### INDEPENDENT AUDITORS' REPORT

The Employee Benefits Committee  
ChemFirst Inc.:

We have audited the financial statements of ChemFirst Inc. 401(k) Savings and Employee Stock Ownership Plan (the Plan) as listed in the accompanying index. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of ChemFirst Inc. 401(k) Savings and Employee Stock Ownership Plan as of December 31, 2000 and 1999, and the changes in net assets available for benefits for the years ended

Edgar Filing: CHEMFIRST INC - Form 11-K

December 31, 2000 and 1999, in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets held for investment purposes at end of year as of December 31, 2000 is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the December 31, 2000 basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the December 31, 2000 basic financial statements taken as a whole.

CHEMFIRST INC.  
401(K) SAVINGS AND EMPLOYEE STOCK OWNERSHIP PLAN

Notes to Financial Statements

December 31, 2000 and 1999

(1) DESCRIPTION OF PLAN

The following description of ChemFirst Inc. 401(k) Savings and Employee Stock Ownership Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for more complete information.

(a) CHANGE IN ORGANIZATION OF PLAN'S SPONSOR

In December 1996, First Mississippi Corporation contributed all of its assets and subsidiaries, other than those relating to its fertilizer business, to ChemFirst Inc. (the Company or ChemFirst), which at the time was a wholly-owned subsidiary of First Mississippi Corporation. First Mississippi Corporation then spun off ChemFirst Inc. in a tax-free distribution of ChemFirst's common stock to First Mississippi Corporation's shareholders. This distribution occurred immediately before and in connection with the merger of First Mississippi Corporation with a wholly-owned subsidiary of Mississippi Chemical Corporation (MCC) on December 24, 1996. The merger consideration consisted of 0.3340026 shares of MCC stock in exchange for each share of First Mississippi Corporation stock. Cash was paid in settlement of fractional shares. In addition, First Mississippi Corporation debt was refinanced and increased to approximately \$150,000,000 and then assumed by MCC. After the refinancing and payment of certain expenses, cash of approximately \$50,000,000 was transferred to ChemFirst. These transactions were accounted for as a disposal of the fertilizer business of First Mississippi Corporation and a name change to ChemFirst Inc. The name of the Plan was also changed and the Plan's fiscal year was changed from June 30 to December 31.

## Edgar Filing: CHEMFIRST INC - Form 11-K

Effective December 31, 1999, the Company sold its wholly owned subsidiaries, Callidus Technology, Inc. and Plasma Energy Corporation. In connection with the spin-offs, some of the participant accounts of employees were transferred from the Plan.

Effective February 15, 2000, the Company sold its wholly owned subsidiary, FirstMiss Steel, Inc. The former employees of FirstMiss Steel, Inc. have the option to transfer their account balances into other qualified plans.

(b) GENERAL

The ChemFirst Inc. 401(k) Savings Plan became effective July 1, 1974. The ChemFirst Inc. Employee Stock Ownership Plan became effective January 1, 1978. The two plans were merged and restated as the ChemFirst Inc. 401(k) Savings and Employee Stock Ownership Plan effective January 1, 1997. The 401(k) Savings Plan is the surviving plan.

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan currently covers substantially all employees of the Company and its subsidiaries.

(c) PARTICIPATION

An employee becomes a participant in the Plan on the first day of employment. The Plan is available to all regular employees, defined as employees (whether full-time or part-time) hired to fill a specific position on a permanent basis and for whom the employer annually budgets compensation and benefits.

(d) CONTRIBUTIONS

The 401(k) provisions of the Plan allow deferral of tax by the participants on their contributions and earnings thereon. Plan participants may elect to contribute from 1% to 15% of monthly base pay to the Plan, subject to regulatory limitations. The Company matches these 401(k) contributions up to 4% of monthly base pay.

Additionally, the Company may elect to make a contribution to the Plan under the employee stock ownership provisions of the

## Edgar Filing: CHEMFIRST INC - Form 11-K

Plan. The contribution, if any, will be an amount determined and authorized by the Board of Directors of the Company and will be allocated by the ratio of each eligible participant's compensation to the total compensation of all eligible participants.

(e) LOANS

The Plan provides for participant loans. A participant can borrow up to 50% of the participant's vested 401(k) account balance, not to exceed \$50,000 less the participant's highest outstanding loan balance during the previous twelve months. The minimum loan amount is \$1,000 per loan, and three loans per participant may be outstanding at any time. The interest rate charged on loan balances is equal to the prime rate plus 1%, and the interest charged is credited to the borrowing participant's account. Maturities cannot exceed five years, except for loans made to purchase a primary residence, in which case the maturity cannot exceed 10 years. Effective October 1, 2000, the participant must pay a \$35 set-up fee and a \$3.75 quarterly administrative fee for each loan. Prior to October 1, 2000, the participant paid a \$50 set-up fee and a \$2.50 monthly administrative fee for each loan.

