EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This Compensation Discussion and Analysis addresses the aspects of our compensation programs and explains our compensation philosophy, policies and practices with respect to our chief executive officer, chief financial officer, president, and chief lending officer, which are collectively referred to as our named executive officers.

Oversight of Executive Compensation Program

The Human Resources Committee of our board of directors oversees our executive compensation programs. Each member of the HR Committee is an independent director as defined in Rule 4200(a)(14) of the Nasdaq Stock Market, Inc. The HR Committee has developed and applied a compensation philosophy that focuses on a combination of incentive compensation, in both cash and equity-linked programs, which is directly linked to performance and creation of stockholder value, coupled with a competitive level of base compensation. The objective for the named executives, relationship managers and key management is to have a substantial portion of total compensation derived from performance-based incentives.

The HR Committee works diligently throughout the year in its conferences, formal meetings, discussions with consultants, interaction with management and review of materials developed for it. The HR Committee works very closely with executive management, primarily our chief executive officer (CEO), in assessing the appropriate compensation approach and levels. The HR Committee is empowered to advise management and make recommendations to the board of directors with respect to the compensation and other employment benefits of executive officers and key employees of the Company. The HR Committee also administers the Company's long-term compensation plans for executive officers and key employees and the Company's incentive bonus programs for executive officers and employees.

The HR Committee regularly reviews the Company's compensation programs to ensure that remuneration levels and incentive opportunities are competitive and reflect performance. Factors taken into account in assessing the compensation of individual officers include the officer's performance and contribution to the Company, experience, strategic impact, external equity or market value, internal equity or fairness, and retention priority. The various components of the compensation programs for executive officers are discussed below in the Executive Compensation Program Overview.

Objectives of Executive Compensation

We seek to provide a compensation package for our named executive officers that is driven primarily by the overall financial performance of the Company. We believe that the performance of each of the executives impacts our overall, long-term profitability and therefore have the following goals for compensation programs impacting the named executive officers of the Company:

to provide motivation for the named executive officers and to enhance stockholder value by linking their compensation to the value of our common stock;

to retain the executive officers, relationship managers, and key management who lead the Company and the Bank;

to allow the Company and the Bank to attract highly qualified executive officers in the future by providing total compensation opportunities consistent with those provided in the industry and commensurate with the Company's business strategy and performance objectives; and

to maintain reasonable fixed compensation costs by targeting base salaries at a competitive average.

Table of Contents**Role of the Consultant**

During 2008, the HR Committee engaged the services of an independent, executive compensation consulting firm, Longnecker and Associates (L&A), to assist the HR Committee in its review of total direct compensation and contract provisions for the CEO, CFO and President of the Bank, as well as other senior executives for whom contracts were subject to review and renewal. L&A only provides executive compensation consulting services under the direction of the HR Committee and does not provide any additional services to the Company.

Market Competitive Analysis Methodology

L&A provided the HR Committee with a market competitive executive compensation analysis for the named executive officers including: base salary, annual incentives and long-term incentives.

This analysis was performed by utilizing two primary sources of information: 1) peer company proxy statements and 2) published survey sources. Each of the two primary sources were weighted 50% to create a market 50th and 75th percentile for comparison purposes.

Peer Company Proxy Data. The HR Committee and L&A, with input from the Company's management established a list of eleven high performance peer companies which historically had records of high performance for 2008 comparison purposes. The following companies were selected based upon long-term performance, asset size, market capitalization size and business operations in commercial banking and financial services (in millions):

| Company Name | Total Assets as of 12/31/08 | Market Cap as of March 2009 |
|-----------------------------------|--|--|
| Amegy Bank(1) | \$ 12,354 | N/A |
| Boston Private Financial Holdings | 7,266 | \$ 223.76 |
| Hancock Holding Company | 7,167 | 994.80 |
| IberiaBank Corporation | 5,583 | 609.21 |
| Pinnacle Financial Partners | 4,754 | 568.97 |
| PrivateBancorp, Inc. | 10,040 | 458.39 |
| Renasant Corporation | 3,716 | 264.61 |

| SVB Financial Group | 10,023 | 658.57 |
| Taylor Capital Group, Inc. | 4,389 | 49.47 |
| Wintrust Financial Corporation | 10,658 | 292.21 |
| Texas Capital Bancshares, Inc. | 5,140 | 348.86 |

- (1) Amegy Bank is part of Zion Bancorporation and is not a separately reporting entity for SEC purposes but the Company has used the compensation information for the Amegy executives that is included in the Zion's proxy. Total assets are as reported in the call report for Amegy Bank.

