The cost of soliciting proxies is being paid by CALLOWAY'S NURSERY, INC. In addition to the mails, the Company's officers, directors and other regular employees, without additional compensation, may solicit proxies personally or by other appropriate means.

A proxy may be revoked by a Shareholder at any time prior to the actual exercise of it by written notice to the Secretary of the Company, by submission of another proxy bearing a later date or by attending the Meeting and voting in person.

Discretionary authority is provided in the proxy as to any matters not specifically referred to in it. The management is not aware of any other matters which are likely to be brought before the Meeting, however, if any such matters properly come before the Meeting, it is understood that the proxy holder or holders are fully authorized to vote thereon in accordance with the proxy holder's or holders' judgment and discretion.

Approval of the Company's 2002 Stock Option Plan and ratification of the appointment of KPMG LLP each will be approved if an affirmative vote is cast for them by a majority of the shares of the Company present and voting in person or voting by proxy at the Meeting on each such matter.

REPORT OF COMPENSATION COMMITTEE

The Compensation Committee (the "Compensation Committee") is made up of Dr. Block, Mr. Feehan and Mr. McKibben, the three Company Directors who are independent of management.

SCOPE OF AUTHORITY

The Compensation Committee is responsible for determining and administering the compensation to be paid to the "executive officers" of the Company, as that term is defined in the rules and regulations under the Securities Exchange Act of 1934. The Compensation Committee has been directed to establish annually an incentive plan as part of the compensation of the executive officers. Additionally, the Compensation Committee is charged with responsibility for the formation and administration of any plan involving the capital stock of the Company regardless of the level of employees for whose benefit the plan is or was created.

OBJECTIVES

All policies, plans and actions of the Compensation Committee are formulated or taken with the goal of maximizing shareholder value by aligning the financial interests of the executive officers with those of the Company's shareholders. This is done through a combination of salary, short-term incentive compensation and long-term incentive compensation such as the granting of options to acquire additional equity in the Company.

COMPENSATION OF EXECUTIVE OFFICERS FOR FISCAL 2002

The salaries of each of Messrs. Estill, Cosby and Peters were established under five year employment agreements which expire on July 2, 2006. Those employment agreements were approved by the Compensation Committee in fiscal 2001.

The salary of Mr. Cornelius was established under the Cornelius Employment Agreement. That employment agreement was approved by the Compensation Committee in fiscal 1999, prior to its becoming effective with the Cornelius Acquisition. It expired on September 22, 2002.

The salaries called for by those agreements, as well as the salaries for Messrs. Reynolds, Wechsler and Weger, were determined through an evaluation of the responsibilities of the position held, the experience of the particular executive, and the performance of that individual.

In accordance with the Compensation Committee's policy of providing a form of short-term incentive compensation tied to current year performance, the Compensation Committee approved bonus plans for the fiscal year ended September 30, 2002. The plans provided cash incentives for the Company's executive

Edgar Filing: CALLOWAYS NURSERY INC - Form DEF 14A

officers tied to increases in operating profits over the prior year.

12

The executive officers of the Company are provided incentives to maximize growth and increase productivity over the long-term through their substantial share ownership and through their stock options. The Compensation Committee reviews its stock option policy and the status of the Company's stock option program annually. During fiscal 2002 the Compensation Committee granted the following options to acquire at the market price at the date of the grant to Named Executives: Mr. Estill, 130,000 shares, Mr. Cornelius, 36,000 shares, Mr. Cosby, 105,000 shares, Mr. Peters, 70,000 shares, Mr. Reynolds, 50,000 shares and Mr. Weger, 50,000 shares.

The Compensation Committee is of the opinion that the compensation packages being provided to its chief executive officer and the four other Named Executives reflect its goal of offering compensation that is fair to these officers and the Company's shareholders alike by providing adequate base salaries together with substantial opportunity for personal financial growth which will parallel management's ability to increase shareholder value. Compensation plans are established to provide additional compensation for superior performance in terms of net profits earned for the benefit of all shareholders. It is intended that the total economic advantages and opportunities provided to the executive officers will be at least equivalent to that provided by comparable corporations.

