THE ANNUAL MEETING

Place, Date, and Time

The annual meeting will be held at the Park City Club, 5956 Sherry Lane, Suite 1700, Dallas, Texas on Thursday, May 6, 2004, at 10:00 a.m., Dallas time.

Matters to be Considered

At the annual meeting, you will be asked to consider and vote upon the following proposals:

Proposal One Election of seven directors to serve until the next annual meeting or until their respective successors are duly elected and qualified;

Proposal Two Amendment to the Stock Option Plan increasing the number of shares of common stock subject to issuance under the Stock Option Plan from 6,500,000 to 7,500,000;

Proposal Three Adoption of the Employee Stock Purchase Plan; and

Proposal Four Ratification of the selection of Ernst & Young LLP as our independent auditors for fiscal year 2004.

Record Date and Voting

Only stockholders of record on March 19, 2004 are entitled to vote at the annual meeting. On March 19, 2004, we had 41,447,035 shares of common stock issued and outstanding. Each stockholder will be entitled to one vote, in person or by proxy, for each share of common stock held in his or her name. A majority of our shares of common stock must be present, either in person or by proxy, to constitute a quorum for action at the meeting. Abstentions and broker nonvotes are counted for purposes of determining a quorum. Abstentions are counted in tabulating the votes cast on any proposal, but are not counted as votes either for or against a proposal. Broker nonvotes are not counted as votes cast for purposes of determining whether a proposal has been approved.

Vote Required

The following is the required vote necessary to approve each of the proposals:

Proposal One Election of Directors the election of directors is determined by plurality vote;

Proposal Two Amendment to the Stock Option Plan the affirmative vote of holders of a majority of the voting power of the shares actually voted at the annual meeting is required to approve the amendment to the Stock Option Plan;

Proposal Three Adoption of the Employee Stock Purchase Plan the affirmative vote of holders of a majority of the voting power of the shares actually voted at the annual meeting is required to adopt the Employee Stock Purchase Plan; and

Proposal Four Ratification of Ernst & Young LLP the affirmative vote of holders of a majority of the voting power of the shares actually voted at the annual meeting is required to ratify Ernst & Young LLP as our

independent auditors for fiscal year 2004.

Proxy Solicitation, Revocation, and Expense

The accompanying proxy is being solicited on behalf of the board of directors. Your shares will be voted at the annual meeting as you direct in the enclosed proxy, provided that it is completed, signed, and returned to us prior to the annual meeting. No proxy can vote for more than seven nominees for director. If you return a proxy but fail to indicate how you wish your shares to be voted, then your shares will be voted in favor of each of the nominees for director.

After you sign and return your proxy, you may revoke it prior to the meeting either by (i) filing a written notice of revocation at our corporate headquarters, (ii) attending the annual meeting and voting your shares in person, or (iii) delivering to us another duly executed proxy that is dated after the initial proxy.

We will bear the expense of preparing, printing, and mailing the proxy solicitation material and the proxy. In addition to use of the mail, we may solicit proxies by personal interview or telephone by our directors, officers, and employees. We may also engage the services of a proxy solicitation firm to assist us in the solicitation of proxies. We estimate that the fee of any such firm will not exceed \$5,000 plus reimbursement of reasonable out-of-pocket expenses. Arrangements may also be made with brokerage houses and other custodians, nominees, and fiduciaries for the forwarding of solicitation material to record stockholders, and we may reimburse them for their reasonable out-of-pocket expenses.

PROPOSALS FOR CONSIDERATION

Proposal One Election of Directors

At the annual meeting, you will be asked to elect a board of seven directors. The nominees for director are: Donald R. Brattain; J. Luther King, Jr.; John S. Marr, Jr.; G. Stuart Reeves; Michael D. Richards; Glenn A. Smith; and John M. Yeaman. Each of the nominees (other than Messrs. Brattain and King) currently serves on our board of directors. For more information regarding these nominees, see Tyler Management Directors, Nominees for Director, and Executive Officers.

Each nominee has indicated that he is able and willing to serve as a director. If any of the nominees becomes unable to serve prior to the meeting, the persons named in the enclosed proxy will vote the shares covered by your executed proxy for a substitute nominee as selected by the board of directors. You may withhold authority to vote for any nominee by entering his name in the space provided on the proxy card.

Our board of directors unanimously recommends that the stockholders vote FOR each of the nominees for director.

Proposal Two Amendment to the Stock Option Plan

At the annual meeting, you will also be asked to consider and vote upon a proposal to amend the Stock Option Plan to increase the number of shares of common stock subject to the plan from 6,500,000 to 7,500,000. The proposed amendment to the Stock Option Plan is intended to enable us to provide additional incentives to selected key employees whose substantial contributions are important to our continued growth and profitability. Currently, there are only 165,834 shares of our common stock available for option grants under the existing Stock Option Plan. Copies of the Stock Option Plan and the proposed amendment are available upon written request.

Purpose of the Stock Option Plan. Stock options are designed to strengthen the commitment of selected key employees, directors, and consultants, to motivate those individuals to perform their assigned responsibilities

diligently and skillfully, and to attract and retain competent entrepreneurial-type management dedicated to our long-term growth and profitability. We believe this can best be accomplished by tying a portion of compensation to appreciation in the market value of our common stock so that the management and key employees, non-employee directors, and consultants are rewarded only if the value of your investment in our common stock has appreciated.

Table of Contents

Description of the Stock Option Plan. The Stock Option Plan is designed to permit the appropriate administering committee to grant options to key employees, directors, and consultants to purchase shares of our common stock. The Stock Option Plan requires that the purchase price under each stock option will not be less than 100% of the fair market value of our common stock at the time of the grant of the option. The fair market value per share is the reported closing price of our common stock on the New York Stock Exchange on the date of the grant of the option, or if no sale has been reported on such date, on the next preceding day or the last day prior to the date of grant when the sale was reported. The option period may not be more than ten years from the date the option is granted. Except with respect to options granted to officers and directors, the Executive Committee grants options to eligible individuals, determines the purchase price and option period at the time the option is granted, and administers and interprets the Stock Option Plan. The Compensation Committee grants options and administers the Stock Option Plan with respect to officers, and our board of directors, as a whole, grants options and administers the plan with respect to directors. Options may be exercised in annual installments as specified by the administering committee or, if applicable, our board of directors. All installments that become exercisable are cumulative and may be exercised at any time after they become exercisable until expiration of the option. The Stock Option Plan contains provisions governing Changes of Control, as defined therein, including accelerated vesting of options under certain circumstances.

