflecting your stock ownership as of the record date to the annual meeting.

How do I vote?

Stockholders of record can direct their votes by proxy as follows:

Via the Internet: Stockholders may submit voting instructions to the proxy holders through the Internet by following the instructions included with the proxy card.

By Telephone: Stockholders may submit voting instructions to the proxy holders by telephone by following the instructions included with the proxy card.

By Mail: Stockholders may sign, date and return proxy cards in the pre-addressed, postage-paid envelope that will be provided if a printed proxy statement is requested.

At the Meeting: If you attend the annual meeting, you may vote in person by ballot, even if you have previously returned a proxy card.

If you are the beneficial owner of shares held in street name, the nominee holding your shares will send you separate instructions describing the procedure for voting your shares. Street name stockholders who wish to vote at the meeting will need to obtain a proxy form from the institution that holds their shares.

Why did I receive a one-page notice in the mail regarding the Internet availability of proxy materials this year instead of a full set of proxy materials?

Pursuant to SEC rules, we have provided access to our proxy materials over the Internet. Accordingly, we are sending a Notice of Internet Availability of Proxy Materials (the Notice) to our stockholders of record and beneficial owners. All stockholders will have the ability to access the proxy materials on a website referred to in the Notice or request a printed set of the proxy materials. Instructions on how to access the proxy materials over the Internet or to request a printed copy may be found in the Notice. In addition, stockholders may request delivery of annual meeting proxy materials in printed form by mail or electronically by email on an ongoing basis.

How can I access the proxy materials and annual report on the Internet?

This Proxy Statement, the form of proxy card, the Notice and our annual report on SEC Form 10-K for the fiscal year ended July 3, 2009 are available at www.proxydocs.com/HSTX.

Why are we soliciting proxies?

In lieu of personally attending and voting at the 2009 annual meeting, you can appoint a proxy to vote on your behalf. We are soliciting your vote so all shares of our Class A common stock may be voted at the annual meeting and have designated proxy holders to whom you may submit your voting instructions. The proxy holder for the annual meeting is our General Counsel and Secretary, Meena Elliott.

How do I revoke my proxy?

If the shares of Class A common stock are held in your name, you may revoke your proxy given pursuant to this solicitation at any time before your shares are voted by:

delivering a written notice of revocation to the Company's Secretary, Meena Elliott, at 120 Rose Orchard Way, San Jose, CA 95134;

executing and delivering a proxy card bearing a later date to the Company's Secretary at the same address;

Table of Contents

submitting another proxy by Internet or telephone (the latest dated proxy will control); or

attending the annual meeting and voting in person.

If your shares are held in street name, you should follow the directions provided by the nominee institution that holds your shares regarding proxy revocation. Your attendance at the annual meeting after having executed and delivered a valid proxy card will not in and of itself constitute revocation of your proxy.

What vote is required to approve each item?

The director nominees will be re-elected by a plurality of the votes cast. Our stockholders may not cumulate votes in the re-election of the director nominees. The director nominees receiving the highest number of affirmative votes of the shares present in person or by proxy at the annual meeting and entitled to vote will be elected. Ratification of the selection by our Audit Committee of Ernst & Young LLP as our independent registered public accounting firm and approval of each of the 2010 Employee Stock Purchase Plan and Amended and Restated 2007 Stock Equity Plan requires the affirmative vote of the majority of the stockholders present in person or by proxy at the annual meeting and entitled to vote. Approval of the Amended and Restated Certificate of Incorporation requires the affirmative vote of the majority of the stockholders entitled to vote at the annual meeting.

What constitutes a quorum, abstention, and broker non-votes ?

The presence at the annual meeting either in person or by proxy of a majority of the outstanding shares of our Class A common stock will constitute a quorum for the transaction of business at the annual meeting.

Under the DGCL, an abstaining vote and a broker non-vote are counted as present and are, therefore, included for purposes of determining whether a quorum of shares is present at the annual meeting. A broker non-vote occurs when a broker or other nominee holding shares in street name for a beneficial owner signs and submits a proxy or votes with respect to shares of common stock held in a fiduciary capacity, but does not vote on a particular matter because the nominee does not have the discretionary voting power with respect to that matter and has not received instructions from the beneficial owner or because the broker elects not to vote on a matter as to which it does have discretionary voting power. Under the rules governing brokers who are voting with respect to shares held in street name, brokers have the discretion to vote such shares on routine matters, but not on non-routine matters. Routine matters include the election of Class A Directors and the ratification of the selection of our independent public accounting firm. With respect to Proposal No. 1, which requires a plurality vote, broker non-votes will have no effect. With respect to Proposal No. 2 (ratification of the selection of our independent registered public accounting firm), Proposal No. 3 (approval of the 2010 Employee Stock Purchase Plan), and Proposal No. 4. (approval of the Amended and Restated 2007 Stock Equity Plan), each of which requires the affirmative vote of a majority of the shares present at the meeting and entitled to vote, broker non-votes will have the same effect as a negative vote. For Proposal No. 5 (approval of the Amended and Restated Certificate of Incorporation), which requires the affirmative vote of the majority of stockholders entitled to vote at the annual meeting, broker non-votes will have the same effect as a negative vote.

Who pays for the cost of solicitation?

We will bear the entire cost of solicitation, including the preparation, assembly, printing, and mailing of this Proxy Statement, the proxy card, and any additional solicitation materials that may be furnished to our stockholders and the maintenance and operation of the website providing Internet access to these proxy materials. We will reimburse brokerage firms and other custodians, nominees, and fiduciaries for reasonable expenses incurred in sending proxy materials to beneficial owners of our common stock and maintaining the Internet access for such materials and the

submission of proxies. We may supplement the original solicitation of proxies by mail, by solicitation by telephone, telegram, or other means by our directors, officers and employees. No additional compensation will be paid to these individuals for any such services.

What is the deadline for submitting proposals and director nominations for the 2010 Annual Meeting?

Stockholder Proposals. In order for stockholder proposals to be considered properly brought before our 2010 annual meeting, the stockholder's written notice thereof must be received by our Secretary at the address of our

Table of Contents

principal executive offices, not less than 60 days or more than 90 days prior to the meeting. However, in the event that we give less than 70 days prior notice or public disclosure of the annual meeting date, the notice must be received by our Secretary at the address noted above no less than 10 days following the date of our notice or public disclosure of the meeting. The full requirements for the notice are in Article II, Section 13 of our Bylaws, which is available for review at our website, www.harrisstratex.com. In addition, if a stockholder wishes the proposal to be considered for inclusion in our proxy materials for the 2010 annual meeting under SEC Rule 14a-8, written notice thereof must be received by our Secretary at the address noted above by June 10, 2010.

Nomination of Director Candidates. In order for a stockholder to nominate a director for election at our 2010 annual meeting, the stockholder's written notice thereof must be received by our Secretary, at the address of our principal executive offices, not less than 60 days or more than 90 days prior to the meeting. However, in the event that we give less than 70 days prior notice or public disclosure of the annual meeting date, the notice must be received by our Secretary at the address noted above no less than 10 days following the date of our notice or public disclosure of the meeting. The full requirements for the notice are contained in Article II, Section 14 of our Bylaws, which is available for review at our website, www.harrisstratex.com.

The proxies to be solicited by the Board for the 2010 annual meeting will confer discretionary authority on the proxy holders to vote on any stockholder proposal presented at such annual meeting if the Company fails to receive notice of such stockholder's proposal for the meeting in accordance with the periods specified above.

Who will count the votes?

An automated system administered by Mediant Communications LLC will tabulate the votes cast by proxy. A representative of Mediant Communications LLC will act as the inspector of elections for the annual meeting and will tabulate the votes cast in person at the annual meeting.

CORPORATE GOVERNANCE

We believe in and are committed to sound corporate governance principles. Consistent with our commitment to and continuing evolution of corporate governance principles, we adopted a Code of Business Ethics, Governance and Nominating Committee, Audit Committee and Compensation Committee charters and corporate governance guidelines. The committee charters are available at <http://www.harrisstratex.com/cg/committee-charters.asp>. Each of our Board committees is required to conduct an annual review of its charter and applicable guidelines.

Board Members

The Board is composed of eight members, of whom four are Class A directors and four are Class B Directors. Directors are nominated by the Governance and Nominating Committee of the Board. All directors except Mr. Braun have held office as directors since January 26, 2007, the date of the contribution by Harris of the Microwave Communications Division of Harris, or MCD, and our merger with Stratex Networks, Inc., or Stratex. Mr. Braun became a director on April 8, 2008. Mr. Howard Lance, a former Class B director, resigned his position as a director of the company on May 27, 2009. The Board is chaired by Mr. Kissner.

* The Class A and Class B director designations reflect the election of the directors by Class A and Class B common stockholders at our 2008 Annual Meeting when both Class A and Class B common stock was outstanding. As Class A common stock is the only class of common stock that is and will be outstanding, going forward, there will only be one class of directors.

The Board has determined that as of the date of this Proxy Statement, each of our current directors except Messrs. Kissner and Braun has no material relationship with the Company and is independent in accordance with listing rules of the NASDAQ stock market (the "NASDAQ Listing Rules"). As a result of Harris Corporation's spin-off of its shares of our common stock to its stockholders on May 27, 2009, we are no longer considered a "controlled" entity under the NASDAQ Listing Rules and the exemptions from the director independence requirements available to "controlled" entities are being phased out. We believe we already satisfy all such requirements except the requirement that all members of our nominating committee be independent. Under the NASDAQ phase-out rules, this requirement will become applicable on May 27, 2010. All current members of our Governance and Nominating Committee will meet the NASDAQ criteria of independence starting on January 26, 2010.

All directors are requested to attend the annual meeting of stockholders. Seven of our directors attended last year's annual meeting.

Board and Committee Meetings and Attendance

During fiscal year 2009, the Board held 18 meetings. Each of our board members attended at least 75 percent of the total number of Board meetings and at least 75 percent of the total number of meetings of the committee or committees on which the member served during the fiscal year.

4 meetings and (b) the Nominating Committee were Messrs. Hasler (Chairman), Higginson, Kissner and Thompson and the committee had 1 meeting. Mr. Lance resigned from the Company Board on May 27, 2009.

Audit Committee

The Audit Committee is primarily responsible for selecting and approving the services performed by our independent registered public accounting firm, as well as reviewing our accounting practices, corporate financial reporting and system of internal controls over financial reporting. The Audit Committee currently consists of Messrs. Evans, Hasler and Thompson (Chairman). No material amendments to the Audit Committee Charter were made during fiscal year 2009. The Audit Committee is comprised of independent, non-employee members of our Board who are financially sophisticated under the NASDAQ Listing Rules.

The Board has determined that Messrs. Thompson and Hasler each qualifies as an audit committee financial expert, as defined under Item 407(d)(5)(i) of Regulation S-K under the Securities Act of 1933 and the Securities Exchange Act of 1934, but that status does not impose on either of their duties, liabilities or obligations that are greater than the duties, liabilities or obligations otherwise imposed on them as members of our Audit Committee and the Board.

Compensation Committee

The Compensation Committee has the authority and responsibility to approve our overall executive compensation strategy, to administer our annual and long-term compensation plans and to review and make recommendations to the Board regarding executive compensation. The Compensation Committee is comprised of independent, non-employee members of the Board in accordance with NASDAQ Listing Rules. The Compensation Committee also retains an independent compensation consultant who advises on matters of executive compensation.

Compensation Committee Interlock and Insider Participation

The Compensation Committee currently consists of Mr. Clifford H. Higginson, Dr. Mohsen Sohi and Dr. James C. Stoffel (Chairman). None of these individuals is an officer or former officer of the Company. None of our executive officers served on the board of directors or compensation committee of Harris or any other entity during the past fiscal year.

Governance and Nominating Committee

As noted above, during fiscal year 2009, the Corporate Governance Committee and Nominating Committee were separate committees. During fiscal year 2009, the Corporate Governance Committee consisted of Messrs. Hasler (Chairman), Kissner and Lance and the Nominating Committee consisted of Messrs. Hasler (Chairman), Higginson, Kissner and Thompson. The Governance and Nominating Committee consists of Messrs. Hasler (Chairman), Higginson, and Kissner. Messrs. Hasler and Higginson meet the independence requirements of the NASDAQ Listing Rules and Mr. Kissner will meet the independence requirements of the NASDAQ Listing Rules effective January 26, 2010. Per the NASDAQ Listing Rules for phase-in compliance for companies ceasing to be a controlled company, the committee may include, until May 27, 2010, a number of members not meeting the independence requirements of the NASDAQ Listing Rules so long as the number of such non-independent members is less than the number of independent members of the committee.

The Governance and Nominating Committee identifies best practices and recommends steps consistent with sound and current corporate governance principles and assists the Board in selecting nominees for election to the Board and recommends candidates to the Board. The Governance and Nominating Committee periodically reviews whether a more formal selection policy should be adopted. There is no difference in the manner in which the Governance and

Nominating Committee members evaluate nominees for director based on whether the nominee is recommended by a stockholder. We currently do not pay a third party to identify or assist in identifying or evaluating potential nominees, although we may in the future utilize the services of such third parties.

Table of Contents

In reviewing potential candidates for the Board, the Governance and Nominating Committee considers the individual's experience and background. Candidates for the position of director should exhibit proven leadership capabilities, high integrity, exercise high level responsibilities within their chosen career, and possess an ability to quickly grasp complex principles of business, finance, international transactions, and communication technologies. In general, candidates will be preferred who hold an established executive level position in business, finance, law, education, research, government or civic activity. In making its selection, the Governance and Nominating Committee bears in mind that the foremost responsibility of a director of a corporation is to represent the interests of the stockholders as a whole. The Board intends to continue to evaluate candidates for election to the Board on the basis of the foregoing criteria.

Stockholder Communications with the Board

Stockholders who wish to communicate directly with the Board may do so by sending an e-mail to Meena Elliott, the Company's General Counsel and Secretary, at hsxbod@hstx.com, or may send a letter addressed to: Harris Stratex Networks, Inc. Board, c/o Meena Elliott, General Counsel and Secretary, 120 Rose Orchard Way, San Jose, CA 95134. The General Counsel and Secretary monitors these communications and provides a summary of all received messages to the Board at its regularly scheduled meetings. When warranted by the nature of communications, the General Counsel and Secretary may obtain more immediate attention of the appropriate committee or independent director of the Board, independent advisors, or management. The General Counsel and Secretary may decide in her judgment whether a response to any stockholder communication is appropriate.

Code of Conduct

We implemented our Code of Conduct effectively on January 26, 2007. All of our employees, including the Chief Executive Officer, Chief Financial Officer and Principal Accounting Officer, are required to abide by the Code of Conduct to help ensure that our business is conducted in a consistently ethical and legal manner. The Audit Committee has adopted a written policy, and management has implemented a reporting system, intended to encourage our employees to bring to the attention of management and the Audit Committee any complaints regarding the integrity of our internal system of controls over financial reporting, or the accuracy or completeness of financial or other information related to our financial statements.

TRANSACTIONS WITH RELATED PERSONS

It is the policy and practice of our Board to review and assess information concerning transactions involving related persons. Related persons include our directors and executive officers and their immediate family members, and included our majority stockholder, Harris, prior to its spin-off of our shares to its stockholders. If the determination is made that a related person has a material interest in a transaction involving us, then the disinterested members of our Board would review and approve or ratify it, and we would disclose the transaction in accordance with SEC rules and regulations. If the related person is a member of our Board, or a family member of a director, then that director would not participate in any discussion involving the transaction at issue.

Our Code of Conduct prohibits all employees, including our executive officers, from benefiting personally from any transactions with us other than approved compensation benefits.

Harris Corporation

During fiscal year 2009, and prior to the May 27, 2009 spin-off of our shares of common stock to the stockholders of Harris, Harris was a significant related party to us through its 56 percent ownership of our common stock. We had an investor agreement with Harris, which terminated at the time of the spin-off, that provided that Harris would not, and

would not permit any of its affiliates to, directly or indirectly, enter into any transaction or series of related transactions with us or any of our subsidiaries unless (i) the transaction was on arm's length terms and (ii) if it had a fair market value of more than \$5 million, the transaction was approved in advance by a majority of the Class A directors (with certain exceptions).

Table of Contents

Prior to the Harris spin-off, we shared a directors and officers insurance policy with Harris. The primary layer was available to Harris and the Company on a first-case, first-served basis.

Prior to the Stratex merger, some of the former MCD executives were awarded options to purchase Harris common stock. In accordance with Statement of Financial Accounting Standards No. 123(R) Share-Based Payment (SFAS 123(R)), we recognized these expenses and have reimbursed Harris with cash in the amount of \$0.1 million in respect of fiscal year 2009.