PERFORMANCE GRAPH

In the Proxy Statement for the 2002 Annual Meeting of Shareholders (the "2002 Proxy", the Company started comparing the yearly changes in total shareholders' return on its common stock with total return on (i) the NASDAQ Stock Market (U.S.) Index (the "NASDAQ Index") and (ii) the Russell 2000 Index. Prior to the 2002 Proxy, the comparison was to the cumulative total return of (i) the S&P 500 Index and (ii) the Russell 2000 Index. The change was made because the NASDAQ Index contains a broader group of stocks than does the S&P 500 Index, which contains only large-capitalization stocks. For the 2002 Proxy both the cumulative total return on (i) the NASDAQ Index and (ii) the S&P 500 Index were shown, along with the cumulative total return on the Russell 2000 Index.

The following graph compares the yearly change during the Company's last five fiscal years in total shareholders' return on the Company's Common Stock, with the cumulative total return on (i) the NASDAQ Stock Market (U.S.) Index and (ii) the Russell 2000 Index. The comparison assumes \$100.00 was invested at the beginning of the period in the Company's Common Stock and in each of the foregoing indices and assumes reinvestment of dividends.

PROPOSAL FOR APPROVAL OF THE CALLOWAY'S NURSERY, INC. 2002 STOCK OPTION PLAN (Proposal No. 2)

On November 14, 2002, the Board of Directors unanimously adopted the Calloway's Nursery, Inc. 2002 Stock Option Plan (the "2002 Plan"). The 2002 Plan is subject to approval by the shareholders and will be voted on at the Meeting. The purpose of the 2002 Plan is to promote the growth and general prosperity of the Company by facilitating its ability to attract and retain superior personnel for positions of substantial responsibility and to provide full-time employees with an additional incentive to contribute to the success of the Company. The 2002

Edgar Filing: CALLOWAYS NURSERY INC - Form DEF 14A

Plan does not become effective until its adoption by the Shareholders of the Company; therefore, no options have been granted under the 2002 Plan. The following summary of the 2002 Plan is qualified in its entirety by reference to the full text of that Plan which is attached as Exhibit A.

In recommending approval of the 2002 Stock Option Plan (the "2002 Plan"), the Board of Directors considered the potentially dilutive effect of compensatory stock awards and weighed this factor against the significant motivational benefits that result from such awards. As of January 6, 2003, the awards outstanding under all stock options plans cover 1,752,600 shares, options to acquire 741,800 shares remain available for grant under all stock option plans, and the 2002 Plan would make options to acquire an additional 330,000 shares available for grant to employees. These shares constitute 26.48%, 11.21% and 4.99%, respectively, of the shares of Common Stock issued and outstanding on January 6, 2003. As of that date, 45.4% of the options previously granted (counting only once options that have been repriced) were issued to individuals other than executives of the Company.

SUMMARY DESCRIPTION OF THE 2002 PLAN

The 2002 Plan provides incentive stock options and nonstatutory stock options exercisable for shares of Common Stock that may be granted to employees of the Company. Non-employee directors of the Company will not be eligible for option grants under the 2002 Plan.

The Company will reserve 330,000 shares of Common Stock for issuance under the 2002 Plan. Shares issuable upon the exercise of options granted under the 2002 Stock Option Plan may be either authorized and unissued shares of Common Stock or issued shares of Common Stock reacquired by the Company and held in treasury. The 2002 Plan will be administered by the Compensation Committee of the Board of Directors.

18

The term of any incentive or nonstatutory stock option granted under the Plan may not exceed 10 years. The option exercise price cannot be less than 100% of the fair market value of the Common Stock on the date of grant. "Fair market value" is, as of the date of grant, a value determined by the Compensation Committee on the basis of the last reported sales price for the Common Stock on the date for which such determination is relevant. The aggregate fair market value of the Common Stock (determined at the date of grant) with respect to which incentive stock options granted under the 2002 Plan, and all other plans of the Company, are first exercisable by an Optionee in any one calendar year may not exceed \$100,000. Payment for Common Stock issuable upon exercise of an option may be made in the form of cash, Common Stock at fair market value at the date of payment (if permitted by the Compensation Committee), by note to the extent permissible under the corporate law of the state of Texas, or any combination of these forms of payment.

