At the meeting, our stockholders will vote on the following items: (1) the election of directors to serve on our Board of Directors for a term of one year; (2) an advisory vote to approve the compensation of our named executive officers; (3) an advisory vote on the frequency of future votes to approve the compensation of our named executive officers; and (4) the ratification of the selection of KPMG LLP as our independent auditor for 2011. The proposals are set forth in the accompanying Notice of 2011 Annual Meeting of Stockholders and are described in more detail in this Proxy Statement. INFORMATION ABOUT THE MEETING

What is the purpose of the meeting?

At the meeting, our stockholders will vote on the following items:

1. The election of directors to serve on our Board of Directors for a term of one year;
2. An advisory vote to approve the compensation of our named executive officers;
3. An advisory vote on the frequency of future votes to approve the compensation of our named executive officers; and
4. The ratification of the selection of KPMG LLP as our independent auditor for 2011.

Stockholders also will transact any other business that properly comes before the meeting. In addition, our management may report on our performance during 2010 and will respond to appropriate questions from stockholders.

Who is entitled to vote?

The record date for the meeting is March 14, 2011. Only stockholders of record at the close of business on March 14, 2011, are entitled to receive notice of the meeting and to vote at the meeting the shares of our common stock that they held on that date. Each outstanding share of common stock entitles its holder to one vote on each matter voted on at the meeting. At the close of business on March 14, 2011, there were 39,209,771 outstanding shares of common stock.

Am I entitled to vote if my shares are held in street name ?

If you are the beneficial owner of shares held in street name by a brokerage firm, bank, or other nominee, such entity, as the record holder of the shares, is required to vote the shares in accordance with your instructions. If you do not give instructions to your nominee, it will nevertheless be entitled to vote your shares on discretionary items but will not be permitted to do so on non-discretionary items. Proposal 1 (election of directors), Proposal 2 (advisory vote to approve the compensation of our named executive officers), and Proposal 3 (advisory vote on the frequency of future votes to approve the compensation of our named executive officers) are non-discretionary items for which a nominee will not have discretion to vote in the absence of voting instructions from you. However, Proposal 4 (ratification of the selection of the independent auditor) is an item on which your nominee will be entitled to vote your shares even in the absence of instructions from you.

How many shares must be present to conduct business at the meeting?

A quorum must be present at the meeting before conducting any business. The presence at the meeting, in person or by proxy, of the holders of a majority of the shares of our common stock outstanding on the record date of March 14, 2011, will constitute a quorum. Abstentions and broker non-votes will be included in the number of shares considered present at the meeting for the purpose of determining whether there is a quorum.

What happens if a quorum is not present at the meeting?

If a quorum is not present at the scheduled time of the meeting, the holders of a majority of the shares present in person or represented by proxy at the meeting may adjourn the meeting to another place, date, or time until a quorum is present. The place, date, and time of the adjourned meeting will be announced when the adjournment is taken, and no other notice will be given unless the adjournment is for more than thirty days, or if after the adjournment a new record date is fixed for the adjourned meeting.

How do I vote my shares?

If you are a registered stockholder, you may vote by telephone. If you are a registered stockholder (*i.e.*, your shares are held in your own name), you may vote by telephone by following the instructions included on the proxy card. You do not need to return your proxy card if you vote by telephone.

If your shares are held in street name, you may be eligible to provide voting instructions to your nominee by telephone or on the Internet. If you are a beneficial owner of shares held in street name (*i.e.*, your shares are held in the name of a brokerage firm, bank, or other nominee), you may be eligible to provide voting instructions to your nominee by telephone or on the Internet. A large number of brokerage firms, banks, and other nominees participate in a program provided through Broadridge Investor Communications Solutions (Broadridge) that offers telephone and Internet voting options. If your shares are held in street name by a brokerage firm, bank, or other nominee that participates in the Broadridge program, you may provide voting instructions to your nominee by telephone or on the Internet by following the instructions set forth on the voting instruction form provided to you. You do not need to return your proxy card if you provide voting instructions to your nominee by telephone or on the Internet.

You may vote by mail. If you are a registered stockholder, you may vote by properly completing, signing, dating, and returning the accompanying proxy card. The enclosed postage-paid envelope requires no additional postage if it is mailed in the United States or Canada. If you are a beneficial owner of shares held in street name, you may provide voting instructions to the brokerage firm, bank, or other nominee that holds your shares by properly completing, signing, dating, and returning the voting instruction form provided to you by your nominee.

You may vote in person at the meeting. If you are a registered stockholder and attend the meeting, you may deliver your completed proxy card in person. In addition, we will pass out written ballots to registered stockholders who wish to vote in person at the meeting. If you are a beneficial owner of shares held in street name and wish to vote at the meeting, you will need to obtain a proxy form from the brokerage firm, bank, or other nominee that holds your shares.

Can I change my vote after I submit my proxy?

Yes, you can revoke your proxy and change your vote at any time before the polls are closed at the meeting in any of the following ways: (1) by voting again by telephone, because only your latest telephone vote will be counted; (2) by properly completing, signing, dating, and returning another proxy card with a later date; (3) if you are a registered stockholder, by voting in person at the meeting; (4) if you are a registered stockholder, by giving written notice of such revocation to our Corporate Secretary prior to or at the meeting; or (5) if you are a beneficial owner of shares held in street name, by following the instructions given by the brokerage firm, bank, or other nominee that holds your shares. Your attendance at the meeting itself will not revoke your proxy unless you give written notice of revocation to our Corporate Secretary before the polls are closed.

Who will count the votes?

American Stock Transfer & Trust Company (AST), the registrar and transfer agent for our common stock, will tabulate and certify the stockholder votes submitted by proxy. A representative of AST will serve as the inspector of election at the meeting.

How does our Board of Directors recommend that I vote on the proposals?

Our Board of Directors recommends that you vote:

1. FOR the election of the director nominees to serve on our Board of Directors for a term of one year;
2. FOR the approval of the compensation of our named executive officers;
3. 1 YEAR for the frequency of future votes to approve the compensation of our named executive officers; and
4. FOR the ratification of the selection of KPMG LLP as our independent auditor for 2011.

Table of Contents

What happens if I do not specify how my shares are to be voted?

If you submit a proxy but do not indicate any voting instructions, your shares will be voted in accordance with the recommendations of our Board of Directors, which are stated in the previous answer.

Will any other business be conducted at the meeting?

As of the date hereof, our Board of Directors knows of no business that will be presented at the meeting other than the proposals described in this Proxy Statement. However, if any other proposal properly comes before the stockholders for a vote at the meeting, the proxy holders will vote your shares in accordance with their best judgment.

How many votes are required for action to be taken on each proposal?

For Proposal 1 (election of directors), director nominees will be elected to serve on our Board of Directors for a term of one year if they receive a plurality of the votes of the shares present in person or represented by proxy at the meeting and entitled to vote on the subject matter. This means that the director nominees will be elected if they receive more votes than any other person at the meeting. If you vote to **Withhold Authority** with respect to the election of one or more director nominees, your shares will not be voted with respect to the person or persons indicated, although they will be counted for the purpose of determining whether there is a quorum at the meeting.

Approval of Proposal 2 (advisory vote to approve the compensation of our named executive officers) and Proposal 4 (ratification of selection of independent auditor) requires the affirmative vote of a majority of the shares present in person or represented by proxy at the annual meeting and entitled to vote on the subject matter thereof.

With respect to Proposal 3 (advisory vote on the frequency of future votes to approve the compensation of our named executive officers), you may vote **1 YEAR**, **2 YEARS**, **3 YEARS**, or **ABSTAIN**. The choice of frequency that receives the highest number of votes will be deemed to be the choice of our stockholders.

How will abstentions be treated?

You do not have the option of abstaining from voting on Proposal 1 (election of directors), but you may abstain from voting on Proposal 2 (advisory vote to approve the compensation of our named executive officers), Proposal 3 (advisory vote on the frequency of future votes to approve the compensation of our named executive officers) and Proposal 4 (ratification of the selection of the independent auditor). With respect to Proposal 1, because the directors are elected by a plurality vote, an abstention will have no effect on the outcome of the vote and, therefore, is not offered as a voting option on the proposal. In the case of an abstention on Proposal 2, Proposal 3, or Proposal 4, your shares would be included in the number of shares considered present at the meeting for the purpose of determining whether there is a quorum. Because your shares would be voted but not in favor of Proposal 2, Proposal 3, or Proposal 4, your abstention would have the same effect as a negative vote in determining the outcome of the vote on the proposal.

How will broker non-votes be treated?

A **broker non-vote** occurs when a brokerage firm, bank, or other nominee does not vote shares that it holds in **street name** on behalf of a beneficial owner, because the beneficial owner has not provided voting instructions to the nominee with respect to a non-discretionary item. Proposal 1 (election of directors), Proposal 2 (advisory vote to approve the compensation of our named executive officers), Proposal 3 (advisory vote on the frequency of future

votes to approve the compensation of our named executive officers), are non-discretionary items for which a nominee will not have discretion to vote in the absence of voting instructions from the beneficial owner. Proposal 4 (ratification of the selection of the independent auditor), on the other hand, is a discretionary item for which a nominee will have discretion to vote even without voting instructions from the beneficial owner. Accordingly, it is possible for there to be broker non-votes with respect to Proposal 1, Proposal 2, and Proposal 3, but there will not be broker non-votes with regard to Proposal 4. In the case of a broker non-vote, your shares would be included in the number of shares considered present at the meeting for the purpose of determining whether there is a quorum. A broker non-vote, being shares not entitled to vote, would not have any effect on the outcome of the vote on Proposal 1, Proposal 2, or Proposal 3.

- (6) Mr. Kosters' last day of employment with us was August 1, 2010. Mr. Kosters' ownership has not been included in the row showing ownership of all directors and executive officers as a group.
- (7) Pursuant to an amendment to Schedule 13G filed by FMR LLC (FMR) on February 14, 2011, FMR beneficially owns 5,878,227 shares of common stock. FMR has the sole power to vote or to direct the vote of 98,800 shares of common stock and the sole power to dispose or to direct the disposition of 5,878,227 shares of common stock. Fidelity Management & Research Company (Fidelity), a wholly-owned subsidiary of FMR and an investment adviser, is the beneficial owner of 5,779,427 shares of common stock as a result of acting as investment adviser to various investment companies registered under Section 8 of the Investment Company Act of 1940. Edward C. Johnson 3d and FMR, through its control of Fidelity, and the funds each has sole power to dispose of the 5,779,427 shares owned by the funds. Members of the family of Edward C. Johnson 3d, Chairman of FMR, are the predominant owners, directly or through trusts, of Series B voting common shares of FMR, representing 49% of the voting power of FMR. The Johnson family group and all other Series B shareholders have entered into a shareholders' voting agreement under which all Series B voting common shares will be voted in accordance with the majority vote of Series B voting common shares. Accordingly, through their ownership of voting common shares and the execution of the shareholders' voting agreement, members of the Johnson family may be deemed, under the Investment Company Act of 1940, to form a controlling group with respect to FMR. Neither FMR nor Edward C. Johnson 3d, Chairman of FMR, has the sole power to vote or direct the voting of the shares owned directly by the Fidelity Funds, which power resides with the Funds' Boards of Trustees. Fidelity carries out the voting of the shares under written guidelines established by the Funds' Boards of Trustees. Pyramis Global Advisors, LLC (PGALLC), an indirect wholly-owned subsidiary of FMR and an investment adviser, is the beneficial owner of 11,500 shares of common stock as a result of its serving as investment adviser to institutional accounts, non-U.S. mutual funds, or investment companies owning such shares. Edward C. Johnson 3d and FMR, through its control of PGALLC, each has sole dispositive power over 11,500 shares and sole power to vote or to direct the voting of 11,500 shares of common stock owned by the institutional accounts or funds advised by PGALLC as reported above. Pyramis Global Advisors Trust Company (PGATC), an indirect wholly-owned subsidiary of FMR and a bank, is the beneficial owner of 2,800 shares of common stock as a result of its serving as investment manager of institutional accounts owning such shares. Edward C. Johnson 3d and FMR, through its control of PGATC, each has sole dispositive power over 2,800 shares and sole power to vote or to direct the

voting of 2,800 shares of common stock owned by the institutional accounts managed by PGATC as reported above. FIL Limited (FIL), and various foreign-based subsidiaries, provide investment advisory and management services to a number of non-U.S. investment companies and certain institutional investors. FIL, which is a qualified institution, is the beneficial owner of 84,500 shares of common stock. Partnerships controlled predominantly by members of the family of Edward C. Johnson 3d, Chairman of FMR and FIL, or trusts for their benefit, own shares of FIL voting stock with the right to cast approximately 39% of the total votes which may be cast by all holders of FIL voting stock. FMR and FIL are separate and independent corporate entities, and their Boards of Directors are generally composed of different individuals. FMR and FIL are of the view that they are not acting as a group for purposes of Section 13(d) under the Securities Exchange Act of 1934 and that they are not otherwise required to attribute to each other the beneficial ownership of securities beneficially owned by the other corporation within the meaning of Rule 13d-3 promulgated under the 1934 Act. Therefore, they are of the view that the shares held by the other corporation need not be aggregated for purposes of Section 13(d). However, FMR filed the amendment to the Schedule 13G on a voluntary basis as if all of the shares are beneficially owned by FMR and FIL on a joint basis.

(Price Associates) on February 14, 2011, Price Associates, in its capacity as investment advisor, beneficially owns 3,184,300 shares of common stock. Price Associates has the sole power to vote or to direct the vote of 307,900 shares of common stock and the sole power to dispose or to direct the disposition of 3,184,300 shares of common stock. Price Associates does not serve as custodian of the assets of any of its clients; accordingly, in each instance only the client or the client's custodian or trustee bank has the right to receive dividends paid with respect to, and proceeds from the sale of, such securities. Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires that our directors and executive officers and the beneficial owners of more than 10% of our registered equity securities (the reporting persons) file with the SEC initial reports of, and subsequent reports of changes in, their beneficial ownership of our equity securities. The reporting persons are required to furnish copies of all such Section 16(a) reports to us. Based solely on our review of the copies of such Section 16(a) reports and written representations from certain reporting persons furnished to us, we believe that the reporting persons complied with all applicable Section 16(a) filing requirements during 2010, except that Eric A. BOARD OF DIRECTORS

General

Our Board of Directors currently consists of eight directors. Our directors are David D. Stevens (chairman), Gary D. Blackford, Martin J. Emerson, Lawrence W. Hamilton, Ronald K. Labrum, John L. Miclot, Amy S. Paul, and Robert J. Quillinan. The directors are elected at each annual meeting of stockholders and serve for a term of one year until the next annual meeting of stockholders and until their respective successors are elected and qualified, subject to their prior death, resignation, retirement, disqualification, or removal from office. All our directors were elected at the 2010 annual meeting of stockholders, except Mr. Labrum, who was elected by our Board of Directors effective February 9, 2011. Our former President and Chief Executive Officer and director, Gary D. Henley, resigned effective April 4, 2011.

Director Independence

It is the policy of our Board of Directors that a majority of the directors be independent as defined by the listing standards of the NASDAQ Stock Market (Nasdaq). Our Board of Directors has determined that seven of eight directors Gary D. Blackford, Martin J. Emerson, Lawrence W. Hamilton, Ronald K. Labrum, John L. Miclot, Amy S. Paul, and Robert J. Quillinan are independent as defined in Nasdaq's listing standards.

Board Leadership Structure

Our Board of Directors has chosen to separate the Chief Executive Officer and Board Chairman positions. Our Board of Directors is led by a Chairman, David D. Stevens, who was independent until April 4, 2011. We believe that this leadership structure enhanced the accountability of the Chief Executive Officer to our Board of Directors and strengthened our Board of Directors' independence from management.

Effective April 4, 2011, Gary D. Henley resigned as President and Chief Executive Officer and a member of our Board of Directors. In response, our Board of Directors elected David D. Stevens as Chief Executive Officer. Our Board of Directors expects Mr. Stevens to serve as Chief Executive Officer on an interim basis only until a new President and Chief Executive Officer is chosen. Mr. Stevens is not a candidate in our Board of Directors' Chief Executive Officer search and succession process. Upon the selection of a new President and Chief Executive Officer, we expect to again separate the Chief Executive Officer and Board Chairman positions.

Risk Oversight

Our Board of Directors is responsible for overseeing our risk management process. Our Board of Directors focuses on our general risk management strategy, the most significant risks to us, and ensures that appropriate risk mitigation strategies are implemented by management. Our Board of Directors is also apprised of particular risk management matters in connection with its general oversight and approval of corporate matters.

Under our Audit Committee's charter, our Audit Committee discusses with management and the independent auditor our major financial risk exposures and the steps management has taken to monitor and control such exposures, including our risk assessment and risk management policies and guidelines.

Our management is responsible for day-to-day risk management. Our finance and accounting, legal, and compliance areas serve as the primary monitoring and testing function for company-wide policies and procedures, and manage the

day-to-day oversight of our risk management strategy for our ongoing business. This oversight includes identifying, evaluating, and addressing potential risks that may exist at the enterprise, strategic, financial, operational, compliance, and reporting levels.

The other committees of our Board of Directors also consider and address risk as they perform their respective committee responsibilities. All committees report to the full Board of Directors as appropriate, including when a matter rises to the level of a material or enterprise level risk.

We believe the division of risk management responsibilities described above is an effective approach for addressing the risks facing us.

Meetings Attended by Directors

Our Board of Directors holds meetings on a quarterly basis and on other occasions as necessary or appropriate. Our Board of Directors met eight times in 2010. Our Board of Directors has three standing committees – the Audit Committee, the Compensation Committee, and the Nominating, Compliance and Governance Committee. The Audit Committee, the Compensation Committee, and the Nominating, Compliance and Governance Committee met eight, ten, and eight times, respectively, in 2010. During the time period he or she served, each incumbent director attended at least 87.5% of the total number of meetings of our Board of Directors and its committees on which he or she served in 2010.

Our independent directors have regularly scheduled meetings at which only they are present. Our independent directors met six times in 2010. Pursuant to our Corporate Governance Principles, the chairman of the Nominating, Compliance and Governance Committee or another independent director selected by a majority of the independent directors presides at these meetings.

Our directors are encouraged to attend our annual meeting of stockholders absent exceptional cause. Six of the seven nominees for director who were directors at the time of our 2010 annual meeting of stockholders attended the annual meeting.

Our Board of Directors delegates certain of its functions to its standing Audit Committee, Compensation Committee, and Nominating, Compliance and Governance Committee. Information regarding the responsibilities of these committees and their members is provided below.

and Governance Committee identifies and recommends individuals qualified to become members of our Board of Directors, makes recommendations regarding the establishment and membership of the committees of our Board of Directors, develops and reviews corporate governance principles applicable to us, and leads the annual review of the performance of our Board of Directors and its committees. The Nominating, Compliance and Governance Committee also oversees our corporate compliance function. Our Chief Compliance Officer reports directly to the Committee, which receives regular reports from the Chief Compliance Officer. The Nominating, Compliance and Governance Committee evaluates the performance of the Chief Compliance Officer. The Nominating, Compliance and Governance Committee has a written charter, which was revised by our Board of Directors on December 2, 2010. Hamilton served on the Nominating, Compliance and Governance Committee and met the independence requirements of the Nasdaq's listing standards and the SEC's rules. During 2010 and until April 4, 2011, David D. Stevens served on the Nominating, Compliance and Governance Committee and met the independence requirements of the Nasdaq's listing standards and the SEC's rules.

Director Nominations

Our Board of Directors will consider all potential candidates for nomination by our Board of Directors for election as directors who are recommended by our stockholders, directors, officers, and employees. All director recommendations must be made in accordance with the provisions of Article II, Section 5 of our bylaws, which set forth requirements concerning the information about the candidate to be provided and the timing for the submission of the recommendations. All director recommendations should be sent to the Nominating, Compliance and Governance Committee, c/o Corporate Secretary, Wright Medical Group, Inc., 5677 Airline Road, Arlington, Tennessee 38002. The Nominating, Compliance and Governance Committee will screen all potential director candidates in the same manner, regardless of the source of their recommendation. The Nominating, Compliance and Governance Committee's review typically will be based on the written materials provided with respect to a potential director candidate. The Nominating, Compliance and Governance Committee will evaluate and determine whether a potential candidate meets our minimum qualifications and specific qualities and skills for directors and whether requesting additional information or an interview is appropriate.

