Edward J. Fred, Secretary

CPI AEROSTRUCTURES, INC.

PROXY STATEMENT

Annual Meeting of Shareholders

to be held on June 12, 2007

This proxy statement and the accompanying form of proxy is furnished to shareholders of CPI Aerostructures, Inc. in connection with the solicitation of proxies by our board of directors for use in voting at our annual meeting of shareholders to be held at the offices of Graubard Miller, our general counsel, located at The Chrysler Building, 405 Lexington Avenue, 19th Floor, New York, New York 10174, on Tuesday, June 12, 2007, at 10:00 a.m., and at any and all postponements or adjournments.

This proxy statement, the accompanying notice of meeting of shareholders, the proxy and the annual report to shareholders for the year ended December 31, 2006 are being mailed on or about April 30, 2007 to shareholders of record on April 26, 2007. We are bearing all costs of this solicitation.

What matters am I voting on?

You are being asked to vote on the following matters:

- (1) to elect one Class III director to serve for the ensuing three-year period until his successor is elected and qualified; and
- (2) any other business that may properly come before the meeting and any and all postponements or adjournments.

Who is entitled to vote?

Holders of our common stock as of the close of business on April 26, 2007, the record date, are entitled to vote at the meeting. As of the record date, we had issued and outstanding 5,730,273 shares of common stock, our only class of voting securities outstanding. Each holder of our common stock is entitled to one vote for each share held on the record date.

What is the effect of giving a proxy?

Proxies in the form enclosed are solicited by and on behalf of our board. The persons named in the proxy have been designated as proxies by our board. If you sign and return the proxy in accordance with the procedures set forth in this proxy statement, the persons designated as proxies by the board will vote your shares at the meeting as specified in your proxy.

If you sign and return your proxy in accordance with the procedures set forth in this proxy statement but you do not provide any instructions as to how your shares should be voted, your shares will be voted FOR the election of the nominee listed below under Proposal 1.

If you give your proxy, your shares also will be voted in the discretion of the proxies named on the proxy card with respect to any other matters properly brought before the meeting and any

postponements or adjournments. If any other matters are properly brought before the meeting, the persons named in the proxy will vote the proxies in accordance with their best judgment.

May I change my vote after I return my proxy card?

You may revoke your proxy at any time before it is exercised by:

- delivering written notification of your revocation to our secretary;
- voting in person at the meeting; or
- delivering another proxy bearing a later date.

Please note that your attendance at the meeting will not alone serve to revoke your proxy.

What is a quorum?

A quorum is the minimum number of shares required to be present at the meeting for the meeting to be properly held under our bylaws and New York law. The presence, in person or by proxy, of a majority of the votes entitled to be cast at the meeting will constitute a quorum at the meeting. A proxy submitted by a shareholder may indicate that all or a portion of the shares represented by the proxy are not being voted (shareholder withholding) with respect to a particular matter. Similarly, a broker may not be permitted to vote stock (broker non-vote) held in street name on a particular matter in the absence of instructions from the beneficial owner of the stock. The shares subject to a proxy which are not being voted on a particular matter because of either shareholder withholding or broker non-vote will not be considered shares present and entitled to vote on that matter. These shares, however, may be considered present and entitled to vote on other matters and will count for purposes of determining the presence of a quorum if the shares are being voted with respect to any matter at the meeting. If the proxy indicates that the shares are not being voted on any matter at the meeting, the shares will not be counted for purposes of determining the presence of a quorum. Abstentions are voted neither for nor against a matter, but are counted in the determination of a quorum.

How many votes are needed for the election of directors?

The election of directors requires a plurality vote of the votes cast at the meeting. Plurality means that the individuals who receive the largest number of votes cast FOR are elected as directors. Consequently, any shares not voted FOR a particular nominee, whether as a result of a direction of the shareholder to withhold authority, abstentions or a broker non-vote, will not be counted in the nominee's favor.

How do I vote?

You may vote your shares in one of three ways: by mail, facsimile or in person at the meeting. The prompt return of the completed proxy card will assist us in preparing for the meeting. Date, sign and return the accompanying proxy in the postage-prepaid envelope enclosed for that purpose. You can specify your choices by marking the appropriate boxes on the proxy card. If you attend the meeting, you may deliver your completed proxy card in person or fill out and return a ballot that will be supplied to you. If you wish to fax your proxy, please copy both the front and back of the signed proxy and fax it to American Stock Transfer & Trust Co. at 718-234-2287 (phone: 718-921-8278).