The exercise price of options is paid in cash or by check at the time of exercise or, if approved, by the tender of shares of our common stock, or through a combination thereof; provided that such shares either: (i) have been owned by the optionee for more than six months and have been paid for within the meaning of Rule 144 promulgated under the Securities Act of 1933; or (ii) were obtained by the optionee in the public market (Qualifying Shares). If the option is exercised by tendering Qualifying Shares, the number of shares tendered shall be determined by the fair market value per share on the date of the exercise, as determined by us. An option agreement may also provide that the exercise price may be paid through the cashless exercise method whereby the optionee authorizes a broker designated by us to sell a specified number of the shares of common stock to be acquired by the optionee on the exercise of the option, having a then fair market value equal to the sum of the exercise price of the option, plus any transaction costs. The remainder of the shares not sold will be delivered to the optionee. Shares of common stock deliverable upon exercise of the options may be transferred from treasury or issued from authorized but unissued shares.

The Stock Option Plan will terminate on May 11, 2010, and no options may thereafter be granted under the plan. Our board of directors may amend, alter, or discontinue the Stock Option Plan, or any part thereof, at any time and for any reason. However, we will obtain stockholder approval for any amendment to the Stock Option Plan to the extent necessary and desirable to comply with applicable law. The administering committee may also make appropriate adjustments in the number of shares covered by the Stock Option Plan, the number of shares subject to outstanding options, and the option prices to reflect any stock dividend, stock split, share combination, or other recapitalization and, with respect to outstanding options and option prices, to reflect any merger, consolidation, reorganization, liquidation or similar transaction.

Incentive stock options and nonqualified stock options may be granted under the Stock Option Plan to our key employees. Key employees are defined in the Stock Option Plan to be those employees whose performance and responsibilities are determined to have a direct and significant effect on our success. Non-employee directors, as well as consultants, are eligible for the grant of nonqualified stock options. Additional options may be granted to persons to whom options have previously been granted. There is no restriction in the Stock Option Plan on the maximum or minimum number of shares covered by options that may be granted to any person.

We estimate that the total number of persons who are eligible to receive awards under the Stock Option Plan at present is approximately 150. Because the granting of stock options under the Stock Option Plan is at the discretion of the Executive Committee or the Compensation Committee, as discussed above, it is not possible to determine which persons (including the persons identified as Named Executive Officers in this proxy statement, all current executive

officers as a group, all current directors who are not executive officers, and all employees, including current officers who are not executive officers, as a group) may be granted stock options as a result of the proposed amendment of the Stock Option Plan. Also, it is not possible to estimate the number of stock options that may be awarded as a result of the amendment of the Stock Option Plan.

Table of Contents

Incentive stock options are options that meet the requirements of Section 422 of the Internal Revenue Code of 1986, as amended (the Code), and nonqualified stock options are options that do not meet the requirements of Section 422 of the Code. No incentive stock option, however, may be granted under the Stock Option Plan to an employee who owns more than 10% of the voting power of all classes of securities unless the option price is at least 110% of the fair market value of our common stock at the date of grant and the option is not exercisable more than five years after it is granted. There is no limit on the fair market value of incentive stock options that may be granted to an employee in any calendar year, but no employee may be granted incentive stock options that first become exercisable during a calendar year for the purchase of stock with an aggregate fair market value (determined as of the date of grant of each option) in excess of \$100,000. An incentive stock option (or an installment thereof) counts against the annual limitation only in the year it first becomes exercisable.

The appropriate administering committee may provide for the termination of options in case of termination of employment, directorship, consultant relationship, dishonesty, or any other reason the appropriate committee determines. If an option expires or terminates before it has been exercised in full, the shares of common stock allocable to the unexercised portion of that option may be made the subject of future grants of options. Upon termination of the employment, directorship, or consultant relationship of an optionee, his or her option is exercisable for a period of 30 days after termination, and thereafter the option terminates. If the optionee dies or becomes disabled before the termination of his right to exercise his or her option, the legal representatives of the estate, or the optionee in the event of his disability, may exercise his or her option provided the option is exercised prior to the date of expiration of the option period or one year from the date of the optionee's death or disability, whichever first occurs, and the option may be exercised only as to those shares the optionee could have purchased under the option on the date of death, disability or other termination. Options may not be transferred other than by will or the laws of descent and distribution and, during the lifetime of the optionee, may be exercised only by optionee.

Tax Status of Options. An optionee has no taxable income, and we are not entitled to a deduction, at the time of the grant of an option. All stock options that qualify under the rules of Section 422 of the Code will be entitled to incentive stock option treatment. To receive incentive stock option treatment, an optionee must not dispose of the acquired stock within two years after the option is granted and within one year after the exercise. In addition, the individual must have been an employee for the entire time from the date of granting of the option until three months (one year if the employee is disabled) before the date of the exercise. The requirement that the individual be an employee and the two-year and one-year holding periods are waived in the case of death of the employee. If all such requirements are met, then any gain upon sale of the stock will be entitled to capital gain treatment. The employee's gain on exercise (the excess of the fair market value at the time of exercise over the exercise price) of an incentive stock option is a tax preference item and, accordingly, is included in the computation of alternative minimum taxable income, even though it is not included in taxable income for purposes of determining regular tax liability of an employee. Consequently, an optionee may be obligated to pay alternative minimum tax in the year he or she exercises an incentive stock option.

If an employee does not meet the two-year and one-year holding requirement (a disqualifying disposition), tax will be imposed at the time of sale of the stock. In such event, the employee's gain on exercise of the incentive stock option will be compensation to him taxed as ordinary income rather than capital gain to the extent the fair market value of the acquired common stock on the date of exercise of the incentive stock option exceeds the aggregate exercise price paid for that common stock, and we will be entitled to a corresponding deduction at the time of sale. If the amount realized on the disqualifying disposition is less than the fair market value of the common stock on the date of exercise of the incentive stock option, the total amount includable in optionee's gross income, and the amount deductible by us, will equal the excess of the amount realized on the disqualifying disposition over the exercise price.

An optionee, upon exercise of a nonqualified stock option that does not qualify as an incentive stock option, recognizes ordinary income in an amount equal to the gain on exercise. The exercise of a nonqualified stock option

entitles us to a tax deduction in the same amount as is includable in the income of the optionee for the year in which the exercise occurred. Any gain or loss realized by an optionee on subsequent disposition of shares generally is a capital gain or loss and does not result in any tax deduction to us.

Different tax consequences may result from stock-for-stock exercises of options.

THE FOREGOING SUMMARY OF THE EFFECT OF THE FEDERAL INCOME TAX UPON PARTICIPANTS IN THE STOCK OPTION PLAN DOES NOT PURPORT TO BE COMPLETE, AND IT IS RECOMMENDED THAT THE PARTICIPANTS CONSULT THEIR OWN TAX ADVISORS FOR COUNSELING. MOREOVER, THE FOREGOING SUMMARY IS BASED UPON PRESENT FEDERAL INCOME TAX LAWS AND IS SUBJECT TO CHANGE. THE TAX TREATMENT UNDER FOREIGN, STATE, OR LOCAL LAW IS NOT COVERED IN THIS SUMMARY.

