PROXY STATEMENT

**ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD JUNE 20, 2006**

To the Stockholders of Chico s FAS, Inc.:

April 28, 2006

These proxy materials are delivered in connection with the solicitation by the Board of Directors of Chico s FAS, Inc. (Chico s, the Company, we, or us), a Florida corporation, of proxies to be voted at our 2006 Annual Meeting of Stockholders and at any adjournments or postponements thereof.

You are invited to attend our Annual Meeting of Stockholders on June 20, 2006, beginning at 2:00 P.M., local time. The Annual Meeting will be held at the Hyatt Regency Coconut Point Resort & Spa, Bonita Springs, Florida. Stockholders will be admitted beginning at approximately 1:30 P.M. The operation of cameras (including cellular phones with photographic capabilities), recording devices and other electronic devices will not be permitted at the meeting.

It is important that proxies be returned promptly to avoid unnecessary expense to the Company. Therefore, regardless of whether you plan to attend the Annual Meeting or the number of shares of stock you own, please date, sign and return the enclosed proxy promptly.

ABOUT THE ANNUAL MEETING

What is the purpose of the meeting?

At the Annual Meeting, stockholders will act upon the matters outlined in the accompanying notice of meeting, including the election of directors and ratification of the Company s independent certified public accountants. In addition, the Company s management will report on the performance of the Company during the fiscal year ended January 28, 2006 and respond to questions from stockholders.

When are these materials being mailed?

This proxy statement and the form of proxy are being mailed starting on approximately May 2, 2006.

What is a proxy?

It is your legal designation of another person to vote the stock you own. That other person is called a proxy. If you designate someone as your proxy in a written document, that document also is called a proxy or a proxy card. The form of proxy card included with this proxy statement designates each of Scott A. Edmonds, Charles J. Kleman and Patricia Murphy Kerstein as proxies for the 2006 Annual Meeting.

What is a proxy statement?

Edgar Filing: CHICOS FAS INC - Form DEF 14A

It is a document that the Securities and Exchange Commission (SEC) regulations require us to give you when we ask you to sign a proxy card designating individuals as proxies to vote on your behalf.

Table of Contents

What is the difference between a stockholder of record and a stockholder who holds stock in street name?

If your shares are registered in your name, you are a stockholder of record. Owners of record receive their proxy materials from us. When you properly complete, sign and return your proxy card, you are instructing the named proxies to vote your shares in the manner you indicate on the proxy card.

If your shares are held in the name of your broker or other financial institution, which is usually the case if you hold your shares in a brokerage or similar account, your shares are held in street name. Your broker or other financial institution or its respective nominee is the stockholder of record for your shares. As the holder of record, only your broker, other institution or nominee is authorized to vote or grant a proxy for your shares. Accordingly, if you wish to vote your shares **in person**, you must contact your broker or other institution to obtain the authority to do so. Street name holders receive their proxy materials directly from their broker or other institution, not from Chico's. When you properly complete, sign and return your proxy card, you are giving your broker, other financial institution or nominee instructions on how to vote the shares they hold for you.

What is the record date and what does it mean?

The record date for the 2006 Annual Meeting is April 24, 2006. The record date is established by the Board of Directors as required by law and the Company's Articles of Incorporation and By-laws. Owners of record of common stock at the close of business on the record date are entitled to:

- (a) receive notice of the meeting, and
- (b) vote at the meeting and any adjournments or postponements of the meeting.

What are abstentions and broker non-votes?

An abstention occurs when a stockholder of record (which may be a broker or other nominee of a street name holder) is present at a meeting (or deemed present) but fails to vote on a proposal, indicates that the stockholder abstains from voting on the proposal, or withholds authority from proxies to vote for director nominees while failing to vote for other eligible candidates in their place. A broker non-vote occurs when a broker or other nominee who holds shares for another does not vote on a particular item because the nominee does not have discretionary voting authority for that item and has not received instructions from the street name owner of the shares.

What constitutes a quorum for the meeting?

At least a certain number of shares must be present or represented by proxy at a meeting before any stockholder vote at the meeting can be effective. A quorum is necessary to conduct business at the meeting. For the Annual Meeting, the quorum requirement will be satisfied if a majority of the outstanding shares of common stock is present and/or represented by proxy. You are part of the quorum if you have voted by proxy. Abstentions, broker non-votes and votes withheld from director nominees count as shares present at the meeting for purposes of determining a quorum. However, abstentions and broker non-votes do not count in the voting results.

Who is entitled to vote and how many votes do I have?

If you are a common stockholder of record at the close of business on the record date, you can vote. For each matter presented for vote, you have one vote for each share you own. If you are a holder in street name at the close of

business on the record date, you generally will have the right to instruct your broker or other financial institution how to vote your shares, although specific procedures depend on the terms of your account arrangement. As of the record date, there were 181,370,900 common shares outstanding. Each common share is entitled to one vote on each matter properly brought before the Annual Meeting. Shares of common stock, par value \$.01 per share, are the only outstanding voting securities of the Company.

Table of Contents

How do I vote my shares?

Stockholders of record can vote by:

returning a completed proxy card by mail to The Registrar and Transfer Company, Attn: Proxy Department, P.O. Box 1159, Cranford, New Jersey 07016-9748;

delivering a completed proxy card to an inspector of election prior to the Annual Meeting; or

completing a ballot and returning it to an inspector of election during the Annual Meeting.

If you hold your shares in street name, you can vote by submitting a voting instruction card to your broker or other institution in accordance with the procedures and requirements applicable to your account. If your shares are held in street name and you wish to cast your vote in person at the Annual Meeting, you must either (i) obtain a legal proxy, executed in your favor, from the bank, broker, or nominee, as the case may be, or (ii) obtain a proxy direction form from the bank, broker, or nominee, as the case may be, and follow the instructions on the form so as to provide such bank, broker or nominee with your directions as to how you want such shares to be voted.

Can I vote by telephone or electronically?

The Company has not established procedures to allow telephone or electronic voting by stockholders of record, but may do so for future stockholder meetings if we determine that the added convenience to our stockholders would justify the additional costs to the Company associated with these voting methods.

Street name holders may vote by telephone or the Internet if their bank or broker makes those methods available, in which case your bank or broker will enclose the instructions with this proxy statement.

Can I change my vote?

You may revoke your proxy or change your voting instructions before the time of voting at the meeting in several ways.

If you are a stockholder of record, you may revoke or change your proxy instructions at any time prior to the vote at the Annual Meeting. To do so:

mail a revised proxy card dated later than the prior one;

give us written notice of your change or revocation; or

attend the Annual Meeting and file with the Secretary of the Company or an inspector of election either a notice of revocation, a duly executed proxy bearing a later date, or a duly executed ballot. The powers of the proxy holders will be suspended if you attend the meeting in person and you so request, although attendance at the meeting will not by itself revoke a previously granted proxy.

If you hold your shares in street name, you may revoke or change your proxy instructions at any time prior to the vote at the Annual Meeting by submitting new voting instructions to your broker or other institution in accordance with the procedures and requirements applicable to your account.

If I submit a proxy, how will my shares be voted?

If you submit a properly executed proxy card, the individuals named on the card, as your proxies, will vote your shares in the manner you indicate. If you sign and return the card without indicating your instructions, your shares will be voted for the election of the four nominees to serve three-year terms on our Board of Directors, for ratification of the appointment of Ernst & Young LLP as the Company's independent certified public accountants for the fiscal year ending February 3, 2007 (fiscal 2006), and otherwise as recommended by the Board of Directors.

