ABOUT THE MEETING

Who Can Vote

The record date for the determination of holders of the Company's Common Stock, par value \$0.01 per share, which we refer to as our Common Stock, entitled to notice of and to vote at the meeting, or any adjournment or postponement of the meeting, is the close of business on June 11, 2008. In this proxy statement, we refer to this date as the record date. As of the record date, there were 43,455,408 shares of our Common Stock issued and outstanding and entitled to vote at the meeting. Our stock transfer books will not be closed in connection with the meeting. Our Common Stock is listed on the New York Stock Exchange, or NYSE, under the symbol EXP.

How Proxies Will be Voted

Shares represented by valid proxies will be voted at the meeting in accordance with the directions given. If the enclosed proxy card is signed and returned without any direction given, the shares will be voted **for** election of the nominees for director named in the proxy and approval of the expected appointment of Ernst & Young LLP as the Company's independent auditors. The Board of Directors does not intend to present, and has no information indicating that others will present, any business at the annual meeting other than as set forth in the attached Notice of Annual Meeting of Stockholders. However, if other matters requiring the vote of the Company's stockholders properly come before the meeting, it is the intention of the persons named in the accompanying form of proxy to vote the proxies held by them in accordance with their best judgment in such matters.

How to Revoke Your Proxy

You have the unconditional right to revoke your proxy at any time prior to the voting thereof by submitting a later-dated proxy, by attending the meeting and voting in person, or by written notice to us addressed to: Eagle Materials Inc., Attention: James H. Graass, Secretary, 3811 Turtle Creek Blvd., Suite 1100, Dallas, Texas 75219-4487. No such revocation shall be effective, however, unless and until received by the Company at or prior to the meeting.

Quorum and Required Vote

The presence at the meeting, in person or represented by proxy, of the holders of a majority of the voting power of the shares of capital stock of the Company entitled to vote on any matter shall constitute a quorum for purposes of such matter. Abstentions and broker non-votes will be counted as present for the purpose of establishing a quorum. Each Class II director will be elected by a plurality of votes cast at the meeting by holders of Common Stock. Abstentions and broker non-votes will not affect the outcome of the election of directors. The affirmative vote of the holders of a majority of the shares of Common Stock present in person or represented by proxy at the meeting is required to approve the expected appointment by our Board of Directors of Ernst & Young LLP as our independent auditors for the fiscal year ending March 31, 2009. The holders of Common Stock will be entitled to one vote per share upon the election of directors and each other matter that may properly be brought before the meeting or any adjournment thereof. There is no cumulative voting. Abstentions and broker non-votes will have the same effect as votes against the approval of the expected appointment of Ernst & Young LLP as our independent auditors for the fiscal year ending March 31, 2009.

Expenses of Soliciting Proxies

The cost of soliciting proxies for the meeting will be borne by the Company. Solicitations may be made on behalf of our Board of Directors by mail, personal interview, telephone or other electronic means by officers and other employees of the Company, who will receive no additional compensation therefor. To aid in the solicitation of proxies, we have retained the firm of Georgeson Shareholder Communications, Inc., which will receive a fee of approximately \$8,500, in addition to the reimbursement of out-of-pocket expenses. We will request banks, brokers, custodians, nominees, fiduciaries and other record holders to forward copies of this proxy statement to persons on whose behalf they hold shares of Common Stock and to request authority for the exercise of proxies by the record holders on behalf of those persons. In compliance with the regulations of the Securities and Exchange Commission, or SEC, and the NYSE, we will reimburse such persons for reasonable expenses incurred by them in forwarding proxy materials to the beneficial owners of our Common Stock.

How You Can Vote

You can vote your shares at the meeting or by telephone, over the Internet or by completing, signing, dating and returning your proxy in the enclosed envelope.

Table of Contents

ITEM 1: ELECTION OF DIRECTORS AND RELATED MATTERS

General

Our Board of Directors is the ultimate decision-making body of the Company except with respect to those matters reserved to our stockholders. The primary responsibilities of our Board include:

the selection, compensation and evaluation of our Chief Executive Officer and oversight over succession planning;

oversight of our strategic planning;

approval of all our material transactions and financings;

providing assurance that processes are in place to promote compliance with law and high standards of business ethics;

advising management on major issues that may arise; and

evaluating the performance of the Board and its committees, and making appropriate changes where necessary.

Members of our Board of Directors are divided into three classes based on their term of office (Class I, II and III). The directors in each such class hold office for staggered terms of three years each. At present, we have three Class I directors, three Class II directors and three Class III directors.

The following table shows the composition of our Board after the annual meeting, assuming the election of the proposed slate of director nominees:

Class	Directors
<i>Class I:</i> Term expires at the 2010 annual meeting and every three years thereafter	Robert L. Clarke Frank W. Maresh Steven R. Rowley
<i>Class II:</i> Term expires at the 2011 annual meeting and every three years thereafter	Laurence E. Hirsch Michael R. Nicolais Richard R. Stewart
<i>Class III:</i> Term expires at the 2009 annual meeting and every three years thereafter	F. William Barnett O.G. Dagnan David W. Quinn

Director Independence

NYSE corporate governance rules require that our Board of Directors be comprised of a majority of independent directors. Our Board of Directors has determined, upon the recommendation of our Corporate Governance and Nominating Committee, that all members of our Board of Directors, other than Mr. Rowley, are independent within the meaning of the independence requirements of the Securities Exchange Act of 1934, as amended, which we refer to as the Exchange Act, and the corporate governance rules of the NYSE.

In determining that eight of our directors are independent, our Board of Directors considered the following facts: Messrs. F. William Barnett, Robert L. Clarke, Richard R. Stewart and Frank W. Maresh have no relationship with the Company or its management that potentially affects their independence.

From 1987 until his retirement in March 2002, Mr. David W. Quinn was an officer of Centex Corporation, our former parent, which we refer to as Centex. Because it has been over five years since his retirement as an officer of Centex and in light of the absence of any other material relationship with the Company (other than as a director of the Company), our Board of Directors has determined that Mr. Quinn has no material relationship

with the Company.

From 1985 until his retirement in March 2004, Mr. Laurence E. Hirsch was an officer of Centex. Mr. Hirsch was also our interim Chief Executive Officer for approximately six months from April 2003 until September 2003 prior to the appointment of Mr. Rowley as Chief Executive Officer in September 2003. Because it has been over four years since his retirement from Centex, because he served as an officer of the Company merely in an interim capacity, and in light of the absence of any other material relationship with the Company (other than as a director of the Company), our Board of Directors has determined that Mr. Hirsch has no material relationship with the Company.

Table of Contents

Mr. O.G. Dagnan is a former Chief Executive Officer of the Company who retired as an officer and employee of the Company in July 1999, and has had no relationship with the Company since that time (other than as a director of the Company). Mr. Dagnan was granted certain stock options by the Company during the time he served as an executive officer, the last of which were exercised in 2002. Because of the length of time since his retirement from the Company, and in light of the absence of any compensatory or other arrangements between the Company and Mr. Dagnan since the date of his retirement (other than compensation for his services as a director and the exercised stock options described above), our Board of Directors has determined that Mr. Dagnan has no material relationship with the Company.

Mr. Michael R. Nicolais entered into an employment relationship with a company owned by another member of our Board of Directors, Laurence E. Hirsch, in 2004. In particular, in April 2004, Mr. Nicolais accepted employment as president of Highlander Partners L.P., or Highlander, a private investment partnership of which Mr. Hirsch is the sole equity owner. In view of, among other things: (1) the fact that Mr. Nicolais has never served as an officer or employee of the Company or any of its parents or subsidiaries; (2) the fact that the employment relationship between Mr. Nicolais and Highlander commenced after the completion of the spin-off of the Company from Centex and after the date Mr. Hirsch retired as an executive officer and director of Centex; (3) the fact that the investment services provided by Mr. Nicolais to Highlander are largely unrelated to the Company (except to the extent that such services involve investment services relating to a portion of the shares of our Common Stock beneficially owned by Mr. Hirsch); and (4) the fact that, as described above, our Board of Directors has determined that Mr. Hirsch himself has no material relationship with the Company, our Board of Directors determined that Mr. Nicolais has no material relationship with the Company.

