PROXY STATEMENT

This proxy statement and the enclosed proxy are being furnished to shareholders of Commerce Bancorp, Inc. (“Bancorp”) in conjunction with the solicitation of proxies by the Board of Directors of Bancorp (the “Board”) for use at Bancorp’s 2007 Annual Meeting of Shareholders to be held on Tuesday, May 15, 2007, at 5:30 P.M., local time, at Commerce University, 4140 Church Road, Mt. Laurel, New Jersey (the “Annual Meeting”), and at any adjournment or postponement of the Annual Meeting. The approximate date upon which this proxy statement and the accompanying form of proxy are being first sent or given to Bancorp’s shareholders is April 12, 2007.

What is the purpose of the Annual Meeting?

At the Annual Meeting, Bancorp shareholders will act on the matters outlined in the Notice of Annual Meeting, including the election of thirteen (13) directors; and any other matters that may properly come before the Annual Meeting or any adjournment or postponement of the Annual Meeting.

Who pays expenses related to the proxy solicitation?

The expenses of the proxy solicitation will be borne by Bancorp. In addition to solicitation by mail, proxies may be solicited in person or by telephone by directors, officers or employees of Bancorp and its subsidiaries without additional compensation. Bancorp may engage the services of a proxy-soliciting firm. Bancorp is required to pay the reasonable expenses incurred by recordholders of Bancorp common stock, par value \$1.00 per share (“Common Stock”), who are brokers, dealers, banks or voting trustees, or their nominees, for mailing proxy material and annual shareholder reports to the beneficial owners of Common Stock they hold of record, upon request of such recordholders.

Who is entitled to vote?

The Board has fixed the close of business on April 2, 2007 (the “Record Date”), as the date for determining holders of record of Bancorp Common Stock entitled to receive notice of, and to vote at, the Annual Meeting. On the Record Date, there were 190,943,102 shares of Common Stock outstanding.

What are the voting rights?

Each recordholder of Common Stock is entitled to cast one vote for each share held on the Record Date. Pursuant to the New Jersey Business Corporation Act (the “NJBCA”), the election of directors will be determined by a plurality vote and the thirteen (13) nominees receiving the most “FOR” votes will be elected. Approval of any other proposal will require the affirmative vote of a majority of the votes cast on the proposal.

What constitutes a quorum?

The holders of a majority of the aggregate outstanding shares of Common Stock, present either in person or by proxy, will constitute a quorum for the transaction of business at the Annual Meeting and at any postponement or adjournment of the Annual Meeting. Pursuant to the NJBCA, abstentions and broker non-votes (described below) will be counted for the purpose of determining whether a quorum is present.

What is the effect of abstentions and broker non-votes?

Under the NJBCA, abstentions, or a withholding of authority, or broker non-votes, are not counted as votes cast and, therefore, will have no effect on any proposal at the Annual Meeting. Brokers who hold shares for the accounts of their clients may vote such shares either as directed by their clients or in their own discretion if permitted by the applicable stock exchange or other organization of which they are members. Members of the New York Stock Exchange ("NYSE") are permitted to vote their clients' shares in their own discretion as to the election of directors and certain other "routine" matters if the clients have not timely furnished voting instructions prior to the Annual Meeting. When a broker votes a client's shares on some but not all of the proposals at a meeting, the omitted votes are referred to as "broker non-votes."

How do I vote my shares?

If you are a registered shareholder (that is, if your stock is registered in your name), you may attend the Annual Meeting and vote in person, or vote by proxy. You may vote by proxy by telephone, electronically through the Internet, or by mail by following the instructions included with your proxy card. The deadline for registered shareholders to vote telephonically or electronically through the Internet is 3 A.M., eastern daylight time, on May 15, 2007.

Bancorp encourages you to take advantage of these ways to vote your shares for matters to be covered at the Annual Meeting. Set forth below is a summary of the three voting methods which registered shareholders may utilize to submit their votes by proxy.

Vote by telephone - use any touch-tone telephone to vote your proxy 24 hours a day, 7 days a week. Have your proxy card in hand when you call. You will be prompted to enter your control number(s), which are located on your proxy card and then follow the directions given.

Vote electronically through the Internet - use the Internet to vote your proxy 24 hours a day, 7 days a week. Have your proxy card in hand when you access the web site. You will be prompted to enter your control number(s), which are located on your proxy card to create and submit an electronic ballot.

Vote by mail - mark, sign and date your proxy card and return such card in the postage-paid envelope Bancorp has provided you.

If you vote by telephone or electronically through the Internet, you do not need to return your proxy card.

Please note that although there is no charge to you for voting by telephone or electronically through the Internet, there may be costs associated with electronic access such as usage charges for Internet service providers and telephone companies. Bancorp does not cover these costs; they are solely your responsibility. The telephone and Internet voting procedures being made available to you are valid forms of granting proxies under the NJBCA.

If you hold your shares through a broker, bank, or other nominee (that is, if your stock is held in “street name”), please check your proxy card or contact your broker, bank or nominee to determine whether you will be able to vote by telephone or electronically through the Internet.

What if I do not specify how I want my shares voted?

If you submit a signed proxy card or submit your proxy by telephone or electronically through the Internet but do not indicate how you want your shares voted, the persons named in the enclosed proxy will vote your shares of Common Stock:

- “for” the election of all nominees for director; and
- with respect to any other matter that properly comes before the Annual Meeting, the proxy holders will vote the proxies in their discretion in accordance with their best judgement and in the manner they believe to be in the best interest of Bancorp.

Can I change my vote after submitting my proxy?

Yes. You can change your vote at any time before your proxy is voted at the Annual Meeting. If you are a shareholder of record, you may revoke your proxy by:

- submitting a later-dated proxy by telephone, Internet or mail; or
- attending the Annual Meeting and voting in person. Your attendance alone will not revoke your proxy. You must also vote in person at the Annual Meeting.

If you hold your shares in street name, you must contact your broker, bank or other nominee regarding how to change your vote.

Can shareholders speak or ask questions at the Annual Meeting?

Yes. Bancorp encourages shareholders to ask questions or to voice their views. Bancorp also wishes to assure order and efficiency for all attending shareholders. Accordingly, the Chairman of the Annual Meeting will have sole authority to make any determinations on the conduct of the Annual Meeting, including time allotted for each shareholder inquiry or similar rules to maintain order. Such determination by the Chairman of the Annual Meeting will be final, conclusive and binding. Anyone who is disruptive or refuses to comply with such rules of order will be excused from the Annual Meeting.

ELECTION OF DIRECTORS

Bancorp's bylaws provide that Bancorp's business shall be managed by a Board of not less than five but not more than twenty-five directors and that within these limits the number of directors shall be as established by resolution of a majority of the full Board. The Board, by resolution, has set at thirteen (13) the number of persons to be elected to the Board at the Annual Meeting.

Pursuant to the NJBCA, the election of directors will be determined by a plurality vote and the thirteen (13) nominees receiving the most "FOR" votes will be elected. Shares may be voted "FOR" or withheld from each nominee. Abstentions and broker non-votes will have no effect on the outcome of the election because directors will be elected by a plurality of the shares voted for nominees for directors.

The Board unanimously recommends that shareholders vote "FOR" each nominee named herein.

Upon the recommendation of the Nominating and Governance Committee, the Board has designated thirteen (13) persons listed below to be nominees for election as directors. Twelve of the thirteen nominees are currently members of the Board, and each of the nominees has consented to serve if elected. Bancorp has no reason to believe that any of the nominees will be unavailable for election; however, if any nominee becomes unavailable for any reason, the Board may designate a substitute nominee, or the number of directors to be elected at the Annual Meeting will be reduced accordingly. Unless directed otherwise, the persons named on the enclosed proxy intend to vote such proxy "FOR" the election of the listed nominees or, in the event of the inability of any of the nominees to serve for any reason, for the election of such other person as the Board may designate to fill the vacancy. Directors of Bancorp hold office for one year and until their respective successors have been duly elected and qualified or until the director's earlier resignation or removal.