Your vote is important. Whether or not you plan to attend the meeting, we encourage you to vote by proxy as soon as possible.

Table of Contents

My shares are held in street name. How are my shares voted if I do not return voting instructions?

Your shares may be voted if they are held in the name of a broker or other institution, even if you do not provide the broker or other institution with voting instructions. Brokers and certain other institutions have the authority, under the rules of the New York Stock Exchange, to vote shares on certain routine matters for which their customers do not provide voting instructions by the tenth day before the meeting. The election of directors and the ratification of the appointment of Ernst & Young LLP as the independent registered public accounting firm of the Company are considered routine matters and thus may be voted on the matters scheduled to come before the meeting as your broker or other institution may determine if you have not provided voting instructions within the applicable time frame.

What are the Board's recommendations?

The Board's recommendations regarding the proposals to be considered at the Annual Meeting are set forth together with the descriptions of the proposals in this proxy statement. In summary, the Board recommends a vote:

for election of the nominees for the Class I Director positions (see page 5).

for ratification of the appointment of Ernst & Young LLP as the Company's independent certified public accountants for the fiscal year ending February 3, 2007 (fiscal 2006) (see page 15).

With respect to any other matter that properly comes before the meeting, the proxy holders will vote as recommended by the Board of Directors or, if no recommendation is given, in their own discretion. At the date this proxy statement went to press, we did not know of any other matter to be raised at the Annual Meeting.

What vote is required to approve each item?

Election of Directors. Directors shall be elected by a plurality of the votes present in person or represented by proxy at the Annual Meeting and entitled to vote on the election of directors. A properly executed proxy marked **WITHHOLD AUTHORITY** with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, even though it will be counted for purposes of determining whether there is a quorum present at the Annual Meeting.

Ratification of Appointment of Accountants. The appointment of Ernst & Young LLP as the Company's independent certified public accountants for the fiscal year ending February 3, 2007 will be ratified if the number of votes cast **FOR** ratification of the appointment by holders entitled to vote exceeds the number of votes cast opposing the ratification of the appointment.

Other Items. If any other item requiring a stockholder vote should come before the meeting, the item will be approved if the number of shares voting for the item is greater than the number of shares voting against the item.

Are votes confidential? Who counts the votes?

The votes of all stockholders are held in confidence from directors, officers and employees, except:

- (a) as necessary to meet applicable legal requirements and to assert or defend claims for or against the Company,
- (b) in case of a contested proxy solicitation,

(c) if a stockholder makes a written comment on the proxy card or otherwise communicates his/her vote to management, or

(d) to allow the independent inspectors of election to certify the results of the vote.

All votes will be tabulated by employees of The Registrar and Transfer Company, the Company's transfer agent for the common stock, whose representatives will serve as one or more of the inspectors of election.

Table of Contents

How are abstentions and broker non-votes counted when tabulating the vote?

Abstentions (that is, a properly executed proxy marked **ABSTAIN** with respect to a particular matter) and broker non-votes with respect to a particular matter do not count in any vote totals for or against any matter, even though the shares associated with such abstentions and broker non-votes are counted for purposes of determining whether there is a quorum present at the Annual Meeting. Accordingly, for purposes of any vote, abstentions and broker non-votes will have the same effect as does a share that is not present or otherwise not voted.

Who is paying for the preparation and mailing of the proxy materials and how will solicitations be made?

We will pay the expenses of soliciting proxies. Proxies may be solicited on our behalf by directors, officers or employees in person or by telephone, mail, electronic transmission, facsimile transmission or telegram. The Company will request brokerage houses and other custodians, nominees and fiduciaries to forward soliciting material to stockholders and the Company will reimburse such institutions for their out-of-pocket expenses incurred thereby. The Company has not engaged any outside service provider to assist in the solicitation of proxies.

Does each stockholder receive his or her own copy of the 2005 Annual Report and this proxy statement?

In some cases we may send only one annual report and proxy statement to an address shared by two or more stockholders, unless we have received contrary instructions from one or more stockholders at that address. This practice, known as householding, is designed to reduce our printing and postage costs. If you are a stockholder of record residing at such an address and you wish to receive a separate copy of our 2005 Annual Report or this proxy statement, please contact Sherry Terzian by phone at (239) 274-4425 or in writing at 11215 Metro Parkway, Ft. Myers, Florida 33912 and we will promptly send you separate copies. If we have been sending only one annual report and proxy statement to your household but you or another stockholder in the household wishes to receive separate copies of annual reports and/or proxy statements in the future, please contact us in the same manner. Please also contact us if your household receives multiple copies of our annual report and proxy statement and you would prefer that we send only one copy for the entire household.

Mr. Gralnick also served as President from the Company's founding until 1990 when he became Chairman of the Board and was given the official title of Chief Executive Officer. Mr. and Ms. Gralnick's vision and creative talents led the development and evolution of the Company's philosophy and the design and feel of

Chico's merchandise and Chico's stores through September 1, 1993 and again from November 1994 through September 2003. In addition to serving as Chairman, since early March 2004, Mr. Gralnick has been engaged by the Company on an at-will basis to provide his assistance, guidance and direction, as needed.

Corporate governance is typically defined as the system that allocates duties and authority among a company's stockholders, board of directors, and management. The stockholders elect the board and vote on extraordinary

Table of Contents

matters. The board is the Company's governing body, responsible for hiring, overseeing and evaluating management, particularly the Chief Executive Officer; and management runs the Company's day-to-day operations. Our Board of Directors currently consists of eleven directors. The current Board members include seven independent directors and four individuals who are or who recently were members of the Company's senior management. If all of the nominees for election are elected, the Board will continue to be comprised of seven independent directors and four non-independent directors.

The primary responsibilities of the Board of Directors are oversight, counseling, and direction to the Company's management in the long-term interests of Chico's and its stockholders. To the extent appropriate under Florida law, the Board, in carrying out its duties, also may consider the interests of other constituencies, which include employees, suppliers, customers and the communities in which it does business, and the economy of the state of Florida and the United States. The Board's detailed responsibilities include: (a) selecting, regularly evaluating the performance of, and approving the compensation of the Chief Executive Officer and other senior executives; (b) planning for succession with respect to the position of Chief Executive Officer and monitoring management's succession planning for other senior executives; (c) reviewing and, where appropriate, approving Chico's major financial objectives, strategic and operating plans and actions; (d) overseeing the conduct of Chico's business to evaluate whether the business is being properly managed and whether proper internal controls are in place and effective; and (e) overseeing the processes for maintaining Chico's integrity with regard to its financial statements and other public disclosures and compliance with law and ethics. The Board of Directors has delegated to the Chief Executive Officer, working with Chico's other executive officers, the authority and responsibility for managing the Company's business in a manner consistent with the Company's standards and practices, and in accordance with any specific plans, instructions or directions of the Board. The Chief Executive Officer and management are responsible for seeking the advice and, in appropriate situations, the approval of the Board and/or its various committees with respect to significant actions to be undertaken by Chico's.

