Summary

This summary contains basic information about us and the offering but does not contain all of the information that is important to your investment decision. You should read this summary together with the more detailed information contained elsewhere in this prospectus supplement and accompanying prospectus and in the statement of additional information, especially the information set forth under the heading "Risk Factors" beginning on page 31 of the accompanying prospectus. When used in this prospectus supplement, the terms "we," "us," and "our" refer to Tortoise Energy Infrastructure Corporation, unless specified otherwise.

THE COMPANY

We seek to provide our stockholders with an efficient vehicle to invest in a portfolio of publicly traded MLPs in the energy infrastructure sector. Our investment objective is to seek a high level of total return with an emphasis on current distributions paid to stockholders. For purposes of our investment objective, total return includes capital appreciation of, and all distributions received from, securities in which we invest regardless of the tax character of the distributions. Similar to the tax characterization of distributions made by MLPs to unitholders, a significant portion of our distributions to stockholders are expected to be treated as a return of capital to stockholders.

We are a nondiversified, closed-end management investment company. We commenced operations in February 2004 following our initial public offering. We were the first publicly traded investment company offering access to a portfolio of MLPs. As of the date of this prospectus supplement, we have outstanding \$73 million of our Mandatory Redeemable Preferred Stock due December 31, 2019 (the "Tortoise Preferred Shares") and approximately \$170 million of our privately placed Senior Notes (the "Tortoise Notes").

We have established an unsecured credit facility with U.S. Bank N.A. serving as a lender and the lending syndicate agent on behalf of other lenders participating in the credit facility, which currently allows us to borrow up to \$70 million. Outstanding balances under the credit facility generally accrue interest at a variable annual rate equal to the one-month LIBOR rate plus 2.00%, with a fee of 0.25% on any unused balance of the credit facility. As of the date of this prospectus supplement, the current rate is 2.23%. The credit facility remains in effect through June 20, 2010. We may draw on the facility from time to time in accordance with our investment policies. As of the date of this prospectus supplement, we have outstanding approximately \$18.4 million under the credit facility. We have a fiscal year ending November 30.

We expect to distribute substantially all of our distributable cash flow ("DCF") to holders of common stock through quarterly distributions. DCF is the amount we receive as cash or paid-in-kind distributions from MLPs or their affiliates, and interest payments received on debt securities owned by us, less current or anticipated operating expenses, current taxes on our taxable income, and leverage costs paid by us (including leverage costs of the Tortoise Notes and Tortoise Preferred Shares). Our Board of Directors adopted a policy to target distributions to common stockholders in an amount of at least 95% of DCF on an annual basis.

INVESTMENT ADVISER

Tortoise Capital Advisors, L.L.C. (the "Adviser") serves as our investment adviser. The Adviser specializes in managing portfolios of investments in MLPs and other energy companies. The Adviser was formed in October 2002 to provide portfolio management services to institutional and high-net-worth investors seeking professional management of their MLP investments. As of December 31, 2009, the Adviser had approximately \$2.8 billion of client assets under management. The Adviser's investment committee is comprised of five portfolio managers. See "Management of the

Company in the accompanying prospectus.

The Adviser also serves as the investment adviser to Tortoise Energy Capital Corporation, Tortoise North American Energy Corporation, Tortoise Capital Resources Corporation, and Tortoise Power and Energy Infrastructure Fund, Inc., which are also publicly traded, closed-end management investment companies, as well as private accounts.

The principal business address of the Adviser is 11550 Ash Street, Suite 300, Leawood, Kansas 66211.

PORTFOLIO INVESTMENTS

We invest primarily in securities of energy infrastructure companies. Energy infrastructure companies engage in the business of transporting, processing, storing, distributing or marketing natural gas, natural gas liquids (primarily propane), coal, crude oil or refined petroleum products, or exploring, developing, managing or producing such commodities. Under normal circumstances, we invest at least 90% of our total assets (including assets we obtain through leverage) in securities of energy infrastructure companies and at least 70% of our total assets in equity securities of MLPs.

