PROXY STATEMENT

**ANNUAL MEETING OF STOCKHOLDERS
To Be Held May 21, 2003**

GENERAL INFORMATION

This proxy statement and the accompanying proxy card are being furnished to stockholders in connection with the solicitation of proxies by the Board of Directors of Matria Healthcare, Inc., a Delaware corporation (the Company), for use at the 2003 Annual Meeting of Stockholders (the Annual Meeting) to be held on Wednesday, May 21, 2003 at 11:00 a.m. local time at 1850 Parkway Place, Suite 320, Marietta, Georgia 30067, and at any adjournment or postponement thereof.

At the Annual Meeting, stockholders will consider and vote upon a proposal to elect two Class II directors and such other matters as properly may come before the Annual Meeting. The Board unanimously urges stockholders to vote FOR the re-election of the Class II directors.

It is anticipated that this proxy statement, the accompanying proxy and the 2002 Annual Report to Stockholders will first be mailed to the Company's stockholders on or about April 18, 2003.

Record Date

The Board of Directors has fixed the close of business on April 4, 2003 as the record date (the Record Date) for the determination of stockholders entitled to notice of, and to vote at, the Annual Meeting and at any adjournment or postponement thereof. At the close of business on the Record Date, 10,104,100 shares of Common Stock were issued and outstanding.

Proxies

When a proxy card is returned, properly signed and dated, the shares represented thereby will be voted in accordance with the instructions on the proxy card. If a stockholder does not attend the Annual Meeting and does not return the signed proxy card, such stockholder's shares will not be voted. If a stockholder returns a signed proxy card but does not indicate how his or her shares are to be voted, such shares will be voted FOR the election of the two Class II directors named herein. As of the date of this proxy statement, the Board of Directors does not know of any other matters that are to come before the Annual Meeting. If any other matters are properly presented at the Annual Meeting for consideration, the persons named in the enclosed form of proxy and acting thereunder will have discretion to vote on such matters in accordance with their best judgment.

Any proxy given may be revoked by the person giving it at any time before it is voted. Proxies may be revoked by (i) filing with the Secretary of the Company, at or before the taking of the vote at the Annual Meeting, a written notice of revocation bearing a later date than the proxy, (ii) duly executing a later dated proxy relating to the same shares of Common Stock and delivering it to the Secretary of the Company at or before the taking of the vote at the Annual Meeting or (iii) attending the Annual Meeting and voting in person (although attendance at the Annual Meeting will not in and of itself constitute a revocation of a proxy). Any written notice of revocation or subsequent proxy should be sent so as to be delivered to Matria Healthcare, Inc., 1850 Parkway Place, Marietta, Georgia 30067, Attention: Secretary, or hand delivered to the Secretary of the Company at or before the taking of the vote at the Annual Meeting.

The Company will bear the cost of the solicitation of proxies from its stockholders. In addition to solicitation by use of the mails, proxies may be solicited by directors, officers and employees of the Company

Table of Contents

in person or by telephone or other means of communication. Such directors, officers and employees will not be additionally compensated, but may be reimbursed for out-of-pocket expenses incurred in connection with such solicitation. Arrangements also will be made with custodians, nominees and fiduciaries for the forwarding of proxy solicitation materials to beneficial owners of shares held of record by such custodians, nominees and fiduciaries, and the Company will reimburse such custodians, nominees and fiduciaries for reasonable expenses incurred in connection therewith. In addition, D. F. King & Co., Inc. will assist in the solicitation of proxies by the Company for a fee of \$5,500, plus reimbursement of reasonable out-of-pocket expenses.

Quorum

The presence, either in person or by properly executed proxies, of the holders of a majority of the outstanding shares of the Company's Common Stock is necessary to constitute a quorum at the Annual Meeting. Abstentions and shares held by a broker as nominee (i.e., in street name) that are represented by proxies at the Annual Meeting, but that the broker fails to vote on one or more matters as a result of incomplete instructions from the beneficial owner of the shares (broker non-votes), also will be treated as present for quorum purposes.

Vote Required

The Company's stockholders are entitled to one vote at the Annual Meeting for each share of Common Stock held of record by them on the Record Date. The affirmative vote of the holders of a plurality of the shares of Common Stock present in person or represented by proxy at the Annual Meeting is required to elect the Class II directors. Votes may be cast for or withheld from each nominee for Class II director. Under applicable Delaware law, broker non-votes represented at the meeting, but with respect to which such broker or nominee is not empowered to vote on a particular proposal, and abstentions will have no effect on the vote for the election of Class II directors.