The option will be exercisable as determined by the Compensation Committee. If a person to whom options have been granted (an "Optionee") ceases to be employed by the Company for any reason other than termination for cause, retirement, death or disability, his option generally may be exercised (to the extent exercisable on the date of termination of employment) at any time within three months after the date of termination of employment. If an Optionee's employment with the Company is terminated for cause, the option automatically expires. If an Optionee becomes disabled while employed by the Company, any options held become fully exercisable and expire twelve months after the date of termination of employment. If an Optionee dies while employed by the Company or within three

Edgar Filing: CALLOWAYS NURSERY INC - Form DEF 14A

months after ceasing to be an employee, the option expires twelve months after the date of death, unless by its terms it expires sooner.

Incentive stock options may not be transferred by the Optionee in any manner otherwise than at death or pursuant to a qualified domestic relations order. Nonstatutory stock options are similarly restricted but, the Compensation Committee, in its discretion, may allow for transferability by the Optionee to immediate family members.

In the event of an agreement to dispose of all or substantially all of the assets of the Company by means of a sale, merger or other reorganization or liquidation or otherwise in a transaction in which the Company is not the surviving corporation or in the event of a change or threatened change in control of the Company, all outstanding options become immediately exercisable.

The Compensation Committee may amend the terms of the plan, provided that no amendment shall increase the aggregate number of shares subject to the plan, change the minimum purchase price for shares, increase the maximum permitted option term or permit the granting of an option to anyone other than an employee of the Company. No options may be granted under the 2002 Plan after the tenth anniversary of shareholder approval, but options that are outstanding on such date shall continue to be exercisable under their terms.

19

FEDERAL INCOME TAX CONSEQUENCES TO THE COMPANY AND THE OPTIONEES

INCENTIVE STOCK OPTIONS. Some of the options granted under the 2002 Plan may constitute "Incentive Stock Options" ("ISOs") within the meaning of Section 422 of the Internal Revenue Code of 1986, as amended (the "Code"). Under present Federal income tax regulations, there will be no Federal income tax consequences to either the Company or to the grantee of the Options (the "Optionee") upon the grant of an ISO, nor will an Optionee's exercise of an ISO result in Federal income tax consequences to the Company. Although an Optionee will not realize ordinary income upon exercise of an ISO, the excess of the fair market value of the Common Stock acquired at the time of exercise over the option price may constitute an adjustment in computing alternative minimum taxable income under Section 56 of the Code and, thus, may result in the imposition on the Optionee of the "alternative minimum tax" pursuant to Section 55 of the Code. If an Optionee does not dispose of Common Stock acquired through an ISO within one year of the ISO's date of exercise or within two years of the ISO's date of grant, any gain realized upon a subsequent disposition of Common Stock will constitute long-term capital gain to the Optionee, and the Company will not be entitled to any Federal tax deduction. If an Optionee disposes of the Common Stock within such periods, an amount equal to the lesser of (i) the excess of the fair market value of the Common Stock on the date of exercise over the option price or (ii) the actual gain realized upon such disposition will constitute ordinary income to the Optionee in the year of the disposition. Any additional gain upon such disposition will be taxed as short-term capital gain. The company will receive a deduction in an amount equal to the amount constituting ordinary income to the Optionee.

NONSTATUTORY STOCK OPTIONS. Stock options granted under the 2002 Plan, which do not constitute ISOs, will be nonstatutory stock options ("Nonstatutory Stock Options"). Under present Federal income tax regulations, there will be no Federal income tax consequences to either the Company or the Optionee upon the grant of a Nonstatutory Stock Option exercisable at the fair market value on the date of the grant. However, the Optionee will realize ordinary income upon the

Edgar Filing: CALLOWAYS NURSERY INC - Form DEF 14A

exercise of a nonstatutory option in an amount equal to the excess of the fair market value of the Common Stock acquired upon the exercise of such option over the option price, and the Company will receive a corresponding deduction. The gain, if any, realized upon a subsequent disposition of such Common Stock will constitute short-term or long-term capital gain to the Optionee, depending on the Optionee's holding period.

For purposes of determining holding period, the Optionee's holding period begins the day after the exercise of an option to acquire Common Stock, not on the date of the granting of an option. In general, the long-term capital gains rate (i.e., for assets held longer than 12 months) is 20% (10% for individuals in the 10% or 15% tax bracket). A lower long-term capital gains rate of 18% (8% for individuals in the 10% or 15% bracket) may be applicable under certain circumstances if the asset has been held more than 5 years. For individuals in tax brackets higher than 15%, however, the 5-year holding period is generally restricted to assets acquired after December 31, 2000, absent such taxpayer making special elections which will allow assets acquired prior to December 31, 2000 to be treated as being acquired on January 1, 2001.