Published Survey Data. L&A relied upon published survey information provided by recognized sources including the Economic Research Institute, Watson Wyatt, William Mercer, and World at Work. L&A procured market competitive

compensation for the respective named executive officers from these survey sources based upon banking and financial service companies with comparable asset sizes.

Summary

According to information provided to the HR Committee by its independent compensation consultant, the amount of the Company's compensation paid to its executive officers during 2008 was competitive. In view of the Company's competitive performance, turnover of key employees and historical earnings levels and growth in earnings, the HR Committee believes that the Company's current executive compensation philosophy and practices are successful in providing stockholders with talented, dedicated executive officers at competitive compensation levels.

Executive Compensation Program Overview

The executive compensation package available to our named executive officers is comprised of:

- base salary;
- annual incentive compensation;
- long-term incentive compensation, including SARs, Performance SARs (PSARs) and RSUs; and
- other welfare and health benefits.

Base Salary

Base salary is designed to provide competitive levels of base compensation to our executives and be reflective of their experience, duties and scope of responsibilities. We pay competitive base salaries required to recruit and retain executives of the quality that we must employ to ensure the success of our Company. Base salaries for the named executive officers are not always adjusted on an annual basis. As a result of the study performed by L&A as described in the Compensation Consultants section, salaries for the CEO, CFO, and President of the Bank were increased in October 2008. Previously, they were adjusted in October 2007, but were not adjusted during 2006. The HR Committee determines, and recommends to the Board, the appropriate level and timing of increases in base compensation for the CEO and the other named executive officers upon consideration of the recommendation of the CEO with respect to the other named executives. Based on the evaluation conducted by L&A, the HR Committee recommended and the Board approved increases in annual base compensation, effective in October 2008, annual salaries are as follows: Jones \$405,000 (increasing to \$500,000 on March 1, 2009 and \$600,000 on March 1, 2010), Bartholow \$325,000, and Cargill \$300,000 based on competitive data provided by the compensation consultants, bank performance, and the time period since the last salary adjustment. Under the terms of the contracts discussed below annual base salaries for Messrs. Bartholow and Cargill are not subject to review until March 2010.

In making determinations of salary levels for the named executives, the HR Committee considers the entire compensation package for executive officers, including the equity compensation provided under long-term compensation plans. The Company intends for the salary levels to be consistent with competitive practices of comparable institutions and each executive's level of responsibility. The HR Committee determines the level of any salary increase after reviewing:

- the qualifications, experience and performance of the executive officers;
- the compensation paid to persons having similar duties and responsibilities in other competitive institutions; and
- the nature of the Bank's business, the complexity of its activities and the importance of the executives' experiences to the success of the business.

The HR Committee reviewed a survey of compensation paid to executive officers performing similar duties for depository institutions and their holding companies and considered compensation levels applicable to executives in non-bank financial and professional services companies. The HR Committee reviews and adjusts the base salaries of the Company's executive officers when deemed appropriate.

Annual Incentive Compensation

Annual incentive compensation is designed to provide competitive levels of compensation based on experience, duties and scope of responsibilities. In addition, our annual incentive program is designed to ensure that variable compensation based on the Company's profitability is a significant component of total cash compensation for the named executives. The HR Committee uses the annual incentive compensation to motivate and reward the named executive officers for achievement of strategic, business and financial objectives.

