Annual Meeting of Shareholders
April 14, 2010

Proxy Statement
SOLICITATION OF PROXIES

This Proxy Statement and the enclosed proxy are being furnished to holders of common stock, no par value, of Universal Forest Products, Inc. (the Company). Our Board of Directors (the Board) is soliciting proxies for use at our Annual Meeting of Shareholders to be held on April 14, 2010, and at any adjournment of that meeting, at our Technology and Training Building, 2880 East Beltline Lane NE, Grand Rapids, MI 49525, at 8:30 a.m. local time. Registration for the meeting begins at 8:00 a.m.

VOTING AT THE MEETING

If the enclosed Proxy is properly signed and returned, the shares represented by the proxy will be voted at our Annual Meeting of Shareholders and at any adjournment of the meeting. If a shareholder specifies a choice, the proxy will be voted as specified. If no choice is specified, the shares represented by the proxy will be voted for the election of all nominees named in the Proxy Statement, for the ratification of the appointment of our independent registered public accounting firm, and in accordance with the judgment of the persons named as proxies with respect to any other matter which may come before the meeting.

This year, in accordance with the rules promulgated by the Securities and Exchange Commission, we have elected to use the Internet as our primary means of providing our proxy materials to our shareholders. Accordingly, unless requested, shareholders will not receive paper copies of our proxy materials. Instead, we will mail to our shareholders a Notice of Internet Availability of Proxy Materials with instructions for accessing our proxy materials and for voting via the Internet or telephone. The Notice of Internet Availability of Proxy Materials also will provide information on how shareholders may obtain paper copies of proxy materials free of charge, if they so choose.

Returning your completed proxy will not prevent you from voting in person at our Annual Meeting of Shareholders, if you wish to do so. In addition, you may revoke your proxy at any time before it is voted, by written notice to our secretary prior to our Annual Meeting of Shareholders, by submission of a later-dated proxy, or by the withdrawal of your proxy and voting in person at our Annual Meeting of Shareholders.

Table of Contents

The cost of the solicitation of proxies will be paid by our Company. In addition to the use of the United States Postal Service, proxies may be solicited personally, by telephone, by facsimile, or by electronic mail by our employees who will not receive additional compensation for soliciting proxies. We do not intend to pay any compensation for the solicitation of proxies, except that we will reimburse brokers, nominees, custodians, and other fiduciaries for their expenses in connection with sending materials to beneficial owners and obtaining their proxies.

VOTING SECURITIES

Holders of record of common stock at the close of business on February 17, 2010, will be entitled to vote at our Annual Meeting of Shareholders. As of February 17, 2010, there were 19,370,910 shares of common stock outstanding. The presence in person or by proxy of at least 51% of such shares constitutes a quorum. A shareholder is entitled to one vote for each share of common stock registered in the shareholder's name at the close of business on February 17, 2010. Under Michigan law, abstentions are treated as present and entitled to vote and therefore have the effect of a vote against the matter. A broker non-vote on a matter is considered not entitled to vote on that matter and, therefore, is not counted in determining whether a matter requiring approval of a majority of the shares present and entitled to vote has been approved. A broker non-vote occurs when a shareholder holds his or her stock through a broker and the broker does not vote those shares. This usually occurs because the broker has not received timely voting instructions from that shareholder and the broker does not have the discretionary voting power for the particular item upon which the vote is taken. Votes cast at the meeting or submitted by proxy will be counted by inspectors of the meeting appointed by our Company. There is no right to cumulative voting on any matter.

ELECTION OF DIRECTORS

Our Board presently consists of ten members. These members are divided into three classes, as equal in number as possible, with the classes to hold office for staggered terms of three years each. Our Board has nominated incumbent directors Michael B. Glenn, William G. Currie, John M. Engler and Bruce A. Merino to three year terms expiring at our 2013 Annual Meeting of Shareholders.

The persons named as proxy holders in the accompanying proxy will vote for the above-named nominees, unless a shareholder directs them differently on a proxy card. If a nominee is not available for election as a director at the time of the Annual Meeting of Shareholders (a situation which is not now anticipated), the Board may designate a substitute nominee, and the accompanying proxy will be voted for the substituted nominee.

A vote of the shareholders holding a plurality of the shares present in person or represented by proxy is required to elect directors. Accordingly, the four individuals who receive the greatest number of votes cast at the meeting will be elected as directors.

The Board of Directors recommends a vote FOR the election of each person nominated by the Board.