Independence of Directors

Our common stock is listed on the American Stock Exchange. As a result, we follow the rules of the American Stock Exchange in determining whether a director is independent. The board of directors also consults with our counsel to ensure that the board's determinations are consistent with those rules and all relevant securities and other laws and regulations regarding the independence of directors. Consistent with these considerations, the board of directors affirmatively has determined that Kenneth McSweeney, Walter Paulick, Harvey J. Bazaar and Eric Rosenfeld will be independent directors of CPI Aero for the ensuing year. The other remaining director, Edward J. Fred, is not independent because he is currently employed by us. All members of our audit, compensation and nominating committees are independent.

Code of Ethics

In March 2004, our board of directors adopted a written code of ethics that applies to our directors, officers and employees. A copy of our code of ethics was filed as exhibit 14 to our Annual Report on Form 10-KSB for the year ended December 31, 2003. Requests for copies of our code of ethics should be sent in writing to CPI Aerostructures, Inc., 60 Heartland Blvd., Edgewood, New York 11717, Attention: Corporate Secretary.

Board of Directors Meetings and Committees

Our board of directors held eight meetings in 2006 and acted by unanimous written consent on one occasion. All directors attended the 2006 annual shareholder meeting. Although we do not have any formal policy regarding director attendance at annual shareholder meetings, we attempt to schedule our annual meetings so that all of our directors can attend. In addition, we expect our directors to attend all board and committee meetings and to spend the time needed and meet as frequently as necessary to properly discharge their responsibilities. No member of our board of directors attended fewer than 75% of the total number of meetings of the board and committees thereof upon which he served during 2006. We have standing compensation, audit, nominating and strategic planning committees.

Strategic Planning Committee Information

Our strategic planning committee is currently comprised of Eric Rosenfeld (chairman) and Edward J. Fred. Arthur August, our former Chairman Emeritus, served on the strategic planning committee until his retirement in December 2006. The main role of the strategic planning committee is to evaluate and analyze strategic options for the company, including potential merger or acquisition partners. The strategic planning committee held one meeting during 2006.

Nominating Committee Information and Report

General

In March 2004, the board of directors established a nominating committee comprised of Walter Paulick (chairman), Kenneth McSweeney and Eric Rosenfeld, each an independent director under the American Stock Exchange listing standards. The nominating committee held two meetings during 2006. The nominating committee is responsible for overseeing the selection of persons to be nominated to serve on our board of directors. The nominating committee considers persons identified by its members, management, shareholders, investment bankers and others.

In June 2004, the board of directors adopted a written charter and established guidelines for selecting nominees and a method by which shareholders may propose to the nominating committee candidates for selection as nominees for directors. A current copy of the nominating committee charter and guidelines is included as Appendix A to this Proxy Statement.

Guidelines for Selecting Director Nominees

The guidelines for selecting nominees generally provide that persons to be nominated should be actively engaged in business endeavors, have an understanding of financial statements, corporate budgeting and capital structure, be familiar with the requirements of a publicly traded company, be familiar with industries relevant to our business endeavors, be willing to devote significant time to the oversight duties of the board of directors of a public company, and be able to promote a diversity of views based on the person's education, experience and professional employment. The nominating committee evaluates each individual in the context of the board as a whole, with the objective of recommending a group of persons that can best implement our business plan, perpetuate our business and represent shareholder interests. The nominating committee may require certain skills or attributes, such as financial or accounting experience, to meet specific board needs that arise from time to time. The nominating committee does not distinguish among nominees recommended by shareholders and other persons.

Procedure for Shareholders to Recommend Director Candidates

Shareholders and others who wish to recommend candidates to the nominating committee for consideration as directors must submit their written recommendations to the nominating committee and include all of the information described in the section "Shareholder Proposals and Recommendations".

The nominating committee recommended to the board to nominate Edward J. Fred for re-election as the Class III director. The nominating committee did not receive proposals from any shareholders or others for suggested director candidates.

