GENERAL INFORMATION

Euronet has made these materials available to you on the internet or, upon your request, has delivered printed versions of these materials to you by mail in connection with the solicitation of proxies by our Board of Directors (the “Board”), for use at the Annual Meeting of Stockholders to be held on Thursday, May 23, 2019, at 1:00 p.m. (Central time), at Euronet’s corporate headquarters at 3500 College Boulevard, Leawood, Kansas 66211, USA, and at any postponement or adjournment of the meeting (the “Annual Meeting”).

Stockholders Entitled to Vote Stockholders at the close of business on March 26, 2019 (the “Record Date”) are entitled to notice of, and to vote at, the Annual Meeting. The Stockholders will be entitled to

one vote for each share of common stock, par value \$0.02 per share (the “Common Stock”), held of record at the close of business on the Record Date. To take action at the Annual Meeting, a quorum composed of holders of one-third of the shares of Common Stock outstanding must be represented by proxy or in person at the Annual Meeting. On March 26, 2019, there were 51,940,936 shares of Common Stock outstanding. No shares of preferred stock are outstanding.

How to Registered Stockholders. Registered Stockholders (that is, Stockholders who hold their shares directly with our stock registrar), can vote any one of four ways:

Via the Internet: www.proxyvote.com - Use the Internet to transmit your voting instructions and for electronic delivery of information up until 11:59 P.M. Eastern Time the day before the cut-off date or meeting date. Have your proxy card in hand when you access the web site and follow the instructions to obtain your records and to create an electronic voting instruction form.

By Telephone: 1-800-690-6903 - Use any touch-tone telephone to transmit your voting instructions up until 11:59 P.M. Eastern Time the day before the cut-off date or the meeting date. Have your proxy card in hand when you call and then follow the instructions.

By Mail: Mark, sign and date your proxy card and return it in the postage-paid envelope we have provided or return it to Vote Processing, c/o Broadridge, 51 Mercedes Way, Edgewood, NY 11717.

In Person: Attend the Annual Meeting, or send a personal representative with an appropriate proxy, to vote by ballot at the meeting.

If you vote via the Internet or by telephone, your electronic vote authorizes the named proxies in the same manner as if you signed, dated and returned a proxy card.

Beneficial Stockholders. If your shares are held beneficially in the name of a bank, broker or other holder of record (sometimes referred to as holding shares "in street name"), you will receive instructions from the holder of record that you must follow in order for your shares to be voted. Notice and Access delivery of the proxy materials, and Internet and/or telephone voting, also will be offered to Stockholders owning shares through most banks and brokers. If you wish to vote in person at the meeting, you must obtain a legal proxy from the bank, broker or other holder of record that holds your shares, and bring it with you to the meeting.

Revoking Your Proxy or Changing Your Vote You may change your vote at any time before the proxy is exercised. For registered Stockholders, if you voted by mail, you may revoke your proxy at any time before it is exercised by executing and delivering a timely and valid later-dated proxy, by voting by ballot at the meeting or by giving written notice to the Secretary. If you voted via the Internet or by telephone you may also change your vote with a timely and valid later Internet or telephone vote, as the case may be, or by voting by ballot at the meeting. Attendance at the meeting will not have the effect of revoking a proxy unless (1) you give

proper written notice of revocation to the Secretary before the proxy is exercised, or (2) you vote by ballot at the meeting.

If you hold your shares beneficially, you must follow the specific directions provided to you by your bank, broker or other holder of record to change or revoke any voting instructions you have already provided.

Alternatively, you may vote your shares by ballot at the meeting if you obtain a legal proxy from your bank, broker or other holder of record and bring it with you to the meeting.

Voting and Solicitation

Each share of Common Stock issued and outstanding as of the Record

Date will have one vote on each of the matters presented herein. Votes cast by proxy or in person at the Annual Meeting will be tabulated by the inspector of elections appointed for the Annual Meeting. Pursuant to rules adopted by the Securities and Exchange Commission, we are making this Proxy Statement and our 2018 Annual Report available to Stockholders electronically via the Internet. On or before April 12, 2019, we mailed to our Stockholders of record the “Important Notice Regarding the Availability of Proxy Materials for the Stockholder Meeting to be held on May 23, 2019” (the “Notice”). All

Stockholders will be able to access this Proxy Statement and our 2018 Annual Report on the website referred to in the Notice or request to receive printed copies of the proxy materials.

Instructions on how to access the proxy materials on the Internet or request a printed copy may be found in the Notice.

In addition, Stockholders may request to receive proxy materials in printed form by mail or electronically by email on an ongoing basis. We encourage Stockholders to take advantage of the availability of the proxy materials on the Internet to help reduce the environmental impact of our annual meetings.