CORPORATE GOVERNANCE AND BOARD MATTERS

Our Board is committed to sound and effective corporate governance practices. To assist in its governance, the Board has appointed three standing committees: the Audit Committee, the Nominating and Corporate Governance Committee, and the Personnel and Compensation Committee. Each of these committees has a written charter, the current versions of which are available for review on our website at www.ufpi.com under the tab Investor Relations.

Code of Business Conduct and Ethics and Code of Ethics for Senior Financial Officers

We have adopted a Code of Business Conduct and Ethics that applies to our employees, officers, and directors. We have also adopted a Code of Ethics for Senior Financial Officers. Each Code is posted on our website, and any changes or waiver to either Code will be disclosed on our website at www.ufpi.com under the tab Investor Relations.

Affirmative Determination Regarding Director Independence and Other Matters

Our Board has determined each of the following directors to be an independent director, as such term is defined in Marketplace Rule 4200(a)(15) of the National Association of Securities Dealers (the NASD): Dan M. Dutton, John M. Engler, John W. Garside, Gary F. Goode, Bruce A. Merino, Mark A. Murray, William R. Payne, and Louis A. Smith. There are no family relationships between or among the directors and our executive officers.

To assist our Board, the Nominating and Corporate Governance Committee reviewed the applicable legal standards for director and Board committee independence, as well as the criteria applied to determine audit committee financial expert status and the answers to annual questionnaires completed by each of the directors. On the basis of this review, the Nominating and Corporate Governance Committee delivered a report to the full Board, and the Board made its independence and audit committee financial expert determinations based upon that report and each member's review of the information made available to the Nominating and Corporate Governance Committee.

The effectiveness of each of our directors is monitored through the use of an annual assessment, and any director who does not meet the Board's standards will not be permitted to continue service. Effective January 14, 2010, the Board amended its retirement policy by eliminating its mandatory retirement age. We believe that the ability of a Board member to add value to our Company is not dependent on age; rather, it is based on the director's actual performance. As a result, we expect that some directors will not serve until a typical retirement age, while others may serve longer.

Table of Contents

Committees

Audit Committee. Each member of the Audit Committee is independent, as that term is defined by Rule 4200(a)(15) of the Nasdaq Listing Standards as well as the applicable rules of the Securities Exchange Commission for audit committee membership. Our Board has determined that Mr. Goode and Mr. Murray each qualify as an audit committee financial expert, as defined in Item 407(d) of Regulation S-K of the Securities Exchange Act of 1934 (the Exchange Act). The full responsibilities of the Audit Committee are set forth in the Audit Committee Charter. In general, the primary purpose of this Committee is to assist the Board in overseeing management's conduct of our financial reporting processes and system of internal controls regarding finance, accounting, legal compliance, and ethics. During 2009, the Audit Committee held five meetings.

Personnel and Compensation Committee. Each member of this Committee is independent, as that term is defined by the Nasdaq Listing Standards. The Committee is responsible for reviewing and recommending to the Board the timing and amount of compensation for key employees, including salaries, bonuses, and other benefits, as well as director compensation. This Committee is also responsible for administering our stock option and other equity-based incentive plans, and reviewing compensation plans and awards as they relate to key employees. While the Committee has the authority to retain consultants and third-party advisors for assistance, it has not done so. However, during 2009, our Company asked Mercer LLC to review our Company's executive compensation practices to see if they are aligned with current market practices. The Committee did not change any of our Company's compensation practices based on this report. The Committee has the ultimate authority to determine matters of executive compensation; however, it may rely upon recommendations by our Chief Executive Officer for matters of compensation, other than those applicable to the Chief Executive Officer. Additional information on the Committee's role and practices involving executive compensation is described in the Compensation Discussion and Analysis in this Proxy Statement. The full responsibilities of the Personnel and Compensation Committee are set forth in its Charter. During 2009, the Personnel and Compensation Committee held three meetings.

Nominating and Corporate Governance Committee. Each member of the Nominating and Corporate Governance Committee is independent, as that term is defined by the Nasdaq Listing Standards. The Nominating and Corporate Governance Committee considers and proposes director nominees for election at the Annual Meeting of Shareholders, selects candidates to fill Board vacancies as they may occur, makes recommendations to the Board regarding Board committee memberships, generally monitors our corporate governance system, and performs any other functions or duties deemed appropriate by the Board. The full responsibilities of the Nominating and Corporate Governance Committee are set forth in the Committee's Charter. During 2009, the Nominating and Corporate Governance Committee held two meetings.