We have adopted the following additional nonfundamental investment policies.

- Ø We may invest up to 30% of our total assets in restricted securities, primarily through direct placements.
- Ø We may invest up to 25% of our total assets in debt securities of energy infrastructure companies, including securities rated below investment grade (commonly referred to as junk bonds). Below investment grade debt securities will be rated at least B3 by Moody's Investors Service, Inc. (Moody's) and at least B- by Standard & Poor's Ratings Group at the time of purchase, or comparably rated by another statistical rating organization or if unrated, determined to be of comparable quality by the Adviser.
- Ø We will not invest more than 10% of total assets in any single issuer.
- Ø We will not engage in short sales.

See Investment Objective and Principal Investment Strategies in the accompany prospectus.

As of December 31, 2009, our unaudited portfolio investments were approximately \$1.1 billion. Our top 10 holdings by issuer as of that date were:

RECENT DEVELOPMENTS

Adviser Transaction. On September 15, 2009, the Adviser announced that senior management of the Adviser had acquired, along with Mariner Holdings, LLC (Mariner), all of the ownership interests in the Adviser (the Transaction). As part of the Transaction, Mariner purchased a majority stake in the Adviser, with the intention to provide growth capital and resources and provide the Adviser with a complementary strategic partner in the asset management business. Mariner is an independent investment firm with affiliates focused on wealth and asset management.

On September 11, 2009, our stockholders approved, and on September 15, 2009, effective upon the closing of the Transaction we entered into, a new Investment Advisory Agreement with the Adviser (the Current Investment Advisory Agreement). The terms of the Current Investment Advisory Agreement are substantially identical to the terms of the Investment Advisory Agreement formerly in place between us and the Adviser (the Former Investment Advisory Agreement), except for the effective and termination dates, and simply continue the relationship between us and the Adviser. The advisory fee we pay to the Adviser under the Current Investment Advisory Agreement has not changed from the amount paid under the Former Investment Advisory Agreement.

On September 15, 2009, effective upon the consummation of the Transaction, Terry Matlack resigned from our Board of Directors in order to comply with a safe harbor under Section 15(f) of the Investment Company Act of 1940 (the 1940 Act). Mr. Matlack remains a Managing Director of the Adviser, a member of the Adviser's Investment Committee and our Chief Financial Officer.

Our portfolio management, investment objectives and policies, and investment processes did not change as a result of the Transaction or entering into the Current Investment Advisory Agreement. The current Managing Directors of the Adviser continue to serve as the Investment Committee of the Adviser responsible for the investment management of our portfolio. The Adviser retained its name and other personnel currently providing services to us and remains located at 11550 Ash Street, Suite 300, Leawood, Kansas 66211.

The business and affairs of the Adviser are currently managed by its five Managing Directors David J. Schulte (also our Chief Executive Officer and President), Terry C. Matlack (also our Chief Financial Officer), H. Kevin Birzer (also a director and our Chairman of the Board), Zachary A. Hamel (also our Senior Vice President), and Kenneth P. Malvey (also our Senior Vice President and Treasurer).

Common Stock Distribution. On September 1, 2009, we paid a distribution in the amount of \$0.54 per common share. On November 30, 2009, we paid a distribution in the amount of \$0.54 per common share.

Credit Facility Extension. On June 19, 2009, we entered into an amendment of our unsecured credit facility with U.S. Bank N.A. and a lending syndicate effective as of June 20, 2009. The amended credit agreement provides for a \$70 million revolving credit facility and extends the term of the credit facility until June 20, 2010. During the extension, outstanding balances will accrue interest at a variable annual rate equal to the one-month LIBOR rate plus 2.00% and unused balances of the credit facility will accrue a non-use fee equal to an annual rate of 0.25%.

S-3

Issuance of Mandatory Redeemable Preferred Stock. On December 14, 2009, we issued \$65 million of our Tortoise Preferred Shares. On December 21, 2009, we issued an additional \$8 million of our Tortoise Preferred Shares pursuant to the underwriters' exercise of their overallotment option. Distributions on the Tortoise Preferred Shares are payable monthly at a rate of 6.25% per annum. We must redeem the Tortoise Preferred Shares on December 31, 2019. We may redeem the Tortoise Preferred Shares prior to December 31, 2019 under certain circumstances. The Tortoise Preferred Shares are rated AA and A1 by Fitch Ratings (Fitch) and Moody's, respectively.

Change to Leverage Target. On December 16, 2009, our Board of Directors reduced our leverage target to 25% of our total assets (previously 33% of our total assets) at the time of incurrence and also approved a policy permitting temporary increases in the amount of leverage we may use from 25% of our total assets to up to 30% of our total assets at the time of incurrence, provided that (i) such leverage is consistent with the limits set forth in the 1940 Act and (ii) that we expect to reduce such increased leverage over time in an orderly fashion.

Issuance of Series F & G Tortoise Notes. On December 21, 2009, we issued \$59,975,000 in aggregate principal amount of our Series F and Series G Tortoise Notes to a single holder. The \$29,975,000 Series F Tortoise Notes are due December 21, 2012 and bear interest at 4.5% per annum. The \$30,000,000 Series G Tortoise Notes are due December 21, 2016 and bear interest at 5.85% per annum. The Series F and G Tortoise Notes are rated AAA by Fitch.

Full Redemption of Auction Rate Securities. On December 21, 2009, we used the proceeds from the issuance of our Tortoise Preferred Shares and Series F and G Tortoise Notes to redeem all \$70 million of our outstanding Auction Rate Preferred Stock and all \$60 million of our outstanding Auction Rate Senior Notes.

Underwriting

Under the terms and subject to the conditions contained in an underwriting agreement dated the date of this prospectus supplement, the underwriters have severally agreed to purchase, and we have agreed to sell, the number of common shares set forth opposite the underwriter's name in the following table. UBS Securities LLC and Merrill Lynch, Pierce, Fenner & Smith Incorporated are the representatives of the underwriters.

Underwriter	Number of Common Shares
UBS Securities LLC. Merrill Lynch, Pierce, Fenner & Smith Incorporated Barclays Capital Inc. Oppenheimer & Co. Inc. RBC Capital Markets Corporation Wunderlich Securities, Inc.	2,500,000

The underwriting agreement provides that the underwriters must buy all of the common shares if they buy any of them. However, the underwriters are not required to take or pay for the common shares covered by the underwriters option to purchase additional common shares described below.

Our common shares and the common shares to be sold upon the exercise of the underwriters option to purchase additional common shares, if any, are offered subject to a number of conditions, including:

Ø receipt and acceptance of our common shares by the underwriters; and

Ø the underwriters right to reject orders in whole or in part.

We have been advised by the representatives that the underwriters intend to make a market in our common shares, but that they are not obligated to do so and may discontinue making a market at any time without notice.

In connection with this offering, certain of the underwriters or securities dealers may distribute prospectuses electronically.

OPTION TO PURCHASE ADDITIONAL COMMON SHARES

We have granted the underwriters an option to buy up to an aggregate 375,000 additional common shares. This option may be exercised if the underwriters sell more than 2,500,000 common shares in connection with this offering. The underwriters have 45 days from the date of this prospectus supplement to exercise this option. If the underwriters exercise this option, they will each purchase additional common shares approximately in proportion to the amounts specified in the table above.

COMMISSIONS AND DISCOUNTS

Common shares sold by the underwriters to the public will initially be offered at the offering price set forth on the cover of this prospectus supplement. Any common shares sold by the underwriters to securities dealers may be sold at a discount of up to \$ per common share from the offering price.

If all the common shares are not sold at the offering price, the representatives may change the offering price and the other selling terms. Sales of common shares made outside of the United States may be made by affiliates of the underwriters. Upon execution of the underwriting agreement, the underwriters will be obligated to purchase the common shares at the price and upon the terms stated therein, and, as a result, will thereafter bear any risk associated with changing the offering price to the public or other selling terms.

