The name of the company that is the subject of this Solicitation/Recommendation Statement on Schedule 14D-9 (together with the Exhibits and Annexes hereto, this "Statement") is Genencor International, Inc., a Delaware corporation ("Genencor"). Genencor's principal executive offices are located at 925 Page Mill Road, Palo Alto, California 94304 and the telephone number at its principal executive offices is (650) 846-7500.

Securities

The title of the class of equity securities to which this Statement relates is the common stock, par value \$0.01 per share, of Genencor (the "Shares"). As of January 31, 2005, there were 60,119,648 Shares outstanding.

Item 2. Identity and Background of Filing Person.

Name and Address

Genencor is the person filing this Statement and is the subject company. Genencor's name, business address and business telephone number are set forth in Item 1 above, which information is incorporated by reference herein.

Tender Offer

This Statement relates to the tender offer by DH Subsidiary Inc., a Delaware corporation ("Acquisition Sub") and an indirect wholly-owned subsidiary of Danisco A/S, a Danish corporation ("Danisco"), to purchase all of the outstanding Shares for \$19.25 per share, net to each selling stockholder in cash, upon the terms and subject to the conditions set forth in Danisco's Offer to Purchase dated February 15, 2005 ("Offer to Purchase") and the related Letter of Transmittal. The Offer to Purchase, together with the Letter of Transmittal, as they may be amended or supplemented from time to time, constitute the "Offer." Copies of the Offer to Purchase and the Letter of Transmittal are filed as Exhibits (a)(i) and (a)(ii), respectively, herewith and are incorporated by reference herein in their entirety. Danisco already owns 25 million Shares, or approximately 41.6% of the outstanding Shares, and 485 shares of Genencor's Series A preferred stock, no par value (the "Series A Preferred Stock"), representing 50% of the outstanding shares of Series A Preferred Stock. The Offer is described in a Tender Offer Statement on Schedule TO (which includes the information required to be reported under SEC Rule 13e-3), dated February 15, 2005 (the "Schedule TO"), which was filed with the SEC on February 15, 2005.

The Offer is being made pursuant to an Acquisition Agreement, dated as of January 27, 2005 (the "Acquisition Agreement"), among Danisco, Acquisition Sub and Genencor. Following consummation of the Offer and the satisfaction or waiver of certain conditions, Acquisition Sub will merge with and into Genencor (the "Merger"). Following the Merger, Genencor will continue as the surviving corporation. In the Merger, each of the outstanding Shares (other than Shares held in the treasury of Genencor, or owned by Danisco or Acquisition Sub, or held by Genencor stockholders who perfect and do not withdraw or otherwise lose their appraisal rights under Delaware law) will be converted into the right to receive the merger consideration, which will be \$19.25 per share, net to the seller in cash, or any higher price paid per share in the Offer. A copy of the Acquisition Agreement is filed as Exhibit (e)(1) hereto and is incorporated by reference herein in its entirety.

The Schedule TO states that the principal executive officers of Danisco and Acquisition Sub are located at Langebrogade 1, DK-1001, Copenhagen, Denmark and that their telephone number is 011-45-3-266-2000.

Genencor is also incorporating into this document by reference the Information Statement that is attached as Annex A to this Statement (the "Information Statement"), which contains information relating to Genencor's officers and directors.

Item 3. Past Contacts, Transactions, Negotiations and Agreements.

Conflicts of Interest

Except as described or referred to in this Item 3, on the date of the filing of this Statement, there is no material agreement, arrangement or understanding and no actual or potential material conflict of interest between Genencor or its affiliates, on the one hand, and (i) Genencor's executive officers, directors or affiliates or (ii) Danisco, Acquisition Sub or any of their respective executive officers, directors or affiliates, on the other hand.

The information set forth under "Special Factors – Interests of Certain Persons in the Offer" in the Offer to Purchase is incorporated herein by reference.

Item 4. The Solicitation or Recommendation.

Recommendation

The Special Committee of the Genencor Board of Directors and the Genencor Board of Directors recommend that the holders of Shares who are not affiliated with Danisco or Eastman Chemical Company tender their Shares pursuant to the Offer.

Recommendation of the Genencor Special Committee. At a meeting held on January 26, 2005, the Special Committee (the "Special Committee") of the Genencor Board of Directors (the "Genencor Board"), pursuant to the authority conferred in the Special Committee by the Genencor Board, unanimously:

- determined that the Offer and the Merger are fair to, and in the best interests of, the holders of Shares who are not affiliated with Danisco or Eastman Chemical Company (the "Unaffiliated Stockholders");

- recommended that the Genencor Board approve the Acquisition Agreement and the transactions contemplated thereby;
- recommended that the Unaffiliated Stockholders accept the Offer and tender their Shares to Acquisition Sub pursuant to the Offer; and
- recommended that the Unaffiliated Stockholders adopt the Acquisition Agreement if the approval of Genencor's stockholders is required by applicable law to consummate the Merger.

Recommendation of the Genencor Board. On January 26, 2005, after hearing the Special Committee's recommendation, the Genencor Board, by unanimous vote of all directors, except for the three representatives of Danisco that serve on the Genencor Board who recused themselves from the meeting of the Genencor Board:

- approved and declared advisable the Acquisition Agreement;
- determined that the Acquisition Agreement, the Offer and the Merger are fair to, and in the best interests of, the Unaffiliated Stockholders; and
- recommended that the Unaffiliated Stockholders accept the Offer and tender their Shares to Acquisition Sub pursuant to the Offer and that the stockholders of Genencor approve and adopt the Acquisition Agreement, if approval of Genencor's stockholders is required by applicable law in order to consummate the Merger.

The reasons for the recommendation stated in this Item 4 are set forth under "Special Factors – Background of the Offer," "Special Factors - Recommendation of the Special Committee and the Genencor Board; Fairness of the Offer and the Merger" and "Special Factors – Certain Historical and Projected Financial Data Relating to Genencor" in the Offer to Purchase, and incorporated by reference herein.

Opinion of the Special Committee's Financial Advisor

The Special Committee has retained UBS Securities LLC ("UBS") to act as its financial advisor in connection with the Offer and the Merger. UBS delivered an opinion dated January 26, 2005 to the

3

Special Committee as to the fairness, from a financial point of view and as of the date of the opinion, of the \$19.25 per Share cash consideration to be received in the Offer and the Merger by the holders of Shares (other than Danisco, Eastman Chemical Company ("Eastman"), and their respective affiliates), as more fully described in the section "Special Factors - Recommendation of the Special Committee and the Genencor Board; Fairness of the Offer and the Merger - Opinion of the Special Committee's Financial Advisor" of the Offer to Purchase. UBS' opinion is attached to this Statement as Annex B and is incorporated herein by reference. UBS' opinion was provided to the Special Committee in its evaluation of the cash consideration to be received in the Offer and the Merger by holders of Shares (other than Danisco, Eastman, and their respective affiliates), does not address any other aspect of the Offer or the Merger and does not constitute a recommendation to any stockholder as to whether such stockholder should tender Shares in the Offer or as to how to vote or act with respect to any matters relating to the Offer or the Merger. Holders of Shares are encouraged to read UBS' opinion carefully in its entirety.

Intent to Tender

To the best of the knowledge of Genencor, after making reasonable inquiry, each of Genencor's executive officers and directors currently intends to tender all Shares beneficially owned by them as of the date hereof pursuant to the Offer.

Eastman has entered into an agreement pursuant to which it will sell its Shares and Series A Preferred Stock to an affiliate of Danisco and has agreed not to tender its Shares. For more information, see the information set forth under "Special Factors - Certain Agreements Relating to the Offer and the Merger - The Stock Purchase Agreement" in the Offer to Purchase, which is incorporated herein by reference.

Item 5. Person/Assets Retained, Employed, Compensated or Used.

Solicitations or Recommendations

The description of fees payable to UBS, the Special Committee's financial advisor, in connection with the Offer and the Merger is set forth under "Special Factors - Recommendation of the Special Committee and the Genencor Board; Fairness of the Offer and the Merger - Opinion of the Special Committee's Financial Advisor - Miscellaneous" in the Offer to Purchase and incorporated herein by reference.

Neither Genencor nor any person acting on its behalf has employed, retained or compensated, or currently intends to employ, retain or compensate, any person to make solicitations or recommendations to Genencor's stockholders on its behalf with respect to the Offer or the Merger, except for any solicitations or recommendations that may be made by directors, officers or employees of Genencor, for which they shall receive no additional compensation.

Item 6. Interest in Securities of the Subject Company.

Item 7. Purposes of the Transaction and Plans or Proposals.

On January 26, 2005, the Genencor Board:

- approved and declared advisable the Acquisition Agreement;
- determined that the Acquisition Agreement, the Offer and the Merger are fair to, and in the best interests of, the Unaffiliated Stockholders; and
- recommended that the Unaffiliated Stockholders accept the Offer and tender their Shares to Acquisition Sub pursuant to the Offer and that the stockholders of Genencor approve and adopt the Acquisition Agreement, if approval of Genencor's stockholders is required by applicable law in order to consummate the Merger.

Except as described or referred to in this Statement, there is no transaction, board resolution, agreement in principle or signed contract that has been entered into in response to Danisco's offer that relates to or would result in the occurrence of any of the events to which the first paragraph of this Item 7 applies. Danisco's Right to Designate Genencor Directors Pursuant to the Acquisition Agreement

Promptly following the Assignment Time (as defined below), Danisco will be entitled to elect or designate such number of directors, rounded up to the next whole number, on the Genencor Board as is equal to the product of the total number of directors on the Genencor Board multiplied by the percentage that the aggregate number of Shares beneficially owned by Acquisition Sub, Danisco and any of their affiliates bears to the total number of Shares then outstanding. Genencor shall, at Danisco's request at any time following the Assignment Time, take such actions as are necessary to enable Danisco's designees to be so elected or designated to the Genencor Board, and will use its commercially reasonable efforts to cause Danisco's designees to be so elected or designated at such time, provided, however, that at all times during the period commencing as of the Assignment Time and ending at the effective time of the Merger, there shall be, and Danisco shall use commercially reasonable efforts to ensure that there shall be, at least three members of the Special Committee of the Genencor Board (the "Special Committee"), or their successors who were elected by a majority of the other Special Committee members, serving on the Genencor Board. Genencor will, upon Danisco's request following the Assignment Time, also cause persons elected or designated by Danisco to constitute the same percentage (rounded up to the next whole number) as is on the Genencor Board of each committee of the Genencor Board (other than the Special Committee), each board of directors (or similar body) of each subsidiary of Genencor, and each committee (or similar body) of each such board, in each case only to the extent permitted by applicable law or stock exchange rules.

For purposes of this Information Statement and the Acquisition Agreement, "Assignment Time" means the time that Genencor receives notice in writing from Danisco (and, with respect to clause (b) only, an acknowledgement in writing from Eastman) that both of the following have occurred: (a) the purchase of and payment for any Shares by Acquisition Sub pursuant to the Offer; and (b) the purchase by Acquisition Sub (or any affiliate thereof) of and payment by Acquisition Sub (or any affiliate thereof) for all Shares, and all shares of Series A Preferred Stock owned by Eastman (and Eastman's subsidiaries), pursuant to the terms of the stock purchase agreement between Eastman and Danisco.