Meetings

The Board and its committees meet throughout the year on a set schedule, and also hold special meetings and act by written consent from time to time as appropriate. The Board of Directors held five meetings during the fiscal year ended January 28, 2006. During the fiscal year ended January 28, 2006, each incumbent director attended at least 75% of the total number of Board meetings and meetings of committees on which he or she served and the average director attendance was over 94%.

During fiscal 2005, the non-employee directors of the Board met without the Chief Executive Officer or other members of management present during three of the five regularly scheduled Board meetings.

Lead Director

In August 2003, the Board created a new position of lead director, whose primary responsibility is to preside over periodic executive sessions of the Board in which management directors and other members of management do not participate. Verna K. Gibson is serving in the position of lead director and has been designated by the non-management members of the Board to continue serving in this position until at least the Company's 2006 annual meeting of stockholders.

Independence

In January 2004, the Board enhanced its corporate governance by adopting Corporate Governance Guidelines (Guidelines). The Guidelines have been updated from time to time since their initial adoption. The Guidelines, as adopted by the Board, meet the updated listing standards of the New York Stock Exchange. The full text of the

Guidelines can be found under the Investors Relations portion of the Company's website (www.chicos.com). A copy may also be obtained upon request from the Secretary of the Company.

Pursuant to the Guidelines, the Board undertook a review of director and director nominee independence in February 2006. During this review, the Board considered transactions and relationships between each director or nominee or any member of his or her immediate family and the Company and its subsidiaries and affiliates. The Board also examined transactions and relationships between directors, nominees or their affiliates and members of

Table of Contents

the Company's senior management or their affiliates. As provided in the Guidelines, the purpose of this review was to determine whether any such relationships or transactions were inconsistent with a determination that the director is independent. A director is considered independent only if the Board affirmatively determines that the director has no material relationship with the Company, either directly or indirectly. In accordance with the Guidelines and the NYSE standards, a director is not independent if:

The director is or has been within the last three years an employee of Chico's.

An immediate family member of the director is or has been within the last three years an executive officer of Chico's.

The director has received more than \$100,000 in direct compensation from Chico's during any twelve-month period within the last three years. This excludes director and committee fees or other forms of deferred compensation for prior service.

An immediate family member of the director who is an executive officer of Chico's has received more than \$100,000 in direct compensation from Chico's during any twelve-month period within the last three years.

The director or an immediate family member of the director is a current partner of Chico's internal or external auditor.

The director is a current employee of Chico's internal or external auditor.

An immediate family member of the director is a current employee of Chico's internal or external auditor and works in the auditor's audit, assurance, or tax compliance practice.

Within the last three years, the director or immediate family member of the director was a partner or employee of Chico's internal or external auditor and personally worked on Chico's audit.

The director or immediate family member of the director is, or has been within the last three years, employed as an executive officer of another company where any of Chico's present executive officers at the same time serves or served on the other company's compensation committee.

The director is a current employee, or an immediate family member of the director is a current executive officer, of a company that has made payment to, or received payments from, Chico's for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1,000,000 or 2% of the other company's consolidated gross revenues.

As a result of this review, and based on information furnished by all members of the Board regarding their relationships with the Company and research conducted by management with respect to outside affiliations, the Board affirmatively determined that seven of the eleven current directors, Ms. Gibson, Mr. Roeder, Mr. Burden, Ms. Atkins, Mr. Mitchell, Mr. Walker and Mr. Weiss are independent of the Company and its management under the independence standards set forth in the Guidelines, under the NYSE independence standards and under the independence standards set forth in Rule 10A-3 under the Securities Exchange Act of 1934. As a result of this review and this process, the Board also affirmatively determined that the Audit, Compensation and Benefits, and Corporate Governance and Nominating Committees are all comprised entirely of independent directors. In addition, members of the Compensation and Benefits Committee meet the additional standards applicable to outside directors under Internal Revenue Code Section 162(m) and qualify as non-employee directors as defined in Rule 16b-3 under the Securities Exchange Act of 1934. Messrs. Edmonds and Kleman are considered inside directors because of their continued

employment as senior executives of the Company. Mr. Gralnick and Ms. Gralnick are considered inside directors both because of their prior employment as senior executives of the Company and because of their continuation as at-will employees from and after early March 2004.

Code of Ethics

The Company has a Code of Ethics, which is applicable to all employees of the Company, including the principal executive officer, the principal financial officer and the principal accounting officer, and to all the directors. The Code of Ethics is available under the Investor Relations portion of the Company's website (www.chicos.com). The Company intends to post amendments to or waivers from its Code of Ethics (to the extent

applicable to the Company's chief executive officer, principal financial officer, principal accounting officer or its directors) at this location on its website. No waivers have been granted under the Code of Ethics.

Communications to Non-Management Directors

Stockholders and other parties interested in communicating with the lead director or with the other non-management directors as a group may do so by writing to Lead Director, Chico's FAS, Inc., 11215 Metro Parkway, Ft. Myers, Florida 33912. Letters addressed to the lead director or any of the other non-management directors will be routed to the Secretary who will review all such correspondence, will keep a file with copies of such correspondence (including a log thereof), will regularly forward such correspondence that, in the opinion of the Secretary, deals with the functions of the Board or committees thereof or that he otherwise determines requires their attention and may also provide each of the board members with summaries of all such correspondence. Directors may at any time review the file of such correspondence or the log of such correspondence and may request copies of any such correspondence.

A separate process has been established for dealing with concerns relating to accounting, internal controls or auditing matters. Stockholders and other parties interested in communicating about any of these particular matters may alternatively submit such communications by calling in such report to a third party hotline that has been established by the Board of Directors (1-888-361-5813) and such reports will immediately be brought directly to the attention of the chair of the Company's Audit Committee and separately to the head of the Company's internal audit department. If instead a communication relating to accounting, internal controls or auditing matters is received in writing by the Company, the Secretary will promptly forward such written correspondence to the chair of the Company's Audit Committee and separately to the head of the Company's internal audit department. These particular reports, whether received through the hotline or in writing, will be handled in accordance with procedures established by the Company's Audit Committee.

Director Attendance at Annual Meeting

The Company has no policy with regard to Board members' attendance at stockholders' annual meetings; however, it has been the custom for Chico's directors to attend the annual meeting of stockholders. Seven of the nine then Directors attended the annual meeting in June 2005.

Committees of the Board

The Board of Directors has a standing Corporate Governance and Nominating Committee, Audit Committee, Compensation and Benefits Committee, and Executive Committee. The current charters of the Corporate Governance and Nominating, Audit, and Compensation and Benefits Committees, as well as Chico's Corporate Governance Guidelines and Code of Ethics are available under the Investor Relations portion of the Company's website (www.chicos.com). Chico's stockholders may obtain printed copies of these documents by writing to Chico's FAS, Inc. Corporate Governance, 11215 Metro Parkway, Ft. Myers, Florida 33912.

Corporate Governance and Nominating Committee

The Corporate Governance and Nominating Committee held two meetings during the fiscal year ended January 28, 2006. The Corporate Governance and Nominating Committee is responsible for developing and implementing policies and practices relating to corporate governance, including reviewing and monitoring implementation of the Company's Corporate Governance Guidelines. In addition, its principal responsibilities from the perspective of its role as a nominating committee are to interview, evaluate, nominate, and recommend individuals for membership on the Company's Board of Directors and committees thereof, and to evaluate and provide input with respect to individuals to be elected as officers of the Company by the Board of Directors. The Committee also prepares and supervises the

Board's annual review of director independence and the Board's performance self-evaluation. On June 20, 2005, the Board voted to amend the charter of this Committee. The charter of the Corporate Governance and Nominating Committee is available under the Investors Relations portion of the Company's website (www.chicos.com).

