PROXY STATEMENT
FOR THE
2007 ANNUAL MEETING OF SHAREHOLDERS
May 16, 2007
GENERAL INFORMATION

GENERAL

Slade's Ferry Bancorp. is a Massachusetts corporation that is registered as a bank holding company and owns all of the capital stock of Slade's Ferry Trust Company. The term "annual meeting," as used in this Proxy Statement, includes any adjournment or postponement of such meeting. As used in this Proxy Statement, the term "Company" means Slade's Ferry Bancorp. and the term "Bank"

Edgar Filing: SLADES FERRY BANCORP - Form DEF 14A

means Slade's Ferry Trust Company.

We have sent you this Proxy Statement and enclosed proxy card because the Board of Directors is soliciting your proxy to vote at the annual meeting. This Proxy Statement summarizes the information you will need to know to cast an informed vote at the annual meeting. You do not need to attend the annual meeting to vote your shares. You may simply complete, sign and return the enclosed proxy card and your votes will be cast for you at the annual meeting. This process is described in the section below entitled "Voting Rights."

We began mailing this Proxy Statement, the Notice of Annual Meeting and the enclosed proxy card on or about April 10, 2007 to all shareholders entitled to vote. If you owned common stock of Slade's Ferry Bancorp. at the close of business on March 16, 2007, the record date, you are entitled to vote at the annual meeting. On the record date, there were 4,050,291 shares of common stock outstanding.

QUORUM

A quorum of shareholders is necessary to hold a valid meeting. If the holders of at least a majority of the total number of the outstanding shares of common stock entitled to vote are represented in person or by proxy at the annual meeting, a quorum will exist. We will include proxies marked as abstentions and broker non-votes to determine the number of shares present at the annual meeting.

VOTING RIGHTS

You are entitled to one vote at the annual meeting for each share of the common stock of Slade's Ferry Bancorp. that you owned as of the close of business on March 16, 2007, the record date. The number of shares you own (and may vote) is listed at the top of the back of the proxy card.

You may vote your shares at the annual meeting in person or by proxy. To vote in person, you must attend the annual meeting and obtain and submit a ballot, which we will provide to you at the annual meeting. To vote by proxy, you must complete, sign and return the enclosed proxy card. If you properly complete your proxy card and send it to us in time to vote, your "proxy" (one of the individuals named on your proxy card) will vote your shares as you have directed. If you sign the proxy card but do not make

3

specific choices, your proxy will vote your shares "FOR" the election of each of the nominees named on the proxy card as directors.

If any other matter is properly presented at the annual meeting, your proxy will vote the shares represented by all properly executed proxies on such matters as a majority of the Board of Directors determines. As of the date of this Proxy Statement, we know of no other matters that may be presented at the annual meeting, other than the proposal listed in the Notice of Annual Meeting.

VOTE REQUIRED

Proposal 1: Election of Five Class Three Directors

The nominees for director who receive the most votes will be elected. So, if you do not vote for a nominee, or you indicate "withhold authority" for any nominee on your proxy card, your vote will not count "for" or "against" the nominee. You may not vote your shares cumulatively for the election of director

Edgar Filing: SLADES FERRY BANCORP - Form DEF 14A

nominees.

EFFECT OF BROKER NON-VOTES

If your broker holds shares that you own in "street name," the broker may vote your shares on the proposal listed above even if the broker does not receive instructions from you. If your broker does not vote on a proposal, this will constitute a "broker non-vote." Here is the effect of a "broker non-vote:

- o Proposal 1: Election of Five Class Three Directors. A broker non-vote would have no effect on the outcome of this proposal because only a plurality of votes cast is required to elect a director.

REVOKING YOUR PROXY

You may revoke your proxy at any time before it is voted by:

- o filing a written revocation of the proxy with our Clerk/Secretary;
- o submitting a signed proxy card bearing a later date; or
- o attending and voting in person at the annual meeting, but you also must file a written revocation with the Clerk/Secretary of the annual meeting prior to the voting.