Nominees

Each of the nominees listed below is currently a member of our Board of Directors. Each of these nominees has been recommended for nomination by our Corporate Governance and Nominating Committee after considering the criteria described below under the heading Corporate Governance and Nominating Committee. We have no reason to believe that any of the listed nominees will become unavailable for election, but if for any reason that should be the case, proxies may be voted for substitute nominees. A plurality of votes cast by the holders of our Common Stock will be required to elect the nominees for director.

Recommendation of the Board

Our Board of Directors recommends that holders of Common Stock vote for the election of the nominees listed below to serve as Class II directors for a three-year term ending at our 2011 annual meeting of stockholders:

Laurence E. Hirsch

Michael R. Nicolais

Richard R. Stewart

Set forth below is information about the nominees standing for election at our 2008 annual meeting, as well as our continuing directors whose terms of office do not expire at such annual meeting. Board Meetings and Attendance Records

During the Company's fiscal year ended March 31, 2008, our Board of Directors held four regularly scheduled meetings and no special meetings. Our Board also acted on one occasion by unanimous written consent. During such fiscal year, all of the incumbent directors attended all of the meetings of the Board and committees of the Board on which they served. In accordance with our policy, we anticipate that all continuing directors and nominees will attend our 2008 annual stockholders meeting. All such persons attended our 2007 annual meeting. We strongly encourage all directors to attend our stockholder meetings. Our non-employee directors (which currently constitute all our directors, except for Mr. Rowley) meet immediately after all Board meetings without management present. Mr. Hirsch presides at all executive sessions of the non-employee directors.

BOARD COMPENSATION

Board compensation is generally set for the next 12 months at our Board of Directors meeting following our annual meeting of stockholders. In August 2007, our Board of Directors approved a director compensation structure in which directors who are not employees of the Company or any of our subsidiaries received compensation for their services during the next 12 months by electing one of the following two compensation package alternatives: (1) total compensation valued at \$150,000 per year, of which 50% was in the form of cash and 50% was in the form of an equity grant; or (2) total compensation valued at \$170,000, of which 100% was in the form of an equity grant. The equity grant under either alternative was comprised of stock options to purchase Common Stock. In accordance with the terms of the Eagle Materials Inc. Incentive Plan, as amended, which we refer to as our Incentive Plan, the exercise price of the options is set at the average of the high and low price of the Common Stock on the NYSE on the date of grant. The number of option shares is determined by valuing the options on the date of grant using the Black-Scholes method. The options were fully exercisable beginning on the date of grant and have a seven-year term.

Each director (other than Mr. Stewart) holds restricted stock units, which we refer to as RSUs, granted in prior fiscal years as part of the equity component of director compensation. Under the terms of the RSUs, the directors are paid dividend equivalent units at any time we pay a cash dividend on our Common Stock.

For service as a Committee Chair for the period from August 2007 through July 2008, the Governance Committee Chair receives \$10,000 per year. The Chair of the Audit Committee and the Chair of the Compensation Committee each receive \$15,000 per year for chairing a Committee during such period. In addition, the Chairman of the Board receives \$50,000 per year for his service as Chairman of the Board during such period. Each Committee Chair may elect to receive such fees in the form of equity comprised of stock options, in which case a 26.67% premium is added to such fee in valuing the number of options to be received by such Committee Chair. All directors are reimbursed for reasonable expenses of attending meetings. Directors who are employees of the Company or our subsidiaries receive no compensation for service on the Board of Directors.

Audit Committee

Our Board has a standing Audit Committee, composed of three independent directors. Our Audit Committee assists the Board in fulfilling its responsibility to oversee the integrity of our financial statements, our compliance with legal and regulatory requirements, the qualifications and independence of our independent auditors and the performance of our internal audit function and independent auditors. Our Audit Committee is governed by an amended and restated audit committee charter, a copy of which may be viewed on our website at www.eaglematerials.com and will be provided free of charge upon written request to our Secretary at our principal executive office.

Our Board has determined that each member of our Audit Committee is independent within the meaning of applicable (1) corporate governance rules of the NYSE and (2) the requirements set forth in the Exchange Act and the applicable SEC rules. In addition, our Board has determined that each member of our Audit Committee satisfies applicable NYSE standards for financial literacy and that, based on his auditing and financial experience, including over thirty (30) years with KPMG, Mr. Maresh is an audit committee financial expert within the meaning of the rules of the SEC.

Table of Contents

Unless otherwise determined by the Board, no member of our Audit Committee may serve as a member of an audit committee of more than two other public companies.

The following are key functions and responsibilities of our Audit Committee:

to select, appoint, compensate, evaluate, retain and oversee the independent auditors engaged for purposes of preparing or issuing an audit report or related work or performing other audit, review, or attest services for us;

to obtain and review, at least annually, a formal written statement from our independent auditors describing all relationships between our auditors and the Company and engage in a dialogue with our auditors with respect to any disclosed relationships or services that may impact the objectivity and independence of the auditors and to recommend appropriate action in response to the reports to our board;

to pre-approve all audit engagement fees and terms and all permissible non-audit services provided to us by our independent auditors, in accordance with the committee's policies and procedures for pre-approving audit and non-audit services;

to establish procedures for (i) the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters and (ii) the confidential, anonymous submission by employees of the Company of concerns regarding questionable accounting or auditing matters;

to discuss our annual audited financial statements, quarterly financial statements and other significant financial disclosures with management and our independent auditors;

to discuss with management the types of information to be disclosed and the types of presentations to be made in our earnings press releases, as well as the financial information and earnings guidance we provide to analysts and rating agencies;

to annually review and assess the performance of the Audit Committee and the adequacy of its charter;

to discuss policies with respect to risk assessment and risk management; and

to prepare the report that is required to be included in our annual proxy statement regarding review of financial statements and auditor independence.

Our Audit Committee's report on our financial statements for the fiscal year ended March 31, 2008 is presented below under the heading "Audit Committee Report."

Our Audit Committee meets separately with our independent auditors and with members of our internal audit staff outside the presence of the Company's management or other employees to discuss matters of concern, to receive recommendations or suggestions for change and to exchange relevant views and information.

Compensation Committee

Our Board's Compensation Committee is composed of independent directors who meet the corporate governance standards of the NYSE, qualify as "non-employee directors" within the meaning of Rule 16b-3(b)(3) of the Exchange Act and as "outside directors" within the meaning of the Internal Revenue Code of 1986, as amended, which we refer to as the "Internal Revenue Code." Under its amended and restated charter, which you may review on our web site at www.eaglematerials.com (and a copy of which will be provided to you free of charge upon written request to our Secretary at our principal executive office), the primary purposes of our Compensation Committee are to assist the Board in discharging its responsibilities relating to compensation of our Chief Executive Officer and other senior executives and to direct the preparation of the reports regarding executive compensation that the rules of the SEC require to be included in our annual proxy statement. The Compensation Committee is authorized to hire outside advisors.

The following are key functions and responsibilities of our Compensation Committee:

to periodically review and make recommendations to our Board as to our general compensation philosophy and structure, including reviewing the compensation programs for senior executives and all of our benefit plans to determine whether they are properly coordinated and achieving their intended purposes;

to review and assess the performance of the Compensation Committee and the adequacy of its charter annually and recommend any proposed changes to the Board.

The Compensation Committee has authorized the CEO to designate the recipients of time-vesting stock options in special circumstances, subject to the same grant date and exercise restrictions noted above. Under this authorization, the CEO is authorized to designate recipients of stock options, including newly-hired employees and newly-promoted employees. This authority, which expires on May 31, 2009, is limited to an aggregate of 60,000 option shares and no one individual may receive more than 30,000 option shares. Stock options granted under this delegation of authority vest 20% per year commencing on the first anniversary of the grant date. During fiscal 2008 only 2,500 stock options were granted to employees under this authority, none of whom were Named Executive Officers.

Our Compensation Committee's report for the fiscal year ended March 31, 2008 is presented below under the heading Compensation Committee Report.

Our Compensation Committee meets as often as it deems appropriate, but no less than twice per year.

Governance Committee

Our Board's Governance Committee is composed of independent directors who meet the corporate governance standards of the NYSE. The primary purposes of this committee are: (1) to advise and counsel our Board and management regarding, and oversee our governance including our Board's selection of directors; (2) to develop and recommend to the Board a set of corporate governance principles for the Company; and (3) to oversee the evaluation of our Board and management. Our Governance Committee has adopted a written charter, which you may review on our web site at www.eaglematerials.com and will be provided free of charge upon written request to our Secretary at our principal executive office. Our Board has also adopted Corporate Governance Guidelines, a copy of which may be viewed on our website at www.eaglematerials.com and which will be provided free of charge upon written request to our Secretary at our principal executive office.