Independence

As permitted by the NYSE rules, to assist the Board in evaluating the independence of each of its directors, the Board has adopted categorical standards of independence. Applying these standards and the applicable NYSE rules, the Board has determined that the following directors, constituting a majority of the members of the Board, are independent: Jack R Bershad, Donald T. DiFrancesco, Morton N. Kerr, John K. Lloyd, Daniel J. Ragone, William A. Schwartz, Jr., Joseph T. Tarquini, Jr. and Joseph S. Vassalluzzo. In addition, the Board has determined that Nicholas A. Giordano, a nominee for director, would qualify as independent under applicable NYSE rules and Bancorp's categorical standards of independence. The categorical standards adopted and applied by the Board consist of the following business or charitable relationships which the Board has determined are not material relationships that would impair a director's independence:

- Lending relationships, deposit relationships or other financial service relationships (such as depository, transfer, registrar, indenture trustee, trusts and estates, insurance and related products, private banking, investment management, custodial, securities brokerage, cash management and similar services) between Bancorp or its subsidiaries, on the one hand, and (i) the director; and/or (ii) any immediate family member of the director who resides in the same home as the director; and/or (iii) any profit or non-profit entity with which the director is affiliated by reason of being a director, officer, employee, trustee, partner and/or an owner thereof, on the other, provided that (A) such relationships are in the ordinary course of business of Bancorp or its subsidiaries and are on substantially the same terms as those prevailing at the time for comparable transactions with non-affiliated persons; and in addition, (B) with respect to any extension of credit by a subsidiary of Bancorp to any borrower described in clauses (i) - (iii) above, such extension of credit has been made in compliance with applicable law, including Regulation O of the Board of Governors of the Federal Reserve System and Section 13(k) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and no extension of credit is on a non-accrual basis.
- The fact that (i) the director is a director, officer, employee, trustee, partner and/or an owner thereof in, any profit or non-profit entity, (ii) the director is of counsel to a law firm, or (iii) an immediate family member is a director, officer, employee, trustee, partner and/or an owner of any entity, that makes payments to, or receives payments from, Bancorp or its subsidiaries for property or services in an amount which, in any fiscal year, is less than the greater of \$1 million or two percent of such other entity's consolidated gross revenues, and such property or services were provided or received in the ordinary course of business of each of the parties.

- The fact that the director, or an immediate family member of the director who resides in the same home as the director, is a director, officer, employee or trustee of a non-profit organization, foundation or university to which Bancorp or its subsidiaries makes discretionary contributions provided such contributions in any fiscal year, excluding Bancorp or its subsidiaries matching funds, are less than the greater of \$1 million or two percent of the entity's consolidated gross revenues for the most recently ended fiscal year for which total revenue information is available.
- Any contract or other arrangement for personal services provided by the director to Bancorp or its subsidiaries (excluding services as a director of Bancorp or its subsidiaries) if the compensation to the director does not exceed \$100,000 per calendar year.
- The employment by Bancorp or its subsidiaries of an immediate family member of the director provided that such immediate family member was or is not an executive officer of Bancorp and the compensation of any such family member was established by Bancorp or its subsidiary in accordance with its employment and compensation practices applicable to employees holding comparable positions.

For purposes of the foregoing standards of director independence, an "immediate family member" means any of the director's spouse, parents, children, brothers, sisters, mother- and father-in-law, sons- and daughters-in-law, brothers- and sisters-in-law, and anyone (other than domestic employees) who shares the director's home.

Directors are requested to inform the Chairman of the Nominating and Governance Committee and the Chief Executive Officer of Bancorp of any change of circumstances or before serving as a director, officer, employee, partner, trustee and/or owner of an outside profit or non-profit entity so that such change in circumstances or opportunity can be reviewed as to whether or not it might put a director's independence at issue.

Bancorp's Corporate Governance Guidelines, which also contain a description of the categorical independence standards adopted by the Board, can be found on Bancorp's website, www.commerceonline.com, under the "Investor Relations" section of "Corporate Governance." The information on the website identified above, and throughout this proxy statement, is not, and should not be, considered part of this proxy statement and is not incorporated by reference in this document. Director Retirement Plan

A retirement plan for Bancorp's directors who are not officers or employees of Bancorp on the date their service as a Bancorp director ends ("outside director") provides that outside directors with five or more years of service as a Bancorp director are entitled to receive annually, for ten years or the number of years served as a director, whichever is less, commencing upon such director's attainment of age 65 and retirement from the Board or upon such director's disability, payments equal to the highest 1099 Compensation (as such term is defined in the plan) in effect at any time during the five year period immediately preceding such director's retirement or, if earlier, death or disability. This plan further provides that, in the event a director dies before receiving all benefits to which he or she is entitled, such director's surviving spouse is entitled to receive all benefits not received by the deceased director commencing upon such director's death. Upon a change in control of Bancorp, the plan provides that each director then sitting on the Board, notwithstanding the length of time served as a director, becomes entitled to receive annually, for ten years, or twice the number of years served as a director, whichever is less, payments equal to the higher of the director's 1099 Compensation at the time of the director's termination of Board service and the highest 1099 Compensation in effect at any time during the five year period immediately preceding the change in control commencing on the latest to occur of the termination of the director's Board service, attainment of age 65 or any date designated by the director at any time and from time to time. The definition of "change in control" for purposes of this plan parallels the definition of that term contained in the Employment Agreements discussed on page 30 of this proxy statement. This plan became effective January 1, 1993, as amended.

1989 and 1998 Stock Option Plans for Non-Employee Directors

Effective April 24, 1989 (and as amended in 1994), Bancorp adopted the 1989 Stock Option Plan for Non-Employee Directors (the "1989 Plan") which provides for the purchase of a total of not more than 1,282,759 shares of Bancorp Common Stock (as adjusted for all stock splits and dividends through the Record Date) by members of the boards of directors of Bancorp and its subsidiary corporations. Options granted pursuant to the 1989 Plan may be exercised beginning on the earlier to occur of (i) one year after the date of their grant or (ii) a "change in control" of Bancorp, as such term is defined in the 1989 Plan. No further options may be granted under the 1989 Plan. As of the Record Date, options to purchase 32,424 shares of Bancorp Common Stock (as adjusted for all stock splits and stock dividends through the Record Date) were outstanding under the 1989 Plan.

Effective June 29, 1998 (and as amended in 2003), Bancorp adopted the 1998 Stock Option Plan for Non-Employee Directors (the "1998 Plan") which provides for the purchase of a total of not more than 3,205,000 shares of Bancorp Common Stock (as adjusted for all stock splits and dividends through the Record Date) by members of the boards of directors of Bancorp or its subsidiary corporations and other persons who are not employees of Bancorp or its subsidiary corporations. Options may be granted under the 1998 Plan through June 29, 2008. Under the 1998 Plan, members of the boards of directors of Bancorp or its current and future subsidiary corporations (i.e., any corporation in which Bancorp owns, directly or indirectly, fifty percent or more of the outstanding voting power of all classes of stock of such corporation at the time of election or reelection of such director) who are not also employees of Bancorp or its subsidiary corporations and other persons who are not employees of Bancorp or its subsidiary corporations are entitled to receive options to purchase Bancorp Common Stock. Options granted prior to January 1, 2003 pursuant to the 1998 Plan may be exercised in whole, or from time to time in part, beginning on the earlier to occur of (i) one year after the date of their grant or (ii) a "change in control" of Bancorp, as such term is defined in the 1998 Plan. As of the Record Date, options to purchase 2,854,944 shares of Bancorp Common Stock (as adjusted for all stock splits and stock dividends through the Record Date) had been granted under the 1998 Plan and 350,056 shares of Bancorp Common Stock (as adjusted for all stock splits and stock dividends through the Record Date) were available for issuance under the 1998 Plan.