If your shares are not registered in your own name, you will need appropriate documentation from your shareholder of record to vote personally at the annual meeting. Examples of such documentation include a broker's statement, letter or other document that will confirm your ownership of shares of Slade's Ferry Bancorp.

SOLICITATION OF PROXIES

The expenses of this solicitation, including the costs of preparing and mailing this Proxy Statement and accompanying materials, will be borne by Slade's Ferry Bancorp. Regular employees of Slade's Ferry Bancorp. or Slade's Ferry Trust Company may solicit proxies in person, by mail, or by telephone, but no employee will receive any compensation for solicitation activities in addition to his or her regular compensation. In addition, we have engaged Georgeson Inc., a proxy soliciting firm, to solicit proxies on our behalf for a fee of \$5,000 plus reasonable out-of-pocket expenses. Expenses may include

4

the charges and expenses of brokerage houses, nominees, custodians, and fiduciaries for forwarding proxies and proxy materials to beneficial owners of shares.

OBTAINING AN ANNUAL REPORT ON FORM 10-K

If you would like an additional copy of our Annual Report on Form 10-K, including our audited financial statements for the fiscal year ended December 31, 2006, we will send you one (without exhibits) free of charge. Please write to Deborah A. McLaughlin, Executive Vice President, Chief Financial Officer, Chief Operations Officer and Treasurer, Slade's Ferry Bancorp., 100 Slades Ferry Avenue, Somerset, Massachusetts 02726.

PROPOSAL ONE

ELECTION OF CLASS THREE DIRECTORS

Our bylaws provide that the Board of Directors must consist of at least seven but not more than twenty-five members. The Board of Directors is divided into three approximately equal classes which serve staggered three-year terms such that only one class (approximately one-third of the directors) is elected each year. At the 2007 annual meeting, shareholders are being asked to elect the following Class Three directors:

Nominees -----	Term to Expire -----
Paul C. Downey	2010
Mary Lynn D. Lenz	2010
Majed Mouded, MD	2010
William J. Piccerelli, CPA, CVA	2010
David F. Westgate	2010

Each of the nominees is currently serving on Slade's Ferry Bancorp.'s Board of Directors. If you elect the nominees above, they will hold office until the annual meeting in 2010 or until their successors have been elected or qualified. Each of the nominees has consented to being named in this Proxy Statement and to serve if elected. If any of the nominees is unable to serve, your proxy may vote for another nominee proposed by the Board of Directors. If

Edgar Filing: SLADES FERRY BANCORP - Form DEF 14A

for any reason any nominee proves unable or unwilling to stand for election, the Board of Directors will nominate alternates or reduce the size of the Board of Directors to eliminate the vacancy. The Board of Directors has no reason to believe that any of its nominees would prove unable to serve if elected.

=====

The Board of Directors unanimously recommends a vote "FOR" all of the nominees for election as directors.

The Company provided Shatswell with a copy of the foregoing disclosure and

Edgar Filing: SLADES FERRY BANCORP - Form DEF 14A

requested that Shatswell furnish the Company with a letter addressed to the SEC stating whether it agrees with these statements. Compensation Discussion and Analysis

The Compensation Committee provides advice and recommendations to the Board of Directors in the areas of employee salaries and benefit programs. The committee reviews the compensation and benefits programs for all executive officers on an annual basis. Compensation of the President and Chief Executive Officer, Mary Lynn D. Lenz, and other executive officers for the fiscal year 2006 was determined by the Board of Directors. Ms. Lenz did not participate in the committee's decisions regarding her own compensation review and recommendation in 2006 or in prior years.

Our compensation program for executive officers consists of: base salary, annual bonuses, long-term incentive awards and supplemental executive retirement plans. These elements are intended to provide an overall compensation package that is commensurate with our financial resources, that is appropriate to assure the retention of experienced management personnel, and that aligns their financial interests with those of the Company's shareholders.

