REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Administrative Committee

ACS Savings Plan

We have audited the accompanying statements of net assets available for benefits of the ACS Savings Plan (the Plan) as of December 31, 2004 and 2003, and the related statements of changes in net assets available for benefits for the year ended December 31, 2004. These financial statements are the responsibility of the Plan s management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan s internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2004 and 2003, and the changes in its net assets available for benefits for the year ended December 31, 2004, in conformity with U.S. generally accepted accounting principles.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules on pages 15 and 16, together referred to as supplemental information, are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor s *Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974*. The supplemental information is the responsibility of the Plan s management. The supplemental information has been subjected to auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2004 AND 2003

NOTE 1. PLAN DESCRIPTION (CONTINUED)

Participant Loans

Participants may borrow from their fund accounts, through a loan transaction, a minimum of \$1,000 or up to a maximum of \$50,000 not to exceed 50% of their account balance.

The balance in the participant's account is used to secure the loans. These loan transactions are treated as a transfer between the investment fund and the participant notes fund. The loan terms range from one to five years or within a reasonable time if the purpose of the loan is to acquire a primary residence. The interest rate on loan transactions is commensurate with current rates. As of December 31, 2004, interest rates on outstanding loan balances ranged from 4.0% to 11.50%. Total loans outstanding as of December 31, 2004 and 2003 were \$13,292,022 and \$10,920,959, respectively.

Principal and interest are paid ratably through payroll deductions. Participant notes receivable are valued at cost, which approximates fair values. A participant may not have more than two loans outstanding at the same time.

Termination

Although it has not expressed any intent to do so, the Company's Board of Directors may terminate the Plan at any time. Upon termination, the Board of Directors may elect to distribute to each participant, or his or her beneficiary, the proportionate share of the Plan's assets as determined by the individual account balances on the date of termination, or continue the existence of the trust for the purpose of paying benefits as they become due under the terms of the Plan. In addition, upon termination of the Plan, the participants' vested interest in employer contributions shall be 100%.

Upon termination of service, a participant may elect to receive a lump-sum amount equal to the value of his or her account.

Forfeitures

Forfeitures are used to reduce employer matching or profit sharing contributions or plan administrative expenses. At December 31, 2004, the Plan maintained a balance of \$1,185,779 in forfeited non-vested accounts and utilized \$5,454 in forfeitures to offset employer contributions.

Plan Administrative Costs

The Plan sponsor absorbs the portion of administrative costs of the Plan not paid by forfeitures.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of significant accounting policies of the Plan is presented to assist in understanding the financial statements. The financial statements and notes are representations of the Plan's administrator, who is responsible for their integrity and objectivity. The accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the financial statements.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, such as fair value. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Fidelity Management Trust Company (Fidelity) holds the Plan's investments. The fair value per unit/share is stated at quoted market prices. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

The Plan presents, in the Statement of Changes in Net Assets Available for Benefits, the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains (losses) and the unrealized appreciation (depreciation) on those investments.

Payment of Benefits

Benefit payments are recorded when paid.

NOTE 3. INCOME TAX STATUS

The Plan obtained its latest determination letter on May 7, 2003, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Table of ContentsACS SAVINGS PLANNOTES TO FINANCIAL STATEMENTSDECEMBER 31, 2004 AND 2003NOTE 4. INVESTMENTS

The Plan maintains the following investments representing 5% or more of net assets available for benefits at December 31, 2004 and 2003:

The Plan invests in various investment securities which, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Further, due to the level of risk associated with certain investment securities it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

During the year ended December 31, 2004, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$38,658,185 as follows:
