PROXY STATEMENT

PROXIES AND VOTING AT THE MEETING

Only shareholders of record at the close of business on April 14, 2003 will be entitled to notice of, and to vote at, the meeting. As of that date, 24,041,871 shares of our Common Stock, \$.25 par value per share ("Common Stock"), were outstanding. Each of those outstanding shares is entitled to one vote at the meeting. We are initially sending this Proxy Statement and the accompanying proxy to our shareholders on or about April 21, 2003. The requirement for a quorum at the meeting is the presence in person or by proxy of holders of a majority of the outstanding shares of Common Stock. There is no provision for cumulative voting.

SOLICITATION OF PROXIES

The accompanying proxy is solicited on behalf of our Board of Directors for use at our annual meeting of shareholders to be held at the time and place set forth in the accompanying notice. We will pay all costs of soliciting proxies. We will solicit proxies primarily by mail. In addition to solicitation by mail, our officers, directors and employees may solicit proxies in person or by telephone, facsimile and electronic transmissions, for which such persons will receive no additional compensation. We have retained Georgeson Shareholder Communications, Inc. to solicit proxies at a fee estimated at \$5,500, plus out-of-pocket expenses. We will reimburse brokerage firms, banks and other custodians, nominees and fiduciaries for their reasonable expenses in forwarding proxy material to beneficial owners of Common Stock.

The persons named as proxies were designated by our Board and are officers of Oceaneering. All properly executed proxies will be voted (except to the extent that authority to vote has been withheld), and where a choice has been specified by the shareholder as provided in the proxy, the proxy will be voted in accordance with the specification so made. Proxies submitted without specified choices will be voted FOR PROPOSAL 1 to elect the director nominees proposed by our Board and FOR PROPOSAL 2 to ratify the appointment of Ernst & Young LLP as independent auditors of Oceaneering for the year ending December 31, 2003.

Edgar Filing: OCEANEERING INTERNATIONAL INC - Form DEF 14A

METHODS OF VOTING

- o VOTING BY TELEPHONE OR THE INTERNET. If you have stock certificates issued in your own name, you may vote by proxy by using the toll-free number or at the Internet address listed on the proxy card.

The telephone and Internet voting procedures are designed to verify your vote through the use of a voter control number that is provided on each proxy card. The procedures also allow you to vote your shares and to confirm that your instructions have been properly recorded. Please see your proxy card for specific instructions.

If you hold shares through a brokerage firm, bank or other custodian, you may vote by telephone or the Internet only if the custodian offers that option.

ELECTION OF DIRECTORS PROPOSAL 1

Our Certificate of Incorporation divides our Board into three classes, each consisting as nearly as possible of one-third of the members of the whole Board. There are currently two members of each class. The members of each class serve for three years following their election, with one class being elected each year.

Two Class II directors are to be elected at the 2003 Annual Meeting. Charles B. Evans, currently a Class II Director, is retiring and is not a nominee for election at the 2003 Annual Meeting. In accordance with our bylaws, directors are elected by a plurality of the votes cast. Accordingly, abstentions and broker "non-votes" marked on proxy cards will not be counted in the election. The Class II directors will serve until the 2006 Annual Meeting of

Edgar Filing: OCEANEERING INTERNATIONAL INC - Form DEF 14A

Shareholders or until a successor has been duly elected and qualified. The directors of Classes III and I will continue to serve their terms of office, which will expire at the Annual Meetings of Shareholders to be held in 2004 and 2005, respectively.

The persons named in the accompanying proxy intend to vote all proxies received in favor of the election of the nominees named below, except in any case where authority to vote for the directors is withheld. Although we have no reason to believe that the nominees will be unable to serve as directors, if either nominee withdraws or otherwise becomes unavailable to serve, the persons named as proxies will vote for any substitute nominee our Board designates.

During 2002, our Board of Directors held a total of eight meetings. Each member of our Board attended all Board meetings and all meetings of any committee on which he served.