We will treat shares that are voted "For," "Against" or

“Withheld
From” a matter
as being
present at the
meeting for
purposes of
establishing a
quorum. We
will treat
abstentions
and broker
non-votes also
as shares that
are present and
entitled to be
voted for
purposes of
determining
the presence of
a quorum.

Election of Directors In an

uncontested election, a Director nominee must be elected by a majority of the votes cast, in person or by proxy, regarding the election of that Director nominee. A “majority of the votes cast” for the purposes of Director elections means that the number of votes cast “For” a Director nominee’s election exceeds the number of votes cast as “Withheld From” for that particular Director nominee. If an incumbent Director is not re-elected in an uncontested election and no successor is elected at the same meeting, the Director must submit an offer to resign. In a contested election, which occurs when the number of Director nominees exceeds the

number of open seats on the Board at any time before the meeting, Director nominees will be elected by a plurality of the shares represented at the meeting. A “plurality” means that the open seats on the Board will be filled by those Director nominees who received the most affirmative votes, regardless of whether those Director nominees received a majority of the votes cast with respect to their election. At the Annual Meeting, the election of Directors is considered to be uncontested because we have not been notified of any other nominees as required by our Amended and Restated Bylaws (“Bylaws”). To be elected, each Director nominee must receive a majority of votes cast

regarding that nominee. Abstentions will have no effect on the election of Directors.

Other Matters All other matters will be determined by a vote of a majority of the shares present in person or represented by proxy and voting on such matters. Under Delaware law, abstentions are not considered votes cast and will have no effect on whether a matter is approved.

Broker Non-Votes On routine matters, such as the ratification of the appointment of KPMG as our independent registered public accounting firm, if you do not provide instructions on how you wish to vote,

your broker
will be
allowed to
exercise
discretion
and vote on
your behalf.
Your broker
is prohibited,
however,
from voting
on
non-routine
matters,
which
includes all
of the
proposals in
this Proxy
Statement
other than
the proposal
to ratify the
appointment
of KPMG.
Broker
“non-votes”
will occur
when a
broker does
not receive
voting
instructions
from a
Stockholder
on a
non-routine
matter or if
the broker
otherwise
does not vote
on behalf of
the
Stockholder.
Broker
non-votes
will not
count in
determining
the number
of votes cast

with respect
to the
election of
Directors or
a proposal
that requires
a majority of
votes cast
and,
therefore,
will not
affect the
outcome of
the election
of Directors
or the voting
on such a
proposal.

CORPORATE GOVERNANCE

Director Independence

The Board of Directors has determined that all of the non-employee Directors are “independent” under the listing standards of The Nasdaq Stock Market LLC.

As highly accomplished individuals in their respective industries, fields and communities, the non-employee Directors are affiliated with numerous corporations, educational institutions and charities, as well as civic organizations and professional associations, many of which have business, charitable or other relationships with the Company. The Board considered each of these relationships and determined that none of these relationships conflict with the interests of the Company or would impair the relevant non-employee Director’s independence or judgment.

In the event of Board-level discussions pertaining to a potential transaction, relationship or arrangement involving an organization with which a Director is affiliated, that Director would be expected to recuse himself or herself from the deliberation and decision-making process.

MEETINGS AND COMMITTEES OF THE BOARD OF DIRECTORS

The Board held four regular meetings and two special meetings during 2018. The Board has established an Audit Committee, a Compensation Committee and a Nominating & Corporate Governance Committee. During 2018, each Director other than Mark Callegari attended at least 75% of the total number of meetings held by the Board and Board committees on which he or she served (during the period for which he or she was a Director). Mr. Callegari missed two sets of Board and Committee meetings in 2018 due to illness and attended 66% of the total number meetings held by the Board and 50% of those held by the Board committees.

Board Committee Membership

During 2018, the Board committee membership was as follows:

Lead Director

Audit Committee

The Company has an Audit Committee established in accordance with the requirements of the Securities Exchange Act of 1934 (the "Exchange Act"). The Audit Committee of the Board, composed solely of independent Directors, met four times in 2018. The following five Directors are members of the Audit Committee: M. Jeannine Strandjord, Chair, Thomas A. McDonnell, Eriberto R. Scocimara, Mark R. Callegari and Andrew B. Schmitt. The Audit Committee operates under a written charter adopted by the Board, which is published on Euronet’s website at <http://ir.euronetworldwide.com/corporate-governance>.

The Board has determined that each of the Audit Committee members is independent, as that term is defined under the enhanced independence standards for audit committee members in the Exchange Act and rules promulgated thereunder, as amended and incorporated into the listing standards of The Nasdaq Stock Market LLC.

The Board has determined that all of the members of the Audit Committee are “audit committee financial experts” as that term is defined in the rules promulgated by the SEC pursuant to the Sarbanes-Oxley Act of 2002.