Both the 1989 Plan and 1998 Plan are administered by the Board, including non-employee directors. Options granted under the 1989 Plan and/or 1998 Plan are not "incentive stock options" as defined in Section 422 of the Internal Revenue Code of 1986, as amended (the "Code"). Option exercise prices are intended to equal 100% of the fair market value of Bancorp's Common Stock on the date of option grant. The Board has the discretion to grant options under the 1998 Plan to non-employee directors or to other persons who are not employees of Bancorp or its subsidiaries and determine the number of shares subject to each option, the rate of option exercisability, and subject to certain limitations, the option price and the duration of the options. Unless terminated earlier by the option's terms, options granted under the 1989 Plan and/or 1998 Plan expire ten years after the date they are granted. For the year ended December 31, 2006, options to purchase the following shares of Bancorp Common Stock were granted to the following Bancorp directors under the 1998 Plan: Messrs. Bershad, 7,500; DiFrancesco, 7,500; Kerr, 7,500; Lewis, 7,500; Lloyd, 7,500; Ragone, 7,500; Schwartz, 7,500; Tarquini, 7,500; and Vassalluzzo, 7,500.

Attendance at Annual Meetings of Shareholders

The Board has a policy that all of the directors are expected to attend the annual meeting of shareholders. All current directors attended the 2006 annual meeting of shareholders.

Audit and Risk Management Committee

The principal duties of the Audit and Risk Management Committee are to monitor the integrity of the financial statements of Bancorp, the compliance by Bancorp with legal and regulatory requirements, the independence and performance of Bancorp's independent registered public accounting firm and the performance of Bancorp's internal audit function. This committee engages Bancorp's independent registered public accounting firm and pre-approves the professional services provided by the independent registered public accounting firm. The Audit and Risk Management Committee is governed by a written charter approved by the Board, a copy of which can be found on Bancorp's website, www.commerceonline.com, under the "Investor Relations" section in "Corporate Governance." No person who served as a member of the Compensation Committee during 2006 was a current or former officer or employee of Bancorp or engaged in certain transactions with Bancorp required to be disclosed, except as disclosed under Certain Related Party Transactions on page 40. Additionally, there were no compensation committee "interlocks" during 2006, which generally means that no executive officer of Bancorp served as a director or member of the compensation committee of another entity, one of whose executive officers served as a director or member of the Compensation Committee of Bancorp.

Nominating and Governance Committee

The Nominating and Governance Committee, which is comprised of independent non-employee directors, considers and recommends to the Board nominees for election to the Board. Mr. Giordano was initially recommended to the Nominating and Governance Committee as a nominee for director by an advisor to Bancorp. The Nominating and Governance Committee also is charged with developing corporate governance guidelines for Bancorp and recommending to the Board corporate governance practices. Each member of the Nominating and Governance Committee is independent under applicable NYSE listing standards. During 2006, there were 11 meetings of the Nominating and Governance Committee. The Nominating and Governance Committee is governed by a written charter approved by the Board, a copy of which can be found on Bancorp's website, www.commerceonline.com, under the "Investor Relations" section in "Corporate Governance."

Procedure for Shareholders Recommending Director Candidates

A shareholder who wishes to recommend a prospective director nominee should submit the shareholder's recommendation in writing to the Nominating and Governance Committee. The following information must be included in or attached to the letter:

- the name and address of the shareholder making the recommendation and each recommended nominee;
- a representation that the shareholder is a holder of record of voting stock of Bancorp entitled to vote at the meeting and intends to appear in person or by proxy at the meeting to vote for the person(s) recommended for nomination;
- a description of all arrangements and understandings between the shareholder and each recommended nominee and any other person(s), naming such person(s), pursuant to which the recommendation was made by the shareholder;
- such other information regarding each recommended nominee as would be required to be included in a proxy statement filed pursuant to the proxy rules of the SEC if the nominee were to be nominated by the Board; and
- the consent of each recommended nominee to serve as a director of Bancorp if so nominated and elected.

The deadline for submitting recommendations pursuant to the foregoing procedures for the 2008 annual meeting of shareholders is December 14, 2007. All shareholder recommendations, which are late or non-conforming, will be rejected by Bancorp.

In addition, under Bancorp's Bylaws, shareholders are permitted to nominate directors to be elected at a meeting of shareholders by providing notice and other required information specified in the Bylaws. Bancorp's Bylaws are available, at no cost, at the SEC's website, www.sec.gov, as Exhibit 3.2 to Bancorp's quarterly report on Form 10-Q for the quarter ended June 30, 2004 or upon the shareholder's written request directed to Bancorp's Secretary at the Commerce Atrium, 1701 Route 70 East, Cherry Hill, NJ 08034. Nominations with respect to the 2008 annual meeting of shareholders must be received on or prior to December 14, 2007.

Director Qualifications

Nominees for director will be selected on the basis of outstanding achievement in their careers; broad experience; education; independence under applicable NYSE; financial expertise; integrity; financial integrity; ability to make independent, analytical inquiries; understanding of the business environment; and willingness to devote adequate time to Board and committee duties. Nominees should possess the highest personal and professional ethics, integrity and values, and be committed to representing the long-term interests of Bancorp's shareholders. They must also have an inquisitive and objective perspective, practical experience and mature judgment. Bancorp endeavors to have a Board representing varied business experience, specific areas of expertise, and diversity, including diversity of background, skills, race, gender, and constituencies served by Bancorp and its subsidiaries. Directors are

expected to attend scheduled Board and committee meetings and to be prepared for the meetings by reviewing the materials provided to them in advance of the meetings. Directors must be willing to devote sufficient time to carrying out their duties and responsibilities effectively, and should be committed to serve on the Board for an extended period of time. Finally, the proposed nominee should be free of conflicts of interest that could prevent such nominee from acting in the best interest of shareholders.

Additional criteria apply to directors being considered to serve on a particular committee of the Board. For example, members of the Audit and Risk Management Committee must meet additional standards of independence and have the ability to read and understand Bancorp's financial statements.

Identifying and Evaluating Nominees for Director

The Nominating and Governance Committee assesses the appropriate size of the Board in accordance with the limits fixed by Bancorp's charter and bylaws, whether any vacancies on the Board are expected and what incumbent directors will stand for re-election at the next meeting of shareholders. If vacancies are anticipated, or otherwise arise, the Nominating and Governance Committee considers candidates for director recommended by members of the Nominating and Governance Committee and other Board members as well as management, shareholders and other parties. The Nominating and Governance Committee also has the authority to retain a search firm to identify and evaluate director candidates. Except for incumbent directors standing for re-election as described below, there are no differences in the manner in which the Nominating and Governance Committee evaluates nominees for director, whether the nominee is recommended by a shareholder or any other party.

In the case of an incumbent director, the Nominating and Governance Committee reviews such director's service to Bancorp during the past term, including, but not limited to, the number of Board and committee meetings attended, as applicable, quality of participation and whether the candidate continues to meet the general qualifications for a director outlined above, including the director's independence, as well as any special qualifications required for membership on any committees on which such director serves. When a member of the Nominating and Governance Committee is an incumbent director eligible to stand for re-election, such director will not participate in that portion of the Nominating and Governance Committee meeting at which such director's potential nomination for election as a director is discussed by the Nominating and Governance Committee.

In the case of a new director candidate, the Nominating and Governance Committee will evaluate whether the nominee is independent, as independence is defined under applicable NYSE listing standards, and whether the nominee meets the qualifications for director outlined above as well as any special qualifications applicable to membership on any committee on which the nominee may be appointed to serve if elected. In connection with such evaluation, the Nominating and Governance Committee determines whether the committee should interview the nominee, and if warranted, one or more members of the Nominating and Governance Committee or the Board will interview the nominee in person or by telephone.

Upon completing the evaluation, and the interview in case of a new candidate, the Nominating and Governance Committee makes a decision as to whether to recommend that the Board nominate the director candidate for election at the shareholders meeting.