Equity Compensation Plan Information. The following table summarizes certain information related to the Stock Option Plan. There are no outstanding warrants or rights related to our equity compensation plans as of December 31, 2003.

Plan Category	Number of securities to be issued upon exercise of outstanding options, warrants and rights as of December 31, 2003	Weighted average exercise price of outstanding options warrants and rights	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in initial column as of December 31, 2003)
Equity compensation plans approved by security holders:			
Stock options	4,629,498	\$ 3.94	168,000
Equity compensation plans not approved by security holders			
Total	4,629,498	\$ 3.94	168,000

Our board of directors unanimously recommends that the stockholders vote FOR the amendment to the Stock Option Plan.

Proposal Three Adoption of the Employee Stock Purchase Plan

At the annual meeting, you will also be asked to adopt the Employee Stock Purchase Plan. The following is a summary of the major terms of the Employee Stock Purchase Plan. A copy of the Employee Stock Purchase Plan may be obtained upon written request.

Purpose of the Employee Stock Purchase Plan. The Employee Stock Purchase Plan is intended to encourage our employees to invest in our common stock. We believe that such an investment strengthens the commitment of all our employees to our long-term growth and profitability. The Employee Stock Purchase Plan, in conjunction with the

provisions of the Code, achieves this goal by allowing our employees to purchase our common stock at an attractive price and by creating incentives for them to hold such stock as a long-term investment.

Description of the Employee Stock Purchase Plan. The Employee Stock Purchase Plan, if approved by the stockholders, is intended to satisfy the requirements of Section 423 of the Code. The Employee Stock Purchase Plan will allow all of our full-time employees who have been employed for at least six months to authorize after-tax payroll deductions at any whole percentage rate from 1% to 15% of cash performance-based pay (including bonuses) to be applied toward the purchase of our common stock. There will be 1,000,000 shares of our common stock reserved for issuance under the Employee Stock Purchase Plan. As of March 19, 2004, there would have been approximately 1,200 employees eligible to participate in the Employee Stock Purchase Plan. The Employee Stock Purchase Plan will terminate on December 31, 2014, or earlier at the discretion of our board of directors or in the event all shares reserved for issuance under the plan have been purchased.

We estimate that the total number of persons who are eligible to purchase shares under the Employee Stock Purchase Plan at present is approximately 1,200. Because the purchase of shares under the Employee Stock Purchase Plan is at the discretion of each eligible employee pursuant to the terms of the plan, it is not possible to

Table of Contents

determine which persons (including the persons identified as Named Executive Officers in this proxy statement, all current executive officers as a group, all current directors who are not executive officers, and all employees, including current officers who are not executive officers, as a group) may purchase shares under the plan.

Separate three-month offerings will commence on January 1, April 1, July 1, and October 1 of each year. An employee must authorize a payroll deduction before the start of an offering in order to participate in that offering. On the last business day of the offering, the employee will be deemed to have exercised the option to purchase as many shares as the employee's payroll deduction will allow at the option price. The option price is 85% of the lesser of (a) the fair market value of our common stock on the first business day of the offering or (b) the fair market value of our common stock on the last business day of the offering. The fair market value will be the closing sale price of our common stock on the deemed exercise date as reported on the New York Stock Exchange. Fractional shares will not be purchased; instead, excess funds will roll over into the next offering period unless otherwise designated by the employee.

An employee may withdraw at any time prior to two weeks before the last day of the offering period. Upon withdrawal, the amount in the employee's account will be refunded to the employee without interest. An employee may suspend participation in an offering at any time before the first day of the last month of the offering period by reducing his or her payroll deduction percentage election to 0% for the remainder of the offering. In such a case, the amount accumulated in the employee's account prior to the suspension is not refunded, but is used to purchase shares as described above. An employee who has withdrawn from or suspended participation in an offering may not again participate in the Employee Stock Purchase Plan until the next offering commences.

No employee may purchase more than 750 shares of stock during any single offering. In addition, an employee will not be permitted to purchase any shares under the Employee Stock Purchase Plan if such employee, immediately after such purchase, would own shares possessing 5% or more of the total combined voting power or value of our common stock. The fair market value of all shares purchased by an employee under the Employee Stock Purchase Plan during any calendar year may not exceed \$25,000, which is based on the fair market value of our common stock at the beginning of each offering period.

All shares purchased under the Employee Stock Purchase Plan must be held in designated accounts until the shares are sold. Employees may not sell any shares purchased for a period of at least one hundred and eighty days after the purchase, unless such employee is terminated during this holding period. If an employee desires to sell shares after the expiration of the holding period, the employee must request that the shares be transferred to his or her broker's account for future sale. Employees will be responsible for all commissions related to future sales. Employees must notify us of the date and terms of any actual sale that occurs within two years of the beginning of the offering period in which such shares were acquired.

Our board of directors may at any time amend or terminate the Employee Stock Purchase Plan, provided that no employee's existing rights under any offering already commenced may be adversely affected thereby. Any amendment will be consistent with applicable law, including first obtaining the prior approval of our shareholders if such amendment would increase the number of shares reserved for issuance under the plan or materially modify the eligibility requirements.

Federal Income Tax Consequences Relating to the Employee Stock Purchase Plan. The Employee Stock Purchase Plan is intended to qualify under the provisions of Section 421 and Section 423 of the Code. Under those provisions, no income will be taxable to a participant at the time of grant of the option or purchase of shares. However, a participant may become liable for tax upon dispositions of shares acquired under the Employee Stock Purchase Plan, and the tax consequences will depend on how long a participant has held the shares prior to disposition.

If the shares are disposed of (a) at least two years after the date of the beginning of the offering period and (b) at least one year after the stock is purchased in accordance with the Employee Stock Purchase Plan (or, if the employee dies while holding the shares), the following tax consequences will apply. The lesser of (a) the excess of fair market value of the shares at the time of such disposition over the purchase price of the shares (the option price), or (b) the excess of the fair market value of the shares at the time the option was granted over the option price will be taxed as

Table of Contents

ordinary income to the participant. Any further gain upon disposition generally will be taxed at long-term capital gain rates. If the shares are sold and the sales price is less than the option price, there is no ordinary income and the participant has a long-term capital loss equal to the difference. If a participant holds the shares for the holding periods described above, we will not be allowed a federal income tax deduction for the amount determined to be ordinary income to the participant.