Our Articles of Incorporation contain certain procedural requirements applicable to shareholder nominations of directors. A shareholder who wishes to nominate a person to serve as a director must provide us with written notice. The notice must include: (1) the name and address of both the shareholder who intends to make the nomination and the person or persons nominated; (2) a representation that the shareholder is a current holder of record, will continue to hold those shares through the date of the meeting, and intends to appear in person or by proxy at the meeting; (3) a

Table of Contents

description of all arrangements between the shareholder and each nominee; (4) the information regarding each nominee as would be required to be included in a proxy statement filed under Regulation 14A of the Exchange Act had the nominee been nominated by the Board; and (5) the consent of each nominee to serve as director. The nominee's written consent to the nomination and sufficient background information on the candidate must be included to enable the Nominating and Corporate Governance Committee to make proper assessments as to his or her qualifications. Nominations must be addressed to the Chairman of the Nominating and Corporate Governance Committee at our headquarters, and must be received no fewer than 60 days but not more than 90 days prior to our Annual Meeting of Shareholders. The Nominating and Corporate Governance Committee may also make its own search for potential candidates that may include candidates identified by a variety of means as deemed appropriate by the Committee.

The Nominating and Corporate Governance Committee has not established specific minimum age, education, years of business experience, or specific types of skills for potential candidates, but, in general, expects qualified candidates will have ample experience and a proven record of business success and leadership. The Committee requires that each member of our Board have the highest professional ethics, integrity, and values, and will consistently exercise sound and objective business judgment. In addition, it is anticipated that our Board, as a whole, will have individuals with significant, appropriate senior management and leadership experience, a comfort with technology, a long-term, strategic and global perspective, and the ability to advance constructive debate. It is important for our Board, as a whole, to operate in an atmosphere in which the chemistry among the individuals is healthy and promotes the aforementioned criteria.

Our Board believes that shareholders' best interests are served by Board members who provide sound business advice to management and who adhere to the principles and values on which the business was founded and operates. Among the most important of these core principles are perpetuating a culture of innovation, timely decisions, personal responsibility and accountability, and rewarding employees for their success. Board members who have independent business knowledge, understand how to manage and motivate people, provide complementary skills to other Board members, and who can work effectively and productively with other Board members are critical to success. Our Board also considers diversity in its identification of director candidates. Diversity in business and professional experience, education, and background benefits our Company by increasing the range of skills and perspectives available to our Board. Members will be selected without regard to race, gender, religious belief, or national origin. Our Board believes that adherence to these principles will provide an environment and practices that will yield the best return for our Company's shareholders.

Upon receipt of a shareholder proposed candidate, the Chairman of the Nominating and Corporate Governance Committee will assess the Board's needs, notably whether there is a current or pending vacancy or a possible need to fulfill by adding or replacing a director, and then will develop a director profile by comparing the current state of Board characteristics with the desired state and the candidate's qualifications. The profile and the candidate's submitted information then will be provided to the Chairman of the Board and Chief Executive Officer for discussion. Following this discussion, the profile and the candidate's materials will be forwarded to all Nominating and Corporate Governance Committee members, and consideration of the candidate is added as an agenda item for the next Committee meeting.

Table of Contents

Similarly, if at any time the Nominating and Corporate Governance Committee or the Board determines there may be a need to add or replace a director, the Nominating and Corporate Governance Committee or the Board will develop a director profile by comparing the current state of Board characteristics with the desired state. If no candidates are apparent from any source, the Committee will determine the appropriate method to conduct a search.

The Committee has, to date, not paid any third party fees to assist in identifying and evaluating nominees. The Committee has not received any recommended nominations from any of our shareholders in connection with our 2010 Annual Meeting of Shareholders. The nominees that are standing for election as directors at our 2010 Annual Meeting of Shareholders are incumbent directors.

Communications with the Board

Generally, shareholders who have questions or concerns regarding our Company should contact our Investor Relations Department at 800-598-9663. However, any shareholder who wishes to address questions regarding the business or affairs of our Company directly with the Board, or any individual director, should direct his or her questions in writing to the Secretary of the Board at 2801 East Beltline NE, Grand Rapids, MI 49525. The Secretary has been directed to promptly forward all communications to the full Board or the specific director indicated in the letter.