Corporate Governance Matters

The corporate governance policies of Bancorp are set forth in the Corporate Governance Guidelines approved by the Board. The Corporate Governance Guidelines include information regarding the functions, responsibilities, qualifications and composition of the Board and other matters. A copy of the Corporate Governance Guidelines, as approved by the Board, along with the Code of Business Conduct and Ethics and Code of Ethics for Senior Financial Officers, can be found on Bancorp's website, www.commerceonline.com, under the "Investor Relations" section in "Corporate Governance."

This Audit and Risk Management Committee Report shall not be deemed incorporated by reference in any document previously or subsequently filed with the SEC that incorporates by reference all or any portion of this proxy statement, except to the extent that Bancorp specifically requests that the Report be specifically incorporated by reference. The Audit and Risk Management Committee's considerations and discussions referred to above do not assure that the audit of Bancorp's financial statements for the year ended December 31, 2006 has been carried out in accordance with generally accepted auditing standards, that the financial statements are presented in accordance with generally accepted accounting principles or that Bancorp's independent registered public accounting firm is in fact "independent."

COMPENSATION DISCUSSION AND ANALYSIS

Compensation Committee Overview

The Compensation Committee of the Board is composed of three members, each of whom: (a) satisfies the independence requirements of the NYSE and other applicable regulatory requirements, (b) is a “non-employee director” within the meaning of Rule 16b-3 under the Exchange Act, and (c) is an “outside director” within the meaning of Section 162(m) of the Internal Revenue Code.

The Board, on the recommendation of the Nominating and Governance Committee, elects the members of the Compensation Committee; members serve in accordance with Bancorp’s Bylaws and until their respective successors are duly elected and qualified. Compensation Committee members may be removed and replaced by the Board at any time and the Board may fill any vacancies.

Compensation Committee Purpose

The Compensation Committee’s purpose is to assist the Board in carrying out the Board’s responsibilities relating to the compensation of Bancorp’s “executive officers” and directors. The term “executive officers,” as used herein, refers to all persons designated as “officers” for purposes of Section 16 of the Exchange Act and the rules and regulations thereunder or as “executive officers” under the Exchange Act and the rules and regulations thereunder. Subject to the ratification of the Board, the Compensation Committee has overall responsibility for oversight, evaluation, assessment and approval of (i) executive officer compensation plans and programs, (ii) all compensation programs involving the issuance of stock options and (iii) director compensation plans and programs.

Authority, Duties and Responsibilities of the Compensation Committee

The authority, duties and responsibilities of the Compensation Committee include, but are not limited to:

- develop policies, processes and procedures for considering and determining the compensation and benefits of Bancorp’s executive officers and annually review and reassess the adequacy of such policies, processes and procedures;
- subject to the ratification of the Board, annually evaluate the performance of Bancorp’s Chief Executive Officer (CEO) and determine and approve his compensation based on this evaluation;
 - subject to the ratification of the Board, review and approve non-CEO executive officer compensation;
- review and make recommendations concerning employment agreements and any amendments or renewals thereof;
- subject to the ratification of the Board, administer equity-based and other employee benefit plans, which are required to be administered by the Board or a committee of the Board, and appoint and remove plan administrators for Bancorp’s other employee benefit plans;
- annually review the compensation paid to non-employee directors and make recommendations to the Board for any adjustments; and

- review periodic reports from management on matters relating to Bancorp's compensation practices.

The Compensation Committee may delegate its authority and responsibilities to subcommittees of the Compensation Committee as the Compensation Committee may deem appropriate in its sole discretion.

The Compensation Committee is governed by a written charter approved by the Board, a copy of which can be found on Bancorp's website, www.commerceonline.com, under the "Investor Relations" section in "Corporate Governance."

Compensation Objectives

The intent of Bancorp's compensation program is to attract, retain, reward and motivate executive officers to achieve Bancorp's business objectives and to align the interests of the executive officers with the long-term interests of Bancorp's shareholders. In deciding on the type and amount of compensation for each executive officer, the Compensation Committee reviews both current compensation and the opportunity for future compensation, combining the compensation components for each executive officer in an effort to maximize each executive's contribution to Bancorp.

Compensation Components

Compensation for executive officers consists of the following primary components:

- salary;
- bonus;
- stock option awards; and
- other benefits.

Bancorp intends to continue its strategy of compensating its executive officers through evaluation of individual and Bancorp performance. To that end, executive compensation is structured to create a balance between compensation and the individual's performance as well as the long-term interests of Bancorp's shareholders. Key components of compensation that depend upon the executive's and Bancorp's performance include:

- a salary that competitively compensates the executive based on position and experience;
- a discretionary cash bonus that is based on an assessment of the executive's performance within the context of Bancorp's overall performance; and
- stock option awards, the value of which is dependent upon increases in Bancorp's stock price after the date that the option is granted.

Salary and bonus are designed to attract and retain executive talent and are aligned with the executive's responsibilities, experience and performance. Stock option grants focus on successful long-term performance and shareholder returns.

Determining Compensation

The Compensation Committee relies on its judgement, in conjunction with information and analysis provided by its compensation consultant, in making compensation decisions, after reviewing each executive's as well as Bancorp's performance. Factors included in compensation decisions for executive officers include, but are not limited to:

- financial measurements such as asset, deposit and loan growth, total revenues, net income, net income per share, asset quality and shareholder returns;
 - promoting the "Commerce" brand;
 - executing of the "Commerce" model;
 - enforcing the "Commerce" culture; and
- achieving operational and/or industry excellence by improving the customer experience.

The Compensation Committee generally does not follow compensation formulas or react to short-term changes in Bancorp's performance in determining the amount and mix of compensation components. The Compensation Committee considers compensation paid to executive officers of comparable companies (peer group), but does not attempt to maintain compensation within a certain percentile of Bancorp's peer group.

Role of Management in Determining or Recommending Compensation

Subject to the ratification of the Board, the Compensation Committee typically reviews and determines executive compensation in February of each year. Mr. Hill, Bancorp's Chairman, President and Chief Executive Officer, makes recommendations concerning the amount of compensation to be awarded to executive officers, excluding himself, but does not participate in the Compensation Committee's deliberations or decisions. The Compensation Committee reviews and considers his recommendations and makes a final determination, subject to the ratification of the Board.

Role of Compensation Consultant in Determining Executive Compensation

In order to evaluate Bancorp's executive compensation, the Compensation Committee retained the services of an external compensation consultant, Towers Perrin, to conduct an executive compensation review. At the request and direction of the Compensation Committee, the review compared salary, bonus and stock option awards for Bancorp's executive officers to several groups of companies based on industry, market capitalization and total shareholder return.

The Compensation Committee determined that, for 2006, the salary, bonus and stock option awards (considered to be total direct compensation by the compensation consultant) for each executive officer fell within a reasonable range of compensation paid to executive officers of comparable companies.

Compensation Review

Salary

Salaries for Bancorp's executive officers are intended to be competitive to attract and retain executive talent and are dependent upon the executive's responsibilities, experience and performance. In determining salaries, the Compensation Committee considers the individual's position, performance and experience as well as information provided by Bancorp's compensation consultant. The salaries of Bancorp's executive officers are reviewed on an annual basis, but are not automatically increased if the Compensation Committee believes that other components of compensation are more appropriate based on the executive's and/or Bancorp's performance.

Bonus

Bonuses are intended to provide a direct, discretionary cash incentive to Bancorp's executive officers. The Compensation Committee, with input from Bancorp's Chief Executive Officer with respect to all other executive officers, uses its judgement, in conjunction with information and analysis provided by Bancorp's compensation consultant, in determining the current year bonus for each executive officer. The executive officer's performance, within the context of Bancorp's performance, is reviewed, evaluated and compared against information provided in the compensation consultant's review.