The following are certain key functions and responsibilities of our Governance Committee:

to develop, periodically review and recommend a set of corporate governance principles for the Company to the Board;

to periodically review corporate governance matters generally and recommend action to the Board where appropriate;

to review and assess the adequacy of its charter annually and recommend any proposed changes to our Board for approval;

to monitor the quality and sufficiency of information furnished by management to our Board;

to actively seek, recruit, screen, and interview individuals qualified to become members of the Board, and consider management's recommendations for director candidates;

to evaluate the qualifications and performance of incumbent directors and determine whether to recommend them for re-election to the Board;

to establish and periodically re-evaluate criteria for Board membership;

to recommend to the Board the director nominees for each annual stockholders' meeting; and

to recommend to the Board nominees for each committee of the Board.

The Governance Committee initiates and oversees an annual evaluation of the effectiveness of the Board and each committee, as well as the composition, organization (including committee structure, membership and leadership) and

practices of the Board. Among the criteria the Governance Committee uses in evaluating the suitability of individual nominees for director (whether such nominations are made by management, a stockholder or otherwise) are their integrity, experience, achievements, judgment, intelligence, personal character, ability to make independent analytical inquiries, willingness to devote adequate time to Board duties and the likelihood that he or she will be able to serve on the Board for a sustained period. In connection with the selection of nominees for director, the Governance Committee gives due consideration to our Board's overall balance of perspectives, backgrounds and experiences.

Members of the Governance Committee, other members of the Board or executive officers may, from time to time, identify potential candidates for nomination to our Board. All proposed nominees, including candidates recommended for nomination by stockholders in accordance with the procedures described below, will be evaluated in light of the criteria described above and the projected needs of the Board at the time. As set forth in its charter, the Governance Committee may retain a search firm to assist in identifying potential candidates for nomination to the Board of Directors.

Our Governance Committee will consider candidates recommended by stockholders for election to our Board. A stockholder who wishes to recommend a candidate for evaluation by our Governance Committee should forward the candidate's name, business or

Any stockholder wishing to receive a copy of our Bylaws should direct a written request to our Secretary at the Company's principal executive offices.

COMPENSATION DISCUSSION AND ANALYSIS

Introduction

This Compensation Discussion and Analysis is intended to provide investors with an understanding of our compensation policies and decisions during fiscal 2008 for our Chief Executive Officer, or CEO, our Chief Financial Officer and our three other most highly compensated executive officers, all of whom are identified in the Summary Compensation Table on page 22 of this proxy statement and are referred to as Named Executive Officers.

Our executive compensation and benefits programs are designed to create stockholder value by attracting, motivating and retaining senior executives who can make significant contributions to the growth and development of our business. The Compensation Committee has a key role in ensuring that the compensation and benefits we provide to our executives will lay the groundwork for the achievement of our strategic objectives.

Compensation Philosophy

Our compensation philosophy is based on the principles that executive compensation should:

Align the interests of our executives with those of our stockholders,

Reflect our performance as well as the executive's individual performance,

Motivate management to achieve our operational and strategic goals,

Encourage ownership of our Common Stock, and

Maintain the competitiveness of our total compensation so that we are able to attract, retain and motivate highly qualified, energetic and talented executives.

We believe that a significant portion of an executive's compensation should be at risk—that is, dependent upon (a) our financial and operational performance, (b) the individual's performance, and (c) the performance of our share price. The key features of our executive compensation program include the following:

(1) We seek to align the interests of executives with those of our stockholders by:

Creating a direct and substantial link between the executive's annual cash incentive bonus and our annual operating earnings,

Structuring long-term compensation as equity awards, so that executives have the opportunity to benefit from increases in our share price, and

Requiring executives to meet stock ownership guidelines that will result in each executive holding a meaningful equity stake in the Company.

(2) We seek to encourage improved performance by:

Basing our annual incentive bonus on both earnings and individual performance, and

Tying the vesting of our equity-based awards to the achievement of certain financial goals.

Table of Contents

To achieve our compensation objectives for fiscal 2008, our executive compensation program used a combination of short-term and long-term elements: (1) annual salary, (2) annual incentive bonus, and (3) long-term incentive compensation in the form of stock options. Each element is discussed more fully below under the heading Elements of Executive Compensation.

We do not currently have employment agreements or change-in-control agreements with any Named Executive Officer; however, under the terms of our award agreements, unvested equity awards become fully vested and exercisable in the event of a change in control. See Change of Control Benefits below.

Role of the Compensation Committee and Management in Executive Compensation

Under its charter, our Compensation Committee assists the Board in discharging its responsibilities relating to the compensation of the CEO and the other senior executive officers. The senior executive officers include all of the Named Executive Officers. In particular, the Compensation Committee is charged with the responsibility to:

Annually review and approve corporate goals and objectives relevant to the compensation of our CEO,

Evaluate our CEO's performance as measured against such goals and objectives,

Set the salary and other cash and equity compensation for our CEO based on such evaluation,

With our CEO's advice and input, review and approve the compensation of our senior executive officers (see Board Committees Compensation Committee above), and

Administer our Incentive Plan and grant cash awards (including annual incentive bonuses) and equity awards (including options, restricted stock and restricted stock units) under such plan to our officers and other key employees. The Compensation Committee is also authorized under the Incentive Plan to grant equity awards (including options, restricted stock and restricted stock units) to our non-employee directors.

The Compensation Committee consists solely of directors who are independent under the NYSE listing standards and Section 162(m) of the Internal Revenue Code, and who are non-employee directors under Rule 16b-3 under the Exchange Act. The Compensation Committee's charter may be found at our website www.eaglematerials.com. The Compensation Committee is authorized to hire outside advisors, and during fiscal 2007 and 2008, it engaged Mercer Human Resource Consulting, which we refer to as Mercer, to advise it on executive compensation matters. Mercer reports directly to the Compensation Committee, and the Compensation Committee is not aware of any relationship between Mercer or its affiliated entities and the Company or our management.

The Compensation Committee sets compensation for the Named Executive Officers on an annual basis. In general, the process for setting compensation involves the following steps:

In the first quarter of each fiscal year, the Compensation Committee determines (1) the salary of each Named Executive Officer for such fiscal year, (2) the amount of the annual incentive bonus pools based on operating earnings in which the Named Executive Officers will have the opportunity to participate during such year and the percentage of the pool to be designated for each Named Executive Officer, (3) whether the Compensation Committee will make any long-term incentive compensation awards in such fiscal year and what form such awards will take, (4) the performance criteria that will apply to any long-term incentive awards made to the Named Executive Officers during such year, (5) the individual long-term compensation potential for each Named Executive Officer, and (6) the exercise or payment schedules that will apply to such long-term compensation if the performance criteria are satisfied.

After the end of the fiscal year, the Compensation Committee (1) approves the calculation of operating earnings used for purposes of determining annual incentive bonuses, (2) determines the amount of the annual incentive bonus payment to be made to each Named Executive Officer for the prior fiscal year based on an evaluation of individual performance, and (3) determines the extent to which the performance criteria for the prior fiscal year applicable to long-term incentive awards were satisfied.

Our CEO, Mr. Steven R. Rowley, participates to a certain extent in the administration of our compensation program for our Named Executive Officers (other than himself). At the end of each fiscal year, Mr. Rowley provides

input on the performance of each of the other Named Executive Officers and recommends compensation adjustments (salary adjustments and annual incentive bonus levels for both the just-completed fiscal year as well as for the current fiscal year) and long-term incentive award levels for such Named Executive Officers. Mr. Rowley also provides input on the structure of our long-term incentive awards (if any) for such Named Executive Officers, including the dollar value of the long-term incentive award and the performance criteria that determine vesting. Mr. Graass assists Mr. Rowley in presentations to the Compensation Committee but does not make recommendations with respect to the compensation paid to the Named Executive Officers. The Compensation Committee considers Mr. Rowley's input along with other information available to it in making its final compensation decisions with respect to the Named Executive Officers.

Table of Contents***Benchmarking***

To ensure that our executive compensation program is competitive, the Compensation Committee engaged Mercer to compare our total compensation (salary, incentive bonus and long-term compensation) to a peer group of companies in the construction materials business, which we refer to as our direct peer group, and a supplemental peer group of manufacturing companies with similar market values which we refer to as our supplemental peer group.