Prior to the Stratex merger, Harris provided information services, human resources, financial shared services, facilities, legal support and supply chain management services to us. The charges for those services were billed to us primarily based on actual usage. On January 26, 2007, we entered into a Transition Services Agreement with Harris to provide for certain services during the periods subsequent to the Stratex acquisition. These services also are charged to us based primarily on actual usage and include database management, supply chain operating systems, eBusiness services, sales and service, financial systems, back office material resource planning support, HR systems, internal and information systems shared services support, network management and help desk support, and server administration and support. During fiscal 2009, we incurred charges of \$5.5 million for these services from Harris. We intend to continue to utilize select services from Harris and have extended the terms of the Transition Services Agreement.

We have sales to, and purchases from, other Harris entities from time to time. Prior to January 26, 2007, the entity initiating the transaction sold to the other Harris entity at cost or transfer price, depending on jurisdiction. The entity making the sale to the end customer recorded the profit on the transaction above cost or transfer price, depending on jurisdiction. Subsequent to January 26, 2007, these purchases and sales were recorded at market price. Our sales to other Harris entities were \$6.0 million in fiscal 2009. We also recognized costs associated with related party purchases from Harris of \$3.3 million for fiscal 2009.

Additionally, we have other receivables and payables in the normal course of business with Harris. Total receivables from Harris were \$6.4 million as of July 3, 2009. Total payables to Harris were \$3.3 million as of July 3, 2009.

Prior to January 26, 2007, MCD used certain assets in Canada owned by Harris that were not contributed to us with Harris. We continue to use these assets in our business and we entered into a 5-year lease agreement to accommodate this use. This agreement is a capital lease under generally accepted accounting principles. As of July 3, 2009, our lease obligation to Harris was \$1.4 million of which \$0.5 million is a current liability and the related asset amount, net of accumulated amortization of \$1.4 million is included in property, plant and equipment. Quarterly lease payments are due to Harris based on the amount of 103% of Harris annual depreciation calculated in accordance with U.S. generally accepted accounting principles.

During fiscal 2009 we paid Harris \$1.4 million under this capital lease obligation. Our amortization expense on this capital lease was \$1.1 million, \$1.8 million and \$0.8 million in fiscal 2009, 2008 and 2007. As of July 3, 2009, the future minimum payments for this lease are \$0.8 million for fiscal 2010, \$0.5 million for fiscal 2011 and \$0.2 million for fiscal 2012.

We have entered into a tax sharing agreement with Harris which provides that if our financial results are required to be included in a Harris consolidated, combined, or unitary income or franchise tax return, or vice versa, the parties will consent to the inclusion of such results in the combined return. We have agreed to reimburse Harris for any tax liability of ours reflected in a Harris tax return (and vice versa), and Harris has agreed to reimburse us for use of any tax benefits of ours that are used by Harris in its tax return (and vice versa). These arrangements also apply to our subsidiaries as well as to those of Harris Corporation, although for purposes of the tax sharing agreement, neither we nor our subsidiaries are considered subsidiaries of Harris Corporation. There were no settlement payments under these

arrangements during the fiscal year ended July 3, 2009.

During fiscal 2007, our Singapore subsidiary issued 8,250 redeemable preference shares to the Company which, in turn, sold the shares to two unrelated investment companies at par value for total sale proceeds of \$8.25 million. Upon original issuance in fiscal 2007, Harris guaranteed redemption of these preference shares directly with these two unrelated investment companies through the existence of put option arrangements. During May 2009, one of these unrelated investment companies exercised a put option with Harris and sold its entire

Table of Contents

interest in 3,250 redeemable preference shares at face value to Harris. Accordingly, Harris owns this partial interest in our Singapore subsidiary's redeemable preference shares outstanding as of July 3, 2009. These redeemable preference shares represent less than a 1% interest in our Singapore subsidiary. The redeemable preference shares have an automatic redemption date of January 2017, which is 10 years from the date of issue. Preference dividends are cumulative and payable quarterly in cash at the rate of 12% per annum. The holders of the redeemable preference shares have liquidation rights in priority of all classes of capital stock of our Singapore subsidiary. The holders of the redeemable preference shares do not have any other participation in, or rights to, our profits, assets or capital shares, and do not have rights to vote as a shareholder of the Singapore subsidiary unless the preference dividend or any part thereof is in arrears and has remained unpaid for at least 12 months after it has been declared. During fiscal 2009, 2008 and 2007, preference dividends totaling \$1.0 million, \$1.0 million and \$0.4 million were recorded as interest expense in the our consolidated statements of operations. We have classified the redeemable preference shares as a long-term liability due to the mandatory redemption provision 10 years from issue date. Our Singapore subsidiary has the right at any time after 5 years from the issue date to redeem, in whole or in part, the redeemable preference shares as follows: 105% of the issue price after 5 years but before 6 years from issue date; 104% of the issue price after 6 years but before 7 years from issue date; 103% of the issue price after 7 years but before 8 years from issue date; 102% of the issue price after 8 years but before 9 years from issue date; 101% of the issue price after 9 years but before 10 years from issue date and 100% of the issue price at the automatic redemption date of 10 years from issue date.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The Audit Committee currently consists of three members of the Board, each of whom is independent of the Company and its management, as defined in the NASDAQ Listing Rules. The Board has adopted, and periodically reviews, the Audit Committee charter. The charter specifies the scope of the Audit Committee's responsibilities and how it carries out those responsibilities.

The Audit Committee reviews management's procedures for the design, implementation, and maintenance of a comprehensive system of internal controls over financial reporting and disclosure controls and procedures focused on the accuracy of our financial statements and the integrity of our financial reporting systems. The Audit Committee provides the Board with the results of its examinations and recommendations and reports to the Board as it may deem necessary to make the Board aware of significant financial matters requiring the attention of the Board.

The Audit Committee does not conduct auditing reviews or procedures. The Audit Committee monitors management's activities and discusses with management the appropriateness and sufficiency of our financial statements and system of internal control over financial reporting. Management has primary responsibility for the Company's financial statements, the overall reporting process and our system of internal control over financial reporting. Our independent registered public accounting firm audits the financial statements prepared by management, expresses an opinion as to whether those financial statements fairly present our financial position, results of operations and cash flows in

conformity with accounting principles generally accepted in the United States, or GAAP, and discusses with the Audit Committee any issues they believe should be raised with us.

The Audit Committee reviews reports from our independent registered public accounting firm with respect to their annual audit and approves in advance all audit and non-audit services provided by our independent auditors in accordance with applicable regulatory requirements. The Audit Committee also considers, in advance of the provision of any non-audit services by our independent registered public accounting firm, whether the provision of such services is compatible with maintaining their independence.

In accordance with its responsibilities, the Audit Committee has reviewed and discussed with management the audited financial statements for the year ended July 3, 2009 and the process designed to achieve compliance with Section 404 of the Sarbanes-Oxley Act of 2002. The Audit Committee has also discussed with our independent registered public accounting firm, Ernst & Young LLP, the matters required to be discussed by SAS No. 61,

The Audit Committee has received the written disclosures and letter from Ernst & Young LLP required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees as adopted by the PCAOB in Rule 3600T, and has discussed with Ernst & Young LLP its independence, including whether Ernst & Young LLP's provision of non-audit services is compatible with its independence.

Remediation of Material Weaknesses in Internal Control over Financial Reporting

The Company's management report on internal control over financial reporting for the fiscal year ended June 27, 2008 described material weaknesses in our internal control over financial reporting. These material weaknesses continued to exist during the first three quarters of fiscal 2009, during which time management was engaged in the implementation and testing of remedial measures designed to address these material weaknesses. In the fourth quarter of fiscal 2009, management completed testing of the design and operating effectiveness of enhanced controls to demonstrate their operating effectiveness over a period of time sufficient to support our conclusion that, as of July 3, 2009, management had remediated the previously reported material weaknesses in the Company's internal control over financial reporting.

During fiscal 2009, management implemented the following changes in the Company's internal control over financial reporting to address previously reported material weaknesses:

1. Management designed and/or implemented several key initiatives to strengthen internal control over project cost variances.

Management now generates and reviews a project work in process exposure report each quarter to ensure work in process is properly relieved of costs.

Management has trained appropriate personnel in the methods of review of the project costs and created a high-level awareness of the importance of more thorough project cost reviews.

Management conducts regular reviews to ensure the timely closing of projects.

Management ensures that project costs are properly reconciled and aged balances are evaluated on a quarterly basis.

2. Management designed and/or implemented several key initiatives to strengthen the Company's process for reconciling balance sheet accounts.

Management accelerated the on-going implementation of software tools to track the account reconciliation process with all major subsidiaries now tracked.

Management instituted procedures to ensure the timely completion of account reconciliations supported by a sub-ledger or other independent documentation or calculation with 100% of key account reconciliations now prepared, reviewed, and approved prior to filing financial statements.

Management dedicated additional resources to ensure timely reviews of account reconciliations and resolution of aged balances and reconciling items.

Changes in Internal Control over Financial Reporting

The Company's remediation of the material weaknesses described above during the quarter ended July 3, 2009 has materially affected our internal control over financial reporting.

Based on these reviews and discussions, the Audit Committee recommended to the Board that the Company's audited financial statements for the year ended July 3, 2009 be included in Company's Annual Report on Form 10-K.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Overview

This Compensation Discussion and Analysis, which has been prepared by management, is intended to help our stockholders understand our executive compensation philosophy, objectives, elements, policies, practices and

decisions. It is also intended to provide context for the compensation information for our CEO, current and former CFO and the three other most highly compensated executive officers (our named executive officers) detailed in the Summary Compensation Table below, in the other tables and narrative discussion that follow.

Compensation Philosophy and Objectives

Our total executive compensation program was developed with primary objectives being recruiting, retaining and developing exceptional executives, enabling those individuals to achieve strategic and financial goals, rewarding superior performance and aligning the interests of our executives with our stockholders. The following principles guide our overall compensation program:

Reward superior performance;

Motivate our executives to achieve strategic, operational, and financial goals; and

Enable us to attract and retain a world-class management team.

Table of Contents

The Compensation Committee conducts an annual review of the executive compensation program in an effort to ensure our executive compensation policies and programs remain appropriately aligned with evolving business needs, and to consider best compensation practices.

Executive Compensation Process

The Compensation Committee has oversight responsibility for the establishment and implementation of compensation policies and programs for our executive officers in a manner consistent with our compensation objectives and principles. The Compensation Committee, which is comprised solely of independent directors, reviews and approves the features and design of our executive compensation program, and approves the compensation levels, individual objectives and financial targets for our executive officers other than our CEO. The Board of Directors approves the compensation level and individual objectives and financial targets for our CEO. The Compensation Committee also monitors executive succession planning and monitors our performance as it relates to overall compensation policies for employees, including benefit and retirement plans.

In carrying out its responsibilities, the Compensation Committee may engage outside consultants and consult with our Human Resources Department as well as internal and external legal or accounting advisors, as the Compensation Committee determines to be appropriate. The Compensation Committee considers recommendations from our CEO and senior management when making decisions regarding our executive compensation program and compensation of our executive officers. Following each fiscal year end, our CEO, assisted by our Human Resources Department, assesses the performance of all named executive officers and other officers. Following this annual performance review process, our CEO recommends base salary and incentive and equity awards for our named executive officers and other officers to the Compensation Committee. Based on input from our CEO and management, as well as from independent consultants, if any were used, the Compensation Committee determines what changes, if any should be made to the executive compensation program and either sets or recommends to the full Board the level of each compensation element for all of our officers.

Competitive Benchmarking

Our compensation program for all of our officers is addressed in the context of competitive compensation practices. Our management and Compensation Committee consider external data to assist in benchmarking total target compensation. For fiscal 2009, targets for total cash compensation (salary and bonus) for all officers were set using a benchmark group of companies contained within the National High Tech Survey published by Radford Surveys and Consulting (the Radford Survey) for technology companies with revenues between \$500 million and \$1.5 billion. Targets for long-term equity compensation were set using data collected by Towers Perrin. In determining compensation for our CEO, Mr. Harald J. Braun, the Compensation Committee utilized the services of Towers Perrin to provide advice and information to the Compensation Committee related to CEO compensation and prepared an assessment of the total direct compensation levels for the CEO position in the Radford Survey data and from publicly available proxy statements. The companies selected for total direct compensation benchmarking possess the following attributes: business operations in the industries and businesses in which we participate, with revenues between \$500 million and \$1.5 billion that compete for the same executive talent.

Table of Contents

For fiscal 2009, the comparison group used for assessing the compensation of our CEO and our named executive officers included the following companies:

3COM Corp.	ADC Telecommunications, Inc.
Arris Group Inc.	Avocent Corp.
Black Box Group	Ciena Group
Comtech Telecommunications Corp.	Dycom Industries, Inc.
F5 Networks, Inc.	Foundry Networks, Inc.
Hughes Communications Inc.	JDS Uniphase Corp.
Itron, Inc.	MasTec Inc.
Loral Space & Communications Ltd.	NETGEAR Inc.
Orbital Sciences Corp	Plantronics Corp.
Polycom Inc.	Tekelec
ViaSat Inc.	

The Compensation Committee annually reviews the appropriateness of the comparison group used for assessing the compensation of our CEO and other named executive officers.

Total Compensation Elements

Our executive compensation program includes four major elements:

base pay

annual cash incentive

long-term compensation equity incentives

post-termination compensation

Each named executive officer's performance is measured against factors such as long and short-term strategic goals and financial measures of our performance, including factors such as revenue, operating income, net income, and cash flow from operations.

Our compensation policy and practice is to target total compensation levels for all officers, including our named executive officers, nominally at the 50th percentile for similar positions as derived from the Radford Survey and Towers Perrin data, assuming experience in the position and competent performance. The Compensation Committee may decide to target total compensation above or below the 50th percentile for similar positions in unique circumstances based on an individual's background, experience or position. Though compensation levels may differ among our named executive officers based upon competitive factors and the role, responsibilities and performance of each named executive officer, there are no material differences in our compensation policies or in the manner in which total direct compensation opportunity is determined for any of our named executive officers. Because our CEO has significantly greater duties, responsibilities and accountabilities than our other named executive officers, the total compensation opportunity for the CEO is higher than for our other named executive officers.

2009 Cash Compensation

Base Salary. Base salaries are provided as compensation for day-to-day responsibilities and services to us. Executive salaries are reviewed annually. To determine compensation for fiscal year 2009, our CEO made recommendations regarding each named executive officer's base pay to the Compensation Committee in August 2008. The Compensation Committee considered each executive officer's responsibilities, as well as the Company's performance and recommended increases in base salary for select named executive officers and other officers. The base salaries for fiscal 2009 for our named executive officers are set forth in the Summary Compensation Table.

Table of Contents**Short-Term Incentive Compensation Award**

Incentive Pay. The short-term incentive element of our executive compensation program consists of an all cash-based Annual Incentive Plan, or AIP. Based on recommendations by the CEO, the Compensation Committee sets an annual incentive compensation target, expressed as a percentage of base salary, for each executive officer in August. The Compensation Committee recommends to the Board the target for our CEO at the same time. The Compensation Committee also establishes specific Company financial performance measures and targets including the relative weighting and payout thresholds. The financial targets are aligned with our Board-approved annual operating plan, and during the year periodic reports are made to the Board about our performance compared with the targets. Under the AIP, a significant portion of the executive's annual cash compensation is tied directly to our financial performance. Our Board may adjust the formula-based cash awards plus or minus 20% with respect to the awards to our CEO. Our CEO is authorized to adjust individual formula-based cash awards plus or minus 20% to recognize the unique contributions of each other executive officer. The target amount of annual incentive cash compensation under our AIP, expressed as a percentage of base salary, generally increases with an executive's level of management responsibility. AIP target cash incentive can represent 50%–100% of the base cash compensation for our named executive officers. If performance results meet target levels, our executives can earn 100% of their target cash incentive. No cash incentive can be earned for performance below the minimum threshold; however, at 120% of target levels for revenue and 125% of target levels for operating income, executives can earn 200% of their target cash incentive.

For fiscal year 2009, the AIP contained minimum thresholds and payout ratios for both performance measures and assigned a weight of 50% to revenue and 50% to operating income. The change to the 50/50 weighting from the 60/40 weighting used in prior fiscal years reflects the desire to bring a balanced focus to revenue and operating income instead of encouraging a stronger focus on one over the other. The target amounts were established in August 2008. The operating income performance measure included a condition that the Company achieve a minimum of \$59 million in cash flow from operations. Performance relative to each measure was evaluated independently (see Table 1, below), and the plan provided for zero payout unless Company performance met at least one target threshold percentage. The revenue target for fiscal year 2009, \$782 million, was computed in accordance with generally accepted accounting principles, or GAAP. The operating income target for fiscal year 2009, \$97 million, was computed based on GAAP results with certain non-GAAP adjustments. Applying non-GAAP adjustments to the operating income focuses this part of the AIP incentive on more controllable aspects of the income statement. Fiscal year 2009 non-GAAP operating income excluded \$373 million of pre-tax charges comprised of \$311.6 million for goodwill and intangible assets impairment charges, \$29.8 million for product transition charges, \$14.9 million amortization of purchased intangibles, \$11.1 million restructuring and stock compensation expense and \$5.6 million for write-off of acquired in-process R&D and software.