Option Awards

Bancorp's stock option program is designed to recognize the executive's responsibilities, experience and performance and to align executive compensation with Bancorp's long-term performance as well as shareholder return. In determining stock option awards, subject to the ratification of the Board, the Compensation Committee considers the executive's performance, Bancorp's performance and information and analysis provided by its compensation consultant. Stock options granted in 2006 are reflective of each executive officer's 2005 performance as well as the expected contribution of each executive officer to Bancorp's future success.

In March 2007, upon ratification of the Board, the Compensation Committee, using the same evaluation criteria discussed above, awarded stock options to Bancorp's executive officers based on each executive officer's 2006 performance as well as the expected contribution of each executive officer to Bancorp's future success. All options granted are not exercisable until one year after the date of grant and then are exercisable ratably over four years and expire not later than ten years from the date of grant. Options granted were valued at \$8.34 using a Black-Scholes option pricing model in accordance with FAS 123(R).

Beginning in 2006, Bancorp expensed stock option grants in accordance with FAS 123(R). When determining the amount of stock options to grant, the Compensation Committee considered the cost of the grant with its potential benefits as a compensation component. Bancorp believes that granting stock options effectively balances the objective of aligning executive compensation with Bancorp's long-term performance as well as shareholder return. The value of stock options is dependent upon increases in Bancorp's stock price after the date that the option is granted.

Stock options have a four-year vesting period, which encourages a long-term perspective and encourages the executive officers to remain with Bancorp.

Other Benefits

Bancorp maintains a Supplemental Executive Retirement Plan (the "SERP"). The SERP is intended to constitute a nonqualified deferred compensation retirement plan, which is unfunded and maintained by Bancorp primarily for the purpose of providing deferred compensation for a select group of management. Annual contributions are made at the discretion of Bancorp's President and earnings credits are made at the discretion of the Compensation Committee.

Bancorp provides executive officers with other benefits, reflected in the Summary Compensation Table under the heading, "All Other Compensation." Bancorp believes these benefits are reasonable, competitive and consistent with Bancorp's overall compensation structure. The cost of these benefits is not material to each executive officer's total compensation. Benefits include: life insurance premiums; long-term disability insurance premiums; 401(k) matching contributions; personal use of a company car; expense allowance; and country club dues. Bancorp believes that such benefits are reasonable, comparable to benefits offered to executive officers by other employers and a necessary component of compensation to attract and retain executive officers.

Stock Option Grant Practices

Stock options granted as part of Bancorp's annual performance reviews are approved by the Compensation Committee at pre-determined meetings, subject to the ratification of the Board. The exercise price for all stock option grants is the closing price of Bancorp's stock per the NYSE on the date of grant.

Tax Implications of Executive Compensation:

The Code restricts deductibility of annual individual compensation to its top executive officers in excess of \$1 million if certain conditions set forth in the Code are not fully satisfied. Bancorp intends, to the extent practicable, to preserve deductibility under the Code for compensation paid to its executive officers while maintaining compensation programs that effectively attract and retain exceptional executives in a highly competitive environment and, accordingly, compensation paid is generally tax-deductible. However, on occasion it may not be possible to satisfy all conditions of the Code for deductibility and still meet Bancorp's compensation needs, and in such situations, certain compensation paid to some executives may not be tax-deductible.

Stock Ownership Guidelines

The Compensation Committee believes that it is in the best interests of shareholders for Bancorp's executive officers and directors to own Bancorp stock. "Stock ownership" includes stock owned directly, stock owned indirectly through 401(k) plans and stock option grants. While the Compensation Committee has not established stock ownership guidelines or requirements, it encourages all executive officers and directors to own stock through one of the means previously discussed.

Chief Executive Officer Compensation

The Compensation Committee believes Mr. Hill's compensation should be primarily incentive based. As such, Mr. Hill's annual salary was \$1,000,000 for 2006 and will not change for 2007.

In determining bonuses for Mr. Hill, the Compensation Committee evaluated his individual performance, within the context of Bancorp's performance, as well as his individual contributions to Bancorp's performance. His bonus was awarded based upon that evaluation.

Mr. Hill was awarded stock options in 2006 reflective of his 2005 individual performance as well as his expected contribution to Bancorp's future success. Stock options were awarded in March 2007 based upon Mr. Hill's 2006 performance as well as his expected contribution to Bancorp's future success.

The Compensation Committee believes that the 2006 compensation for Mr. Hill is consistent with Bancorp's overall compensation objectives.

Other Executive Officer Compensation

The Compensation Committee believes salaries are dependent upon the responsibilities, experience and performance of each executive officer. The salary for each executive officer for 2006, as well as any increase for 2007, was based upon those factors.

In determining bonuses for Messrs. Pauls, DiFlorio, Falese and Norcross, Bancorp evaluated the individual performance of each executive, within the context of Bancorp's performance, and the individual contribution of each executive to Bancorp's performance. Bonuses were awarded based upon that evaluation.

Each executive officer was awarded stock options in 2006 reflective of the individual performance of each executive in 2005 as well as the expected contribution of each executive to Bancorp's future success. Stock options were awarded in March 2007 based upon the individual performance of each executive in 2006 as well as the expected contribution of each executive to Bancorp's future success.

The Compensation Committee believes that the 2006 compensation for these executives is consistent with Bancorp's overall compensation objectives.

Employment Contracts and Potential Post-Employment Payments

Employment Agreement for Chief Executive Officer:

Mr. Hill's amended and restated employment agreement provides that he will be employed by Bancorp and Commerce NA as Chairman of the Board, President, and Chief Executive Officer for a term of five years, effective January 1, 2006, provided that on each January 1 thereafter Mr. Hill's employment agreement shall be automatically renewed and extended for a new five year term unless either Bancorp or Mr. Hill gives the other at least 60 days prior written notice of their desire to terminate Mr. Hill's employment agreement, in which event the term will have four years remaining.

Under the terms of Mr. Hill's employment agreement, Mr. Hill's annual "base salary" shall not be less than \$1,000,000. Mr. Hill's employment agreement provides that Mr. Hill will participate in any benefit or compensation programs in effect which are generally made available from time to time to executive officers of Bancorp and provides for all other fringe benefits as in effect from time to time which are generally available to Bancorp's executive officers including, without limitation, medical and hospitalization coverage, life insurance coverage, disability coverage and SERP coverage. Mr. Hill also is entitled to other benefits the Board, or a Board-designated committee, deems appropriate, including, without limitation, use of an automobile, paid holidays and vacations and club memberships. Mr. Hill's employment agreement also provides that Mr. Hill will be entitled to reimbursement by Bancorp for all expenses incurred by Mr. Hill determined to be reasonable and necessary for Mr. Hill to carry out his duties under the employment agreement.

Mr. Hill's employment agreement contains provisions related to his compensation upon disability and termination of employment. For a discussion regarding these provisions, see "Potential Payments Upon Termination of Employment or Change in Control" below.

Mr. Hill's employment agreement contains non-competition restrictions which start on the effective date of the employment agreement and end on the effective date of termination of Mr. Hill's employment agreement; provided that, if Mr. Hill terminates the employment agreement upon written notice prior to the anniversary date of the employment agreement, or Mr. Hill otherwise voluntarily terminates his employment, such non-competition restrictions end one year after the effective date of termination of the employment agreement. In the event of an alleged breach by Mr. Hill of any of the terms related the non-competition restrictions, Bancorp will continue to pay Mr. Hill all payments due Mr. Hill under the employment agreement until such time as a court enters a final and unappealable order finding such breach. In addition, Mr. Hill's employment agreement prohibits Mr. Hill, except with the prior written consent of the Board, from disclosing or using confidential company information, as defined in the employment agreement, during the term of the employment agreement or at any later time.

Employment Agreements for Chief Financial Officer and Named Executive Officers:

The employment agreements for Messrs. Pauls, DiFlorio, Falese and Norcross are substantially similar to that of Mr. Hill. Certain differences in the employment agreements of Mr. Hill and Messrs. Pauls, DiFlorio, Falese and Norcross include, but are not limited to, the differences discussed below.