20

The Federal income tax consequences described in this section are based on laws and regulations in effect on December 31, 2002, and there are no assurances that the laws and regulations will not change in the future and affect the tax consequences of the matters discussed in this section.

CALLOWAY'S NURSERY, INC.
2002 STOCK OPTION PLAN

ARTICLE I THE PLAN

1.1 NAME. This Plan shall be known as the "Calloway's Nursery, Inc. 2002 Stock Option Plan."

1.2 PURPOSE. The purpose of the Plan is to promote the growth and general prosperity of the Company by permitting the Company to grant to its full-time employees Options to purchase Common Stock of the Company. This Plan is designed

Edgar Filing: CALLOWAYS NURSERY INC - Form DEF 14A

to help the Company and its subsidiaries and affiliates attract and retain superior personnel for positions of substantial responsibility and to provide employees with an additional incentive to contribute to the success of the Company. The Company intends that Incentive Stock Options granted pursuant to Article III will qualify as "incentive stock options" within the meaning of Section 422(b) of the Internal Revenue Code of 1986, as amended (the "Code"). Any option granted pursuant to Article IV shall be clearly and specifically designated as not being an incentive stock option as defined in Section 422(b) of the Code.

1.3 EFFECTIVE DATE. The Plan shall become effective upon the Effective Date.

1.4 ELIGIBILITY TO PARTICIPATE. Any Employee shall be eligible to participate in the Plan. The Committee may grant Options to an Employee in accordance with such determinations as the Committee from time to time in its sole discretion shall make.

1.5 SHARES SUBJECT TO THE PLAN. The Plan Shares shall be shares of Common Stock.

1.6 MAXIMUM NUMBER OF PLAN SHARES. Subject to adjustment pursuant to the provisions of Section 5.2, and subject to any additional restrictions elsewhere in the Plan, the number of Plan shares that may be issued and sold hereunder shall not exceed 330,000 shares. Plan Shares may be either authorized and unissued shares or shares issued and thereafter acquired by the Company.

1.7 OPTIONS AND STOCK GRANTED UNDER PLAN. Plan Shares with respect to which an Option shall have been exercised shall not again be available for grant hereunder. If Options terminate for any reason without being wholly exercised, new Options may be granted hereunder covering the number of Plan Shares to which such Option termination relates.

1.8 CONDITIONS PRECEDENT. the Company shall not issue or deliver any Option Agreement or any certificate for Plan Shares pursuant to the Plan prior to fulfillment of all of the following conditions:

- (a) The admission of the Plan Shares to listing on all stock exchanges or qualification with any national quotation system on which the Common Stock is then listed or qualified for trading, unless the Committee determines in its sole discretion that such listing or qualification is not necessary or advisable;

A-1

- (b) The completion of any registration or other qualification of the sale of Plan Shares under any federal or state law or under the rulings or regulations of the Securities and Exchange Commission or any other governmental regulatory body that the committee shall in its sole discretion deem necessary or advisable; and
- (c) The obtaining of any approval or other clearance from any federal or state governmental agency that the Committee shall in its sole discretion determine to be necessary or advisable.

1.9 RESERVATION OF SHARES OF COMMON STOCK. During the term of the Plan, the Company will, at all times, reserve and keep available such number of shares of Common Stock as shall be necessary to satisfy the requirements of the Plan as to the number of Plan Shares. In addition, the Company will from time to time, as is necessary to accomplish the purposes of the Plan, use its best efforts to obtain from any regulatory agency having jurisdiction any requisite authority

Edgar Filing: CALLOWAYS NURSERY INC - Form DEF 14A

necessary to issue Plan Shares hereunder. The inability of the Company to obtain from any regulatory agency having jurisdiction the authority deemed by the Company's counsel to be necessary for the lawful issuance of any Plan Shares shall relieve the Company of any liability in respect of the nonissuance of Plan Shares as to which the requisite authority shall not have been obtained.