Genencor, Danisco and Acquisition Sub will use their commercially reasonable efforts to cause Alf Duch-Pederson, Søren Bjerre-Nielsen and Robert H. Mayer, from and after the effective time of the Merger, to be the directors of Genencor, and the officers of Genencor immediately prior to the effective time of the Merger will, from and after the effective time of the Merger, be the officers of Genencor, in each case until their respective successors are duly elected, designated or qualified, or until their earlier death, resignation or removal in accordance with Genencor's certificate of incorporation and bylaws.

Danisco has advised Genencor that each of the Danisco Designees has consented to serve as a director of Genencor if appointed or elected. Danisco and Acquisition Sub have advised Genencor that, except for Shares beneficially owned by Messrs. Bjerre-Nielsen and Mayer as set forth above in "Security Ownership of Certain Beneficial Owners and Management" and 1,400 Shares beneficially owned by Mogens Granborg, to their knowledge, none of the Danisco Designees or any of their affiliates beneficially owns any equity securities or rights to acquire any such securities of Genencor, nor has any such person been involved in any transaction with Genencor or any of its directors, executive officers or affiliates that is required to be disclosed pursuant to the rules and regulations of the SEC other than with respect to transactions between Danisco, Acquisition Sub and Genencor that have been described in the Schedule TO or the Schedule 14D-9.

Danisco has advised Genencor that, to the knowledge of Danisco and Acquisition Sub, none of the Danisco Designees is an adverse party to Genencor in any material legal proceedings or has a material interest that is adverse to Genencor in any such proceedings. It is possible that the Danisco Designees could develop a material interest that is adverse to Genencor in the legal proceedings discussed under the heading "The Tender Offer – Certain Legal Matters" in the Offer to Purchase, which information is incorporated herein by reference.

It is expected that the Danisco Designees may assume office at any time following the purchase by Acquisition Sub of Shares pursuant to the Offer. Assuming satisfaction of all the conditions to the Offer and that Danisco and its affiliates own more than a majority of the outstanding Shares after completion of Acquisition Sub's purchase of Shares pursuant to the Offer, which purchase cannot occur earlier than 5:00 p.m., New York City time, on March 16, 2005, upon

taking office, the Danisco Designees will thereafter constitute at least a majority of the Genencor Board.

Genencor Board Composition and Committees

The Genencor Board has determined that Mr. Bjerre-Nielsen, Mr. Cozadd, Ms. Lee, Dr. Mayer, Dr. Mollica, Dr. Nelson, Dr. Riedel, Mr. Rogers and Mr. Rosenlund are "independent directors" as that term is defined by the National Association of Securities Dealers' listing standards for the Nasdaq Stock Market. During 2004, the Genencor Board held four meetings. Each director then in office attended at least 75% of the board meetings and meetings of the board committees on which he or she served. The Genencor Board has an audit committee, a management development and compensation committee (the "MDCC") and a nominating and governance committee.

Audit Committee

The current members of the audit committee are Mr. Cozadd (Chair), Dr. Mollica and Dr. Riedel, each of whom the Genencor Board has determined is independent pursuant to the National Association of Securities Dealers' listing standards for the Nasdaq Stock Market and applicable SEC rules. The Genencor Board has determined that each audit committee member has sufficient knowledge in financial and auditing matters to serve on the audit committee. The Genencor Board has designated Mr. Cozadd, the audit committee's chairman, as an "audit committee financial expert" as defined under applicable SEC rules. The audit committee serves as an independent and objective party to monitor Genencor's financial reporting process and internal control system; retains, pre-approves audit and non-audit services to be performed by, and directly consults with Genencor's independent accountants; reviews and appraises the efforts of Genencor's independent accountants; and provides an open avenue of communication among Genencor's accountants, financial and senior management and the Genencor Board. The audit committee acts pursuant to a written charter, which was amended by the Genencor Board in 2004 to comply with the Sarbanes-Oxley Act of 2002, as well as the rules and regulations of the SEC and the National Association of Securities Dealers. A copy of the audit committee charter, which more specifically sets forth the duties and responsibilities of the audit committee, was attached as Appendix A to Genencor's 2004 proxy statement, filed with the SEC on April 16, 2004. With respect to Genencor's fiscal year ended December 31, 2004, the financial statements have not yet been prepared, the annual audit has not yet been completed and the Audit Committee has not yet issued its report. Therefore, the Audit Committee report for 2003 is provided on page A-22 of this Information Statement. The audit committee held eight meetings during 2004.

Management Development and Compensation Committee

The current members of the MDCC are Dr. Riedel (Chair), Mr. Bjerre-Nielsen and Mr. Rogers, each of whom the Genencor Board has determined is independent pursuant to the National

A-7

Association of Securities Dealers' listing standards for the Nasdaq Stock Market. The MDCC is responsible for ensuring an orderly plan for the succession and development of senior management and that compensation philosophy and policies are consistent with Genencor's strategic business objectives and market practices while providing incentives to attract key talent. Among its duties, the MDCC administers Genencor's 2002 Omnibus Incentive Plan, makes recommendations to the Genencor Board regarding Genencor's other stock and compensation plans, recommends compensation of certain officers (including Genencor's chief executive officer) and management, and approves stock option and other award grant levels. The MDCC acts pursuant to a written charter adopted by the Genencor Board. The MDCC's report relating to 2004 appears on page A-17 of this Information Statement. The MDCC held five meetings during 2004.