Audit Committee Information and Report

General

Our audit committee is currently comprised of Walter Paulick (chairman from June 2006 to April 2007), Harvey J. Bazaar (chairman since April 2007) and Kenneth McSweeney. Eric Rosenfeld served as a member of the audit committee from May 2006 until December 2006. During the year ended December 31, 2006, the audit committee held five meetings. All of the members of the audit committee are

independent directors and are financially literate as defined under the American Stock Exchange listing standards. The current American Stock Exchange listing standards define an independent director generally as a person, other than an officer of the company, who does not have a relationship with the company that would interfere with the director's exercise of independent judgment. The American Stock Exchange's listing standards define financially literate as being able to read and understand fundamental financial statements, including a company's balance sheet, income statement and cash flow statement.

Financial Expert on Audit Committee

We must certify to the American Stock Exchange that the audit committee has, and will continue to have, at least one member who has past employment experience in finance or accounting, requisite professional certification in accounting, or other comparable experience or background that results in the individual's financial sophistication. The board of directors has determined that Harvey J. Bazaar satisfies the American Stock Exchange's definition of financial sophistication and also qualifies as an audit committee financial expert, as defined under the rules and regulations of the SEC.

 - (3) Represents the aggregate fees billed for other professional services rendered by our principal accountants, including the audit of our 401(K) profit sharing plan and out-of-pocket expenses.

Audit Committee Pre-Approval Policies and Procedures

In accordance with Section 10A(i) of the Securities Exchange Act of 1934, before we engage our independent accountants to render audit or non-audit services, the engagement is approved by our audit committee. Our audit committee approved all of the fees referred to in the sections entitled Audit Fees, Audit-Related Fees, Tax Fees and All Other Fees above.

Audit Committee Report

On March 30, 2000, the board of directors adopted a written audit committee charter, which was amended and restated on March 26, 2003. A current copy of our amended and restated audit committee charter is included as Appendix B to this Proxy Statement. According to the audit committee charter, our audit committee's responsibilities include, among other things:

- reviewing and discussing with management and the independent auditor the annual audited financial statements, and recommend to the board whether the audited financial statements should be included in our Form 10-K;
- discussing with management and the independent auditor significant financial reporting issues and judgments made in connection with the preparation of our financial statements;
- discussing with management and the independent auditor the effect on our financial statements of (i) regulatory and accounting initiatives and (ii) off-balance sheet structures;
- discussing with management major financial risk exposures and the steps management has taken to monitor and control such exposures, including our risk assessment and risk management policies;
- reviewing disclosures made to the audit committee by our chief executive officer and chief financial officer during their certification process for our Form 10-Ks and Form 10-Qs about any significant deficiencies in the design or operation of internal controls or material weaknesses therein and any fraud involving management or other employees who have a significant role in our internal controls;
- verifying the rotation of the lead (or coordinating) audit partner having primary responsibility for the audit and the audit partner responsible for reviewing the audit as required by law;
- reviewing and approving all related-party transactions;
- inquiring and discussing with management our compliance with applicable laws and regulations;
- pre-approving all audit services and permitted non-audit services to be performed by our independent auditor, including the fees and terms of the services to be performed;
- appointing or replacing the independent auditor;
- determining the compensation and oversight of the work of the independent auditor (including resolution of disagreements between management and the independent auditor regarding financial reporting) for the purpose of preparing or issuing an audit report or related work; and
- establishing procedures for the receipt, retention and treatment of complaints received by us regarding accounting, internal accounting controls or reports which raise material issues regarding our financial statements or accounting policies.

Management has reviewed the audited financial statements in the company's annual report on Form 10-K with the audit committee, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant accounting judgments and estimates, and the clarity of disclosures in the financial statements. In addressing the quality of management's accounting judgments, members of the audit committee asked for management's representations and reviewed certifications prepared by the chief executive officer and chief financial officer that the unaudited quarterly and audited consolidated financial statements of the company fairly present, in all material respects, the financial condition and results of operations of the company.