Oceaneering pays its nonemployee directors a \$25,000 annual retainer, a \$5,000 annual retainer to the chairman of committees of the Board, \$1,000 for each Board meeting attended, \$800 for each committee meeting attended (if the meeting is on a day other than the date of a Board meeting) and a fee of \$100 per hour up to a maximum of \$800 per day for any services directly related to activities of the Board or a committee of the Board. Nonemployee directors may elect to participate in Oceaneering's medical plans. All directors are reimbursed for their travel and other expenses involved in attendance at Board and committee meetings.

Nonemployee directors are participants in our shareholder-approved 2002 Incentive Plan. Under this plan, each of our nonemployee directors is automatically granted an option to purchase 10,000 shares of Common Stock on the date the director first becomes a nonemployee director and each year thereafter while he remains a nonemployee director, in each case at an exercise price per share equal to the fair market value of a share of Common Stock on the date the option was granted. These options become fully exercisable six months following the date of grant.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors, executive officers and persons who own more than 10% of our Common Stock to file with the SEC and the New York Stock Exchange initial reports of ownership and reports of changes in ownership of Common Stock. Based solely on a review of the copies of such reports furnished to us and representations that no other reports were required, we believe that all our directors and executive officers complied on a timely basis with all applicable filing requirements under Section 16(a) of the Exchange Act during 2002.

REPORT OF THE AUDIT COMMITTEE

We have reviewed and discussed with management Oceaneering's: (1) audited restatement of the financial statements as of and for the nine-month period ended December 31, 2000 and the year ended December 31, 2001 and (2) audited financial statements as of and for the year ended December 31, 2002.

In addition, we have discussed with Ernst & Young LLP, Oceaneering's independent accountants, the matters required to be discussed by Statement of Auditing Standards No. 61, Communication with Audit Committees, as amended, issued by the Auditing Standards Board of the American Institute of Certified Public Accountants.

We have received and reviewed the written disclosures and the letter from Ernst & Young LLP required by the Independent Standards Board's Standard No. 1, Independence Discussions with Audit Committees, as amended, and we have discussed with that firm its independence from Oceaneering.

Based on the reviews and discussions referred to above, we recommended

(2) The following table sets forth, as of December 31, 2002, the total number and value (based on the closing market price of our Common Stock on December 31, 2002 of \$24.74 per share) of the long-term incentive restricted stock and stock unit holdings that have not vested under restricted stock and stock unit awards granted in the years ended December 31, 2002 and March 31, 2000 and earlier, as well as the scheduled vesting of these shares and units as of December 31 of the years indicated:

The shares of restricted stock granted in the year ended March 31, 2000 and earlier, are issued and outstanding and dividends, if any, are earned on the restricted shares. No shares are issued or outstanding and no dividends are paid with respect to the stock units granted in the year ended December 31, 2002, until a vesting of a restricted stock unit occurs, at which time we will issue a share of Common Stock for each stock unit that is vested. The value of such stock for which restrictions were lifted and the related tax-assistance payments in the years ended December 31, 2002 and 2001, the nine-month period ended December 31, 2000 and the year ended March 31, 2000 are included in the LTIP payout columns in the table. We did not make any restricted stock or stock unit awards in the year ended December 31, 2001 or the nine-month period ended December 31, 2000. For additional information relating to these long-term incentives, see Long-Term Incentive Plans - Awards in Last Fiscal Year and Board Compensation Committee Report on Executive Compensation - Long-Term Incentives Awards.

(3) Amounts represent the aggregate value of long-term incentive restricted stock for which restrictions were lifted and the related tax-assistance payments.

(4) Amounts represent accruals made for each executive under a nonqualified supplemental executive retirement plan, which are subject to vesting over a three-year period.

The following table provides information concerning each stock option exercised during the year ended December 31, 2002 by each of the named executive

- (2) The amounts shown as potentially realizable values are based on arbitrarily assumed rates of stock price appreciation of five percent and ten percent over the full term of the options, as required by applicable SEC regulations. (1) These awards are subject to earning requirements during the three-year performance period and subsequent vesting requirements. At the time of vesting of a Common Stock unit, the participant will be issued a share of Common Stock for each Common Stock unit vested. Up to one-third of the total grant may be earned each year, depending on Oceaneering's cumulative Common Stock performance from July 12, 2002 as compared with a specified peer group's cumulative common stock performance from that date, with any amount earned subject to vesting in four equal installments over four years commencing one year after earning, conditional upon continued employment. At the time of each vesting, the participant receives a tax-assistance payment. The tax-assistance payment is an amount sufficient to make the participant whole, after consideration of the participant's U.S. federal income tax liability or, if the participant is not subject to U.S. income tax, the participant's liability under the income tax of the laws of the country to which the participant is subject, subject to a limitation so that the tax assistance payment will not exceed the amount that would have been payable if the participant were subject solely to U.S. federal income tax. See Board Compensation Committee Report on Executive Compensation - Long-Term Incentive Awards.