Pursuant to the cash incentive program developed by the Company and approved by the HR Committee, the Company establishes a bonus pool each year, and the size of the pool is derived as a percentage of the Company's pre-tax income. The bonus pool is generally 11 - 13% of pre-tax pre-bonus income but may vary depending on number of additional participants, amounts guaranteed to new officers and other factors. The amount of the incentive pool is incorporated in the annual business and financial plan approved by the board of directors and is adjusted during the year, based on actual results compared to the approved financial plan. After verification of final results, the total pool and allocation of dollars in the pool are approved by the HR Committee. The pool is allocated among three distinct groups: the named executive officers, relationship managers generally responsible for lending and other service offerings, and key management, which includes persons who oversee and provide critical support in such areas as finance, operations, funding, investments and credit policy. Executive management determines allocations within production and key management groups pursuant to the approved program. Generally, the portion of the incentive pool allocated to executives is approximately 10 - 15% of the total pool. The CEO submits recommendations for incentive compensation for the named executive officers other than the CEO. The HR Committee determines the incentive payment for the CEO and considers the recommendation of the CEO in its final determinations of awards to be paid to the other named executives. Amounts approved by the HR Committee have generally been based on the allocation of the total amount available to executives proportionate to the base compensation of the executives.

In determining awards of annual cash incentives the HR Committee considers the entire compensation package of each of the executive officers. The bonus awards are intended to be consistent with each executive officer's level of responsibility, competitive practices of financial institutions with comparable business characteristics and interests of stockholders. The HR Committee met in February 2009 to determine bonus compensation paid to the executive officers of the Company and the Bank for 2008 performance and the amount of these bonuses paid to the named executive officers is set forth in the Summary Compensation Table.

Equity Awards

Equity awards for our executives are granted from our 2005 Long-Term Incentive Plan (the "2005 Plan"). The HR Committee grants awards under the 2005 Plan in order to align the interests of the named executive officers with our stockholders, and to motivate and reward the named executive officers to increase the stockholder value of the Company over the long term.

The 2005 Plan became effective on May 17, 2005 and will terminate on May 17, 2015. Employees (including any employee who is also a director), consultants, contractors and non-employee directors of the Company or its subsidiaries whose judgment, initiative and efforts contributed to or may be expected to contribute to the successful performance of the Company are eligible to participate in the 2005 Plan. The 2005 Plan provides for the grant of all equity awards to officers and directors; grants may include, but are not limited to, awards of SARs, PSARs, RSUs, options, and other performance awards. In addition, the HR Committee may grant other forms of awards payable in cash or common shares if the HR Committee determines that such other form of award is consistent with the purpose and restrictions of the 2005 Plan.

Table of Contents

Certain RSU, SAR and PSAR grants were made in April 2006 and January 2007 to the named executive officers and are included in the compensation tables that follow this section. The HR Committee administers awards under the 2005 Plan, sets vesting criteria, establishes performance objectives and may amend the Plan in accordance with authority approved by stockholders.

Executive management and the HR Committee believe that stock ownership is a significant incentive in aligning the interests of employees and stockholders, building stockholder value and retaining the Company's key employees.

Other Benefits

2006 Employee Stock Purchase Plan. On January 17, 2006, the board of directors adopted the Company's 2006 Employee Stock Purchase Plan (the "2006 ESPP"), which was approved by our stockholders at our 2006 annual meeting on May 16, 2006. The 2006 ESPP provides eligible employees of the Company (and its participating subsidiaries) with an incentive to advance the best interests of the Company and its subsidiaries by providing them a means of voluntarily purchasing common stock at a favorable price and upon favorable terms. We believe that the participants in the 2006 ESPP have an additional incentive to promote the success of the Company's business by increasing their proprietary interest in the success of the Company. Participation in the 2006 ESPP is voluntary and dependent upon each eligible employee's election to participate and his or her determination of the level of participation. We believe that the 2006 ESPP is a necessary tool to help us compete effectively. It has been and remains the policy of the Company that the named executive officers are not eligible to participate in the 2006 ESPP.