In performing all of these functions, the audit committee acts only in an oversight capacity. The committee reviews the company's annual reports and generally reviews its quarterly reports prior to filing with the Securities and Exchange Commission. In its oversight role, the audit committee relies on the work and assurances of the company's management, which has the responsibility for financial statements and reports, and of the independent registered public accounting firm, who, in their report, express an opinion on the conformity of the company's annual financial statements to generally accepted accounting principles. The audit committee has met and held discussions with management and the company's independent registered public accounting firm. Management represented to the audit committee that the company's consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the audit committee has reviewed and discussed the consolidated financial statements with management and the independent registered public accounting firm. The audit committee discussed with the independent registered public accounting firm the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees). The company's independent registered public accounting firm also provided the audit committee with the written disclosures required by independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and the audit committee discussed with the independent registered public accounting firm and management the auditor's independence, including with regard to fees for services rendered during the fiscal year and for all other professional services rendered by the company's independent registered public accounting firm. In reliance on these reviews and discussions and the report of the independent registered public accounting firm, the audit committee recommended to the board of directors, and the board has approved, that the audited consolidated financial statements be included in the company's annual report on Form 10-K for the fiscal year ended December 31, 2006, for filing with the Securities and Exchange Commission.

Compensation Discussion and Analysis

Introduction

Our compensation committee is currently comprised of Kenneth McSweeney (chairman), Walter Paulick and Eric Rosenfeld, each an independent director under the American Stock Exchange listing standards. The compensation committee held one meeting during 2006 and acted by unanimous consent on one occasion. The responsibilities of the compensation committee include:

- establishing the general compensation policy for our executive officers, including the chief executive officer;

administering our 1992 Employee Stock Option Plan, 1995 Stock Option Plan, 1998 Performance Equity Plan and Performance Equity Plan 2000; and
in administering each of these plans, determining who participates in the plans, establishing performance goals, if any, and determining specific grants and bonuses to the participants.

General Philosophy

Our compensation committee's executive compensation policies are generally designed to provide competitive levels of compensation that integrate pay with our annual performance and long-term business objectives, reward above average corporate performance, recognize individual initiative and achievements, and assist us in attracting, motivating and retaining qualified executives.

The compensation committee makes all final determinations with respect to compensation of executive officers and senior management, based on our compensation committee's assessment of the value of each executive's contribution, the results of recent past fiscal years in light of prevailing business conditions, our goals for the ensuing fiscal year and, to a lesser extent, prevailing levels at companies considered to be comparable to, and competitors of, our company. Our chief executive officer may make recommendations to the compensation committee relating to the compensation of our chief financial officer and senior management, but the compensation committee has full autonomy in determining executive compensation.

Our compensation committee is charged with performing an annual review of compensation of our executive officers and senior management to determine whether such compensation provides adequate incentives and motivation and whether the executive officers and senior management are adequately compensated relative to comparable officers in other companies in our industry.

Compensation Program and Forms of Compensation

We generally provide our executive officers and senior management with a compensation package consisting of a base salary, performance-based bonus and participation in benefit plans generally available to other employees. We also offer long-term compensation in the form of stock options. A full description of the agreements we have with our executive officers is set forth below under the caption "Compensation Arrangements with Executive Officers." In setting total compensation, the compensation committee considers individual and company performance, as well as market information regarding compensation paid by other companies in our industry.

Base Salary. Generally, we set executive base salaries at levels comparable with those of executives in similar positions and with similar responsibilities at comparable companies. We seek to maintain base salary amounts at or near the industry norms while avoiding paying amounts in excess of what we believe is necessary to motivate executives to meet corporate goals. Base salaries are generally reviewed annually, subject to terms of employment agreements, and our compensation committee and board will seek to adjust base salary amounts to realign such salaries with industry norms after taking into account individual responsibilities, performance and experience.

Bonuses. A component of each executive officer's potential annual compensation may take the form of a performance-based bonus. Contractually, our chief executive officer and chief financial officer

are entitled to an annual bonus based on meeting certain revenue and EBITDA targets as described below under the caption Compensation Arrangements with Executive Officers. Bonus payments to senior management and other employees are determined by the compensation committee, in consultation with the chief executive officer, based on our financial performance and the achievement of the employee's individual performance objectives.

Long-Term Incentives. Longer-term incentives are provided through equity awards, which reward executives and other employees through the growth in value of our stock. The compensation committee believes that employee equity ownership provides an incentive for employees to build shareholder value and serves to align the interests of employees with those of our shareholders. Grants of stock options to executive officers and senior management are based upon each officer's relative position, responsibilities and contributions to CPI Aero, with primary weight given to the individual's relative rank and responsibilities. Stock options are generally granted at an exercise price equal to the market price of our common stock on the date of grant and will provide value only when the price of our common stock increases over the exercise price. In order to provide an incentive for continued employment, stock options granted under our equity plans generally vest 1/3 on each of the first, second and third anniversaries of the date of grant, and generally expire five years from the date of grant. This provides a reasonable tie to align compensation with the appreciation of our stock price while managing potential dilution effectively.