EXECUTIVE EMPLOYMENT AGREEMENTS AND CHANGE OF CONTROL AGREEMENTS

In November 2001, Oceaneering entered into a Service Agreement (the

Edgar Filing: OCEANEERING INTERNATIONAL INC - Form DEF 14A

"Service Agreement") with Mr. Huff, which replaced his prior employment agreement. As did the prior employment agreement, the Service Agreement provides medical coverage on an after-tax basis to Mr. Huff, his spouse and children during his employment with Oceaneering and, under certain circumstances, thereafter for their lives. The Service Agreement provides for a specific employment period through August 15, 2006, followed by a specific service period ending no later than August 15, 2011, during which time Mr. Huff, acting as an independent contractor, will serve as nonexecutive Chairman of our Board of Directors if the Board requests that he serve in such capacity.

During the employment period under the Service Agreement, Mr. Huff's compensation consists of an annual base salary, contributions by Oceaneering into its supplemental executive retirement plan, an annual bonus and an aggregate long-term incentive opportunity no less than that existing at the commencement of the Service Agreement, as may be subsequently increased, and certain perquisites and administrative assistance. If his employment is terminated during his employment period by Oceaneering for cause or by him for other than good reason, as defined below, no salary or benefits not previously vested will be payable to him under the Service Agreement. If Mr. Huff's employment is terminated by Oceaneering for reasons other than cause, by Mr. Huff for good reason or by reason of Mr. Huff's death or disability:

- o Mr. Huff will be entitled to receive a termination package consisting of: (1) an amount equaling his highest rate of annual base salary during his employment with Oceaneering multiplied by the sum of ten and the number of years then remaining in the unexpired portion of his employment period; (2) an amount equal to the value of the maximum award he would have been eligible to receive under the then-current fiscal year bonus plan; and (3) an amount equal to the maximum percentage of his annual base salary contributed by Oceaneering for him in its supplemental executive retirement plan for the then-current year multiplied by his highest annual rate of base salary;

11

- o all of Mr. Huff's then outstanding stock options will immediately vest and become exercisable or he may elect to be paid an amount equal to the spread between the exercise price and the higher market value for the shares of Common Stock underlying those options;
- o Mr. Huff's benefits under all compensation plans, including restricted stock and stock unit agreements, will become payable to him as if all contingencies for payment and maximum level of performance have been met;
- o Mr. Huff will receive benefits under all other plans he participates in for three years; and
- o Mr. Huff will be entitled to receive certain perquisites and administrative assistance for ten years from the date of any such termination.

As defined in the Service Agreement, good reason for Mr. Huff to terminate includes: any adverse change in status, title, duties or responsibilities; any reduction in annual base salary, supplemental executive retirement plan contribution level by Oceaneering, annual bonus opportunity or aggregate long-term compensation, all as subsequently may be increased; any

Edgar Filing: OCEANEERING INTERNATIONAL INC - Form DEF 14A

relocation; the failure of a successor to assume the Service Agreement; any prohibition by Oceaneering against Mr. Huff's engaging in outside activities permitted by the Service Agreement; any purported termination by Oceaneering that does not comply with the terms of the Service Agreement; and default by Oceaneering in the performance of its obligations under the Service Agreement.