The term of Mr. Pauls's employment agreement is two years and the current term of the employment agreements of Messrs. DiFlorio, Falese and Norcross is three years, subject to automatic renewal and extension for a new two or three year term, as applicable. Messrs. Pauls, DiFlorio, Falese and Norcross may terminate their respective employment agreements by providing notice prior to the renewal date, in which event the term of Mr. Pauls' agreement will have one year remaining, the term of each of Messrs. DiFlorio and Falese's employment agreements will have two years remaining and the term of Mr. Norcross' employment agreement will have three years remaining.

Pursuant to adjustments approved by the Compensation Committee and ratified by the Board, Mr. Pauls' current "base salary" under his employment agreement is \$600,000; Mr. DiFlorio's current "base salary" under his employment agreement is \$1,000,000; Mr. Falese's current "base salary" under his employment agreement is \$900,000 and Mr. Norcross' current "base salary" under his employment agreement is \$988,000.

The employment agreements of Messrs. Pauls, DiFlorio, Falese and Norcross also contain provisions related to their respective compensation upon disability and termination of employment. For a discussion regarding these provisions, see "Potential Payments Upon Termination of Employment or Change in Control" below. In addition, in case of termination of Mr. Norcross's employment other than for cause, as such term is defined in the employment agreement, Mr. Norcross will be reimbursed for a period of one year for reasonable expenses incurred by Mr. Norcross in searching for new employment and reasonable relocation expenses, each not to exceed one-third of his base salary on the date of termination.

The employment agreements of Messrs. Pauls, DiFlorio and Falese also contain non-competition restrictions which start on the effective date of their respective employment agreements and end one year after the date of termination of the applicable employment agreement, provided that in case of termination of the employment agreement by Bancorp by written notice prior to the anniversary date of the employment agreement, non-competition restrictions end on the effective date of the termination of the employment agreement. Mr. Norcross' employment agreement provides that non-competition restrictions end three years following the date of termination of the employment agreement for cause, as such term is defined in the employment agreement, or Mr. Norcross' voluntarily termination of his employment as set forth in the employment agreement.

Potential Payments Upon Termination of Employment or Change in Control:

Upon termination of employment, each named executive officer is entitled to receive payments or benefits under each named executive officer's employment agreement, Employee Plans and the SERP.

Employment Agreements

Per each named executive officer's employment agreement, payments are to be made to each named executive officer upon each of the following:

- death;
- permanent disability;
- termination "without cause" by Bancorp; and
- termination for "good reason" by the named executive officer.

Summarized below are definitions of certain terms related to the termination of employment provisions included in the employment agreements of Messrs. Hill, Pauls, DiFlorio, Falese and Norcross.

Each named executive officer is deemed to be "permanently disabled" upon his failure to render services of the character contemplated by each named executive officer's employment agreement, because of his physical or mental illness or other incapacity beyond his control, other than death, for a continuous period of six months, or for shorter periods aggregating more than nine months in any eighteen consecutive months.

Termination of employment "without cause" means termination by Bancorp for any reason other than "for cause", as defined in each named executive officer's employment agreement, or termination of employment agreement by either party, upon written notice, prior to the anniversary date of the employment agreement.

A named executive officer may terminate his employment "for good reason" if:

- Bancorp materially breaches the named executive officer's employment agreement;
- there is a failure or refusal of any successor to Bancorp to assume all duties and obligations of Bancorp under the named executive officer's employment agreement; or

- both a “change in control,” as defined in the employment agreement, and any of the following occur, without prior written consent of the named executive officer, within three years after such change in control: (i) a material reduction in the nature and scope of the named executive officer’s authority to a level below that which he enjoys when the change in control occurs or on the date of the employment agreement, as applicable; (ii) duties and responsibilities of the named executive officer are materially inconsistent with that which he enjoys when the change in control occurs or on the date of the employment agreement, as applicable; (iii) fringe benefits provided by Bancorp to the named executive officer are materially reduced to a level below that which he enjoys when the change in control occurs or on the date of the employment agreement, as applicable; (iv) the named executive officer’s position or title is reduced from his current position or title with Bancorp when the change in control occurs, as applicable; or (v) any relocation or transfer of Bancorp’s principal executive offices to a location more than fifty miles from the named executive officer’s principal residence on the date when the change in control occurs or on the date of the employment agreement, as applicable.

The information below describes and quantifies certain compensation that would become payable under an employment agreement if a named executive officer’s employment had terminated on December 31, 2006, assuming that all compensation due to the named executive officer prior to such termination date had been paid in full:

Name	Payment upon Death ⁽¹⁾	Payment upon Permanent Disability ⁽²⁾	Payment upon Termination Without Cause ⁽³⁾⁽⁵⁾⁽⁶⁾	Payment upon Termination for Good Reason ⁽⁴⁾⁽⁵⁾⁽⁶⁾
Vernon W. Hill, II ⁽⁷⁾	\$ 8,500,000	\$ 7,912,500	\$ 11,250,000	\$ 17,285,000
Douglas J. Pauls	1,178,992	458,967	598,500	1,828,992
Dennis M. DiFlorio	2,050,000	1,485,375	2,097,000	3,400,000
Robert D. Falese, Jr.	2,050,000	1,485,375	2,097,000	3,400,000
George E. Norcross, III.	5,150,000	1,566,925	2,213,500	3,800,000

⁽¹⁾ Represents a lump sum payment equal to three times (i) Mr. Hill’s highest annual rate of base salary and (ii) highest cash bonus paid to Mr. Hill during the most recent twenty-four months of the term of the employment agreement (collectively, “Mr. Hill’s compensation”) at the time of death; and two times the average annual base salary in effect during the twenty-four months immediately preceding the death of Messrs. Pauls, DiFlorio, Falese and Norcross, plus amounts payable under group life insurance maintained by Bancorp. Messrs. Hill, Pauls, DiFlorio, Falese and Norcross participate in Bancorp’s group life insurance program offered to Bancorp employees. In addition, Messrs. Hill and Norcross have separate life insurance policies whose premiums are paid by Bancorp. The beneficiaries of Mr. Hill and Mr. Norcross are entitled to receive \$1.5 million and \$3.0 million, respectively, upon death under these policies.

⁽²⁾ Represents monthly payments equal to 1/12 of 70% of Mr. Hill’s compensation for the remainder of the term of his employment agreement and 70% of the annual base salary for the remainder of the term of each respective employment agreement for Messrs. Pauls, DiFlorio, Falese and Norcross. In addition, Messrs. Hill, Pauls, DiFlorio, Falese and Norcross are entitled to participate in all Bancorp medical, hospital, disability and life insurance benefits through the remainder of each executive officer’s employment agreement term.

- (3) Represents a lump sum payment equal to Mr. Hill's compensation that would have been paid to Mr. Hill had Mr. Hill continued to be employed by Bancorp to the end of the term of his employment agreement and a lump sum payment equal to the annual base salary of Messrs. Pauls, DiFlorio, Falese and Norcross that would have been paid had each continued to be employed by Bancorp to the end of the term of his respective employment agreement.
- (4) Represents a lump sum payment equal to four times Mr. Hill's compensation immediately preceding such termination and four times the average annual base salary in effect during the twenty-four months immediately preceding such termination for Messrs. Pauls, DiFlorio, Falese and Norcross.
- (5) Any unvested stock options held by Mr. Hill vest as of the date of termination of his employment without cause or for good reason. At December 31, 2006, the exercise price of Mr. Hill's unvested stock options exceeded the market price, therefore there is no immediate value related to the vesting of options. However, upon a change in control, Mr. Hill's unvested options vest and are exercisable at any time prior to their original expiration date. As such, the value upon termination related to a change in control, at \$9.57 per option using a Black-Scholes option pricing model in accordance with FAS 123(R), is \$4,785,000.
- (6) Messrs. Hill, Pauls, DiFlorio, Falese and Norcross are entitled to participate in, for the three-year period following the date of termination without cause or for good reason, all Bancorp medical, hospital, disability and life insurance benefits. The aggregate value of these benefits is estimated to be less than \$25,000 per person.
- (7) Mr. Hill is entitled to receive additional payments that are required to ensure Mr. Hill incurs no out-of-pocket expense for excise tax ("gross-up payment") upon receipt of any payments upon termination related to a change in control. Gross-up payments assume that the payments upon termination related to a change in control occurred on December 31, 2006 and are calculated in accordance with Sections 280G and 4999 of the Code. Gross-up payments, estimated to be \$3,500,000, are subject to a threshold generally tied to the average compensation (as reported on IRS Form W-2) for the five-year period immediately preceding the calendar year for which payments are made.