Our Board of Directors and the Nominating, Compliance and Governance Committee believe that our Board of Directors, as a whole, should possess a diverse combination of perspectives, expertise, and experience necessary to oversee our current and future needs. Our Board of Directors has adopted the following series of minimum qualifications and specific qualities and skills for our directors, which will serve as the basis upon which potential director candidates are evaluated by the Nominating, Compliance and Governance Committee:

Directors should possess the highest personal and professional ethics, integrity, and values.

Directors should have an inquisitive and objective perspective, practical wisdom, and mature judgment.

Directors should have expertise and experience at policy-making levels in areas that are relevant to our business.

Directors should have, or demonstrate an ability and willingness to acquire in short order, a clear understanding of the fundamental aspects of our business.

Directors should be committed to representing the long-term interests of our stockholders.

Directors should be willing to devote sufficient time to carry out their duties and responsibilities effectively and should be committed to serving on our Board of Directors for an extended period of time.

Directors should offer their resignation in the event of any significant change in their personal circumstances, including a change in their principal job responsibilities.

Table of Contents

Directors, who also serve as the chief executive officer, chief operating officer, or chief financial officer of another public company should not serve on more than two boards of public companies in addition to our Board of Directors, and other directors should not serve on more than four boards of public companies in addition to our Board of Directors.

In making our determinations regarding director nominees, our Board of Directors will consider whether a potential candidate has previously served as our director. Our Board of Directors does not believe, however, that directors should expect to be automatically renominated on an annual basis. Instead, the annual self-assessment of the performance of our Board of Directors and its committees is an important determinant of director tenure.

Each current director and candidate for reelection in Proposal 1 (election of directors) brings a strong and unique set of experience, qualifications, attributes and skills in a wide variety of areas, including board service, executive management, sales, marketing and international business. Set forth below are the specific experience, qualifications, attributes and skills of the nominees for reelection to our Board of Directors that led to the conclusion that the nominee should serve as a member of our Board of Directors.

David D. Stevens has served on our Board of Directors since 2004, longer than any of the other director nominees. With this experience, he brings valuable insight into our business and its development since 2004. In addition, Mr. Stevens has extensive experience serving in executive and director roles of public companies, which we believe makes him well suited to lead our Board of Directors as our Board of Directors chairman.

Gary D. Blackford gained executive experience with a wound-management company and experience as a director with other companies. We believe his experience provides valuable insight into the market for our biologics line, and his experience leading companies contributes to the effectiveness of our Board of Directors.

Martin J. Emerson serves and has served as director and Chief Executive Officer of several medical device companies, which we believe allows him to contribute awareness of our industry. Mr. Emerson also has management experience with international operations of medical device and other companies, which allows him to provide guidance on our international operations.

Lawrence W. Hamilton has significant management experience in human resources. We believe that Mr. Hamilton's experience in managing employees and establishing compensation policies and guidelines provides us with a valuable resource for our compensation and human resources functions.

Ronald K. Labrum has experience as a CEO of several medical product companies. We believe Mr. Labrum's experience in leading medical product companies and in supply chain services provides us a valuable strategic leadership resource and guidance in distribution operations.

John L. Miclot has served in executive roles in several medical device companies and Mr. Miclot's deep knowledge of medical device companies provides us with insight into our business and markets.

Amy S. Paul has over two decades of experience in the medical device industry, having served in executive roles in marketing and sales functions. We believe that Ms. Paul's executive experience in sales and marketing in the medical device industry provides us with leadership in our most critical functions.

Robert J. Quillinan brings over 30 years of experience in accounting, audit, and related functions. Mr. Quillinan's experience preparing financial statements and SEC reports gives our Board of Directors and our Audit Committee, for which he is chairman, expertise in financial reporting, including the establishment and review of internal controls over

financial reporting.

Corporate Governance Principles

Our Board of Directors has adopted Corporate Governance Principles to guide our Board of Directors in carrying out its governance duties along with the provisions of our Certificate of Incorporation, By-laws, and all applicable rules, regulations, and laws. The Corporate Governance Principles are posted on our website at http://www.wmt.com/Includes/Pages/Corporate/Files/Corporate_Governance_PrinciplesV6.pdf. The information on our website, however, is not a part of this Proxy Statement. In addition to other matters, our Corporate Governance Principles require that any director up for election at our annual meeting of stockholders, who fails to

Table of Contents

receive at least a majority of the votes cast for election, shall offer to resign from our Board of Directors. The Nominating, Compliance and Governance Committee then makes a recommendation to our Board of Directors whether to accept, reject, or take other action regarding the offered resignation. Our Board of Directors must review the recommendation of the Nominating, Compliance and Governance Committee and act promptly to accept, reject, or take other action it deems appropriate under the circumstances. The affected director does not take part in the deliberations or actions of the Nominating, Compliance and Governance Committee or our Board of Directors in this matter. If our Board of Directors chooses not to accept the resignation of the director, then the director will continue to serve until his or her successor is duly elected, or until the director resigns, is removed, or dies. If our Board of Directors accepts the resignation, then our Board of Directors will fill the resulting vacancy pursuant to our Certificate of Incorporation and By-laws, and all applicable rules, regulations, and laws.

Policies and Procedures for Monitoring, Reviewing, Approving, or Ratifying Transactions with Related Persons

Our Board of Directors has adopted a written Related Persons Transactions Policy (the Policy) for monitoring, reviewing, approving, and ratifying transactions with related persons. The Policy applies to all financial transactions, arrangements, or relationships or any series of similar transactions, arrangements, or relationships in which we were, are, or will be a participant and in which a related person had or will have a direct or indirect material interest.

Transactions that are subject to the Policy must be approved by the Audit Committee. The Audit Committee is authorized to approve those transactions with related persons that are in, or are not inconsistent with, our best interests and our stockholders' best interests and that are consistent with our Code of Business Conduct. The Audit Committee chairman, acting alone, may approve those transactions with related persons that meet the foregoing criteria and that are valued at \$25,000 or less. All approvals made by the Audit Committee chairman are required to be reported to the entire Audit Committee at the next available opportunity.

The Audit Committee or its chairman will consider all relevant factors, including as applicable, (i) the benefits of the transaction to us, (ii) whether the transaction is material to us, (iii) the effect, if any, of the transaction on a director's independence in the event the related person is a director or an immediate family member or affiliate of a director, (iv) the availability of other sources for comparable products or services, (v) the terms of the transaction and whether they are fair and reasonable to us, (vi) the terms available to or from unrelated third parties or to employees generally, (vii) the role of the related person in arranging the transaction, (viii) the interests of the related person, and (ix) whether the potential transaction with a related person is consistent with our Code of Business Conduct. The Audit Committee will annually review and consider any previously approved or ratified transaction with a related person that remains ongoing to determine whether the transaction requires additional or continuing approval and if conditions should be imposed with respect to the transaction.

We are not currently and have not been engaged in any transactions with related persons since January 1, 2010.

Stockholder Communications

Stockholders may communicate with our Board of Directors or any individual director regarding any matter relating to us that is within the responsibilities of our Board of Directors. Stockholders, when acting solely in such capacity, should send their communications to our Board of Directors or an individual director c/o Corporate Secretary, Wright Medical Group, Inc., 5677 Airline Road, Arlington, Tennessee 38002. The Corporate Secretary will discuss with the Chairman of our Board of Directors or the individual director whether the subject matter of a stockholder communication is within the responsibilities of our Board of Directors. The Corporate Secretary will forward a stockholder communication to the Chairman of our Board of Directors or the individual director if such person determines that the communication meets this standard.

Audit Committee Report

Management is responsible for our accounting and financial reporting processes, including our internal control over financial reporting, and for preparing our consolidated financial statements. KPMG LLP (KPMG), our independent registered public accounting firm, is responsible for performing an audit of our consolidated financial statements in accordance with the standards of the Public Company Accounting Oversight Board and for expressing

an opinion on the conformity of our audited consolidated financial statements to accounting principles generally accepted in the United States of America. In this context, the responsibility of the Audit Committee of our Board of Directors is to oversee our accounting and financial reporting processes and the audits of our consolidated financial statements.

In the performance of its oversight function, the Audit Committee reviewed and discussed with management and KPMG our audited consolidated financial statements as of and for the year ended December 31, 2010. The Audit Committee discussed with KPMG the matters required to be discussed by the Statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1. AU Section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T. The Audit Committee has received and reviewed the written disclosures and the letter from KPMG required by the applicable requirements of the Public Company Accounting Oversight Board regarding KPMG's communications with the Audit Committee concerning independence, and has discussed with KPMG their independence.

Based on the review and discussions referred to in the paragraph above, the Audit Committee recommended to our Board of Directors that our audited consolidated financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2010.

Compensation Committee Report

The Compensation Committee of our Board of Directors has the primary authority for determining our compensation philosophy and establishing compensation for our executive officers. The Compensation Committee sets performance goals and objectives for the President and Chief Executive Officer (CEO) and the other executive officers, evaluates their performance with respect to those goals and sets their compensation based upon the evaluation of their performance. In evaluating executive officer compensation, the Compensation Committee considers recommendations from our CEO with respect to goals and compensation of the other executive officers and assesses the information that it receives. The Compensation Committee recommends the compensation of the CEO for approval by the independent directors of our Board of Directors. The Compensation Committee also periodically reviews director compensation. From time to time we may engage consultants with specific expertise related to executive officer or director compensation and benefits. All decisions with respect to executive officer and director compensation are approved by the Compensation Committee.

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis for the year ended December 31, 2010 with management. Based upon such review and discussion, the Compensation Committee recommended to our Board of Directors, and our Board of Directors has approved, that the following Compensation Discussion and Analysis be included in the Proxy Statement for the Annual Meeting of Stockholders to be held on May 11, 2011 to be filed with the SEC.

Compensation Discussion and Analysis

In the following Compensation Discussion and Analysis, we describe the material elements of compensation awarded to our CEO, our chief financial officer, our three other most highly compensated executive officers who

Table of Contents

were serving in such capacities on December 31, 2010, and our former President for Europe, Middle-East and Africa. We focus primarily on the 2010 information contained in the tables and related footnotes and narrative under the heading Executive Compensation below, but also describe compensation actions taken during other periods to the extent it enhances the understanding of our executive compensation disclosure for 2010. In this discussion, we refer to each named executive officer identified in the tables as an executive officer.