(2) In connection with his appointment as Chief Executive Officer, the Company made a loan to Mr. Petit in the principal sum of \$200,000. The loan bore interest at a rate of 6% per annum and matured on January 1, 2002. By its terms, the principal and interest on the note were to be forgiven at maturity if Mr. Petit was still employed by the Company (or his employment was previously terminated due to his death or disability) and since the date of issuance of the note, the Company's common stock had traded at a price of at least \$24 per share. The applicable criteria for forgiveness were met and the note and accrued interest were forgiven.

Compensation of Directors

The directors who are employees of the Company receive no additional compensation for serving on the Board of Directors. Directors who are not employees of the Company receive a fee of \$4,250 per quarter, plus \$1,000 for each Board and committee meeting attended, and are reimbursed for any travel expenses incurred.

In addition, under the 2000 Directors' Non-Qualified Stock Option Plan, all non-employee directors are entitled to receive an initial grant of options to purchase 1,250 shares of the Company's Common Stock and at each annual meeting of stockholders after their first full year serving as a director, an additional grant of options to purchase 3,750 shares of Common Stock. The option price for all such options is the fair market value of the underlying common stock on the date of grant. Options have a ten year term and vest monthly over 12 months. On September 26, 2002, each Non-Employee Director other than Mr. Cooper was awarded an option to purchase 3,750 shares of Common Stock at a price of \$8.49 per share under the 2000 Directors' Non-Qualified Stock Option Plan. Mr. Cooper was awarded an option to purchase 1,250 shares of common stock at a price of \$9.30 per share under the 2000 Directors' Non-Qualified Stock Option Plan on October 22, 2002, the date he was elected to the board of directors.

Termination of Employment and Change-in-Control Arrangements

The Company has entered into change-in-control severance agreements with each of Mr. Petit, Mr. Kuntz, and Ms. McCaw. The agreements provide for compensation to the executive in the event the executive's employment with the Company is terminated following the consummation of a change-in-control for reasons other than the executive's death, disability or for Cause, or if the executive voluntarily

Table of Contents

terminates employment for "Good Reason". For purposes of the agreements, "Cause" means certain acts of criminal or civil fraud and "Good Reason" is defined to include, among other things, an adverse change in powers and responsibilities, an adverse change in title or offices, a reduction in base salary or failure to receive increases in base salary commensurate with increases in the three years preceding the change-in-control, discontinuance of certain benefit and incentive plans or actions materially adversely affecting participation therein, certain relocations of the Company's executive offices, and failure to honor earned and accrued vacation balances. The compensation payable under the agreements is a lump sum severance payment equal to a multiple of the executive's annual base salary as of the date of the change-in-control. The multiples applicable to Mr. Petit, Mr. Kuntz and Ms. McCaw are three, one and one, respectively. In addition, following termination of employment, the executives are entitled to receive for a period of three years in the case of Mr. Petit and one year in the case of Mr. Kuntz and Ms. McCaw, life, disability and health insurance coverage, automobile allowances and other fringe benefits equivalent to those in effect at the date of termination and will be entitled to receive additional amounts, if any, relating to any excise taxes imposed on the executive as a result of Section 280(g) of the Internal Revenue Code of 1986, as amended (the "Code"). The agreements require the executive to comply with certain covenants that preclude the executive from competing with the Company or soliciting customers or employees of the Company for a period following termination of employment equal to the period for which fringe benefits are continued under the applicable agreement. The agreements expire three years after a change in control of the Company.

In addition, the Company entered into a similar change-in-control severance agreement with Ms. Scoggins on April 27, 2002. The agreement expires on April 26, 2004. The severance amount payable under the agreement is equal to three times Ms. Scoggins' base salary and targeted base bonus on the date of a change-in-control. The period of benefit continuation and length of the restrictive covenants are three years.