Operating Income, (50)%	Minimum Threshold	80	50

	Maximum Threshold	125	200

The fiscal year 2009 AIP did not guarantee payout of the target amounts, and the Compensation Committee considered the revenue and operating income targets to be challenging. During the 2009 fiscal year AIP, we achieved approximately 87% percent of the revenue target and did not achieve the operating income target. Although we did not achieve the minimum revenue target, upon the recommendation by the Compensation Committee, our Board awarded a fiscal AIP in the amount that would have been payable upon achievement of the revenue threshold of 90% of the revenue target, with the Chief Executive Officer to have discretion to vary the

Table of Contents

formula plus or minus 20%. In making its recommendation, the Committee considered management's financial performance to be above average as compared to the financial performance of competitors, given the current macro-economic environment. Our named executive officers received approximately 24.2 percent of their total target cash available under this plan. The specific amount paid to each named executive officer is shown on the Summary Compensation Table. Our Board awarded \$200,000 to our Chief Executive Officer, which represented approximately 28.7 percent of his base salary. We expect short-term incentive pay to continue to be a component of our total executive compensation program, and the Compensation Committee reviewed and recommended to the Board and the Board agreed, that the metrics and the weighting mix remain the same for fiscal year 2010.

Long-Term Incentive Compensation Awards

The Long-Term Incentive Plan (LTIP) is one of the elements of our executive compensation program. The Compensation Committee uses this plan as a means for determining awards of stock options, stock appreciation rights, restricted shares, restricted stock units, performance shares, and other stock-based awards to our officers and other executives based on multi-year performance. All of the awards are granted under the 2007 Stock Equity Plan.

Our LTIP is designed to motivate our executives to focus on achievement of our long-term financial goals. Performance share grants motivate our executives to achieve our long-term goals and to the extent our results affect our stock price, link such results with the performance of our stock over a three-year period. Using equity awards helps us to retain executives, encourage share ownership and maintain a direct link between our executive compensation program and the value and appreciation in the value of our stock. For fiscal year 2009, the Compensation Committee has authorized Long Term Incentive Plan awards that will provide incentives for performance through fiscal year 2011.

Performance Shares. In general, the Compensation Committee determines the applicable multi-year performance criteria and plan cycle for performance share awards with a view to allowing the shares to be earned, if the performance criteria are met, at the end of each 3-year plan cycle. Under the fiscal year 2009 long-term equity incentive awards, performance shares are earned if 90% of target income from operating income or 75% of target return on invested capital is achieved. Income from operations and return on invested capital is calculated by applying GAAP principles, adjusted for certain Committee approved exclusions, which may include items such as charges incurred for restructurings, impairments, acquisitions. The maximum possible entitlement to performance shares will occur if 120% of both targets is achieved. In addition, irrespective of performance versus target, there is no entitlement to performance shares unless the award recipient continues to be employed throughout the multi-year period. Further, the LTIP allows for an accelerated payout of up to 50% of target shares based on the cumulative results achieved at the end of fiscal year 2010.

Table 2, below, outlines the metrics of the performance share plan adopted in fiscal year 2009.

Table of Contents

LTIP awards made in fiscal 2009, with a performance measurement period of fiscal years 2010-2011, were composed of 50% stock options and 50% performance-based restricted stock awards. The LTIP awards made in fiscal 2010, with a performance measurement period of fiscal years 2010-2012, were composed of 33 1/3% stock options, 33 1/3% service-based restricted stock units and 33 1/3% performance-based restricted stock awards. (In both cases, the proportions are measured by the estimated GAAP expense associated with the awards.) The stock options vest over a three-year period with 50% vesting in the first year and 25% in each of the following two years. The performance shares vest over a three-year cliff vesting schedule and the restricted stock units vest 33% on the anniversary of the award.

The Committee believes that each type of equity component addresses different compensation objectives. Stock options provide a leverage opportunity and alignment with shareholder interests. Restricted Stock encourages retention of key executives. Performance-based restricted stock awards encourage a stronger operational focus.

Stock Options. Stock options directly align the interests of executives and shareholders as the options only result in gain to the recipient if our stock price increases above the exercise price of the options. In addition, options are intended to help retain key employees because they vest over a period of three years, and to assist hiring new executives by replacing the value of stock options that may have been forfeited as a result of leaving a former employer. Generally, options are granted with an exercise price equal to the fair market value of the Class A common stock on the grant date, which is the closing price on the NASDAQ Global Market on that date. Typically, the Compensation Committee awards stock options that vest and become exercisable solely on the basis of continued employment, or other service, usually over three years, with 50 percent vesting on the first anniversary of the date of the grant and an additional 25 percent vesting on the second and third anniversaries of the date of the grant.

Restricted Stock Awards or Units. Restricted stock awards are awards of stock at the start of a vesting or performance period which is subject to forfeiture or repurchase for nominal consideration if the specified vesting or other conditions are not satisfied. Restricted stock units are commitments to award shares of stock at the end of a vesting or performance period if the vesting or other conditions are satisfied. Apart from the use of restricted stock units as part of the LTIP, awards of restricted shares or units may be made on a selective basis to individual executives primarily to facilitate retention and succession planning or to replace the value of equity awards that may have been forfeited as a result of the executive's leaving a former employer. For compensation planning purposes, awards of restricted shares or restricted share units are valued at the fair market value of the shares on the date of award, which is the closing price on the NASDAQ Global Market on that date, without reduction to reflect vesting or other conditions.

Key Employee Stock Option Program. For non-executive key employees, the Board has authorized management to award stock options to purchase up to 1,269,530 shares of our Class A common stock under the proposed Amended and Restated 2007 Stock Equity Plan if that plan is approved by stockholders (see Proposal No. 4). The purpose of the key employee stock options is to motivate and reward employees for superior performance. The key employee stock option plan is also intended to help the Company present an equity incentive program for its non-executive employees that is competitive with those offered by other employers.

Stock Ownership Guidelines

While we do not have a minimum stock ownership requirement for members of the Board and our named executive officers, the corporate governance guidelines adopted by the Board encourage the ownership of our common stock.

Tax and Accounting Considerations

Tax Considerations. The Compensation Committee generally considers the federal income tax and financial accounting consequences of the various components of the executive compensation program in making decisions

about executive compensation. The Compensation Committee believes that achieving the compensation objectives discussed above is more important than the benefit of tax deductibility and the executive compensation programs may, from time to time, limit the tax deductibility of compensation. Nevertheless, when not inconsistent with these objectives, the Compensation Committee endeavors to award compensation that will be deductible for income tax

Table of Contents

purposes. Internal Revenue Code Section 162(m) may limit the tax deductions that a public company can claim for compensation to some of its named executive officers. The Compensation Committee believes that performance-based compensation authorized and earned under our employee stock option plan including performance shares and option awards, qualify as performance-based compensation that would not be subject to deduction limitations under Section 162(m) and the applicable Treasury Regulations and therefore was or will be fully tax-deductible by the Company. Accordingly the Compensation Committee believes that no expense must be accrued on account of non-deductibility under Section 162(m). Section 409A of the Internal Revenue Code requires that nonqualified deferred compensation be deferred and paid under plans or arrangements that satisfy the requirements of the statute with respect to the timing of the deferral elections, timing of payments and certain other matters. As a general matter, it is our intention to design and administer our compensation and benefits plans and arrangements for all of our employees so that they are either exempt from, or satisfy the requirements of Section 409A. We believe that currently we are operating such plans in compliance with Section 409A.

Accounting Considerations. The Compensation Committee also considers the accounting and cash flow implications of various forms of executive compensation. In its financial statements, the Company records salaries and performance-based compensation such as bonuses as expenses in the amount paid or to be paid to the named executive officers. Accounting rules also require the Company to record an expense in its financial statements for equity awards, even though equity awards are not paid as cash to employees. The accounting expense of equity awards to employees is calculated in accordance with Statement of Financial Accounting Standards No. 123(R). The Compensation Committee believes that the many advantages of equity compensation, as discussed above, more than compensate for the non-cash accounting expense associated with them.

Retirement Benefits under the 401(k) Plan, Executive Perquisites, and Generally Available Benefit Programs

In fiscal year 2009, our named executive officers were eligible to participate in the health and welfare programs that are generally available to all full-time U.S.-based employees, including medical, dental, vision, life, short-term and long-term disability, employee assistance, flexible spending and accidental death and dismemberment. Except for allowances provided to former Stratex officers, such as a housing allowance, we do not provide perquisites to our named executive officers.

In addition, the named executive officers and all other eligible U.S.-based employees can participate in our tax-qualified 401(k) Plan. Under the 401(k) Plan, all eligible employees can receive matching contributions from the Company. Our company-matching contribution for the 401(k) Plan during fiscal year 2009 was 100 percent of the first five percent of contributions by the employee to the 401(k) Plan, to a maximum per participating employee of \$22,000 for employees age 50 and over during each calendar year, as allowed by the IRS. We do not provide defined benefit pension plans or defined contribution retirement plans to the named executive officers or other employees other than the 401(k) Plan, or as required in certain countries other than the United States, for legal or competitive reasons.

The 401(k) Plan and the other benefit programs allow us to remain competitive and enhance employee loyalty and productivity. These benefit programs are primarily intended to provide all eligible employees with competitive and quality healthcare, financial contributions for retirement and to enhance hiring and retention.

Post-Termination Compensation

Employment agreements have been established with each of our named executive officers. These agreements provide for certain payments and benefits to the employee if his or her employment with us is terminated. These arrangements are discussed in more detail on page 30. We have determined that such payments and benefits are an integral part of a competitive compensation package for our named executive officers. For additional information regarding our

employment agreements with our named executive officers, reference the discussion under Potential Payments Upon Termination or Change of Control.

Compensation Committee Report

The Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis included in this Proxy Statement. Based on this review and discussion, the Compensation Committee

These amounts represent the annual compensation expense that we recognized in our fiscal year 2007 consolidated financial statements as determined in accordance with SFAS 123(R). These amounts have not been reduced by an estimate of forfeiture probability. Assumptions used in the calculation of these amounts are included in Notes B and O in our fiscal 2007 consolidated financial statements, included in Part II, Item 8 of our Annual Report on Form 10-K, filed with the SEC on September 4, 2009. The value ultimately realized by the named executive officers may be significantly more or less than the amount indicated, depending on the price of our common stock at the time of vesting and whether or not certain performance and employment criteria are met to allow vesting.

The assumptions used for determining values are set forth in Note M to our audited consolidated financial statements in Part II, Item 8 of our Annual Report on Form 10-K, filed with the SEC on September 4, 2009. These amounts reflect our accounting for these grants and do not correspond to the actual values that may be recognized by the named executive officers.

if applicable, the ultimate parent entity that directly or indirectly has beneficial ownership (within the meaning of Rule 13d-3 promulgated under the Exchange Act) of 50 percent or more of the total voting power (in respect of the election of directors, or similar officials in the case of an entity other than a corporation) of the Surviving Entity is represented by our securities that were outstanding immediately prior to such merger, consolidation, share exchange or acquisition (or, if applicable, is represented by shares into which such Company securities were converted pursuant to such merger, consolidation, share exchange or acquisition), or

any person or group of persons (within the meaning of Section 13(d)(3) of the Securities Exchange Act of 1934, as amended and in effect from time to time) directly or indirectly acquires beneficial ownership (determined pursuant to SEC Rule 13d-3 promulgated under the said Exchange Act) of securities possessing more than 30 percent of the total combined voting power of our outstanding securities pursuant to a tender or exchange offer made directly to the our stockholders that the Board does not recommend such stockholders accept, other than: (i) Harris if it beneficially owns more than 50 percent of such total voting power immediately prior to such acquisition, (ii) we, or an Affiliate * (who is an Affiliate immediately prior to such acquisition; (iii) an employee benefit plan of ours or any of our Affiliates * ; (iv) a trustee or other fiduciary holding securities under an employee benefit plan of our or any of our Affiliates * ; or (v) an underwriter temporarily holding securities pursuant to an offering of such securities; or

over a period of 36 consecutive months or less, there is a change in the composition of the Board such that a majority of the Board members (rounded up to the next whole number, if a fraction) ceases, by reason of one or more proxy contests for the election of Board members, to be composed of individuals each of whom meet one of the following criteria: (i) have been a Board member continuously since the adoption of this Plan or the beginning of such 36-month period; (ii) have been appointed by Harris; or (iii) have been elected or nominated during such 36-month period by at least a majority of the Board members that belong to the same Class of director as such Board member; and (iv) satisfied one of the above criteria when they were elected or nominated; or

a majority of the Board determines that a Change of Control has occurred.

Employment agreements are in effect for all other current named executive officers, which provide that if they are terminated without cause or should they resign for good reason or become disabled and they sign a general release they will be entitled to receive the following severance benefits:

severance payments at their final base salary for a period of 12 months following termination;

payment of premiums necessary to continue their group health insurance under COBRA until the earlier of: (a) 12 months, (b) the date on which they first became eligible to participate in another employer's group health insurance; or (c) the date on which they are no longer eligible for COBRA coverage;

the prorated portion of any incentive bonus they would have earned during the incentive bonus period in which their employment was terminated;

any stock option(s) granted to the executive officer will stop vesting as of their termination date; however, they will be entitled to purchase any vested share(s) of stock that are subject to the outstanding options until the earlier of: (a) 12 months; or (b) the date on which the applicable option(s) expire; and

outplacement assistance selected and paid for by us.

In addition, these agreements provide that if there is a Change of Control, and employment with us is terminated by us without cause or by the employee for good reason within 18 months after the Change of Control and they sign a general release of known and unknown claims in a form satisfactory to us, (i) the severance benefits described shall be increased by an additional 12 months; (ii) they will receive a payment equal to the greater of (a) the average of the annual incentive bonus payments received by them, if any, for the previous three years; or (b) their target incentive bonus for the year in which their employment terminates; and (iii) the vesting of all unvested stock option(s) granted by us will accelerate, such that all of their stock option(s) will be fully vested as of the date of their

termination/resignation.

Section 16(a) Beneficial Ownership Reporting Compliance

SEC initial reports of ownership and reports of changes in ownership of our common stock and other equity securities. Directors, executive officers and greater than 10 percent holders are required by SEC regulation to furnish us with copies of all Section 16(a) reports they file. Based solely on our review of Forms 3 and 4 received during fiscal 2008, and Forms 5 (or any written representations) received with respect to fiscal year 2009, we believe that all directors, officers, executive officers and 10 percent stockholders complied with all applicable Section 16(a) filing requirements during fiscal 2009.

PROPOSAL NO. 1:**ELECTION OF DIRECTORS**

At the 2009 Annual Meeting of Stockholders, directors are being nominated for re-election to serve until the next annual meeting of stockholders or until their successors are duly elected and qualified, or until the death, resignation or removal of such director. In a Board meeting on September 1, 2009, following the recommendation of our Governance and Nominating Committee, the Board re-nominated the eight Class A director nominees listed below for re-election to serve on the Board following the annual meeting. Unless you attend the annual meeting in person and submit a ballot that indicates your intent to withhold your vote in favor of any or all of the Class A director nominees listed below, or, in the alternative, submit a proxy card or other voting instructions, as the case may be, indicating your intention to withhold your vote in favor of any or all of the Class A director nominees listed below, then your proxy will be voted **FOR** the re-election of each of the Class A director nominees listed below.

The Class A director nominees will be elected by plurality vote. In the unanticipated event that a nominee is unable or declines to serve as a director at the time of the annual meeting, all proxies received by the proxy holders will be voted for any subsequent nominee named by our current Board to fill the vacancy created by the earlier nominee's withdrawal from the election. As of the date of this Proxy Statement, the Board is not aware of any director nominee who is unable or will decline to serve as a director.

In addition, in the event additional persons are nominated for election as directors (other than the director nominees listed below), the proxy holders intend to vote all proxies received by them for the director nominees listed below.

PROPOSAL NO. 3

APPROVAL OF THE 2010 EMPLOYEE STOCK PURCHASE PLAN

We are requesting that the stockholders vote in favor of approving the 2010 Employee Stock Purchase Plan (the ESPP), which was approved, upon the recommendation of the Compensation Committee and subject to stockholder approval, by the Board on September 1, 2009. A copy of the ESPP is attached as Appendix A. The following description is only a summary of the ESPP and we encourage you to read it in its entirety in order to review the actual terms of the ESPP.

Effective Date. If approved by the stockholders, the ESPP will go into effect on January 1, 2010.

Purpose. The ESPP provides an incentive to, and encourages stock ownership by, all eligible employees of the Company and participating subsidiaries so that they may share in our growth by acquiring or increasing their share ownership in the Company. The ESPP is designed to encourage eligible employees to remain in our employ. It is intended that the ESPP constitute an employee stock purchase plan within the meaning of Section 423 of the Code. Under the ESPP, eligible executive officers and employees who wish to do so may purchase shares of the Company s Class A common stock through payroll deductions.