(f) PARTICIPANT ACCOUNTS

Individual accounts are maintained for each participant to reflect the participants' contributions, related matching contribution, and allocated earnings or losses thereon. The fund investment options selected by participants allocate income or loss based on participant shares held in a particular fund investment option. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Notes to Financial Statements

December 31, 2000 and 1999

(g) VESTING

Participants' 401(k) contributions and allocated earnings or losses thereon are fully vested at all times and are not subject to forfeiture for any reason. Employers' 401(k) contributions and allocated earnings or losses thereon fully vest after a participant completes three years of service or upon a participant's retirement, disability or death, whichever occurs first.

(h) FORFEITURES

## Edgar Filing: CHEMFIRST INC - Form 11-K

A participant's forfeiture of their employers' 401(k) contributions may be used to pay plan expenses and/or to reduce employers' 401(k) contributions in the year in which the forfeitures are determined to occur.

A participant's forfeiture of their ESOP account balances is used to reduce the Company's ESOP contributions in the year in which the forfeitures are determined to occur.

(i) BENEFITS

Benefits are generally payable on termination, retirement, death, or disability. Benefits may be paid by either (a) lump-sum payment, (b) deferred payment, or (c) installment payments, as requested by the participant. The benefit payment options available to participants depend on the reason for the separation from service.

(j) ADMINISTRATIVE EXPENSES

Administrative expenses, with the exception of advisory fees, are generally paid by the Company, but may be paid by the Plan. Advisory fees are for the management of the mutual funds in which plan assets are invested and are paid by the Plan.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) BASIS OF PRESENTATION

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

(b) DIVIDENDS

Dividend income is recorded as of the dividend record date.

(c) INVESTMENTS

Investments in cash and participant loans are stated at cost, which approximates fair value. Investments in ChemFirst Inc., Placer Dome Inc. and Mississippi Chemical Corporation common

stocks and mutual funds are stated at quoted market value. Investment transactions are accounted for on the trade date basis.

The Plan does not require any collateral or other security from the trustee to support the investments.

(d) USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(e) INCOME TAXES

In a determination letter dated June 23, 2000, the Internal Revenue Service held that the Plan is exempt from income taxes in accordance with applicable provisions of the Internal Revenue Code. It also held that participant income taxes on contributions and earnings are deferred until such amounts are received by the participant or a beneficiary. In the opinion of the Plan Administrator, this Plan has operated within the terms of the Plan and is qualified and exempt under the applicable requirements of the Internal Revenue Code.

(f) SALES OF INVESTMENTS

Effective October 1, 2000, the cost of all investments sold is determined based on the individual cost of each issue. Prior to October 1, 2000, the cost of stock and mutual fund shares sold was determined based on the average cost of the shares while the cost of other investments was determined based on the individual cost of each issue.

(g) PAYMENT OF BENEFITS

Benefits are recorded when paid.

(3) VOTING RIGHTS

Edgar Filing: CHEMFIRST INC - Form 11-K

All common stock allocated to participants' accounts carries with it full voting privileges and any other rights that the stock might have. Fidelity Trust Company (the Trustee) votes such stock in accordance with the written instructions of the participants. Unallocated stock is voted by the Trustee as instructed by the Employee Benefits Committee.

(4) ACQUISITION LOANS

The Trustee may incur acquisition loans from time to time to finance the acquisition of ChemFirst Inc. common stock (ESOP financed shares) or to repay a prior acquisition loan. Acquisition loans are to be for a specific term, bear a reasonable rate of interest and are not payable on demand except in the event of default. An acquisition loan may be secured only by a pledge of the shares acquired.

Financed shares are allocated to the participants only as payments are made on the acquisition loan.

As of December 31, 2000 and 1999, no acquisition loans had been incurred by the Plan.

(5) UNREALIZED APPRECIATION (DEPRECIATION) OF INVESTMENTS

During the years ended December 31, 2000 and 1999, unrealized appreciation (depreciation) of the Plan's investments was as follows:

	2000	1999
	-----	-----
Mutual funds	\$ (6,036,836)	1,671,748
ChemFirst Inc. common stock	(50,152)	289,254

(7) PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. However, no such action may deprive any participant or beneficiary under the Plan of any vested right.

(8) SUBSEQUENT EVENT

Edgar Filing: CHEMFIRST INC - Form 11-K

In June 2001, the Company announced an agreement to sell its custom and fine chemical business. A determination has not yet been made on the ultimate effect this sale will have on Plan assets.