Equity awards are granted through our Performance Equity Plan 2000, which was adopted by our shareholders in August 2000 and most recently amended in June 2005. The 2000 Plan generally provides for grants of stock options, stock appreciation rights, restricted stock awards and other stock-based awards to our officers, directors, significant employees and consultants. Grants may be made to such individuals upon their employment or at subsequent dates based on recommendations made by the chief executive officer to the compensation committee. The 2000 plan will terminate when no further awards may be granted and awards granted are no longer outstanding, provided that incentive options may only be granted until March 2010. The plan is intended to comply with the regulations issued under Section 162(m) of the Internal Revenue Code and is administered by our compensation committee. To the extent permitted under the provisions of the plan, the compensation committee has authority to determine the selection of participants, allotment of shares, price and other conditions of awards.

Other Compensation. We have established and maintain various employee benefit plans, including medical, dental, life insurance and 401(k) plans. These plans will be available to all salaried employees and will not discriminate in favor of executive officers.

Executive Equity Ownership

We encourage our executives to hold an equity interest in our company. However, we do not have specific share retention and ownership guidelines for our executives.

Performance-Based Compensation and Financial Restatement

We have not considered or implemented a policy regarding retroactive adjustments to any cash or equity-based incentive compensation paid to our executives and other employees where such payments were predicated upon the achievement of certain financial results that were subsequently the subject of a financial restatement.

Tax and Accounting Considerations

Compliance with Internal Revenue Code Section 162(m). Section 162(m) of the Internal Revenue Code generally disallows a public company's tax deduction for compensation paid to the chief executive officer and the four other most highly compensated officers in excess of \$1 million in any taxable year. Qualifying performance-based compensation is not subject to the deduction limit if certain requirements are satisfied. In determining executive compensation, our compensation committee considers, among other factors, the possible tax consequences. Tax consequences, including tax deductibility, are subject to many factors (such as changes in the tax laws) that are beyond our control. In addition, the compensation committee believes that it is important to retain maximum flexibility in designing compensation programs that meet its stated objectives. For these reasons, the compensation committee, while considering tax deductibility as one of the factors in determining compensation, does not limit compensation to those levels or types of compensation that will be deductible by us.

Accounting for Stock-Based Compensation. On January 1, 2006, we began accounting for stock-based payments including our stock option program in accordance with the requirements of FASB Statement 123(R).

Compensation Committee Report

The compensation committee has reviewed and discussed with management the information contained in the Compensation Discussion and Analysis section of this Proxy Statement and, based upon the review and discussions, recommended to the board of directors that the Compensation Discussion and Analysis be included in this Proxy Statement.

Compensation Arrangements for Executive Officers*Edward J. Fred*

In February 2005, we entered into an amended and restated employment agreement with Edward J. Fred, which provides for Mr. Fred to serve as our president and chief executive officer until December 31, 2007. Mr. Fred's annual base salary was \$252,000 for 2005, \$267,120 for 2006 and increased to \$283,150 for 2007. In addition, Mr. Fred is eligible to receive an annual bonus, calculated based on changes in our revenues and earnings before interest, taxes, depreciation and amortization (EBITDA). 25% of the bonus amount is determined by revenues and 75% by EBITDA. Changes in revenues and EBITDA for the current year are measured from the previous year, except that if EBITDA for the year preceding the year for which the EBITDA bonus is to be determined is less than \$1 million, then the EBITDA bonus will be calculated by comparing the current year's EBITDA to the EBITDA of the first preceding year in which EBITDA was in excess of \$2 million (EBITDA Comparison Year). To the extent that a 10% annual increase in revenues and EBITDA from the prior year, or EBITDA Comparison Year, as appropriate, is achieved, Mr. Fred is entitled to a target annual bonus equal to 65% of his annual base salary. Should the revenue and/or EBITDA levels fall short of or exceed a 10% increase from the