1.10 TAX WITHHOLDING.

- (a) Condition Precedent. The issuance, delivery or exercise of any Options under the Plan is subject to the condition that if at any time the Committee shall determine, in its discretion, that the satisfaction of withholding tax or other withholding liabilities under any state or federal law is necessary or desirable as a condition of, or in connection with, the issuance, delivery or exercise of the Options, then the issuance, delivery or exercise of the Options shall not be effective unless the withholding shall have been effected or obtained in a manner acceptable to the Committee.
- (b) Manner of Satisfying Withholding Obligation. When an Optionee participating in the Plan is required to pay to the Company an amount required to be withheld under applicable income tax laws in connection with the exercise of an Option, the Optionee may satisfy the obligation, in whole or in part, by electing to (i) have the Company withhold a portion of the Plan Shares acquired upon the exercise of the Option and having an aggregate Fair Market Value on the date the amount of tax to be withheld is to be determined (the "Tax Date") equal to the amount required to be withheld or (ii) deliver to the Company shares of Common Stock already owned by the Optionee and having an aggregate Fair Market Value on the Tax Date equal to the amount required to be withheld.

1.11 EXERCISE OF OPTIONS.

- (a) Method of Exercise. Each Option shall be exercisable in accordance with the terms of the Option Agreement pursuant to which the Option was granted. No Option may be exercised for a fraction of a Plan Share.

A-2

- (b) Payment of Purchase Price. The purchase price of any Plan shares purchased shall be paid at the time of exercise of the Option either (i) in cash, (ii) by certified or cashier's check, (iii) by shares of Common Stock, if permitted by the Committee, (iv) if then permitted under the laws of the State of Texas, by cash or certified or cashier's check for the par value of the Plan Shares plus a promissory note for the balance of the purchase price, which note shall (A) provide for full personal liability of the maker, (B) bear interest at the lowest rate then possible without causing the maker of it to have income imputed in connection therewith, (C) be due and payable both as to principal and interest five years from the date such note is made, (D) be secured by the Plan Shares issued in connection therewith, (E) be payable in advance in whole or in part (with the Plan Shares pledged in connection therewith released in the same proportion as such prepayment) and (F) contain such other terms and provisions as the Committee may determine, including without limitation the right to repay the note partially or wholly with Common Stock or (v) by delivery of a copy of irrevocable instructions from the Optionee to a broker or dealer, reasonably acceptable to the Company, to sell

Edgar Filing: CALLOWAYS NURSERY INC - Form DEF 14A

certain of the Plan Shares purchased upon exercise of the Option or to pledge them as collateral for a loan and promptly deliver to the Company the amount of sale or loan proceeds necessary to pay such purchase price. If any portion of the purchase price or a note given at the time of exercise is paid in shares of Common Stock, those shares shall be valued at the then Fair Market Value.

1.12 ACCELERATION OF RIGHT TO EXERCISE OPTIONS. Notwithstanding the provisions of any Option Agreement regarding the time for exercise of an Option, the following provisions shall apply:

- (a) Mergers and Reorganizations. If the Company or its shareholders enter into an agreement to dispose of all or substantially all of the assets of the Company by means of a sale, merger or other reorganization or liquidation, or otherwise in a transaction in which the Company is not the surviving corporation, any Option shall become immediately exercisable with respect to the full number of shares subject to that Option during the period commencing as of the date of the agreement to dispose of all or substantially all of the assets of the Company and ending when the disposition of assets contemplated by that agreement is consummated or the Option is otherwise terminated in accordance with its provisions or the provisions of the Article pursuant to which it was granted, whichever occurs first. The Option shall not become immediately exercisable, however, if the transaction contemplated in the agreement is a merger or reorganization in which the Company will survive.

A-3

- (b) Change in Control. In the event of a change in control or threatened change in control of the Company, all Options granted prior to the change in control shall become immediately exercisable. The term "change in control" for purposes of this Section shall refer to the acquisition of 20 percent or more of the voting securities of the Company by any person or by persons acting as a group within the meaning of Section 13(d)(3) of the Exchange Act; provided that no change in control or threatened change in control shall be deemed to have occurred if prior to the acquisition of, or offer to acquire, 20 percent or more of the voting securities of the Company, the full Board shall have adopted by not less than two-thirds vote a resolution specifically approving such acquisition or offer. The term "person" for purposes of this Section refers to an individual or a corporation, partnership, trust, association, joint venture, pool, syndicate, sole proprietorship, unincorporated organization or any other form of entity not specifically listed herein. Whether a change in control is threatened shall be determined solely by the Committee.