Meeting Attendance

Each director is expected to make a reasonable effort to attend all meetings of our Board, applicable committee meetings, and the Annual Meeting of Shareholders. All of our directors attended our 2009 Annual Meeting of Shareholders. During the last fiscal year, there were four regular meetings of the Board, and the Board took action by unanimous written consent on one occasion. Each director attended all of the Board and committee meetings they were eligible to attend. During fiscal 2009, the independent members of our Board met in executive session, without the presence of management, on three occasions.

Leadership Structure and the Board's Role in Risk Oversight

At an executive session in October 2009, the independent members of our Board determined that Dan M. Dutton would be named Lead Director. His role is to chair the meetings of independent directors, to communicate actions requested by the independent directors, and to serve as a liaison between the independent directors and the Chief Executive Officer.

Our Board of Directors, through its three committees, has an advisory role in risk oversight for our Company. Company management maintains primary responsibility for the risk management of our Company. The current trends toward increased regulation, litigation, and political volatility, make it extremely difficult to predict the type and magnitude of risks facing our Company. In spite of this unpredictability, our Board relies on the representations of management, the external audit of the financial information, our Company's systems of internal controls, our Company's insurance advisors, and the historically conservative practices of our Company to provide comfort on our Company's ability to manage its risks. Management's discussion of current risk factors are set forth in our Company's Annual Report on Form 10-K.

Table of Contents**RATIFICATION OF ERNST & YOUNG LLP AS INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR FISCAL 2010**

The Audit Committee has selected Ernst & Young LLP (E&Y) as our independent registered public accounting firm for the fiscal year ending December 25, 2010. The services provided to our Company and our shareholders by E&Y for 2009 are described below under the caption Independent Registered Public Accounting Firm Disclosure of Fees. We are asking our shareholders to ratify the selection of E&Y as our independent registered public accounting firm. Although ratification is not legally required, the Board is submitting the selection of E&Y to our shareholders for ratification as a matter of good corporate governance. Representatives of E&Y are expected to be present at the Annual Meeting of Shareholders to respond to appropriate questions and to make such statements as they may desire. The affirmative vote of the holders of the majority of the shares represented in person or by proxy and entitled to vote on this item will be required for approval. Broker non-votes will not be treated as votes cast in this matter; shares voted as abstentions will be counted as votes cast and therefore will have the effect of a negative vote. If our shareholders do not ratify the appointment, the appointment will be reconsidered by the Audit Committee and the Board. Even if the selection is ratified, the Audit Committee, at its discretion, may select a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interest of our Company and our shareholders.

The Board of Directors recommends a vote for this proposal to ratify the appointment of E&Y as our Company s independent registered public accounting firm for fiscal 2010.

**INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Audit Committee Pre-Approval Policy. The Audit Committee has established a pre-approval policy, and procedures for audit, audit-related, and tax services that can be performed by our independent registered public accounting firm. The policy sets out the specific services that must be pre-approved by the Audit Committee, and places limitations on the scope of these services while ensuring that the independence of the auditors to audit our financial statements is not impaired. The policy prohibits us from retaining E&Y for services which are proscribed by rules of the Securities and Exchange Commission. In addition, the policy requires disclosure of non-audit services performed by our auditors. The pre-approval policy does not include a delegation of the Audit Committee's responsibilities and authority under the policy.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Compensation Philosophy and Objectives

Our executive compensation program has been designed to motivate, reward, attract, and retain the management deemed essential to ensure the success of our Company. We believe our employees are our most important asset. The program seeks to align executive compensation with Company objectives, business strategy, and financial performance. In applying these principles, we seek to:

Support an environment that rewards performance for achievement of Company goals;

Attract and retain key executives critical to the long-term success of our Company; and

Align the interests of executives with the long-term interests of shareholders through stock ownership initiatives and share ownership requirements.

We believe the compensation of our executives should reflect the performance of the business units in which they are involved. We further believe the performance of the executives in managing our Company, considered in light of general economic and specific Company, industry, and competitive conditions, should be the basis for determining their overall compensation.

What Our Compensation Program is Designed to Reward

Our compensation program is designed to reward overall financial performance and each person's individual contribution to our Company. In measuring an individual's contribution to our Company, the Personnel and Compensation Committee (the Committee) considers numerous factors, including the individual's contribution to Company performance, individual performance relative to pre-established Company goals, and general economic conditions in the markets we serve. Stock price performance has not been a factor in determining annual compensation because we believe the price of our common stock is subject to a variety of factors outside our control.