Shares Subject to the Plan. The shares issued or to be issued under the ESPP are authorized but unissued shares of the Company s Class A common stock. The ESPP authorizes the issuance of up to 850,000 shares of Class A common stock.

Administration. The ESPP may be administered by the Compensation Committee of the Board, by another designated Compensation Committee, or by the Board directly. The designated administrator, or the Compensation Committee,

has the discretion, subject to the provisions of the ESPP, to make or to select the manner of making all determinations with respect to options granted under the ESPP. Further, the Compensation Committee has complete authority to interpret the ESPP, to prescribe, amend and rescind rules and regulations relating to it, and to make all other determinations necessary or advisable for the administration of the ESPP.

Terms of Participation. The ESPP will be implemented through a series of purchase periods called plan periods. Each plan period begins on the first business day of each January, April, July and October and ends on the last business day of the following March, June, September and December, respectively. An eligible employee will

Table of Contents

be granted an option at the beginning of the plan period, and can accumulate money to pay the exercise price for the option by electing to have payroll deductions taken from each payroll during a plan period of an amount between 1% and 15% of his or her compensation, but will not exceed \$25,000 on an annual basis. At the end of each plan period, unless the participating employee has withdrawn from the ESPP, the option will be exercised by applying the employee's accumulated payroll deductions to the purchase of Common Stock. The exercise price paid by the employee will be 95% of the fair market value of the Company's Class A common stock at the end of the plan period.

Eligibility. Employees of the Company or a participating subsidiary are eligible to participate in the ESPP if we employ them for at least 20 hours per week and at least five months per year. Currently, approximately 770 employees are expected to be eligible to participate in the ESPP. However, no employee shall be granted an option under the ESPP if, immediately after the grant, the employee would own stock, including any outstanding options to purchase stock, equaling 5% or more of the total voting power or value of all classes of our stock. In addition, the ESPP provides that no employee may be granted an option if the option would permit the employee to purchase stock under all of our employee stock purchase plans in an amount that exceeds \$25,000 of the fair market value of such stock for each calendar year in which the option is outstanding.

Corporate Transactions. In the event of a dissolution or liquidation of the Company, the plan period then in progress will terminate. In the event of another significant corporate transaction such as a merger or consolidation of us with and into another person or entity or the sale or transfer of all or substantially all of our assets, each right to purchase stock under the ESPP will be assumed, or an equivalent right will be substituted by, the successor corporation. In the event that the successor corporation refuses to assume each purchase right or to substitute an equivalent right, any ongoing offering period will be shortened so that employees' rights to purchase stock under the ESPP are exercised prior to the transaction, unless the employee has withdrawn.

Amendment and Termination. The Board has the power to amend or terminate the ESPP and to change or terminate plan periods as long as any action does not adversely affect any outstanding rights to purchase stock; provided, however, that the Board may amend or terminate the ESPP or a plan period even if it would adversely affect outstanding options in order to avoid our incurring adverse accounting charges or if the Board determines that termination of the ESPP and/or plan period is in our best interest and the best interest of our stockholders. The ESPP will continue in effect until terminated by the Board.

Amount of Benefits. The dollar value of benefits that will be received by any employee or group of employees in the ESPP is not determinable due to the voluntary nature of the ESPP and the variables involved in the calculation of any such benefits (including our stock price).

Summary of Tax Consequences. The following is a brief and general discussion of the United States federal income tax consequences to recipients of awards granted under the ESPP. This summary is not comprehensive and is based upon laws and regulations in effect on April 1, 2009. Such laws and regulations are subject to change. This summary is intended for the information of stockholders considering how to vote and not as tax guidance to participants in the ESPP. Employees participating in the ESPP should consult their own tax advisors as to the tax consequences of participation.

An employee will not have to report taxable income either upon receipt of an option under the ESPP or upon exercise of the option. An employee may have to report income upon the sale of shares acquired by exercising the option, and the employee will be taxed on such income in the same way as any other compensation for services. The amount of taxable income that an employee must report depends upon the employee's specific circumstances, as follows. If an employee sells his or her shares within two years after the date he or she received the option, or within one year after he or she exercised the option, the employee will have to report as compensation income the difference between the value of the shares at the date of exercise and the amount the employee paid for the shares. If an employee sells his or

her shares more than two years after the date he or she received the option, and more than one year after he or she exercised the option, the employee will have to report as compensation income the lesser of: (i) the value of the shares at the sale date minus the option exercise price, or (ii) the value of the shares at the grant date minus the option exercise price. In addition, an employee may also have a capital gain or loss upon sale of the shares. The amount of gain or loss will be measured by the difference between the amount received from the sale of the shares and the employee's basis in the shares. An employee's basis in the shares is the exercise price paid for the

Table of Contents

shares plus the amount of compensation income reported in connection with the sale of the shares. For purposes of the foregoing summary, we assumed that no option under the ESPP will be considered deferred compensation as that term is defined for purposes of recent federal tax legislation governing nonqualified deferred compensation arrangements, Section 409A of the Internal Revenue Code of 1986, as amended (the Code), or, if any option was considered to any extent to constitute deferred compensation, its terms would comply with the requirements of that legislation (in general, by limiting any flexibility in the time of payment). If an option includes deferred compensation, and its terms do not comply with the requirements of the legislation, then any deferred compensation component of an option under the ESPP will be taxable when it is earned and vested (even if not then payable) and the recipient will be subject to a 20% additional tax.

Although the foregoing summarizes the essential features of the ESPP, it is qualified in its entirety by reference to the full text of the ESPP as attached. We rely on the ESPP, and our employees' ability to purchase stock of the Company thereunder, as an essential part of the benefits package necessary to attract and retain qualified and experienced employees. The Board believes that adoption of the ESPP is essential to permit the Company to continue to provide long-term equity based incentives to present and future employees and to align employees' interests with those of the Company's stockholders.

Vote Required

Approval of the ESPP requires the affirmative vote of a majority of the shares of Class A common stock of the Company present in person or by proxy and entitled to vote at the meeting.

2010 EMPLOYEE STOCK PURCHASE PLAN**

PROPOSAL NO. 4

APPROVAL OF THE AMENDED AND RESTATED 2007 STOCK EQUITY PLAN

We are requesting that the stockholders vote in favor of approving the 2007 Stock Equity Plan as amended and restated by the Board on September 14, 2009, upon the recommendation of the Compensation Committee and subject to the approval of the stockholders (the Amended 2007 Plan). The Amended 2007 Plan is intended to amend, restate and continue the Company's 2007 Stock Equity Plan (the 2007 Plan) on the date on which the Amended 2007 Plan is approved by our stockholders. Any awards granted under the 2007 Plan would remain in effect pursuant to their terms and the terms of the 2007 Plan prior to the approval of the Amended 2007 Plan.

Set forth below is a summary of the Amended 2007 Plan, which is qualified in its entirety by the specific language of the Amended 2007 Plan, a copy of which is attached to this proxy statement as Appendix B.

The Amended 2007 Plan makes several changes principally related to the maximum total number of shares of Class A common stock we may issue under the 2007 Plan. The primary changes are:

increase the maximum total number of shares of Class A common stock we may issue by 5,400,000 shares from 5,000,000 to 10,400,000;

provide that any grant of a stock option or stock-settled stock appreciation right shall be counted against the maximum share limitation under the Amended 2007 Plan as one share of Class A common stock, but that any

grant of any other award denominated and settled in shares, such as restricted stock, will be counted against the maximum share limitation under the Amended 2007 Plan as 1.31 shares of Class A common stock common stock;

eliminate from the definition of Change of Control the Board determination that a Change of Control has occurred; and

require stockholder approval of certain changes to the Amended 2007 Plan and awards granted thereunder, in addition to those changes, such as repricings, already requiring stockholder approval under the 2007 Plan.

Table of Contents

As of September 1, 2009, a total of 1,447,599 shares of Class A common stock remained available for issuance under the 2007 Plan. The purpose of the increase in authorized shares is to secure adequate shares to fund expected awards under our long-term incentive program. Our Board believes that this number represents a reasonable amount of potential equity dilution and allows us to continue awarding equity incentives, which are an important component of our overall compensation program.

Summary of Amended 2007 Plan

Purpose. The Amended 2007 Plan is intended to retain and reward highly qualified employees, consultants, and directors and encourage their ownership of Class A common stock.

Administration. The Amended 2007 Plan may be administered by the Compensation Committee of the Board, by another designated Compensation Committee, or by the Board directly. The designated administrator, or the Compensation Committee, has the discretion, subject to the provisions of the Amended 2007 Plan, to determine the employee, consultant or director to receive an award, the form of award and any acceleration or extension of an award. Further, the Compensation Committee has complete authority to interpret the Amended 2007 Plan, to prescribe, amend and rescind rules and regulations relating to it, to determine the terms and provisions of the respective award agreements (which need not be identical), and to make all other determinations necessary or advisable for the administration of the Amended 2007 Plan.

Eligibility. Awards may be granted to any employee of or consultant to one or more of the Company and its affiliates or to non-employee members of the Board or of any board of directors (or similar governing authority) of any affiliate. Currently, approximately 120 employees will be eligible under the Amended 2007 Plan.

Shares Subject to the Amended 2007 Plan. The shares issued or to be issued under the Amended 2007 Plan are authorized but unissued shares of the Company's Class A common stock. Subject to adjustment for changes in capitalization, the maximum number of shares of Class A common stock which may be issued or made subject to awards under the Amended 2007 Plan is 10,400,000 (which will include any shares delivered, issued or subject to awards granted under the 2007 Plan prior to the approval of the Amended 2007 Plan by our stockholders), and no more than 10% of the available Amended 2007 Plan shares of Class A common stock may be covered by awards issued to any one person in any one calendar year.

Subject to adjustment for changes in capitalization, in the case of any awards granted under the Amended 2007 Plan following the approval of the Amended 2007 Plan by our stockholders, (x) each share with respect to which an option or stock-settled SAR is granted under the Amended 2007 Plan will reduce the aggregate number of shares that may be delivered under the Amended 2007 Plan by one share and (y) each share with respect to which any other award denominated in shares is granted under the Amended 2007 Plan will reduce the aggregate number of shares that may be delivered under the Amended 2007 Plan by 1.31 shares. Upon exercise of a stock-settled SAR, each share with respect to which such stock-settled SAR was exercised would be counted as one share against the maximum aggregate number of shares available under the Amended 2007 Plan, regardless of the number of shares actually delivered upon settlement of such stock-settled SAR. Settlement of any award shall not count against the number of shares available for delivery under the Amended 2007 Plan except to the extent settled in the form of shares. If, after the effective date of the Amended 2007 Plan, any award granted under the Amended 2007 Plan or 2007 Plan were forfeited, or otherwise expired, terminated or were canceled without the delivery of all shares subject thereto, or were settled other than by the delivery of shares (and in the case of cash settlement, for less than the then-market value), then the number of shares subject to such award that were not issued would not be treated as issued, such that the aggregate number of shares that may be delivered pursuant the Amended 2007 Plan will be increased by the number of shares by which the aggregate number of shares was reduced at the time the original award was granted.

Types of Awards. Awards under the Amended 2007 Plan may include incentive stock options, nonstatutory stock options, stock appreciation rights, restricted stock, restricted stock units and performance units, qualified performance-based awards and stock grants. Each award will be evidenced by an instrument in such form as the Compensation Committee may prescribe, setting forth applicable terms such as the exercise price and term of any option or applicable forfeiture conditions or performance requirements for any restricted stock or restricted stock units. Except as noted below, all relevant terms of any award will be set by the Compensation Committee in its

Table of Contents

discretion. On September 18, 2009, the last share price of our Class A common stock listed on the NASDAQ Global Market was \$7.43.

Nonstatutory stock options and incentive stock options, or stock options, are rights to purchase Class A common stock of the Company. A stock option may be immediately exercisable or become exercisable in such installments, cumulative or non-cumulative, as the Compensation Committee may determine. A stock option may be exercised by the recipient giving written notice to the Company, specifying the number of shares with respect to which the stock option is then being exercised, and accompanied by payment of an amount equal to the exercise price of the shares to be purchased. The purchase price may be paid by cash, check, by delivery to the Company (or attestation of ownership) of shares of Class A common stock (with some restrictions), or through and under the terms and conditions of any formal cashless exercise program authorized by the Company.

Incentive stock options may be granted only to eligible employees of the Company or any parent or subsidiary corporation and must have an exercise price of not less than 100% of the fair market value of the Company's Class A common stock on the date of grant (110% for incentive stock options granted to any 10% stockholder of the Company). In addition, the term of an incentive stock option may not exceed seven years (five years, if granted to any 10% stockholder). Nonstatutory stock options must have an exercise price of not less than 100% of the fair market value of the Company's Class A common stock on the date of grant and the term of any nonstatutory stock option may not exceed seven years. In the case of an incentive stock option, the amount of the aggregate fair market value of Class A common stock (determined at the time of grant) with respect to which incentive stock options are exercisable for the first time by an employee during any calendar year (under all such plans of his or her employer corporation and its parent and subsidiary corporations) may not exceed \$100,000.

Stock appreciation rights, or SARs, are rights to receive (without payment to the Company) cash, property or other forms of payment, or any combination thereof, as determined by the Compensation Committee, based on the increase in the value of the number of shares of Class A common stock specified in the SAR. The base price (above which any appreciation is measured) will in no event be less than 100% of the fair market value of the Class A common stock on the date of grant of the SAR or, if the SAR is granted in tandem with a stock option (that is, so that the recipient has the opportunity to exercise either the stock option or the SAR, but not both), the exercise price under the associated stock option. The term of any SAR may not exceed seven years.

Awards of restricted stock are grants or sales of Class A common stock which are subject to a risk of forfeiture, such as a requirement of the continued performance of services for a stated term or the achievement of individual or Company performance goals. Awards of restricted stock include the right to any dividends on the shares pending vesting (or forfeiture), although the Compensation Committee may determine, at the time of the award, that any cash dividends will be deferred and, if cash dividends are deferred, the Compensation Committee may determine that the deferred dividends will be reinvested in additional restricted stock.

Awards of restricted stock units and performance units are grants of rights to receive either shares of Class A common stock (in the case of restricted stock units) or the appreciation over a base value (as specified by the Compensation Committee) of a number of shares of Class A common stock (in the case of performance units) subject to satisfaction of service or performance requirements established by the Compensation Committee in connection with the award. Such awards may include the right to the equivalent to any dividends on the shares covered by the award, which amount may in the discretion of the Compensation Committee be deferred and paid if and when the award vests.

A stock grant is a grant of shares of Class A common stock not subject to restrictions or other forfeiture conditions. stock grants may be awarded only in recognition of significant contributions to the success of the Company or its affiliates, in lieu of compensation otherwise already due, or in other limited circumstances which the Compensation Committee deems appropriate.

Qualified Performance-Based Awards. Qualified performance-based awards are awards that include performance criteria intended to satisfy Section 162(m) of the Code. Section 162(m) of the Code limits the Company's

Table of Contents

federal income tax deduction for compensation to certain specified senior executives to \$1 million, but excludes from that limit performance-based compensation. Qualified performance-based awards may be in the form of stock options, restricted stock, restricted stock units or performance units, but in each case will be subject to satisfaction of one of the following criteria, either individually, alternatively or in any combination, applied to either the Company as a whole or to a business unit or affiliate, either individually, alternatively, or in any combination, and measured either annually or cumulatively over a period of years, on an absolute basis or relative to a pre-established target, to previous years' results or to a designated comparison group, in each case as specified by the Compensation Committee in the award:

cash flow (before or after dividends)	earnings per share (including, without limitation, earnings before interest, taxes, depreciation and amortization)
stock price	return on equity
stockholder return or total stockholder return	return on capital (including without limitation return on total capital or return on invested capital)
return on investment	return on assets or net assets
market capitalization	economic value added
debt leverage (debt to capital)	Revenue
sales or net sales	Backlog
income, pre-tax income or net income	operating income or pre-tax profit
operating profit, net operating profit or economic profit	gross margin, operating margin or profit margin
return on operating revenue or return on operating assets	cash from operations
operating ratio	operating revenue
market share improvement	general and administrative expenses
customer service	

Qualified performance-based awards in the form of stock options must have an exercise price which is not less than 100% of the fair market value of the Company's Class A common stock on the date of grant. No payment or other amount will be available to a recipient of a qualified performance-based award except upon the Compensation Committee's determination that a particular goal or goals established by the Compensation Committee for the criteria (from among those specified above) selected by the Compensation Committee have been satisfied. A stock grant is not a qualified performance-based award.

Effect of Termination of Employment or Association. Unless the Compensation Committee determines otherwise in connection with any particular award under the Amended 2007 Plan, stock options and SARs will generally terminate three months following the recipient's termination of employment or other association with the Company. The effect of termination on other awards will depend on the terms of those awards.

