approval of the Company's Management Committee, determined on October 17, 2005 that it will terminate its Supplemental Retirement Savings Plan (the "Plan") by the end of 2005. The Plan had been established in order to permit Plan participants to defer portions of their compensation from the Company. These assets include approximately 900,000 shares of Company common stock in the aggregate, including approximately 825,000 shares of Company common stock held in the plan accounts of the Company's executive officers and directors. All of the shares of Company common stock held in Plan accounts that are distributed will be freely tradeable without restriction or further registration under the federal securities laws, except for shares held in the Plan accounts of executive officers and directors, which will be subject to the manner and volume of sale requirements of Rule 144 under the Securities Act of 1933. Termination of the Plan will have no effect on results of operations and no material impact on the Company's balance sheet.