Retirement Savings Opportunity. All employees may participate in our 401(k) Retirement Savings Plan, or 401(k) Plan. Each employee may make before-tax contributions of up to 10% of their eligible compensation up to current Internal Revenue Service limits. We provide this 401(k) Plan to help our employees save some amount of their cash compensation for retirement in a tax efficient manner. As of 2006, the HR Committee decided that the Company would match contributions made by our employees to the 401(k) Plan based upon a formula that considers the amount contributed by the respective employee and such employee's tenure with the Company. We did not make, however, any discretionary contributions to the 401(k) Plan in the fiscal year ended December 31, 2006. We also do not provide an option for our employees to invest in our stock in the 401(k) Plan. Other than the 401(k) Plan, the Company currently does not provide or offer any retirement plans, such as defined benefit, defined contribution, supplemental executive retirement benefits, retiree medical or deferred compensation plans, to its employees or the named executive officers.

Health and Welfare Benefits. All full-time employees, including our named executive officers, may participate in our health and welfare benefit programs, including medical, dental and vision care coverage, disability insurance and life insurance. We provide these benefits to meet the health and welfare needs of employees and their families.

Employment Agreements

In order to retain the Company's senior executive officers, the HR Committee and board of directors of the Company determined it was in the best interests of the Company to enter into employment agreements with certain officers. The named executives first entered into employment contracts in 2002 and 2003, and amended and extended in December 2004. New contracts were executed effective December 31, 2008 ("2008 Agreements") for Messrs. Jones, Bartholow, and Cargill. We entered into these agreements to ensure that the executives perform their respective roles for an extended period of time. In addition, we also considered the critical nature of each of these positions and our need to retain these executives when we committed to the agreements.

Table of Contents

Each of the 2008 Agreements had an initial term of three years, subject to renewal, and has a compensation package that includes a base salary and participation in the annual incentive bonus plan for key executives. Each of the executives is also eligible to receive grants of equity-based incentive compensation under our 2005 Plan. During January 2009, equity awards under the 2005 Plan in the form of restricted stock units (RSU s) were granted to Messrs. Jones, Bartholow, and Cargill of 73,565, 16,720, and 31,344, respectively. Vesting of 2/3 of the RSU s is based on certain stock price targets or cliff vesting at December 31, 2013. Vesting of the remaining 1/3 is annually over four years.

The employment agreements also provide for severance payments to the executive upon termination of his employment by us on 30 days notice without cause or termination by the executive for good reason. Upon termination without cause or upon resignation for good reason, the executive is entitled to receive the following severance payments and benefits:

a cash payment equal to the greater of the executive s base salary remaining in the executive s employment term or 12 months salary, paid in 12 equal monthly installments;

an amount equal to the average annual cash bonus paid to the executive for the two years preceding his termination, paid in 12 equal installments, and

continued medical insurance benefits, at the Company s expense, for a period of twelve months.

If a change in control, and an executive subsequently is terminated either (1) by the Company or the successor entity without cause or (2) by the executive for good reason, during the period beginning 90 days before and ending 18 months after, the change of control event, (i) Mr. Jones is entitled to receive a lump sum payment equal to 2.99 times of his average base salary and the average of any incentives paid to Mr. Jones during two years preceding the change of control and (ii) each other executive is entitled to receive a lump sum payment equal to 2.5 times of the executive s average base salary and the average of any bonuses paid to such executive during the two years preceding the change of control. This change of control payment is in lieu of any other amounts to which the executive would be entitled under his employment agreement. In addition, the executive will receive, for 24 months following his termination, continued health and welfare benefits no less favorable than the benefits to which he was entitled prior to the change of control, as well as payment of accrued vacation, sick leave, unreimbursed expenses and any amounts due the executive under any Company benefit plan.

If any amount paid or distributed to the executive in connection with the change of control is subject to excise tax, the executive shall be entitled to receive an additional gross-up payment in the amount equal to 50% of the amount equal to the excise tax after payment of all taxes. If the consideration received by stockholders of the Company in connection with the change of control is greater than \$22.50 per share, the applicable percentage will be increased incrementally on a linear basis for each increase between \$22.50 up to \$25.00, such that if the price per share is \$25.00 or greater, the applicable percentage would be 100%.