The Audit Committee has oversight responsibilities with respect to our financial reporting process and systems of internal controls regarding finance, accounting and legal compliance. The Audit Committee is responsible for

retaining, evaluating and monitoring our independent registered public accounting firm and for providing an audit committee report for inclusion in our Proxy Statement. The Audit Committee is also responsible for maintaining open communication among the Audit Committee,

management and our outside auditors. However, the Audit Committee is not responsible for conducting audits, preparing financial statements, or assuring the accuracy of financial statements or filings, all of which is the responsibility of management and/or the outside auditors.

Compensation Committee

The Compensation Committee of the Board met four times in 2018 to determine policies regarding the compensation of our executives and to review, determine and recommend to the full Board, as appropriate, the approval of the grant of options, restricted stock units and cash bonuses to our executives. The purpose of the Compensation Committee is to make determinations and recommendations, as appropriate, to the Board with respect to the compensation of our Chief Executive Officer and other senior executive officers. The following seven Directors are members of the Compensation Committee: Andrew B. Schmitt, Chair, Thomas A. McDonnell, M. Jeannine Strandjord, Dr. Andrzej Olechowski, Eriberto R. Scocimara, Mark R. Callegari and Paul Althasen. The Board has determined that all the members of the Compensation Committee are (i) independent as defined under the independence standards of the listing standards of the Nasdaq Stock Market LLC both for directors generally and those applicable to members of the Compensation Committee, (ii) “non-employee” directors under Section 16 rules, and (iii) “outside directors” for purposes of Internal Revenue Code Section 162(m).

The Compensation Committee performs its functions and responsibilities pursuant to a written charter adopted by our Board, which is published on Euronet’s website at <http://ir.euronetworldwide.com/corporate-governance>.

Its charter authorizes our Compensation Committee to delegate its responsibilities to one or more subcommittees or Directors, in accordance with restrictions set forth in the charter. Under the terms of our incentive plans, our Compensation Committee is authorized to administer the plans and may delegate its authority under such plans to another committee of the Board or a Director.

Our human resources department supports the Compensation Committee in its work and in some cases acts pursuant to delegated authority to fulfill various functions in administering the day-to-day ministerial aspects of our compensation and benefits plans.

Annual Process for Determining Compensation of Executive Officers

As further described in the “Compensation Discussion and Analysis,” our Compensation Committee, together with senior management and outside consultants engaged by the Compensation Committee, conducts an annual review of our overall compensation program for executive officers. With respect to executive officer compensation, our Compensation Committee reviews each of the key components of compensation - base salary and short- and long-term incentives, both within Euronet and as compared to peers and survey data to determine whether each of these components is consistent with our compensation philosophy and its related goals and objectives. Upon the recommendation of our Chief Executive Officer with respect to the compensation of each executive officer who directly reports to him, and, based on the findings of any outside consultants that may be engaged to assist in this review, our Compensation Committee determines or recommends to the full Board, as appropriate, the compensation for all key executives, including our Chief Executive Officer. Executive officers are not involved in proposing or seeking approval for their own compensation.

Process for Determining Non-Employee Director Compensation

Our Compensation Committee makes recommendations to the full Board about Board compensation and benefits for non-employee Directors, including cash, equity-based awards and other compensation based on the recommendations of outside compensation consultants. Our Compensation Committee seeks advice and recommendations from independent outside compensation consultants who are retained by the committee to, among other functions:

(i) conduct a competitive assessment of non-employee Director compensation compared to competitive practice, (ii) inform the committee of emerging trends in director pay practices, (iii) advise on stock ownership guidelines for non-employee Directors, and (iv) assess the amount of compensation that is adequate to compensate our Directors for their time and effort with respect to Board obligations. If, after the periodic review of non-employee Director compensation by our Compensation Committee, the committee accepts recommendations from the outside compensation consultants that any changes should be made to such program, it will recommend such changes to our Board for approval.

Outside Executive Compensation Consultants

The Compensation Committee directly retained Aon as its outside compensation consultant for 2018. Aon assisted the Compensation Committee and performed functions in connection with executive compensation matters for the Compensation Committee including: (i) conducting a competitive assessment of key executives' total direct compensation (e.g., sum of base salary, annual bonus and long-term incentive opportunity), (ii) evaluating appropriateness of annual incentive plan targets and standards, (iii) assessing whether the structure (the mix of cash and equity compensation, as well as annual and long-term incentives) is appropriate and competitive, (iv) comparing Euronet's annual share utilization and earnings per share dilution for equity-based compensation to competitive practices and institutional investor guidelines, (v) comparing Euronet's expense for stock-based compensation to its peer companies, (vi) advising the Compensation Committee regarding design changes to compensatory

programs and the development of new programs based on strategic goals, competitive assessment, regulatory changes and risk management, (vii) informing the Compensation Committee of emerging trends in executive compensation, the institutional investor climate and corporate governance and accounting developments, (viii) providing and periodically advising on stock ownership or retention guidelines for senior executives, and (ix) providing the Compensation Committee with regular updates regarding changes in regulatory and legislative developments impacting executive compensation.