Under our structured compensation system, each position has been scored using a point factor analysis system. Jobs with similar point totals, indicating similar levels of responsibility and authority, have been grouped together. Salary ranges have been assigned to these job groupings. Officers' evaluations are based on performance to established standards, the standards having been written into each job description. This measurement to standards then dictates the level of merit increase proposed for each officer within guidelines set forth annually.

Relation to Business Strategy

The Compensation Committee strives to provide a compensation program that assures both the motivation and retention of the executive officers, proper alignment with the financial interests of our shareholders, and competitiveness with the external marketplace. To this end, the Compensation Committee reviewed the compensation practices of a peer group of companies with similar size and business mix to us in order to develop recommendations for executive officers.

In order to ensure competitive compensation levels, the adequacy of the salary ranges and each officer's current compensation level is tested annually through the use of competitive market data. We currently use a Banking Compensation Report, produced by an independent consulting company, Pearl Meyer & Partners. In 2006, the data collected was from three sources: Wyatt Financial Services Survey, Clark Banking Survey, and a proxy peer group consisting of 35 publicly traded banks with assets from \$300M to \$1.0B in New York, Massachusetts, Connecticut, Maine, and New Hampshire.

Each officer position is reviewed annually and compared against competitive market data. This information is analyzed by the Compensation Committee whereby each officer's performance and merit increase recommendations are presented.

The Compensation Committee reviews the performance of the President and Chief Executive Officer. This review is qualitative in nature and takes into consideration such factors as overall performance, improvement in shareholder value, preservation and constant enhancement of the corporate image, including our leadership and involvement in the community, efficient use of financial and human resources, and our overall financial performance.

Elements of the Compensation Program

Each individual element of the compensation program echoes the overall expectations of the compensation program as it relates to our business strategy. Our compensation program aims to attract and retain the most qualified professionals, while motivating current employees to excel. Base Salaries

As noted above, salary levels recommended by the Compensation Committee are intended to be competitive with salary levels of the companies in the our peer groups, commensurate with the executive officers' respective duties and responsibilities, and reflect our financial performance. The President and Chief Executive Officer's salary is tested against the market data noted above. The purpose of this compensation element is to provide a fair and competitive base salary to assure retention of experienced personnel.

Bonuses

Bonuses are predicated on the achievement of the current year's budgeted earnings as established independently by the Compensation Committee. The bonus is applied if the target earnings level is obtained and adjusted incrementally if the earnings fall below target. The target excludes extraordinary income and expense items and gains or losses recognized on the sale of securities. The purpose of this compensation element is to provide a motivational force for personnel.

Stock Options

The Compensation Committee also awards stock options to officers as provided under the discretionary grant program of the Slade's Ferry Bancorp. 2004 Equity Incentive Plan. In making any determinations as to persons to whom options are granted and the number of stock options granted, the Compensation Committee takes into account the duties of the respective individual, their contribution to our success during the year, and such other factors as the Compensation Committee deems relevant. The purpose of this compensation element is two-fold: it seeks to both retain and motivate employees.

Employment Agreements

The Company has entered into employment agreements with Ms. Lenz, Mr. Tavares, and Ms. McLaughlin in order to secure the services of each named executive officer in their respective positions, to safeguard against recruitment of the named executive officers by competitors, and to generally provide stability during solicited or unsolicited merger or takeover negotiations. The employment agreement with Ms. Lenz has a fixed term of three (3) years, while the employment agreements with Mr. Tavares and Ms. McLaughlin are for a fixed term of two (2) years. These agreements may be renewed annually after a review of the executive's performance. These agreements currently provide for minimum annual salaries of \$315,000, \$138,383, and \$175,000, respectively, discretionary cash bonuses, and participation on generally applicable terms and conditions in other compensation and fringe benefit plans. They are also guarantee customary corporate indemnification and errors and omissions insurance coverage throughout the employment term and for as long as the executives are subject to suit for the performance of services thereafter. The employment agreements provide for customary non-competition, confidentiality and non-solicitation provisions during the period of employment and continuing for a period of two years thereafter.

The Company may terminate each executive's employment, and each executive may resign, at any time with or without cause. However, in the event of

Edgar Filing: SLADES FERRY BANCORP - Form DEF 14A

termination during the term without cause, the Company will owe the executive severance benefits generally equal to the value of the cash

20

compensation, value of employer contributions to employer-provided benefit plans and fringe benefits that the executive would have received if he or she had continued working for the remaining unexpired term of the agreement. In addition, the severance benefits of Ms. Lenz and Mr. Tavares would provide for full vesting in the SERPs in place with such executives provides for transfer to Ms. Lenz of her employer-provided vehicle at no cost and provides Mr. Tavares with the right to purchase his employer-provided vehicle at fair market value. The same severance benefits would be payable if the executive resigns during the term following: a loss of title, office or membership on the board of directors; material reduction in duties, functions or responsibilities; involuntary relocation of the executive's principal place of employment to a location over 50 miles in distance from the Bank's principal office or other material breach of contract which is not cured within 30 days.

For 90 days after a change in control, each executive may resign for any reason and collect severance benefits as if he or she has been discharged without cause. If the Company or the Bank experiences a change in ownership, a change in effective ownership or control or a change in the ownership of a substantial portion of their assets as contemplated by section 280G of the Internal Revenue Code ("Code"), a portion of any severance payments under the employment agreements might constitute an "excess parachute payment" under current federal tax laws. Federal tax laws impose a 20% excise tax, payable by the executive, on excess parachute payments.

Under the employment agreement with Ms. Lenz, the Company would reimburse the executive for the amount of this excise tax and would make an additional gross-up payment so that, after payment of the excise tax and all income and excise taxes imposed on the reimbursement and gross-up payments, the executive will retain approximately the same net-after tax amounts under the employment agreement that she would have retained if there were no 20% excise tax. The effect of this provision is that the Company, rather than the executive, bears the financial cost of the excise tax. Neither the Company nor the Bank could claim a federal income tax deduction for an excess parachute payment, excise tax reimbursement payment or gross-up payment. Under the employment agreements with Mr. Tavares and Ms. McLaughlin, the amounts payable under their respective employment agreements shall be reduced to result in no portion of the amounts payable under the employment agreements being non-deductible to the Bank or Company (or any successor thereto) by reason of Section 280G of the Code.

Supplemental Executive Retirement Plans

In 1996, Slade's Ferry Trust Company entered into a Supplemental Executive Retirement Agreement (SERP) with Mr. Tavares, which provides a payment to Mr. Tavares of \$1,500 per month for 120 months upon his retirement. Slade's Ferry Bancorp. entered into a SERP with Ms. Lenz in 2003, substantially similar to the agreement with Mr. Tavares which provides a payment to Ms. Lenz of \$3,000 per month for 120 months upon her retirement and further provides for the provision of life time medical insurance for Ms. Lenz and her spouse. The SERPs also contain certain non-competition restrictions applicable to the executives.

Reasons for Compensation Decisions

Chief Executive Officer's Compensation

The Chief Executive Officer's compensation in 2006 reflected the overall performance of Ms. Lenz during 2006, and is supported by the expansion of our

Edgar Filing: SLADES FERRY BANCORP - Form DEF 14A

customer base, earnings per share attainment, and the overall quality and growth of our assets. Based on the foregoing criteria, Ms. Lenz received a salary adjustment on January 1, 2006. This adjustment brought her base salary to \$315,000. Ms. Lenz was also awarded a bonus of \$49,140 which was paid in February of 2007 for services rendered during the

21

calendar year 2006. In addition, a specialized market study of peer institution proxies and salary surveys completed during 2006 revealed the competitiveness of Ms. Lenz's compensation.

Executive Vice President's Compensation

The Executive Vice President's compensation in 2006 reflected the overall performance of Ms. McLaughlin during 2006, and is supported by our growth and success during this period. On April 1, 2006, Ms. McLaughlin received a salary adjustment to \$150,400 based on her performance. During 2006, a market study was completed to assure the competitiveness of Ms. McLaughlin's compensation. This study, comprised of information from peer institutions with similar asset size, as well as salary surveys, revealed that Ms. McLaughlin's compensation was below the industry average. Based on this information, Ms. McLaughlin's salary was adjusted to \$175,000 effective October 1, 2006. Ms. McLaughlin was also awarded a bonus of \$52,500 which was paid in February of 2007 for services rendered during the calendar year 2006.

Senior Vice President's Compensation

The Senior Vice President's compensation during 2006 reflected Mr. Tavares' overall performance during 2006, and is supported by the overall growth and quality of our assets. On April 1, 2006, Mr. Tavares received a salary adjustment to \$134,980 based on his performance. On September 30, 2006, Mr. Tavares' salary was adjusted to \$84,363 due to a decrease in scheduled hours, from 40 hours per week to 25 hours per week. Mr. Tavares was also awarded a bonus of \$36,990 which was paid in February of 2007 for services rendered during the calendar year 2006.

Compensation Decision-Making Policies and Procedures.

Decision-Making and Policy-Making. As a NASDAQ Stock Market listed company, we must observe governance standards that require executive officer compensation decisions to be made or recommended to the Board of Directors by the independent director members of our board or by a committee of independent directors. Consistent with these requirements, our Board of Directors has established a Compensation Committee all of whose members are independent directors.

Edgar Filing: SLADES FERRY BANCORP - Form DEF 14A

The Compensation Committee has been delegated authority from our board to oversee executive compensation by approving salary increases and by reviewing general personnel matters such as staff performance evaluations. The Compensation Committee has established a compensation program that consists of three components: (1) base salary; (2) bonus; (3) long-term incentives (e.g., stock options, restricted stock, deferred compensation, and fringe benefits); and (4) supplemental executive retirement plans.

During the 2006 fiscal year, the Compensation Committee met 15 times to discuss matters consistent with its duties. It considers the expectations of the Chief Executive Officer with respect to her own compensation and her recommendations with respect to the compensation of more junior executive officers, as well as empirical data and the recommendations of advisors. The Compensation Committee does not delegate its duties to others.

Use of Outside Advisors and Survey Data. The Compensation Committee uses its own criteria coupled with peer group comparisons of similar size and business mix as well as with a Banking Compensation Report produced by an independent consulting company, Pearl Meyer & Partners, to establish the Chief Executive Officer and the Chief Financial Officer's base salary.

Compensation Committee Interlocks and Insider Participation

During 2006 there were no interlocking relationships between members of the Compensation Committee or executive officers of Slade's Ferry Bancorp. and corporations with respect to which such persons are affiliated.

Restricted stock awards may also be granted and entitle the recipient to acquire, at such purchase price as determined by the Company, shares of stock subject to such restrictions and conditions as the Company may determine at time of grant. The Company makes matching contributions equal to 3 percent of the first 6 percent of an employee's compensation contributed to the Plan. Matching contributions vest to the employee after a one-year period.

Employees who attain age 21 and complete one year of service (1,000 hours) are also eligible to receive profit sharing contributions under the 401(k) Plan. The Company contributes amounts at the Company's discretion.

Post-Employment Compensation

Pension Benefits

Defined Benefit Pension Plan. Prior to 1998, the Company maintained a defined benefit pension plan which provided retirement benefits to each established officer and employee. An employee must have been age 21 and have

served with the Company one (1) full year of service to have been eligible. The annual benefits formula for normal retirement age of 65 provided for 1.5% of total salary plus 0.5% of compensation in excess of \$9,000 per year of service to a maximum of 35 years.

