Section 1 Registrant's Business and Operations

Item 1.01. Entry into a Material Definitive Agreement

The information in Item 2.03 below is incorporated herein by reference.

Section 2 Financial Information

Item 2.03. Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant

On September 25, 2008, Callon Petroleum Company entered into a \$250 million second amended and restated senior secured credit facility (the *Amended Credit Facility*) by and among the Company, the Lenders described therein, Regions Bank as Syndication Agent, Capital One, N.A. as Documentation Agent and Union Bank of California, N.A., as Administrative Agent for such lenders. The Amended Credit Facility provides for an initial borrowing base of \$70 million, which will be reviewed and re-determined on a semi-annual basis. Currently there are no borrowings outstanding under the Amended Credit Facility; however an outstanding \$15 million letter of credit reduces availability. The maturity date of the credit facility prior to the amendment was July 31, 2010. It has been extended to September 25, 2012, provided that if by June 10, 2010 the Company's existing senior notes due 2010 have not been renewed or refinanced to a maturity date after September 25, 2012 the final maturity date of the Amended Credit Facility will be June 15, 2010.

The Company may borrow, repay and reborrow amounts up to the borrowing base from time to time. Voluntary prepayments by the Company are permitted under the Amended Credit Facility upon proper notice. Borrowings under the Amended Credit Facility bear interest at (i) at the greater of the prime rate or an adjusted federal funds rate, plus an applicable margin ranging from 0% to 0.750% based on the borrowing base utilization, or, at the Company's option, (ii) a LIBOR rate plus an applicable margin ranging from 1.625% to 2.750% based on the borrowing base utilization. In addition, the Company must pay to the Lenders a commitment fee ranging from 0.25% to 0.375% per annum on the unused portion of the amount available under the Amended Credit Facility.

The Amended Credit Facility contains covenants that will limit to an extent the ability of the Company to, among other things, incur or guarantee levels of additional indebtedness; create certain liens; pay dividends on or repurchase stock of the Company or its subsidiaries; or sell assets or merge with another entity. There are also customary financial covenants under the Amended Credit Facility, including a maximum leverage ratio and a minimum current ratio. The Amended Credit Facility includes events of default, which are also customary for facilities of this type including provisions under which, upon the occurrence of an event of default, all outstanding loans under the Agreement may be accelerated.

The foregoing description of the Amended Credit Facility is qualified in its entirety by reference to the Amended Credit Facility, a copy of which is filed as Exhibit 10.1 to this Current Report on Form 8-K and is incorporated herein by reference.