The Compensation Committee assessed the independence of Aon pursuant to Nasdaq's rules and concluded that no conflict of interest exists that would prevent Aon from independently advising the Committee.

Compensation Policies and Practices as They Relate to Risk Management

Together with management, the Compensation Committee considered the design and operation of the Company's compensation arrangements, including the performance objectives and target levels used in connection with incentive awards and evaluated the relationship between the Company's risk management and these arrangements. The Compensation Committee believes that the Company's compensation policies and practices do not encourage unnecessary or excessive risk taking and that any risks arising from the Company's compensation policies and practices for its employees are not reasonably likely to have a material adverse effect on the Company.

Nominating & Corporate Governance Committee

The Nominating & Corporate Governance Committee met twice in 2018. In February 2019, the Nominating & Corporate Governance Committee met to evaluate the performance of the Board during 2018 and consider nominees for election at the Annual Meeting. Eriberto R. Scocimara, Chair, Andrew B. Schmitt, M. Jeannine Strandjord, Andrzej Olechowski, Thomas A. McDonnell, Mark R. Callegari and Paul Althasen are the current members of the Nominating & Corporate Governance Committee. The Board has determined that all of the members of the Nominating & Corporate Governance Committee are independent as defined under the general independence standards of the listing standards of The Nasdaq Stock Market LLC.

The Nominating & Corporate Governance Committee performs the functions of a nominating committee. The Nominating & Corporate Governance Committee's charter describes the committee's responsibilities, including developing corporate governance guidelines and seeking, screening and recommending Director candidates for nomination by the Board. This charter is published on our website at <http://ir.euronetworldwide.com/corporate-governance> under the Corporate Governance menu. Euronet's Corporate Governance Guidelines contain information regarding the selection, qualification and criteria for Director nominees and the composition of the Board, and are published on Euronet's website at <http://ir.euronetworldwide.com/corporate-governance>.

The Nominating & Corporate Governance Committee evaluates each Director in the context of the Board as a whole, with the objective of recommending a Director who can best perpetuate the success of the business and represent Stockholder interests through the exercise of sound judgment using his or her diversity of experience in these various areas. The Nominating & Corporate Governance Committee considers the experience, qualifications, attributes and skills of each Director and nominee, including the person's particular areas of expertise and other relevant qualifications, and the interplay of such experience, qualifications, attributes and skills with the Board as a whole. As determining the specific qualifications or criteria against which to evaluate the fitness or eligibility of potential Director candidates is necessarily a dynamic and an evolving process, the Board believes that it is not always in the best interests of Euronet or its Stockholders to attempt to create an exhaustive list of such qualifications or criteria. Appropriate flexibility is needed to evaluate all relevant facts and circumstances in context of the needs of the Board and Euronet at a particular point in time. Accordingly, the Nominating & Corporate Governance Committee reserves the right to consider those factors as it deems relevant and appropriate, including the current composition of the Board, the balance of management and independent Directors, the need for Audit Committee expertise and the evaluations of other potential Director candidates. The committee does not have a policy concerning diversity but it believes that the above criteria will lead the committee to consider diversity in its various forms (including diversity of age, experience, background and perspective) in selecting Director candidates. In determining whether to recommend a Director for re-election, the Nominating & Corporate Governance Committee also considers the Director's past attendance at meetings and participation in and contributions to the activities of the Board.

As general guidelines, members of the Board and potential Director candidates for nomination to the Board will be persons with appropriate educational background and training and who:

- have personal and professional integrity;
- act in a thorough and inquisitive manner;
- are objective;
- have practical wisdom and mature judgment;
- have demonstrated the kind of ability and judgment to work effectively with other members of the Board to serve the long-term interests of the Stockholders;

- have a general understanding of management, marketing, accounting, finance and other elements relevant to Euronet's success in today's business environment;
- have financial and business acumen, relevant experience, and the ability to represent and act on behalf of all Stockholders;
- are willing to devote sufficient time to carrying out their duties and responsibilities effectively, including advance review of meeting materials; and
- are committed to serve on the Board and its committees for an extended period of time.

In addition, we do not permit any new Directors nominated by the Board (a) who serve as a member of Euronet's Audit Committee to serve on the audit committee of more than two other boards of public companies, (b) who serve as chief executive officers or in equivalent positions of other public companies to serve on more than two boards of public companies in addition to the Board, and (c) generally to serve on more than four other boards of public companies in addition to the Board. These policies were adopted in November 2003 and the Board determined that they would not be applied to Directors who were serving on the Board at that time, unless the Board considers that failure to comply is impairing the quality of a Director's service on the Board.