Employee Plans

Bancorp's Employee Plans provide for the vesting of any unvested stock options upon a change in control, as defined in the Employee Plan documents. At December 31, 2006, the exercise price of each executive officer's unvested stock options exceeded the market price, therefore there is no immediate value related to the vesting of options.

SERP

The vested SERP account balances of Messrs. Hill, DiFlorio, Falese and Norcross are payable upon termination of employment, except in the case of termination of employment for good cause or under the circumstances related to good cause, as defined in the SERP. For a description of aggregate account balances of Messrs. Hill, DiFlorio, Falese and Norcross at December 31, 2006, see "Nonqualified Defined Contribution and Other Nonqualified Deferred Compensation Plans for 2006." Mr. Pauls' unvested SERP account balance vests and is payable upon termination of employment due to death, disability or change in control, as defined in the SERP. Mr. Pauls' unvested SERP balance at December 31, 2006, that would become vested, was \$28,992.

Pursuant to the 2004 Plan, stock options may be granted which qualify under the Code as incentive stock options as well as stock options that do not qualify as incentive stock options. All officers and key employees of Bancorp or any current or future subsidiary corporation are eligible to receive options under the 2004 Plan. As of the Record Date, options to purchase 11,552,643 shares of Bancorp Common Stock (as adjusted for all stock splits and stock dividends through the Record Date) had been granted under the 2004 Plan and options to purchase 18,447,357 shares of Bancorp Common Stock (as adjusted for all stock splits and stock dividends through the Record Date) were available for issuance under the 2004 Plan.

The 1997 Plan and 2004 Plan are collectively referred to as the "Employee Plans."

The purpose of the Employee Plans is to provide additional incentive to employees of Bancorp and its subsidiary corporations by encouraging them to invest in Bancorp's Common Stock and thereby acquire a proprietary interest in Bancorp and an increased personal interest in Bancorp's continued success and progress.

Subject to ratification of the Board, the Employee Plans are administered by the Compensation Committee, which is appointed by the Board and consists only of directors who are not eligible to receive options under the Employee Plans. Subject to the ratification of the Board, the Compensation Committee determines, among other things, which officers and key employees receive an option or options under the Employee Plans, the type of option (incentive stock options or non-qualified stock options, or both) to be granted, the number of shares subject to each option, the rate of option exercisability, and, subject to certain other provisions to be discussed below, the option price and duration of the option. Under the 2004 Plan, no individual may be granted a number of options that is more than 50% of the total number of shares of Bancorp Common Stock authorized for issuance under the 2004 Plan. In addition, incentive stock options first exercisable by an employee in any one year under the 2004 Plan (and all other Employee Plans of Bancorp) may not exceed \$100,000 in value (determined at the time of grant). Subject to the ratification of the Board, the Compensation Committee may modify or amend any of the option terms herein described, provided that if an incentive stock option is granted, the option as modified or amended continues to be an incentive stock option.

In the event of any change in the capitalization of Bancorp, such as by stock dividend, stock split or what the Board deems in its sole discretion to be similar circumstances, the aggregate number and kind of shares which may be issued under the Employee Plans will be appropriately adjusted in a manner determined in the sole discretion of the Board. Reacquired shares of Bancorp's Common Stock, as well as unissued shares, may be used for the purpose of the 2004 Plan. The option price for options issued under the 2004 Plan must be at least equal to 100% of the fair market value of the Bancorp Common Stock as of the date the option is granted.

Options granted after January 1, 2003 pursuant to the Employee Plans are not exercisable until one year after the date of grant and then are exercisable ratably over four years. Under the Employee Plans, in the event of a "change in control" of Bancorp, as defined in the Employee Plans, each optionee may exercise the total number of shares then subject to the option. The Compensation Committee has the authority to provide for a different rate of option exercisability for any optionee.

On December 8, 2005, the Board approved the acceleration of vesting of all outstanding unvested options granted prior to July 1, 2005. The acceleration was effective December 16, 2005.

Except as otherwise authorized by the Compensation Committee with respect to non-qualified stock options only, options are not transferable, except by will or the laws of descent and distribution in the event of death.

Under the Employee Plans, unless terminated earlier by the option's terms, both incentive stock options and non-qualified stock options expire ten years after the date they are granted. Options terminate immediately if employment is terminated for cause, otherwise, options terminate three months after the date on which employment is terminated (whether such termination be voluntary or involuntary), other than by reason of death or disability. The option terminates one year from the date of termination due to death or disability (but not later than the scheduled termination date). During an optionee's lifetime, the option is exercisable only by the optionee including, for this purpose, the optionee's legal guardian or custodian in the event of disability, except that, if specifically permitted by the Compensation Committee or the Board, non-qualified stock options are transferable. In any event, options may be exercised only as to any shares which an employee had a right to purchase and did not purchase prior to termination of employment, or termination due to disability or death.

During 2006, Bancorp granted stock options to purchase an aggregate of 4,025,565 shares of Bancorp Common Stock (as adjusted for all stock splits and stock dividends through the Record Date) at an average exercise price of \$36.49 per share (as adjusted for all stock splits and stock dividends through the Record Date) under Bancorp's Employee Plans. During 2006, a total of 4,342,103 options were exercised under the Employee Plans.

⁽²⁾ This column shows the exercise price for options granted in 2006 to each named executive officer, which was the closing price of Bancorp Common Stock on March 14, 2006, the date the options were granted.

⁽³⁾ This column shows the full grant date fair value, under FAS 123(R), of options granted to each named executive officer in 2006. Generally, the full grant date fair value is the amount Bancorp would recognize for financial statement reporting purposes over the award's vesting schedule. Options granted in 2006 were valued at \$9.57 using a Black-Scholes option pricing model in accordance with FAS 123(R). Nonqualified Defined Contribution and Other Nonqualified Deferred Compensation Plans for 2006

The following table sets forth contributions, aggregate earnings in the last fiscal year and the aggregate balance at the last fiscal year end under the SERP. Effective January 1, 2004, the Board formalized the SERP, which was previously approved on January 1, 1992, for certain designated executive officers in order to provide supplemental retirement income. The SERP is intended to constitute a nonqualified deferred compensation retirement plan, which is unfunded and maintained by Bancorp primarily for the purpose of providing deferred compensation for a select group of management. Annual contributions are made at the discretion of Bancorp's President and earnings credits are made at the discretion of the Compensation Committee.

Participants, or their beneficiaries, as applicable, are entitled to receive the vested balance of their accounts upon termination of employment, except in the case of termination of employment for good cause or under the circumstances related to good cause, as defined in the SERP, which results in a participant forfeiting his account balance.

Depending on the status of the participant, the participant's interest in the deferred compensation account will be fully vested either starting upon his participation in the SERP or after five years of participation in the SERP. The vesting of an unvested interest will be accelerated when the participant reaches age 65 or when the participant is terminated from employment due to death, disability or upon a change in control of Bancorp, as defined in the SERP.

Bancorp has full authority and responsibility to interpret and construe the SERP, including, but not limited to, determination of all benefits under the SERP, and may amend or terminate the SERP at any time in its sole discretion. Following termination of the SERP, Bancorp may pay each participant an amount equal to the unpaid vested balance of the participant's deferred compensation account.

