Item 8.01 Other Events.

On August 4, 2005, Friedman's Inc. and its affiliated debtors and debtors-in-possession ("Friedman's" or the "Company") filed a Plan of Reorganization (the "Plan") and a related Disclosure Statement with the United States Bankruptcy Court for the Southern District of Georgia, Savannah Division (the "Court"). A copy of the Plan and the Disclosure Statement are attached hereto as Exhibits 2.1 and 2.2, respectively. On August 7, 2005, the

Edgar Filing: FRIEDMANS INC - Form 8-K

Company issued a press release (the "Press Release") which announced, among other things, the foregoing events. The text of the Press Release is attached hereto as Exhibit 99.1 and incorporated herein by reference.

Bankruptcy law does not permit solicitation of acceptances of the Plan until the Court approves the applicable Disclosure Statement relating to the Plan as providing adequate information of a kind, and in sufficient detail, as far as is reasonably practicable in light of the nature and history of the debtor and the condition of the debtor's books and records, that would enable a hypothetical reasonable investor typical of the holder of claims or interests of the relevant class to make an informed judgment about the Plan. Accordingly, this announcement is not intended to be, nor should it be construed as, a solicitation for a vote on the Plan. Friedman's will emerge from Chapter 11 if and when the Plan receives the requisite stakeholder approval and is confirmed by the Court.

Cautionary Statement Regarding Forward-Looking Statements

Some of the statements included in the Plan and the Disclosure Statement, particularly those anticipating future financial performance, business prospects, growth and operating strategies and similar matters, are forward-looking statements that involve a number of risks and uncertainties. For those statements, we claim the protection of the safe harbor for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995. These forward-looking statements are not guarantees of future performance and a variety of factors could cause the Company's actual results to differ materially from the anticipated or expected results expressed in these forward-looking statements. The Company undertakes no obligation to update or revise any such forward-looking statements. The forward-looking statements and the Company's liquidity, capital resources, and results of operations are subject to a number of risks and uncertainties, including, but not limited to, the following: the ability of the Company to operate as a going concern; the ability of the Company to continue to obtain use of cash collateral and/or debtor-in-possession (DIP) financing pursuant to the terms of such agreements; the ability of the Company to comply with the terms and conditions of its DIP financing, including its secured subordinated term loan with Harbert Distressed Investment Master Fund, Ltd.; court approval of the motions prosecuted by the Company from time to time; the ability of the Company to develop, prosecute, confirm and consummate one or more plans of reorganization with respect to the chapter 11 case; risks associated with third parties seeking and obtaining court approval to terminate or shorten the exclusivity period for the Company to propose and confirm one or more plans of reorganization, for the appointment of a chapter 11 trustee or to convert the cases to chapter 7 cases; the ability of the Company to obtain trade credit, and shipments and terms with vendors and service providers for current orders; the Company's ability to maintain contracts that are critical to its operations; potential adverse developments with respect to the Company's liquidity and/or results of operations; competitive pressures from other retailers; trends in the economy as a whole which may affect consumer confidence and consumer demand for the types of goods sold by the Company; the ability of the Company to attract, retain and compensate key executives and associates; the ability of the Company to attract and retain customers; potential adverse publicity; the final results of the audit including the review of the calculation of our allowance for doubtful accounts; the results of the SEC and United States Attorney's Office for the Eastern District of New York investigations; the results of various litigation; the effect of the restatement on our credit facilities, including funding availability thereunder and our relationship with our lenders; the effect of the restatement on our future earnings, including any adjustments to previously announced earnings forecasts; and other risks factors identified from time to time in our SEC reports, including, but not limited to, the report on Form

Edgar Filing: FRIEDMANS INC - Form 8-K

10-K for the year ended September 28, 2002.

Similarly, these and other factors, including the terms of any reorganization plan ultimately confirmed, can affect the value of our various prepetition liabilities, common stock and/or other equity securities. No assurance can be given as to what values, if any, will be ascribed in the bankruptcy proceedings to each of these constituencies. A plan of reorganization could result in holders of the Company's common stock receiving no distribution on account of their interest and cancellation of their interests. As described in the Company's public statements in response to the request submitted to the United States Trustee for the appointment of a statutory equity committee, holders of the Company's common stock (both Series A and Series B common stock) and other equity interests (such as options and warrants) should assume that they could receive little or no value as part of a plan of reorganization. In addition, under certain conditions specified under the Bankruptcy Code, a plan of reorganization may be confirmed notwithstanding its rejection by an impaired class of creditors or equity holders and notwithstanding the fact that equity holders do not receive or retain property on account of their equity interests under the plan. In light of the foregoing, the Company considers the value of the common stock to be highly speculative and cautions equity holders that the stock may ultimately be determined to have no value. Accordingly, the Company urges that appropriate caution be exercised with respect to existing and future investments in the Company's common stock or any claims relating to prepetition liabilities and/or other interests in the Company such as warrants convertible into equity interests.