Table of Contents

All of the members of the Corporate Governance and Nominating Committee have been determined to be independent within the meaning of the listing standards of the New York Stock Exchange and the Company's Corporate Governance Guidelines.

Audit Committee

The Audit Committee held six meetings during the fiscal year ended January 28, 2006. The Audit Committee's principal responsibilities are to assist the Board in its general oversight of Chico's financial reporting, internal controls, ethics compliance, and audit functions. The Committee is directly responsible for the appointment, compensation, and oversight of the work of the Company's independent certified public accountants, reviews the annual financial results and the annual audit of the Company's financial statements and approves the Form 10-K, reviews the Company's quarterly financial results and approves the Form 10-Q, and meets with the independent accountants and the director of the Company's internal audit department from time to time in order to review the Company's internal controls and financial management practices. During each fiscal year, at least one (and usually more) of the meetings between the Audit Committee and the independent accountants is held separately without management present. The Audit Committee has established policies and procedures for the engagement of the independent accountants to provide permissible non-audit services, which includes pre-approval of all permissible non-audit services to be provided by the independent accountants. The Audit Committee has the authority to hire its own outside legal and other advisors. In June 2005, the Board of Directors voted to amend the charter of this Committee. A copy of the amended charter is included as Appendix A to this proxy statement, and is available under the Investors Relations portion of the Company's website (www.chicos.com).

All members of the Audit Committee have been determined to be independent within the meaning of the listing standards of the New York Stock Exchange and the Company's Corporate Governance Guidelines. Federal regulations require the Board to determine if a member of its Audit Committee is an Audit Committee Financial Expert. According to these regulations, an audit committee member can be designated an Audit Committee Financial Expert only when the audit committee member satisfies five specified qualification requirements, including experience in (or experience actively supervising others engaged in) preparing, auditing, analyzing, or evaluating financial statements presenting a level of accounting complexity comparable to what is encountered in connection with the Company's financial statements. The regulations further require such qualifications to have been acquired through specified means of experience or education. The Board has determined that Mr. Walker, the chair of the Audit Committee, and Mr. Mitchell, are each qualified as an Audit Committee Financial Expert within the meaning of the SEC regulations, and that each of them has accounting and related financial management expertise within the meaning of the listing standards of the New York Stock Exchange. Although the Board of Directors has determined that these individuals have the requisite attributes defined under the rules of the SEC, their responsibilities are generally the same as those of the other Audit Committee members. The Audit Committee members are not auditors or accountants for the Company, do not perform field work and are not full-time employees of any audit firm. The SEC has determined that an audit committee member who is designated as an audit committee financial expert will not be deemed to be an expert for any purpose as a result of being identified as an audit committee financial expert. See the Audit Committee Report on page 17 for further information.

Compensation and Benefits Committee

The Compensation and Benefits Committee held two meetings during the fiscal year ended January 28, 2006 and regularly acts by written consent. The principal responsibilities of the Compensation and Benefits Committee are to review and make recommendations to the Board of Directors concerning the compensation of all officers of the Company; to review and make recommendations with respect to the Company's existing and proposed compensation and bonus plans, and to serve as the committee responsible for administering the Company's 1993 Stock Option Plan, Amended and Restated 2002 Employee Stock Purchase Plan, 2002 Omnibus Stock and Incentive Plan, Deferred

Compensation Plan and the 2005 Cash Bonus Incentive Plan. In June 2005, the Board voted to amend the charter of this Committee. The charter of the Compensation and Benefits Committee is available under the Investors Relations portion of the Company's website (www.chicos.com).

Table of Contents

All of the members of the Compensation and Benefits Committee have been determined to be independent within the meaning of the listing standards of the New York Stock Exchange and the Company's Corporate Governance Guidelines. See the Compensation and Benefits Committee Report on page 19 for further information.

Executive Committee

The Executive Committee serves primarily as a means for taking action requiring Board approval between regularly scheduled meetings of the Board. The Executive Committee is authorized to act for the full Board on matters other than those specifically reserved by Florida law to the Board. In practice, the Committee's actions are generally limited to more routine matters such as the authorization of ordinary-course corporate credit facilities and borrowings. The Executive Committee held one meeting during the fiscal year ended January 28, 2006 and may, from time to time, act by written consent.

Identifying and Evaluating Nominees for the Director Positions

Responsibility for Selection of Director Candidates

The Board is responsible for selecting director candidates. The Board has delegated the screening process to the Corporate Governance and Nominating Committee, with the expectation that other members of the Board and executives will be asked to take part in the process as appropriate. Candidates recommended by the Corporate Governance and Nominating Committee are subject to approval by the Board.

Stockholder Nominees

The policy of the Corporate Governance and Nominating Committee is to consider written recommendations from stockholders for positions on the Board of Directors. A stockholder who wishes to recommend a prospective nominee for the Board should notify the Secretary of the Company or any member of the Corporate Governance and Nominating Committee in writing with whatever supporting material the stockholder considers appropriate, including the nominee's name and qualifications for Board membership. In evaluating such nominations, the Corporate Governance and Nominating Committee seeks to address the criteria set forth under Director Criteria and Director Obligations below. The Corporate Governance and Nominating Committee will also consider whether to nominate any person nominated by a stockholder pursuant to the provisions set forth in the Amended and Restated Articles of Incorporation of the Company relating to stockholder nominations. See Stockholder Proposals for Presentation at the 2007 Annual Meeting on page 37 for further information. The Company received no stockholder nominations in 2005.

Identifying and Evaluating Nominees for Director Positions

The Corporate Governance and Nominating Committee utilizes a variety of methods for identifying and evaluating nominees for director positions. The Committee regularly assesses the appropriate size of the Board, and whether any vacancies on the Board are expected due to retirement or otherwise. In the event that vacancies are anticipated, or otherwise arise, the Committee considers various potential candidates for the director positions. Candidates may come to the attention of the Committee through current Board members, current management, professional search firms, stockholders (as described above) or other persons. Once the Committee has identified a prospective nominee, it will make an initial determination as to whether to conduct a full evaluation of the candidate. This initial determination is based on whatever information is provided to the Committee with the recommendation of the prospective candidate, as well as the Committee's own knowledge of the prospective candidate, which may be supplemented by inquiries to the person making the recommendation or others. The preliminary determination is based primarily on the need for additional Board members to fill vacancies or expand the size of the Board and the likelihood that the prospective nominee can satisfy the applicable criteria for directors.

If the Committee determines, in consultation with the Chairman of the Board and other Board members, as appropriate, that additional consideration is warranted, it may ask Board members or engage third parties to gather additional information about the prospective nominee's background and experience and to report the findings to the Committee. The Committee then evaluates the prospective nominee against the criteria set out in the Company's

Table of Contents

Corporate Governance Guidelines. The Committee also considers such other relevant factors as it deems appropriate, including the backgrounds, qualifications and skills of existing Board members, the balance of management and independent directors, the need for Audit Committee expertise, and the Committee's evaluation of other prospective nominees.