If the shares are sold or disposed of (including by way of gift) before the expiration of either the two-year or one-year holding periods described above, the following tax consequences will apply. The amount by which the fair market value of the shares on the date the option is exercised (i.e., the last business day of the offering period or the termination date) exceeds the option price will be taxed as ordinary income to the participant. This excess will constitute ordinary income in the year of the sale or other disposition even if no gain is realized on the sale or a gratuitous transfer of the shares is made. The balance of any gain will be taxed as a capital gain and will qualify for long-term capital gain treatment if the shares have been held for more than one year following the exercise of the option. If the shares are sold for an amount less than their fair market value as of the termination date, the participant recognizes ordinary income equal to the excess of the fair market value of the shares as of the termination date over the option price, and the participant may recognize a capital loss equal to the difference between the sales price and the value of such shares on the termination date. In the event of an early disposition, we will be allowed a deduction for federal income tax purposes equal to the ordinary income realized by the disposing employee.

Currently, we are not required to withhold employment or income taxes upon the exercise of the options under Sections 421 and 423 of the Code. However, the IRS may issue guidance in the future requiring us to withhold employment and/or income taxes upon the exercise of options under the Employee Stock Purchase Plan.

THE FOREGOING SUMMARY OF THE EFFECT OF THE FEDERAL INCOME TAX UPON PARTICIPANTS IN THE EMPLOYEE STOCK PURCHASE PLAN DOES NOT PURPORT TO BE COMPLETE, AND IT IS RECOMMENDED THAT THE PARTICIPANTS CONSULT THEIR OWN TAX ADVISORS FOR COUNSELING. MOREOVER, THE FOREGOING SUMMARY IS BASED UPON PRESENT FEDERAL INCOME TAX LAWS AND IS SUBJECT TO CHANGE. THE TAX TREATMENT UNDER FOREIGN, STATE, OR LOCAL LAW IS NOT COVERED IN THIS SUMMARY.

Our board of directors unanimously recommends that the stockholders vote FOR the approval of the Employee Stock Purchase Plan.

CORPORATE GOVERNANCE PRINCIPLES AND BOARD MATTERS

Corporate Governance Initiatives

On February 24, 2004, our board of directors adopted a number of corporate governance initiatives, including the following:

Independence Standards were adopted to determine the independence of the members of the Audit Committee. These standards are consistent with the independence standards set forth in the New York Stock Exchange Listing Requirements. Upon adoption, our board of directors determined that Messrs. Reeves, Richards, and Morris were independent and that the nominees for director, Messrs. Brattain and King, would qualify as independent , if elected. Mr. Morris is not standing for re-election as a director in 2004.

Corporate Governance Guidelines were adopted. These guidelines include, among other things:

annual submission of independent auditors to stockholders for approval;

Table of Contents

formation of a Nominating and Governance Committee to be comprised solely of independent directors;

prohibition of stock option re-pricing;

formalization of the ability of independent directors to retain outside advisors;

performance of periodic formal board evaluation; and

limitation on the number of additional public company boards on which a director may serve to a maximum of four.

A copy of our Corporate Governance Guidelines is attached to this proxy statement as Appendix A and may also be found on our website, www.tylerworks.com.

A new Audit Committee Charter was adopted, which requires, among other things, that the committee be comprised solely of independent directors (as set forth in the Independence Standards), at least one of who will qualify as an audit committee financial expert as set forth in Item 401(h) of the SEC's Regulation S-K. Our board of directors determined that Ben T. Morris, current Chairman of the Audit Committee, possesses the attributes necessary to qualify as an audit committee financial expert. Mr. Morris is not standing for re-election to our board of directors in 2004. Our board of directors further determined that each of Donald R. Brattain and J. Luther King, Jr., nominees for director, possesses the attributes necessary to qualify as an audit committee financial expert should either or both be elected to our board of directors. A copy of our Audit Committee Charter is attached to this proxy statement as Appendix B and may also be found on our website, www.tylerworks.com.

A Compensation Committee Charter was adopted, which requires, among other things, that the committee be comprised solely of independent directors and sets forth the guidelines for determining executive compensation. A copy of our Compensation Committee Charter is attached to this proxy statement as Appendix C and may also be found on our website, www.tylerworks.com.

Our board of directors formed a Nominating and Governance Committee and adopted a Nominating and Governance Committee Charter, which requires, among other things, that the committee be comprised of at least three independent directors who are responsible for recommending candidates for election to the board of directors. A copy of our Nominating and Governance Committee Charter is attached to this proxy statement as Appendix D and may also be found on our website, www.tylerworks.com.

Code of Business Conduct and Ethics

On February 24, 2004, our board of directors adopted a Code of Business Conduct and Ethics, which applies to all of our directors, executive officers (including, without limitation, the chief executive officer, chief financial officer, principal accounting officer, and controller), and employees. The purpose of the Code of Business Conduct and Ethics is to promote:

honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships;

full, fair, accurate, timely, and understandable disclosure in our public communications and reports filed with the SEC;

compliance with applicable governmental laws, rules, and regulations;

Table of Contents

prompt internal reporting of violations of the policy to the appropriate persons designated therein, including anonymous whistleblower provisions; and

accountability for adherence to the policy.

A copy of our Code of Business Conduct and Ethics may be found on our website, www.tylerworks.com, or will be furnished, without charge, upon written request at our principal executive offices. Any future amendments or waivers related to our Code of Business Conduct and Ethics will be promptly posted on our website.

Board Independence

Our board of directors has determined, after considering all of the relevant facts and circumstances, that each of the non-employee directors standing for re-election as director (Messrs. Reeves and Richards) and the two nominees for election as director (Messrs. Brattain and King) has no material relationship with us (either directly or as a partner, shareholder, or officer of an organization that has a relationship with us) and is independent within the meaning of the New York Stock Exchange director independence standards, as currently in effect and as may be changed from time to time. As a result, if each of the nominees for director is elected at the annual meeting, our board of directors will be comprised of a majority of independent directors as required by the New York Stock Exchange. Furthermore, our board of directors has determined that each of the members of the Audit Committee, Compensation Committee, and Nominating and Governance Committee has no material relationship with us (either directly or as a partner, shareholder, or officer of an organization that has a relationship with us) and is independent within the meaning of our director independence standards.

Committees of the Board of Directors

During 2003, the standing committees of our board of directors were the Audit Committee, Compensation Committee, and Executive Committee. We did not have a Nominating and Governance Committee during fiscal 2003; instead, our board of directors, as a whole, was responsible for selecting nominees for election as directors and electing executive officers. The board met four times during 2003. Each board member participated in at least 75% of all board and committee meetings held during the portion of 2003 that he served as a director and/or committee member.

Audit Committee. During 2003, the Audit Committee was comprised of Ben T. Morris (Chairman), G. Stuart Reeves, and Michael D. Richards, each of who is independent as defined above. Mr. Morris is not standing for re-election as a director in 2004. The Audit Committee's duties include:

considering the independence of our independent auditors before we engage them;

reviewing with the independent auditors the fee, scope, and timing of the audit;

reviewing the completed audit with the independent auditors regarding any significant accounting adjustments, recommendations for improving internal controls, appropriateness of accounting policies, appropriateness of accounting and disclosure decisions with respect to significant unusual transactions or material obligations, and significant findings during the audit;

reviewing our financial statements and related regulatory filings with the independent auditors; and

meeting periodically with management to discuss internal accounting and financial controls.

The Audit Committee met four times during 2003. On February 24, 2004, the board amended and adopted the Tyler Audit Committee Charter, which is attached to this proxy statement as Appendix B and may also be found on our website, www.tylerworks.com.

Compensation Committee. During 2003, the Compensation Committee was comprised of Michael D. Richards (Chairman), Ben T. Morris, and G. Stuart Reeves. The Compensation Committee has final authority on all executive compensation and periodically reviews compensation and other benefits paid to or provided for our officers and directors. The Compensation Committee also approves annual salaries and bonuses for officers to ensure that the

Table of Contents

recommended salaries and bonuses are not unreasonable. The Compensation Committee met twice during 2003. Mr. Morris is not standing for re-election as a director in 2004.

Executive Committee. During 2003, the Executive Committee was comprised of G. Stuart Reeves (Chairman), John S. Marr, Jr., Glenn A. Smith, and John M. Yeaman. The Executive Committee has the authority to act for the entire board of directors, but may not commit to an expenditure in excess of \$5,000,000 without full board approval. The Executive Committee meets periodically throughout the year.

During 2004, the standing committees of our board of directors will be the Audit Committee, the Compensation Committee, the Nominating and Governance Committee, and the Executive Committee. In addition, our board of directors has established a policy under which our non-management members will meet at regularly scheduled (and in any event at least twice per fiscal year) executive sessions without management present and with Mr. G. Stuart Reeves presiding over such meetings.

Audit Committee Financial Expert

Our board of directors determined that Ben T. Morris, current chairman of the Audit Committee, possesses the attributes necessary to qualify as an audit committee financial expert as set forth in Item 401(h) of the SEC's Regulation S-K. Mr. Morris is not standing for re-election to our board of directors in 2004. Our board of directors further determined that each of Donald R. Brattain and J. Luther King, Jr., nominees for director, possesses the attributes necessary to qualify as an audit committee financial expert should either or both be elected to our board of directors.

Pre-Approval Policies and Procedures for Audit and Non-Audit Services

The Audit Committee Charter requires that the Audit Committee pre-approve all of the audit and non-audit services performed by our independent auditors. The purpose of these pre-approval procedures is to ensure that the provision of services by our independent auditors does not impair their independence. Each year, beginning in 2003, the Audit Committee receives fee estimates from our independent auditors for each category of services to be performed by the independent auditors during the upcoming fiscal reporting year. These categories of services include Audit Services, Audit-Related Services, Tax Services, and All Other Services. Upon review of the types of services to be performed and the estimated fees related thereto, the Audit Committee will determine which services and fees should be pre-approved, which pre-approval will be in effect for a period of twelve months. The Audit Committee may periodically review the list of pre-approved services based on subsequent determinations. Unless a type of service to be provided by the independent auditor has received general pre-approval, it will require specific pre-approval by the Audit Committee (or delegated member of the Audit Committee) prior to the performance of such service. Any proposed services exceeding the pre-approved cost levels will also require specific pre-approval by the Audit Committee (or delegated member of the Audit Committee).

Director Nominating Process

The Nominating and Governance Committee is responsible for reviewing and interviewing qualified candidates to serve on our board of directors and to select both independent as well as management nominees for director to be elected by our stockholders at each annual meeting. The Nominating and Governance Committee is comprised solely of independent directors and operates under a Charter for the Nominating and Governance Committee, which is attached to this proxy statement as Appendix D and may also be found on our website, www.tylerworks.com.

Our Corporate Governance Guidelines include the criteria our board of directors believes are important in the selection of director nominees, which includes the following qualifications:

sound personal and professional integrity;

an inquiring and independent mind;

practical wisdom and mature judgment;

Table of Contents

broad training and experience at the policy-making level of business, finance and accounting, government, education, or technology;

expertise that is useful to Tyler and complementary to the background and experience of other board members, so that an optimal balance of board members can be achieved and maintained;

willingness to devote the required time to carrying out the duties and responsibilities of board membership;

commitment to serve on the board for several years to develop knowledge about our business;

willingness to represent the best interests of all stockholders and objectively appraise management performance; and

involvement only in activities or interests that do not conflict with the director's responsibilities to Tyler or our stockholders.

A copy of our Corporate Governance Guidelines is attached to this proxy statement as Appendix A and may also be found on our website, www.tylerworks.com.

The Nominating and Governance Committee may, in the exercise of its discretion, actively solicit nominee candidates; however, nominee recommendations submitted by other directors or stockholders will also be considered as described below.

Our new nominees for director, Messrs. Brattain and King, were recommended to the Nominating and Governance Committee by John M. Yeaman and G. Stuart Reeves, respectively.

The Nominating and Governance Committee will consider qualified nominees recommended by stockholders who may submit recommendations to the committee in care of our Corporate Secretary at our corporate headquarters, 5949 Sherry Lane, Suite 1400, Dallas, Texas 75225. To be considered by the Nominating and Governance Committee, stockholder nominations must be submitted before our fiscal year-end and must be accompanied by a description of the qualifications of the proposed candidate and a written statement from the proposed candidate that he or she is willing to be nominated and desires to serve, if elected. Nominees for director who are recommended by our stockholders will be evaluated in the same manner as any other nominee for director.

Nominations by stockholders may also be made at an annual meeting of stockholders in the manner provided in our bylaws. Our bylaws require that a stockholder entitled to vote for the election of directors may make nominations of persons for election to our board at a meeting of stockholders by complying with required notice procedures. Nominations must be received at our corporate headquarters not less than 75 days or more than 85 days before any annual meeting of stockholders. If, however, notice or prior public disclosure of an annual meeting is given or made less than 75 days before the date of the annual meeting, the notice must be received no later than the 10th day following the date of mailing of the notice of annual meeting or the date of public disclosure of the date of the annual meeting, whichever is earlier. The notice must specify the following:

as to each person the stockholder proposes to nominate for election or re-election as a director:

the name, age, business address, and residence address of the person;

the principal occupation or employment of the person;

the class and number of shares of our capital stock that are beneficially owned by the person; and

any other information relating to the person that is required to be disclosed in solicitations for proxies for election of directors under Regulation 14A of the Exchange Act; and

as to the stockholder giving notice:

the name and record address of the stockholder and any other stockholder known to be supporting the nominee; and

the class and number of shares of our capital stock that are beneficially owned by the stockholder making the nomination and by any other supporting stockholders.