prior year, or EBITDA Comparison Year, as appropriate, Mr. Fred's bonus will decrease or increase by predetermined percentages. If there is more than a 15% annual decrease in EBITDA or revenues, no EBITDA bonus or revenue bonus will be paid. If there is an annual increase of 100% or more in EBITDA or revenues, Mr. Fred's EBITDA bonus or revenue bonus will be 75% more than the target annual bonus. Both bonuses will be adjusted pro rata if EBITDA and/or revenues fall in between two designated percentages. The first \$140,000 of bonus will be paid in cash and the balance will be paid half in cash and half in shares of our common stock. The shares of common stock will be valued at the average of the last sale prices of the common stock for five consecutive trading days ending two trading days before issuance. For the year ended December 31, 2006, Mr. Fred did not receive a bonus. Pursuant to the terms of Mr. Fred's employment agreement, if a change of control (as such term is defined in the agreement) occurs prior to a termination by us without cause or by Mr. Fred for good reason (as such terms are defined in the agreement), we must pay him a lump sum equal to three times the total compensation (including salary and bonus) earned by him during the last full calendar year of his employment. Mr. Fred also has agreed not to compete with us during the term of his employment and for two years thereafter.

Vincent Palazzolo

On December 1, 2006, we entered into an amended and restated employment agreement with Vincent Palazzolo, which provides for Mr. Palazzolo to continue to be employed as our chief financial officer until December 31, 2009 at a base salary of (i) \$200,000 from January 1, 2007 until December 31, 2007, (ii) \$208,000 from January 1, 2008 until December 31, 2008 and (iii) \$216,300 from January 1, 2009 to December 31, 2009. For the years ending December 31, 2007, 2008 and 2009, Mr. Palazzolo is eligible to receive an annual bonus based on changes in the Company's revenues and EBITDA. 25% of the bonus amount is determined by revenues and 75% by EBITDA. Changes in revenues and EBITDA for the current year are measured from the previous year, except that if EBITDA for the year preceding the year for which the EBITDA bonus is to be determined is less than \$1 million, then the EBITDA bonus will be calculated by comparing the current year's EBITDA to the EBITDA Comparison Year. To the extent that a 10% annual increase in revenues and EBITDA from the prior year, or EBITDA Comparison Year, as appropriate, is achieved, Mr. Palazzolo will be entitled to a target annual bonus equal to 45% of his annual base salary. Should the revenue and/or EBITDA levels fall short of or exceed a 10% increase from the prior year, or EBITDA Comparison Year, as appropriate, Mr. Palazzolo's bonus will decrease or increase by predetermined percentages. If there is more than a 15% annual decrease in EBITDA or revenues, no EBITDA bonus or revenue bonus will be paid. If there is an annual increase of 100% or more in EBITDA or revenues, Mr. Palazzolo's EBITDA bonus or revenue bonus will be 75% more than the target annual bonus. Both bonuses will be adjusted pro rata if EBITDA and/or revenues fall in between two designated percentages. The first \$75,000 of bonus will be paid in cash and the balance will be paid half in cash and half in shares of our common stock. The shares of common stock will be valued at the average of the last sale prices of the common stock for five consecutive trading days ending two trading days before issuance. For the year ended December 31, 2006, Mr. Palazzolo did not receive a bonus. In addition to his base salary, on December 1, 2006, the Company granted Mr. Palazzolo a ten-year option to purchase 25,000 shares of common stock under the Performance Equity Plan 2000 at a price of \$6.75 per share, exercisable in three equal annual installments commencing on the first anniversary of the date of grant. Mr. Palazzolo also has agreed not to compete with us during the term of his employment and for two years thereafter.

Employee Benefit Plans

In October 2000, we adopted the Greit Plan for the purpose of offering senior management a deferred compensation death benefit plan that would provide a tax-free benefit for senior management and which would be tax neutral to us. Pursuant to the plan, we made a non-interest bearing loan to Arthur August, our former Chairman Emeritus and director, in the amount of \$150,000, which Mr. August used to purchase a Greit Plan. This plan has since been terminated and the surrender value of the Greit Plan has been returned to Mr. August. Mr. August has placed the proceeds from the surrender value in an annuity in our name, which will appreciate to at least \$150,000 by September 2011 in order to repay the loan made to him. Mr. August also assigned to us an insurance policy on his life in the amount of \$150,000 and agreed to maintain it until the date upon which the annuity matures. Accordingly, the loan to Mr. August will be repaid upon the maturity date of the annuity or upon the death of Mr. August, whichever occurs first.