In connection with this evaluation, the Committee determines whether to interview the prospective nominee, and if warranted, the Chair of the Committee, one of the other independent directors, as well as the Chief Executive Officer, and others as appropriate, interview prospective nominees in person or by telephone. After completing these evaluations and interviews, the Committee deliberates and makes a recommendation to the full Board as to the persons who should be nominated by the Board, and the Board determines the nominees after considering the recommendation and report of the Committee.

Director Criteria

The Company's Corporate Governance Guidelines, which are available under the Investors Relations portion of the Company's website (www.chicos.com), set forth the criteria that apply to Board candidates. The Corporate Governance and Nominating Committee is responsible for reviewing with the Board the requisite skills and characteristics of new Board candidates in the context of the then current composition of the Board. This assessment includes experience in industry, finance, administration, operations and marketing, as well as diversity. Director candidates should be able to provide insights and practical wisdom based on their experience and expertise. Service on other boards and other commitments are considered by the Corporate Governance and Nominating Committee when reviewing Board candidates.

Director Obligations

Directors are expected to prepare for, attend and participate in Board meetings and meetings of the committees of the Board of Directors on which they serve, to ask direct questions and require straight answers, and to spend the time needed and meet as frequently as necessary to properly discharge their responsibilities and duties as directors. Each Board member is expected to ensure that other existing and planned future commitments do not materially interfere with the member's service as a director.

Compensation of Directors

Base Compensation and Benefits. Each non-management director receives an annual retainer of \$40,000, and an additional \$1,000 for each board and committee meeting attended, whether in person or by telephone. Each non-management director who serves as a committee chair for the Audit and Compensation and Benefits Committees receives an additional annual retainer of \$20,000, all other Committee chairs receive an additional annual retainer of \$10,000, and the lead director receives an additional annual retainer of \$20,000. Since March 1, 2004, Mr. Gralnick and Ms. Gralnick have been counted as being within the group of non-management directors as a result of their retirement as officers of the Company. All directors are also entitled to reimbursement of their reasonable out-of-pocket expenses for attendance at board and committee meetings. Non-employee directors may also elect to participate in the Company's health insurance program with coverage provided for the director and his or her dependents and with the cost thereof paid by the Company. During the last fiscal year, Ms. Gibson and Ms. Atkins participated in this program.

Stock Options and Restricted Stock. Each year following the annual meeting of stockholders, each continuing non-employee director receives an automatic grant of stock options to purchase 10,000 shares of common stock. In the fiscal year ended January 28, 2006, Ms. Gibson, Ms. Atkins, Mr. Burden, Mr. Roeder, Mr. Mitchell, Mr. Gralnick and Ms. Gralnick each received automatic grants under the Company's 2002 Omnibus Stock and Incentive Plan for

10,000 shares. Each such option grant, which vested in full on December 21, 2005, has a ten-year term, and permits the holder to purchase shares at their fair market value on the date of grant, which in the case of these particular stock options was \$35.16.

Each new non-employee director receives 10,000 options upon election or appointment. Messrs. Walker and Weiss, upon their appointment to the Board of Directors each received a grant of 10,000 options under the

Table of Contents

Company's 2002 Omnibus Stock and Incentive Plan. Mr. Walker's stock options vest in full on the date of the Company's 2006 Annual Meeting of Stockholders, and Mr. Weiss' stock options vest in full on the date of the Company's 2007 Annual Meeting of Stockholders, and each has a ten-year term and permits the holder to purchase shares at the fair market value on their date of grant, which in the case of Mr. Walker's stock options was \$34.75 and in the case of Mr. Weiss' stock options was \$37.90.

Ms. Gibson, Ms. Atkins, Mr. Burden, Mr. Roeder, Mr. Mitchell, Mr. Walker, Mr. Weiss, Mr. Gralnick and Ms. Gralnick may occasionally receive additional option grants or restricted stock awards at the discretion of the Board of Directors under the Company's 2002 Omnibus Stock and Incentive Plan. On January 31, 2005, each of Mr. Gralnick, Ms. Gralnick, Ms. Gibson, Ms. Atkins, Mr. Burden, Mr. Roeder and Mr. Mitchell were granted 2,500 shares of restricted stock, which award vested 1/3 on January 31, 2006 and is scheduled for further 1/3 vesting on each of January 31, 2007 and January 31, 2008. As a result of the Company's 2 for 1 stock split distributed in February 2005, the number of shares represented by each such restricted stock award increased to 5,000 shares, with no change in the overall vesting schedule.

Audit Fees

Fees for audit services include fees associated with the annual audits, the reviews of the Company's quarterly reports on Form 10-Q and other SEC filings and audit consultations and the Sarbanes-Oxley Section 404 attestation.

Audit-Related Fees

Fees for audit-related services in fiscal 2005 principally relate to fees incurred for due diligence. For fiscal 2004, such fees principally related to the audit of The White House Employee Savings and Retirement Plan.

Tax Fees

Fees for tax services in fiscal 2005 principally related to transfer pricing services and review of the Company's federal and state income tax returns. For fiscal 2004, fees for tax services include fees associated with tax compliance preparation services and tax advice and planning, including tax planning for federal taxes and state and local taxes.

All audit-related services, tax services and other services in fiscal 2005 were pre-approved by the Audit Committee, which concluded that the provision of such services by E&Y was compatible with the maintenance of that firm's independence in the conduct of its auditing functions. The Audit Committee's outside auditor independence policy

provides for pre-approval of audit, audit-related and tax services specifically described by the Audit Committee on an annual basis and, in addition, individual engagements anticipated to exceed pre-established thresholds must be separately approved. The policy authorizes the Committee to delegate to one or more of its members pre-approval authority with respect to permitted services.

AUDIT COMMITTEE REPORT

The following report of the Audit Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent the Company specifically incorporates this report by reference therein.

The Audit Committee consists of four directors and operates under a written charter adopted by the Board of Directors. The Audit Committee's charter was revised in fiscal 2005 and the full text of the revised charter is attached to this proxy statement as Appendix A and is also available under the Investor Relations portion of the Company's website (www.chicos.com). The current members of the Audit Committee are David F. Walker (Chair), Stewart P. Mitchell, Verna K. Gibson, and Michael A. Weiss. Each member of the Audit Committee is independent in the judgment of the Company's Board of Directors, as required by the listing standards of The New York Stock Exchange and as set forth in the Company's Corporate Governance Guidelines. The Audit Committee is responsible for selecting, engaging and negotiating fee arrangements with the Company's independent accountants with input from the Company's Board and management. Management is responsible for the Company's internal controls and the financial reporting process. The independent accountants are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with auditing standards generally accepted in the United States and for expressing an opinion thereon. The Audit Committee's responsibility is to monitor and oversee these processes. In this context, the Audit Committee has met and held discussions with management, the internal auditors and the independent registered public accountants.

The Sarbanes-Oxley Act of 2002 and regulations issued thereunder added a number of provisions to federal law to strengthen the authority of, and increase the responsibility of, corporate audit committees. Related rules concerning audit committee structure, membership, authority and responsibility have been promulgated by The New York Stock Exchange.

The Audit Committee members are not professional accountants or auditors, and their functions are not intended to duplicate or to certify the activities of management and the independent registered public accountants, nor can the Audit Committee certify that the independent registered public accountants are independent under applicable rules. The Audit Committee serves a board-level oversight role, in which it provides advice, counsel and direction to management, internal auditors, and the independent registered public accountants on the basis of several factors, including the information it receives, discussions with management, internal auditors, and the independent registered public accountants, and the experience of the Audit Committee's members in business, financial and accounting matters.