Table of Contents**Compensation Program Components**

The Committee has responsibility for establishing, implementing, and monitoring adherence with our compensation philosophy and established programs. The Committee seeks to ensure that the total compensation paid to our executives is fair, reasonable, and competitive.

The principal components of our executive compensation consist of (a) base salary, (b) annual performance incentives (generally paid under our Performance Bonus Plan), and (c) long-term incentive compensation (generally payable in the form of equity-based compensation awards). Base salaries are set for our executive officers at the Committee's January meeting. At this meeting, the Chief Executive Officer makes compensation recommendations to the Committee with respect to the executive officers of our Company. The Committee may accept or adjust such recommendations, and also makes the sole determination of the compensation for the Chief Executive Officer.

Base Salaries. Historically, we have provided modest base salaries and created opportunities for significant performance-based incentive compensation. The Committee has complete discretion in determining base salary amounts (including the grant and amount of any annual discretionary incentive payments or stock or option awards), regardless of whether corporate or individual performance goals are achieved.

The Committee may, but is not required to, use objective and subjective measures in exercising its discretion in setting base salaries. Although the Committee does not use the data to set salaries, the Committee has reviewed the compensation information of our peer group companies. Our current peer group companies are: BlueLinx Holdings Inc., Builders First Source, Champion Enterprises, Inc., and Louisiana Pacific Corp.

The Committee also has access to publicly available compensation information from other publicly held companies to make informed decisions regarding pay and benefit practices, including base salaries. However, this information is not used to set salaries for the Named Executives. Surveys prepared by management are also used to periodically ensure that our Company is maintaining its labor market competitiveness. The Committee does not currently engage any consultant for executive and/or director compensation matters. Historically, our Company has utilized third-party data on compensation practices and base pay scales solely for purposes of clarifying that our Company's base compensation is generally competitive. To date, the Committee has not used that information for purposes of either establishing base salaries or ultimately justifying the eventual establishment of base salaries.

The Committee approved salary increases to the Named Executives, identified in the Summary Compensation Table, as follows:

Named Executive	Effective Date	New Salary	% Increase
Michael B. Glenn	February 1, 2010	\$593,798	3.0%
Michael R. Cole	February 1, 2010	\$285,000	4.6%
Patrick M. Webster	January 1, 2010	\$350,000	10.1%
Richard C. Frazier	February 1, 2010	\$265,579	2.0%
Matthew J. Missad	February 1, 2010	\$285,000	3.4%

Table of Contents

William G. Currie is also a Named Executive, but he retired from our Company on July 21, 2009.

The 10.1% increase in Mr. Webster's salary, effective January 1, 2010, was attributable to his promotion to president of our Company on January 1, 2009, pursuant to the Committee's recommendation in January 2009. In July of 2009, the Committee approved a mid-year raise to Mr. Cole of \$20,000 per year to recognize his contribution to the management of the Company's finance and accounting functions.

Annual Incentive Compensation. Our Performance Bonus Plan provides for the contribution of a fixed percentage of our Company's pre-bonus operating profit, based on the pre-bonus Return on Investment (ROI) of each plant, region, and division (each a Business Unit), as well as aggregate Company ROI. ROI is determined based upon the Business Unit's pre-bonus operating profit less income taxes, divided by the average monthly investment of the Business Unit. Average investment is defined as the fiscal monthly average of inventory, plus accounts receivable, plus net property, plant and equipment, plus intangibles, less accounts payable.

For 2009, the performance bonus for each of the Named Executives (other than Mr. Frazier) was based upon our Company's total ROI, while the performance bonus for Mr. Frazier was based upon the ROI of his Business Unit. At the beginning of each year, each employee, including each Named Executive, is allocated a percentage of his or her respective bonus pool; in 2009, five of the Named Executives were allocated a percentage of the corporate Business Unit bonus pool, while one Named Executive was allocated a percentage of the bonus pool of his Business Unit. Each participant's bonus is then determined by multiplying his or her allocation by the amount contributed to the respective pool, subject to a cap of 175% of base salary for 2009. For example, in 2009, Mr. Glenn's bonus was determined by our Company's ROI, as a whole. Based upon that performance, our Company contributed a predetermined amount of pre-bonus operating profit to the corporate Business Unit bonus pool. Mr. Glenn was initially eligible to receive 18% of the corporate Business Unit bonus pool for 2009. After Mr. Currie's retirement, Mr. Glenn was allocated an additional 2% of the corporate Business Unit bonus pool. That percentage, totaling 20%, multiplied by the amount of that bonus pool, yielded a bonus for Mr. Glenn of \$670,523 for 2009.