Table of Contents

We may require that the proposed nominee furnish us with other information as we may reasonably request to assist us in determining the eligibility of the proposed nominee to serve as a director. At any meeting of stockholders, the presiding officer may disregard the purported nomination of any person not made in compliance with these procedures.

Communications with Our Board of Directors

Any stockholder or interested party who wishes to communicate with our board of directors or any specific directors, including non-management directors may write to:

Board of Directors
Tyler Technologies, Inc.
5949 Sherry Lane, Suite 1400
Dallas, Texas 75225

Depending on the subject matter, management will:

forward the communication to the director or directors to whom it is addressed (for example, if the communication received deals with our whistleblower policy found on our website, www.tylerworks.com, including questions, concerns, or complaints regarding accounting, internal accounting controls, and auditing matters, it will be forwarded by management to the Chairman of the Audit Committee for review);

attempt to handle the inquiry directly (for example, if the communication is a request for information about us or our operations or it is a stock-related matter that does not appear to require direct attention by our board of directors); or

not forward the communication if it is primarily commercial in nature or if it relates to an improper or irrelevant topic.

At each meeting of our board of directors, our Chairman will present a summary of all communications received since the last meeting of the board of directors that were not forwarded and will make those communications available to any director on request.

Director Attendance at Annual Meetings

Directors are not required to attend our annual meetings of stockholders. However, our board of directors typically holds a meeting immediately following the annual meeting of stockholders. Therefore, in most cases, all of our directors will be present at the annual meeting. All of our directors were present at the 2003 annual meeting of stockholders.

Director Compensation

Each non-employee director receives an annual fee of \$15,000, plus \$1,000 for each board meeting and \$500 for each committee meeting attended.

On May 1, 2003, the board approved discretionary grants to Messrs. Reeves, Morris, and Richards, our non-employee directors, of stock options to purchase 5,000 shares each of our common stock. Each of these option grants vests in equal installments on the first, second, and third anniversary of the date of grant and each has an exercise price of \$3.93 per share, the quoted market price of our common stock on the date of grant.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act requires that our directors, executive officers, and 10% or more stockholders file with the SEC and New York Stock Exchange initial reports of ownership and reports of changes in ownership of our common stock. These persons are required to furnish us with copies of all Section 16(a) reports they file with the SEC. To our knowledge, based solely on our review of the copies of the forms we received during 2003 and without further inquiry, we believe that all of our directors, officers, and 10% or more stockholders complied with all Section 16(a) filing requirements during 2003.

Bathurst, which provides that we pay Mr. Bathurst for his services as Vice President and Chief Financial Officer of the company a salary of \$250,000. Mr. Bathurst will participate in performance bonus or incentive compensation plans made available to comparable level employees of the company and its subsidiaries and receive all employee benefits and perquisites normally offered to the executive employees of the company. Compensation Committee Interlocks and Insider Participation

In 2003, the Compensation Committee consisted of Michael D. Richards (Chairman), Ben T. Morris, and G. Stuart Reeves. No member of the Compensation Committee was an officer or employee of the company or any of our subsidiaries. None of our executive officers served on the board of directors or compensation committee of any other entity. Mr. Morris is not standing for re-election as a director in 2004.

Report of the Compensation Committee on Executive Compensation

The Compensation Committee has the responsibility for final approval for all compensation to our officers and directors, including the duty to ensure that compensation paid to executive officers does not exceed reasonable amounts and is based on objective standards. The Compensation Committee approves or disapproves the recommendations of management regarding compensation according to the guidelines set forth below. The specific duties and responsibilities of the Compensation Committee are set forth in the Compensation Committee Charter.

We strive to employ outstanding management in order to obtain outstanding results. To attract and retain high-level individuals, we may pay above-median compensation or provide stock ownership and stock option incentives to our executive officers. From time to time, salaries, bonuses, and other compensation of our executive officers are evaluated by reference to nationwide comparisons for the industries in which we operate.

A substantial portion of each of our executive officer's potential total compensation is in the form of bonuses and options. Annual bonuses vary significantly based on our financial results and revenue growth, the achievement of strategic objectives, extraordinary individual achievement, and each individual's contribution toward our performance. The Compensation Committee met twice during 2003.

Chief Executive Officer Compensation

John M. Yeaman has served as President since December 1998 and Chief Executive Officer since April 2002. In 2003, Mr. Yeaman's cash compensation consisted of a base salary of \$325,000 with a bonus equal to 100% of his base salary. In addition, Mr. Yeaman was granted options to purchase 200,000 shares of our common stock. In determining Mr. Yeaman's cash compensation in 2003, the Compensation Committee considered several factors, including:

- management's goal of year-over-year improved revenue growth and profitability;

- management's focus on strengthening our balance sheet by maintaining low levels of outstanding indebtedness coupled

with high levels of available cash;

management's strategic mission to increase profitability through sustained internal growth;

management's continued drive to reduce general and administrative expenses as a percentage of revenues;

management's directive to develop and deploy premier technology;

the return on our stockholders investment as evidenced by the market price of our common stock and the growth in the enterprise value of the company;

Mr. Yeaman's contributions to the achievement of each of these strategic initiatives; and

the levels of compensation of chief executive officers of companies of similar size in similar industries.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee assists the board of directors in fulfilling its responsibilities for general oversight of the integrity of our financial statements, our compliance with legal and regulatory requirements, the independent auditors qualifications and independence, the performance of our independent auditors, the effectiveness of our disclosure controls and of our internal controls over financial reporting, and risk assessment and risk management. The Audit Committee manages the relationship with our independent auditors (who report directly to the Audit Committee). The Audit Committee has the authority to obtain advice and assistance from outside legal, accounting, or other advisors as the Audit Committee deems necessary to carry out its duties and to receive appropriate funding, as determined by the Audit Committee, from the company for such advice and assistance.

Management has the primary responsibility for our reporting process, including our systems of internal controls, and for preparing our financial statements. In fulfilling its oversight responsibilities, the Audit Committee reviewed with management the audited financial statements contained in the Annual Report, including a detailed discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of the significant judgments, and the clarity of disclosures in the financial statements.