Certain Related Party Transactions

Review and Approval

The Board has adopted written policies setting forth procedures for the review and approval of transactions involving the Company and related parties: directors; executive officers; and immediate family members of director or executive officers. Per the policy, the Board is responsible for reviewing and approving all related party transactions involving directors, executive officers or an immediate family member of a director or executive officer. Directors may not participate in the approval of a related party transaction in which he or any member of his immediate family member participates, except that the director shall provide all material information regarding the transaction. In the course of its review and approval of a related party transaction, the Board considers, among other things: the nature of the related party's interest in the transaction; the material terms of the transaction; the importance of the transaction to the Company; and other matters deemed appropriate. The policy contains a listing of transactions involving directors, executive officers or an immediate family member of a director or executive officer that are not required to have Board approval. These are typically limited to ordinary banking transactions or relationships, including deposit and certain lending transactions. The policy in place for 2006 defined immediate family as the spouse and dependent children of Bancorp's directors and executive officers. As such, the policy in place during 2006 did not require the Board to review and approve, and the Board did not review and approve, every transaction disclosed below.

In addition, Bancorp has written policies regarding the use of independent real estate appraisers for any property to be leased or purchased from related parties. The purpose of obtaining independent appraisals for these transactions is to ensure that the proposed lease or purchase price of such property is consistent with the fair market value of the property, which would be the amount paid under similar terms and conditions were the property not owned by a related party.

Related Party Transactions

Certain directors and executive officers of Bancorp and its subsidiaries and certain of their immediate family members and certain corporations or organizations with which they are affiliated have had and expect to continue to have loan and other transactions with Bancorp's subsidiaries. All such loans and other transactions were made in the ordinary course of business, were made on substantially the same terms, including interest rates and collateral, as those prevailing at that time for comparable transactions for unrelated parties, and did not involve more than the normal risk of uncollectibility or present other unfavorable features.

Certain directors and executive officers have immediate family members who are employed by Bancorp or a subsidiary. The compensation of each such family member was established in accordance with Bancorp's employment and compensation practices applicable to employees with equivalent qualifications and responsibilities and holding similar positions. Immediate family members employed by Bancorp, or a subsidiary, and his or her 2006 compensation (salary, bonus and the dollar amount recognized for financial statement reporting purposes during 2006 for the fair value of stock options) are as follows: the son-in-law of Mr. Hill, \$153,475; and the son of Mr. Buckelew, \$175,000. The wife of Mr. DiFrancesco and the daughter of Mr. Hill are employed by Bancorp or a subsidiary, however neither was compensated in excess of \$120,000 during 2006. None of the employees is, or reports directly to, any executive officer of Bancorp.

Mr. DiFrancesco is a partner in the law firm of DiFrancesco, Bateman, Coley, Yospin, Kunzman, Davis & Lehrer, P.C., which Bancorp and its subsidiaries retained during Bancorp's last fiscal year. Bancorp paid approximately \$205,000 to this law firm in 2006 for legal services.

Bancorp has retained Parker McCay P.A., or its predecessor firms, for legal services for over thirty years. Currently, the managing partner of Parker McCay, P.A. is a brother of Mr. Norcross, director of Bancorp and Commerce NA and Chairman and Chief Executive Officer of Commerce Banc Insurance Services, Inc. During 2006, Bancorp paid approximately \$1.4 million to this law firm for legal services. The Board did not approve services provided by this firm.

Management believes that the legal fees paid for the foregoing services are comparable to those that would have been paid to non-affiliated parties for similar services.

Bancorp has nineteen operating leases, entered into during 2002 and prior, for land and bank premises with limited partnerships in which Mr. Hill is a partner or in which a corporation owned by Mr. Hill is a partner, or from the Hill Family Trust. The aggregate annual rents under these leases for 2006 was approximately \$1.9 million. These leases expire periodically beginning 2008 but are renewable through 2042. In addition, Bancorp has three operating land leases, entered into during 2004 and prior, with partnerships partially owned by family members of Mr. Hill. Two of the leases are with partnerships 30% owned by a brother of Mr. Hill. The other lease is with a partnership 30% owned by a son of Mr. Hill. The aggregate rents under these leases for 2006 was approximately \$372,000. These leases expire between 2019 and 2024 but are renewable through 2044.

Management believes that the rents paid for each of the foregoing leases is and was comparable to the rents that would have been paid to non-affiliated parties in similar commercial transactions for similar locations, assuming that such locations were available.

During 2006, Bancorp obtained appraisal services from Markeim Chalmers Appraisals, an appraisal company whose president and 50% owner is a son-in-law of Mr. Kerr, director of Commerce Bancorp and Commerce NA. Bancorp paid approximately \$119,000 to this firm in 2006. The Board did not approve services provided by this company. Management believes amounts paid in 2006 were substantially equivalent to those that would have been paid to an unaffiliated company for the performance of similar services.

During 2006, Bancorp utilized Interstate Commercial Real Estate, Inc. ("Interstate Commercial"), a commercial real estate development company/broker for all of its real estate transactions. Interstate Commercial received commissions paid by the seller for such services in 2006. A brother and son of Mr. Hill are executive officers and commissioned employees of Interstate Commercial. Based on information provided by Interstate Commercial, Mr. Hill's brother and son earned commissions from sellers of approximately \$770,000 and \$350,000, respectively, during 2006. Management believes seller commissions earned by Interstate Commercial were substantially equivalent to those that would have been earned by unaffiliated companies for the performance of similar services.

Bancorp obtained architectural design and facilities management services from InterArch, Inc., a business owned by the wife of Mr. Hill. Bancorp spent \$9.2 million in 2006 for such services and related costs. Management believes these disbursements were substantially equivalent to those that would have been paid to unaffiliated companies for similar services.

During 2006, Bancorp and its subsidiaries utilized the facilities of Galloway National Golf Club for the purpose of business development. Bancorp paid approximately \$643,000 in 2006 for the use of these facilities. Mr. Hill is a principal equity holder, and Messrs. Norcross and Lewis each are equity holders, of Galloway National Golf Club. Management believes such expenses were substantially equivalent to those that would have been paid to unaffiliated companies for utilization of similar facilities.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires Bancorp's directors and executive officers, and persons who own more than 10% of a registered class of Bancorp's equity securities, to file with the SEC reports about their beneficial ownership of Common Stock and other equity securities of Bancorp. All such persons are required by SEC regulations to furnish Bancorp with copies of all Section 16(a) reports they file.

Based solely on review of the copies of reports furnished to Bancorp and written representations that no other reports were required during the fiscal year ended December 31, 2006, Bancorp believes all directors, executive officers and greater than 10% beneficial owners complied with the reporting requirements of Section 16(a), with the exception of: (a) Joseph T. Tarquini, Jr. filed a Form 4 in connection with an exercise of stock options and sale of shares of Common Stock which was not timely; (b) William A. Schwartz, Jr. filed a Form 4 in connection with an exercise of stock options which was not timely; (c) Steven M. Lewis filed a Form 4 in connection with a purchase of Common Stock which was not timely; (d) Jack R Bershada filed a Form 4 in connection with the exercise of stock options and payment of the exercise price with shares of Common Stock which was not timely; (e) and each director and executive officer filed a Form 4 in connection with the grant of stock options which was not timely.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Ernst & Young LLP served as Bancorp's independent registered public accounting firm for the year ended December 31, 2006. The Audit and Risk Management Committee has not completed its evaluation and as such has not yet selected or recommended an independent registered public accounting firm for the year ending December 31, 2007. Representatives of Ernst & Young LLP are expected to be present at the Annual Meeting and to have the opportunity to make a statement, if they desire to do so, and to be available to respond to appropriate questions.

PRINCIPAL ACCOUNTANT FEES AND SERVICES

Aggregate fees⁽¹⁾ for professional services rendered for Bancorp by Ernst & Young LLP as of or for the years ended December 31, 2006 and 2005 were:
