QUESTIONS AND ANSWERS ABOUT THE PROXY MATERIALS AND THE ANNUAL MEETING

Q: Why am I receiving these materials?

A: The Board of Directors (the Board) of Juniper Networks, Inc., a Delaware corporation (Juniper Networks or the Company), is providing these proxy materials for you in connection with Juniper Networks' annual meeting of stockholders, which will take place on May 18, 2005. As a stockholder, you are invited to attend the annual meeting and are entitled to and requested to vote on the items of business described in this proxy statement.

Q: What information is contained in this proxy statement?

A: The information included in this proxy statement relates to the proposals to be voted on at the annual meeting, the voting process, the compensation of directors and executive officers, and certain other required information.

Q: How may I obtain Juniper Networks' 10-K?

A: A copy of our 2004 Annual Report on Form 10-K is enclosed.

Stockholders may request another free copy of the 2004 Form 10-K from:

**Juniper Networks, Inc.
Attn: Investor Relations
1194 North Mathilda Avenue
Sunnyvale, CA 94089
(408) 745-2000**

A copy of our 2004 Annual Report on Form 10-K is also available on the website of the Securities and Exchange Commission. You can reach this website by going to the Investor Relations Center on our Website, and clicking on the drop-down menu labeled SEC Filings. The address of the Investor Relations Center is:

<http://www.juniper.net/company/investor>

Juniper Networks will also furnish any exhibit to the 2004 Annual Report on Form 10-K if specifically requested in writing.

Q: What items of business will be voted on at the annual meeting?

A: The items of business scheduled to be voted on at the annual meeting are:

The election of three Class III directors; and

The ratification of Ernst & Young LLP, an independent registered public accounting firm, as auditors for the 2005 fiscal year.

We will also consider other business that properly comes before the annual meeting.

Table of Contents

Q: How does the Board recommend that I vote?

A: Our Board recommends that you vote your shares **FOR** each of the nominees to the Board and **FOR** the ratification of Ernst & Young LLP, an independent registered public accounting firm as auditors for the 2005 fiscal year.

Q: What shares can I vote?

A: Each share of Juniper Networks common stock issued and outstanding as of the close of business on March 21, 2005, the *Record Date*, is entitled to be voted on all items being voted upon at the annual meeting. You may vote all shares owned by you as of this time, including (1) shares held directly in your name as the *stockholder of record* and (2) shares held for you as the *beneficial owner* through a broker, trustee or other nominee such as a bank. More information on how to vote these shares is contained in this proxy statement. On the *Record Date* we had approximately 544,176,804 shares of common stock issued and outstanding.

Q: What is the difference between holding shares as a stockholder of record and as a beneficial owner?

A: Most Juniper Networks stockholders hold their shares through a broker or other nominee rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

Stockholder of Record

If your shares are registered directly in your name with Juniper Networks' transfer agent, Wells Fargo Shareowner Services, you are considered, with respect to those shares, the *stockholder of record*, and these proxy materials are being sent directly to you by Juniper Networks. As the *stockholder of record*, you have the right to grant your voting proxy directly to Juniper Networks or to vote in person at the meeting. Juniper Networks has enclosed or sent a proxy card for you to use.

Beneficial Owner

If your shares are held in a brokerage account or by another nominee, you are considered the *beneficial owner* of shares held *in street name*, and these proxy materials are being forwarded to you together with a voting instruction card. As the beneficial owner, you have the right to direct your broker, trustee or nominee how to vote and are also invited to attend the annual meeting.

Since a beneficial owner is not the *stockholder of record*, you may not vote these shares in person at the meeting unless you obtain a legal proxy from the broker, trustee or nominee that holds your shares, giving you the right to vote the shares at the meeting. Your broker, trustee or nominee has enclosed or provided voting instructions for you to use in directing the broker, trustee or nominee how to vote your shares.

Q: How can I attend the annual meeting?

A: You are entitled to attend the annual meeting only if you were a Juniper Networks stockholder as of the close of business on March 21, 2005 or you hold a valid proxy for the annual meeting. You should be prepared to present valid government-issued photo identification for admittance. In

addition, if you are a stockholder of record, your name will be verified against the list of stockholders of record on the record date prior to your being admitted to the annual meeting. If you are not a stockholder of record but hold shares through a broker or nominee (i.e., in street name), you should provide proof of beneficial ownership on the record date, such as your most recent account statement prior to March 21, 2005, a copy of the voting instruction card provided by your broker, trustee or nominee, or other similar evidence of ownership. If you do not provide valid government-issued photo identification or comply with the other procedures outlined above upon request, you will not be admitted to the annual meeting.

The meeting will begin promptly at 9:00 a.m., local time. Check-in will begin at 8:30 a.m., and you should allow ample time for the check-in procedures.

Q: How can I vote my shares in person at the annual meeting?

A: Shares held in your name as the stockholder of record may be voted in person at the annual meeting. Shares held beneficially in street name may be voted in person only if you obtain a legal proxy from the broker, trustee or nominee that holds your shares giving you the right to vote the shares. *Even if you plan to attend the annual meeting, you may also submit your proxy or voting instructions as described below so that your vote will be counted if you later decide not to attend the meeting.*

Q: How can I vote my shares without attending the annual meeting?

A: Whether you hold shares directly as the stockholder of record or beneficially in street name, you may direct how your shares are voted without attending the meeting. If you are a stockholder of record, you may vote by submitting a proxy. If you hold shares beneficially in street name, you may vote by submitting voting instructions to your broker, trustee or nominee. For directions on how to vote, please refer to the instructions below and those included on your proxy card or, for shares held beneficially in street name, the voting instruction card provided by your broker, trustee or nominee.

By Internet Stockholders of record of Juniper Networks common stock with Internet access may submit proxies by following the **Vote by Internet** instructions on their proxy cards. Most Juniper Networks stockholders who hold shares beneficially in street name may vote by accessing the website specified on the voting instruction cards provided by their brokers, trustee or nominees. Please check the voting instruction card for Internet voting availability.

By Telephone Stockholders of record of Juniper Networks common stock who live in the United States or Canada may submit proxies by following the **Vote by Phone** instructions on their proxy cards. Most Juniper Networks stockholders who hold shares beneficially in street name and live in the United States or Canada may vote by phone by calling the number specified on the voting instruction cards provided by their brokers, trustee or nominees. Please check the voting instruction card for telephone voting availability.

By Mail Stockholders of record of Juniper Networks common stock may submit proxies by completing, signing and dating their proxy cards and mailing them in the accompanying pre-addressed envelopes. Juniper Networks stockholders who hold shares beneficially in street name may vote by mail by completing, signing and dating the voting instruction cards provided and mailing them in the accompanying pre-addressed envelopes.

Table of Contents

Q: Can I change my vote or otherwise revoke my proxy?

A: You may change your vote at any time prior to the vote at the annual meeting. If you are the stockholder of record, you may change your vote by granting a new proxy bearing a later date (which automatically revokes the earlier proxy), by providing a written notice of revocation to the Juniper Networks corporate Secretary prior to your shares being voted, or by attending the annual meeting and voting in person. Attendance at the meeting will not cause your previously granted proxy to be revoked unless you specifically so request. For shares you hold beneficially in street name, you may change your vote by submitting new voting instructions to your broker, trustee or nominee, or, if you have obtained a legal proxy from your broker or nominee giving you the right to vote your shares, by attending the meeting and voting in person.

Q: Is my vote confidential?

A: Proxy instructions, ballots and voting tabulations that identify individual stockholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed either within Juniper Networks or to third parties, except: (1) as necessary to meet applicable legal requirements, (2) to allow for the tabulation of votes and certification of the vote, and (3) to facilitate a successful proxy solicitation.

Q: How many shares must be present or represented to conduct business at the annual meeting?

A: The quorum requirement for holding the annual meeting and transacting business is that holders of a majority of shares of Juniper Networks common stock entitled to vote must be present in person or represented by proxy. Both abstentions and broker non-votes are counted for the purpose of determining the presence of a quorum.

Q: Will my shares be voted if I do not return my proxy card?

A: If your shares are held in street name, your broker may, under certain circumstances, vote your shares. Brokerage firms have authority to vote client's unvoted shares on some routine matters. If you do not give a proxy to vote your shares, your broker may either (1) vote your shares on routine matters or (2) leave your shares unvoted. In addition, the terms of the agreement with your broker may grant your broker discretionary authority to vote your shares.

Q: How are votes counted?

A: In the election of directors, you may vote FOR all of the nominees or your vote may be WITHHELD with respect to one or more of the nominees.

For the other items of business, you may vote FOR, AGAINST or ABSTAIN. If you ABSTAIN, the abstention has the same effect as a vote AGAINST. If you provide specific instructions with regard to certain items, your shares will be voted as you instruct on such items. If you sign your proxy card or voting instruction card without giving specific instructions, your shares will be voted in accordance with the recommendations of the Board (FOR all of Juniper Networks' nominees to the Board and FOR ratification of the independent auditors).

Table of Contents

Q: What is the voting requirement to approve each of the proposals?

A: In the election of directors, the three nominees receiving the highest number of FOR votes at the annual meeting will be elected. The proposal for ratification of the independent auditors requires the affirmative FOR vote of a majority of those shares present in person or represented by proxy and entitled to vote on that proposal at the annual meeting. If you hold shares beneficially in street name and do not provide your broker with voting instructions, your shares may constitute broker non-votes. Generally, broker non-votes occur on a matter when a broker is not permitted to vote on that matter without instructions from the beneficial owner and instructions are not given. In tabulating the voting result for any particular proposal, shares that constitute broker non-votes are not considered entitled to vote on that proposal. Thus, broker non-votes will not affect the outcome of any matter being voted on at the meeting, assuming that a quorum is obtained. Abstentions have the same effect as votes against the matter.

Q: Is cumulative voting permitted for the election of directors?

A: No. Each share of common stock outstanding as of the close of business on the Record Date is entitled to one vote.

Q: What happens if additional matters are presented at the annual meeting?

A: Other than the two items of business described in this proxy statement, we are not aware of any other business to be acted upon at the annual meeting. If you grant a proxy using the enclosed form, the persons named as proxyholders, Robert Dykes and Mitchell Gaynor, will have the discretion to vote your shares on any additional matters properly presented for a vote at the meeting. If for any unforeseen reason any of our nominees is not available as a candidate for director, the persons named as proxy holders will vote your proxy for such other candidate or candidates as may be nominated by the Board of Directors.

Q: What should I do if I receive more than one set of voting materials?

A: You may receive more than one set of voting materials, including multiple copies of this proxy statement and multiple proxy cards or voting instruction cards. For example, if you hold your shares in more than one brokerage account, you may receive a separate voting instruction card for each brokerage account in which you hold shares. If you are a stockholder of record and your shares are registered in more than one name, you will receive more than one proxy card. Please complete, sign, date and return each proxy card and voting instruction card that you receive.

Q: How may I obtain a separate set of voting materials?

A: If you share an address with another stockholder, you may receive only one set of proxy materials (including our letter to stockholders, 2004 Annual Report on Form 10-K and proxy statement) unless you have provided contrary instructions. If you wish to receive a separate set of proxy materials now or in the future, you may write or call us to request a separate copy of these materials from:

Juniper Networks, Inc.
Attn: Investor Relations
1194 North Mathilda Avenue
Sunnyvale, CA 94089

<http://www.juniper.net/company/investor>

Similarly, if you share an address with another stockholder and have received multiple copies of our proxy materials, you may write or call us at the above address and phone number to request delivery of a single copy of these materials.

Q: Who will bear the cost of soliciting votes for the annual meeting?

A: Juniper Networks is making this solicitation and will pay the entire cost of preparing, assembling, printing, mailing and distributing these proxy materials and soliciting votes. If you choose to access the proxy materials and/or vote over the Internet, you are responsible for Internet access charges you may incur. If you choose to vote by telephone, you are responsible for telephone charges you may incur. In addition to the mailing of these proxy materials, the solicitation of proxies or votes may be made in person, by telephone or by electronic communication by our directors, officers and employees, who will not receive any additional compensation for such solicitation activities. We also have hired Morrow & Co. to assist us in the distribution of proxy materials and the solicitation of votes described above. We will pay Morrow & Co. a fee of \$8000 plus customary costs and expenses for these services. Upon request, we will also reimburse brokerage houses and other custodians, nominees and fiduciaries for forwarding proxy and solicitation materials to stockholders.

Q: Where can I find the voting results of the annual meeting?

A: We intend to announce preliminary voting results at the annual meeting and publish final results in our quarterly report on Form 10-Q for the second quarter of 2005.

Q: What is the deadline to propose actions for consideration or to nominate individuals to serve as directors?

A: Although the deadline for submitting proposals or director nominations for consideration at the 2005 annual meeting has passed, you may submit proposals, including director nominations, for consideration at future stockholder meetings.