Transferability. In general, no award under the Amended 2007 Plan may be transferred by the recipient, and during the life of the recipient all rights under an award may be exercised only by the recipient or his or her legal representative. However, the Compensation Committee may approve the transfer, without consideration, of an award of a nonstatutory option or restricted stock to a family member.

Effect of Significant Corporate Event. In the event of any change in the outstanding shares of Class A common stock through merger, consolidation, sale of all or substantially all the property of the Company, reorganization, recapitalization, reclassification, stock dividend, stock split, reverse stock split or other distribution with respect to such shares of Class A common stock, an appropriate and proportionate adjustment will be made in (1) the maximum numbers and kinds of shares subject to the Amended 2007 Plan and the Amended 2007 Plan limits, (2) the numbers

and kinds of shares or other securities subject to the then outstanding awards, (3) the exercise or hurdle price for each share or other unit of any other securities subject to then outstanding stock options or SARs (without change in the aggregate purchase or hurdle price as to which stock options or SARs remain exercisable), and (4) the repurchase price of each share of restricted stock then subject to a risk of forfeiture in the form of a

Table of Contents

Company repurchase right. Upon dissolution or liquidation of the Company, other than as part of an acquisition or similar transaction, each outstanding stock option or SAR shall terminate, but the participant shall have the right, immediately prior to the dissolution or liquidation, to exercise the stock option or SAR to the extent exercisable on the date of dissolution or liquidation.

Change of Control. Award agreements pursuant to the Amended 2007 Plan may provide, as determined by the Compensation Committee, or the Compensation Committee may elect that, in the event of a change of control, stock options and stock appreciation rights will accelerate; the risk of forfeiture applicable to restricted stock and restricted stock units will lapse; and all conditions on restricted stock and restricted stock units shall be deemed to have been satisfied. A change of control is defined as the occurrence of any of: (a) a transaction after which less than 50% of the voting power of the resulting entity or ultimate parent entity is represented by previously issued and outstanding Company securities, or securities into which the Company securities were converted; (b) a merger, consolidation, share exchange or acquisition after which less than 50% of the voting power of the resulting entity or ultimate parent entity is represented by previously issued and outstanding Company securities or securities into which the Company securities were converted; (c) other than by means of a merger, consolidation, share exchange or acquisition, a person or group of persons obtains more than 30% of the total combined voting power of the Company (excluding the employee benefit plans and trustees of employee benefits plans for the Company and its affiliates, and any underwriters temporarily holding securities prior to an offering of such securities); or (d) the composition of the Board changes, over a period of 36 months or less, such that a majority of the individuals on the Board are no longer at least one of the following: (i) directors appointed before the adoption of the Amended 2007 Plan or directors who have served throughout the period, or (ii) directors elected by a majority of directors that (x) belong to the same class of directors as such director, and (y) satisfied the criteria above at the time they voted for such director.

Amendments to the Amended 2007 Plan. Generally the Board may amend or modify the Amended 2007 Plan at any time subject to the rights of holders of outstanding awards on the date of amendment or modification. However, the Board may not amend the 2007 Plan, without stockholder approval, to (i) change the description of the persons eligible for awards under the Amended 2007 Plan, (ii) increase the number of shares of Class A common stock available under the Amended 2007 Plan, except as necessary to carry out adjustments for changes in capitalization, or (iii) change the basis on which shares under any award are taken into account for purposes of the limitation on the number of shares of Class A common stock available under the Plan.

Summary of Tax Consequences. The following is a brief and general discussion of the United States federal income tax consequences to recipients of awards granted under the Amended 2007 Plan. This summary is not comprehensive and is based upon laws and regulations in effect at the date of this Proxy Statement. Such laws and regulations are subject to change. This summary is intended for the information of shareholders considering how to vote and not as tax guidance to participants in the Amended 2007 Plan. Participants in the Amended 2007 Plan should consult their own tax advisors as to the tax consequences of participation.

Nonstatutory stock options. Generally, there are no federal income tax consequences to the participants upon grant of nonstatutory stock options. Upon the exercise of such an option, the participant will recognize ordinary income in an amount equal to the amount by which the fair market value of the Class A common stock acquired upon the exercise of such option exceeds the exercise price, if any. A sale of Class A common stock so acquired will give rise to a capital gain or loss equal to the difference between the fair market value of the Class A common stock on the exercise and sale dates.

Incentive stock options. Except as noted at the end of this paragraph, there are no federal income tax consequences to the participant upon grant or exercise of an incentive stock option. If the participant holds shares of Class A common stock purchased pursuant to the exercise of an incentive stock option for at least two years after the date the option was granted and at least one year after the exercise of the option, the subsequent

sale of Class A common stock will give rise to a long-term capital gain or loss to the participant and no deduction will be available to the Company. If the participant sells the shares of Class A common stock within two years after the date an incentive stock option is granted or within one year after the exercise of an option, the participant will recognize ordinary income in an amount equal to the difference between the fair market value at the exercise date and the option exercise price, and any additional gain or loss will be a

Table of Contents

capital gain or loss. Some participants may have to pay alternative minimum tax in connection with exercise of an incentive stock option, however.

Restricted stock. A participant will generally recognize ordinary income on receipt of an award of restricted stock when his or her rights in that award become substantially vested, in an amount equal to the amount by which the then fair market value of the Class A common stock acquired exceeds the price he or she has paid for it, if any. Recipients of restricted stock may, however, within 30 days of receiving an award of restricted stock, choose to have any applicable risk of forfeiture disregarded for tax purposes by making an 83(b) election. If the participant makes an 83(b) election, he or she will have to report compensation income equal to the difference between the value of the shares and the price paid for the shares, if any, at the time of the transfer of the restricted stock.

Stock appreciation rights. A participant will generally recognize ordinary income on receipt of cash or other property pursuant to the exercise of an award of stock appreciation rights.

Restricted stock units, performance units and stock grants. A participant will generally recognize ordinary income on receipt of any shares of Class A common stock, cash or other property in satisfaction of any of these awards under the Amended 2007 Plan.

Potential deferred compensation. For purposes of the foregoing summary of federal income tax consequences, we assumed that no award under the Amended 2007 Plan will be considered deferred compensation as that term is defined for purposes of federal tax legislation governing nonqualified deferred compensation arrangements, Section 409A of the Code, or, if any award were considered to any extent to constitute deferred compensation, its terms would comply with the requirements of that legislation (in general, by limiting any flexibility in the time of payment). If an award includes deferred compensation, and its terms do not comply with the requirements of the legislation, then any deferred compensation component of an award under the Amended 2007 Plan will be taxable when it is earned and vested (even if not then payable) and the recipient will be subject to a 20% additional tax.

Section 162(m) limitations on the Company's tax deduction. In general, whenever a recipient is required to recognize ordinary income in connection with an award, the Company will be entitled to a corresponding tax deduction. However, the Company will not be entitled to deductions in connection with awards under the Amended 2007 Plan to certain senior executive officers to the extent that the amount of deductible income in a year to any such officer, together with his or her other compensation from the Company exceeds the \$1 million limitation of Section 162(m) of the Code. Compensation which qualifies as performance-based is not subject to this limitation, however.

New Plan Benefits. For non-executive key employees, the Board has authorized management to award stock options to purchase up to 1,269,530 shares of our Class A common stock under the Amended 2007 Plan if the plan is approved by stockholders.

RECOMMENDATION OF THE BOARD OF DIRECTORS

**THE COMPANY'S BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE APPROVAL OF THE
AMENDED AND RESTATED 2007 STOCK EQUITY PLAN**

PROPOSAL NO. 5

APPROVAL OF THE AMENDED AND RESTATED CERTIFICATE OF INCORPORATION.

We are requesting that the stockholders vote in favor of approving the Company's Amended and Restated Certificate of Incorporation. In a Board meeting on September 1, 2009, upon recommendation of our Governance and Nominating Committee and subject to stockholder approval, the Board approved certain amendments to be made to the Company's Amended and Restated Certificate of Incorporation. A copy of the proposed Amended and Restated Certificate of Incorporation is attached as Appendix C to this Proxy Statement.

From the time we acquired Stratex on January 26, 2007, Harris Corporation (Harris) owned 32,913,377 shares or 100% of our Class B common stock which approximated 56% of the total shares of our common stock. On March 31, 2009, Harris issued a press release announcing that its Board of Directors approved the spin-off to its shareholders of all the shares of Harris Stratex owned by Harris. The spin-off took place in the form of a taxable pro rata stock dividend payable on May 27, 2009 to the Harris shareholders of record as of 5:30 p.m. Eastern Time on May 13, 2009, the record date for the spin-off dividend. Pursuant to the terms of our existing Amended and Restated Certificate of Incorporation (the Existing Certificate of Incorporation), the shares of Class B common stock previously held by Harris were automatically converted into Class A common stock upon the spin-off. Harris shareholders received approximately 0.24 of a share of our Class A common stock for every share of Harris common stock they owned on the record date. As such, only shares of our Class A common stock are outstanding and no shares of Class B common stock are outstanding.

We are not authorized under the Existing Certificate of Incorporation to issue any additional shares of Class B common stock. As a result, since May 27, 2009, our common equity has consisted solely of Class A common stock, and we have no further ability to issue additional shares of Class B common stock.

Accordingly, our Board has approved an amendment to our Existing Certificate of Incorporation that will remove all references to Class B common stock, including but not limited to provisions relating to rights and privileges of Class B common stock (including rights with respect to voting, dividends, rights upon liquidation, pre-emptive rights and the right of its holders to elect and remove Class B directors and engage in corporate opportunities) and the conversion of the Class B common stock into Class A common stock. The amendment to our Existing Certificate of Incorporation would rename our remaining class of equity our Class A common stock as simply our Common Stock.

Furthermore, pursuant to Article V of our Existing Certificate of Incorporation, the Company initially opted-out of the provisions provided by Section 203 of the Delaware General Corporation Law. Section 203 prohibits an acquirer of more than 15% of the Company's stock without Board approval from completing a back-end merger or other business combination with the Company within the next three years except (i) if approved by two-thirds of the other stockholders or (ii) made in response to a third party's acquisition proposal which has been approved by continuing directors. The opting-out of Section 203 was no longer effective once Harris' interest in Company stock dropped below 15%. As such, the terms of Article V of our Existing Certificate of Incorporation no longer apply.

Our Board believes that the adoption of these amendments is advisable because the amendments simplify the Existing Certificate of Incorporation by removing references to the Class B common stock, which is a class of common stock that may no longer be issued by us. Additionally, our Board believes that the amendment to rename the Class A

common stock as Common Stock will help to eliminate any mistaken belief on the part of the investing public and/or others who report on or follow our publicly-traded equity securities that we may have outstanding another class of common equity. The proposed amendments do not change any substantive provisions of our Existing Certificate of Incorporation (including our Certificate of Designations of Series A Junior Participating Preferred Stock) or alter the rights and privileges pertaining to our Class A common stock or the holders thereof.

Our Board does not believe that there are any disadvantages or anti-takeover effects to these proposed amendments. Further, our Board believes that the proposed amendments will have no impact on the publicly traded

Table of Contents

shares of Class A common stock or on the share price of the Class A common stock because the proposed amendments are of a clean up nature only.

If the Amended and Restated Certificate of Incorporation is approved by the stockholders, Class A directors and Class B directors will all be directors, without any class designation, and all other references to Class A common stock shall refer to our Common Stock .

Vote Required

Approval of the Amended and Restated Certificate of Incorporation requires the affirmative vote of the majority of the shares of our Class A common stock entitled to vote at the meeting.

Subject to the provisions of the Plan, the Committee shall have complete authority, in its discretion, to make or to select the manner of making all determinations with respect to each option to be granted by the Company under the Plan. option under the Plan (i) if, immediately after the grant, such Employee (taking into account stock which would be attributed to such Employee pursuant to Section 424(d) of the Code) would own capital stock of the Company and/or hold outstanding options to purchase stock possessing five percent (5%) or more of the total combined voting power or value of all classes of stock of the Company or of any Subsidiary of the Company, or (ii) if such option would permit his or her rights to purchase stock under all employee stock purchase plans (described in Section 423 of the Code) of the Company and its Subsidiaries to accrue at a rate which exceeds twenty-five thousand dollars (\$25,000) of the Fair Market Value of such stock (determined on the basis of the Fair Market Value of such stock on the date or dates such option was granted) for each calendar year in which such option is outstanding at any time.

6. Terms of Participation

6.1. *Plan Periods.* Each calendar year shall be divided into four Plan Periods, beginning on the first day of each January, April, July and October and ending on the last day of the immediately following March, June, September and December, respectively. Each such period is referred to herein as a Plan Period.

6.2. Election to Participate and Plan Deductions.

(a) Shares shall be offered for purchase under the Plan through a series of successive, non-overlapping Plan Periods until such time as (i) the maximum number of Shares available for issuance under the Plan shall have been purchased or (ii) the Plan shall have been sooner terminated. At any time and from time to time, the Committee may change the duration and/or the frequency of Plan Periods or suspend operation of the Plan with respect to Plan Periods not yet commenced.

(b) An eligible Employee may become a Participating Employee in the Plan by completing an enrollment agreement on the form provided by the company and filing it with the Company prior to the Company's enrollment deadline for the Plan Period in which such Employee desires to participate, unless a later time for filing the subscription agreement is set by the Committee for all eligible Employees with respect to a given Plan Period. The enrollment agreement shall set forth the percentage of the Employee's Compensation (subject to Section 6.2(c) below) to be paid as Contributions pursuant to the Plan. Payroll deductions shall commence on the first payroll following the Plan Period Commencement Date and shall end on the last payroll paid on or prior to the Plan Period Termination Date, unless sooner terminated by the Participating Employee as provided in Section 6.7.

(c) A Participating Employee may elect to have payroll deductions taken from each payroll during any Plan Period in an amount not less than one percent (1%) and not more than fifteen percent (15%) (or such other percentage as the Committee may establish from time to time before any Plan Period Commencement Date) of such Participating Employee's Compensation on each payroll date during the Plan Period. All payroll deductions made by a Participating Employee shall be credited to his or her account under the Plan. No interest shall accrue on Contributions to the Plan. A Participating Employee may not make any additional payments into such account.

(d) Unless the Committee announces otherwise before the start of a particular Plan Period, an eligible Employee's enrollment agreement in effect at the end of one Plan Period will remain in effect for each subsequent Plan Period.

(e) A Participating Employee may discontinue his or her participation in the Plan as provided in Section 6.7. In addition, if the Committee has so announced to Employees at least five (5) days prior to the scheduled beginning of the next Plan Period to be affected by the Committee's determination, a Participating Employee may, on one occasion only during each Plan Period, change the rate of his or her Contributions with respect to the Plan Period by completing and filing with the Company a new enrollment agreement authorizing a change in the payroll deduction rate; *provided, however*, that no such change shall enable a Participating Employee to resume Contributions other than as of a Plan Period Commencement Date following a withdrawal of Contributions during a Plan Period pursuant to

Section 6.7. Any such change in payroll deduction rate shall be effective as of the first payroll period following the date of filing of the new enrollment agreement, if the agreement is filed at least ten (10) business days prior to such period and, if not, as of the second following payroll period.

(f) Notwithstanding the foregoing, to the extent necessary to comply with Section 423(b)(8) of the Code and Section 5 herein, a Participating Employee's Payroll Deductions may be decreased during any Plan Period to zero percent (0%). Payroll Deductions reduced to zero percent (0%) in compliance with this Section 6.2(f) shall re-

A-4

commence automatically at the rate provided in such Participating Employee's enrollment agreement at the beginning of the next Plan Period, unless terminated by the Participating Employee as provided in Section 6.7.

(g) Any amounts left over in a Participating Employee's account upon expiration or termination of the Plan (or upon a withdrawal by a Participating Employee or upon a Participating Employee purchasing the maximum dollar amount or number of shares hereunder) shall be returned to the Participating Employee.

6.3. Shares.

(a) If the Committee determines that, on a given Plan Period Termination Date, the number of shares with respect to which options are to be exercised may exceed (i) the number of Shares that were available for sale under the Plan on the Plan Period Commencement Date, or (ii) the number of shares available for sale under the Plan on such Plan Period Termination Date, then the Company shall make a pro rata allocation of the Shares available for purchase on such Plan Period Termination Date in as uniform a manner as shall be practicable and as it shall determine in its sole discretion to be equitable among all Participating Employees exercising options to purchase Common Stock on such Plan Period Termination Date. The Company shall make pro rata allocation of the Shares available on the Plan Period Commencement Date pursuant to the preceding sentence, notwithstanding any authorization of additional Shares for issuance under the Plan by the Company's stockholders subsequent to such Plan Period Commencement Date.

(b) The Participating Employee shall have no interest or voting right in Shares covered by his or her option until such option has been exercised.

(c) Shares to be delivered to a Participating Employee under the Plan will be registered in the name of the Participating Employee.

6.4. Grant of Options.

(a) A Participating Employee shall be granted a separate purchase right for each Plan Period in which he or she participates. The purchase right shall be granted on the Plan Period Commencement Date for the Plan Period and shall provide the Participating Employee with the right to purchase Shares upon the terms set forth below.