Annual compensation for benefits is capped at \$160,000, per Internal Revenue Code Section 401(a)(17), and is computed using a consecutive three year average. Benefits shown are payable as a life annuity at age 65 and will not be subject to reductions because of social security benefits. Benefit accruals and Plan participation were frozen by amendment effective December 31, 1997. As of January 1, 1998,

Manuel J. Tavares had 11 years of credited service attributable to his benefits under the defined contribution plan reflected in the Summary Compensation Table.

As of December 31, 1997, the Company elected to curtail the employees' defined benefit pension plan. This decision was based on the costs associated with the defined benefit plan, and the complexities of the marketability of the Plan to its employees. The Company in turn has established a profit sharing type retirement plan effective January 1, 1998, which provides the employee with full investment direction of the funds allocated to his or her account. The contribution by the Company to the new profit sharing plan is an amount to be fixed each year by the Board of Directors. In 2004, a large contribution was made to the defined benefit plan so that it is now in a favorable funding position. Upon plan termination, participants will be given the choice of a deferred annuity payable at their retirement date or a lump sum payment in lieu of that annuity. Any lump sum payment made in connection with the termination of the defined benefit plan can be rolled over into the profit sharing plan if the participant so elects.

The following table sets forth information regarding pension benefits accrued by the named executive officers during the last fiscal year.

The figure is calculated on the basis of the assumptions used by The Company in measuring its liability for retiree benefits other than pensions for financial statement purposes under FAS 106.

- (6) The employment agreements in effect for Ms. Lenz provides that the company will indemnify her on a net after-tax basis, against the effects of a 20% federal excise tax that is applied to payments that are contingent on a change in control, where the aggregate value of such payments exceeds 3 times the individual's average 5-year W-2 earnings for the period of five consecutive calendar years ending prior to the date of the change in control. The figure shown reflects an estimate of the indemnification payment that would be due.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's directors and executive officers, and persons who own more than 10% of the Company's common stock, to report to the Securities and Exchange Commission their initial ownership of the Company's common stock and any subsequent changes in that ownership. Specific due dates for these reports have been established by the Securities and Exchange Commission and the Company is required to disclose in this Proxy Statement any late filings or failures to file.

Based solely on its review of the copies of such reports furnished to the Company and written representations that no other reports were required during the fiscal year ended December 31, 2006, all Section 16(a) filing requirements applicable to the executive officers and directors during fiscal 2006 were met, with the exception of the following: Form 4 filings for directors Scott Costa, Jean MacCormack, Joan Parkos Moran, and Carl Ribeiro reflecting shares of stock options granted under the 2004 Plan on May 17, 2006 were filed late on May 24, 2006.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Slade's Ferry Trust Company makes loans to its directors and executive officers in the ordinary course of business. At December 31, 2006, loans and open lines of credit to executive officers, directors and their associates totaled \$11,288,000. These loans were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons and did not involve more than the normal risk of collectability or present other unfavorable features. None of these loans have been disclosed as nonaccrual, past due, restructured or potential problems.

It is the written policy of the Board of Directors that a majority of the disinterested members of the entire Board of Directors must approve in advance any and all extensions of credit to any executive officer, director, or principle shareholder and their related interests regardless of the amount of the loan. The interested party may not participate either directly or indirectly in the voting on such an extension of credit.

In addition, if an officer or director has an interest in a matter or transaction before the Board of Directors, such individual must disclose to the Board of Directors all material non-privileged information relevant to the Board of Directors' decision on the matter or transaction, including: (1) the existence, nature and extent of their interest; and (2) the facts known to the individual as to the matter or transaction under consideration. The individual must also refrain from participating in the discussion of the matter or transaction and may not vote on the matter or transaction.