The Company and Ms. Scoggins are also party to a severance agreement, dated April 27, 2002. The severance agreement, which expires on April 26, 2004, provides for a lump sum severance payment to Ms. Scoggins in the event that her employment is involuntarily terminated for reasons other than her death, disability or "Cause" (defined as certain acts of criminal or civil fraud), or if she voluntarily terminates employment for "Good Reason" (defined as failure to be reelected as an officer of the Company, reduction in base salary, discontinuance of certain incentive or stock option plans or actions materially adversely affecting her participation therein, failure to make available other benefit plans that are available to other executives in the Company, or failure to honor earned and accrued vacation balances). The severance payment is an amount equal to two times Ms. Scoggins' annual base salary and targeted base bonus as of the date of the agreement. In addition, in circumstances in which she is entitled to a severance payment, Ms. Scoggins also is entitled to receive, for a period of two years after the date of termination, life, disability and health insurance coverage, automobile allowance and other fringe benefits equivalent to those in effect at the date of termination of employment. The agreement requires Ms. Scoggins to comply with certain covenants that preclude her from competing with the Company or soliciting customers or employees of the Company for a period of two years following termination of employment.

On May 16, 2000, the Company entered into a letter agreement with Mr. Koepsell providing for 12 months of severance pay and benefits if the Company terminated Mr. Koepsell's employment for reasons other than "for cause". Mr. Koepsell's employment was terminated without cause effective December 31, 2002, entitling him to the severance and benefits provided for in the letter agreement.

In 1997, the Company replaced the nonqualified pension plan maintained for certain current and former officers with a new plan, funded by split-dollar life insurance (the "1997 Plan"). Under the 1997 Plan, participants or their beneficiaries were entitled to the greater of the cash surrender value of the life insurance policies used to fund the 1997 Plan or a targeted benefit, less insurance premiums paid by the Company. On December 31, 2002 the Company terminated the 1997 Plan. The decision to terminate the 1997 Plan was prompted in part by concerns that the funding mechanism using split-dollar life insurance may no longer be permitted for some current officers under certain provisions of the Sarbanes-Oxley Act of 2002, as well as anticipation that additional funding, in excess of amounts originally contemplated would have been required under the 1997 Plan. In substitution for the 1997 Plan, the Company adopted a Supplemental Executive Retirement Plan (the "SERP") for the benefit of the current employees participating in the 1997 Plan other

Table of Contents

than Mr. Petit. Under the SERP, individual trust accounts were established in 2003 for each participant and funded (in part, by the \$1.271 million cash surrender values of the split-dollar life insurance policies) in an amount equal to the net present value of the participant's targeted benefit under the 1997 Plan as of December 31, 2002. Such amounts for the named executive officers participating in the SERP equaled \$697,000 for Mr. Kuntz, \$726,000 for Ms. Scoggins and \$536,000 for Ms. McCaw. The assets of the trusts are subject to the claims of the Company's creditors. Benefits payable under the SERP are variable, based on the performance of the investment earnings of the trust funds, and include future tax mitigation payments of up to 44% of the amounts initially contributed to the trust accounts. Benefits under the SERP vest based on age and years of service, with 100% vesting obtained at age 55 and 15 years of service. Earlier vesting may occur upon a change-in-control or other events as defined in the SERP.

Because of his age and the fully vested status of his benefits under the 1997 Plan, rather than adopt a substitute plan for Mr. Petit, the Company entered into an agreement with Mr. Petit pursuant to which the Company released its interest in Mr. Petit's split-dollar policy in exchange for a cash payment to the Company by Mr. Petit of \$948,000 and his release of the Company from future premium payment obligations in the amount of \$891,000. The payment by Mr. Petit represents the difference between the \$3.418 million net cash surrender value of the split-dollar life insurance policy as of December 31, 2002 and the sum of (i) the net present value of Mr. Petit's targeted benefit under the 1997 Plan as of December 31, 2002 (\$1.715 million) and (ii) 44% of the net present value of such targeted benefit (\$755,000), which was intended to mitigate the adverse tax consequences to Mr. Petit as a result of the transaction. This arrangement was designed to provide Mr. Petit, who had previously relinquished his right to receive a targeted benefit amount under the 1997 Plan, with substitute benefits roughly commensurate with those received by the other participants in connection with the termination of the 1997 Plan and adoption of the SERP.

Notwithstanding anything to the contrary set forth in any of the Company's previous filings under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, that might incorporate future filings, including this Proxy Statement, in whole or in part, the Compensation Committee Report on Corporate Compensation, the Report of the Audit Committee and the Stock Performance Graph shall not be incorporated by reference into any such filings.

COMPENSATION COMMITTEE REPORT ON CORPORATE COMPENSATION

The Company's executive compensation program is designed to (1) integrate pay and incentive plans with the Company's strategic goals, so as to align the interests of management with the long-term interests of the Company's stockholders, (2) attract, motivate and retain executives capable of achieving the Company's strategic business goals (3) recognize outstanding individual contributions and (4) provide compensation opportunities that are competitive with those offered by other companies of similar size and performance, especially within the healthcare industry. To achieve these goals, the Company's executive compensation program consists of three elements: (i) base salary, (ii) annual cash bonus, and (iii) intermediate and long-term incentives in the form of stock options and contributions under the Company's Supplemental Executive Retirement Plans and 401(k) Plan. Each element of compensation has an integral role in the total executive compensation program, including the compensation of the Named Executive Officers.

In making its compensation determinations, the Compensation Committee evaluates, on both an absolute and relative basis, a variety of Company financial results (including sales, earnings, return on equity, return on assets and balance sheet strength), market share and competitive position, the potential for future growth, the overall importance of the individual to the organization and the individual and group performance of senior management and compensation levels at comparable companies, especially within the healthcare industry. In formulating its determinations, it recognizes and rewards achievements on an annual basis, while emphasizing the value and importance of sustained long-term performance and recognition of developing trends within the healthcare industry. The Compensation Committee reviews information prepared or compiled by the Company, and also draws on the business experience of the individual members of the Compensation Committee.

Table of Contents

Cash Compensation. Officers and other employees are compensated within salary ranges that are generally based on those of similar positions in companies of comparable size and complexity to the Company. The actual base pay level for each executive officer is based on a combination of experience, performance and other factors that are determined to be important by the Committee. The salary of the executive officers is generally reviewed annually at the beginning of each year, with the amount of any increases based on factors such as Company performance, general economic conditions, marketplace compensation trends and individual performance.

Cash bonuses for management are paid under the Company's management incentive bonus plan (the "MIP Plan"). Bonuses under the MIP Plan are computed as a percentage of year-end base salary. In the case of the Company's Chief Executive Officer and Chief Operating Officer, the amount of and entitlement to bonuses under the MIP Plan are based upon the performance of the Company in comparison to its operating budget. For the other participants, the amount of and entitlement to bonuses are based on a combination of individual and Company performance. The Committee determines the participants in the MIP Plan and sets the target bonus levels and operating budget performance criteria in the first quarter of each year.

Intermediate and Long Term Incentive Compensation. Stock options, contributions made under the Company's 401(k) Plan and contributions under the Company's Supplemental Executive Retirement Plan are the principal vehicles for payment of intermediate and long term compensation. In 2002, the Company granted stock options to certain of its management employees, based on guidelines for the individual's position with the Company. Stock options were granted at exercise prices equal to the market price on the date of grant and typically become exercisable in one of two ways (either (i) based on the financial performance of the Company or (ii) 50% on the third anniversary of the grant and 50% on the fourth anniversary of the grant), and expire on the tenth anniversary. The 401(k) plan, which is based on a calendar year, provides for a matching contribution by the Company of 100% of the participant's voluntary salary contributions with the Company's contribution limited to the lesser of 3% of the executive officer's salary and an annual maximum Company contribution of \$6,000, based on a maximum voluntary salary contribution established by the U.S. Department of Labor. All matching Company contributions to the 401(k) plan vest over 5 years for each executive officer and are payable pursuant to the provisions of the 401(k) plan. In 2003, the Company adopted a Supplemental Executive Retirement Plan for certain of the named executive officers. See "Termination of Employment and Change-in-Control Arrangements" above.

CEO COMPENSATION

CEO Compensation. The Compensation Committee believes that the compensation of the Chief Executive Officer is consistent with the general policies concerning executive compensation and is appropriate in light of the Company's financial objectives. Stock option grants to the Chief Executive Officer are considered concurrently with grants to other executive officers in accordance with the same general policies.

In reviewing and approving Mr. Petit's 2002 compensation, the Compensation Committee took into account the Company's performance in fiscal 2001 and Mr. Petit's role in developing the Company's disease management business. In light of these factors, the Compensation Committee determined that Mr. Petit would receive an increase in his annual base compensation of 5%. On February 19, 2002, Mr. Petit was granted an option to purchase 24,235 shares of the Company's common stock.

REPORT OF THE AUDIT COMMITTEE AND RELATED MATTERS

Report of the Audit Committee

The Board's Audit Committee, currently composed of Donald W. Weber, Guy W. Millner and Morris S. Weeden, evaluates the independence and performance of the Company's independent accountants, handles relations with the Company's independent accountants and evaluates the integrity of the Company's financial reporting process and its policies and procedures relating to internal accounting functions and controls. This report relates to the activities taken by the Audit Committee in fulfilling such role.