As part of its oversight of the Company's financial statements, the Audit Committee reviews and discusses with both management and the Company's independent registered public accountants all annual and quarterly financial statements prior to their issuance. The Audit Committee reviewed and discussed the audited consolidated financial statements of the Company as of and for the year ended January 28, 2006, with management, the internal auditor and the Company's independent registered public accountants. With respect to fiscal 2005, management advised the Audit Committee that each set of the Company's consolidated financial statements reviewed had been prepared in accordance with accounting principles generally accepted in the United States, and reviewed significant accounting and disclosure issues with the Audit Committee. Discussions regarding the Company's audited financial statements included the independent registered public accountants' judgments about the quality, not just the acceptability, of the Company's accounting principles and underlying estimates used in the Company's financial statements, as well as other matters, as required by Statement on Auditing Standards (SAS) No. 61 (Communication with Audit Committees), as amended by SAS No. 90 (Audit Committee Communications) and by the Audit Committee's charter. The Company's independent

registered public accountants also provided to the Committee the written disclosures and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Committee discussed with the independent registered public accountants that firm's independence and satisfied itself as to that firm's independence.

In addition, the Audit Committee reviewed key initiatives and programs aimed at strengthening the effectiveness of the Company's internal and disclosure control structure. As part of this process, the Audit Committee continued to monitor the scope and adequacy of the Company's internal auditing program, reviewing staffing levels and steps taken to implement recommended improvements in internal procedures and control.

Table of Contents

Based upon the Audit Committee's discussion with management, the internal auditor, and the independent registered public accountants, the Audit Committee's review of the representations of management, and the report of the independent registered public accountants to the Audit Committee, and subject to the limitations on the role and responsibilities of the Audit Committee described above and in the Committee's charter, the Audit Committee recommended that the Board of Directors approve the inclusion of the Company's audited consolidated financial statements in the Company's annual report on Form 10-K filed with the Securities and Exchange Commission as of and for the fiscal year ended January 28, 2006.

COMPENSATION AND BENEFITS COMMITTEE REPORT

The following report of the Compensation and Benefits Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent the Company specifically incorporates this report by reference therein.

Overview and Philosophy

The Compensation and Benefits Committee is currently composed of four members, each of whom is an independent director of the Company. The Committee provides overall guidance on the Company's compensation and benefits philosophy. In addition, the Committee approves and monitors the Company's

executive compensation and benefits programs

executive employment agreements

stock option and stock incentive plans

401(k) plan with optional profit sharing feature

stock purchase plan for employees

deferred compensation plan

The primary objectives of the Committee are to ensure that the Company's executive compensation and benefits program

reflects the Company's unique, entrepreneurial, customer-focused orientation

is competitive with other profitable, growing specialty retail companies

safeguards the interests of the Company and its stockholders

is effective in driving performance to achieve financial goals and create stockholder value

fosters teamwork on the part of management

is cost-effective and fair to employees, management, and stockholders

is well communicated and understood by program participants

The Company's executive compensation policies are designed to attract, motivate, and retain highly qualified executive officers, in an increasingly competitive environment who can enhance stockholder value, and to support a performance-oriented environment that rewards achievement of the Company's planned financial goals. The Committee meets periodically during each fiscal year to review the Company's existing compensation and benefits programs and to consider modifications that seek to provide a direct relationship between executive compensation and

sustained corporate performance.

The Company compensates its executive officers through three principal types of compensation: annual base salary, semi-annual incentive bonuses, and long-term incentive awards through stock options or restricted stock, or both. The Company, as a matter of policy, places substantial emphasis on incentive bonuses and long-term stock-based awards since these two forms of compensation are viewed as very effective at correlating executive officer compensation with corporate performance and increases in stockholder value.

In addition to the three types of compensation just mentioned, executive officers are eligible to participate in the Company's Employee Stock Purchase Plan and Deferred Compensation Plan.

Base Salary

The annual base salary of each executive officer is based on the scope of his or her responsibility and accountability within the Company, as well as on performance and experience criteria. In addition, the Committee

Table of Contents

considers salary and other compensation arrangements of other specialty retailers of similar size and similar growth to determine appropriate levels required to attract, motivate, and retain the most qualified management personnel.

The Committee believes that the Company's most direct competitors for executive talent are not necessarily all of the companies that would be included in a peer group established to compare stockholder returns. Thus, the compensation peer group is not the same as the peer group index in the Comparison of Cumulative Total Return graph included in this proxy statement.

The Committee, upon the recommendation of the Chief Executive Officer, determines and makes final decisions regarding base salary of executives on an annual basis. The Committee recognizes that, to some degree, the determination of an executive officer's base salary involves subjective considerations.

The Committee sets the Chief Executive Officer's salary. In doing so, the Committee retains outside, independent consultants to benchmark CEO compensation against certain comparative companies. The Committee works with these consultants and the Company's Senior Vice President Human Resources to determine the appropriate base salary.

Incentive Bonuses

A significant component of an executive officer's total cash compensation consists of an incentive bonus, which is intended to make the executive's compensation dependent on the Company's performance and to provide executive officers with incentives to achieve Company goals, increase stockholder value, and work as a team.

In January 2005, the Committee took two steps with respect to the Company's cash incentive bonus program for its management personnel. First, a more formal Cash Bonus Incentive Plan was adopted. Second, in addition to setting forth a more formal description of the Company's historic incentive bonus program based on achieving specified earnings per share goals, the Plan added the potential for a supplemental cash bonus for all of the Company's executive officers and other key officers based on the Company's achieving objectives in excess of the planned objectives.

In fiscal 2005, bonuses were generally determined pursuant to the Cash Bonus Incentive Plan, with the base bonuses based on the Company's earnings per share performance measured against a targeted earnings per share goal, which goal is part of the Company's overall plan. The supplemental bonuses were based on achieving predetermined increases above the overall plan with respect to the consolidated Company's or the Company's subsidiaries (as applicable) operating margins and comparable same store sales percentages for the fiscal year. The targeted earnings per share goal and the targeted increases to operating margins and comparable same store sales percentages, as well as the overall plan, was reviewed and approved by the Committee in the early part of fiscal 2005. To encourage high levels of performance, the targeted earnings per share goal was established at a level which was intended to encourage, among other things, an aggressive growth in operating margin, sales and comparable store sales percentages.

Under the bonus program that was in effect in fiscal 2005, each executive had a bonus target expressed as a percentage of his or her base salary. Maximum bonus targets for the executive officers ranged from 60% to 200% of base salary. Bonuses were awarded midway through the fiscal year and at year end. Based on the earnings per share level that was achieved in fiscal 2005 coupled with the achievement of the other performance measures that served as a basis for determining the supplemental bonus, the Company's executive officers were awarded a total of approximately \$9.1 million in bonuses for the fiscal year. This represented achievement of earnings per share performance in excess of the targeted earnings per share goal and increases to operating margins and comparable same store sales percentages in excess of those contained in the overall plan approved for the year.

