Consolidated Financial Statements

8

AMERICAN COMMERCE SOLUTIONS, INC.
NOTES TO FINANCIAL STATEMENTS
(Unaudited)
August 31, 2001

NOTE 1: THE COMPANY

The Company was incorporated in Rhode Island in 1991 under the name Jaque Dubois, Inc. and was re-incorporated in Delaware in 1994. In July 1995, the Company's name was changed to JD American Workwear, Inc. In December 2000 the shareholders voted at the annual shareholders' meeting to change the name of the Company to American Commerce Solutions, Inc. The Company is primarily a holding company whose wholly-owned subsidiaries are engaged in the machining and fabrication of parts used in industry, parts sales and service for heavy construction equipment, and paving and concrete installation.

NOTE 2: GOING CONCERN

The Company has incurred substantial operating losses since inception. The Company recorded losses from operations of \$704,758 and \$406,402 for the six month periods ended August 31, 2001 and 2000, respectively. Current liabilities exceed current assets by \$1,257,353 and \$392,214 at August 31, 2001 and 2000. Additionally, the Company has been unable to meet obligations to its creditors as they have become due. The ability of the Company to continue as a going concern is dependent upon its ability to reverse negative operating trends, raise additional capital and obtain debt financing.

Management has revised its business strategy to include expansion into other lines of business through acquisition of other companies in exchange for the Company's stock. Management is currently negotiating new debt financing, the proceeds from which would be used to settle outstanding debts at more favorable terms, to finance operations and to complete additional business acquisitions.

However, there can be no assurance that the Company will be able to raise capital, obtain debt financing or improve operating results sufficiently to continue as a going concern. The accompanying financial statements do not include any adjustments relating to the recoverability and classification of recorded assets or the amounts and classification of liabilities that might be necessary if the Company is unable to continue as a going concern.

NOTE 3: BASIS OF PRESENTATION

The interim financial statements are prepared pursuant to the rules and regulations of the Securities and Exchange Commission. The interim financial information included herein is unaudited; however, such information reflects all adjustments (consisting solely of normal recurring adjustments) that are, in the opinion of management, necessary to a fair presentation of the Company's financial position, results of operations and cash flows for the interim periods. The accompanying financial statements do not contain all of the disclosures required by generally accepted accounting principles and should be read in conjunction with the financial statements and related notes included in the Company's Annual Report on Form 10-KSB for the fiscal year ended February 28, 2001. The results of operations for the interim periods shown in this report are not necessarily indicative of results to be expected for the fiscal year ending February 28, 2002.

AMERICAN COMMERCE SOLUTIONS, INC.
NOTES TO FINANCIAL STATEMENTS
(Unaudited)
August 31, 2001

NOTE 4: SEGMENT AND RELATED INFORMATION

The Company's reportable segments are manufacturing and construction management. The product marketing segment has been discontinued and its assets were sold June 1, 2001 for certain considerations and the return of 725,000 shares of the Company's common stock owned by the prior president of the Company.

MANUFACTURING offers the production, maintenance and repair of certain heavy industrial parts and equipment, and the repair and sale of parts and installation service. International Machine and Welding, Inc. began operations on June 1, 2000.

CONSTRUCTION MANAGEMENT offers installation and repair of concrete surfaces plus commercial and residential paving. This segment also has a license to sell used equipment and vehicles issued by the State of Rhode Island. International Paving is the operating subsidiary of Rhode and Truck and Equipment Corp. that is the operator in this segment.

The accounting policies of the reportable segments are the same as those described in Note 1 to the Company's financial statements and related notes contained in the Company's Annual report on Form 10-KSB. The Company evaluates the performance of its operating segments based upon income before taxes and non-recurring charges such as beneficial conversion features and extraordinary items.