The Audit Committee meets with the independent auditors, with and without management present, to discuss the overall scope and plans for the audits, the results of their examinations, their evaluations of the company's internal controls, and the overall quality of the company's financial reporting. The Audit Committee reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with accounting principles generally accepted in the United States, their judgments as to the quality, not just the acceptability, of the accounting principles and such other matters as are required to be discussed with the Audit Committee under generally accepted auditing standards. In addition, the Audit Committee discussed with the independent auditors the auditors' independence from management and the company, including the matters in the written disclosures required by the Independence Standards Board, and considered the compatibility of non-audit services with the auditors' independence. The Audit Committee met four times during 2003.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the board of directors (and the board approved) that the audited financial statements be included in the Annual Report on Form 10-K for the fiscal year ended December 31, 2003 for filing with the SEC.

This report is submitted by the Audit Committee.

APPENDIX A

**Corporate Governance Guidelines
Adopted by the Board of Directors
of
Tyler Technologies, Inc.**

As Adopted February 24, 2004

PURPOSE

The purpose of the Guidelines is to assist the Company's Board of Directors in maintaining effective corporate governance practices for the long-term benefit of its stockholders. The Guidelines formalize certain practices previously followed by the Tyler Board, and also establish new governance practices the Board has implemented to strengthen the Company's corporate governance and to comply with new listing standards of the New York Stock Exchange and new legal requirements. The Tyler Board intends to review the Guidelines periodically and revise the Guidelines as the Board deems appropriate in light of continuing developments in corporate governance principles.

BOARD ROLE AND RESPONSIBILITIES

- 1. Role and Responsibilities of the Board.** The primary role of the Tyler Board is to exercise its business judgment to promote the long-term interests of the Company's stockholders. The Board provides strategic direction to the Company and oversight of management in the performance of the Company's business activities. The Board's responsibilities include:
 - Review, approval and monitoring of the Company's significant financial and business strategies as developed by management;
 - Review and approval of material transactions and corporate activities not entered into in the ordinary course of business;
 - Assessment of material risks facing the Company and review of management's plans for mitigating such risks;
 - Evaluation of performance and compensation of the CEO and oversight of CEO succession planning;
 - Oversight of the Company's processes and practices for ensuring the Company's compliance with laws and the integrity of the Company's financial reporting, internal controls, and public disclosure.
- 2. Responsibilities of Individual Directors.** In addition to the qualifications required of individual Tyler directors described in the Guidelines, directors are expected to understand the Company's businesses and markets, to regularly attend and be prepared for Board and committee meetings, and to actively participate in board discussions and decisions. Tyler directors are expected to proactively promote the best interests of the stockholders of the Company and to be generally available between formal meetings for advice and consultation on matters of importance to the Company.
- 3. Ethics and Conflicts of Interest.** Tyler directors are expected to act ethically at all times and to adhere to the Company's Business Code of Conduct when they are representing or acting on behalf of the Company. If a director develops an actual or potential conflict of interest with the Company, the director must report the conflict immediately to the Chairman of the Board's Audit Committee and the Company's General Counsel. If a significant

conflict exists and cannot be resolved between such director and the Board, the director should

A-1

Table of Contents

resign. All directors must recuse themselves from any decision affecting their personal, business or professional interests.

BOARD COMPOSITION

- 4. Majority of Independent Directors.** The Board of Directors will have a majority of members who meet the applicable independence requirements of the New York Stock Exchange and any applicable law. The Board's Nominating and Corporate Governance Committee will review the independence of each director under the applicable requirements annually and will present its findings and recommendations to the Board. In conducting its review, the Nominating and Corporate Governance Committee will consider that Board members' independence may be jeopardized if Board compensation exceeds appropriate levels, if the Company makes substantial charitable contributions to organizations with which a Board member is affiliated, or if the Company enters into material consulting arrangements with (or provides other indirect forms of compensation to) a director or an organization with which a director is affiliated. Based on these findings and recommendations the Board will affirmatively determine whether each director is independent under the applicable requirements and the Company will publicly disclose such determinations in accordance with the requirements of the New York Stock Exchange or applicable law.
- 5. Board Size.** The Company's Certificate of Incorporation, as amended, provides that the Board of Directors shall consist of not fewer than three or more than fifteen members (with the exact number to be determined by the Board). The Board should be neither too small to maintain the needed expertise and independence, nor too large to function effectively. However, from time to time, the Board will evaluate its size and determine whether changing circumstances warrant a change in the size of the Board.
- 6. Board Leadership.** The Chairman of the Board will preside at all meetings of the Company's stockholders and the Board of Directors. The Chairman of the Board position and the Chief Executive Officer position are held at this time by separate individuals. The Board has concluded at this time that it is not necessary to establish a lead director. The Chairman of the Nominating and Corporate Governance Committee will preside at all executive session meetings of the non-management directors.
- 7. Nomination and Selection of Directors.** Directors are elected each year by the Company's stockholders at the Annual Meeting of Stockholders. The Board's Nominating and Corporate Governance Committee is responsible for identifying, screening and recommending a qualified slate of nominees for election to the Board. The Nominating and Corporate Governance Committee may, in the exercise of its discretion, actively solicit nominee candidates; however, nominee recommendations submitted by other directors or stockholders will be considered. Any vacancies occurring in non-management director positions between annual stockholder meetings are filled by the Board and vacancies in director positions held by management are filled by the Chairman of the Board.
- 8. Board Qualifications.** The Nominating and Corporate Governance Committee establishes the qualifications for directors and reviews such qualifications with the Board annually. The Nominating and Corporate Governance Committee seeks candidates who have the background, skills and expertise to make a significant contribution to the Board, the Company and its stockholders. Candidates nominated for election or reelection to the Board should possess the following qualifications:
 - Sound personal and professional integrity;
 - An inquiring and independent mind;
 - Practical wisdom and mature judgment;

Broad training and experience at the policy-making level in business, finance and accounting, government, education or technology;

Expertise that is useful to the Company and complementary to the background and experience of other Board members, so that an optimal balance of Board members can be achieved and maintained;

Willingness to devote the required time to carrying out the duties and responsibilities of Board membership;

A-2

Table of Contents

Commitment to serve on the Board for several years to develop knowledge about the Company's businesses;

Willingness to represent the best interests of all stockholders and objectively appraise management performance; and

Involvement only in activities or interests that do not conflict with the director's responsibilities to the Company and its stockholders.

- 9. Extending Invitation to Potential Director.** The invitation to a prospective Board member to join the Board will be extended by the Chairman of the Board following the qualification and selection of the nominee in accordance with the procedures described in paragraph 7 above.
- 10. Retirement.** The Board does not have a mandatory retirement policy for directors. The Board believes that factors such as the age of a director will be appropriately considered by the Nominating and Corporate Governance Committee on an annual basis. However, the Board will continue to review this issue and could in the future determine that a mandatory retirement policy is appropriate.
- 11. Resignations; Changes in a Director's Principal Business Activities.** Any director who is also an officer of the Company shall submit a letter of resignation to the Board upon any termination of employment as an officer of the Company. Any non-management director who experiences a significant change in the director's principal business or other activity in which the director was engaged at the time of the director's election will consult with the Chairman of the Board and the Chairman of the Nominating and Corporate Governance Committee and will offer to resign as a director. The Chairman of the Board and the Chairman of the Nominating and Corporate Governance Committee will review the circumstances, determine whether resignation from the Board is appropriate, and recommend a course of action to the Board.
- 12. Term Limits.** The Board does not have a term limits policy for length of service as a director. The absence of term limits allows the Company to retain directors who have been able to develop, over a period of time, increasing insight into the Company and its operations and, therefore, provide an increasing contribution to the Board as a whole.
- 13. Service on Other Boards and Other Commitments.** Service as a director of the Company is a significant commitment in terms of both time and responsibility. Accordingly, each director is encouraged to limit the number of other public or private company boards on which the director serves and to be mindful of the director's other existing and planned commitments, so that such other directorships and commitments do not materially interfere with the director's service as an effective and active member of the Company's Board. The Board has adopted a policy that directors should not serve as a director of more than four public companies in addition to the Tyler Board. Directors must advise the Chairman of the Board and the Chairman of the Nominating and Corporate Governance Committee in advance of accepting an invitation to serve on another public company board or significant private company board.

BOARD OPERATING

- 14. Scheduling Board Meetings.** The Chairman of the Board in consultation with other directors will determine the timing and length of Board meetings. The Board expects that a minimum of four regular meetings per year, one in each fiscal quarter, is desirable for the performance of the Board's responsibilities. In addition to regularly scheduled meetings, special Board meetings may be called at any time in accordance with the procedures set forth in the Company's bylaws to address specific needs of the Company.
- 15.**

Establishing Board Meeting Agendas. The Chairman of the Board in consultation with executive management will establish the agenda for each Board meeting. Each Board member is free to suggest the inclusion of items on the agenda, request the presence of or a report by any member of the Company's management, or raise at any Board meeting subjects that are not on the agenda for that meeting.

A-3

Table of Contents

- 16. Meeting Attendance and Preparation.** Directors are expected to attend all Board meetings and meetings of committees on which they serve, to spend the time needed to review materials in advance of such meetings, to participate in such meetings, and to meet as frequently as necessary to properly discharge their responsibilities. In advance of each Board meeting and Board committee meeting, directors will receive the meeting agenda and other materials important to the Board's understanding of the matters to be considered. In addition, directors will periodically receive and should review materials designed to keep them well informed as to the most significant aspects of the Company's business, performance and prospects.
- 17. Access to Management.** Each director has complete and open access to the Company's executive management. Directors should inform the Chairman of the Board of any material issues they believe should be addressed directly with executive management. In addition, the Board encourages, or may require, the attendance of executive management at Board and committee meetings in order to brief the Board and its committees on particular topics. The Board encourages the Company's executive management to offer presentations at such meetings by managers who can provide additional insight into items being considered or who have potential for greater responsibility and should be given exposure to the Board.
- 18. Access to Independent Advisors.** The non-management directors as a group and each of the Board's committees have the authority to retain at any time, at the expense of the Company, independent legal, financial or other advisors if they determine such independent advice is necessary, appropriate and in the best interests of the Company and its stockholders.
- 19. Executive Sessions of Non-Management Directors.** Non-management directors will meet without management present at least twice annually at regularly scheduled executive sessions and at such other times as they may deem necessary or appropriate. The Chairman of the Nominating and Corporate Governance Committee will preside at these meetings and, as appropriate, will report the results of the meetings to the Chairman of the Board or invite the Chairman of the Board to join the executive sessions for further discussion.
- 20. External Communication.** The Board believes that it is the responsibility of the Company's executive management to speak on behalf of the Company to stockholders, analysts, the media, customers, suppliers or employees. If comments from or on behalf of the Board are appropriate under the circumstances, they should, in most cases, be made by the Chairman of the Board or his designee. In those instances in which it is necessary for an individual director to speak with such outside constituencies, it is expected that the director will do so only with the knowledge of the Chairman of the Board and, absent unusual circumstances, only at the request of the Chairman of the Board.
- 21. Annual Performance Evaluation.** The Nominating and Corporate Governance Committee will establish appropriate performance criteria and processes for, and implement and oversee, an annual performance evaluation of each director, each committee of the Board, and the Board as a whole. The Nominating and Corporate Governance Committee will report the results of these evaluations to the Board and identify opportunities to improve the effectiveness of the Board and its Committees.
- 22. New Director Orientation; Continuing Education.** The Nominating and Corporate Governance Committee will develop and oversee an orientation program for new directors. The orientation process will include comprehensive information about the Company's businesses and financial performance, as well as the policies, procedures and responsibilities of the Board and its committees. New directors will also meet with senior management and will have the opportunity to visit Company facilities. In addition, the Company will facilitate the participation of directors in relevant continuing education programs when requested by a director or when the Board concludes that such education would be of significant benefit to a director.

BOARD COMMITTEES

23. Board Committees and Responsibilities. The Board has established an Audit Committee, a Compensation Committee, an Executive Committee and a Nominating and Corporate Governance Committee. The Board of Directors may, from time to time, establish or maintain additional committees as necessary or appropriate. The Board has adopted charters for each committee (other than the Executive Committee) setting forth the purpose and responsibilities of the committee. Each committee will

A-4

Table of Contents

report to the Board on its meetings and activities at the next regularly scheduled meeting of the Board or as appropriate.

- 24. Independent Director Committee Members.** Each of the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee are comprised solely of directors who meet the applicable independence requirements of the New York Stock Exchange and any applicable law.
- 25. Assignment of Committee Members.** The Nominating and Corporate Governance Committee will make annual recommendations to the Board for committee appointments. In selecting committee members the Nominating and Corporate Governance Committee and the Board will consider several factors, including each director's interests, tenure and subject-matter expertise; the need for both continuity and fresh ideas and perspectives; and applicable requirements of the Securities and Exchange Commission, Internal Revenue Service, New York Stock Exchange and other legal requirements.
- 26. Limit on Audit Committee Memberships.** Given the significant time demands and responsibilities of serving on a public company audit committee, the Board has established a policy that no member of the Audit Committee may serve on more than two other public company audit committees.
- 27. Committee Meeting Frequency, Length and Agendas.** The Chairman of each Board committee, in consultation with the committee members and appropriate members of management, will determine the frequency and length of committee meetings and develop the agenda for each committee meeting. However, the Board expects that the Audit Committee will meet at least four times per year to review financial results prior to earnings release and in conjunction with the quarterly Board meetings to review matters as deemed appropriate.