In fiscal 2006, bonuses will generally be determined pursuant to the Cash Bonus Incentive Plan, with the bonuses based on multiple performance measures depending on an executive's functional responsibilities as well as performance measures which are a part of the Company's overall financial plan. The targeted performance measures for each executive, as well as the overall financial plan, are reviewed and approved by the Committee prior to or promptly following the start of each fiscal year, with further mid-year reviews if and when determined necessary. To encourage high levels of performance, the performance measures are focused, in part, on areas that each executive can influence as well as the overall plan and are established at a level which stimulates, among other

Table of Contents

things, growth in sales, comparable store sales percentages, gross margin, operating margin, and earnings per share and aligns the executive's bonus compensation with the stockholders' interests. Each executive is to have an assigned bonus target expressed as a percentage of his or her base salary. Maximum bonus targets for executive officers are intended to range from 85% to 240% of base salary. Actual bonus awards can range from 0% to 240% of target, depending on performance against the pre-established performance measures. Thus, if the Company were unable to achieve its minimum performance measures, then no bonuses would be awarded.

Deferred Compensation Plan

The Company has adopted an unfunded, nonqualified plan that permits executive officers to defer current compensation for retirement savings. Pursuant to the deferred compensation plan, participants may defer all or a portion of qualifying remuneration payable by the Company. A book account is then maintained for each such executive officer in which there is an accounting of such deferred compensation and deemed earnings thereon based upon selection of deemed investment options by the executive officer. In accordance with the terms of the plan, the deferral must be placed in a rabbi trust. This trust arrangement offers a degree of assurance for ultimate payment of benefits without causing constructive receipt of the deferral or earnings thereon for income tax purposes. The assets in the trust remain subject to the claims of creditors of the Company and are not the property of the executive officer.

Long Term Stock Based Compensation

The Committee believes that providing key employees, including executive officers, with the opportunity to acquire stock ownership and the potential to realize growth in stock value over time is the most desirable way to align their interests with those of the Company's stockholders. Stock options and restricted stock awarded under the Company's 1993 Stock Option Plan and the 2002 Omnibus Stock and Incentive Plan, provide an incentive that focuses the attention of executive officers on managing the Company from the perspective of an owner with an equity interest in the business. In addition, stock based compensation has been and continues to be a key part of the Company's program for motivating and rewarding managers over the long term. The Company currently intends to continue to have stock based compensation serve as an important part of the compensation program for key employees. Stock based compensation that has been and that may in the future be granted to key employees, including stock options and restricted stock previously issued and awards that may be granted under the 2002 Omnibus Stock and Incentive Plan, is tied to future performance of the Company's common stock and will provide increased value as the price of the Company's common stock increases.

The Committee, upon the recommendation by the Chief Executive Officer, has in the past determined and made, and expects to continue to determine and make, final decisions regarding stock based awards. Such factors as performance and responsibilities of individual managers and the management team as a whole, as well as general industry practices, play an integral role in the determination of the number of stock options, number of shares of restricted stock and/or number of restricted stock units awarded to a particular senior executive. In determining the size of the individual award of stock options, restricted stock and/or restricted stock units, the Compensation Committee also considers the amount of stock based awards outstanding and previously granted, the amount of stock based awards remaining available for grant under the Stock Plans, the aggregate amount of current awards, and the amount necessary to retain qualified management.

In accordance with its business strategy and compensation philosophy, in fiscal 2005, as in years past, the Company granted stock options to a significant number of employees in managerial positions to afford them an opportunity to participate in the Company's future growth and to focus them on the contributions which are necessary for the financial success and business growth of the Company and, thereby, the creation of value for its stockholders. In the fiscal year ended January 28, 2006, (i) a total of 1,639,680 stock options were granted to employees including 812,500 stock options that were awarded to senior executives and (ii) a total of 94,800 shares of restricted stock were awarded

to senior executives.

Stock options have typically been awarded each year based on an assessment of each recipient's ongoing contribution to overall corporate performance. In fiscal 2005, the Company decided on a going forward basis to award restricted stock or a combination of restricted stock and stock options, again based in such assessment of such

Table of Contents

recipient's contribution. Thus, it is contemplated that stock options, restricted stock and other stock based awards will continue to be awarded on a similar basis and following a similar process. As a means to encourage the recipient of a stock based award to remain in service with the Company, stock based awards vest over time. Most stock options granted to key employees in the past vest in equal amounts over a period of three years from the date of grant. All stock options have exercise prices at least equal to the market value of the Company's stock on the date of grant. The restricted stock granted to senior executives as part of the fiscal 2005 compensation vests 100% at the end of three years from the date of grant. In early fiscal 2006, the Company decided to change the vesting for future restricted stock awards such that the restricted stock vests in equal amounts over a period of three years from the date of grant.

401(k) Plan and Stock Purchase Plan for Employees

In 1992, the Company adopted a profit sharing plan to provide a means for all eligible employees at all levels of the Company to share in the Company's profits and accumulate retirement savings. Effective January 1, 1999, the Company incorporated a 401(k) feature into its profit sharing plan as a further means for all eligible employees at all levels of the Company to accumulate retirement savings. Under the 401(k) aspect of the plan, eligible employees can elect to defer up to 50% of their respective compensation and have it contributed to the plan. The Company is obligated to match a portion of the deferral and can elect to make additional contributions over and above the mandatory match, based on the amount it deems appropriate in light of the results of the Company's operations for the respective year. During the fiscal year ended January 28, 2006, the Company's aggregate matching contributions, including both mandatory and additional matching contributions, were approximately \$1.8 million.

In 2002, the Company adopted a new stock purchase plan (replacing its 1993 stock purchase plan) to continue to provide all eligible employees at all levels an opportunity to become stockholders of the Company. This plan is viewed as an effective way to help align the interest of all employees with those of the Company's stockholders. As an inducement, eligible employees may purchase shares of stock in the Company during each exercise period at a 15% discount to the value of the stock. This plan was amended and restated in 2004 to address certain technical amendments.

Compensation for the Chief Executive Officer for the Fiscal Year Ended January 28, 2006

The general policies described above for the compensation of the executive officers also apply to the compensation approved by the Committee with respect to the compensation for Mr. Edmonds, who has served as the Company's Chief Executive Officer since September 3, 2003.

Under a new employment agreement that was effective September 2003 commensurate with his appointment to the position of Chief Executive Officer and that currently extends through March 1, 2007, Mr. Edmonds' annualized base salary was increased to \$1,000,000 for fiscal 2005. For the fiscal year ended January 28, 2006, Mr. Edmonds also was awarded an aggregate bonus of \$2,400,000, as a result of the Company having reached certain targeted performance incentive goals. The Compensation Committee awarded him 187,500 stock options in fiscal 2005 to recognize his leadership efforts and the Company's very strong financial performance. For fiscal 2005, in keeping with the Committee's change in philosophy relative to equity based compensation, the Committee also awarded him 21,000 shares of restricted stock, again in recognition of his continued leadership efforts and the Company's continued strong financial performance.

The compensation for Mr. Edmonds was based on industry comparisons as well as on the Company's performance over the most recent years, as reflected in the Company's Annual Report to Stockholders that accompanies this proxy statement. Under the leadership of Mr. Edmonds and the rest of the management team, total revenues for Chico's increased from approximately \$378 million in fiscal 2001 to approximately \$1.4 billion for the fiscal year ended January 28, 2006. Between fiscal 2001 and the fiscal year ended January 28, 2006, income before income taxes grew

from approximately \$68 million to approximately \$307 million, and net income grew from approximately \$42 million to approximately \$194 million.