General Philosophy. We compensate our executive officers through a mix of base salary, performance incentive bonuses, long-term equity incentives, and employee benefits and perquisites designed to:

attract and retain high caliber executive officers and motivate them to achieve superior performance for the benefit of our stockholders;

motivate our executive officers to achieve our key strategic and financial performance measures; and

enhance the incentives for executive officers to increase our stock price and maximize stockholder value.

We believe that a portion of our executive officers' compensation potential on an annual basis should be at risk based on our performance. If our performance does not meet the criteria established by the Compensation Committee, incentive compensation will be adjusted accordingly. The Compensation Committee oversees our general programs of compensation and benefits for all employees and determines the compensation of our executive officers and directors. Our compensation setting process consists of establishing (i) a base salary, (ii) a performance incentive bonus, and (iii) long-term equity compensation for each executive officer. The Compensation Committee designs the performance incentive bonus to reward executive officers for our performance through linking their compensation to revenue, cash flow and earnings targets, as well as certain other corporate objectives. We utilize equity-based awards, currently consisting of stock options and restricted stock, to provide the greatest long-term potential value to our executive officers and to firmly align such executive officers' interests with those of our stockholders.

The total cash compensation (*i.e.*, base salary plus performance incentive bonus) paid to our executive officers is intended to be competitive with the total cash compensation paid to executive officers in similar positions at companies engaged primarily in the orthopaedic medical device industry with revenues similar to ours as well as comparable to other companies with metrics similar to ours.

The Compensation Committee reviews the targeted total compensation (*i.e.*, the aggregate level of cash and long-term equity compensation that we will pay if performance goals are fully met) to ensure the total compensation is aligned with our goals of comparability and incentivizing performance. We also provide our executive officers with a variety of other benefits that we make available generally to all salaried employees.

The Role of the Compensation Committee. The Compensation Committee has the primary authority to determine our compensation philosophy and to establish compensation for our executive officers. In determining the appropriate level of compensation, the Compensation Committee reviews a variety of sources to determine and set compensation.

The Compensation Committee reviews the performance and compensation for our CEO annually and recommends the compensation level for approval by the independent directors of our Board of Directors. With respect to equity compensation awarded to our CEO, the Compensation Committee grants options and/or restricted stock in an amount based generally upon our peer group companies.

The performance of each member of our executive management team is reviewed annually by the Compensation Committee. Our CEO assists the Compensation Committee by providing annual recommendations regarding the compensation of all other executive officers. Each executive officer participates in an annual performance review with

the CEO to provide input about the executive officer's contributions to our success for the period being assessed. With respect to equity compensation awarded to executive officers other than the CEO, the Compensation Committee grants options and/or restricted stock in an amount based generally upon the recommendation of the CEO and a comparison of our peer group companies.

The Compensation Committee also has the power and authority to hire outside advisors or consultants to assist the Compensation Committee in fulfilling its responsibilities. Given the Compensation Committee's access to

Table of Contents

pertinent data as a result of working with the consulting firm Watson Wyatt during the fourth quarter of 2008, a compensation consultant was not retained in connection with our 2010 compensation decisions.

Our executive compensation decisions are congruent with Sections 162(m) and 409A of the Internal Revenue Code of 1986, as amended (the Code), and compensation charges under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Section 718, *Compensation - Stock Compensation*. However, the Compensation Committee from time to time may approve payment of compensation that does not qualify for the exclusion from the limitation on deductibility of Section 162(m) if the Compensation Committee determines that such payments are consistent with our overall objective to attract, motivate, and retain our executive officers.

Total Compensation. The total compensation package offered to each executive officer is comprised of four elements, which are described in more detail below:

- base salary;
- performance incentive bonus (cash and/or equity based);
- long-term equity incentive awards; and
- employee benefits and perquisites.

In allocating compensation across these elements, the Compensation Committee does not follow any strict policy or guidelines. To determine whether our executive compensation is comparable to our competitors and other companies with metrics similar to ours, the Compensation Committee compares the compensation of executive officers at similar companies, taking into consideration the company's size, industry, and geographic locality, as well as, the comparable named executive officer's level of responsibility and years of experience. The criteria used to select companies similar to us include companies: (i) in the medical equipment and device industry; (ii) with revenues between \$190 million and \$820 million; (iii) whose current enterprise market value is between \$240 million and \$1.7 billion; and (iv) whose number of employees is between 300 and 4,500. These companies are considered comparable to us and generally recruit individuals to fill executive positions that have similar skills and background to those we recruit. The comparative data that we used in reviewing executive officer compensation consisted of data from the EQUILARINSIGHT™ Public Medical Companies database. The list of such companies is comprised of the following companies (with us listed simply to show our relative position among the peer companies) based on information available at the time of the compensation review:

We can review in detail only those individuals for whom compensation information is publicly disclosed. This is typically only the five most highly compensated officers at each company. Generally, this correlates to our CEO, Senior Vice President and Chief Financial Officer (CFO), and certain other executive officers.

The overall result of this review provides the starting point for the analysis of the Compensation Committee. The Compensation Committee looks more extensively at a number of other factors, including the total compensation, the mean, minimum, and maximum for each executive officer position. The Compensation Committee strongly believes in retaining the best talent among our executive management team. In the case of our CEO, the Compensation Committee also considered our performance since he began working for us, and the anticipated level of difficulty of replacing him with someone of comparable experience and skill.

The Compensation Committee believes that the compensation of our executive officers those having the greatest ability to influence our performance should include greater levels of performance-based incentive compensation, while other levels of management should receive a greater portion of their compensation in base salary. The Compensation Committee's review of the comparable companies chosen, although each had a different compensation structure, indicated that all appear to provide their executive officers with average base salaries of approximately 23% to 40% of overall compensation, average targeted bonus compensation of up to 29% of overall compensation and average equity compensation of approximately 41% to 85% of overall compensation.

We entered into an employment agreement with one of our former executive officers, Gary D. Henley, the term of which began on April 1, 2009 and was amended in August 2010 to extend the term of the employment agreement by three months. Effective April 4, 2011, Mr. Henley resigned without good reason as defined under his employment agreement. Mr. Henley was not entitled to any severance payments under the employment agreement, other than payment of accrued salary earned through April 4, 2011, the value of accrued but untaken vacation, and for reimbursement for unreimbursed business expenses.

We entered into a separation pay agreement with each of Messrs. Berry, Stookey, and Bono effective April 1, 2009. We entered into a separation pay agreement with Mr. Kolls effective June 15, 2010. Effective April 4, 2011, Mr. Bono was terminated from his employment by our Board of Directors for cause as defined under his separation pay agreement. Mr. Bono was not entitled to any severance payments under the separation pay agreement, other than payment of accrued salary earned through April 4, 2011, the value of accrued but untaken vacation, and for reimbursement for unreimbursed business expenses.

We entered into an employment agreement with Paul R. Kusters, our former President for Europe, Middle-East and Africa effective March 1, 2007. We entered into a settlement agreement effective as of January 19, 2010, with Mr. Kusters. Under the terms of the settlement agreement, Mr. Kusters agreed to the termination of his employment agreement. In accordance with Dutch law, his six month notice period began on February 1, 2010 and his last day of employment with us was August 1, 2010, during which period Mr. Kusters was available for consultation for the transition. In exchange for certain releases and covenants by Mr. Kusters, we agreed to provide him with compensation consisting of continued payment of base salary and other compensation through August 1, 2010, a lump sum payment of 260,000 euros upon termination of his employment agreement, the base salary equivalent of his earned and unused vacation, professional outplacement services and legal fees for the review of the settlement agreement, totaling 20,000 euros, certain training costs up to 9,200 euros, and beginning August 1, 2010, continued payment of base salary through March 1, 2011 under the non-compete clause of his employment agreement. The

U.S. Dollar equivalent of payments to Mr. Kusters ranged from 1.22 to 1.34 U.S. Dollars per Euro in 2010 and thereafter.

Base Salaries. We want to provide our executive officers with a level of assured cash compensation in the form of base salary to compensate them for the services they provide and their level of professional experience and knowledge. The Compensation Committee reviews executive officer compensation annually. In establishing base salaries, the Compensation Committee seeks relevant compensation information including: (i) scope of the position; (ii) responsibilities of the position; (iii) experience and length of service with us, the industry, and the

Table of Contents

community; (iv) effort and performance; (v) team building skills; (vi) observance of our ethics and compliance programs; (vii) salaries paid by competitive companies to officers in similar positions; and (viii) overall macroeconomic trends. The Compensation Committee considers the input of the CEO with respect to the base salaries of our other executive officers. Increases in base salary from year to year are based upon the performance and relevant experience of the executive officers, comparisons of our compensation to our competitors' compensation for similar positions and responsibilities, as well as relevant economic market considerations, as assessed, reviewed and approved by the Compensation Committee. The Compensation Committee assesses these factors with respect to the CEO. The Compensation Committee recommends the compensation of the CEO for approval by the independent directors of our Board of Directors. The Compensation Committee estimates that we provide our executive officers with average base salaries of approximately 21% to 46% of overall compensation. The Compensation Committee estimates that the salary levels of our executive officers approximate the 45th percentile of the salary levels in effect for comparable executive officer positions at companies in our peer group. It is the Compensation Committee's goal that the total compensation levels of our executive officers (cash compensation plus the value of restricted shares) range between the 50th and 75th percentile of the total compensation levels in effect for comparable executive officers positions at our peer group companies. The Compensation Committee estimates that the total compensation levels of our executive officers range between the 40th and 47th percentile for comparable executive officer positions at companies in our peer group. This range, which is lower than the Compensation Committee's goal, reflects the impact in 2010 of the pay-for-performance nature of our executive performance incentive plans, which are described in greater detail below. Our executive officers have a significant level of valuable industry specific knowledge and experience. We believe they are a key factor in our future success.

An employment agreement establishes the initial annual base salary of Mr. Henley and provided that the Compensation Committee would review compensation annually and may make such increases in base salary as are merited based on the executive officer's performance and as are consistent with our compensation policies. The base salaries of our other executive officers are set annually by the Compensation Committee, typically effective April 1. The base salaries of our executive officers are set forth below.

Name	Annual Base Salary as of January 1, 2010	Annual Base Salary as of April 1, 2010	Annual Base Salary as of April 1, 2011
Gary D. Henley ⁽¹⁾	\$ 510,000	\$ 520,200	\$ 520,200
Lance A. Berry	295,000	300,900	300,900
Eric A. Stookey	295,000	300,900	300,900
Frank S. Bono ⁽¹⁾	308,000	314,200	314,200
Raymond C. Kolls ⁽²⁾	N/A	N/A	300,000
Paul R. Kusters ⁽³⁾	325,325	N/A	N/A

(1) Messrs. Henley's and Bono's last day of employment with us was April 4, 2011.