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. The Company's management has the primary responsibility for the financial statements and reporting process, including the Company's systems of internal controls. In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed with management the audited financial statements included in the Annual Report on Form 10-K for the fiscal year ended December 31, 2002. This review included a discussion of the quality and the acceptability of the Company's financial reporting and internal controls.

The Audit Committee also reviewed with the Company's independent accountants, KPMG LLP (KPMG), who are responsible for expressing an opinion on the conformity of the Company's audited financial statements with generally accepted accounting principles, their judgments as to the quality and the acceptability of the Company's financial reporting and such other matters as are required to be discussed with the Audit Committee under generally accepted auditing standards including Statement on Auditing Standards No. 61. In addition, the Audit Committee received and reviewed the written disclosures and the letter from KPMG required by Independence Standards Board Standard No. 1 and discussed with the independent accountants their independence from management and the Company, and considered whether KPMG's provision of non-audit services to the Company during 2002 was compatible with maintaining the auditor's independence.

The Committee meets periodically with the independent accountants to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Annual Report on Form 10-K for the fiscal year ended December 31, 2002 for filing with the Securities and Exchange Commission.

The foregoing report has been furnished by the Audit Committee of Matria's Board of Directors.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Mr. Carl E. Sanders, a director of the Company, is also the Chairman of Troutman Sanders LLP, a law firm based in Atlanta, Georgia, which provided certain legal services to the Company in fiscal year 2002 and is expected to be retained by the Company in the future.

In 2002, the Company had certain business relationships with MarketRing.com (MarketRing), a privately held company located in the Atlanta area. Matria licensed from MarketRing software, and MarketRing provided certain software development and website hosting services to Matria. Hosting and maintenance fees paid to MarketRing in 2002 were approximately \$210,000.

In June 2002, Matria completed an acquisition of MarketRing through a merger of a wholly owned subsidiary of Matria with MarketRing. In the merger, Matria issued 267,424 shares of common stock in exchange for all of the outstanding shares of capital stock of MarketRing and may issue up to 21,500 shares of Matria common stock upon exercise of MarketRing options assumed and a warrant issued by Matria pursuant to the merger agreement. An additional 28,362 shares of Matria common stock issuable in connection with the

Table of Contents

merger were withheld as security for the satisfaction of claims by Matria arising under the merger agreement. If there are no claims, the withheld shares will be released on June 14, 2003. As a result of the merger, MarketRing is a wholly owned subsidiary of Matria, and Robert W. Kelley, Jr., the chief executive officer of MarketRing, has been retained as the Corporation Vice President of Technology of Matria and the Chief Executive Officer of MarketRing.

Mr. Petit and Mr. Weber were members of the board of directors of MarketRing and owned approximately 20% and 1.5% of MarketRing's outstanding common stock. Mr. Petit also owned 250 shares of MarketRing's convertible preferred stock, which was redeemed, pursuant to the request of MarketRing's board of directors, prior to the merger at a price of \$1,000 per share, plus any accrued and unpaid dividends. The ownership percentages of Mr. Petit and Mr. Weber include shares owned by certain affiliated companies of such individuals and, in Mr. Petit's case, his spouse. In addition, Carl E. Sanders, Thomas S. Stribling and Guy W. Millner respectively owned .83%, .41% and 2.06% of MarketRing's outstanding common stock at the time of the merger. The terms of the merger agreement and the acquisition of MarketRing were negotiated and recommended by an independent committee of the Matria board of directors and have been approved by a vote of Matria's disinterested directors.

In addition, in October 2000, Matria made a loan to Mr. Petit in the principal sum of \$200,000. The loan bore interest at a rate of 6% per annum and matured on January 1, 2002. By its terms, the principal and interest on the note were to be forgiven at maturity if Mr. Petit was still employed by Matria (or his employment was previously terminated due to his death or disability) and since the date of issuance of the note, Matria's common stock had traded at a price of at least \$24 per share. The applicable criteria for forgiveness were met at January 1, 2002, and the note and accrued interest totaling \$214,663 were forgiven.

If timely delivered to the Secretary, such proposals may be included in the Company's Proxy Statement for the 2004 Annual Meeting, provided the proponent(s) satisfies all applicable rules of the Securities and Exchange Commission relating to stockholder proposals.

A director nomination by a stockholder will also only be considered at the 2004 Annual Meeting if received by the Company no later than December 19, 2003.