Nominating and Governance Committee

The current members of the nominating and governance committee are Dr. Mollica (Chair), Dr. Mayer, Ms. Lee and Dr. Nelson, each of whom the Genencor Board has determined is independent pursuant to the National Association of Securities Dealers' listing standards for the Nasdaq Stock Market. The nominating and governance committee is charged with qualifying and recommending candidates for Genencor Board membership, assessing the performance and compensation of the Genencor Board and related duties to ensure appropriate board governance processes are in place and evaluated at periodic intervals. Among its duties and responsibilities, the nominating and governance committee assesses the performance of the Genencor Board and individual directors; recommends criteria for evaluating the performance of the chairman of the board in discharging his duties; recommends to the Genencor Board criteria for Genencor Board membership; reports annually on director compensation and makes recommendations

regarding compensation of non-employee directors; establishes a nominating process, including a process for identifying stockholder nominees; qualifies and recommends candidates for Genencor Board membership; and reviews annually the committee structure of the Genencor Board and recommends changes thereto. Except with respect to directors nominated by each of Danisco and Eastman, as described below under "Agreement Regarding Board Composition," the process followed by the nominating and governance committee to identify and evaluate candidates includes requests to Genencor Board members, the chief executive officer, and others for recommendations, meetings from time to time to evaluate biographical information and background material relating to potential candidates and their qualifications, and interviews of selected candidates.

As stated above, the nominating and governance committee also considers and establishes procedures regarding recommendations for nomination to the Genencor Board submitted by stockholders. Such recommendations for nomination, together with appropriate biographical information, should be sent to the Chairman of the Nominating and Governance Committee, c/o the Corporate Secretary's Office, Genencor International, Inc., 925 Page Mill Road, Palo Alto, California 94304. The qualifications of recommended candidates will be reviewed by the nominating and governance committee.

In evaluating the suitability of candidates (other than Genencor's chief executive officer) to serve on the Genencor Board, including stockholder nominees, the nominating and governance committee will seek candidates who are "independent" pursuant to the National Association of Securities Dealers' listing standards for the Nasdaq Stock Market and meet certain selection criteria established by the nominating and governance committee. The nominating and governance committee also will consider an individual's skills, character and professional ethics, judgment, leadership experience, business experience and acumen, familiarity with relevant industry issues, national and international experience, and other relevant criteria that may contribute to Genencor's success. This evaluation is performed in light of the skill set and other characteristics that would most complement those of the current directors, including the diversity, maturity, skills and experience of the Genencor Board as a whole.

A-8

The nominating and governance committee acts pursuant to a written charter adopted by the Genencor Board, a copy of which was attached as Appendix B to Genencor's 2004 proxy statement filed with the SEC on April 16, 2004. The nominating and governance committee held four meetings during 2004.

Agreement Regarding Board Composition

Pursuant to the stockholder agreement among Genencor, Danisco and Eastman, dated July 25, 2000, as amended on February 16, 2001, November 15, 2002, April 2, 2003 and January 27, 2005 (the "Stockholder Agreement"), Danisco and Eastman each has the right to nominate three directors (directors nominated by Danisco and Eastman being referred to respectively as the "Danisco Nominees" and the "Eastman Nominees"). If Danisco or Eastman reduces its ownership interest to less than 20% of Genencor's outstanding Shares, then such stockholder's nomination rights will be reduced to two directors and its nomination rights will terminate when it owns 10% or less of Genencor's outstanding Shares. In addition, Danisco and Eastman each has agreed to take such actions as are necessary to effectuate the nomination rights and to cause the Genencor Board to be comprised of 10 members, including the Danisco Nominees, the Eastman Nominees, Genencor's chief executive officer and the remaining directors, all of whom must be persons who are not affiliates of Genencor, Danisco or Eastman.

Pursuant to the Fourth Amendment to the Stockholder Agreement entered into on January 27, 2005 in connection with the execution of the Acquisition Agreement (the "Fourth Amendment"), Genencor, Danisco and Eastman agreed that

the board nomination and board composition rights noted above will terminate immediately after Genencor has received written notice from Danisco (and with respect to clause (b) below only, an acknowledgement in writing from Eastman) that both of the following have occurred: (a) the purchase of and payment for any Shares pursuant to the Offer; and (b) the purchase by Danisco or its affiliates of shares of all the capital stock of Genencor owned by Eastman and its affiliates. The Acquisition Agreement provides that from and after the time that Danisco purchases Shares pursuant to the Offer, Danisco shall be entitled to designate individuals to serve on the Genencor Board in proportion to its holdings of Shares.

Stockholder Communications

Stockholders may send correspondence by mail to the full Genencor Board or to individual directors. Stockholders should address such correspondence to the Genencor Board or the relevant Genencor Board members in care of the Corporate Secretary's Office, Genencor International, Inc., 925 Page Mill Road, Palo Alto, California 94304.

All stockholder correspondence will be compiled by Genencor's Corporate Secretary and forwarded as appropriate. In general, correspondence relating to corporate governance issues, long-term corporate strategy or similar substantive matters will be forwarded to the Genencor Board, one of the aforementioned committees of the Genencor Board, or a member thereof for review. Correspondence relating to the ordinary course of business affairs, personal grievances, and matters as to which Genencor tends to receive repetitive or duplicative communications are usually more appropriately addressed by the officers or their designees and will be forwarded to such persons accordingly.

Compensation of Directors

Genencor routinely reviews the competitiveness of its board compensation. After adjustments recommended by the nominating and governance committee and approved by the full Genencor Board in December 2004, Genencor now makes available to all non-employee directors, including employees of Genencor's major stockholders, the following: an initial discretionary grant of an option to purchase up to 25,000 Shares and an annual discretionary grant of options to purchase up to 14,000 Shares, \$1,000 for attendance at each full-day board meeting and \$500 for attendance at each half-day board meeting, \$1,000 for attendance at each meeting of a committee on which that director serves, and \$40,000 per year. Genencor further provides the respective chairs of Genencor's MDCC and nominating and governance committee an annual retainer fee of \$7,500 and the chair of Genencor's

A-9

audit committee an annual retainer fee of \$10,000. All of Genencor's directors receive travel expense reimbursement and director's liability insurance coverage. Currently, directors who are employees of Genencor's major stockholders, Eastman, Danisco and their affiliates, do not accept any compensation, including grants of options to purchase Shares, due to their respective companies' internal policies.

In December 2003, Genencor formed a strategic committee (the "Strategic Committee") and a special committee (the "Second Special Committee") of the Genencor Board in connection with the exploration of Genencor's strategic alternatives. The Strategic Committee was comprised of Messrs. Rogers, Bjerre-Nielsen, Cozadd and Bienaimé and was charged with directing the process by which Genencor would explore its strategic alternatives (the "Strategic Process") with input from the Second Special Committee. The Second Special Committee was comprised of Mr. Cozadd, Dr. Mollica and Dr. Riedel and was formed to, among other things, ensure that the interests of Genencor's Unaffiliated Stockholders were adequately represented in connection with the Strategic Process. Members of these committees were entitled to receive (a) a retainer of \$20,000 for each chairman, (b) \$1,000 per meeting for each

committee member and (c) reimbursement for any necessary travel and expenses.

In connection with Genencor's receipt of a proposal from Danisco (the "Danisco Proposal") with respect to Danisco's interest in acquiring all of Genencor's outstanding stock, the Genencor Board formed a special committee (the "Special Committee") in December 2004 comprised of Mr. Cozadd, Dr. Mollica and Dr. Riedel. The purpose of the Special Committee was to, among other things, determine whether any possible transaction with Danisco was fair to, and in the best interests of, Genencor's Unaffiliated Stockholders. Members of the Special Committee were entitled to receive (a) a retainer of \$10,000 per month in the case of the chairman and \$5,000 per month in the case of the other members, (b) \$2,000 per meeting in the case of the chairman and \$1,000 per meeting in the case of the other members and (c) reimbursement for any necessary travel and expenses.

Director Attendance at Annual Meetings

Directors are encouraged to attend stockholder meetings whenever possible commencing with the 2005 annual meeting of stockholders, particularly stockholder meetings where extraordinary matters are before the stockholders. Genencor's Chairman, Mr. Bienaimé, attended the 2004 annual meeting of stockholders.

Corporate Governance

Genencor has an ongoing commitment to good governance and business practices. In furtherance of this commitment, Genencor regularly monitors developments in the area of corporate governance and reviews Genencor's procedures in light of such developments. Genencor complies with the rules and regulations promulgated by the SEC and the National Association of Securities Dealers, and implements other corporate governance practices as Genencor believes are in its best interests. Genencor believes that its has in place policies that are designed to enhance stockholders' interests.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires Genencor's directors, officers and greater-than-10% stockholders to file with the SEC reports of ownership and changes in ownership regarding their holdings in us. The hypothetical grant date present value for the options granted during 2004 is presented pursuant to the rules of the SEC and is calculated under the modified Black-Scholes Model for pricing options, a mathematical formula used to value options traded on the stock exchange. This formula considers a number of factors in forecasting an option's present value. Factors used to value the options shown on the table include the expected volatility rate of the shares underlying the options (31.5%), risk free rate of return (3.55%), projected time of exercise (four years) and projected risk of forfeiture rate for vesting period (0% per annum). The actual before-tax amount, if any, realized upon the exercise of stock options will depend upon the excess, if any, of the market price of the Shares over the exercise price per share of the Shares at the time an option is exercised. The hypothetical grant date present value of the options reflected on this table may not be realized.

Employment Contracts, Termination of Employment and Change-in-Control Arrangements

On July 8, 2004, Genencor amended its employment agreement with Jean-Jacques Bienaimé, Genencor's Chairman, Chief Executive Officer and President. The employment agreement provides for an annual salary of \$546,000 and provides that Mr. Bienaimé's salary may be increased from time to time by action of the Genencor Board or by the MDCC and that these increases constitute amendments to Mr. Bienaimé's employment agreement. Mr. Bienaimé is entitled to participate in all of Genencor's insurance, pension, retirement, deferred compensation, stock and stock option, stock purchase or similar compensation and benefit plans and programs. Mr. Bienaimé is also entitled to cash payments to cover the costs of an annual physical not covered by health insurance benefits and the costs of financial planning and income tax preparation services. In addition, Genencor has agreed to maintain for his benefit a fully-paid whole life insurance policy with a stated death benefit of \$500,000. In the event that Genencor terminates Mr. Bienaimé's employment without cause or in the

A-15

event that Mr. Bienaimé resigns due to a constructive removal, a forced relocation, a decrease in salary or benefits or Genencor's breach of the agreement, he will receive severance in the form of continued compensation for 24 months at his then current annual salary rate, a cash bonus under Genencor's variable pay plan, continuation of company-paid benefits for 24 months, and customary executive outplacement services limited to \$18,000.

Further, in the event Genencor terminates Mr. Bienaimé's employment without cause following a change in Genencor's ownership or control in which more than 50 percent of Genencor's outstanding Shares are acquired by an unaffiliated third party (an "Unaffiliated Change-in-Control"), in lieu of the foregoing severance, he will receive an enhanced severance ("Enhanced Severance") in the form of continued cash compensation for 30 months equal to the sum of his then current annual salary rate plus bonus at 100 percent of target, continuation of company-paid benefits for 30 months, the monetary equivalent of the crediting of an additional five years of service to the pension plan and immediate eligibility for retiree medical plan for purposes of determining benefits payable under these plans, a cash payment of \$18,000 for customary executive outplacement services, a cash payment for the cost of annual physical examinations in the year of termination and for two additional years thereafter which are not covered by health insurance benefits, a fully-paid whole life insurance policy with a stated death benefit of \$500,000, a cash payment intended to cover the out of pocket expenses incurred by Mr. Bienaimé annually for state and federal income tax return preparation for the year of termination and two additional years, Genencor's annual contribution to his 401(k) Plan account for the year in which termination occurs, and a full year's credit towards his benefits under the Genencor's pension plan. In addition to the Enhanced Severance, Mr. Bienaimé would be eligible for a discretionary bonus, if granted, in connection with an Unaffiliated Change-in-Control and would be entitled to receive an additional

payment to reimburse Mr. Bienaimé for any excise tax otherwise payable by him as a result of the Enhanced Severance. Also, certain benefits included in the agreement are to be supplemented by Genencor to compensate Mr. Bienaimé for taxes payable on such benefit. In either severance event, Genencor would compensate Mr. Bienaimé for the applicable 24 or 30 month-period, respectively, if his employment is terminated due to a permanent disability.

In July 2004, Genencor also entered into employment agreements with each of its executive officers. These employment agreements each have a one year term with automatic one year renewals unless otherwise agreed, with bonus compensation to be determined by the Genencor Board or the MDCC. Each executive officer's salary may be increased from time to time by action of Genencor's MDCC, and these increases constitute amendments to his or her employment agreement. Each executive officer is entitled to participate in all of Genencor's insurance, pension, retirement, deferred compensation, stock and stock option, stock purchase or similar compensation and benefit plans and programs. In the event that Genencor terminates an executive officer's employment without cause, or in the event that the executive officer resigns due to a constructive removal, a forced relocation, a decrease in salary or benefits or the Genencor's breach of the agreement, he or she will receive severance in the form of continued compensation for 18 months at his or her then current annual salary rate, a cash bonus under the Genencor's variable pay plan, continuation of company-paid benefits for 18 months, and outplacement services of \$18,000. As with Mr. Bienaimé, each executive officer is also eligible to receive the Enhanced Severance termination compensation for 30 months in lieu of the foregoing severance, except that the whole life insurance policy stated death benefit shall be \$300,000. In addition to the Enhanced Severance, the executive officers would be eligible for a discretionary bonus, if granted, in connection with an Unaffiliated Change-in-Control and would be entitled to receive an additional payment to reimburse them for any excise tax otherwise payable by them as a result of the Enhanced Severance. Genencor will continue to compensate each of these individuals for the applicable 18 or 30 month-period, respectively, if that person's employment is terminated due to a permanent disability. In addition, for the two executive officers currently receiving declining housing supplements, at levels which were frozen in 2003, these officers would continue to receive such payments for the applicable 18 or 30-month period described above.

Genencor entered into an Employment and Separation Agreement with Mr. Melton on May 28, 2004, whereby Mr. Melton agreed to resign as Genencor's General Counsel and Secretary effective on June 15, 2004 and to retire from active employment with Genencor effective as of December 31, 2004.

A-16

Mr. Melton continued as a full time employee from the date of the agreement through his retirement date with full salary and benefits, including participation in Genencor's bonus plan, the variable pay plan, for 2004. Pursuant to this Employment and Separation Agreement, Genencor also agreed, among other things, that Genencor would (a) continue Mr. Melton's salary and benefits for a period of 24 months after retirement, (b) accelerate the vesting of Mr. Melton's restricted stock award of 7,800 shares originally granted on June 6, 2003 to coincide with his retirement date, (c) provide Mr. Melton with a payment on January 1, 2005 equal to the value of five additional years of service credited service under Genencor's pension plan, the income replacement plan, (d) provide Mr. Melton with his fully-paid whole life insurance policy with a stated death benefit of \$300,000, (e) pay Mr. Melton specific sums for his tax preparation for 2004 and 2005, transitional retirement and financial planning services, and annual executive check-ups for 2004 and 2005 and (f) reimburse Mr. Melton for the closing costs, excluding realtor commissions, on the sale of his residence in Palo Alto, California. The Employment and Separation Agreement further provides that Mr. Melton shall receive "enhanced termination compensation" benefits in the event Genencor consummate a change in control transaction with an unaffiliated third party during 2004 or 2005, which transaction entitles Mr. Melton's successor to such enhanced termination compensation under the terms of the successor's then-current employment agreement.

Report of Management Development and Compensation Committee

Executive Compensation Philosophy

The fundamental compensation philosophy of the Genencor Board is that there should be a substantial and meaningful connection between executive compensation and stockholder value. Under the supervision of the MDCC, which is comprised of independent directors and which also administers many of Genencor's benefit plans, Genencor has developed and implemented compensation policies, plans and programs designed to enhance Genencor's performance as well as increase stockholder value by aligning closely the financial interests of Genencor's executive officers with those of Genencor's stockholders. In furtherance of these goals, annual base salaries are intended to serve as only a portion of an executive's total achievable compensation. The Genencor Board believes that attracting and retaining executives of high quality is essential to Genencor's growth and success. The Genencor Board further believes that Genencor's long-term success is enhanced by a comprehensive compensation program that includes different types of incentives for motivating executives and rewarding outstanding contributions, including awards that link compensation to applicable measures of Genencor's performance. Genencor relies to a large degree on annual and long-term incentive compensation to attract and retain executives of outstanding ability and to motivate them to perform to the full extent of their abilities. Both the annual and long-term components of the incentive compensation policy are closely tied to Genencor's performance, profitability and stockholder value. In years of outstanding achievement, executive officers will be substantially rewarded for their respective contributions to Genencor's success through a combination of base salary, variable pay and stock-based incentive awards.

Executive Officer Compensation

Genencor's current total compensation program for executive officers consists of cash compensation in the form of base salaries and bonuses as well as long-term incentives, all of which are described below.

Base Salaries

Base salaries are fixed at levels that the MDCC believes to be generally competitive with amounts paid to highly qualified senior executives at other similarly-sized companies engaged in businesses similar to ours. Salaries are reviewed on an annual basis in the first quarter and may be increased based on the individual's position relative to competitive market data, experience and performance and the MDCC's consensus that the individual's contribution has increased stockholder value.