(b) The number of Shares purchasable by a Participating Employee on each Plan Period Termination Date during the Plan Period, pursuant to Section 6.5 below, shall be determined by dividing such Employee's Contributions accumulated during such Plan Period prior to such Plan Period Termination Date and retained in the Participating Employee's account as of the Plan Period Termination Date by the applicable Purchase Price. However, the maximum number of Shares a Participating Employee may purchase during each Plan Period shall be determined by the Committee and announced to Employees at least five (5) days prior to the scheduled beginning of the next Plan Period to be affected by the Committee's determination, provided further that such purchase shall be subject to the limitations set forth in Sections 6.2(c).

(c) The fair market value of the Shares on a given date (the "Fair Market Value") means the value of a share of common stock on a particular date determined by such methods or procedures as may be established by the Committee. Unless otherwise determined by the Committee, the Fair Market Value of the common stock as of any date, is the closing price for the common stock as reported by the NASDAQ Global Market (or on any other national securities exchange on which the common stock is then listed) for that date or, if no closing price is reported for that date, the closing price on the next preceding date for which a closing price was reported.

6.5. Exercise. Unless a Participating Employee withdraws from the Plan as provided in Section 6.7, each purchase right shall be automatically exercised on each Plan Period Termination Date, and Shares shall accordingly be

purchased on behalf of each Participating Employee on each such Plan Period Termination Date. The purchase shall be effected by applying the Participating Employee's Payroll Deductions for the Plan Period ending on such Plan Period Termination Date to the purchase of Shares (subject to the limitation on the maximum number of Shares purchasable per Participating Employee on any one Plan Period Termination Date) at the Purchase Price in effect for the Participating Employee for that Plan Period Termination Date. The Shares purchased upon exercise of an option hereunder shall be deemed to be transferred to the Participating Employee on the Plan Period Termination Date. During his or her lifetime, a Participating Employee's option to purchase Shares hereunder is exercisable only by him or her.

A-5

Table of Contents

6.6. Delivery. As promptly as practicable after each Plan Period Termination Date, the Company shall arrange the delivery to each Participating Employee, as appropriate, of the Shares purchased upon exercise of his or her option.

6.7. Voluntary Withdrawal; Termination of Employment.

(a) A Participating Employee may withdraw all but not less than all of the Contributions credited to his or her account under the Plan at any time prior to each Plan Period Termination Date by giving written notice to the Company in accordance with the Company's policy regarding withdrawal from the Plan. All of the Participating Employee's Contributions credited to his or her account will be paid to him or her promptly after receipt of his or her notice of withdrawal and his or her option for the current Plan Period will be automatically terminated, and no further Contributions for the purchase of Shares will be made (or will be permitted to be made) during the Plan Period.

(b) Upon termination of the Participating Employee's Continuous Status as an Employee prior to a Plan Period Termination Date for any reason, including retirement or death, the Contributions credited to his or her account will be returned to him or her or, in the case of his or her death, to the person or persons entitled thereto under Section 8, and his or her option will be automatically terminated.

(c) In the event a Participating Employee fails to remain in Continuous Status as an Employee of the Company for at least twenty (20) hours per week during the Plan Period in which the Employee is a Participating Employee, he or she will be deemed to have elected to withdraw from the Plan and the Contributions credited to his or her account and remaining there will be returned to him or her and his or her option terminated.

(d) A Participating Employee's withdrawal during a Plan Period will not have any effect upon his or her eligibility to participate in a succeeding Plan Period or in any similar plan which may hereafter be adopted by the Company.

7. No Special Service Rights

Nothing contained in this Plan shall confer upon any Employee any right with respect to the continuation of his or her employment with the Company or any Covered Entity or any other entity, corporation, partnership, limited liability company or business trust controlling, controlled by or under common control with the Company, or interfere in any way with the right of any such entity, subject to the terms of any separate employment agreement or provision of law or corporate articles or by-laws to the contrary, at any time to terminate such employment relationship or to increase or decrease, or otherwise adjust, the other terms and conditions of the Employee's employment.

8. Designation of Beneficiary

8.1. A Participating Employee may file a written designation of a beneficiary who is to receive any Shares and cash, if any, from the Participating Employee's account under the Plan in the event of such Participating Employee's death subsequent to the end of a Plan Period but prior to delivery to him or her of such Shares and cash. Any such beneficiary shall also be entitled to receive any cash from the Participating Employee's account under the Plan in the event of such Participating Employee's death during a Plan Period.

8.2. Such designation of beneficiary may be changed by the Participating Employee at any time by written notice. In the event of the death of a Participating Employee and in the absence of a beneficiary validly designated under the Plan who is living at the time of such Participating Employee's death, the Company shall deliver such Shares and/or cash to the executor or administrator of the estate of the Participating Employee, or if no such executor or administrator has been appointed (to the knowledge of the Company), the Company, in its discretion, may deliver such Shares and/or cash to the spouse or to any one or more dependents or relatives of the Participating Employee, or if no spouse, dependent or relative is known to the Company, then to such other person as the Company may

designate.

9. Transferability of Options and Shares

Neither Contributions credited to a Participating Employee's account nor any rights with regard to the exercise of an option or to receive Shares under the Plan may be assigned, transferred, pledged or otherwise disposed of in any way (other than by will, the laws of descent and distribution, or as provided in Section 8) by the Participating Employee. Any such attempt at assignment, transfer, pledge or other disposition shall be without effect, except that

the Company may treat such act as an election to withdraw funds in accordance with Section 6.7. In addition, if the Committee has so announced to Participating Employees at least five (5) days prior to the scheduled beginning of the next Plan Period, any Shares acquired on the Plan Period Termination Date of such Plan Period may be subject to restrictions specified by the Committee on the transfer of such Shares. Any Participating Employee selling or transferring any or all of his or her Shares purchased pursuant to the Plan must provide written notice of such sale or transfer to the Company within five (5) business days after the date of sale or transfer. Such notice to the Company shall include the gross sales price, if any, the Plan Period during which the Shares being sold were purchased by the Participating Employee, the number of Shares being sold or transferred and the date of sale or transfer.

10. Use of Funds

All Contributions received or held by the Company under the Plan may be used by the Company for any corporate purpose, and the Company shall not be obligated to segregate such Contributions from its other assets.

11. Reports

Individual accounts will be maintained for each Participating Employee in the Plan. Statements of account will be given to Participating Employees at least annually, which statements will set forth, with respect to the immediately prior calendar year, the amounts of Contributions, the per Share Purchase Price, the number of Shares purchased and the remaining cash balance, if any.

12. Adjustments Upon Changes in Capitalization; Corporate Transactions

12.1. Adjustment in General. All of the share numbers set forth in the Plan reflect the capital structure of the Company as of the date of the Board's adoption of this Plan. If subsequent to that date the outstanding Shares (or any other securities covered by the Plan by reason of the prior application of this Section) are increased, decreased, or exchanged for a different number or kind of shares or other securities, or if additional shares or new or different shares or other securities are distributed with respect to Shares, as a result of a reorganization, recapitalization, reclassification, stock dividend, stock split, reverse stock split, or other similar distribution with respect to such shares of Stock, an appropriate and proportionate adjustment will be made in (i) the maximum numbers and kinds of shares provided in Section 3, (ii) the numbers and kinds of shares or other securities subject to the then outstanding options, and (iii) the exercise price for each share or other unit of any other securities subject to then outstanding options.

12.2. Adjustment Upon the Occurrence of Certain Unusual or Nonrecurring Events. In the event of any corporate action not specifically covered by the preceding Section, including but not limited to an extraordinary cash distribution on Common Stock, a corporate separation or other reorganization or liquidation, the Committee may make such adjustment of outstanding options and their terms, if any, as it, in its sole discretion, may deem equitable and appropriate in the circumstances. The Committee may make adjustments in the terms and conditions of, and the criteria included in, options in recognition of unusual or nonrecurring events (including, without limitation, the events described in this Section) affecting the Company or the financial statements of the Company or of changes in applicable laws, regulations, or accounting principles, whenever the Committee determines that such adjustments are appropriate in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan.

12.3. Related Matters. Any adjustment in Awards made pursuant to Section 12.1 or 12.2 shall be determined and made, if at all, by the Committee, acting in its sole discretion, and shall include any correlative modification of terms which the Committee may deem necessary or appropriate so as to ensure the rights of the Participating Employees in their respective options are not substantially diminished nor enlarged as a result of the adjustment and corporate action other than as expressly contemplated in this Section 12.

12.4. *Corporate Transactions.* In the event of a Corporate Transaction that is a dissolution or liquidation of the Company, the Plan Period then in progress will terminate immediately prior to the consummation of such action, unless otherwise provided by the Committee. In the event of a Corporate Transaction, each option outstanding under the Plan shall be assumed or an equivalent option shall be substituted by the successor corporation or a parent or subsidiary of such successor corporation. In the event that the successor corporation refuses to assume or substitute for outstanding options, the Plan Period then in progress shall be shortened and a new Plan Period Termination Date shall be set (the New Plan Period Termination Date), as of which date the Plan Period then in progress will terminate. The

A-7

Table of Contents

New Plan Period Termination Date shall be on or before the date of consummation of the transaction and the Committee shall notify each Participating Employee in writing, at least ten (10) days prior to the New Plan Period Termination Date, that the Plan Period Termination Date for his or her option has been changed to the New Plan Period Termination Date and that his or her option will be exercised automatically on the New Plan Period Termination Date, unless prior to such date he or she has withdrawn from the Plan Period as provided in Section 6.7. For purposes of this Section 12.4, an option granted under the Plan shall be deemed to be assumed, without limitation, if, at the time of issuance of the stock or other consideration upon a Corporate Transaction, each holder of an option under the Plan would be entitled to receive upon exercise of the option the same number and kind of shares of stock or the same amount of property, cash or securities as such holder would have been entitled to receive upon the occurrence of the transaction if the holder had been, immediately prior to the transaction, the holder of the number of Shares covered by the option at such time (after giving effect to any adjustments in the number of Shares covered by the option as provided for in this Section 12); *provided however* that if the consideration received in the transaction is not solely common stock of the successor corporation or its parent (as defined in Section 424(e) of the Code), the Committee may, with the consent of the successor corporation, provide for the consideration to be received upon exercise of the option to be solely common stock of the successor corporation or its parent equal in fair market value to the per Share consideration received by holders of common stock in the transaction.

13. Settlement of Awards

13.1. Violation of Law. Notwithstanding any other provision of the Plan to the contrary, if, at any time, in the reasonable opinion of the Company, the issuance of Shares pursuant to the Plan may constitute a violation of law, then the Company may delay such issuance of such Shares until (i) approval shall have been obtained from such governmental agencies, other than the Securities and Exchange Commission, as may be required under any applicable law, rule, or regulation and (ii) in the case where such issuance would constitute a violation of a law administered by or a regulation of the Securities and Exchange Commission, one of the following conditions shall have been satisfied:

- (a) the Shares are, at the time of the issue of such Shares, effectively registered under the Securities Act of 1933; or
- (b) the Company shall have determined, on such basis as it deems appropriate (including an opinion of counsel in form and substance satisfactory to the Company) that the sale, transfer, assignment, pledge, encumbrance or other disposition of such Shares or such beneficial interest, as the case may be, does not require registration under the Securities Act of 1933, as amended or any applicable State securities laws.

The Company shall make all reasonable efforts to bring about the occurrence of said events.

13.2. Corporate Restrictions on Rights in Stock. Any Shares to be issued pursuant to the Plan shall be subject to all restrictions upon the transfer thereof which may be now or hereafter imposed by the charter, certificate or articles, and by-laws, of the Company.

13.3. Investment Representations. The Company shall be under no obligation to issue any Shares unless the Shares to be issued pursuant to the Plan have been effectively registered under the Securities Act of 1933, as amended.

13.4. Placement of Legends; Stop Orders; etc. Each Share to be issued pursuant to the Plan may bear a reference to any applicable restriction under the Plan. All certificates for Shares or other securities delivered under the Plan shall be subject to such stock transfer orders and other restrictions as the Committee may deem advisable under the rules, regulations, and other requirements of any stock exchange upon which the Common Stock is then listed, and any applicable federal or state securities law, and the Committee may cause a legend or legends to be put on any such certificates to make appropriate reference to such restrictions.

14. *Adopting Subsidiaries*

Any Subsidiary of the Company may request that its Employees be allowed to participate in the Plan in accordance with procedures to be adopted by the Board. The Board of Directors of the Company may, in its sole discretion, approve or reject any such request. Any such Subsidiary whose request is approved by the Board of Directors shall be referred to herein as a Covered Entity. In addition, the Board of Directors of the Company may

determine, in its sole discretion, that a Subsidiary that is a Covered Entity will cease to be a Covered Entity with respect to Plan Periods not yet commenced.

15. Amendment and Termination

(a) The Board may at any time terminate the Plan or make such modifications of the Plan as it shall deem advisable. Except as provided in Section 12, no termination of the Plan may affect options previously granted, provided that the Plan or a Plan Period may be terminated by the Board on a Plan Period Termination Date or by the Board's setting a new Plan Period Termination Date with respect to a Plan Period then in progress if the Board determines that termination of the Plan and/or any Plan Period is in the best interests of the Company and its stockholders or if continuation of the Plan and/or a Plan Period would cause the Company to incur adverse accounting charges as a result of the Plan. Except as provided in Section 12 or this Section 15, no amendment to the Plan shall make any change in any option previously granted which adversely affects the rights of any Participating Employee.

(b) In addition to the foregoing, without stockholder consent and without regard to whether any Participating Employee rights may be considered to have been adversely affected, the Committee shall be entitled to change the Plan Periods, establish the exchange ratio applicable to amounts withheld in a currency other than U.S. dollars (if applicable), permit payroll withholding in excess of the amount designated by a Participating Employee to adjust for delays or mistakes in the Company's processing of properly completed withholding elections, establish reasonable waiting and adjustment periods and/or accounting and crediting procedures to ensure that amounts applied toward the purchase of Common Stock for each Participating Employee properly correspond with amounts withheld from the Participating Employee's Compensation, and establish such other limitations or procedures as the Committee determines in its sole discretion advisable which are consistent with the Plan.

16. Notices and Other Communications

Any notice, demand, request or other communication hereunder to any party shall be deemed to be sufficient if contained in a written instrument delivered in person or duly sent by first class registered, certified or overnight mail, postage prepaid, or telecopied with a confirmation copy by regular, certified or overnight mail, addressed or telecopied, as the case may be, (i) if to a Participating Employee, at his or her residence address last filed with the Company and (ii) if to the Company, at its principal place of business, addressed to the attention of its Treasurer, or to such other address or telecopier number, as the case may be, as the addressee may have designated by notice to the addressor. All such notices, requests, demands and other communications shall be deemed to have been received: (i) in the case of personal delivery, on the date of such delivery; (ii) in the case of mailing, when received by the addressee; and (iii) in the case of facsimile transmission, when confirmed by facsimile machine report. In addition, the Company may, in its sole discretion, deliver any documents related to the Plan by electronic means or request that Participating Employee communicate with the Company with respect to the Plan by electronic means. By participating in the Plan, each Participating Employee will have consented to receive such documents by electronic delivery and, if requested, to agree to participate in the Plan through an on-line or electronic system established and maintained by the Company or another third party designated by the Company, and such consent shall remain in effect throughout the Participating Employee's term of employment or service with the Company and thereafter until withdrawn in writing by Participant.

17. Governing Law

The Plan and all options and actions taken thereunder shall be governed, interpreted and enforced in accordance with the laws of the State of Delaware without regard to the conflict of laws principles thereof.

18. Term of Plan

The Plan shall become effective January 1, 2010 and shall continue in effect until terminated pursuant to Section 15.

Whether a person is a Ten Percent Owner shall be determined with respect to an Option based on the facts existing immediately prior to the Grant Date of the Option.

3. Term of the Plan

Unless the Plan shall have been earlier terminated by the Board, Awards may be granted under this Plan at any time in the period commencing on the date of approval of the Plan by the Board and ending immediately prior to the seventh anniversary of the earlier of the adoption of the Plan by the Board or approval of the Plan by the Company's stockholders. (b) any Stock Appreciation Right settled in stock shall be taken into account based on the notional number of shares covered by such Right rather than the number of shares issued on exercise thereof;

(c) each share of Stock issued pursuant to or subject to outstanding Awards granted after the Plan Restatement Effective Date, other than under any Option or Stock Appreciation Right, shall count as 1.31 shares of Stock (but if forfeited, or repurchased at less than its then Market Value as a means of effecting forfeiture, shall again be taken account as 1.31 shares of Stock available under the limitation); and

(d) settlement of any Award shall not count against the foregoing limitation except to the extent settled in the form of Stock.

Shares of Stock issued pursuant to the Plan may be either authorized but unissued shares or shares held by the Company in its treasury.