Table of Contents

Compliance with Internal Revenue Code Section 162(m)

The Committee has reviewed the applicability of Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code), which disallows a tax deduction for certain compensation in excess of \$1 million in any one year paid by a public corporation to its chief executive officer or to any of its four other highest paid executive officers, unless certain specified and detailed criteria are satisfied. Nevertheless, the Committee has reserved the right to pay compensation to Company executives in amounts it deems appropriate regardless of whether such compensation is deductible for federal income tax purposes. The Committee believes providing the compensation it deems appropriate is more important to the Company than the potential loss of related compensation deductions.

During the fiscal year ended January 28, 2006, the compensation earned by each of the executive officers of the Company whose compensation is subject to Section 162(m) exceeded this threshold, although the extent of this excess was reduced because these executives elected to defer some of their respective earned compensation pursuant to and consistent with the Company's deferred compensation plan. In future years, depending of course on the Company's performance, the compensation earned by executive officers of the Company whose compensation is subject to Section 162(m) again can be expected to exceed this threshold. The Committee intends to periodically make a further review of the consequences of Section 162(m) and, depending upon the extent of applicability of this provision to the Company's compensation arrangements and the specific amounts involved, may elect to structure certain performance-based portions of its executive officer compensation in a manner so as to comply with exemptions provided for in Section 162(m).

Mr. Edmonds is also eligible for an annual bonus under the Company's Cash Bonus Incentive Plan, with a minimum target bonus, if earned, equal to 80% of his base salary and a maximum target bonus equal to 200% of his base salary and to be considered in the future for additional awards of stock options or other stock-based compensation of the Company. Under the terms of Mr. Edmonds' employment agreement, the Company contracted to employ Mr. Edmonds for a period which currently extends through March 1, 2007, and which period, by the terms of the agreement, is automatically extended for additional one year periods until the employment agreement is terminated by the Company or Mr. Edmonds with appropriate notice.

In addition, in the event of termination of Mr. Edmonds' employment by the Company without good cause, termination by him for good reason as described below, or notice of non-renewal given by the Company to Mr. Edmonds, Mr. Edmonds is entitled to receive (a) all then accrued compensation, (b) a lump sum equal to two times the sum of (i) his then current base salary and (ii) his then current target bonus, (c) a pro rata bonus for the year

Mr. Edmonds has the right to terminate the agreement for "good reason" in the event he is not elected or retained as a director of the Company or in the event the Company acts to reduce or diminish his titles, positions, duties or responsibilities, materially breaches the agreement, relocates its executive offices by more than 50 miles following a change in control of the company or a successor to the Company fails to expressly assume in writing the agreement.

Table of Contents

If Mr. Edmonds exercises his right to terminate his employment agreement other than for good reason or if the Company terminates his employment for cause, as defined in the agreement, the Company's only obligation is to pay any earned but unpaid salary and accrued benefits.

If any payments to or benefits under Mr. Edmonds' employment agreement would be subject to excise tax as excess parachute payment under federal income tax rules, he will receive a gross up payment to adjust for the incremental tax costs to Mr. Edmonds of such payments.

Mr. Edmonds' employment agreement also contains certain non-competition provisions that are limited to specialty retail in women's apparel and intimates, which continue for two years following termination of employment. 10b5-1 Trading Plans

We permit our officers and directors to adopt trading plans under Rule 10b5-1 promulgated under the Securities Exchange Act of 1934, which allows stockholders to establish prearranged written plans to buy or sell shares or exercise stock options in accordance with predetermined formulas. Rule 10b5-1 plans allow stockholders to buy or sell shares of the Company's common stock according to their plan on a regular basis (for example, weekly or monthly or in accordance with another predetermined formula), regardless of any subsequent nonpublic information they receive. As of April 28, 2006, none of the Company's stockholders, officers or directors were known by the Company to have adopted and have in effect a Rule 10b5-1 trading plan. However, directors and officers have effectuated and carried out such plans in the past and may adopt such plans in the future.

Stock Ownership Guidelines

The Company's Board of Directors adopted the Chico's FAS, Inc. Stock Ownership Guidelines on October 1, 2005 to align the interests of its directors and executives with the long-term interests of stockholders and to further promote

the Company's commitment to sound corporate governance.

Pursuant to the guidelines, the stock ownership for the Company's officers, and officers of its subsidiary operating companies, is determined as a multiple of the officer's base salary and is dependent on the ranking of the officer. The chief executive officer's guideline is set at three times annual base salary, each executive vice president's guideline is set at two times annual base salary, each senior vice president's guideline is set at one and one-half times annual base salary, and each vice president's guidelines is set at one times annual base salary.

The stock ownership guidelines for officers must be met within three years of the person becoming an officer or within three years of being promoted to a position requiring a higher ownership level, or by October 1, 2008, whichever date is later.

Non-officer directors are required to hold shares of the Company's common stock with a value equal to three times the amount of the annual retainer (including supplemental retainers for Board and Committee chairmanships

and lead director) paid to directors. The value of the shares is calculated using the annual retainer amount on the date the director is elected, or for directors who were serving at the time of the adoption of the guidelines, the annual retainer as of October 1, 2005.

Non-officer directors must meet the stock ownership guidelines within three years of being elected, or October 1, 2008, whichever is later.

The Company's Stock Ownership Guidelines, which are available under the Investors Relations portion of the Company's website (www.chicos.com), set forth which shares and share interests are counted towards satisfaction of the guidelines, the penalties for non-compliance, exceptions to the guidelines and reporting requirements.

STOCKHOLDER PROPOSALS FOR PRESENTATION AT THE 2007 ANNUAL MEETING

Pursuant to the General Rules under the Securities Exchange Act of 1934, proposals of stockholders intended to be presented at the 2007 Annual Meeting of Stockholders and in the proxy statement for that meeting must be received by management of the Company at its executive offices on or before December 30, 2006.

The Company's Amended and Restated Articles of Incorporation also require certain advance notice to the Company of any stockholder proposal and of any nominations by stockholders of persons to stand for election as directors at a stockholders' meeting. Notice of stockholder proposals and of director nominations must be timely given in writing to the Secretary of the Company prior to the meeting at which the directors are to be elected. To be timely, notice must be received at the principal executive offices of the Company not less than 60 days prior to the meeting of stockholders; provided, however, that in the event that less than 70 days' notice or prior to public disclosure of the date of the meeting is given or made to the stockholders, notice by the stockholder, in order to be timely, must be so delivered or received not later than the close of business on the tenth day following the day on which such notice of the date of the annual meeting was mailed or public disclosure of the date of the annual meeting was made, whichever first occurs.

A stockholder's notice with respect to a proposal to be brought before the annual meeting must set forth in addition to the matters required to be set forth by the General Rules under the Securities Exchange Act of 1934 the following: (a) a brief description of the proposal and the reasons for conducting such business at the annual meeting, (b) the name and address, as they appear on the Company's books, of the stockholder proposing such business and any other stockholders known by such stockholder to be supporting such proposal, (c) the class and number of shares of the Company which are beneficially owned by such stockholder on the date of such stockholder notice and by any other stockholders known by such stockholder to be supporting such proposal on the date of such stockholder notice, and (d) any financial interest of the stockholder in such proposal.