Segment information for the six months ended August 31, 2001 and 2000 was as follows:

For six months ended August 31, 2001:

	MANUFACTURING	CONSTRUCTION MANAGEMENT
	-----	-----
Revenue	\$1,051,694	\$ 231,967
Income (loss) from operations	3,285	26,526
Depreciation and amortization	170,790	20,179
Total assets	6,578,091	337,399

For six months ended August 31, 2000:

	MANUFACTURING	CONSTRUCTION MANAGEMENT
	-----	-----
Revenue	\$ 543,581	\$ 147,378
Income (loss) from operations	103,991	1,796

Other assets	(67,850)	78,440
Total assets	\$ 6,847,640	\$ 7,601,447

NOTE 5: DISCONTINUED OPERATIONS

In May 2001, the Board of Directors determined to discontinue the operations of this subsidiary as of June 1, 2001. The operations were sold for the to the President of the Subsidiary in exchange for 725,000 shares of the Company's common valued at \$420,967. The fair value of the net assets sold was \$337,967. In addition, the Company issued stock options valued at \$47,000 and a note payable for \$36,000 to the President of the Subsidiary. In connection with the transaction, the Company assumed the lease on the Rhode Island facility and entered into a license agreement with the President of the Subsidiary.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

FORWARD LOOKING STATEMENTS

This report contains forward-looking statements within the meaning of section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. Actual results could differ materially from those projected in the forward-looking statements as a result of the risk factors set forth in this report, the Company's Annual Report on Form 10-KSB and other reports and documents that the Company files with the Securities and Exchange Commission.

Edgar Filing: AMERICAN COMMERCE SOLUTIONS - Form 10QSB

11

RESULTS OF OPERATIONS

With the sale of the assets of the JD American Workwear, Inc. subsidiary and the discontinuance of further operations the Company is radically different from previous reports. The significant losses and negative cash flow have ceased and the operations of the subsidiaries below are marginally profitable.

The operations housed at International Machine and Welding include an independent full service repair facility capable of repairing most heavy construction equipment, including rebuilding engines, transmissions, torque converters, undercarriage and tracks for crawler tractors. The Company has a fleet of field service trucks capable of doing most repairs in the field. Coupled with these operations is a direct to the consumer parts sales operation for heavy construction equipment.

Rhode Island Truck and Equipment Corp. has historically provided commercial truck, heavy equipment and supply sales in Rhode Island. In January 2001, the operations were expanded to include paving and concrete work that had been done individually by family members associated with the Company. The current expansion, in the Northeast of building trades, road construction and repair, and a booming economy that allows individuals to make repairs or improvements to their properties made this expansion feasible.

COMPARISON OF THE RESULTS OF OPERATIONS FOR THE THREE MONTHS ENDED AUGUST 31, 2001 AND 2000.

Net sales for the three months ended August 31, 2001 increased 14.4% to \$738,873 from \$645,662 for the three months ended August 31, 2000. The increase is directly attributable to the increase in the manufacturing segment's revenues of \$13,133 and the increase in revenue \$80,078 in the construction management segment. Cost of goods sold for the three months ended August 31, 2001 was \$469,132 compared to \$307,538 for the three months ended August 31, 2000. Gross margin for the three months ended August 31, 2001 was \$269,741 compared to \$338,124 for the three months ended August 31, 2000. The gross profit margin percentage decreased to 36.5% for the three months ending August 31, 2001 from a 52.3% gross profit margin percentage for the three months ended August 31, 2000. The decrease is due to the lower gross profit margins of the construction management sector due to increased asphalt costs for contracts completed in the quarter that were entered into the previous year and the increase in depreciation now included.

Operating expenses decreased to \$374,247 for the three months ended August 31, 2001 from \$382,976 for the three months ended August 31, 2000 as a result of the reduction in consulting fees.

The net loss for the three months ended August 31, 2001 was \$104,506 (\$.01) per common share compared to a net loss of \$266,644 (\$.09) per common share for the three months ended August 31, 2000. The change was related to reductions in consulting fees and other expenses that were partially offset by higher depreciation expenses and professional fees. Additionally, there was no current year requirement for accretion expenses.

COMPARISON OF THE RESULTS OF OPERATIONS FOR THE SIX MONTHS ENDED AUGUST 31, 2001 AND 2000.