Potential Termination and Change in Control Payments

Edward J. Fred and Vincent Palazzolo have employment agreements with us that provide for potential payments in the event of their termination or upon a change of control.

Pursuant to Mr. Fred's employment agreement, he is entitled to compensation upon termination of his agreement by us without cause or by Mr. Fred for good reason. According to his employment agreement:

cause means (a) Mr. Fred's refusal or failure to carry out specific directions of the board which are of a material nature and consistent with his status as CEO and President, or his refusal or failure to perform a material part of his duties; (b) the commission by Mr. Fred of a material breach of any of the provisions of his employment agreement; (c) fraud or dishonest action by Mr. Fred in his relations with us or any of our subsidiaries or affiliates; or (d) Mr. Fred's conviction of a felony under federal or state law.

good reason means the occurrence of any of the following circumstances without Mr. Fred's prior written consent: (a) a substantial and material adverse change in the nature of his title, duties or responsibilities that represents a demotion from his title, duties or responsibilities as in effect immediately prior to such change; (b) he is not nominated or is removed from service as a director; (c) material breach by us of his employment agreement; (d) our failure to make any payment to Mr. Fred when due, unless the payment is not material and is being contested by us, in good faith; (e) any person or entity other than us and/or any of our officers or directors acquires our securities (in one or more transactions) having 50% or more of the total voting power of all of our securities then outstanding (a change of control); or (f) our liquidation, bankruptcy or receivership.

Assuming Mr. Fred had been terminated on December 31, 2006, he would have been entitled to receive approximately \$302,000 as a result of termination by us without cause or by Mr. Fred for good reason other than upon a change of control, representing his base salary through December 31, 2007 and continued medical benefits through June 30, 2009. He also would have been entitled to receive an annual bonus through December 31, 2007 as calculated pursuant to his employment agreement, if any, and any out of pocket expenses incurred in performing his duties under the employment agreement. However, if Mr. Fred terminated his employment for good reason upon a change of control and he elected to receive, in lieu of the above compensation and benefits, a lump sum payment equal to three times the total compensation (including salary and bonus) earned during the year ended December 31, 2006, he would have received \$801,000.

Pursuant to Mr. Palazzolo's employment agreement, he is entitled to compensation upon termination of his employment by us without cause or by Mr. Palazzolo for good reason. According to his employment agreement:

cause means (a) Mr. Palazzolo's refusal or failure to carry out specific directions of the board which are of a material nature and consistent with his status as CFO, or his refusal or failure to perform a material part of his duties; (b) the commission by Mr. Palazzolo of a material breach of any of the provisions of his employment agreement; (c) fraud or dishonest action by Mr. Palazzolo in his relations with us or any of our subsidiaries or affiliates; or (d) Mr. Palazzolo's conviction of a felony under federal or state law.

good reason means the occurrence of any of the following circumstances without Mr. Palazzolo's prior written consent: (a) a substantial and material adverse change in the nature of his title, duties or responsibilities that represents a demotion from his title, duties or responsibilities as in effect immediately prior to such change; (b) material breach by us of his employment agreement; (c) our failure to make any payment to Mr. Palazzolo when due, unless the payment is not material and is being contested by us, in good faith; or (d) our liquidation, bankruptcy or receivership.

Assuming Mr. Palazzolo had been terminated on December 31, 2006 by us without cause or Mr. Palazzolo had terminated his employment for good reason, he would have been entitled to receive approximately \$624,000, representing his base salary through December 31, 2009. He also would have been entitled to receive any out of pocket expenses incurred in performing his duties under the agreement.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our officers, directors and persons who own more than ten percent of a registered class of our equity securities to file reports of ownership and changes in ownership with the Securities and Exchange Commission. These reporting persons also are required by regulation to furnish us with copies of all Section 16(a) forms they file. To our knowledge, based solely on the review of the copies of these forms furnished to us and representations that no other reports were required during the year ended December 31, 2006, all filing requirements applicable to our officers, directors and greater than ten percent beneficial owners were complied with.

INDEPENDENT AUDITOR

A representative of J.H. Cohn LLP, our auditors for the year ended December 31, 2006, is expected to be present at the meeting. The representative will have the opportunity to make a statement and will be available to respond to appropriate questions from shareholders. The board of directors has selected the independent registered public accounting firm of J.H. Cohn LLP as our auditors for the year ending December 31, 2007.