As a means of providing protection to the Company s stockholders, under certain adverse condition such as dissolution, bankruptcy, or any distressed sale of the Company s assets or stock, the above described payments would not occur, except for the cash payment related to the executive s base salary in the case of termination without cause or termination by the executive for good reason which would be reduced to 6 months base salary.

The employment agreements contain other terms and conditions, including a 12 month non-solicitation provision, confidentiality obligations and restrictions on each executive s ability to be engaged or involved in a competing state or national bank with a principal place of business in Texas, New Mexico, Oklahoma, or Louisiana during his

employment and for the 12 month period following his termination or resignation.

Table of Contents

In connection with Joseph M. Grant's transition from Chairman and CEO to Chairman Emeritus and Senior Executive Advisor effective immediately following the 2008 Annual Meeting of Stockholders, a new agreement was entered into as of April 8, 2008. The terms of the agreement call for an employment period from that date through November 18, 2009 during which time Mr. Grant will be paid a monthly base salary of \$29,583.33 (or \$355,000 on an annual basis). In addition to the salary, Mr. Grant was entitled to a 2008 performance bonus, payable prior to March 15, 2009 equal to the average amount of the bonuses for the 2008 performance year paid to Messrs. Jones, Bartholow, and Cargill and a one-time bonus relating to the period he is employed by the company during 2009 equal to 87.5% of the average amount of the bonuses for the 2009 performance year paid to Messrs. Jones, Bartholow, and Cargill. From November 19, 2009 through January 31, 2013, Mr. Grant will be retained as a consultant at a consulting fee of \$50,000 for each 12-month period, payable in bi-monthly payments. In addition, the 25,000 RSU's granted in January 2007 vest in 4 years, 25% at December 31 in each of the following years with the first vesting occurring December 31, 2008 and subsequently in 2009, 2010, and 2011. In the case of a change in control prior to November 19, 2009, Mr. Grant would receive a \$650,000 lump sum cash payment. In the case of termination without cause or termination with good reason, Mr. Grant would receive all the payments outlined above except the change in control payment of \$650,000. The same terms apply with termination due to death and disability where the Company would pay all remaining payments due under the terms outlined above.

Indemnification Agreements

The Company has entered into indemnification agreements with each of its directors and officers, which may be broader than the specific indemnification provisions contained in its certificate of incorporation, bylaws or under Delaware law. These indemnification agreements may require the Company, among other things, to indemnify its officers and directors against liabilities that may arise by reason of their status or service as directors or officers. These indemnification agreements also may require the Company to advance any expenses incurred by the Company's directors or officers as a result of any proceeding against them as to which they could be indemnified. As of the date of this filing, there is no pending litigation or proceeding involving any of the Company's directors, officers, employees or agents in which indemnification by it is sought, nor is the Company aware of any threatened litigation or proceeding that may result in a claim for indemnification. The Company has purchased a policy of directors' and officers' liability insurance that insures its directors and officers against the cost of defense, settlement or payment of a judgment in certain circumstances.

Tax Implications of Executive Compensation

Under new Section 162(m)(5) of the Internal Revenue Code, added by the Emergency Economic Stabilization Act of 2008 as part of the TARP program, the amount of the Company's federal tax deduction for compensation paid to each of its senior executive officers during the CPP period is reduced from \$1 million to \$500,000 annually and the exception for performance-based compensation is eliminated.

Although deductibility of compensation is preferred, tax deductibility is not a primary objective of our compensation programs. We believe that achieving our compensation objectives set forth above is more important than the benefit of tax deductibility and we reserve the right to maintain flexibility in how we compensate our executive officers that may result in limiting the deductibility of amounts of compensation from time to time.

TARP Capital Purchase Program Restrictions

Effective January 16, 2009, the Company participated in the U.S. Department of the Treasury's Troubled Asset Relief Program (TARP). We received an investment of \$75 million from the Treasury under the TARP Capital Purchase Program. As a recipient of TARP funds, the Company will fully comply with all applicable limitations under the compensation and related rules under the Capital Purchase Program and

Table of Contents

those to be adopted by the Treasury pursuant to the ARRA. As the Treasury has not, as of March 31, 2009, released interpretive regulations pursuant to ARRA, the impact of any future regulations or rulemaking on compensation programs described in this section is unknown.