INDEMNIFICATION

We and the Adviser have agreed to indemnify the underwriters and their affiliates against certain liabilities, including liabilities under the Securities Act of 1933, as amended, and to contribute to payments that may be required to be made in respect of these liabilities.

LOCK-UP AGREEMENT

We and our officers and directors have agreed that, without the prior written approval of UBS Securities LLC and Merrill Lynch, Pierce, Fenner & Smith Incorporated, we and they may not offer, sell, contract or otherwise dispose of or agree to sell or otherwise dispose of, directly or indirectly, or hedge our common shares or securities convertible into or exchangeable or exercisable for our common shares, enter into any swap or other agreement that transfers, in whole or in part, any of the economic consequences of ownership of the common shares, make any demand for or exercise any right or file or cause to be filed a registration statement (except the filing of a new shelf registration statement) with respect to the registration of any common shares or securities convertible, exercisable or exchangeable into common shares or any of our other securities or publicly disclose the intention to do any of the foregoing. These restrictions will be in effect for a period of 60 days after the date of this prospectus supplement, but shall not apply to our common stock issued pursuant to our dividend reinvestment and cash purchase plan.

At any time and without public notice, UBS Securities LLC and Merrill Lynch, Pierce, Fenner & Smith Incorporated may, in their joint discretion, release all or some of the securities from this lock-up agreement.

PRICE STABILIZATION, SHORT POSITIONS AND PENALTY BIDS

In connection with this offering, the underwriters may engage in activities that stabilize, maintain or otherwise affect the price of our common shares including:

Ø stabilizing transactions;

- Ø short sales;
- Ø purchases to cover positions created by short sales;
- Ø imposition of penalty bids; and
- Ø syndicate covering transactions.

Stabilizing transactions consist of bids or purchases made for the purpose of preventing or retarding a decline in the market price of our common shares while this offering is in progress. These transactions may also include making short sales of our common shares, which involves the sale by the underwriters of a greater number of common shares than they are required to purchase in this offering, and purchasing common shares on the open market to cover positions created by short sales. Short sales may be covered shorts, which are short positions in an amount not greater than the underwriters' option to purchase additional common shares referred to above, or may be naked shorts, which are short positions in excess of that amount.

S-14

Underwriting

The underwriters may close out any covered short position by either exercising their option to purchase additional common shares, in whole or in part, or by purchasing common shares in the open market. In making this determination, the underwriters will consider, among other things, the price of common shares available for purchase in the open market as compared to the price at which they may purchase common shares through their option to purchase additional common shares.

Naked short sales are in excess of the underwriters' option to purchase additional common shares. The underwriters must close out any naked short position by purchasing common shares in the open market. A naked short position is more likely to be created if the underwriters are concerned that there may be downward pressure on the price of the common shares in the open market that could adversely affect investors who purchased in this offering.

LISTING

Our currently outstanding shares of common stock are, and the shares of common stock sold pursuant to this prospectus supplement and the accompanying prospectus, subject to notice of issuance, will be listed on the NYSE under the symbol TYG.

AFFILIATIONS

The underwriters and their affiliates may from time to time in the future engage in transactions with us and perform services for us in the ordinary course of business. In addition, some of the underwriters and their affiliates have engaged in transactions with us and our predecessor and performed services for us in the ordinary course of their business.

FINRA CONDUCT RULES

Because the Financial Industry Regulatory Authority, or the FINRA (formerly known as the National Association of Securities Dealers, Inc., or NASD), views the common shares offered by this prospectus supplement as interests in a direct participation program, this offering is being made in compliance with Rule 2310 of the NASD's Conduct Rules.

Pursuant to a requirement by the NASD, the maximum commission or discount to be received by any NASD member or independent broker/dealer may not be greater than five percent (5%) of the gross proceeds received by us for the sale of any securities being registered pursuant to SEC Rule 415 under the Securities Act of 1933.