The solicitation of proxies in the enclosed form is made on behalf of our board of directors and we are bearing the cost of this solicitation. In addition to the use of the mails, proxies may be solicited personally or by telephone using the services of directors, officers and regular employees at nominal cost. Banks, brokerage firms and other custodians, nominees and fiduciaries will be reimbursed by us for expenses incurred in sending proxy material to beneficial owners of our common stock. Additional solicitation of proxies may be made by an independent proxy solicitation firm or other entity possessing the facilities to engage in such solicitation. If any independent entity is used for such solicitation, we will be required to pay them reasonable fees and reimburse expenses incurred by them in rendering solicitation services.

The recommendation must contain the following information about the candidate:

Name and age;

Current business and residence addresses and telephone numbers, as well as residence addresses for the past 20 years;

The number of shares of common stock of the company beneficially owned by the candidate;

The information that would be required to be disclosed by the company about the candidate under the rules of the SEC in a proxy statement soliciting proxies for the election of such candidate as a director (which currently includes information required by Items 401, 404 and 405 of Regulation S-K); and

A signed consent of the nominee to serve as a director of the company, if elected.

OTHER SHAREHOLDER COMMUNICATIONS WITH THE BOARD OF DIRECTORS

The board of directors provides a process for shareholders and interested parties to send communications to the board. Shareholders and interested parties may communicate with the board of directors, any committee chairperson or the non-management directors as a group by writing to the board or committee chairperson in care of CPI Aerostructures, Inc., 60 Heartland Blvd., Edgewood, New York 11717. Each communication will be forwarded, depending on the subject matter, to the board, the appropriate committee chairperson or all non-management directors.

DISCRETIONARY VOTING OF PROXIES

Pursuant to Rule 14a-4 promulgated by the Securities and Exchange Commission, shareholders are advised that our management will be permitted to exercise discretionary voting authority under proxies it solicits and obtains for the 2008 annual meeting of shareholders with respect to any proposal presented by a shareholder at such meeting, without any discussion of the proposal in our proxy statement for such meeting, unless we receive notice of such proposal at our principal office in Edgewood, New York, not later than March 16, 2008.

The board of directors knows of no matter that will be presented for consideration at the meeting other than the matters referred to in this proxy statement. Should any other matter properly come before the meeting, it is the intention of the persons named in the accompanying proxy to vote the proxy in accordance with their best judgment.

The Audit Committee may form and delegate authority to subcommittees of the Audit Committee consisting of one or more members when appropriate, including the authority to grant pre-approvals of audit and permitted non-audit services, provided that decisions of such subcommittee to grant pre-approvals shall be presented to the full Audit Committee at its next scheduled meeting.

The Audit Committee shall have the authority, to the extent it deems necessary or appropriate, to retain independent legal, accounting or other advisors. The Audit Committee shall:

Financial Statement and Disclosure Matters

1. Meet with the independent auditor prior to the audit to review the scope, planning and staffing of the audit.

Oversight of the Company's Relationship with the Independent Auditor

- 10. At least annually, obtain and review a report from the independent auditor, consistent with Independence Standards Board Standard 1, regarding (a) the independent auditor's internal quality-control procedures, (b) any material issues raised by the most recent internal quality-control review, or peer review, of the firm, or by any inquiry or investigation by governmental or professional authorities within the preceding five years respecting one or more independent audits carried out by the firm, (c) any steps taken to deal with any such issues and (d) all relationships between the independent auditor and the Company. The Audit Committee shall present its conclusions with respect to the independent auditor to the Board.
- 11. Verify the rotation of the lead (or coordinating) audit partner having primary responsibility for the audit and the audit partner responsible for reviewing the audit as required by law. 17. Establish procedures (which may be incorporated in the Company's Code of Ethics and Business Conduct, in effect at such time, if any) for the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or reports which raise material issues regarding the Company's financial statements or accounting policies.
18. Discuss with management and the independent auditor any correspondence with regulators or governmental agencies and any published reports that raise material issues regarding the Company's financial statements or accounting policies.

Limitation of Audit Committee's Role

While the Audit Committee has the responsibilities and powers set forth in this Charter, it is not the duty of the Audit Committee to plan or conduct audits or to determine that the Company's financial statements and disclosures are complete and accurate and are in accordance with generally accepted accounting principles and applicable rules and regulations. These are the responsibilities of management and the independent auditor.