The Committee has approved a bonus rate structure which provides for a percentage of pre-bonus operating profit to be available in a bonus pool for the benefit of key employees. The bonus pool for the Business Unit is calculated by multiplying the bonus rate corresponding to the Business Unit's ROI times the pre-bonus operating profit for the Business Unit.

On August 4, 2008, the Committee adopted and approved revisions to our Performance Bonus Plan for salaried employees effective for fiscal years 2008, 2009, and 2010, and approved a long-term stock incentive for key personnel. The revisions have the effect of permitting a bonus to be paid as long as an operation is profitable. Effective August 4, 2008, the Committee also reduced the maximum bonus from 2.0 times succeeding base salary to 1.75 times succeeding base salary.

Our Company does not use specific ROI performance targets for the purpose of determining actual bonus payments. Rather, we utilize an ROI threshold and maximum, .01% and 24.4%, respectively, for the purpose of determining the size of our Company's bonus pools for plant, region, division, and

Table of Contents

corporate performance. Within the range of ROI results, in increments of 1/2% to 1% of ROI, between the threshold and maximum, our Company contributes a percentage of pre-bonus operating profit to the bonus pools. The amount of the contribution, expressed as a percentage of pre-bonus operating profit, varies among our plants, regions, and divisions, and ranges from a low of 2.3% of pre-bonus operating profit to a high of 25.0% of pre-bonus operating profit.

At the beginning of each year, each plan participant is allocated a percentage of the bonus pool for his or her respective plant, region, or division. This percentage, multiplied by the applicable bonus pool, determines the eventual bonus payment.

The following table discloses and explains the determination of bonuses earned by the Named Executives under our Company's Performance Bonus Plan.

Named Executive	ROI	Percent of Pre-Bonus Operating Profit	Allocation of Participation in Aggregate Company	Performance Bonus (\$)
		Contributed to Applicable Bonus Pool	Bonus Pools (%)	
Michael B. Glenn	6.1%	4.87%	6.3%(1)	\$ 670,523
Michael R. Cole	6.1%	4.87%	1.90%	203,257
William G. Currie	6.1%	4.87%	2.9%(2)	304,885
Patrick M. Webster	6.1%	4.87%	4.4%	474,266
Richard C. Frazier	8.3%(3)	3.60%	3.0%	320,000
Matthew J. Missad	6.1%	4.87%	2.0%	215,544

(1) The amount represents a blended rate for Mr. Glenn whose percentage increased after Mr. Currie's retirement.

(2) Mr. Currie retired from the Company on July 21, 2009. He was eligible for 2009 incentive compensation only for the portion of the year in which he was an employee.

- (3) The incentive compensation for Mr. Frazier is based upon the ROI of his Business Unit, rather than the ROI of our Company as a whole.

Chief Executive Officer. Michael B. Glenn was named Chief Executive Officer of our Company on July 1, 2006. The Committee annually reviews and establishes our Chief Executive Officer's base salary. His salary is based on comparable compensation data, the Committee's assessment of his past performance, and its expectation as to his future contributions in leading our Company. Mr. Glenn's base salary fell in the lower quartile of the salaries of comparable executives in our peer group. The Committee has complete discretion in setting the base salary for Mr. Glenn (who does not have an employment agreement with our Company). For 2010, Mr. Glenn is eligible to receive 20% of the corporate Business Unit bonus pool.

Chairman of the Board. Mr. Currie became Executive Chairman on July 1, 2006, and became Chairman of the Board on July 21, 2009 upon his retirement from the Company. For 2009, Mr. Currie received a pro rata share of the corporate Business Unit bonus pool.

On January 16, 2008, the Board ratified a Consulting and Non-Compete Agreement between our Company and Mr. Currie (see the Other Potential Post-Employment Compensation section in this

Table of Contents

Proxy Statement), the substance of which was disclosed in 2007 and was filed with our Form 10-K for 2007. This Agreement commenced on July 21, 2009 and ends on July 21, 2012. The Agreement provides for an annual benefit equal to the average of Mr. Currie's base salary and bonus for the five year period of 2004 through 2008, which are payable in 36 equal monthly installments. This amount was calculated at \$1,413,157 per year. He also receives a stipend for the purchase of health insurance during the contract term.