Following the completion of his employment period, Oceaneering may request that Mr. Huff serve as nonexecutive Chairman of the Board during the service period, and if he refuses to serve and Oceaneering is fulfilling its obligations under the Service Agreement, no salary or benefits not previously vested as of the time of his refusal will be payable to him under the Service Agreement. If Mr. Huff is not requested to serve as nonexecutive Chairman of the Board or his service as nonexecutive Chairman of the Board terminates for any reason other than his refusal to serve, including by reason of his death or disability, or the failure of Oceaneering to fulfill its obligations under the Service Agreement, he will be entitled to receive the termination package described above, except that an amount equal to the highest annual rate of base salary earned during the employment period would be paid to him over ten years (rather than in a lump sum); provided that, in the event of his subsequent death or a subsequent change of control, as defined below, the aggregate amount of all such payments would be accelerated and immediately payable. During Mr. Huff's service as nonexecutive Chairman of the Board, if any, his annual rate of compensation would be equal to 50% of his highest annual base salary during the employment period. Moreover, throughout the service period, Mr. Huff would continue to receive certain perquisites and administrative assistance, and he would continue to participate in plans he participated in as of August 15, 2006; however, he would not be eligible for subsequent grants or contributions made under any such plan after that date.

In November 2001, Oceaneering entered into Change of Control Agreements (each, a "Change of Control Agreement") with Mr. Huff and other executives, including each of the executive officers listed in the Summary Compensation Table, replacing each of their respective prior senior executive severance agreements and, in the case of Mr. Huff, also replacing his prior supplemental senior executive severance agreement. These Change of Control Agreements entitle the individual to receive a severance package, described below, in the event of the occurrence of both a change of control and a termination of his employment by Oceaneering without cause or by the executive for good reason (defined using substantially the same definition as in Mr. Huff's Service Agreement) during a specified period of time (or, with respect to Mr. Huff while nonexecutive Chairman of the Board, a termination of his service for any reason other than his refusal to serve as nonexecutive Chairman of the Board). For purposes of the Change of Control Agreements and the Service Agreement, a change of control is defined as occurring if:

- o any person is or becomes the "beneficial owner" (as defined in Rule 13d-3 under the Exchange Act), directly or indirectly, of securities of Oceaneering representing 20% or more of the combined voting power of Oceaneering's outstanding voting securities, other than through the purchase of voting securities directly from a private placement;
- o the current members of our Board, or subsequent members approved by at least two-thirds of the current members, no longer comprise a majority of our Board;
- o Oceaneering is merged or consolidated with another corporation or entity, and Oceaneering's shareholders own less than 60% of

Edgar Filing: OCEANEERING INTERNATIONAL INC - Form DEF 14A

the outstanding voting securities of the surviving or resulting corporation or entity;

- o a tender offer or exchange offer is made and consummated by a person other than Oceaneering for the ownership of 20% or more of Oceaneering's voting securities; or
- o there has been a disposition of all or substantially all of Oceaneering's assets.

The severance package provided for in each such executive's Change of Control Agreement consists of an amount equal to three times the sum of:

- o the executive's highest annual rate of base salary during the then-current year or any of the three years preceding termination;
- o an amount equal to the maximum award the executive is eligible to receive under the then-current fiscal year bonus plan; and
- o an amount equal to the maximum percentage of the executive's annual base salary contributed by Oceaneering for him in the supplemental executive retirement plan for the then-current year multiplied by the executive's highest annual rate of base salary.

A minimum aggregate amount payable for these items is stated in each such executive's agreement, which amount was calculated using the year ended December 31, 2001 amounts for each component. This calculated minimum amount for Mr. Huff is applicable for any termination occurring during his service as nonexecutive Chairman of the Board.

The severance package also provides that, for each individual:

- o all outstanding stock options immediately vest and become exercisable or the individual may elect to be paid an amount equal to the spread between the exercise price and the higher market value for the shares of Common Stock underlying those options;
- o the benefits under all compensation plans, including restricted stock agreements and restricted stock unit agreements, will be paid as if all contingencies for payment and maximum levels of performance have been met; and
- o the applicable individual will receive benefits under all other plans he then participates in for three years.

Any payment of the Change of Control severance package to Mr. Huff would not reduce any benefits or compensation due Mr. Huff under the Service Agreement; provided, however, that the above mentioned benefits regarding stock options, benefits under compensation plans and other benefits payable for three years are not provided under the Change of Control Agreement to Mr. Huff to the extent they are duplicative of benefits provided to him under his Service Agreement.