1.13 WRITTEN NOTICE REQUIRED. Any Option shall be deemed to be exercised for purposes of the Plan when written notice of exercise has been received by the Company at its principal office from the person entitled to exercise the Option and payment for the Plan Shares with respect to which the Option is exercised has been received by the Company in accordance with Section 1.11.

1.14 COMPLIANCE WITH SECURITIES LAWS. Plan Shares shall not be issued with respect to any Option unless the exercise of the Option and the issuance and delivery of the Plan Shares shall comply with all relevant provisions of federal and state law, including without limitation the Securities Act, the rules and regulations promulgated thereunder and the requirements of any stock exchange upon which the Plan shares may then be listed or any national quotation system

Edgar Filing: CALLOWAYS NURSERY INC - Form DEF 14A

on which they may be traded, and shall be further subject to the approval of counsel for the Company with respect to such compliance, which approval shall not be unreasonably withheld. The Committee may also require an Optionee to furnish evidence satisfactory to the Company, including a written and signed representation letter and consent to be bound by any transfer restrictions imposed by law, legend, condition or otherwise, that the Plan Shares are being acquired only for investment and without any present intention to sell or distribute the shares in violation of any federal or state law, rule or regulation. Further each Optionee shall consent to the imposition of a legend on the certificate representing the Plan Shares issued upon the exercise of the Option restricting their transferability as required by law or by this Section.

1.15 EMPLOYMENT OF OPTIONEE. Nothing in the Plan or in any Option granted hereunder shall confer upon any Optionee any right to continued employment by the Company or any of its subsidiaries or affiliates or limit in any way the right of the Company or any subsidiary or affiliate at any time to terminate or alter the terms of that employment.

A-4

1.16 OPTION UPON TERMINATION OF EMPLOYMENT. If an Optionee ceases to be employed by the Company or any of its subsidiaries or affiliates for any reason other than for cause, retirement, death or disability, his Option may be exercised (to the extent exercisable on the date of termination of employment) at any time within three months after the date of termination of employment, unless either the Option or the Article pursuant to which it was granted otherwise provides for earlier termination. If an Optionee ceases to be employed by the Company or any of its subsidiaries or affiliates because the Optionee has retired under a qualified retirement plan of the Company, as determined by the Committee, his Option shall be exercisable (to the extent exercisable on the effective date of such retirement) at any time within 12 months after the effective date of such retirement unless by its terms the Option expires sooner.

1.17 TERMINATION OF EMPLOYMENT FOR CAUSE. If an Optionee ceases to be employed by the Company or any of its subsidiaries or affiliates because the Optionee is terminated for cause, the Option shall automatically expire. For purposes of this Section, "cause" shall mean an act or acts involving a felony, fraud, willful misconduct, the commission of any act that causes or reasonably may be expected to cause substantial injury to the Company or other good cause. The term "other good cause" as used in this Section shall include, but shall not be limited to, habitual impertinence, a pattern of conduct that tends to hold the Company up to ridicule in the community, conduct disloyal to the Company, conviction of any crime of moral turpitude and substantial dependence, as judged by the Committee, on alcohol or any controlled substance. "Controlled substance" means a drug, immediate precursor, or other substance listed in Schedules I-V or Penalty Groups 1-4 of the Texas Controlled Substances Act, as amended, or a drug, immediate precursor, or other substance listed in Schedules I-V of the Federal Comprehensive Drug Abuse Prevention and Control Act of 1970, as amended. Notwithstanding the foregoing, if an Optionee is an Employee employed pursuant to a written employment agreement, Employee shall be deemed to be terminated for "cause" for purposes of the Plan only if Employee is considered under the circumstances to have been terminated for cause for purposes of such employment agreement.

1.18 OPTION UPON DISABILITY OF OPTIONEE. If an Optionee becomes disabled within the meaning of Section 22(e)(3) of the Code while employed by the Company or any of its subsidiaries or affiliates, his Option shall become fully exercisable and shall expire 12 months after the date of such termination, unless either the Option or the Article pursuant to which it was issued otherwise provides for

Edgar Filing: CALLOWAYS NURSERY INC - Form DEF 14A

earlier termination.

1.19 OPTION UPON DEATH OF OPTIONEE. Except as otherwise limited by the Committee at the time of the grant of an Option, if an Optionee dies while employed by the Company or any of its subsidiaries or affiliates, or within three months after ceasing to be an Employee for reason other than termination for cause, his Option shall expire 12 months after the date of death, unless by its terms it expires sooner.