5. *Administration*

The Plan shall be administered by the Committee; *provided, however*, that at any time and on any one or more occasions the Board may itself exercise any of the powers and responsibilities assigned the Committee under the Plan and when so acting shall have the benefit of all of the provisions of the Plan pertaining to the Committee's exercise of its authorities hereunder and provided further, however, that the Committee may delegate to an executive officer or officers the authority to grant Awards hereunder to employees who are not officers, and to consultants (but in no event to any non-employee member of the Board or of any board of directors (or similar governing authority))

of any Affiliate), in accordance with such guidelines as the Committee shall set forth at any time or from time to time. Subject to the provisions of the Plan, the Committee shall have complete authority, in its discretion, to make or to select the manner of making all determinations with respect to each Award to be granted by the Company under the Plan including the employee, consultant or director to receive the Award and the form of Award. In making such determinations, the Committee may take into account the nature of the services rendered by the respective employees, consultants, and directors, their present and potential contributions to the success of the Company and its Affiliates, and such other factors as the Committee in its discretion shall deem relevant. Subject to the provisions of the Plan, the Committee shall also have complete authority to interpret the Plan, to prescribe, amend and rescind rules and regulations relating to it, to determine the terms and provisions of the respective Award Agreements (which need not be identical), and to make all other determinations necessary or advisable for the administration of the Plan. The Committee's determinations made in good faith on matters referred to in the Plan shall be final, binding and conclusive on all persons having or claiming any interest under the Plan or an Award made pursuant hereto.

6. Authorization of Grants

6.1. Eligibility. The Committee may grant from time to time and at any time prior to the termination of the Plan one or more Awards, either alone or in combination with any other Awards, to any employee of or consultant to one or more of the Company and its Affiliates or to non-employee member of the Board or of any board of directors (or similar governing authority) of any Affiliate. However, only employees of the Company, and of any parent or subsidiary corporations of the Company, as defined in Sections 424(e) and (f), respectively, of the Code, shall be eligible for the grant of an Incentive Option. Further, in no event shall the number of shares of Stock covered by Options or other Awards granted to any one person in any one calendar year exceed 10% of the aggregate number of shares of Stock subject to the Plan.

6.2. General Terms of Awards. Each grant of an Award shall be subject to all applicable terms and conditions of the Plan (including but not limited to any specific terms and conditions applicable to that type of Award set out in the following Section), and such other terms and conditions, not inconsistent with the terms of the Plan, as the Committee may prescribe. No prospective Participant shall have any rights with respect to an Award, unless and until such Participant shall have complied with the applicable terms and conditions of such Award (including if applicable delivering a fully executed copy of any agreement evidencing an Award to the Company).

6.3. Effect of Termination of Employment, Etc. Unless the Committee shall provide otherwise with respect to any Award, if the Participant's employment or other association with the Company and its Affiliates ends for any reason, including because of the Participant's employer ceasing to be an Affiliate, (a) any outstanding Option or SAR of the Participant shall cease to be exercisable in any respect not later than 3 months following that event and, for the period it remains exercisable following that event, shall be exercisable only to the extent exercisable at the date of that event, and (b) any other outstanding Award of the Participant shall be forfeited or otherwise subject to return to or repurchase by the Company on the terms specified in the applicable Award Agreement. Military or sick leave or other bona fide leave shall not be deemed a termination of employment or other association, *provided* that it does not exceed the longer of three (3) months or the period during which the absent Participant's reemployment rights, if any, are guaranteed by statute or by contract.

6.4. Non-Transferability of Awards. Except as otherwise provided in this Section 6.4, Awards shall not be transferable, and no Award or interest therein may be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will or by the laws of descent and distribution. All of a Participant's rights in any Award may be exercised during the life of the Participant only by the Participant or the Participant's legal representative. However, the Committee may, at or after the grant of an Award of a Nonstatutory Option, or shares of Restricted Stock, provide that such Award may be transferred by the recipient to a family member; *provided, however*, that any such transfer is without payment of any consideration whatsoever and that no transfer shall be valid unless first

approved by the Committee, acting in its sole discretion. For this purpose, family member means any child, stepchild, grandchild, parent, stepparent, spouse, former spouse, sibling, niece, nephew, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law, including adoptive relationships, any person sharing the employee's household (other than a tenant or employee), a trust in which the foregoing persons have more than fifty (50) percent of the beneficial interests, a foundation in which the foregoing persons (or the

B-7

Table of Contents

Participant) control the management of assets, and any other entity in which these persons (or the Participant) own more than fifty (50) percent of the voting interests.

7. Specific Terms of Awards

7.1. Options.

(a) *Date of Grant.* The granting of an Option shall take place at the time specified in the Award Agreement. Only if expressly so provided in the applicable Award Agreement shall the Grant Date be the date on which the Award Agreement shall have been duly executed and delivered by the Company and the Optionee.

(b) *Exercise Price.* The price at which shares of Stock may be acquired under each Incentive Option shall be not less than 100% of the Market Value of Stock on the Grant Date, or not less than 110% of the Market Value of Stock on the Grant Date if the Optionee is a Ten Percent Owner. The price at which shares may be acquired under each Nonstatutory Option shall be not less than 100% of the Market Value of Stock on the Grant Date.

(c) *Option Period.* No Incentive Option may be exercised on or after the seventh anniversary of the Grant Date, or on or after the fifth anniversary of the Grant Date if the Optionee is a Ten Percent Owner. No Nonstatutory Option may be exercised on or after the seventh anniversary of the Grant Date.

(d) *Exercisability.* An Option may be immediately exercisable or become exercisable in such installments, cumulative or non-cumulative, as the Committee may determine. In the case of an Option not otherwise immediately exercisable in full, the Committee may Accelerate such Option in whole or in part at any time; *provided, however*, that in the case of an Incentive Option, any such Acceleration of the Option would not cause the Option to fail to comply with the provisions of Section 422 of the Code or the Optionee consents to the Acceleration.

(e) *Method of Exercise.* An Option may be exercised by the Optionee giving written notice, in the manner provided in Section 16, specifying the number of shares with respect to which the Option is then being exercised. The notice shall be accompanied by payment in the form of cash or check payable to the order of the Company in an amount equal to the exercise price of the shares to be purchased or, subject in each instance to the Committee's approval, acting in its sole discretion, and to such conditions, if any, as the Committee may deem necessary to avoid adverse accounting effects to the Company, by delivery to the Company shares of Stock having a Market Value equal to the exercise price of the shares to be purchased.

If the Stock is traded on an established market, payment of any exercise price may also be made through and under the terms and conditions of any formal cashless exercise program authorized by the Company entailing the sale of the Stock subject to an Option in a brokered transaction (other than to the Company). Receipt by the Company of such notice and payment in any authorized or combination of authorized means shall constitute the exercise of the Option. Within thirty (30) days thereafter but subject to the remaining provisions of the Plan, the Company shall deliver or cause to be delivered to the Optionee or his agent the number of shares then being purchased. Such shares shall be fully paid and nonassessable.

(f) *Limit on Incentive Option Characterization.* An Incentive Option shall be considered to be an Incentive Option only to the extent that the number of shares of Stock for which the Option first becomes exercisable in a calendar year do not have an aggregate Market Value (as of the date of the grant of the Option) in excess of the current limit. The current limit for any Optionee for any calendar year shall be \$100,000 *minus* the aggregate Market Value at the date of grant of the number of shares of Stock available for purchase for the first time in the same year under each other Incentive Option previously granted to the Optionee under the Plan, and under each other incentive stock option previously granted to the Optionee under any other incentive stock option plan of the Company and its Affiliates, after

December 31, 1986. Any shares of Stock which would cause the foregoing limit to be violated shall be deemed to have been granted under a separate Nonstatutory Option, otherwise identical in its terms to those of the Incentive Option.

(g) Notification of Disposition. Each person exercising any Incentive Option granted under the Plan shall be deemed to have covenanted with the Company to report to the Company any disposition of such shares prior to the expiration of the holding periods specified by Section 422(a)(1) of the Code and, if and to the extent that the realization of income in such a disposition imposes upon the Company federal, state, local or other withholding tax

B-8

requirements, or any such withholding is required to secure for the Company an otherwise available tax deduction, to remit to the Company an amount in cash sufficient to satisfy those requirements.

7.2. Stock Appreciation Rights.

(a) **Tandem or Stand-Alone.** Stock Appreciation Rights may be granted in tandem with an Option (at or, in the case of a Nonstatutory Option, after, the award of the Option), or alone and unrelated to an Option. Stock Appreciation Rights in tandem with an Option shall terminate to the extent that the related Option is exercised, and the related Option shall terminate to the extent that the tandem Stock Appreciation Rights are exercised.

(b) **Exercise Price.** Stock Appreciation Rights shall have an exercise price of not less than one hundred percent (100%) of the Market Value of the Stock on the date of award, or in the case of Stock Appreciation Rights in tandem with Options, the exercise price of the related Option.

(c) **Period.** No Stock Appreciation Right may be exercised on or after the seventh anniversary of the Grant Date.

(d) **Other Terms.** Except as the Committee may deem inappropriate or inapplicable in the circumstances, Stock Appreciation Rights shall be subject to terms and conditions substantially similar to those applicable to a Nonstatutory Option.

7.3. Restricted Stock.

(a) **Purchase Price.** Shares of Restricted Stock shall be issued under the Plan for such consideration, in cash, other property or services, or any combination thereof, as is determined by the Committee.

(b) **Issuance of Shares.** Shares of Restricted Stock awarded pursuant to a Restricted Stock Award shall be issued as certificates or recorded in book-entry form, subject to subsection (c) below. Such shares shall be registered in the name of the Participant. Any certificates so issued shall be printed with an appropriate legend referring to the terms, conditions, and restrictions applicable to such Award as determined or authorized in the sole discretion of the Committee. Shares recorded in book-entry form shall be recorded with a notation referring to the terms, conditions, and restrictions applicable to such Award as determined or authorized in the sole discretion of the Committee.

(c) **Escrow of Shares.** The Committee may require that the stock certificates or book-entry registrations evidencing shares of Restricted Stock be held in custody by a designated escrow agent (which may but need not be the Company) until the restrictions thereon shall have lapsed, and that the Participant deliver a stock power, endorsed in blank, relating to the Stock covered by such Award.

(d) **Restrictions and Restriction Period.** During the Restriction Period applicable to shares of Restricted Stock, such shares shall be subject to limitations on transferability and a Risk of Forfeiture arising on the basis of such conditions related to the performance of services, Company or Affiliate performance or otherwise as the Committee may determine and provide for in the applicable Award Agreement. Any such Risk of Forfeiture may be waived or terminated, or the Restriction Period shortened, at any time by the Committee on such basis as it deems appropriate.

(e) **Rights Pending Lapse of Risk of Forfeiture or Forfeiture of Award.** Except as otherwise provided in the Plan or the applicable Award Agreement, at all times prior to lapse of any Risk of Forfeiture applicable to, or forfeiture of, an Award of Restricted Stock, the Participant shall have all of the rights of a stockholder of the Company, including the right to vote, and the right to receive any dividends with respect to, the shares of Restricted Stock (but any dividends or other distributions payable in shares of Stock or other securities of the Company shall constitute additional Restricted Stock, subject to the same Risk of Forfeiture as the shares of Restricted Stock in respect of which such

shares of Stock or other securities are paid). The Committee, as determined at the time of Award, may permit or require the payment of cash dividends to be deferred and, if the Committee so determines, reinvested in additional Restricted Stock to the extent shares are available under Section 4.

(f) Lapse of Restrictions. If and when the Restriction Period expires without a prior forfeiture of the Restricted Stock, any certificates for such shares shall be delivered to the Participant promptly if not theretofore so delivered, and the restrictive legends shall be promptly removed from any book-entry registrations for such shares.

7.4. Restricted Stock Units.

(a) Character. Each Restricted Stock Unit shall entitle the recipient to such shares of Stock at a close of such Restriction Period as the Committee may establish and subject to a Risk of Forfeiture arising on the basis of such conditions relating to the performance of services, Company or Affiliate performance or otherwise as the Committee may determine and provide for in the applicable Award Agreement. Any such Risk of Forfeiture may be waived or terminated, or the Restriction Period shortened, at any time by the Committee on such basis as it deems appropriate.

(b) Form and Timing of Payment. Payment of earned Restricted Stock Units shall be made in a single lump sum following the close of the applicable Restriction Period. At the discretion of the Committee, Participants may be entitled to receive payments equivalent to any dividends declared with respect to Stock referenced in grants of Restricted Stock Units but only following the close of the applicable Restriction Period and then only if the underlying Stock shall have been earned. Unless the Committee shall provide otherwise, any such dividend equivalents shall be paid, if at all, without interest or other earnings.

7.5. Performance Units.

(a) Character. Each Performance Unit shall entitle the recipient to the value of a specified number of shares of Stock, over the initial value for such number of shares, if any, established by the Committee at the time of grant, at the close of a specified Performance Period to the extent specified Performance Goals shall have been achieved.

(b) Earning of Performance Units. The Committee shall set Performance Goals in its discretion which, depending on the extent to which they are met within the applicable Performance Period, will determine the number and value of Performance Units that will be paid out to the Participant. After the applicable Performance Period has ended, the holder of Performance Units shall be entitled to receive payout on the number and value of Performance Units earned by the Participant over the Performance Period, to be determined as a function of the extent to which the corresponding Performance Goals have been achieved.

(c) Form and Timing of Payment. Payment of earned Performance Units shall be made in a single lump sum following the close of the applicable Performance Period. At the discretion of the Committee, Participants may be entitled to receive any dividends declared with respect to Stock which have been earned in connection with grants of Performance Units which have been earned, but not yet distributed to Participants. The Committee may permit or, if it so provides at grant require, a Participant to defer such Participant's receipt of the payment of cash or the delivery of Stock that would otherwise be due to such Participant by virtue of the satisfaction of any requirements or goals with respect to Performance Units. If any such deferral election is required or permitted, the Committee shall establish rules and procedures for such payment deferrals.

7.6. Stock Grants. Stock Grants shall be awarded solely in recognition of significant contributions to the success of the Company or its Affiliates, in lieu of compensation otherwise already due and in such other limited circumstances as the Committee deems appropriate. Stock Grants shall be made without forfeiture conditions of any kind.

7.7. Qualified Performance-Based Awards.

(a) Purpose. The purpose of this Section 7.7 is to provide the Committee the ability to qualify Awards as performance-based compensation under Section 162(m) of the Code. If the Committee, in its discretion, decides to grant an Award as a Qualified Performance-Based Award, the provisions of this Section 7.7 will control over any contrary provision contained in the Plan. In the course of granting any Award, the Committee may specifically designate the Award as intended to qualify as a Qualified Performance-Based Award. However, no Award shall be considered to have failed to qualify as a Qualified Performance-Based Award solely because the Award is not

expressly designated as a Qualified Performance-Based Award, if the Award otherwise satisfies the provisions of this Section 7.7 and the requirements of Section 162(m) of the Code and the regulations promulgated thereunder applicable to performance-based compensation.

(b) Authority. All grants of Awards intended to qualify as Qualified Performance-Based Awards and determination of terms applicable thereto shall be made by the Committee or, if not all of the members thereof qualify as outside directors within the meaning of applicable IRS regulations under Section 162 of the Code, a

B-10

Table of Contents

subcommittee of the Committee consisting of such of the members of the Committee as do so qualify. Any action by such a subcommittee shall be considered the action of the Committee for purposes of the Plan.

(c) Applicability. This Section 7.7 will apply only to those Covered Employees, or to those persons who the Committee determines are reasonably likely to become Covered Employees in the period covered by an Award, selected by the Committee to receive Qualified Performance-Based Awards. The Committee may, in its discretion, grant Awards to Covered Employees that do not satisfy the requirements of this Section 7.7.

(d) Discretion of Committee with Respect to Qualified Performance-Based Awards. Options may be granted as Qualified Performance-Based Awards in accordance with Section 7.1, except that the exercise price of any Option intended to qualify as a Qualified Performance-Based Award shall in no event be less than the Market Value of the Stock on the date of grant. With regard to other Awards intended to qualify as Qualified Performance-Based Awards, such as Restricted Stock, Restricted Stock Units, or Performance Units, the Committee will have full discretion to select the length of any applicable Restriction Period or Performance Period, the kind and/or level of the applicable Performance Goal, and whether the Performance Goal is to apply to the Company, a Subsidiary or any division or business unit or to the individual. Any Performance Goal or Goals applicable to Qualified Performance-Based Awards shall be objective, shall be established not later than three (3) months after the beginning of any applicable Performance Period (or at such other date as may be required or permitted for performance-based compensation under Section 162(m) of the Code) and shall otherwise meet the requirements of Section 162(m) of the Code, including the requirement that the outcome of the Performance Goal or Goals be substantially uncertain (as defined in the regulations under Section 162(m) of the Code) at the time established.