As part of the ARRA, Section 111 of the Emergency Economic Stabilization Act of 2008 (EESA) was amended. As part of the amendment, all TARP recipients including participants in the Capital Purchase Program are required to meet certain executive compensation and corporate governance standards beyond those currently applicable to us. The amended Section 111 requires the Treasury standards to include certain matters, including limits on bonuses and incentive compensation, expanded golden parachute limitations and compensation clawback provisions for specified employees. The discussion in this section including tabular information is presented without giving effect to the changes already implemented as a result of our Capital Purchase Program participation or any changes that might be implemented in the future to comply with any new standards under ARRA. Thus, the payments described in this section are those that would be applicable if we were not subject to Capital Purchase Program restrictions. During the period we are subject to these restrictions, some of the payments to our named executive officers following a termination of employment might be reduced or eliminated, depending on the nature of the Treasury's ultimate implementation of ARRA as well as the nature of the payment itself.

Report of the Human Resources Committee on the Compensation Discussion and Analysis

The Human Resources Committee has reviewed and discussed with management the Compensation Discussion and Analysis (CD&A) included in this Proxy Statement. Based on such review and discussion, the HR Committee recommended to the Board that this CD&A be included in the Company's Report on Form 10-K and this Proxy Statement for filing with the Securities and Exchange Commission.

Human Resources Committee Report Certification

The Human Resources Committee certifies that it has reviewed with senior risk officers the senior executive officer (CEO) incentive compensation arrangements and has made reasonable efforts to ensure that such arrangements do not encourage CEOs to take unnecessary and excessive risks that threaten the value of the Company.

The Report and the Certification are submitted by the Human Resources Committee of the Board of Directors of Texas Capital Bancshares, Inc.

(A) The amounts in these columns reflect the dollar amount expensed for financial statement reporting purposes for the fiscal year ended December 31, 2008, 2007 and 2006, in accordance with FAS 123R of awards pursuant to the 2005 Plan and 1999 Plan and thus may include amounts from awards granted in and prior to 2006. Assumptions used in the calculation of these amounts are included in footnote 10 of the Company's audited financial statements for the fiscal year ended December 31, 2008, included in the Company's Annual Report on Form 10-K filed with the Securities and Exchange Commission on or around February 19, 2009. Stock awards are comprised of restricted stock units (RSUs). Option awards are comprised of stock options, stock appreciation rights (SARs) and performance stock appreciation rights (PSARs). Meeting the performance targets required for PSAR vesting is no longer possible and the PSARs were forfeited; therefore in 2008, the related FAS 123R expense was reversed. In reporting the expense related to RSUs for Jones, Bartholow, and Cargill, the amount

reported above does not represent the FAS 123R expense that was recorded for GAAP purposes. Guidelines for the SCT require that any estimated forfeitures related to service-based vesting conditions be disregarded. Thus, the amounts in the table above exceed the FAS 123R expense recorded by the Company during 2008.

(B) See additional description in 2008 All Other Compensation Table below.

2008 Pension Benefits

The table disclosing the actuarial present value of each executive's accumulated benefit under defined benefit plans, the number of years of credited service under each plan, and the amount of pension benefits paid to each Senior Executive during the year is omitted because the Company does not have a defined benefit plan for Senior Executives. The only retirement plan available to Senior Executives in 2008 was the Company's qualified 401(k) savings and retirement plan, which is available to all employees.

2008 Non-qualified Deferred Compensation

The table disclosing contributions to non-qualified and other deferred compensation plans, each executive's withdrawals, earnings and fiscal year balances in those plans is omitted because, in 2008 the Company had no non-qualified deferred compensation plans or benefits for executive officers or other employees of the Company.

Table of Contents**2008 Potential Payments Upon Termination or Change in Control Table**

The following table summarizes the estimated payments to be made under each executive's contract, described more completely in the *Employment Agreements* section in the Compensation Discussion and Analysis starting on page 15.