(2) Mr. Kolls began his employment with us on May 31, 2010 with a base salary of \$300,000.

(3) Mr. Kusters agreed to the termination of his employment agreement effective January 19, 2010. Pursuant to a settlement agreement effective as of January 19, 2010, we agreed to pay Mr. Kusters his base salary through August 1, 2010. Mr. Kusters' compensation was paid in Euros. The exchange rate used to determine the U.S. Dollar equivalent of Mr. Kusters' compensation was 1.327 U.S. Dollars per Euro in 2010.

As can be seen from the chart above, there will be no increase in base salary for any executive officers in 2011, which reflects the difficult market and economic conditions as well as our overall financial results in 2010 and our pay for performance philosophy.

Performance Incentive Bonus. The Compensation Committee of our Board of Directors adopted the 2010 Executive Performance Incentive Plan in March 2010. Our stockholders approved the material terms of the 2010 Executive Performance Incentive Plan at our 2010 annual meeting of stockholders. The Compensation Committee of our Board of Directors administers the 2010 Executive Performance Incentive Plan. During 2010, each of Messrs. Henley, Berry, Stookey, Bono, and Kolls were eligible to participate in the 2010 Executive Performance Incentive Plan. Under the 2010 Executive Performance Incentive Plan, the Compensation Committee must

Table of Contents

establish performance goals based upon performance measures such as sales revenue, operating income before or after taxes, net income before or after taxes, net income before securities transactions, net or operating income excluding non-recurring charges, return on assets, return on equity, return on capital, market share, earnings per share, cash flow, revenue, revenue growth, expenses, stock price, dividends, total stockholder return, price/earnings ratio, market capitalization, book value, product quality, customer retention, unit sales, strategic business objectives or any other performance measure (including, for example, objectives tied to safety, quality, compliance and standards of behavior) deemed appropriate by the Compensation Committee in its discretion. The target performance bonus is stated as a percentage of base salary for each participant and represents the amount of cash that a participant will receive if all performance goals for each performance measure are met or exceeded. Partial payments of the target performance bonus may be paid only if minimum performance thresholds are achieved. A participant may not be paid for performance below the minimum performance threshold of any component of the performance measures. If the performance goals for a performance year are exceeded, the Compensation Committee may pay additional bonus in excess of the target performance bonus. However, no participant may be paid an amount that exceeds twice the target performance bonus unless otherwise determined by the Compensation Committee. In no event may any payment under the 2010 Executive Performance Incentive Plan to a participant exceed \$1,500,000 for any performance year.

For 2010, the Compensation Committee established objectives of net income, revenue growth, and free cash flow for our executive officers. Achievement of the free cash flow objective is limited to the achievement of the net income objective. Each executive officer's bonus payment under the 2010 Executive Performance Incentive Plan for a particular quarter was determined by multiplying the executive officer's target bonus amount (the executive officer's incentive target times the executive officer's base salary) for the quarter by a payout percentage determined based on the achievement of corporate financial performance goals. The Compensation Committee, in its sole and absolute discretion, may determine that the amount of an executive officer's actual performance incentive bonus is less than or more than the amount earned by the executive officer under the 2010 Executive Performance Incentive Plan. However, the Compensation Committee has indicated that it will not make any discretionary awards to executive officers if performance targets are not met. The amount of the performance incentive bonus payable to an executive officer may vary from zero to 200% of the executive officer's annual target.

The Compensation Committee established the following targeted bonus levels for our executive officers:

Position	2010 Target (% of base salary)	2011 Target (% of base salary)
CEO	75%	75%
CFO and Other Executive Officers	45%	45%

Our performance goals are not calculated using generally accepted accounting principles (GAAP) measures. Instead, our performance goals are calculated using non-GAAP measures as more fully described in our Form 8-Ks that are filed in connection with our quarterly earnings releases. For the year ended December 31, 2010, we used financial information that did not include: restructuring charges, non-cash stock-based compensation expenses, non-cash inventory step-up amortization, costs associated with U.S. governmental inquiries and our deferred prosecution agreement, and the income tax effects of the foregoing as we believe these measures provide meaningful supplemental information regarding our core operational performance.

Our executive officers have performance goals for their incentive bonuses based upon corporate objectives which are described in the table below.

Performance Goal	2010 Target (% of bonus)	2011 Target (% of bonus)
Adjusted Net Income Growth ⁽¹⁾	50%	50%
Revenue Growth	25%	25%
Free Cash Flow	25%	25%

(1) Adjusted Net Income as described in the 2010 Executive Performance Incentive Plan represents net income less certain income or expenses that, in the Compensation Committee's discretion, are excluded from our non-GAAP financial measures (such as restructuring charges, U.S. governmental inquiry charges, and non-cash, stock-based compensation expense) for the

Table of Contents

determination of target achievement. All references to Adjusted Net Income in the context of the 2010 Executive Performance Incentive Plan refer to the above-described calculation.

The Compensation Committee selected adjusted net income, revenue growth, and free cash flow after reviewing measurement criteria from the Equilar Top 25 Survey Bonus Summary report for comparable key positions. Further, the Compensation Committee believes these measurement criteria are best aligned with total shareholder return. Our executive officers' bonus objectives for 2011 include the following global objectives:

Performance Goal	100% of target
Revenue Growth	2.5%
Adjusted Net Income Growth	5.7%
Free Cash Flow (as a percentage of sales)	3.1%

Our executive officers will earn bonuses for free cash flow only to the extent that the adjusted net income growth target is achieved. For each measure, no bonus payment will be made until minimum thresholds are attained. Our executive officers may receive 200% of their targeted bonus only if the revenue growth performance measure exceeds the target by 10% and the adjusted net income growth and free cash flow performance measures exceed the targets by 30%. This percentage of overachievement was subjectively determined to be an appropriate stretch goal.

The performance incentive bonus paid to each executive officer for 2010 under the 2010 Executive Performance Incentive Plan is set forth below. Mr. Kolls performance incentive bonus reflects payments for his partial year of service beginning May 31, 2010.

Name	Performance Incentive Bonus
Gary D. Henley	\$ 160,043
Lance A. Berry	55,544
Eric A. Stookey	55,544
Frank S. Bono	57,996
Raymond C. Kolls	10,541

We provide our executive officers with targeted bonus compensation of 16% to 21% of overall compensation. As a percent of base compensation, the targeted bonus levels for executive officers during 2010 ranged from 75% for Mr. Henley to 45% for the other executive officers. These levels were determined based on peer company data and reviewed against data from several survey services, including the ORC Sirs Survey and the Equilar Top 25 Survey.

Long-Term Equity Incentive Awards. Long-term incentives comprise the largest portion of each executive officer's compensation package, consistent with our philosophy and principles discussed above. Our Compensation Committee's objective is to provide executive officers with long-term incentive award opportunities that are at the 50th to 75th percentile of executive officers in comparable positions at companies in our peer group. The Compensation Committee estimates that the total compensation levels of our executive officers range between the 40th and 47th percentile for comparable executive officer positions at companies in our peer group. Mr. Berry is at the low end of this range as he was promoted to his role in December 2009.

Through the grant of these equity incentives, we seek to align the long-term interests of our executive officers with the long-term interests of our stockholders by creating a strong and direct linkage between compensation and long-term stockholder return. We may grant long-term, equity-based incentive awards to our executive officers under our Amended and Restated 2009 Equity Incentive Plan (2009 Equity Incentive Plan). Our Compensation Committee administers the 2009 Equity Incentive Plan. Under the 2009 Equity Incentive Plan, we may grant awards in the form of incentive stock options, nonqualified stock options, stock appreciation rights, restricted stock, restricted stock units, performance share units, and stock bonuses. Based on an assessment of factors, which include the competitive level of awards made by the peer companies, issues related to retention of key talent and the equity value of prior grants, the Compensation Committee determines an award that is suitable for providing an adequate incentive for the performance and retention of each executive officer.

Table of Contents

The Compensation Committee prefers to grant shares of restricted stock or restricted stock units to employees, particularly our executive officers, and believes that restricted stock provides a motivating form of incentive compensation while permitting us to issue fewer shares than would be issued in stock options, thereby reducing potential dilution. The restricted stock has historically vested in equal annual installments over four years.

The Compensation Committee may award a limited number of stock options to closely align the interests of executive officers with those of our stockholders. Stock options may be issued to executive officers upon starting employment, in other special situations, and as part of their annual compensation. To encourage retention, stock options may be granted with a vesting period of one or more years. The Compensation Committee has taken the position that stock options should be granted with an exercise price that is equal to the fair market value of the common stock on the grant date, calculated as the closing price per share of stock on the trading day immediately prior to the grant date. The actual value of stock option compensation, therefore, depends on the market value of the common stock increasing after the grant date. In the future, we may issue other forms of equity compensation allowed under the 2009 Equity Incentive Plan.

The Compensation Committee has adopted a general policy related to equity awards under which:

(i) non-performance based awards will not fully vest prior to a minimum of three years (including cliff-vesting awards) and there will be a minimum performance period of one year for performance based awards; (ii) the Compensation Committee will not waive vesting periods for any awards except in the case of death, disability, retirement or change in control; and (iii) the above restrictions will apply to a total of 90% of the shares of common stock authorized under the 2009 Equity Incentive Plan.

Guidelines for the number of restricted stock awards and stock options granted to each executive officer are determined using a procedure approved by the Compensation Committee based upon several factors, including the executive officer's level of responsibility, salary grade, performance, and the value of the stock at the time of grant. With the exception of promotions and new hires, we generally grant these awards effective as of the date of our annual meeting of stockholders. This timing enables us to consider our prior performance as well as the performance of the potential recipients, and our expectations for the current year. Also, it follows our annual performance evaluations. The awards also are made as early as practicable in the year in order to optimize the time-period for the incentives associated with the awards. The Compensation Committee's schedule is determined several months in advance, and the proximity of any awards to earnings announcements or other market events is coincidental. For 2010, we granted restricted stock and stock options with a grant date value of 300% of Mr. Henley's base salary (prior to his 2010 base salary increase) and 100% of Messrs. Berry, Stookey, and Bono (prior to their 2010 base salary increases).