A-17

Variable Pay Plan

In general, Genencor intends that its annual cash compensation incentives for Genencor's executive officers (including Genencor's Chief Executive Officer, who receives a comparable bonus pursuant to Genencor's Omnibus Incentive Plan described below) reflect Genencor's belief that management's contribution to improving Genencor's performance and stockholder return is related to revenue and earnings. Under Genencor's current incentive compensation program administered through Genencor's variable pay plan, bonuses are tied to financial measures and other performance milestones established by the MDCC. The variable pay plan covers Genencor's regular employees in the United States and certain foreign locations. Under the current variable pay plan, early each year, the Genencor Board, through the MDCC, assesses Genencor's performance for the prior year against goals set previously for that year and makes an award determination. The target awards for plan participants, including the Named Executive Officers, range from 5%

to 100% of eligible earnings, depending on each participant's individual salary band level. For any variable pay plan participant, the actual amount of an award will be contingent upon the level of achievement by Genencor relative to pre-established goals. The variable pay plan awards for executives are currently set by the achievement of total revenue and EBITDA (i.e., earnings before interest, taxes, depreciation and amortization) targets, as well as technology, transactional and business development milestones, with the targets recommended annually by Genencor's management and reviewed and approved by the MDCC. Awards can vary from zero, if company goals are not met, to the amounts in excess of target if company goals are exceeded. The maximum payout achievable under the plan for exceeding total revenue and EBITDA targets for 2004 was 128%.

2002 Omnibus Incentive Plan ("Omnibus Incentive Plan")

The purpose of the Omnibus Incentive Plan is to provide motivation to selected employees, directors and consultants to put forth maximum efforts toward Genencor's continued growth, profitability, and success. With the approval of stockholders at the 2002 Annual Meeting, the Omnibus Incentive Plan replaced the 1999 Stock Option and Stock Appreciation Right Plan as Genencor's vehicle for providing long-term incentives.

Under the Omnibus Incentive Plan, the MDCC has authority to grant incentive stock options to Genencor employees and nonstatutory stock options and SARs to Genencor directors, employees, consultants and advisors. The Omnibus Incentive Plan also authorizes the grant of restricted and unrestricted stock awards, restricted stock units, performance shares (which are stock or stock-based awards contingent upon attaining performance objectives during a performance period), performance units (which are units valued by reference to criteria chosen by the MDCC), and other awards established by the MDCC that are consistent with the Omnibus Incentive Plan's purpose. The MDCC also has the authority under the Omnibus Incentive Plan to apply negative discretion to reduce the amount of an award earned or to modify the payment schedule for such award to the extent reasonably feasible for federal income tax deductibility purposes pursuant to Section 162(m) of the Internal Revenue Code.

The MDCC administers the Omnibus Incentive Plan. Subject to the limitations set forth in the plan, the MDCC has the authority to select the eligible persons to whom Genencor may grant awards; determine the number of shares subject to options, SARs, or other awards; decide whether an option is an incentive stock option or a nonstatutory option; determine the type of consideration to be paid by a participant when exercising an option; and establish the vesting schedule of options, SARs, and other awards. In granting awards to Genencor executive officers under the Omnibus Incentive Plan, the MDCC reviews and considers the respective scope of accountability, strategic and operational goals, and anticipated performance requirements and contributions of each employee. During 2004, the MDCC granted to Genencor's Named Executive Officers non-statutory options to purchase a total of 335,000 Shares. See "Executive Compensation – Stock Options."

Employee Retirement Investment Plan

Executive officers (and all other eligible employees) are also entitled to participate in Genencor's employee retirement investment plan, a 401(k) plan. Genencor contributes to the plan by making a

A-18

limited matching contribution to the accounts of those employees who are contributing to the plan. On an annual basis Genencor also makes an additional employer contribution on behalf of all employees who are eligible to participate. Employees do not have to contribute to the plan in order to be eligible for the additional employer contribution each year.

Nonqualified Deferred Compensation Plan ("NDCP")

In 2003, Genencor adopted a non-qualified deferred compensation plan permitting Genencor's executive officers and other eligible employees to defer salary, bonus, restricted stock units and gains from the exercise of stock options. Several of Genencor's executive officers, directors and other eligible participants elected to participate in the plan during 2004.

Employee Stock Purchase Plan

Executive officers (and all other eligible employees) are eligible to participate in Genencor's employee stock purchase plan, which was adopted in 2001. Under the employee stock purchase plan, employees are permitted to purchase Shares that are offered for sale by Genencor. The MDCC determines a date on which an offering of shares to eligible employees will begin and a date on which the offering will end. Since the plan's inception, the MDCC has made offerings every six months. Eligible employees may participate during an offering by enrolling in the employee stock purchase plan and authorizing specified payroll deductions of up to 15% of their base pay rate for the whole period of the offering. At the end of the offering period, the employees use their payroll deductions to purchase Shares at a purchase price established under the employee stock purchase plan. During 2004, Mr. Bienaimé was the only Named Executive Officer who participated in the plan, acquiring 794 shares from his 2004 contributions.

Other Benefits

Executive officers (and other eligible employees) are entitled to participate in a group life insurance program, which provides employees with the opportunity to purchase up to four times base salary in term life insurance (up to a maximum of \$1.0 million) in addition to the two times base salary in term life insurance provided by us. Executive officers also participate in a supplemental life insurance program whereby Genencor pays for the executive officer while actively employed with Genencor the annual premiums designed to provide a paid-up whole life insurance policy at age 60 in the amount of \$500,000 for Genencor's chief executive officer and \$300,000 for Genencor's other executive officers.

Also, Genencor maintains an insured group long-term disability plan for all eligible employees. The intent of that plan is to provide a benefit equivalent of up to two-thirds of base salary. Under the program, eligible annual compensation is capped at approximately \$342,000. Genencor has purchased additional long-term disability insurance for certain executive officers to supplement the long-term disability benefit for the portion of that executive officer's compensation that is above the maximum level of the group plan.