Long-Term Stock Incentive Plan. In the past, we have provided long-term incentive compensation to our executive officers and key employees through stock options, grants of restricted shares, and other equity-based awards under the terms of our amended and restated Long Term Stock Incentive Plan (LTSIP). The Committee has complete discretion in determining eligibility for participation and the number of stock options and restricted stock, if any, to be granted to a participant. Due to the changes in accounting for stock options, the Committee decided not to grant broad-based stock options to salaried employees for 2007, 2008, or 2009.

For 2009, the long term incentive compensation element of our compensation program was paid in the form of a conditional stock grant. The conditional stock grants were issued into a deferred account (the Executive Stock Grant Plan) which fully vests five years after the date of issue, or earlier upon death, disability, retirement, or change in control. If the grantee is age 62 or older, the grant automatically vests. The grantee may withdraw 50% of the shares after five years, and the remaining shares must stay in the plan until the grantee retires. If the grantee leaves our Company, other than due to death, disability, retirement, or change in control, prior to full vesting, the shares are forfeited.

We encourage and promote ownership of Company stock by our employees and directors. In 2002, we created a Minimum Stock Ownership Policy which sets requirements for ownership of our common stock by our key employees and independent directors, as follows:

Title	Company Stock Ownership Requirement
Officers	\$ 200,000
General Manager of Operations	\$ 100,000
Operations Managers, Plant Managers, Sales Managers, Executive Managers, and Senior Managers	\$ 50,000
Independent Directors	2,500 shares

To help our key employees (other than executive officers, who are not eligible to receive a loan once they become an executive officer) reach their minimum stock ownership requirement, we established an Executive Stock Purchase Assistance Plan under which key employees may borrow money from our Company to purchase stock with interest at the applicable federal rate.

We have a Deferred Compensation Plan (the DCP) which allows key employees to defer a portion of their compensation. Under the DCP, if a key employee's ownership of our common stock is not at the required level, any money the key employee defers must be used to purchase shares of our common stock. Such shares are purchased at a 15% discount from the then prevailing market price of our common stock. Each key employee receives a payout of his or her DCP account one year

Table of Contents

from the date they leave our Company unless preceded by retirement or death, in which case the employee or his or her beneficiary will receive the distribution within 90 days.

We also have an Employee Stock Purchase Plan (the ESPP) which allows our employees to make a payroll deduction or lump sum contribution, or both, for the purchase of our common stock. Shares of our common stock are purchased with the money in the employee's account on the last stock trading day of the quarter, at a 15% discount from the then prevailing market price of our common stock. All eligible employees with at least one year of service may participate in the ESPP.

We have a Stock Gift Program under which eligible employees receive a modest amount of our common stock on specified service anniversaries with our Company.

Our policy is to pay all earned compensation regardless of whether it exceeds the One Million Dollar (\$1,000,000.00) limitation on compensation deductions set forth in Section 162(m) of the Internal Revenue Code. To ensure the maximum tax deductibility for our Company, we received shareholder approval of our Performance Bonus Plan at our 1999 Annual Meeting of Shareholders.

Table of Contents

- (1) Includes amounts deferred by the Named Executives under our 401(k) Plan and DCP.
- (2) The 2009 amounts include 2,000 shares granted to Messrs. Glenn and Currie, 1,500 shares granted to Mr. Webster, and 1,000 shares granted to Messrs. Cole, Frazier, and Missad on February 1, 2009. The 2008 amount includes 400 shares granted to each Named Executive pursuant to a conditional stock grant to all salaried employees on February 8, 2008. The amount set forth in this column represents the aggregate fair value of the awards as of the grant date, computed in accordance with FASB ASC Topic 718, Compensation-Stock Compensation. The assumptions used in calculating these amounts are set forth in Note K in our Company's consolidated financial statements for the year-ended December 26, 2009.

- (3) Represents annual bonus payments under performance-based bonus plans tied to our operating profit and ROI, which cover substantially all salaried employees. The amounts in this column reflect the bonus earned for that year but paid in the subsequent year. The 2009 amount includes a deferral under the DCP in the amount of \$100,000 for Mr. Webster. The 2008 amounts include a deferral under the DCP for Messrs. Webster, Frazier, and Missad in the amount of \$24,124, \$7,719, and \$5,000, respectively. The amount for Mr. Frazier for 2007 includes a deferral under the DCP in the amount of \$40,283. Under the DCP, shares of our common stock are contributed to the Named Executive's DCP account, in lieu of cash compensation. These shares must be held by the Named Executive until his employment with our Company is terminated.
- (4) The amounts in this column represent Company

contributions to our Profit Sharing and 401(k) Plan for 2009 in the amount of \$3,675 for Messrs. Glenn, Currie, and Frazier, \$2,500 for Mr. Cole, \$3,276 for Mr. Webster, and \$3,250 for Mr. Missad. Subject to certain requirements, including age and service requirements, all of our employees are eligible to participate in our Profit Sharing and 401(k) Plan.