The benchmark for these grants is the average level of annual restricted stock awards and stock option grants for similar positions at our peer group companies, adjusted using the above factors and taking into consideration such equivalency factors as our number of shares outstanding and market capitalization, compared to the peer group companies.

Each restricted stock award allows the executive officer to acquire shares of common stock upon vesting. Each stock option allows the executive officer to acquire shares of common stock at the fair market value on the grant date over a specified period of time, up to ten years. Stock option awards will provide a return to the executive officer only if the market price of the shares appreciates over the term of the award.

In 2009, our Board of Directors adopted Executive Officer Stock Ownership Guidelines, which require our executive officers to acquire and hold shares of common stock equal in value to a multiple of their annual base salary. Our Board of Directors and the Compensation Committee generally encourage our executive officers to have a financial stake in us to align the interests of our stockholders and management, and view restricted stock awards and stock options as a means of furthering this goal. The guidelines are described in the heading Executive Officer Stock

Ownership Guidelines below.

To address stockholders' potential concerns regarding the number of options, restricted shares and restricted stock units we grant in a given year, the Compensation Committee adopted an annual cap on the number of options, restricted stock and restricted stock unit awards granted for each of the next three years, effective beginning January 1, 2010. During this period, we will not grant a number of shares subject to awards under our 2009 Equity

Table of Contents

Incentive Plan to employees and non-employee directors, in the aggregate, greater than the Risk Metrics Group (RMG) burn rate threshold percentage for our GICS peer group (3510-Health Care Equipment & Services) of shares of our common stock that we believe will be outstanding at the end of each year over such 3-year period. This would limit awards to no greater than the RMG 2010 threshold for 2010 which was 3.65%, the RMG 2011 threshold for 2011 which is 4.66%, and the RMG 2012 threshold for 2012. This limitation does not apply to awards under plans assumed in acquisitions or issuances under tax-qualified employee stock purchase plans. Solely for the purposes of calculating the burn rate, each stock option will be counted once and each share subject to restricted stock or restricted stock unit will be counted twice (equivalent to two shares).

The long-term equity incentive awards granted in 2010 to each of our executive officers is set forth below. We did not grant any long-term equity incentive awards to Mr. Kosters during 2010. All of the long-term equity incentive awards shown below were granted pursuant to our 2009 Equity Incentive Plan except for Mr. Kolls' stock options which were made pursuant to an inducement stock option award agreement. All of the following long-term equity awards for Messrs. Henley and Bono were cancelled on their last day of employment, April 4, 2011, with the exception of 1,250 restricted stock awards for Mr. Bono that vested on January 1, 2011.

Our Compensation Committee estimates that we provide our executive officers with equity compensation of approximately 34% to 62% of overall compensation.

Other Elements of Compensation and Perquisites. In order to attract and retain employees while paying market levels of compensation, we provide our executive officers the following benefits and perks.

Medical Insurance. We provide to each executive officer and the executive officer's spouse and children such health, dental, and vision insurance coverage as we may from time to time make available to our other employees. We pay a portion of the premiums for this insurance for all employees.

Life and Disability Insurance. We provide to each executive officer such life and/or disability insurance, as we, in our sole discretion, may from time to time make available to our other executive employees of the same level of employment.

Housing Allowance & Relocation Costs. In order to attract and retain management talent, we provide relocation benefits, including a housing allowance, to certain executive officers upon their employment with us. The allowance is intended to partially defray the additional cost of housing while the employee relocates as well as actual expenses related to the sale and purchase of a home, household moving expenses and similar related items. We provide the same relocation benefits to all senior management employees. We gross up certain of these relocation benefits because such benefits result in taxable income to relocating executive officers.

Defined Contribution Plan. We, and our designated affiliates, offer a Section 401(k) Savings/Retirement Plan (401(k) Plan), a tax-qualified retirement plan, to our eligible employees. Our 401(k) Plan permits eligible employees to defer from 1% to 100% of their annual eligible compensation, subject to certain limitations imposed by the Code. The employees' elective deferrals are immediately vested and non-forfeitable in the 401(k) Plan. We currently match up to 4% of our employees' contributions to the 401(k) Plan.

Stock Purchase Plan. Our 2002 Employee Stock Purchase Plan (ESPP), which qualifies under Section 423 of the Code, permits participants to purchase our common stock on favorable terms. ESPP participants are granted a purchase right to acquire shares of common stock at a price that is 85% of the stock price on either the first day of the plan period or the stock price on the last day of the plan period, whichever is lower. The purchase dates occur on the

Table of Contents

last business day of June and December of each year. To pay for the shares, each participant may authorize periodic payroll deductions from their cash compensation, subject to certain limitations imposed by the Code. All payroll deductions collected from the participant in a period are automatically applied to the purchase of common stock on that period's purchase date provided the participant remains an eligible employee and has not withdrawn from the ESPP prior to that date. Our ESPP is available only to U.S. employees. Shares of stock purchased pursuant to the ESPP are generally subject to a holding period lasting between one and one and one-half years after such stock is purchased, during which time the shares may not be sold, exchanged, pledged, hypothecated, or otherwise transferred, except in the case of demonstrated financial emergency.

Other. We make available certain other perquisites or fringe benefits to certain executive officers, such as travel insurance, airline club dues, professional society dues, reimbursement of financial planning, and insurance.

Severance Benefits. We believe that companies should provide their executive officers with reasonable severance benefits, which should reflect the fact that it may be difficult for them to find comparable employment within a short period of time, that the executive officers will be better able to focus on their respective duties without the worry and uncertainty related to being terminated, and that executive officers' interests should be aligned with our stockholders' interests in connection with a potential change in control. Further, severance benefits help clarify what will happen in the event of our executive officers' termination from employment. To that end, we have entered into separation pay agreements with Messrs. Berry, Stookey and Kolls. Our employment agreement with Mr. Henley and our separation pay agreement with Mr. Bono included provisions for separation pay. The separation pay agreement with each of Messrs. Berry, Stookey, and Bono became effective April 1, 2009, and with Mr. Kolls became effective May 31, 2010. With the exception of Mr. Bono, the terms of the separation pay agreements each continue until its third anniversary. The terms of each separation pay agreement will be extended automatically for one additional year unless we or the executive officer provide notice of termination of the separation pay agreement. In the event that the executive officer is terminated for cause or the executive officer terminates employment other than for good reason we shall have no obligations other than payment of accrued obligations described below. Mr. Henley resigned without good reason and Mr. Bono was terminated for cause on April 4, 2011; therefore, we have no obligations to them other than payment of accrued obligations. In the event of an involuntary termination of the executive officer, we will be obligated to pay a separation payment and accrued obligations and provide benefits to the executive officer as described below.

Accrued Obligations. Accrued obligations include (i) any accrued base salary through the date of termination, (ii) any annual cash incentive compensation awards earned but not yet paid, (iii) the value of any accrued vacation, (iv) reimbursement for any unreimbursed business expenses, and, (v) only in the case of an involuntary termination after a change in control or a termination at any time by reason of death, an annual incentive payment at target for the year that includes the date of termination, prorated for the portion of the year that the executive officer was employed.

Separation Payment upon Involuntary Termination. The total separation payment for Messrs. Berry, Stookey, and Kolls is the amount equal to 12 months multiplied by 1.45 times their monthly base pay. Half of the total separation payment amount will be payable at or within a reasonable time after the date of termination. The remaining half of the total separation payment amount will be payable in installments beginning six months after the date of termination, with a final installment of the balance of the remaining half of the total separation payment to be made on or before March 15 of the calendar year following the year of termination.

Benefits upon Involuntary Termination. The executive officer will also receive benefits that include (i) health and dental coverage under the Consolidated Omnibus Budget Reconciliation Act (COBRA), which we must pay for a period not exceeding 18 months, (ii) outplacement assistance for a period of 12 months for Messrs. Berry, Stookey and Kolls, subject to termination if the executive officer accepts employment with

another employer, (iii) financial planning services for a period of 12 months for Messrs. Berry, Stookey, and Kolls, (iv) payment to continue insurance coverage equal to the annual supplemental executive officer insurance benefit provided to the executive officer prior to the date of termination, and (v) reasonable attorneys fees and expense if any such fees or expenses are incurred to enforce the separation pay agreement.

Table of Contents

For purposes of the separation pay agreements, involuntary termination will occur if we terminate the employment of the executive officer other than for cause, disability, voluntary retirement or death of the executive officer or if the executive officer resigns for good reason. A termination of the executive officer before a change in control by reason of the executive officer's retirement on or after age 65 does not constitute an involuntary termination.

The definition of cause includes (i) willful failure of the executive officer to substantially perform the executive officer's duties that amounts to an intentional and extended neglect of the executive officer's duties, (ii) only prior to a change in control, continued, documented poor performance after giving the executive officer sufficient time to improve, (iii) the determination by our Board of Directors that the executive officer has engaged or is about to engage in conduct materially injurious to us, (iv) the executive officer's conviction or entering of a guilty or no contest plea to a felony charge, or (v) the executive officer's participation in the activities proscribed by the confidentiality, non-solicitation, and non-competition covenants described below or a material breach of any of the other covenants contained in the separation pay agreement.

Prior to a change in control, the definition of good reason includes (i) the assignment to the executive officer of any duties materially inconsistent with the range of duties and responsibilities appropriate to our senior executive officer, (ii) a material reduction in the executive officer's overall standing and responsibilities, (iii) a material reduction in the executive officer's aggregate annualized compensation and benefits opportunities, (iv) our failure to pay the executive officer any portion of the executive officer's compensation and benefits within 30 days after they become due, (v) any purported termination of the executive officer's employment that is not made pursuant to a notice of termination that reasonably details the basis for termination, (vi) the failure by us to obtain an agreement from any our successors requiring such successor to assume and agree to perform our obligations under the separation pay agreement, (vii) the failure by us to provide indemnification and directors and officers insurance protection contemplated by the agreement, or (viii) the failure by us to comply with any material provision of the separation pay agreement.

After a change in control, the definition of good reason includes, (i) a material and adverse change in the executive officer's title, authority as an executive officer, duties, responsibilities or reporting lines as in effect immediately prior to the change in control, (ii) a material reduction in the executive officer's aggregate annualized compensation opportunities, or (iii) the relocation of the executive officer's principal place of employment to a location that is more than 40 miles from the executive officer's principal place of employment immediately prior to the change in control.