Net sales for the six months ended August 31, 2001 increased 74.2% to \$1,283,661 from \$736,707 for the six months ended August 31, 2000. The increase is directly attributable to the inclusion of manufacturing and construction management division revenues of \$544,788 for the first fiscal quarter of 2001 and the increase in revenue during the second fiscal quarter of \$93,211 over the

Edgar Filing: AMERICAN COMMERCE SOLUTIONS - Form 10QSB

previous years second fiscal quarter ended August 31, 2000. Cost of goods sold for the six months ended August 31, 2001 was \$713,765 compared to \$353,382 for the six months ended August 31, 2000. Gross margin for the six months ended August 31, 2001 was \$569,896 compared to \$383,325 for the six months ended August 31, 2000. The gross profit margin decreased to 44.4% for the six months ending August 31, 2001 an decrease of 7.6% over the 52% gross profit margin for the six months ended August 31, 2000. The decrease in the gross profit margin is primarily due to the decrease in the gross profit margin of paving due to increased asphalt prices that could not be passed on to the customer and change in the product mix in the manufacturing sector.

12

Operating expenses increased to \$1,191,902 for the six months ended August 31, 2001 from \$724,078 for the six months ended August 31, 2000. The increase is due to the addition of parent company personnel adding \$120,000, professional fees that increased \$216,605 and depreciation that rose \$107,258 for the six months ended August 31, 2001 as compared to the six months ended August 31, 2000.

The net loss for the six months ended August 31, 2001 was \$749,972 (\$.07 per common share) compared to a net loss of \$649,977 (\$.22 per common share) for the six months ended August 31, 2000. The increase is directly attributable to increased interest; payroll and depreciation expense for the six months ended August 31, 2001 as compared to the six months ended August 31, 2000.

LIQUIDITY AND CAPITAL RESOURCES

Net cash provided by operating activities was \$73,916 for the six months ended August 31, 2001 compared to \$72,978 net cash used in operating activities for the six months ended August 31, 2000. Accounts receivable increased \$4,120 from February 28, 2001 to August 31, 2001 as a result of increased sales and diligent collection efforts. Inventory of continuing operating segments decreased \$31,120.

Cash flow from operations and short-term loans provided the working capital needs and principal payments on long-term debt through the six months ended August 31, 2001. However, the Company requires additional financing to provide for working capital needs and principal payments on long-term debt during the year ending February 28, 2002 and to meet its business strategy of achieving significant expansion in revenue for all divisions and to expand through strategic acquisitions and alliances. The Company has been actively seeking additional debt and/or equity financing; however, there can be no assurance that financing will be available to the Company on acceptable terms, if at all.

Through August 31, 2001, the Company has experienced substantial losses, and at August 31, 2001 had an accumulated deficit of \$10,759,994. The Company has not been able to pay all of its obligations as they have become due, and expects to incur much smaller additional losses before it achieves profitable operations. The receipt of funding from any current commitments will allow the Company to continue its restructuring plan.

RESULTS OF OPERATIONS - MANUFACTURING

Manufacturing revenues were \$508,460 from machining operations, \$381,794 from parts sales operations, and \$161,440 from heavy equipment service and rental operations for the six months ended August 31, 2001 as compared to \$173,217 from machining operations, \$261,152 from the parts sales operation, and \$109,212 from the heavy equipment service operations for the six months ended August 31, 2000. Cost of goods sold were \$605,643 for the six months ended August 31, 2001 as compared to \$248,808 from the division for the six months ended August 31, 2000. General and administrative expenses were \$442,766 for the

Edgar Filing: AMERICAN COMMERCE SOLUTIONS - Form 10QSB

six months ended August 31, 2001 as compared to \$150,729 for the six months ended August 31, 2000. The increase in all categories relates to an additional three months of operations that were not included in the comparative period ended August 31, 2000.

RESULTS OF OPERATIONS - CONSTRUCTION MANAGEMENT

Construction management revenue increased by 57.4%, or \$84,910 to \$231,967 for the six months ended August 31, 2001 from \$147,378 due to increased municipal paving contracts. Cost of goods sold increased by 68.3%, or \$43,874 to \$108,122 for the six months ended August 31, 2001 due to the increased sales and the additional cost increases in asphalt. General and administrative expenses increased \$17,436 to \$97,319 for the six months ended August 31, 2001.