The direct peer group was selected from companies within the construction materials sector by the Compensation Committee with input from Mercer and our management. Included in the direct peer group were companies from each of our operating segments (wallboard, cement, concrete and aggregates, and paper), but none of the direct peers operates in all of our segments.

Because there are a limited number of publicly-traded direct competitors in the construction materials sector and because most of the companies in the direct peer group have larger revenues than we do, the Compensation Committee, in conjunction with Mercer, also selected a supplemental peer group of manufacturing companies with similar market values.

The Compensation Committee uses the survey of the direct peer group and the supplemental peer group prepared by Mercer, which we refer to as our benchmarking study, to guide it in establishing the main components of Named Executive Officer compensation: salaries, annual incentive bonus opportunity and long-term compensation awards. The Compensation Committee focused most of its attention on the direct peer group and looked to the supplemental peer group to provide a basis for testing the determinations based on the direct peer group analysis.

For fiscal 2008 the direct peer group consisted of the following eight companies:

Ameron International Corp.	Texas Industries Inc.
Caraustar Industries Inc.	US Concrete Inc.
Florida Rock Industries Inc.	USG Corp.
Martin Marietta Materials Inc.	Vulcan Materials Co.

The fiscal 2008 direct peer group differed from the direct peer group used in fiscal 2007 in one way: LaFarge North America Inc. was removed from the list because its foreign parent company acquired the majority of its outstanding shares.

The supplemental peer group consisted of the eight companies in the direct peer group plus the following twelve companies:

Armstrong Holdings Inc.	Pactiv Corp.
Bowater Inc.	Sealed Air Corp.
Century Aluminum Co.	Sonoco Products Co.
ElkCorp	Temple Inland Inc.
Headwaters Incorporated	Universal Forest Products, Inc.
Lennox International Inc.	Valspar Corp.

The fiscal 2008 supplemental peer group differed from the supplemental peer group used in fiscal 2007 in three ways: (1) Cleveland-Cliffs was removed from the list due to its delayed filing status; (2) Universal Forest Products, Inc. was added to the list as a relevant peer; and (3) Headwaters Incorporated was added to the list as a relevant peer.

Elements of Executive Compensation

In addition to the health benefit plans and programs generally available to all employees, our executive compensation program includes the following elements:

Base salary

Annual incentive bonus

Long-term incentive compensation

Supplemental Executive Retirement Plan (SERP)

Salary continuation plan

As noted above, the Compensation Committee determined the compensation levels for each of our Named Executive Officers based in part on the benchmarking analysis of each position, reviewing each of the main components of compensation separately. The Compensation Committee did not target the allocation of compensation among the various compensation components (for example, by targeting a certain percentage of overall compensation as base salary, a certain percentage as long-term incentive compensation, etc.); however, it did review the total direct compensation paid to each Named Executive Officer in fiscal 2007 against the direct

Table of Contents

compensation paid to similar executives in our peer groups and considered that overall comparison in setting the fiscal 2008 total direct compensation for each Named Executive Officer. The differences in total compensation levels among our Named Executive Officers reflect the differences in pay ranges for those holding those types of positions/responsibilities at our peer companies. The Compensation Committee also reviewed five years of historical pay data for each of our Named Executive Officers, including each Named Executive Officer's direct compensation components—base salary, annual incentive bonus and long-term incentive compensation (the actual value of the award on the date of grant, taking into consideration the amount of such awards that had vested since grant). The Compensation Committee considered these elements as a basis for testing the direct compensation level for each Named Executive Officer that was suggested by the peer group benchmarking.

Base Salary

Salaries of the Named Executive Officers are reviewed annually as well as at the time of a promotion or significant change in responsibilities. As described above, the Compensation Committee engaged Mercer to conduct the benchmarking study at the beginning of fiscal 2008. Consistent with its philosophy that a significant portion of the Named Executive Officer's compensation should be at risk, for fiscal 2008 the Committee set the base salary level for the CEO and the other Named Executive Officers between the 25th percentile and the median of the companies reviewed in the direct peer group. Other considerations that may influence the salary level for a Named Executive Officer include individual performance, the Named Executive Officer's skills or experience, our operating performance and the nature and responsibilities of the position.

Annual Incentive Bonus

The Compensation Committee is also responsible for approving the annual incentive bonus for our CEO and the other Named Executive Officers. Annual incentive bonuses paid to our Named Executive Officers for fiscal 2008 were made under (1) the Eagle Materials Inc. Salaried Incentive Compensation Program for Fiscal Year 2008, which we refer to as the Eagle Annual Incentive Program, or (2) annual incentive compensation programs for fiscal 2008 established for a particular operating division of the Company, which we refer to as Divisional Annual Incentive Bonus Programs. In general, Named Executive Officers whose responsibilities extend to the Company as a whole (Messrs. Rowley, Zunker and Graass) participate in the Eagle Annual Incentive Program, and Named Executive Officers whose responsibilities relate primarily to a particular operating division (Messrs. Powers and Essl) participate in Divisional Annual Incentive Bonus Programs. The Eagle Annual Incentive Program was structured to create financial incentives and rewards that are directly related to corporate performance and the participating Named Executive Officer's individual performance during the fiscal year.

The Compensation Committee believes these programs are consistent with our compensation philosophy in that they place a significant portion of the executive's compensation at risk. Under these programs, a significant portion of the executive's total compensation is dependent upon the performance of the Company (or our operating divisions) as well as the individual's performance. This compensation structure is designed so that a Named Executive Officer's annual incentive bonus compensation will be between the median and the 75th percentile of our direct peer group when the operating earnings of the Company (or our operating divisions) are high relative to historical levels and the individual performs well.

Eagle Annual Incentive Program

For fiscal 2008, Messrs. Rowley, Zunker and Graass were participants in the Eagle Annual Incentive Program. Under this program, a percentage of our consolidated earnings before interest and taxes, which we refer to as EBIT, is designated as a pool for bonuses, with each participating Named Executive Officer being assigned a percentage of such pool representing the maximum bonus opportunity. At the end of the fiscal year, the size of the pool is determined and annual incentive bonuses are paid in the form of a lump sum cash payment to the executives participating in the program in accordance with such percentages, subject to the exercise of negative discretion by the Compensation Committee based on the executive's individual performance during the fiscal year. In general, the amount of the annual incentive bonus paid to an executive is based on the level of our EBIT, the percentage of the pool designated for such executive, and an assessment of such executive's individual performance.

For fiscal 2008, the Compensation Committee approved the designation of 1.2% of EBIT for annual incentive bonuses for all executives participating in the Eagle Annual Incentive Program. At the beginning of fiscal 2008,

Mr. Rowley recommended to the Compensation Committee the percentages (representing the incentive bonus potential) for each Named Executive Officer (other than himself). Based in part on these recommendations, the Compensation Committee then set Mr. Rowley's annual incentive bonus potential at 40%, Mr. Zunker's at 20% and Mr. Graass's at 15% of the pool. The Compensation Committee has set the percentage of EBIT at 1.2% for several years.

The bonus pool is not subject to a separate cap or maximum, but is merely a function of multiplying the pre-determined percentage by our EBIT. The aggregate amount available for the Eagle Annual Incentive Program for fiscal 2008 was \$1,985,496, which includes amounts available for payment to officers and employees other than the Named Executive Officers. In establishing the percentage of EBIT which would fund the pool for the Eagle Annual Incentive Program and the percentage of the pool assigned to each executive, the Compensation Committee considered several factors, including the following: (i) the anticipated EBIT for fiscal 2008; (ii) the levels of annual incentive compensation for each of the positions at the companies in the direct peer group and the

Table of Contents

supplemental peer group; (iii) Mr. Rowley's recommended percentages for each executive (other than himself); (iv) the Compensation Committee's assessment of the executive's importance and contribution to the organization; and (v) the executive's level of responsibility.

Divisional Annual Incentive Bonus Programs

During fiscal 2008, each of Mr. Essl and Mr. Powers participated in a Divisional Annual Incentive Bonus Program. Under these programs, a percentage of the division's operating earnings is allocated to the bonus pool with each participating employee assigned a percentage of the pool representing the maximum bonus opportunity. At the end of the fiscal year, the size of the pool is determined and annual bonuses are paid to participating employees in the form of a lump sum cash payment in accordance with their respective percentage, subject to the exercise of negative discretion by our CEO (or, in the case of bonuses paid to Named Executive Officers, by the Compensation Committee) based on the employee's individual performance during the fiscal year.