The Change of Control Agreements and Mr. Huff's Service Agreement provide that if any payments made thereunder would cause the recipient to be liable for an excise tax because the payment is a "parachute payment" (as defined in the Internal Revenue Code), then Oceaneering will pay the individual an additional amount to make the individual whole with respect to that tax liability.

LONG-TERM INCENTIVE PLANS AND RETIREMENT PLANS

Under our 2002 Incentive Plan and 2002 Non-Executive Incentive Plan, the Compensation Committee may grant options, stock appreciation rights, stock awards and cash awards to employees and other persons (excluding nonemployee directors and, with respect to the 2002 Non-Executive Incentive Plan, excluding executive officers) having an important business relationship with us.

We also maintain a 401(k) Plan and a Supplemental Executive Retirement Plan. All employees of Oceaneering and its United States subsidiaries who meet the eligibility requirements may participate in our 401(k) Plan. Certain key management employees and executives of Oceaneering and its subsidiaries, as approved by the Compensation Committee, are eligible to participate in our Supplemental Executive Retirement Plan.

Under our 401(k) Plan, and subject to limitations provided for in the plan, each participant directs us to defer between 1% and 80% of the participant's base pay and contribute the deferred compensation to the 401(k) Plan, with such contributions being invested in shares of Common Stock, mutual funds and guaranteed investments. A participant's deferred compensation contributed to the plan is fully vested. Our contributions to this plan become vested to the participant in percentage increments over a six-year period, commencing with the participant's date of employment, provided that the participant remains employed by us. We are currently contributing shares of Common Stock in an amount equal to 100% of the deferred compensation of each participant, up to the first 6% of the participant's base pay deferred. During the year ended December 31, 2002, none of the executive officers listed in the Summary Compensation Table made contributions to the 401(k) Plan.

As of each July 1, the Compensation Committee may establish an amount to be accrued subject to vesting under our Supplemental Executive Retirement Plan for the following 12-month period (each a "Plan Year") as it determines in its discretion, and the amounts accrued may be different for each participant. As of September 1, 2000, a participant may elect to defer all or a portion of base salary and annual bonus for accrual pursuant to the Supplemental Executive Retirement Plan, which amounts are vested. We do not maintain a separate fund for our Supplemental Executive Retirement Plan. Amounts accrued under our Supplemental Executive Retirement Plan are adjusted for earnings and losses as if they were invested in one or more investment vehicles selected by the participant from those designated as alternatives by the Compensation Committee. The account balances that are subject to vesting vest in one-third increments on the close of the first, second and third years of continuous employment, beginning with and including July 1 of the Plan Year with respect to which they are accrued. These account balances vest in any event upon the first to occur of ten years of continuous employment after becoming a participant, the date that the sum of the participants' attained ages and years of participation equals 65, termination of employment by reason of death or disability or within two years of a change of control, or termination of the plan. A participant's interest in the plan is generally distributable upon termination of employment.

BOARD COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

Oceaneering's executive compensation program is administered by the Compensation Committee of the Board of Directors (the "Committee"). Each member of the

Edgar Filing: OCEANEERING INTERNATIONAL INC - Form DEF 14A

Committee is a nonemployee director. The Committee is dedicated to the establishment of a strong, positive link between the development and attainment of strategic goals that enhance shareholder value and the compensation and benefit programs needed to achieve those goals.

OVERALL EXECUTIVE COMPENSATION POLICY

Oceaneering's policy is designed to facilitate its mission of increasing the net wealth of its shareholders by:

- o attracting, rewarding and retaining highly qualified and productive individuals;
- o setting compensation levels that are externally competitive and internally equitable;
- o interrelating annual executive compensation with the results of individual performance, the individual's profit center performance and overall Oceaneering performance; and
- o motivating executives and key employees toward achieving long-term strategic results by aligning employee and shareholder interests through the increased value of Oceaneering's Common Stock.

There are three major components of Oceaneering's executive compensation program: Base Salary, Annual Incentives and Long-Term Incentive Awards. The Committee considers all elements of compensation when determining individual components.