Stockholder Proposals: For a stockholder proposal to be considered for inclusion in Juniper Networks proxy statement for the annual meeting next year, the written proposal must be received by the Corporate Secretary of Juniper Networks at our principal executive offices no later than December 14, 2005. If the date of next year's annual meeting is moved more than 30 days before or after the anniversary date of this year's annual meeting, the deadline for inclusion of proposals in Juniper Networks proxy statement is instead a reasonable time before Juniper Networks begins to print and mail its proxy materials. Such proposals also will need to comply with Securities and Exchange Commission regulations under Rule 14a-8 regarding the inclusion of stockholder proposals in company-sponsored proxy materials. Proposals should be addressed to:

Juniper Networks, Inc.
Attn: Corporate Secretary
1194 North Mathilda Avenue
Sunnyvale, CA 94089
Fax: (408) 745-2100

Table of Contents

For a stockholder proposal that is not intended to be included in Juniper Networks' proxy statement under Rule 14a-8, the stockholder must deliver a proxy statement and form of proxy to holders of a sufficient number of shares of Juniper Networks common stock to approve that proposal, provide the information required by the bylaws of Juniper Networks and give timely notice to the Corporate Secretary of Juniper Networks in accordance with the bylaws of Juniper Networks, which, in general, require that the notice be received by the Corporate Secretary of Juniper Networks not later than the close of business on December 14, 2005.

If the date of the stockholder meeting is moved more than 30 days before or 60 days after the anniversary of the Juniper Networks annual meeting for the prior year, then notice of a stockholder proposal that is not intended to be included in Juniper Networks' proxy statement under Rule 14a-8 must be received no earlier than the close of business 120 days prior to the meeting and no later than the close of business on the later of the following two dates:

90 days prior to the meeting; and

10 days after public announcement of the meeting date.

Recommendation and Nomination of Director Candidates: The Nominating and Corporate Governance Committee will consider both recommendations and nominations for candidates to the Board of Directors from Qualifying Stockholders. A Qualifying Stockholder is a stockholder that has owned for a period of one year prior to the date of the submission of the recommendation through the time of submission of the recommendation at least 1% of the total common stock of the Company outstanding as of the last day of the calendar month preceding the submission. A Qualifying Stockholder that desires to recommend a candidate for election to the Board of Directors must direct the recommendation in writing to Juniper Networks, Inc., Corporate Secretary, 1194 North Mathilda Avenue, Sunnyvale, California 94089-1206, and must include the candidate's name, home and business contact information, detailed biographical data and qualifications, information regarding any relationships between the candidate and the Company within the last three years, written evidence that the candidate is willing to serve as a director of the Company if nominated and elected and evidence of the nominating person's ownership of Company stock.

A stockholder that instead desires to nominate a person directly for election to the Board of Directors must meet the deadlines and other requirements set forth in Section 2.5 of the Amended and Restated Bylaws and the rules and regulations of the Securities and Exchange Commission. To be timely, such stockholder's notice must be delivered to or mailed and received by the secretary of the Company not less than one hundred twenty (120) days prior to the date of the Company's proxy statement released to stockholders in connection with the Company's previous year's annual meeting of stockholders. To be in proper form, a stockholder's notice to the secretary shall set forth:

(i) the name and address of the stockholder who intends to make the nominations, propose the business, and, as the case may be, the name and address of the person or persons to be nominated or the nature of the business to be proposed;

(ii) a representation that the stockholder is a holder of record of stock of the Company entitled to vote at such meeting and, if applicable, intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice or introduce the business specified in the notice;

Table of Contents

(iii) if applicable, a description of all arrangements or understandings between the stockholder and each nominee and any other person or persons (naming such person or persons) pursuant to which the nomination or nominations are to be made by the stockholder;

(iv) such other information regarding each nominee or each matter of business to be proposed by such stockholder as would be required to be included in a proxy statement filed pursuant to the proxy rules of the Securities and Exchange Commission had the nominee been nominated, or intended to be nominated, or the matter been proposed, or intended to be proposed by the Board of Directors; and

(v) if applicable, the consent of each nominee to serve as director of the Company if so elected.

Copy of Bylaws: You may contact the Juniper Networks Corporate Secretary at our principal executive offices for a copy of the relevant bylaw provisions regarding the requirements for making stockholder proposals and nominating director candidates.

