Item 1.01. Entry into a Material Definitive Agreement.

Item 2.03. Creation of a Direct Financial Obligation or an Obligation under and Off- Balance Sheet Arrangement of a Registrant.

On October 29, 2004, NRP (Operating) LLC entered into a 5-year, \$175 million revolving credit facility with Citigroup Global Markets, Inc. and Wachovia Capital Markets, LLC as joint lead arrangers. The new credit facility replaces NRP Operating's previous 3-year facility, which would have expired in October 2005. In addition to substantially improved pricing terms, the new facility permits NRP Operating to increase the size of the facility up to \$300 million without obtaining lender consents. As a result of entering into the new credit facility, Natural Resource Partners will expense \$1.1 million of unamortized loan financing costs related to NRP Operating's early extinguishment of its previous credit facility.

Our obligations under the new credit facility are unsecured but are guaranteed by our operating subsidiaries. We may prepay all loans at any time without penalty. We must reduce all borrowings under the distribution loan subfacility to zero for a period of at least 15 consecutive days once during each twelve-month period.

Indebtedness under the revolving credit facility bears interest, at our option, at either:

the higher of the federal funds rate plus an applicable margin ranging from 0.25% to 1.00% or the prime rate as announced by the agent bank; or

at a rate equal to LIBOR plus an applicable margin ranging from 1.25% to 2.00%.

We incur a commitment fee on the unused portion of the revolving credit facility at a rate ranging from 0.30% to 0.40% per annum.

The credit facility prohibits us from making distributions to unitholders and distributions in excess of available cash if any potential default or event of default, as defined in the credit agreement, occurs or would result from the distribution. In addition, the credit facility contains various covenants limiting our operating company's and its subsidiaries' ability to:

incur indebtedness;

prepay our senior notes or amend or modify the terms thereof;

grant liens;

engage in mergers and acquisitions;

amend our organizational documents or omnibus agreement;

make loans and investments;

sell assets; or

enter into transactions with affiliates.

The credit agreement also contains covenants requiring us to maintain:

a ratio of consolidated indebtedness to consolidated EBITDDA (as defined in the credit agreement) of 3.75 to 1.0 for the four most recent quarters; provided however, if during one of those quarters we have made an acquisition, then the ratio shall not exceed 4.0 to 1.0 for the quarter in which the acquisition occurred and (1) if the acquisition is in the first half of the quarter, the next two quarters or (2) if the acquisition is in the second half of the quarter, the next three quarters; and

a ratio of consolidated EBITDDA to consolidated fixed charges (consisting of consolidated interest expense and consolidated lease operating expense) of 4.0 to 1.0 for the four most recent quarters.

Some of the lenders and their affiliates have performed investment banking, financial advisory and other commercial services for us in the ordinary course of business from time to time for which they have received customary fees and expenses.