Under the separation pay agreements for Messrs. Berry, Stookey, and Kolls, the executive officer makes certain covenants that impose future obligations on the executive officer regarding confidentiality of information, transfer of inventions, nonsolicitation of our employees for a period of 12 to 24 months, and noncompetition with our business for a period of 12 to 24 months. If we determine that a breach of any of these covenants has occurred, then our obligations to make payments or provide benefits shall cease immediately and permanently, and the executive officer shall repay an amount equal to 90% of the payments and benefits previously provided under the separation pay agreement, with interest. Upon termination for any reason other than cause, the executive officer must enter into a mutual release of all claims within 45 days after the date of termination before any payments will be made to the executive officer.

If we are required to restate our balance sheet or statement of operations affecting any reporting period that transpires during the term of the separation pay agreement due to our material noncompliance with any financial requirements under securities laws, we may require the executive officer to reimburse us for any bonus or incentive-based or equity-based compensation received by the executive officer during the term of the separation pay agreement and any profits realized from the sale of our securities by the executive officer during the term of the separation pay agreement. If our Board of Directors determines that such a forfeiture is appropriate, we may withhold future amounts owed to the executive officer as compensation, and we may commence legal action to collect such sums as our Board

of Directors determine is owed to us.

All payments under the separation pay agreement will be net of applicable tax withholdings. Each of the separation pay agreements contains a provision that limits payment under the separation pay agreement to avoid taxation under Section 4999 of the Code for parachute payments within the meaning of Section 280G of the Code.

Our Compensation Committee has adopted a policy concerning gross-ups for taxes payable by executive officers. Generally, our policy is that executive officers should be responsible for the taxes payable by them with respect to their compensation. However, in unusual circumstances where our Compensation Committee believes that accommodations must be made to recruit a new executive officer, limited reimbursement for taxes payable may be included in their compensation agreements. In such unusual circumstances, the gross up will be limited to payments triggered by both a change in control and termination of employment and will be subject to a three year sunset provision. At the time we hired our CEO, we agreed to provide a gross-up to his compensation. In continuation of this commitment, Mr. Henley's employment agreement provided for a gross-up payment if it is determined that any payment to Mr. Henley in the nature of compensation under his employment agreement or otherwise would be subject to the excise tax imposed by Section 4999 of the Code, together with any interest or penalties imposed. Our obligation to make the gross-up payment is not conditioned upon Mr. Henley's termination of employment. The gross-up payment would not be deductible by us.

Change in Control Benefits. Our executive officers and other employees have built us into the successful enterprise that we are today, and the Compensation Committee believes that it is important to protect them in the event of a change in control. Further, it is our belief that the interests of stockholders will be best served if the interests of our executive officers are aligned with them, and providing change in control benefits should at least reduce the reluctance of executive officers to pursue potential change in control transactions that may be in the best interests of stockholders. Relative to our overall value, these potential change in control benefits are relatively minor.

Under the terms of the separation pay agreements with Messrs. Berry, Stookey, and Kolls, these change in control benefits are double trigger, which requires (i) a change in control and (ii) a termination by the company without cause or by an executive officer for good reason within 12 months of the expiration of their separation pay agreements before the executive officer receives their change in control benefit. If we give notice of termination of the separation pay agreement less than one year after a change in control, then the term of the separation pay agreement will be automatically extended until the later of the one year anniversary that follows such written notice or the second anniversary of the change in control. The change in control benefit requires us to pay a separation payment and accrued obligations and provide benefits to the executive officer as described above under the heading *Severance Benefits*.

Subject to several exceptions, for purposes of the separation pay agreements, a change in control occurs if (i) any person or group of persons acquires more than 50% of our capital stock, (ii) any person or group of persons acquires 35% or more of the voting power represented by our capital stock in a 12-month period, (iii) any person or group of persons acquires 40% of our assets in a 12-month period, (iv) a majority of our directors are replaced in any 12-month period by directors whose election is not endorsed by a majority of our directors, or (v) a merger or consolidation occurs pursuant to which 40% of our assets are to be transferred to a different entity.

In addition to the benefits under the employment agreement for Mr. Henley and the separation pay agreements for our other executive officers, terminated executive officers would be entitled to receive any benefits that they otherwise would have been entitled to receive under our 401(k) Plan. Additionally, upon a change in control, all unexercisable options will immediately vest and become exercisable and all restrictions on restricted stock will lapse. The Compensation Committee believes that these levels of benefits are consistent with the general practice among our peers, although we have not conducted a study to confirm this.

Table of Contents**Potential Payments Upon Termination or Change in Control**

The following table sets forth the benefits payable to our executive officers based upon a hypothetical termination and/or change in control date of December 31, 2010, except for Mr. Kusters, for whom we have included actual benefits paid upon termination during 2010, and for Messrs. Henley and Bono, whose last day of employment was April 4, 2011. Our Compensation Committee may, in its discretion, revise, amend, or add to the benefits if it deems advisable.

- (1) The amounts in the Other termination benefits rows include the cost of financial planning services, an annual physical, and continued executive insurance. Reimbursement of reasonable attorneys' fees and expenses is not included as the amount is not estimable.
- (2) Stock option acceleration is calculated as the intrinsic value of the unvested options on December 31, 2010. The intrinsic value is calculated as the difference between the market value of our common stock as of December 31, 2010, and the exercise price of the stock option. The market value as of December 31, 2010, is deemed to have been \$15.53 per share, which is the closing sale price of our common stock reported for transactions effected on the Nasdaq Global Select Market on December 31, 2010.
- (3) Restricted stock acceleration is calculated as the market value of the unvested awards on December 31, 2010. The market value as of December 31, 2010, is deemed to have been \$15.53 per share, which is the closing sale price of our common stock reported for transactions effected on the Nasdaq Global Select Market on December 31, 2010.
- (4) Mr. Kusters' last day of employment with us was August 1, 2010. The amounts shown below reflect payments actually made in 2010 under a settlement agreement with Mr. Kusters effective January 19, 2010. As of December 31, 2010, Mr. Kusters had outstanding non-compete payments totaling \$60,238 using the exchange rate of 1.3351 U.S. Dollars per Euro at December 31, 2010. The exchange rates used to determine the U.S. Dollar equivalent of Mr. Kusters' compensation ranged from 1.22 to 1.34 U.S. Dollars per Euro in 2010. Such rates represent the average of the average daily rates for the month in which compensation was paid.

Table of Contents

For purposes of the benefits shown for executive officers other than Mr. Kosters, a change in control is deemed to occur, in general, if (i) any person or group of persons acquires more than 50% of our capital stock, (ii) any person or group of persons acquires 35% or more of the voting power represented by our capital stock in a 12-month period, (iii) any person or group of persons acquires 40% of our assets in a 12-month period, (iv) a majority of our directors are replaced in any 12-month period by directors whose election is not endorsed by a majority of our directors, or (v) a merger or consolidation occurs pursuant to which 40% of our assets are to be transferred to a different entity.

Mr. Henley resigned without good reason under his employment agreement, and Mr. Bono was terminated for cause under his separation pay agreement. As a result, neither Mr. Henley nor Mr. Bono was entitled to any severance payments under such agreements, other than payment of accrued salary earned through April 4, 2011, the value of accrued but untaken vacation, and for reimbursement for unreimbursed business expenses.

Compensation of Chief Executive Officer. Gary D. Henley became our President and Chief Executive Officer in 2006 and resigned effective April 4, 2011. For the year ended December 31, 2010, we paid Mr. Henley a base salary of \$517,650 pursuant to his employment agreement with us. Mr. Henley also received a performance incentive bonus of \$160,043 under the 2010 Executive Performance Incentive Plan for 2010. In addition, on May 13, 2010, we granted Mr. Henley 62,466 shares of restricted stock and an option to purchase 48,479 shares of common stock under the 2009 Equity Incentive Plan. The exercise price of the stock option is \$18.37 per share, which was the fair market value of the common stock on the grant date as determined under the 2009 Equity Incentive Plan. Both the stock option and the restricted stock were to vest in equal annual installments over a period of four years after the grant date. Due to Mr. Henley's resignation on April 4, 2011, no portion of the stock option or the restricted stock vested or will vest. The Compensation Committee considers the compensation paid to Mr. Henley for 2010 reasonable and appropriate under the circumstances.

CEO Succession Plan. In 2009, our Board of Directors adopted a policy that requires our Board of Directors to regularly approve a CEO succession plan. Our Board of Directors has reviewed and approved the CEO succession plan.

In connection with Mr. Henley's resignation effective April 4, 2011, our Board of Directors formed a committee comprised of David D. Stevens, Robert J. Quillinan, Lawrence W. Hamilton and John L. Miclot to undertake a search for a permanent Chief Executive Officer.

Executive Officer Stock Ownership Guidelines. In 2009, our Board of Directors adopted Executive Officer Stock Ownership Guidelines, which require our executive officers to acquire and hold shares of common stock equal in value to a multiple of their annual base salary. The CEO must maintain value equal to three times his annual salary, and the remaining executive officers must maintain value equal to twice their annual salary. Qualifying shares include owned shares, unvested restricted stock, unvested restricted stock units, and the value of any vested stock options. There is a five-year accumulation period beginning on the later of (i) becoming an officer subject to the share ownership guidelines or (ii) July 1, 2010.

Compensation and Risk. We believe that our performance-based compensation and equity programs create appropriate incentives to increase long-term stockholder value. These programs have been designed and administered in a manner that discourages undue risk-taking by employees. Relevant features of these programs include:

limits on annual incentive and long-term performance awards, thereby defining and capping potential payouts;

proportionately greater award opportunity derived from the long-term incentive program compared to annual incentive plan, creating a greater focus on sustained company performance over time;

the application of an annual incentive metric that aligns senior management with the balanced objectives of increased revenues, increasing net income, and generating cash flow;

Table of Contents

use of three long-term incentive vehicles – restricted stock, restricted stock units and stock options – that vest over a number of years, thereby providing strong incentives for sustained operational and financial performance;

a long-term incentive program with overlapping vesting periods, such that at any one time up to four separate awards are affected by current year performance, thereby requiring sustained high levels of performance; and

share ownership guidelines for senior executives, monitored by the Compensation Committee, that ensure alignment with shareholder interests over the long term.

In light of these features of our compensation program, we conclude that the risks arising from our employee compensation policies and practices are not reasonably likely to have a material adverse effect on us.

Stock Awards consist of restricted stock for all grants except Mr. Kusters' 2009 grant, which were phantom stock units. The grant date fair value per share is equal to the closing price of our stock on the date of grant. See note 13 to our Audited Financial Statements contained in our Annual Report on Form 10-K for a discussion of assumptions used to determine fair value of Option Awards.
- (2) The amounts in the Non-Equity Incentive Plan Compensation column represent amounts earned by each named executive officer under the 2010 Executive Performance Incentive Plan for 2010 and the 2005 Executive Performance Incentive Plan for 2009 and 2008.

The amounts in the All Other Compensation column are more fully described in the table under All Other Compensation Supplemental.

(1) Estimated Future Payouts Under Non-Equity Incentive Plans represent the threshold, target, and maximum amounts that could be earned under the 2010 Executive Performance Incentive Plan at targets established for each level. Each named executive officer had a target incentive amount that could be earned if we met the targets established. Until the threshold performance is obtained, no incentive is earned. If the maximum performance had been achieved, the named executive officers would have received 200% of their targeted amount.

- (2) The exercise price of each stock option granted to our named executive officers is equal to the fair market value, within the meaning of the 2009 Equity Incentive Plan and the Inducement Stock Option Grant agreement of the underlying shares of common stock on the grant date, calculated as the closing price on the trading day immediately prior to the grant date. The closing market price was \$18.10 on May 13, 2010 and \$16.07 on June 1, 2010.
- (3) The grant date fair value is computed in accordance with FASB ASC Topic 718. For Stock Awards, which consist of restricted stock, the grant date fair value per share is equal to the closing price of our stock on the date of grant. See note 13 to our Audited Financial Statements contained in our Annual Report on Form 10-K for a discussion of assumptions used to determine fair value of Option Awards.
- (4) Effective April 4, 2011, Gary D. Henley resigned as President and Chief Executive Officer and a member of our Board of Directors, and Frank S. Bono was terminated by our Board of Directors. In connection therewith, Mr. Henley's 62,466 shares of restricted stock and 48,479 stock options issued in 2010 were cancelled, and Mr. Bono's 16,325 shares of restricted stock and 9,759 stock options issued in 2010 were cancelled. Messrs. Henley and Bono were paid \$5,513 and \$1,998, respectively, under the 2010 Executive Performance Incentive Plan during 2011.

See Compensation Discussion and Analysis above for a complete description. All stock options granted to the named executive officers were granted under the 2009 Equity Incentive Plan. The Compensation Committee, which administers the 2009 Equity Incentive Plan, has general authority to accelerate, extend, or otherwise modify the benefits under the stock options in certain circumstances, subject to limitations of the plan. The Compensation Committee has no present intention to exercise that authority with respect to these stock options.

All the shares of restricted stock were granted under our 2009 Equity Incentive Plan.

Table of Contents

All stock options and shares of restricted stock vest upon a change in control, as defined in the 2009 Equity Incentive Plan. All stock options and restricted shares granted to our named executive officers in 2009 vest in equal annual installments over a period of four years after the grant date.

Outstanding Equity Awards

The table below sets forth information regarding the outstanding equity awards held by our named executive officers at December 31, 2010. The stock options and restricted stock awards shown below vested or will vest in equal annual installments over a period of four years after the grant date.

PROPOSAL 2
ADVISORY VOTE TO APPROVE THE COMPENSATION OF
OUR NAMED EXECUTIVE OFFICERS

We are submitting for stockholder advisory vote a resolution to approve the compensation paid to our named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables, and narrative discussion contained in this Proxy Statement. Accordingly, the following resolution will be submitted for stockholder approval at the annual meeting:

RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables, and narrative discussion is hereby APPROVED .

The advisory vote on the compensation of our named executive officers is non-binding. The approval or disapproval of the resolution approving our executive compensation by our stockholders will not require our Board of Directors or any of its committees to take any action regarding our executive compensation practices. The final decision on the compensation and benefits of our named executive officers and whether, and if so, how, to address stockholder disapproval remains with our Board of Directors and its committees.

Our Board of Directors believes that it, through recommendations of the Compensation Committee, is in the best position to consider the extensive information and factors necessary to make independent, objective, and competitive compensation recommendations and decisions that are in our best interest and the best interest of our stockholders.

Our Board of Directors values the opinions of the Company's stockholders as expressed through their votes and other communications. Although the resolution is non-binding, the Board will carefully consider the outcome of the advisory vote to approve the compensation of our named executive officers and those opinions when making future compensation decisions.

OUR BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE *FOR* THE APPROVAL OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS. Each proxy solicited on behalf of our Board of Directors will be voted *FOR* the approval of the compensation of our named executive officers unless the stockholder instructs otherwise in the proxy.

PROPOSAL 3
**ADVISORY VOTE ON THE FREQUENCY OF FUTURE VOTES TO APPROVE THE
COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS**

We are submitting for stockholder advisory vote a resolution to determine whether to hold the advisory stockholder vote on executive compensation (the type found in Proposal 2 above) every one, two, or three years. Accordingly, the following resolution will be submitted for stockholder approval at the annual meeting:

RESOLVED, that the Company hold a stockholder advisory vote to approve the compensation of the Company's named executive officers as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables, and narrative discussion with a frequency of once every one year, two years or three years, whichever receives the highest number of votes cast with respect to this resolution.

After careful consideration of the various arguments supporting each frequency level, our Board of Directors believes that submitting the advisory vote on the compensation of our named executive officers to stockholders on an annual basis is appropriate for us and our stockholders.

The proxy card provides stockholders with four choices (every one, two, or three years, or abstain). Stockholders are not voting to approve or disapprove our Board of Directors' recommendation.

The frequency vote is non-binding. Stockholder approval of a one, two, or three-year frequency vote will not require our Board of Directors to implement an advisory vote on the compensation of our named executive officers every one, two, or three years. The final decision on the frequency of the advisory vote on the compensation of our named executive officers remains with our Board of Directors.

Our Board of Directors values the opinions of our stockholders as expressed through their votes and other communications. Although the frequency vote is non-binding, our Board of Directors will carefully consider the outcome of the advisory vote on the frequency of future votes to approve the compensation of our named executive officers when making future decisions regarding the frequency of say-on-pay votes.

OUR BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE 1 YEAR FOR THE FREQUENCY OF FUTURE VOTES TO APPROVE THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS.

Each proxy solicited on behalf of our Board of Directors will be voted 1 YEAR for the frequency of future votes to approve the compensation of our named executive officers unless the stockholder instructs otherwise in the proxy.

**PROPOSAL 4
RATIFICATION OF SELECTION OF INDEPENDENT AUDITOR**

General

The Audit Committee of our Board of Directors has selected KPMG LLP (KPMG) as the independent auditor to perform the audit of our consolidated financial statements for 2011. KPMG has audited our consolidated financial statements since 2002. KPMG is a registered public accounting firm.

Our Board of Directors is asking the stockholders to ratify the selection of KPMG as our independent auditor for 2011. Although not required by law, Nasdaq's listing standards, or our bylaws, our Board of Directors is submitting the selection of KPMG to the stockholders for ratification as a matter of good corporate practice. Even if the selection is ratified, the Audit Committee, in its discretion, may select a different registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of us and our stockholders.

Representatives of KPMG are expected to be present at the meeting. They will have an opportunity to make a statement if they desire and will be available to respond to appropriate questions from our stockholders.

Board of Directors Recommendation

OUR BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE *FOR* THE RATIFICATION OF THE SELECTION OF KPMG AS OUR INDEPENDENT AUDITOR FOR 2011. Each proxy solicited on behalf of our Board of Directors will be voted *FOR* the ratification of the selection of KPMG as our independent auditor for 2011 unless the stockholder instructs otherwise in the proxy. If the stockholders do not ratify the selection, the matter will be reconsidered by the Audit Committee and our Board of Directors.

Audit and Non-Audit Services

The Audit Committee is directly responsible for the appointment, compensation, and oversight of our independent auditor. In addition to retaining KPMG to audit our consolidated financial statements for 2011, the Audit Committee retained KPMG to provide other auditing and advisory services in 2010. The Audit Committee understands the need for KPMG to maintain objectivity and independence in its audits of our financial statements. The Audit Committee has reviewed all non-audit services provided by KPMG in 2010 and has concluded that the provision of such services was compatible with maintaining KPMG's independence in the conduct of its auditing functions.

To help ensure the independence of the independent auditor, the Audit Committee has adopted a policy for the pre-approval of all audit and non-audit services to be performed for us by our independent auditor. Pursuant to this policy, all audit and non-audit services to be performed by the independent auditor must be approved in advance by the Audit Committee. The Audit Committee may delegate to one or more of its members the authority to grant the required approvals, provided that any exercise of such authority is presented to the full Audit Committee at its next regularly scheduled meeting.

Table of Contents

The table below sets forth the aggregate fees billed by KPMG for audit and non-audit services provided to us in 2010 and 2009.

Fees	2010	2009
Audit Fees	\$ 982,000	\$ 981,000
Audit-Related Fees	35,000	43,000
Tax Fees:		
Tax Compliance Fees	20,000	20,000
All Other Tax Fees	159,000	52,000
Total Tax Fees	179,000	72,000
All Other Fees	54,000	
Total	\$ 1,250,000	\$ 1,096,000

In the above table, in accordance with the SEC's definitions and rules, "audit fees" are fees for professional services for the audit of a company's financial statements included in the annual report on Form 10-K, for the review of a company's financial statements included in the quarterly reports on Form 10-Q, and for services that are normally provided by the accountant in connection with statutory and regulatory filings or engagements; "audit-related fees" are fees for assurance and related services that are reasonably related to the performance of the audit or review of a company's financial statements; "tax fees" are fees for tax compliance, tax advice, and tax planning; and "all other fees" are fees for any services not included in the first three categories, which includes fees for a risk management review and assessment.

Other Independence Measures

We have taken additional steps to ensure the independence of our independent auditor. The Audit Committee requires that the lead and concurring partners assigned to the audit of our consolidated financial statements be rotated off the independent auditor's audit engagement at least every five years. Our Board of Directors, upon the recommendation of the Audit Committee, also has adopted a policy restricting the hiring of employees or former employees of the independent auditor, who participated in any capacity in the audit of our consolidated financial statements.