BASE SALARY

The Committee believes a competitive salary is essential to support management development and career orientation of executives. The Committee reviews annually the salary of executive officers. In determining appropriate salary levels, the Committee considers level and scope of responsibility and accountability, experience, individual performance contributions, internal equity and market comparisons. The Committee does not assign specific weightings to these criteria. However, the Committee manages base salaries for the executive group in a manner that emphasizes incentive compensation.

ANNUAL INCENTIVES

The Committee administers an annual cash incentive bonus award plan to reward executive officers and other key employees of Oceaneering based on individual performance and the achievement of specific financial and operational goals determined for the year. The award interrelates individual performance, an individual's profit center performance and Oceaneering's overall performance. For 2002, the maximum annual bonus award established for executive officers was within a range of 40% to 125% of base salary.

LONG-TERM INCENTIVE AWARDS

Long-term incentive awards under Oceaneering's Long-Term Incentive Plans are designed to create a mutuality of interest between executive officers (and other key employees) and shareholders through stock ownership and other incentive awards.

To achieve these objectives, the Committee granted restricted Common Stock units to executive officers and other key employees of Oceaneering in 2002. Those awards are subject to earning requirements during the three-year performance period and subsequent vesting requirements. At the time of vesting

Edgar Filing: OCEANEERING INTERNATIONAL INC - Form DEF 14A

of a restricted Common Stock unit, the participant will be issued a share of Common Stock for each Common Stock unit vested. Up to one-third of the total grant may be earned each year, depending on Oceaneering's cumulative Common Stock performance from July 12, 2002 as compared with a specified peer group's cumulative common stock performance from that date, with any amount earned subject to vesting in four equal installments over four years commencing one year after earning, conditional upon continued employment. If the performance of Oceaneering's Common Stock is less than 50% of the average of the performance of the common stock of the peer group, no shares of

15

restricted stock are earned. If the performance of Oceaneering's Common Stock is 50% to 87.5% or greater than the average of the performance of the peer group, the amount of restricted stock earned will range from 16% to 100% of the maximum achievable for that period. At the time of each vesting, the participant receives a tax-assistance payment. At the end of 2002, none of the restricted Common Stock units granted in 2002 were earned or vested.

The Committee awards stock options to a broad group of executives and key employees. Stock option grants were made in 2002 to all the executive officers listed in the Summary Compensation Table.

COMPENSATION OF CHIEF EXECUTIVE OFFICER

John R. Huff has been Chief Executive Officer of Oceaneering since August 1986 and Chairman of the Board since 1990. His compensation package has been designed to encourage the enhancement of shareholder value. Mr. Huff's compensation for 2002 included the same components and methodology of salary and variable compensation as apply to other executive officers, with regard to his high level of accountability. A substantial portion of his compensation is at risk in the form of performance bonuses and stock awards. For 2002, Mr. Huff's base annual salary was increased by \$30,000 to \$530,000, he received an annual bonus of \$650,000, he was granted a Common Stock performance-based award of 120,000 restricted Common Stock units and he was granted stock options for 50,000 shares of Oceaneering Common Stock. Mr. Huff's compensation reflects the Committee's assessment of Oceaneering's second consecutive year of record earnings in 2002, its financial performance compared to other oilfield service companies during the relevant periods, Mr. Huff's leadership and significant personal contribution to Oceaneering's business, and compensation data of competitive companies.

COMPLIANCE WITH INTERNAL REVENUE CODE SECTION 162(m)

Section 162(m) of the Internal Revenue Code generally disallows a deduction to public companies to the extent of excess annual compensation over \$1 million paid to certain executive officers, except for qualified performance-based compensation. Oceaneering had no nondeductible compensation expense for 2002. The Committee plans to review this matter as appropriate and take action as may be necessary to preserve the deductibility of compensation payments to the extent reasonably practical and consistent with Oceaneering's compensation objectives.