For fiscal 2008, Mr. Powers participated in the Eagle Materials Inc. American Gypsum Company Salaried Incentive Compensation Program for Fiscal Year 2008. Under this plan, the bonus pool equaled 2.25% of American Gypsum's operating earnings, which is the same percentage the Compensation Committee has set for several years. At the beginning of fiscal 2008, the Compensation Committee approved Mr. Powers' maximum annual incentive bonus potential at 22% of such pool.

Because of his responsibilities for Cement and Concrete and Aggregates, Mr. Essl participated in both the Eagle Materials Inc. Cement Companies Salaried Incentive Compensation Program for Fiscal Year 2008 and the Eagle Materials Inc. Concrete and Aggregate Companies Incentive Compensation Program for Fiscal Year 2008. Under these plans, the bonus pools equaled 2.25% of our concrete and aggregate subsidiaries' operating earnings and 2.25% of our cement subsidiaries' operating earnings, also the same percentage the Compensation Committee has set for several years. At the beginning of fiscal 2008, the Compensation Committee approved Mr. Essl's maximum annual incentive bonus potential at 22% of each such bonus pool.

The divisional bonus pools are not subject to a separate cap or maximum, but are merely a function of multiplying the pre-determined percentage by the applicable operating earnings. The aggregate amount available for these programs for fiscal 2008 were as follows: \$1,101,427 (American Gypsum); \$1,828,694 (Cement); and \$305,167 (Concrete/Aggregate), which in each case include amounts available for payment to officers and employees other than the Named Executive Officers. In establishing the percentage of operating earnings which would fund these bonus pools and the percentage of each pool assigned to each executive, the Compensation Committee considered several factors, including the following: (i) the anticipated divisional operating earnings for fiscal 2008; (ii) the levels of annual incentive compensation for each of the positions at the companies in the direct peer group and the supplemental peer group; (iii) Mr. Rowley's recommended percentages for each executive; (iv) the Compensation Committee's assessment of the executive's importance and contribution to the organization; and (v) the executive's level of responsibility.

Annual Performance Evaluation

At the end of fiscal 2008, the Compensation Committee approved the EBIT calculation for the Company and the operating earnings calculations for each Divisional Annual Incentive Bonus Program. In addition, at the end of fiscal 2008, Mr. Rowley provided performance evaluations of each Named Executive Officer (other than himself) to the Compensation Committee, which evaluations included an assessment (both subjective and objective) of the achievement of their individual goals and objectives, along with his recommendation for the annual incentive bonus for each such Named Executive Officer. In general, the goals and objectives for Messrs. Rowley, Zunker and Graass related to a mix of objective and subjective criteria in their respective areas of responsibility, and the goals and objectives for Messrs. Powers and Essl were tied more to objective financial and operational criteria. Based in part on these performance evaluations and recommendations, the Compensation Committee determined that the Named Executive Officers (other than the CEO, whose performance was reviewed separately, as described below) had performed well during fiscal 2008 and substantially achieved their goals. Accordingly, the Compensation Committee did not reduce the incentive bonus for such individuals in any material way and approved annual incentive bonuses for such Named Executive Officers under the applicable program without the use of any set formula. The bonuses ranged from 95%-to-100% of the maximum potential bonus payable, and each bonus that was paid is reflected in the

Non-Equity Incentive Plan Compensation column of the Summary Compensation Table located on page 22 of this proxy statement. The Compensation Committee also made an award to Mr. Powers pursuant to the Eagle Materials Inc. Special Situation Program for Fiscal Year 2008 in recognition of Mr. Powers' exceptional performance in leading American Gypsum to improve plant operational performance, increase market share and improve quality and customer service. This award is also reflected in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table located on page 22 of this proxy statement.

The Compensation Committee also conducted a performance evaluation of Mr. Rowley after receiving input from the entire Board. At the Compensation Committee's request, Mr. Rowley also provided input on his achievement of his goals and objectives for fiscal 2008. Based on this evaluation, the Compensation Committee believes Mr. Rowley performed at a high level during fiscal 2008 and largely achieved his goals and objectives. In particular, the Committee considered the following factors (among others) in assessing Mr. Rowley's performance over the past fiscal year: (i) Mr. Rowley's leadership in guiding the Company as it adjusted to the substantial decline in the market for construction products; (ii) steps Mr. Rowley took to strengthen the organizational effectiveness of the Company; (iii) successfully resetting the Company's financial structure; (iv) completing the construction of the

Table of Contents

new Georgetown plant on time and under budget; and (v) the successful communication of the Company's long-term goals and opportunities to the Company's stockholders and the investment community. The Compensation Committee approved an annual incentive bonus for Mr. Rowley under the Eagle Annual Incentive Program of \$778,314, representing 98% of the maximum potential bonus payable, which is reflected in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table located on page 22 of this proxy statement.

Long-Term Incentive Compensation

Consistent with the Compensation Committee's philosophy of linking compensation to our performance, our long-term incentive compensation program has been structured to link the vesting of equity awards to the achievement by the Company of specific performance levels. All of the Named Executive Officers participate in our long-term incentive compensation program.

In fiscal 2008, the Compensation Committee implemented a new long-term equity award program. This new program provides for equity awards under our Incentive Plan, but is different from the structure of our program from prior years in several ways:

- (1) The award was intended to be a single award for a three-year period (except for special circumstances) rather than making annual grants for each of the three years,
- (2) The entire award was in the form of stock options (rather than a mix of options and restricted stock units, or RSUs), and
- (3) The stock option awards vest over their full term (a seven-year period) based on the achievement of levels of earnings per share and operating earnings that the Compensation Committee regarded as challenging performance targets.

As with prior equity grants, the fiscal 2008 stock option awards will become fully vested and exercisable in the event of a change of control. See Change of Control Benefits below.

The Compensation Committee set vesting criteria at levels that will require operating earnings and earnings per share, or EPS, to approximate our record fiscal 2007 levels in order to vest any portion of the award and to nearly double the record fiscal 2007 levels in order to vest 100% of the stock options. Any stock options not vested at the end of the seven-year term will be forfeited. For example, if none of the vesting targets are achieved until fiscal 2013, but we achieve operating earnings of \$320 million and EPS of \$6.00 in such fiscal year, then 20% of the option grant would vest. If in fiscal 2014 we then achieve operating earnings of \$400 million and EPS of \$8.00, another 30% of the option grant would vest (the 50% noted on the matrix, less the 20% vested the prior year), and the final 50% of the grant would be forfeited upon expiration of the term. The full matrix of vesting percentages applicable to the equity awards made in fiscal 2008 is included in the Current Report on Form 8-K that we filed with the SEC on June 26, 2007.

This new long-term equity award program was structured to strongly motivate and provide incentives to our management to properly execute our growth plans in a timely and profitable manner. The Committee believes that as a result of the structure of our new long-term equity award program, the interests of our executives will be closely aligned with the interests of our stockholders. Consistent with our pay-for-performance philosophy, this structure will reward the executives when our operating earnings, earnings per share and our share price significantly increase, as envisioned in our long-term strategic plan.

The number of option shares with respect to our Named Executive Officers was determined by valuing the options on the date of grant using the Black-Scholes method. The value granted to each Named Executive Officer was approximately three times a value between the 25th percentile and the 75th percentile of long-term compensation at similar positions in our direct peer group. The base values were determined by the Compensation Committee (with input from Mr. Rowley on all individuals other than himself) based on the benchmarking study, the Compensation Committee's assessment of the executive's importance and contribution to the organization, and the executive's level of responsibility. The following table shows the equity awards granted to each of the Named Executive Officers in fiscal 2008:

Name	# of Stock Options
Steven R. Rowley	500,000
Arthur R. Zunker, Jr.	-0-
David B. Powers	122,000
James H. Graass	122,000
Gerald J. Essl	87,000

Each of the Named Executive Officers was granted stock options in fiscal 2008 under this new program, except for Mr. Zunker. Mr. Zunker, who is expected to retire before the end of the stock option performance period, was granted a cash award (\$350,000) payable after the end of fiscal 2008 based upon the achievement of certain individual performance goals. The

Table of Contents

Compensation Committee reviewed Mr. Zunker's performance in fiscal 2008, as well as Mr. Rowley's suggestion with respect to the cash award, and determined that Mr. Zunker's performance warranted payment of the full \$350,000 pursuant to this grant.