The Board values the contributions of a Director whose years of service has given him or her insight into Euronet and its operations and believes term limits are not necessary.

Director Candidate Recommendations and Nominations by Stockholders

The Nominating & Corporate Governance Committee's charter provides that the Nominating & Corporate Governance Committee will consider Director candidate recommendations by Stockholders. Director candidates recommended by Stockholders are evaluated in the same manner as candidates recommended by the Nominating & Corporate Governance Committee. Stockholders should submit any such recommendations to the Nominating & Corporate Governance Committee through the method described under "Other Matters - Recommendations or Nominations of Individuals to Serve as Directors" below. In addition, in accordance with Euronet's Bylaws, any Stockholder of record entitled to vote for the election of Directors at the applicable meeting of Stockholders may nominate persons for election to the Board of Directors if such Stockholder complies with the notice procedures set forth in the Bylaws and summarized in "Other Matters - Deadline to Propose or Nominate Individuals to Serve as Directors" below.

Lead Independent Director

Under the Company's Corporate Governance Guidelines, the Board annually selects a Lead Independent Director. The principal responsibilities of the Lead Independent Director are to call for and conduct executive sessions of the Board, serve as liaison between the Chairman of the Board and the independent Directors, approve meeting agendas and schedules for Board meetings, recommend matters to the Chairman for consideration by the Board and be available for consultation and direct communication with Stockholders and all interested parties. A full list of the roles and responsibilities is included in the Company's Corporate Governance Guidelines.

The Board believes that the existence of a Lead Independent Director enhances coordination of decision-making among the independent Directors and communication between them and the Chairman, and provides a single point of contact for Stockholders and other outside parties to communicate with the Board. Thomas A. McDonnell has acted as the Lead Independent Director since September 2014.

Combined CEO and Chairman Role

Michael J. Brown currently serves as both Chairman of the Board of Directors and Chief Executive Officer and President of the Company. The Nominating & Corporate Governance Committee and the Board have considered the advantages and disadvantages of the combination of these two roles and consider it appropriate to maintain the combined roles. In particular, the Board has concluded that this structure promotes unified leadership and direction for the Company and provides a single, clear focus for the chain of command to execute the Company's business plans and strategies.

Risk Oversight

The Board has delegated oversight of Euronet's risk management efforts to the Audit Committee. The Audit Committee's role in risk oversight includes reviewing information provided by members of senior management on areas of material risk to the Company, or to the success of a particular project or endeavor under consideration, including operational, financial, legal, regulatory, compliance, cybersecurity, strategic and reputational risks. The

Audit Committee uses such information to understand the Company's risk identification, risk management and risk mitigation strategies. The Board believes that risk management is an integral part of Euronet's annual strategic planning process, which addresses, among other things, the risks and opportunities facing the Company.

Part of the Audit Committee's responsibilities, as set forth in its charter, is to review with corporate management, the independent auditors and the internal auditors, if applicable, any legal matters, risks or exposures that could have a significant impact on the financial statements and the steps management has taken to minimize the Company's exposure. The Company's management regularly evaluates these controls, and the Audit Committee is provided regular updates regarding the effectiveness of the controls. The Audit Committee regularly reports to the full Board.

Cybersecurity Oversight

The Board is responsible for overseeing cybersecurity risk. In 2018, the Company's Chief Technology Officer gave two presentations to the Board regarding the security and integrity of the Company's systems, including cybersecurity updates that focused on the Company's most critical processing systems, cybersecurity infrastructure and procedures, drills and training of employees, mitigation of cyber risks and assessments by third-party experts.

Communications with the Board of Directors

The Board has approved a formal policy for Stockholders to send communications to the Board or its individual members. Stockholders can send communications to the Board and specified individual Directors by mailing a letter to the attention of the Board or a specific Director (c/o the General Counsel) at Euronet Worldwide, Inc., 3500 College Blvd., Leawood, Kansas 66211 or by sending an email to directors@eef.com.

Upon receipt of a communication for the Board or an individual Director, the General Counsel will promptly forward any such communication to all the members of the Board or the individual Director, as appropriate. If a communication to an individual Director deals with a matter regarding Euronet, the General Counsel will forward the communication to the entire Board, as well as the individual Director. Neither the Board nor a specific Director is required to respond to Stockholder communications and when responding shall do so only in compliance with the Corporate Governance Guidelines.

Director Attendance at Annual Meeting

Euronet has a policy encouraging its Directors to attend the Annual Meeting of Stockholders. Two Directors, Michael J. Brown and Mark R. Callegari, attended our 2018 Annual Meeting.