Also included in this column is personal use of corporate airplanes for 2009 in the amount of \$12,264 for Mr. Currie, \$9,589 for Mr. Glenn, and \$928 for Mr. Missad. We permit limited personal use of corporate aircraft by the Named Executives, and personal use of our aircraft requires approval by our Chief Executive Officer. We calculate the incremental cost to our Company for personal use of our aircraft based on the cost of fuel and oil per hour of flight; trip-related inspections, repairs and maintenance; landing, parking and

hangar fees; supplies; and other variable costs. Since our aircraft is used primarily for business travel, we do not include the fixed costs that do not change based on personal usage, such as pilots' salaries, the purchase or leasing costs of our aircraft, and the cost of maintenance not related to specific trips.

The amount in this column also includes the following fringe benefits, none of which exceeded the greater of \$25,000 or 10% of the Named Executive's aggregate fringe benefits: automobile allowance, automobile insurance, gasoline, phone, Internet access, use of Company-owned property, clothing allowance, life insurance premiums, and taxes paid on behalf of the Named Executive. Included in this amount for Mr. Webster for 2009 is \$9,948 related to his relocation to Grand Rapids, MI.

Also included in this column are amounts accrued pursuant to a consulting and non-compete

agreement between our Company and Mr. Currie. The accrual for 2009 was \$647,413, the accrual for 2008 was \$1,154,452, and the accrual for 2007 was \$288,613. No amounts were payable under this agreement until July 21, 2009.

- (5) Includes \$62,500 our Company paid to Mr. Currie for his services as Chairman of the Board.

The following table provides certain information relating to each deferred compensation plan that provides for the deferral of compensation on a basis that is not tax qualified. The aggregate balance amounts are based entirely on employee deferrals and earnings on these deferrals.

(2) Our Company does not

contribute to
this Plan.

- (3) Amounts shown are credited to the participant's deferred account(s). The losses reflect the losses on various investments in the participant's deferred compensation account(s), including investments in our common stock.

Table of Contents

- (4) Includes amounts deferred under our 1985 deferral plan by Mr. Glenn and Mr. Currie. These amounts are subject to change based on the value of the underlying life insurance policies.
- (5) Includes \$100,000 which Mr. Webster deferred under our DCP from the annual bonus he earned for 2009.

Our DCP allows key employees to defer a portion of their incentive bonus and base salary. The maximum amount a Named Executive can defer is \$100,000 from incentive compensation and \$10,000 from base salary, per year. As described in the Compensation Discussion and Analysis, amounts deferred must be invested in our common stock until certain ownership requirements are met. Payouts occur as provided at the time of employee deferral, or if not specified by the employee, upon separation from employment.

Other Potential Post-Employment Compensation**Severance Agreements**

Mr. Currie retired from our Company on July 21, 2009. Under the terms of his Consulting and Non-Compete Agreement with our Company, we agreed to pay Mr. Currie \$117,763 per month for his services to our Company during the three-year period that expires July 21, 2012. This amount is based upon the average of Mr. Currie's salary and bonus during the five-year period of 2004 through 2008. He also receives a stipend for the purchase of health insurance during the contract term.

Potential Payments upon Termination, Death, Disability, Retirement, or Change in Control

(1) Accounts of the Named Executives in deferred compensation plans and 401(k) plans are not included.

(2) Our Company has a change in control policy which provides payments to certain executives who would likely be subject to job loss or significant change in job duties upon a change in control. Messrs. Cole

would have
received one
year of salary.

with our
Company's
practice,
Mr. Glenn and
the Personnel

Compensation
Committee will

Mr. Cole has not yet met the service requirements of the policy, so payment upon death, disability, or approved retirement would be at the sole discretion of the Personnel and Compensation Committee.

The Audit Committee has responsibility to review, approve, or ratify related party transactions involving directors, executive officers, and their respective affiliates and immediate family members. As a general practice, our Board has required the related party, if a Board member, to recuse himself or herself from the meeting, and the Board considers the proposed transaction on the basis of what is fair to our Company and is in the best interest of our shareholders. Our Company has no reportable related party transactions.