During fiscal 2008 (and prior to making the long-term equity award program grants noted above) the Compensation Committee also granted Mr. Essl an option to purchase 5,000 shares of Common Stock. The option vests 20% per year for five years, has a seven-year term and was awarded in recognition of Mr. Essl's efforts in connection with the expansion project at our Illinois Cement facility.

Because of the three-year nature of the fiscal 2008 stock option grants under the new long-term equity award program, the Compensation Committee has not granted equity awards to any Named Executive Officers or other senior executives in fiscal 2009 (other than the stock option and restricted stock grants made to Mark V. Dendle, the Company's newly hired Chief Financial Officer, disclosed in the Current Report on Form 8-K that we filed with the SEC on June 5, 2008). Other than with respect to new hires, promotions and other special circumstances, the Compensation Committee does not anticipate granting any equity awards to Named Executive Officers until fiscal 2011.

Grant Practice

Historically, it had been the practice of the Compensation Committee to make equity awards to employees on an annual basis at a meeting of the Compensation Committee held in the first quarter of the fiscal year (typically within 30 days after our earnings release for the fourth quarter of the prior fiscal year). As discussed above, for fiscal 2008, the Compensation Committee adopted a new approach and made a single award intended to cover a three-year period. The Compensation Committee may make exceptions to these guidelines for new hires, promotions and other special circumstances. The date on which an equity award is granted is the date specified in the resolutions of the Compensation Committee authorizing the grant. The grant date must fall on or after the date on which the resolutions are adopted by the committee. As provided in the Incentive Plan, for stock options, the exercise price is the average of the high and low price of our Common Stock on the grant date, as reported by the NYSE.

In addition, the Compensation Committee, as provided for in the Incentive Plan, has authorized the CEO to designate the recipients of stock options with terms approved by the committee in special circumstances, subject to the same grant date and exercise restrictions noted above. Under this authorization, the CEO is authorized to designate recipients of stock options, including newly-hired employees and newly-promoted employees. This authority, which expires on May 31, 2009, is limited to an aggregate of 60,000 option shares and no one individual may receive more than 30,000 option shares. Stock options granted under this delegation of authority vest 20% per year commencing on the first anniversary of the grant date. During fiscal 2008 only 2,500 stock options were granted to employees under this authority, none of whom were Named Executive Officers.

Profit Sharing and Retirement Plan

Each of the Named Executive Officers is a participant in our Profit Sharing and Retirement Plan, which we refer to as our PSRP. The PSRP is a qualified defined contribution plan covering substantially all salaried employees of the Company and our subsidiaries. Participants in this plan may elect to make pre-tax contributions of up to 70% of their base salary subject to the limit under Internal Revenue Code Section 402(g) (currently \$15,500), employee after-tax contributions of up to 10% of base salary and, if the participant is at least age 50, catch-up contributions up to the statutory limit under Internal Revenue Code Section 414(v) (currently \$5,000). In addition, the PSRP provides for a discretionary employer profit sharing contribution that is allocated to a participant based on the ratio that the sum of the participant's total points bears to the total points of all participants. For this purpose, a participant is given one point for each year of vested service and one point for each \$100 of base salary for the year. Annual incentive bonuses paid to participants are not included in the definition of base salary for purposes of calculating the amount of pre-tax, after-tax or profit sharing contributions to the PSRP. Participants are fully vested to the extent of their pre-tax and after-tax contributions and become vested in the employer profit sharing contribution over a six-year period (i.e., 20% per year beginning with the second year of service). Prior to fiscal 2008, employer profit sharing contributions vested over a seven-year period, but changes in tax laws led to the shorter current vesting period. All of the Named Executive Officers have been employed by the Company or our affiliates long enough to be fully vested, except for Mr. Powers who is fully vested with respect to fiscal 2008 employer profit sharing contributions and 80% vested with respect to

employer profit sharing contributions made in prior years. Participants are entitled to direct the investment of contributions made to the PSRP on their behalf in various investment funds, including up to 15% in a Common Stock fund. Such amounts are payable upon a participant's termination of employment, disability or death in the form of a lump sum, installments or direct rollover to an eligible retirement plan, as elected by the participant. At the participant's election, amounts invested in the Common Stock fund are distributable in shares of our Common Stock. Employer profit sharing contributions made to the PSRP on behalf of our Named Executive Officers in fiscal 2008 are reflected in the Summary Compensation Table located on page 22 of this proxy statement. A list of the investment funds provided under the PSRP is provided in the footnotes to the Nonqualified Deferred Compensation Table located on page 27 of this proxy statement.

Table of Contents**SERP**

In fiscal 1995, the Board approved our Supplemental Executive Retirement Program, which we will refer to as our SERP, for certain employees participating in the PSRP. Internal Revenue Code Section 401(a)(17) limits the amount of annual compensation (currently \$225,000) that may be considered in determining our contribution to the PSRP for the account of an eligible participant. The SERP was established to eliminate the adverse treatment that higher-salaried employees receive as a result of such limit by making a contribution for each participant in an amount substantially equal to the additional employer profit sharing contribution that he or she would have received under the PSRP had 100% of his or her base salary been eligible for a profit sharing contribution. As in the case of the PSRP, annual incentive bonuses paid to participants are not included when determining the amount of contributions to the SERP. The Compensation Committee believes that the SERP therefore allows us to confer the full intended benefit of the employer profit sharing contribution under the PSRP without the arbitrary limitation of the Internal Revenue Code rules noted above. Contributions accrued under the SERP for the benefit of the higher-salaried employees vest under the same terms and conditions as under the PSRP (i.e., over a six-year period) and may be invested by the participant in several of the same investment options as offered under the PSRP. Benefits under the SERP are payable upon the participant's termination of employment in a lump sum or installments as elected by the participant in accordance with the terms of the SERP, subject to the six month delay in payment for key employees under Internal Revenue Code Section 409A to the extent applicable. As with the PSRP, all of the Named Executive Officers have been employed by the Company or our affiliates long enough to be fully vested, except for Mr. Powers who is fully vested with respect to fiscal 2008 SERP contributions and 80% vested with respect to SERP contributions made in prior years. Employer contributions to the SERP of our Named Executive Officers in fiscal 2008 are reflected in the Summary Compensation Table located on page 22 of this proxy statement. A list of the investment funds provided under the PSRP is provided in the footnotes to the Nonqualified Deferred Compensation Table located on page 27 of this proxy statement.

Salary Continuation Plan

The Named Executive Officers, along with other officers and key employees, are participants in our Salary Continuation Plan, which we refer to as the SCP. Under this plan, in the event of the death of a participating employee, we will pay such employee's beneficiaries one full year of base salary in the first year following death and 50% of base salary each year thereafter until the date such employee would have reached 65 years of age, subject to a maximum amount. Payments are made to the employee's beneficiary on a semi-monthly basis. The purpose of the plan is to provide some financial security for the families of the participating employees, which assists the Company in attracting and retaining key employees. Benefit amounts under the plan are intended to provide a basic level of support for beneficiaries.

Amounts potentially payable to the beneficiaries of our Named Executive Officers pursuant to the SCP are described in *Potential Payments Upon Termination or Change of Control* beginning on page 28 of this proxy statement. To cover these potential obligations, we pay the premiums on life insurance policies covering the life of each participating employee. Such policies are owned by the Company and proceeds from such policies would be initially paid to the Company. Premiums paid on policies covering our Named Executive Officers in fiscal 2008 are reflected in the Summary Compensation Table located on page 22 of this proxy statement.

Change of Control Benefits

Equity awards under our Incentive Plan are generally subject to accelerated vesting upon the occurrence of a change of control as defined in the applicable award agreement. Under the award agreements, a change of control is defined as (i) the acquisition of 50% or more of the outstanding shares of any single class of our Common Stock or 40% or more of outstanding shares of all classes of our Common Stock; (ii) a change in the composition of our Board such that the current members of the Board cease to constitute a majority of the Board; or (iii) the consummation of a merger, dissolution, asset disposition, consolidation or share exchange, unless 50% of the stock following such transaction is owned by persons who were stockholders of the Company prior to such transaction. If a change of control occurs, any unvested outstanding stock options, restricted stock or RSUs would generally become immediately fully vested and, in the case of stock options, exercisable. See *Potential Payments Upon Termination or Change of Control* on page 28 of this proxy statement. We believe the provision of these change of control benefits is generally

consistent with market practice among our peers, is a valuable executive talent retention incentive and is consistent with the objectives of our overall executive compensation program. For example, the equity vesting provides employees with the same opportunities as stockholders, who are generally free to sell their equity at the time of the change of control event and thereby realize the value created at the time of the transaction.