Code of Conduct

The Board has adopted a Code of Business Conduct & Ethics for Directors, Officers and Employees (the "Code of Conduct") that applies to all of our employees and Directors, including the Chief Executive Officer, the Chief Financial Officer and the Controller. The Code of Conduct is available on Euronet's website at <http://ir.euronetworldwide.com/corporate-governance>. Any amendment to or waiver of the Code of Conduct will be filed on Form 8-K or posted on our website.

Classified Board

We currently have eight Directors divided among three classes as described above.

The Board has determined that all of the Directors, other than Mr. Brown, are independent Directors as defined in the listing standards for The Nasdaq Stock Market LLC.

Three Class I Directors are to be elected at the Annual Meeting for three-year terms ending at the Annual Meeting of Stockholders in 2022. The Board has nominated Michael J. Brown, Andrew B. Schmitt and M. Jeannine Strandjord for election as Class I Directors. Unless otherwise instructed, each valid proxy will be voted for Ms. Strandjord and Messrs. Brown and Schmitt. Each of the Class I nominees has consented to serve as a Director of Euronet. If a nominee is unable or subsequently declines to serve as a Director at the time of the Annual Meeting, the proxies will be voted for any alternative nominee who shall be designated by the present Board to fill the vacancy. We are not aware of any reason why Ms. Strandjord and Messrs. Brown and Schmitt will be unable or will decline to serve as a Director.

Nominees for Election at the Annual Meeting

The following is a brief description of the business experience of each nominee for Director and a brief discussion of the specific experience, qualifications, attributes or skills that led to the conclusion that the nominee should continue to serve as a Director for the Company, in light of the Company's business and structure. All of these Directors have served on our Board for at least ten years.

MICHAEL J. BROWN is one of the founders of Euronet and has served as our Chairman of the Board and Chief Executive Officer since 1996 and as our President since December 2014. He also served as our President from December 11, 2006 to June 11, 2007. He founded our predecessor in 1994 with Daniel R. Henry, our former President and Chief Operating Officer. Mr. Brown has been a Director of Euronet since our incorporation in December 1996 and previously served on the boards of Euronet's predecessor companies. In 1979, Mr. Brown co-founded Innovative Software, Inc., a computer software company that was merged in 1988 with Informix. Mr. Brown served as President and Chief Operating Officer of Informix from February 1988 to January 1989. He served as President of the Workstation Products Division of Informix from January 1989 until April 1990. In 1993, Mr. Brown was a founding investor of Visual Tools, Inc. Visual Tools, Inc. was acquired by Sybase Software in 1996. Mr. Brown was formerly a director of Blue Valley Ban Corp. and Nexxus Lighting, Inc. Mr. Brown received a B.S. in electrical engineering from the University of Missouri-Columbia in 1979 and a M.S. in molecular and cellular biology at the University of Missouri-Kansas City in 1997.

In selecting Mr. Brown as a nominee for Director, the Board considered his deep commitment to the success of the Company (demonstrated in particular by his long-term stock holdings), his extensive experience as the founder of the Company and the initiator of each of the business lines of the Company, and the strategic, business and financial skills and knowledge he brings to his position as Director. Through his management of the Company since its inception, Mr. Brown has acquired a unique knowledge of the financial transaction processing industry in the markets in which

the Company operates.

ANDREW B. SCHMITT has served on our Board since September 24, 2003. Mr. Schmitt served as President and Chief Executive Officer of Layne Christensen Company from October 1993 until his retirement on January 31, 2012. For approximately

16

two years prior to joining Layne Christensen Company, Mr. Schmitt was a partner in two privately owned hydrostatic pump and motor manufacturing companies and an oil and gas service company. He served as President of the Tri-State Oil Tools Division of Baker Hughes Incorporated from February 1988 to October 1991. Currently, Mr. Schmitt serves on the board of directors of FreightCar America, Inc., where he chairs the Compensation Committee and is a member of the Nominating and Corporate Governance Committee. Mr. Schmitt served as a director of Layne Christensen Company until his retirement in 2012. Mr. Schmitt holds a bachelor of science degree from the University of Alabama School of Commerce and Business.

In selecting Mr. Schmitt as a nominee for Director, the Board considered his extensive financial, business and management experience and skills, including in particular, valuable knowledge and experience acquired from managing an international business that, like the Company, operated in many developing markets during his tenure. M. JEANNINE STRANDJORD, CPA, has 40 plus years of financial management experience and was employed in three different industries after starting in public accounting on the audit staff of Ernst and Whinney in 1968. For 20 years, beginning in 1985, she held several senior financial management roles at Sprint Corporation. She managed the successful transformation and restructuring of Sprint as Chief Integration Officer from 2003 until 2005 when she retired. Previously, she was Senior VP and Chief Financial Officer of Global Solutions, a \$9 billion division, from 1998 until 2003, and was Controller and Treasurer from 1986 to 1998. Ms. Strandjord was a director of American Century Mutual Funds (for six registered investment companies) from 1994 to 2018; was a director of DST Systems, Inc., from 1996 to 2012; and has been a director of MGP Ingredients since 2013. She has also been a director of JE Dunn Construction Corporation, a private company, since 2006. Her current non-profit boards are the Ewing Marion Kauffman Foundation, the Truman Library, and the KU Medical Center Advancement Board. Past non-profit boards include Rockhurst University, the Heartland Chapter of the National Association for Corporate Directors, the Kansas City Community Foundation and the National World War I Museum and Memorial. She has been a Director of the Company since 2001 and is currently the Chair of the Audit Committee. She also served as Lead Independent Director from 2010 to 2014. Ms. Strandjord holds a bachelor's degree in accounting and business administration from the University of Kansas. She was named "Director of the Year" by the National Association of Corporate Directors in 2018.

In selecting Ms. Strandjord as a nominee for Director, the Board considered her experience on the boards of various other public companies, as well as an extensive background in finance, corporate governance, restructuring, talent management, and compensation and benefits.

Other Directors

The following is a brief description of the business experience of each of our other Directors whose term of office will extend beyond 2018, and a brief discussion of the specific experience, qualifications, attributes or skills that led to the conclusion that the other Directors are qualified for service as a Director of the Company, in light of the Company's business and structure.

PAUL S. ALTHASEN has served on our Board since May 2003. He joined Euronet in February 2003 in connection with Euronet's acquisition of e-pay Limited, a UK company. Mr. Althasen served as Executive Vice President of Euronet until his resignation on April 2, 2012. Mr. Althasen is a co-founder and former CEO and Co-Managing Director of e-pay, and he was responsible for the strategic direction of e-pay from its formation in 1999 until April 2012. From 1989 to 1999, Mr. Althasen was a co-founder and Managing Director of MPC Mobile Phone Center, a franchised retailer of cellular phones in the UK. Previously, Mr. Althasen worked for Chemical Bank in London where he traded financial securities. From 2008 to 2016, Mr. Althasen served as a director of Evolve Telecom Ltd., a B2B provider of telecommunication services. Mr. Althasen currently serves as a director of Lodwick Homes Ltd. Since 2008, Mr. Althasen has been a director of Pier Insurance Managed Services Ltd., where he holds joint responsibility for the company's strategic direction and general management. Mr. Althasen has a B.A. (Honors) degree in business studies from the City of London Business School.

The Board considers as particularly valuable Mr. Althasen's broad first-hand knowledge and experience in the prepaid payments industry in Western Europe and especially in the UK.

THOMAS A. MCDONNELL has been a Director of Euronet since its incorporation in December 1996 and he previously served on the boards of Euronet's predecessor companies. He has served as Lead Independent Director since September 2014. From October 1984 until September 12, 2012, he served as Chief Executive Officer of DST Systems, Inc., a former Stockholder of Euronet. From September 12, 2012 through December 31, 2012, he served as non-executive Chairman of DST Systems, Inc. From 1973 to September 1995, he served as Treasurer of DST Systems, Inc. From January 1, 2013 until his retirement on December 31, 2014, Mr. McDonnell was President and Chief Executive Officer of the Ewing Marion Kauffman Foundation. Mr. McDonnell is currently a director of Blue Valley Ban Corp., Cohanzick HY Fund Ltd., and Kansas City Southern, where he is a member of the Audit Committee. Mr. McDonnell has a B.S. in Accounting from Rockhurst University and an M.B.A. from the Wharton School of Finance.

The Board considers as particularly valuable Mr. McDonnell's many years of experience in management of a public company in the transaction processing industry and participation on other company boards, whereby Mr. McDonnell has acquired extensive financial, accounting and management experience and substantive business knowledge. These qualities, as well as the knowledge of the Company's business gained from his participation on the Board since the Company's inception, are considered particularly valuable by the Board.

DR. ANDRZEJ OLECHOWSKI has served on our Board since May 2002. He previously served as a Director of Euronet from its incorporation in December 1996 until May 2000. From 1992 to 1993, and again in 1995, he served as economic advisor to President Lech Walesa. From 1991 to 1992, he was Secretary of State in the Ministry of Foreign Economic Relations and from 1989 to 1991 he was Deputy Governor of the National Bank of Poland. (Poland), and the board of directors of Play Communications S.A. and the boards of various charitable and educational foundations. Dr. Olechowski is currently a Professor at Visula University. He received a Ph.D. in Economics in 1979 from the Central School of Planning and Statistics in Warsaw.

The Board considers as particularly valuable Dr. Olechowski's significant stature in Polish government and business, his extensive business connections in and knowledge of the banking industry in Poland and Central Europe (which have historically been among the Company's most important markets in the EFT Division), as well as his experience as a consultant and member of other boards with respect to the strategic and market factors affecting the Company's business.