Having such principles is essential to running our business efficiently and to maintaining our integrity in the marketplace. Juniper Networks Corporate Governance Standards and Worldwide Code of Business Conduct and Ethics applicable to all Juniper Networks employees, officers, directors, contractors and agents are available at <http://www.juniper.net/company/investor/>. Our Worldwide Code of Business Conduct and Ethics complies with the rules of the SEC, the listing standards of the Nasdaq National Market and Rule 406 of the Sarbanes-Oxley Act of 2002. Concerns are reviewed by the Audit Committee and handled in accordance with procedures established by the Audit Committee with respect to such matters.

Board Independence

The Board has determined that, except for Scott Kriens and Pradeep Sindhu, each of whom is an executive officer of the company, each of the current directors has no material relationship with Juniper Networks (either directly or as a partner, shareholder or officer of an organization that has a material relationship with Juniper Networks) and is independent within the meaning of the NASDAQ Stock Market, Inc. ("Nasdaq") director independence standards. Furthermore, the Board has determined that each of the members of each of the committees of the Board has no material relationship with Juniper Networks (either directly or as a partner, stockholder or officer of an organization that has a material relationship with Juniper Networks) and is independent within the meaning of the NASDAQ director independence standards, including in the case of the members of the Audit Committee, the heightened independence standard required for such committee members set forth in the applicable SEC rules.

In addition, the Board has a Stock Committee comprised of the Chief Executive Officer and Chief Financial Officer. The Stock Committee has authority to grant stock options to employees who are not executive officers. During 2004, the Stock Committee held no meetings, and took action only by written consent. The Board has also established special litigation and securities pricing committees for specific purposes, such as oversight of securities litigation matters or the issuance of securities. None of the special committees met during 2004. During 2004, each director attended at least 75% of all Board and applicable committee meetings except Mr. Hearst, who attended 74% (14 meetings) of the applicable meetings and Mr. Slavos who attended 56%.

The charter of the Nominating and Governance Committee is available at <http://www.juniper.net/company/investor/>.

Identification and Evaluation of Nominees for Directors

The Nominating and Corporate Governance Committee's criteria and process for evaluating and identifying the candidates that it selects, or recommends to the full Board for selection, as director nominees, are as follows:

The Committee regularly reviews the current composition and size of the Board.

The Committee reviews the qualifications of any candidates who have been properly recommended or nominated by a stockholder, as well as those candidates who have been identified by management, individual members of the Board of Directors or, if the Committee determines, a search firm. Such review may, in the Committee's discretion, include a review solely of information provided to the Committee or may also include discussions with persons familiar with the candidate, an interview with the candidate or other actions that the Committee deems proper.

The Committee evaluates the performance of the Board as a whole and evaluates the performance and qualifications of individual members of the Board eligible for re-election at the annual meeting of stockholders.

The Committee considers the suitability of each candidate, including the current members of the Board, in light of the current size and composition of the Board. In evaluating the qualifications of the candidates, the Committee considers many factors, including, issues of character, judgment, independence, age, expertise, diversity of experience, length of service, other commitments, ability to serve on committees of the Board and the like. The Committee evaluates such factors, among others, and does not assign any particular weighting or priority to any of these factors. The Committee considers each individual candidate in the context of the current perceived needs of the Board as a whole. While the Committee has not established specific minimum qualifications for Director candidates, the Committee believes that candidates and nominees must reflect a Board that is comprised of directors who (i) are predominantly independent, (ii) are of high integrity, (iii) have qualifications that will increase overall Board effectiveness and (iv) meet other

requirements as may be required by applicable rules, such as financial literacy or financial expertise with respect to audit committee members.

In evaluating and identifying candidates, the Committee has the authority to retain and terminate any third party search firm that is used to identify director candidates, and has the authority to approve the fees and retention terms of any search firm.

After such review and consideration, the Committee selects, or recommends that the Board of Directors select, the slate of director nominees, either at a meeting of the Committee at which a quorum is present or by unanimous written consent of the Committee.

Mr. Marshall was appointed to the Board in 2004 in connection with our acquisition of NetScreen Technologies, Inc. and was recommended to the Nominating and Corporate Governance Committee by our Chief Executive Officer.

Each of the nominees for reelection at the 2005 Annual Meeting was evaluated by the Nominating and Corporate Governance Committee, recommended by the committee to the Board for nomination and nominated by the Board for reelection.

