**Item 2.02 Results of Operations and Financial Condition**

On January 25, 2005, Federal Signal Corporation (the Registrant ) issued a press release announcing that its fourth quarter earnings release and conference call previously scheduled for Thursday, January 27, 2005 would be delayed until February 14<sup>th</sup>, 2005. The release stated that the delay was necessary to finalize cost estimates relating to a \$42 million, multi-year international contract for fire rescue equipment that was near completion. The release further discussed that the contract is expected to generate a pre-tax loss of \$9-10.5 million due to cost overruns believed to principally stem from technical difficulties, supplier-caused performance issues and adverse currency movement. A copy of the release is furnished herewith as Exhibit 99.1 and incorporated herein by reference.

The information in this Current Report is being furnished and shall not be deemed filed for the purposes of Section 18 of the Securities Exchange Act of 1934, as amended, or otherwise subject to the liabilities of that Section. The information in this Current Report shall not be incorporated by reference into any registration statement or other document pursuant to the Securities Act of 1933, as amended.