(e) Payment of Qualified Performance-Based Awards. A Participant will be eligible to receive payment under a Qualified Performance-Based Award which is subject to achievement of a Performance Goal or Goals only if the applicable Performance Goal or Goals period are achieved within the applicable Performance Period, as determined by the Committee. In determining the actual size of an individual Qualified Performance-Based Award, the Committee may reduce or eliminate the amount of the Qualified Performance-Based Award earned for the Performance Period, if in its sole and absolute discretion, such reduction or elimination is appropriate.

(f) Maximum Award Payable. The maximum Qualified Performance-Based Award payment to any one Participant under the Plan for a Performance Period is the number of shares of Stock set forth in Section 4 above, or if the Qualified Performance-Based Award is paid in cash, that number of shares multiplied by the Market Value of the Stock as of the date the Qualified Performance-Based Award is granted.

(g) Limitation on Adjustments for Certain Events. No adjustment of any Qualified Performance-Based Award pursuant to Section 8 shall be made except on such basis, if any, as will not cause such Award to provide other than performance-based compensation within the meaning of Section 162(m) of the Code.

7.8. Awards to Participants Outside the United States. The Committee may modify the terms of any Award under the Plan granted to a Participant who is, at the time of grant or during the term of the Award, resident or primarily employed outside of the United States in any manner deemed by the Committee to be necessary or appropriate in order that the Award shall conform to laws, regulations, and customs of the country in which the Participant is then resident or primarily employed, or so that the value and other benefits of the Award to the Participant, as affected by foreign tax laws and other restrictions applicable as a result of the Participant's residence or employment abroad, shall be comparable to the value of such an Award to a Participant who is resident or primarily employed in the United States. The Committee may establish supplements to, or amendments, restatements, or alternative versions of the Plan for the purpose of granting and administering any such modified Award. No such modification, supplement, amendment, restatement or alternative version may increase the share limit of Section 4.

8. *Adjustment Provisions*

8.1. *Adjustment for Corporate Actions.* All of the share numbers set forth in the Plan reflect the capital structure of the Company as of the Plan Restatement Effective Date. Subject to Section 8.2, if subsequent to the Plan Restatement Effective Date the outstanding shares of Stock (or any other securities covered by the Plan by reason of the prior application of this Section) are increased, decreased, or exchanged for a different number or kind of shares or other securities, or if additional shares or new or different shares or other securities are distributed with respect to

B-11

Table of Contents

shares of Stock, through merger, consolidation, sale of all or substantially all the property of the Company, reorganization, recapitalization, reclassification, stock dividend, stock split, reverse stock split, or other similar distribution with respect to such shares of Stock, an appropriate and proportionate adjustment will be made in (i) the maximum numbers and kinds of shares provided in Section 4, (ii) the numbers and kinds of shares or other securities subject to the then outstanding Awards, (iii) the exercise price for each share or other unit of any other securities subject to then outstanding Options and Stock Appreciation Rights (without change in the aggregate purchase price as to which such Options or Rights remain exercisable), and (iv) the repurchase price of each share of Restricted Stock then subject to a Risk of Forfeiture in the form of a Company repurchase right.

8.2. Treatment in Certain Acquisitions. Subject to any provisions of then outstanding Awards granting greater rights to the holders thereof, in the event of an Acquisition in which outstanding Awards are not Accelerated in full pursuant to Section 9, any then outstanding Awards shall nevertheless Accelerate in full to the extent not assumed or replaced by comparable Awards referencing shares of the capital stock of the successor or acquiring entity or parent thereof, and thereafter (or after a reasonable period following the Acquisition, as determined by the Committee) terminate. As to any one or more outstanding Awards which are not otherwise Accelerated in full by reason of such Acquisition, the Committee may also, either in advance of an Acquisition or at the time thereof and upon such terms as it may deem appropriate, provide for the Acceleration of such outstanding Awards in the event that the employment of the Participants should subsequently terminate following the Acquisition. Each outstanding Award that is assumed in connection with an Acquisition, or is otherwise to continue in effect subsequent to the Acquisition, will be appropriately adjusted, immediately after the Acquisition, as to the number and class of securities and other relevant terms in accordance with Section 8.1.

8.3. Cancellation and Termination of Awards. The Committee may, in connection with any merger, consolidation, share exchange or other transaction entered into by the Company in good faith, determine that any outstanding Awards granted under the Plan, whether or not vested, will be canceled and terminated and that in connection with such cancellation and termination the holder of such Award may receive for each share of Common Stock subject to such Award a cash payment (or the delivery of shares of stock, other securities or a combination of cash, stock and securities equivalent to such cash payment) equal to the difference, if any, between the amount determined by the Committee to be the fair market value of the Common Stock and the purchase price per share (if any) under the Award multiplied by the number of shares of Common Stock subject to such Award; provided that if such product is zero or less or to the extent that the Award is not then exercisable, the Award will be canceled and terminated without payment therefor.

8.4. Dissolution or Liquidation. Upon dissolution or liquidation of the Company, other than as part of an Acquisition or similar transaction, each outstanding Option and SAR shall terminate, but the Optionee or SAR holder (if at the time in the employ of or otherwise associated with the Company or any of its Affiliates) shall have the right, immediately prior to the dissolution or liquidation, to exercise the Option or SAR to the extent exercisable on the date of dissolution or liquidation.

8.5. Adjustment of Awards Upon the Occurrence of Certain Unusual or Nonrecurring Events. In the event of any corporate action not specifically covered by the preceding Sections, including but not limited to an extraordinary cash distribution on Stock, a corporate separation or other reorganization or liquidation, the Committee may make such adjustment of outstanding Awards and their terms, if any, as it, in its sole discretion, may deem equitable and appropriate in the circumstances. The Committee may make adjustments in the terms and conditions of, and the criteria included in, Awards in recognition of unusual or nonrecurring events (including, without limitation, the events described in this Section) affecting the Company or the financial statements of the Company or of changes in applicable laws, regulations, or accounting principles, whenever the Committee determines that such adjustments are appropriate in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan.

8.6. *Related Matters.* Any adjustment in Awards made pursuant to this Section 8 shall be determined and made, if at all, by the Committee and shall include any correlative modification of terms, including of Option exercise prices, rates of vesting or exercisability, Risks of Forfeiture, applicable repurchase prices for Restricted Stock, and Performance Goals and other financial objectives which the Committee may deem necessary or appropriate so as to ensure the rights of the Participants in their respective Awards are not substantially diminished

B-12

Table of Contents

nor enlarged as a result of the adjustment and corporate action other than as expressly contemplated in this Section 8. No fraction of a share shall be purchasable or deliverable upon exercise, but in the event any adjustment hereunder of the number of shares covered by an Award shall cause such number to include a fraction of a share, such number of shares shall be adjusted to the nearest smaller whole number of shares. No adjustment of an Option exercise price per share pursuant to this Section 8 shall result in an exercise price which is less than the par value of the Stock.

9. Change of Control

Upon the occurrence of a Change of Control:

(a) any and all Options and Stock Appreciation Rights not already exercisable in full shall Accelerate if and to the extent so provided in the Award Agreement or so determined by the Committee;

(b) any Risk of Forfeiture applicable to Restricted Stock and Restricted Stock Units which is not based on achievement of Performance Goals shall lapse if and to the extent so provided in the Award Agreement or so determined by the Committee; and

(c) all outstanding Awards of Restricted Stock and Restricted Stock Units conditioned on the achievement of Performance Goals and the target payout opportunities attainable under outstanding Performance Units shall be deemed to have been satisfied as of the effective date of the Change of Control if and to the extent so provided in the Award Agreement or so determined by the Committee;

None of the foregoing shall apply, however, (i) in the case of any Award pursuant to an Award Agreement requiring other or additional terms upon a Change of Control (or similar event), or (ii) if specifically prohibited under applicable laws, or by the rules and regulations of any governing governmental agencies or national securities exchanges. Nor shall the foregoing apply in the case of a Qualified Performance-Based Award except to the extent the foregoing would not interfere with the qualification of the Award under 162(m) of the Code at any time prior to a Change of Control (so that, for example, if a Change of Control occurs but does not constitute a change of control within the meaning of Section 162(m) of the Code, there shall be no Acceleration of any Qualified Performance-Based Award pursuant to this Section 9, but if the Change of Control does constitute a change of control within the meaning of Section 162(m) of the Code, then the Award shall Accelerate to the extent provided above regardless of whether it thereafter ceases to qualify as a Qualified Performance-Based Award).

10. Settlement of Awards

10.1. ***In General.*** Options and Restricted Stock shall be settled in accordance with their terms. All other Awards may be settled in cash, Stock, or other Awards, or a combination thereof, as determined by the Committee at or after grant and subject to any contrary Award Agreement. The Committee may not require settlement of any Award in Stock pursuant to the immediately preceding sentence to the extent issuance of such Stock would be prohibited or unreasonably delayed by reason of any other provision of the Plan.

10.2. ***Violation of Law.*** Notwithstanding any other provision of the Plan or the relevant Award Agreement, if, at any time, in the reasonable opinion of the Company, the issuance of shares of Stock covered by an Award may constitute a violation of law, then the Company may delay such issuance and the delivery of such shares until (i) approval shall have been obtained from such governmental agencies, other than the Securities and Exchange Commission, as may be required under any applicable law, rule, or regulation and (ii) in the case where such issuance would constitute a violation of a law administered by or a regulation of the Securities and Exchange Commission, one of the following conditions shall have been satisfied:

- (a) the shares are at the time of the issue of such shares effectively registered under the Securities Act of 1933; or
- (b) the Company shall have determined, on such basis as it deems appropriate (including an opinion of counsel in form and substance satisfactory to the Company) that the sale, transfer, assignment, pledge, encumbrance or other disposition of such shares or such beneficial interest, as the case may be, does not require registration under the Securities Act of 1933, as amended or any applicable State securities laws.

The Company shall make all reasonable efforts to bring about the occurrence of said events.

B-13

Table of Contents

10.3. Corporate Restrictions on Rights in Stock. Any Stock to be issued pursuant to Awards granted under the Plan shall be subject to all restrictions upon the transfer thereof which may be now or hereafter imposed by the charter, certificate or articles, and by-laws, of the Company.

10.4. Investment Representations. The Company shall be under no obligation to issue any shares covered by any Award unless the shares to be issued pursuant to Awards granted under the Plan have been effectively registered under the Securities Act of 1933, as amended, or the Participant shall have made such written representations to the Company (upon which the Company believes it may reasonably rely) as the Company may deem necessary or appropriate for purposes of confirming that the issuance of such shares will be exempt from the registration requirements of that Act and any applicable state securities laws and otherwise in compliance with all applicable laws, rules and regulations, including but not limited to that the Participant is acquiring the shares for his or her own account for the purpose of investment and not with a view to, or for sale in connection with, the distribution of any such shares.

10.5. Registration. If the Company shall deem it necessary or desirable to register under the Securities Act of 1933, as amended or other applicable statutes any shares of Stock issued or to be issued pursuant to Awards granted under the Plan, or to qualify any such shares of Stock for exemption from the Securities Act of 1933, as amended or other applicable statutes, then the Company shall take such action at its own expense. The Company may require from each recipient of an Award, or each holder of shares of Stock acquired pursuant to the Plan, such information in writing for use in any registration statement, prospectus, preliminary prospectus or offering circular as is reasonably necessary for that purpose and may require reasonable indemnity to the Company and its officers and directors from that holder against all losses, claims, damage and liabilities arising from use of the information so furnished and caused by any untrue statement of any material fact therein or caused by the omission to state a material fact required to be stated therein or necessary to make the statements therein not misleading in the light of the circumstances under which they were made. In addition, the Company may require of any such person that he or she agree that, without the prior written consent of the Company or the managing underwriter in any public offering of shares of Stock, he or she will not sell, make any short sale of, loan, grant any option for the purchase of, pledge or otherwise encumber, or otherwise dispose of, any shares of Stock during the 180 day period commencing on the effective date of the registration statement relating to the underwritten public offering of securities. Without limiting the generality of the foregoing provisions of this Section 10.5, if in connection with any underwritten public offering of securities of the Company the managing underwriter of such offering requires that the Company's directors and officers enter into a lock-up agreement containing provisions that are more restrictive than the provisions set forth in the preceding sentence, then (a) each holder of shares of Stock acquired pursuant to the Plan (regardless of whether such person has complied or complies with the provisions of clause (b) below) shall be bound by, and shall be deemed to have agreed to, the same lock-up terms as those to which the Company's directors and officers are required to adhere; and (b) at the request of the Company or such managing underwriter, each such person shall execute and deliver a lock-up agreement in form and substance equivalent to that which is required to be executed by the Company's directors and officers.

10.6. Placement of Legends; Stop Orders; etc. Each share of Stock to be issued pursuant to Awards granted under the Plan may bear a reference to the investment representation made in accordance with Section 10.4 in addition to any other applicable restriction under the Plan, the terms of the Award and to the fact that no registration statement has been filed with the Securities and Exchange Commission in respect to such shares of Stock. All shares of Stock or other securities delivered under the Plan shall be subject to such stock transfer orders and other restrictions as the Committee may deem advisable under the rules, regulations, and other requirements of any stock exchange upon which the Stock is then listed, and any applicable federal or state securities law, and the Committee may cause a legend or legends to be put on any certificates or recorded in connection with book-entry accounts representing the shares to make appropriate reference to such restrictions.

10.7. *Tax Withholding*. Whenever shares of Stock are issued or to be issued pursuant to Awards granted under the Plan, the Company shall have the right to require the recipient to remit to the Company an amount sufficient to satisfy federal, state, local or other withholding tax requirements if, when, and to the extent required by law (whether so required to secure for the Company an otherwise available tax deduction or otherwise) prior to the delivery of any such shares. The obligations of the Company under the Plan shall be conditional on satisfaction of all such withholding obligations and the Company shall, to the extent permitted by law, have the right to deduct any such taxes from any

B-14

Table of Contents

payment of any kind otherwise due to the recipient of an Award. However, in such cases Participants may elect, subject to the approval of the Committee, acting in its sole discretion, to satisfy an applicable withholding requirement, in whole or in part, by having the Company withhold shares to satisfy their tax obligations. Participants may only elect to have Shares withheld having a Market Value on the date the tax is to be determined equal to the minimum statutory total tax which could be imposed on the transaction. All elections shall be irrevocable, made in writing, signed by the Participant, and shall be subject to any restrictions or limitations that the Committee deems appropriate.

11. Reservation of Stock

The Company shall at all times during the term of the Plan and any outstanding Awards granted hereunder reserve or otherwise keep available such number of shares of Stock as will be sufficient to satisfy the requirements of the Plan (if then in effect) and the Awards and shall pay all fees and expenses necessarily incurred by the Company in connection therewith.

12. Limitation of Rights in Stock; No Special Service Rights

A Participant shall not be deemed for any purpose to be a stockholder of the Company with respect to any of the shares of Stock subject to an Award, unless and until shares shall have been issued therefor and delivered to the Participant or his agent. Any Stock to be issued pursuant to Awards granted under the Plan shall be subject to all restrictions upon the transfer thereof which may be now or hereafter imposed by the Certificate of Incorporation and the By-laws of the Company. Nothing contained in the Plan or in any Award Agreement shall confer upon any recipient of an Award any right with respect to the continuation of his or her employment or other association with the Company (or any Affiliate), or interfere in any way with the right of the Company (or any Affiliate), subject to the terms of any separate employment or consulting agreement or provision of law or corporate articles or by-laws to the contrary, at any time to terminate such employment or consulting agreement or to increase or decrease, or otherwise adjust, the other terms and conditions of the recipient's employment or other association with the Company and its Affiliates.

13. Unfunded Status of Plan

The Plan is intended to constitute an unfunded plan for incentive compensation, and the Plan is not intended to constitute a plan subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended. With respect to any payments not yet made to a Participant by the Company, nothing contained herein shall give any such Participant any rights that are greater than those of a general creditor of the Company. In its sole discretion, the Committee may authorize the creation of trusts or other arrangements to meet the obligations created under the Plan to deliver Stock or payments with respect to Options, Stock Appreciation Rights and other Awards hereunder, *provided, however*, that the existence of such trusts or other arrangements is consistent with the unfunded status of the Plan.

14. Nonexclusivity of the Plan

Neither the adoption of the Plan by the Board nor the submission of the Plan to the stockholders of the Company shall be construed as creating any limitations on the power of the Board to adopt such other incentive arrangements as it may deem desirable, including without limitation, the granting of stock options and restricted stock other than under the Plan, and such arrangements may be either applicable generally or only in specific cases.

15. Termination and Amendment of the Plan

The Board may at any time terminate the Plan or make such modifications of the Plan as it shall deem advisable. Unless the Board otherwise expressly provides, no amendment of the Plan shall affect the terms of any Award outstanding on the date of such amendment.

The Committee may amend the terms of any Award theretofore granted, prospectively or retroactively, provided that the Award as amended is consistent with the terms of the Plan.

Notwithstanding the foregoing,