Table of Contents***Stock Ownership Guidelines***

In order to align the interest of the Named Executive Officers with our stockholders, and to promote a long-term focus for the officers, the Board of Directors has adopted executive stock ownership guidelines for the officers of the Company and our subsidiaries.

The guidelines for the Named Executive Officers are expressed as a multiple of base salary as set forth below:

Name	Multiple of Salary Ownership Guidelines⁽¹⁾
Steven R. Rowley	5X
David B. Powers	3X
Arthur R. Zunker, Jr.	3X
Gerald J. Essl	3X
James H. Graass	3X

(1) Types of ownership counted toward the guidelines include the following:

Stock holdings in our PSRP;

Direct holdings;

Indirect holdings, such as shares owned by a family member residing in the same household; and

Shares represented by vested RSUs.

Our stock ownership guidelines for executives are expressed as a number of shares of our Common Stock. The number of shares is determined by multiplying the executive's annual base salary on the date the executive becomes subject to the stock ownership guidelines by the applicable multiple and then dividing the product by the closing price of our Common Stock on the NYSE on the date the executive becomes subject to the policy. The amount is then rounded to the nearest 100 shares.

Once established, a participant's ownership requirement generally does not change as a result of changes in his or her compensation or fluctuations in the price of our Common Stock but could change in the event of a promotion. Newly elected officers have five years to meet the applicable ownership requirement. Compliance with the ownership guidelines is reviewed annually by the Compensation Committee. Based on the current holdings of the Named Executive Officers, we anticipate that all such officers will achieve their stock ownership goal within the five-year time frame.

Limitations on Tax Deductibility of Compensation

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction for public corporations for compensation over \$1,000,000 paid in any fiscal year to the corporation's chief executive officer and four other most highly compensated executive officers. However, this law exempts performance-based compensation from the deduction limit if certain requirements are met.

Our Incentive Plan has been approved by our stockholders and Compensation Committee and otherwise meets the requirements for performance-based compensation under Internal Revenue Code Section 162(m). The Eagle Annual Incentive Program is adopted under the structure of our Incentive Plan and is subject to the terms and conditions of that plan, including the requirements for performance-based compensation. The Compensation Committee generally

seeks whenever possible to structure annual incentive and long-term incentive compensation awards, such as stock option grants under our Incentive Plan, in a manner that satisfies the Section 162(m) requirements, but reserves the right to award nondeductible compensation as it deems appropriate. Further, because of ambiguities and uncertainties as to the application and interpretation of Section 162(m) and the related regulations no assurance can be given that compensation intended by the Compensation Committee to satisfy the requirements for deductibility under section 162(m) does in fact do so. All other compensation paid to the CEO and the other Named Executive Officers was below the limit described above.

(1) The amounts in this column represent contributions made by the Company for the account of the Named Executive Officers during fiscal 2008 under our SERP. The SERP is an unfunded, non-qualified plan for certain executives of the Company. Under the SERP, the Company makes contributions to the account of the executive in an amount substantially equal to the additional contributions he or she would have received under the PSRP had 100% of his or her annual

salary been eligible for a profit sharing contribution. The SERP is described in greater detail under SERP on page 20 of this proxy statement.

- (2) The Company also maintains the Eagle Materials Inc. Deferred Compensation Plan. Under this Deferred Compensation Plan, eligible executives were allowed to defer the receipt of a portion of their salary or annual bonus for fiscal 2001, up to 75% of such amounts. For fiscal years after fiscal 2001, the Deferred Compensation Plan was closed to additional employee deferrals. Amounts under the Deferred Compensation Plan are payable at a date certain or upon the participant's termination of employment, disability or death in the form of a lump sum or

installments as elected pursuant to the terms of the plan. Such amounts are not subject to the six month delay applicable to key employees under Internal Revenue Code Section 409A. The earnings in this column reflect earnings or losses on balances in the Named Executive Officer's SERP account and Deferred Compensation Plan account. A Named Executive Officer may designate how his account balances are to be invested by selecting among the investment options available under our PSRP, with the exception of the Common Stock fund. Because these earnings are not above market, they are not included in the Summary Compensation Table on page 22 of this proxy statement. The table below shows the

investment options available under our PSRP (other than the Common Stock fund) and the annual rate of return for the 12 month period ended March 31, 2008, as reported to us by the administrator of the plan.

Table of Contents**POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE OF CONTROL**

The following is a summary of the potential payments payable to the Named Executive Officers upon termination of employment or a change of control of the Company under current compensation programs. Specifically, compensation payable to each Named Executive Officer upon voluntary termination, involuntary termination or in the event of death or disability and change of control is discussed below. The amounts shown in the tables below assume that such termination was effective as of March 31, 2008, and are therefore estimates of the amounts which would be paid out to the executives (or their beneficiaries) upon their termination. Due to the number of factors that affect the nature and amount of any benefits provided upon the events discussed below, any actual amounts paid or distributed may be different. Factors that could affect these amounts include the timing during the year of any such event, the price of our Common Stock and the executive's age.

Payments Made Upon Any Termination

Deferred Compensation. The amounts shown in the table below do not include distribution of plan balances under our Deferred Compensation Plan or SERP. These balances are shown in the Nonqualified Deferred Compensation in FY 2008 Table on page 27 of this proxy statement.

Death and Disability. A termination of employment due to death or disability does not entitle the Named Executive Officer to any payments or benefits that are not available to salaried employees generally, except for benefits payable to the beneficiaries of the Named Executive Officers in the event of termination due to death under our Salary Continuation Plan. A description of our Salary Continuation Plan is set forth under "Salary Continuation Plan" on page 20 of this proxy statement.

Accrued Pay and Profit Sharing Plan Benefits. The amounts shown in the table below do not include payments and benefits to the extent they are provided on a non-discriminatory basis to salaried employees generally upon termination of employment or relate to equity grants that have already vested. These include:

accrued salary and vacation pay through the date of termination;

non-equity incentive compensation earned and payable prior to the date of termination;

option grants received under the Incentive Plan which have already vested and are exercisable prior to the date of termination (subject to the terms of the applicable Nonqualified Stock Option Agreement);

restricted stock grants or restricted stock unit grants received under the Incentive Plan which have already vested prior to the date of termination (subject to the terms of the applicable Restricted Stock or Restricted Stock Unit Agreement);

unused vacation pay; and

distributions of vested plan balances under our PRSP and SERP.

Related Party Transactions

Our code of conduct adopted by the Board, which we refer to as Eagle Ethics, includes provisions addressing conflicts of interest which arise when a director, officer, or employee has an interest in a transaction in which the Company is a participant. Eagle Ethics defines a conflict of interest as an activity, investment or association that interferes or might appear to interfere with the judgment or objectivity of an officer or employee in performing his or her job in the best interests of the Company and our shareholders.

Under Eagle Ethics, officers or employees are encouraged to consult with their supervisors regarding any matter that may involve a conflict of interest. In addition, Eagle Ethics requires that prior approval of both the supervisor of an officer or employee and the president of the Eagle business unit in which such officer or employee is employed before: (1) obtaining an ownership interest in, or position with, an Eagle supplier, contractor, customer or competitor, subject to certain exceptions relating to the ownership of publicly traded securities; (2) employing any relatives where there is either a direct or indirect reporting relationship or a substantial amount of interaction between the relatives on the job; or (3) establishing a business relationship between Eagle and a company in which the officer or employee or his or her relative has an ownership interest or holds a position.