Employment Agreements

The Company entered into a change of control agreement with Mr. Kriens on October 1, 1996, which provides that he will be entitled to base compensation and benefit payments for a period of three months in the event that his employment is terminated in connection with a change of control of Juniper Networks. Further, Mr. Kriens' restricted stock would be released from any repurchase option and his stock options would become vested and exercisable as to an additional amount equal to that amount which would have vested and become exercisable had Mr. Kriens remained employed for a period of 18 months following the change of control. If his employment continues following a change of control, his stock options will be vested and exercisable at a rate 1.5 times the rate otherwise set forth in the stock option agreement for a period of twelve months following the change of control. Under the employment agreement, Mr. Kriens is entitled to receive three months' base compensation and benefits, regardless of whether there is a change of control, in the event that his employment is involuntarily terminated. Upon involuntary termination, and regardless of whether there has been a change of control, Mr. Kriens' restricted stock and stock options would become immediately vested and exercisable as to an additional amount equal to the number of stock options which would have become vested and exercisable during the three-month period following the involuntary termination had Mr. Kriens remained employed by the Company.

The Company entered into an Amendment and Assumption Agreement with Krishna Kittu Kolluri on April 15, 2004 in connection with the Company's acquisition of NetScreen Technologies, Inc. Pursuant to the Amendment and Assumption Agreement, Mr. Kolluri agreed that the commencement of his employment with the Company upon the closing of the NetScreen acquisition did not constitute (i) Good Reason, as defined in Section 5.5b of Mr. Kolluri's Employment Agreement with NetScreen, for a voluntary termination of Employee's employment, (ii) any other type of constructive termination or (iii) grounds for termination without cause under Mr. Kolluri's employment agreement. Pursuant to Mr. Kolluri's employment agreement, as amended, Mr. Kolluri is eligible for a bonus of up to 100% of his base salary pursuant to Juniper Networks' Executive Officer Incentive Plan. The employment agreement, as amended, in connection with NetScreen's acquisition of Neoteris, Inc., also provides for a grant of options to purchase 200,000 shares of NetScreen's

common stock and makes Mr. Kolluri eligible to receive a bonus of up to \$200,000, partially payable upon on the completion of performance objectives. If Mr. Kolluri is terminated without cause or terminates his employment for good reason (in each case, as defined in the amended employment agreement) within 24 months of the effectiveness of Net Screen's acquisition of Neoteris, he will be entitled to the continuation of his base salary (payable in accordance with usual payroll practice) and health insurance coverage for a period of six months.

BOARD COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

Compensation Committee

The Compensation Committee is comprised of three independent, non-employee members of the Board of Directors, as defined by the Nasdaq rules. None of the members have interlocking compensation committee relationships as defined by the Securities and Exchange Commission. The Compensation Committee is responsible for reviewing and approving the annual base salary, the annual incentive bonus, including the specific goals and amounts, equity compensation and other benefits or compensation arrangements of the Company's Chief Executive Officer and its other executive officers.

Compensation Philosophy

The Compensation Committee recognizes that in order for the Company to successfully develop, introduce, market and sell products, the Company must be able to attract, retain and reward qualified executive officers who will be able to operate effectively in a high growth, complex environment. In that regard, the Company must offer compensation that (a) is competitive in the industry; (b) motivates executive officers to achieve the Company's strategic business objectives; and (c) aligns the interests of executive officers with the long-term interests of stockholders.

The Company provides its executive officers with a compensation package consisting of base salary, performance-based incentive pay, stock options and participation in benefit plans generally available to other employees. The Compensation Committee's intention is to adopt compensation programs that encourage creation of long-term value for stockholders, employee retention, and equity ownership through stock option grants. The Compensation Committee's approach is predicated upon the philosophy that a substantial portion of aggregate annual compensation for executive officers should be contingent upon the Company's overall performance and an individual's contribution to the Company's success in meeting certain critical objectives. In this regard, the Compensation Committee has tended to target base salary at approximately the 50th percentile relative to peer companies. Incentive compensation and long term equity awards are intended to target overall compensation at between the 50th and 75th percentile, although changes in the market price of the Company's common stock can result in total compensation outside the target range. As the Compensation Committee applies these compensation philosophies in determining appropriate executive compensation levels and other compensation factors, the Compensation Committee reaches its decisions with a view towards maximizing the Company's overall performance.

The Compensation Committee considers market information about its peer companies from published survey data provided to the Compensation Committee by the Company's human resources staff. The market data consists primarily of base salary and total cash compensation rates, as well as incentive bonus and stock programs of other companies considered by the Compensation Committee to be peers in the Company's

Table of Contents

industry. In addition, for determining 2004 compensation (including cash and equity compensation), the Compensation Committee retained an executive compensation consultant. The compensation consultant provided data from a selected peer group of 13 computer, networking and telecommunications companies as well as from broad high technology industry companies with revenues of \$250 million to \$1 billion.

Since the Company's 2004 Annual Meeting of Stockholders, the Compensation Committee has not structured such compensation arrangements so as to qualify them for deductibility under Section 162(m) of the Internal Revenue Code.

Executive Officer Compensation

Base Salary. For 2004, the Compensation Committee evaluated the base salaries of the executive officers relative to the peer companies as well as their individual performance. The Compensation Committee determined that, in several cases, the compensation to Juniper Networks executives was below the industry's 50th percentile for base cash compensation. To bring the salary standard into this target range, Mr. Kriens' and Mr. Gani's base salary levels were increased \$150,000 and \$50,000, respectively. With respect to the other executive officers, the Compensation Committee determined that increases in base salary of between \$0 and \$15,000 were merited.

Management Incentive Plan. The Company has an executive incentive bonus plan applicable to the Section 16 reporting officers. Under the 2004 executive incentive plan, each participant had a target incentive equal to 100% of base salary. The incentive bonus was primarily based upon the achievement of Company revenue and earnings targets. Below a specified level, no bonus would have been earned. Achievement of revenue and earnings in excess of the targets could result in a greater than target bonus, up to a maximum amount. In addition, regardless of the amount of achievement, no bonus would be paid if the Company failed to expand its business into new growth areas. The amount determined based on achievement of the corporate goals was then subject to a further increase or decrease by up to an additional 20 percentage points depending on the performance of the Company's stock price relative to the stock prices of certain designated publicly-traded companies and by up to 10 percentage points based on the achievement of individual objectives specified for each executive. Most, but not all, of the companies included in the stock performance peer group were also included in the 13 companies surveyed with respect to compensation information. The acquisition of NetScreen Technologies, Inc. in April 2004 satisfied the expansion into new areas requirement. Furthermore, as a result of this acquisition, the Compensation Committee in the middle of 2004 increased the revenue and earnings targets and made several changes to the stock performance peer company list. Based on the Company's actual 2004 financial results, the 2004 corporate goal attainment component (consisting of the achievement of the revised revenue and earnings targets) of the bonus was 100.27%. In 2004, the peer company performance measure resulted in a 20 percentage point increase in the bonus payments. Achievement of the individual performance objectives in 2004 ranged from between 92% and 95%. As a result, the payments under the executive incentive plan ranged between 126% and 128% of base salary.

In connection with the acquisition of Neoteris, NetScreen established a merger bonus for Mr. Kolluri pursuant to which he was eligible for a bonus of up to \$200,000 based on achievement of specified business objectives. The Compensation Committee determined that these objectives were fully achieved and awarded the \$200,000 bonus to Mr. Kolluri.

Stock Option Grants. Grants of stock options to executive officers are based upon each executive officer's relative position, responsibilities, historical and expected contributions to the Company, and the executive officer's existing stock ownership and previous option grants. Stock options are granted at the fair

Table of Contents

market value on the date of grant and will provide value to the executive officers only when the price of the Company's common stock increases over the exercise price.

Chief Executive Officer Compensation

In 2004, the Compensation Committee determined that Mr. Kriens' base salary was substantially below comparative data, at the targeted 50th percentile level, and required adjustment. As a result, effective for fiscal year 2004, the Compensation Committee increased the base salary of Mr. Kriens to \$425,000 with a target bonus percentage of 100% of base salary.

Consistent with the Company's philosophy to provide long-term incentive in the form of stock options, Mr. Kriens received an option in 2004 exercisable for 750,000 shares of Company common stock at an exercise price of \$28.17. The options granted to Mr. Kriens vest over a four-year period in accordance with the terms of the Company's standard vesting schedule.

Mr. Kriens executive incentive bonus for 2004 was based on the same criteria as described above. Based on Company performance and achievement of 93% of his individual objectives, Mr. Kriens was awarded a bonus of \$539,077, which represented a payout at 127% of target. The Company also reimburses Mr. Kriens for operating expenses associated with the use of private aircraft for business purposes up to a maximum amount per year.