PERFORMANCE GRAPH

The following graph compares our total shareholder return to the Standard & Poor's 500 Stock Index ("S&P 500"), the weighted average return generated by our present peer group (the "New Peer Group") and the peer group reported in our proxy statement for our 2002 Annual Meeting of Shareholders (the "Old Peer Group") from March 31, 1998 through December 31, 2002. We have elected to modify our peer group to include Cal Dive International, Inc. and delete Nabors Industries, Inc. Cal Dive International, Inc.'s business is more closely aligned with our offshore service business than the land drilling activities of Nabors Industries, Inc. The peer group companies at December 31, 2002 for this performance graph are Global Industries, Ltd., Halliburton Company, McDermott International, Inc., Cal Dive International, Inc., Offshore Logistics, Inc., Stolt Offshore S.A. and Tidewater, Inc. J. Ray McDermott, S.A. was included in the peer group until March 31, 1999, after which McDermott International, Inc. acquired all of its publicly held shares.

It is assumed in the graphs that: (1) \$100 was invested in Oceaneering's Common Stock, the S&P 500 and the New and Old Peer Groups on March 31, 1998, except that, with respect to these peer groups, the investment was made in J. Ray McDermott, S.A., until March 31, 1999; (2) the peer group investment is weighted based on the market capitalization of each individual company within the peer group at the beginning of each period; and (3) any dividends are reinvested. We have not declared any dividends during the period covered by the graph. The shareholder return shown is not necessarily indicative of future performance.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Except as set forth in this Proxy Statement, no director or executive officer of Oceaneering or nominee for election as a director of Oceaneering, or holder of more than 5% of the outstanding shares of Common Stock, and no member of the immediate family of any such director, nominee, officer or security holder, to our knowledge, had any material interest in any transaction during our year ended December 31, 2002, or in any currently proposed transaction, to which Oceaneering or any subsidiary of Oceaneering was or is a party in which the amount involved exceeds \$60,000.

No director or executive officer of Oceaneering who served in such

capacity since January 1, 2002 or any associate of any such director or officer, to the knowledge of the executive officers of Oceaneering, has any material interest in any matter proposed to be acted on at the 2003 Annual Meeting of Shareholders, other than as described in this Proxy Statement.

RATIFICATION OF APPOINTMENT OF AUDITORS PROPOSAL 2

On June 18, 2002, we dismissed Arthur Andersen LLP as our independent auditors and our Board appointed Ernst & Young LLP to serve as our independent auditors for 2002. That appointment was made at the recommendation of the Audit Committee of the Board of Directors.

Subject to ratification by the shareholders, the Audit Committee of the Board of Directors has appointed Ernst & Young LLP, independent certified public accountants, as independent auditors of Oceaneering for the year ending December 31, 2003. Representatives of Ernst & Young LLP will be present at the meeting, will be given the opportunity to make a statement if they so desire and will be available to respond to appropriate questions of any shareholders.

During the year ended December 31, 2001 and the nine-month period ended December 31, 2000, and the subsequent period from January 1, 2002 through June 18, 2002, there were no disagreements between Arthur Andersen LLP and us on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of Arthur Andersen LLP, would have caused Arthur Andersen LLP to make a reference to the subject matter of the disagreements in connection with its reports on our consolidated financial statements for those periods; and, during those periods, we did not experience any "reportable events" of the kinds listed in Item 304(a)(1)(v) of Regulation S-K.

The audit reports of Arthur Andersen LLP on our consolidated financial statements as of and for the years ended December 31, 2001 and as of and for the nine-month period ended December 31, 2000 did not contain any adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty or audit scope. In addition, there were no modifications as to accounting principles except:

- o the change in the method of accounting for derivative instruments effective January 1, 2001; and
- o the change in accounting for goodwill associated with business acquisitions made after June 30, 2001;

both of which were changes that new pronouncements of the Financial Accounting Standards Board required.

During the year ended December 31, 2001 and the nine-month period ended December 31, 2000, and from January 1, 2002 through June 18, 2002, we did not consult with Ernst & Young LLP regarding the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on our consolidated financial statements, or any other matters or events described in Item 304(a)(2)(i) and (ii) of Regulation S-K.

In accordance with our bylaws, the approval of the proposal to ratify the appointment of Ernst & Young LLP as independent auditors of Oceaneering for the year ending December 31, 2003 requires the affirmative vote of a majority of the shares of Common Stock voted on this proposal at the meeting. Accordingly, abstentions and broker "non-votes" marked on proxy cards will not be included in the tabulation of votes cast on this proposal.