In addition to the above policies included in Eagle Ethics, we have implemented certain informal processes in connection with transactions with related persons. For example, the Company's legal staff is primarily responsible for

the development of processes to obtain information from the directors and executive officers with respect to related person transactions and for determining, based on the facts and circumstances, whether the related person has a direct or indirect material interest in the transaction. In addition, all of our employees, executive officers and directors are required to disclose any conflicts of interest in an annual certification reviewed by our Legal Department. After disclosure, some conflicts of interest may be resolved through implementing appropriate controls for our protection. Depending on the identity of the officer or employee involved in a transaction creating a potential conflict of interest, the conflict of interest may be resolved by the Company's legal staff or may be referred to the Audit Committee. Where an appropriately disclosed conflict of interest is minor and not likely to adversely impact us, we may consent to the activity. Such consent may be subject to appropriate controls intended to ensure that transaction as implemented is not adverse to the Company. In other cases where appropriate controls are not feasible, the person involved will be requested not to enter into, or to discontinue, the relevant transaction or relationship. If a potential conflict arises concerning a director or officer of the Company, the potential conflict is disclosed to the Chair of the Audit Committee of the Board for review and disposition. As required under SEC rules, transactions that are determined to be directly or indirectly material to the Company or a related person are disclosed in the annual proxy statements.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires the Company's directors and executive officers, and persons who beneficially own more than 10% of a registered class of the Company's equity securities, to file initial reports of ownership, reports of changes in ownership and annual reports of ownership with the SEC and the NYSE. These persons are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms that they file with the SEC.

Based solely on our review of the copies of such forms we received with respect to fiscal 2008 or written representations from certain reporting persons, the Company believes that its directors and executive officers, and persons who beneficially own more than 10% of a registered class of the Company's equity securities, have complied with all filing requirements of Section 16(a) for fiscal 2008 applicable to such persons, except that Mr. Zunker filed a Form 4 on April 22, 2008 to report the purchase during fiscal years 2006, 2007 and 2008 of an aggregate of approximately 240 shares of Common Stock pursuant to a broker-administered dividend reinvestment program that had been inadvertently omitted from prior filings. (We note that Mr. Zunker's reporting of his fiscal 2008 purchases pursuant to this program was timely.)

Code of Conduct

The Company's code of conduct, Eagle Ethics, applies to all of the Company's employees, including the Company's officers. Eagle Ethics also applies to the Board of Directors. The Company's code of conduct is designed to deter wrongdoing and to promote:

- honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships;

- compliance with applicable governmental laws, rules and regulations;

- the prompt internal reporting of violations of the code of conduct to an appropriate person or persons identified in the code of conduct; and

- accountability for adherence to the code of conduct.

All of the Company's employees and directors are required to certify to the Company, on an annual basis, that they have complied with the Company's code of conduct without exception or, if they have not so complied, to list the exceptions.

The Company has posted the text of its code of conduct on its Internet website at www.eaglematerials.com (click on Investor Relations, then on Corporate Governance, then on Eagle Ethics under the heading Code of Ethics). Additionally, the Company will provide without charge a copy of the code of conduct to any person upon written request to our Secretary at our principal executive office.

RELATIONSHIP WITH INDEPENDENT PUBLIC ACCOUNTANTS

Ernst & Young LLP, which we refer to as Ernst & Young, audited the Company's financial statements for the fiscal years ended March 31, 2006, 2007 and 2008.

Ernst & Young reports directly to our Audit Committee. The Audit Committee has adopted policies and procedures for pre-approving all audit and permissible non-audit services performed by Ernst & Young. Under these policies, the Audit Committee pre-approves the use of audit and specific permissible audit-related and non-audit services up to certain dollar limits. Other audit and permissible non-audit services that exceed a \$50,000 threshold must be pre-approved separately by the Audit Committee, or, for such services that do not exceed \$50,000, by a member of the Audit Committee. Any such member must report the pre-approval at the next Audit Committee meeting. In determining whether or not to pre-approve services, the Audit Committee determines whether the service is a permissible service under the SEC's rules, and, if permissible, the potential effect of such services on the independence of Ernst & Young.

The following table sets forth the various fees for services provided to the Company by Ernst & Young in the fiscal years ended March 31, 2008 and 2007, all of which services have been approved by the Audit Committee:

Fiscal Year	Audit Fees⁽¹⁾	Audit Related Fees⁽²⁾	Tax Fees	All Other Fees	Total
2008	\$672,000	\$ 74,000			\$746,000
2007	\$662,359	\$ 110,500			\$772,859

(1) Includes fees for the annual audit and quarterly reviews, accounting and financial reporting consultations regarding generally accepted accounting principles.

(2) Includes fees for benefit plan audits.

AUDIT COMMITTEE REPORT

To the Board of Directors of Eagle Materials Inc.:

We have reviewed and discussed with management the audited financial statements of Eagle Materials Inc. as of and for the fiscal year ended March 31, 2008.

We have discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees, as amended by Statement on Auditing Standards No. 90, Audit Committee Communications, by the Auditing Standards Board of the American Institute of Certified Public Accountants.

We have received and reviewed the written disclosures and the letter from the independent auditors required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, as amended by the Independence Standards Board, and have discussed with the auditors the auditors independence. We have also considered whether the auditors provision of non-audit services to Eagle Materials Inc. and its affiliates is compatible with the auditors independence.

Based on the reviews and discussions referred to above, we recommend to the Board of Directors that the financial statements referred to above be included in the Annual Report of Eagle Materials Inc. on Form 10-K for the fiscal year ended March 31, 2008.

ITEM 2: APPROVAL OF EXPECTED APPOINTMENT OF INDEPENDENT AUDITORS

Ernst & Young acted as our independent auditors to audit our books and records for fiscal year 2008, and the Audit Committee expects to appoint Ernst & Young as our independent auditors for fiscal year 2009 if its proposal for audit services is satisfactory.

We believe the approval of this expected appointment is good corporate practice because the audit of our books and records is a matter of importance to our stockholders. If our stockholders do not support the expected appointment, our Audit Committee will consider that fact when determining whether or not to retain Ernst & Young, but still may elect to retain them. Even if the expected appointment is approved, the Audit Committee, in its discretion, may elect not to proceed with the appointment. Once it has appointed an auditor, our Audit Committee may elect to change the appointment at any time during the year if it determines that such a change would be in our best interests and the best interests of our stockholders.

Representatives of Ernst & Young are expected to be present for the annual meeting, with the opportunity to make a statement if they choose to do so, and will be available to respond to appropriate questions from our stockholders.

Recommendation of the Board

Our board unanimously recommends a vote for the approval of the expected appointment of Ernst & Young as the Company s auditors for the fiscal year ending March 31, 2009.

OTHER MATTERS WHICH MAY BE PRESENTED FOR ACTION AT THE MEETING

Our Board of Directors does not intend to present for action at this annual meeting any matter other than those specifically set forth in the Notice of Annual Meeting of Stockholders. If any other matter is properly presented for action at the meeting, it is the intention of persons named in the proxy to vote thereon in accordance with their judgment pursuant to the discretionary authority conferred by the proxy.

DELIVERY OF DOCUMENTS TO STOCKHOLDERS

Pursuant to the rules of the SEC, the Company and services that it employs to deliver communications to its stockholders are permitted to deliver to two or more stockholders sharing the same address a single copy of the proxy statement. Upon written or oral request, the Company will deliver a separate copy of the proxy statement to any stockholder at a shared address who wishes to receive separate copies of such documents in the future. Stockholders receiving multiple copies of such documents may likewise request that the Company deliver single copies of such documents in the future. Stockholders may notify the Company of their requests by calling or directing a written request to our Secretary at the Company s principal executive office.

DEADLINE FOR RECEIPT OF STOCKHOLDER PROPOSALS

Next year's annual meeting of stockholders is scheduled to be held on August 5, 2009. In order to be considered for inclusion in the Company's proxy material for that meeting, stockholder proposals must be received at our executive offices, addressed to the attention of the Secretary, not later than February 27, 2009.

For any proposal that is not submitted for inclusion in our proxy material for the 2009 annual meeting of stockholders but is instead sought to be presented directly at that meeting, Rule 14a-4(c) under the Exchange Act permits the Company's management to exercise discretionary voting authority under proxies it solicits unless the Company is notified about the proposal on or before May 7, 2009, and the stockholder satisfies the other requirements of Rule 14a-4(c). Our Bylaws provide that, to be considered at the 2009 annual meeting, a stockholder proposal must be submitted in writing and received by our Secretary at the executive offices of the Company during the period beginning on February 6, 2009 and ending May 7, 2009, and must contain the information specified by and otherwise comply with our Bylaws. Any stockholder wishing to receive a copy of our Bylaws should direct a written request to our Secretary at the Company's principal executive office.