Genencor's senior executive relocation policy provides that Genencor will pay or reimburse executives for certain costs of relocation. Genencor has included in this policy provisions for items such as travel and moving expenses, temporary living expenses, and tax consultation. In addition, in connection with permanent relocation of certain senior executives to Genencor's headquarters in Palo Alto, California, Genencor previously provided certain executive officers with home down payment assistance in the form of repayable loans, declining housing supplements and home price guarantees. In 2003 and continuing through 2004, the declining housing supplements were frozen for Messrs. Land, Melton and Ranieri. Further information on these repayable loans is provided in "Certain Transactions – Agreements with Executive Officers and Directors."

Chief Executive Officer Compensation

The key performance measure used to determine Mr. Bienaimé's 2004 compensation package was the Committee's assessment of his ability and dedication to provide the leadership and vision necessary to enhance Genencor's long-term value.

Pursuant to his revised employment agreement (see "Executive Compensation - Employment Contracts, Termination of Employment and Change-in-Control Arrangements"), which was approved by the Genencor Board in 2004, Mr. Bienaimé's annual base salary was increased to \$546,000. The MDCC believes that Mr. Bienaimé's salary was set at a level that is competitive with the amounts paid to other chief executive officers with comparable qualifications, experience and responsibilities at other similarly-sized companies engaged in similar businesses.

Consistent with Genencor's executive compensation philosophy, Mr. Bienaimé's total compensation package depends largely on annual and long-term incentive compensation. The annual incentive component for 2004 was made up of a cash bonus under the Omnibus Incentive Plan, paid after the end of the year and based on Genencor's financial performance and advancement of Genencor's strategic initiatives. The long-term component took the form of a grant of stock options under the Omnibus Incentive Plan. Both the annual and long-term incentive components of Mr. Bienaimé's compensation were tied to corporate performance, thereby encouraging dedication to improving Genencor's profitability and building stockholder value.

Mr. Bienaimé's annual incentive compensation is based upon the same financial measures and other performance milestones established by the MDCC for the Variable Pay Plan. Mr. Bienaimé's target award is 100% of his eligible earnings and may vary year to year from zero if company goals are not met or if performance is unsatisfactory, to an amount in excess of target if company goals are exceeded. The grant of long-term awards under the Omnibus Incentive Plan are variable and are based on both corporate and executive performance.

Policy with Respect to Qualifying Compensation Paid to Executive Officers for Deductibility Under Section 162(m) of the Internal Revenue Code

The MDCC intends that, whenever reasonably possible, compensation paid to its managers, including its executive officers, should be deductible for federal income tax purposes. The MDCC, however, may vote to award compensation, especially to a chief executive officer, that is not fully deductible, if the MDCC determines that such award is consistent with its philosophy and is in Genencor's best interests.

REPORT OF THE AUDIT COMMITTEE

TO STOCKHOLDERS

The audit committee of the Genencor Board is comprised of three members, each of whom the Genencor Board has determined is independent pursuant to the National Association of Securities Dealers' listing standards for the Nasdaq Stock Market and applicable SEC rules. The duties and responsibilities of the audit committee are set forth in Genencor's audit committee charter, which was attached as Appendix A to Genencor's 2004 proxy statement, filed with the SEC on April 16, 2004. Among other things, the audit committee recommends to the Genencor Board that Genencor's audited financial statements be included in Genencor's Annual Report on Form 10-K and selects the independent auditors to audit Genencor's books and records.

The audit committee has:

- reviewed and discussed Genencor's audited financial statements for 2003 with Genencor's management;
- discussed with Genencor's independent auditors the matters required to be discussed by SAS 61 (Codification for Statements on Auditing Standards, AU § 380), as may be modified or supplemented; and
- received the written disclosures and the letter from Genencor's independent accountants required by Independence Standards Board Statement No. 1 (Independence Standards Board Statement No. 1, Independence Discussions with Audit Committees), as may be modified or supplemented, and discussed with Genencor's independent accountant the independent accountant's independence.

Based on such review and discussions with management and the independent auditors, the audit committee recommended to the Genencor Board that the audited financial statements be included in Genencor's Annual Report on Form 10-K for the year ended December 31, 2003 for filing with the SEC.

CERTAIN TRANSACTIONS

Agreements with Executive Officers and Directors

Genencor previously made interest-free loans to certain key employees to facilitate their relocation to the Palo Alto, California area, and Genencor has an outstanding loan to Dr. Goldsmith. Dr. Goldsmith is indebted to Genencor under a promissory note dated December 2001, with an outstanding principal balance of \$200,000 as of January 27, 2005, which is also the largest amount outstanding on the loan at any time during 2004. In June 2004, Mr. Melton repaid in full the \$650,000 that he was indebted to Genencor under a similar promissory note dated October 1999.

During the third quarter of 2004, Genencor purchased the residences of Mr. Land and Mr. Ranieri and paid part of the purchase price of these properties by canceling the \$1,350,000 that Mr. Land was indebted to Genencor under a promissory note dated April 2000 and the \$1,200,000 that Mr. Ranieri was indebted to Genencor under a promissory note dated March 2000. The total purchase price for the Land residence was \$2,825,000 and the total purchase price for the Ranieri residence was \$2,352,000. Genencor also paid \$13,000 in closing costs in connection with these purchases. While third party appraisals were used to confirm that the purchase price for each residence approximated the fair market value of the property, the transactions resulted in deemed compensation of \$125,000 to Mr. Land and \$56,800 to Mr. Ranieri. Each of the two officers, together with his spouse, then entered into a lease with Genencor for his residence providing for a lease term of up to 36 months. Mr. Ranieri and his spouse elected to terminate their residential lease with Genencor in December 2004. Prior to its termination, Mr. Ranieri's lease resulted in deemed compensation to him of \$4,800. The transactions described in this paragraph were reviewed and approved by the MDCC and Genencor's audit committee.

See "Executive Compensation - Employment Contracts, Termination of Employment and Change-in-Control Arrangements" for descriptions of other agreements Genencor has with its executive officers.