ERIBERTO R. SCOCIMARA has been a Director of Euronet since its incorporation in December 1996 and previously served on the boards of Euronet's predecessor companies. From April 1994 through its liquidation in 2011, Mr. Scocimara served as President and Chief Executive Officer of the Hungarian-American Enterprise Fund ("HAEF"), a private company that was funded by the U.S. government and invested in Hungary. From 1984 until 2016 when he retired, Mr. Scocimara was the President of Scocimara & Company, Inc., an investment management company. The Board considers as particularly valuable Mr. Scocimara's extensive financial and business experience acquired through his participation on other boards and committees and management of a Central European investment fund. These qualities as well as his broad range of business contacts and knowledge of Central Europe are considered particularly valuable by the Board.

The Board considers as particularly valuable Mr. Callegari's extensive talent as a proven entrepreneur with valuable insight and his experience in developing industry leading technology and software solutions.

Required Vote and Board Recommendation

Election of the Company's three nominees for Director requires each Director nominee to receive the affirmative vote of a majority of the votes cast in person or represented by proxy at the Annual Meeting regarding the election of such Director nominee.

THE BOARD UNANIMOUSLY RECOMMENDS THAT YOU VOTE "FOR" THE ELECTION OF MR. MICHAEL J. BROWN, MR. ANDREW B. SCHMITT AND MS. M. JEANNINE STRANDJORD AS CLASS I DIRECTORS OF EURONET.

PROPOSAL 2

RATIFICATION OF KPMG LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR 2019

We are requesting our Stockholders ratify the selection by our Audit Committee of KPMG LLP as Euronet's independent registered public accounting firm for 2019. KPMG LLP will audit the consolidated financial statements of Euronet and its subsidiaries for 2019, review certain reports we will file with the SEC, audit the effectiveness of our internal control over financial reporting, provide our Board and Stockholders with certain reports, and provide such other services as our Audit Committee and its Chairperson may approve from time to time.

KPMG LLP served as our independent registered public accounting firm for 2018, and performed professional services for us as described below in the "Audit Matters" section. Representatives of KPMG LLP are expected to be present at the Annual Meeting and will have the opportunity to make a statement if they desire and to respond to appropriate questions. Although our Audit Committee has selected KPMG LLP, it nonetheless may, in its discretion, terminate KPMG's engagement and retain another independent registered public accounting firm at any time during the year if it concludes that such change would be in the best interests of Euronet and its Stockholders.

Required Vote and Board Recommendation

Approval of the ratification of KPMG LLP as our independent registered public accounting firm for 2019 requires the affirmative vote of a majority of the shares of Common Stock present in person or represented by proxy at the Annual Meeting and voting on this proposal.

THE BOARD UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE "FOR" THE RATIFICATION OF THE SELECTION OF KPMG LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR 2019.

PROPOSAL 3

ADVISORY VOTE TO APPROVE EXECUTIVE COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, or the Dodd-Frank Act, enables our Stockholders to vote to approve, on a non-binding advisory basis, the compensation of our named executive officers as disclosed in this Proxy Statement in accordance with the SEC's rules.

As described in detail below under the heading "Compensation Discussion and Analysis," our executive compensation programs are designed (i) to align the interests of executive management and Stockholders by making individual compensation dependent upon achievement of financial goals and by providing long-term incentives through our equity-based award plans, and (ii) to provide competitive compensation that will help attract, retain and reward highly qualified executives who contribute to our long-term success. The overall compensation program is designed to reward a combination of strong individual performance, strong performance by Euronet in meeting its long-term strategic goals and stock price appreciation.

Our compensation package for executive officers consists of a balance of base salary, certain employee benefits, annual bonuses under our Executive Annual Incentive Plan, performance based equity grants and limited perquisites or other benefits. To serve the best interests of Stockholders, the Compensation Committee follows an executive compensation philosophy that emphasizes performance-based compensation. This philosophy also aligns the economic interests of executive officers and Stockholders by ensuring that nonvested performance-based equity incentive awards represent a substantial portion of an executive officer's total compensation package. The Compensation Committee periodically reviews our executive compensation practices to ensure they achieve our desired goals.

At last year's annual meeting, over 97% of the votes cast on the advisory vote on executive compensation were in favor of the Company's named executive officer compensation for 2017. We are asking our Stockholders to again indicate their support for our named executive officer compensation as described in this Proxy Statement. This proposal, commonly known as a "say-on-pay" proposal, gives our Stockholders the opportunity to express their views on our named executive officers' compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies and practices described in this Proxy Statement. Accordingly, we will ask our Stockholders to approve, on an advisory basis, the following resolution:

"RESOLVED, that the Company's Stockholders approve, on an advisory basis, the compensation of the named executive officers, as disclosed in the Company's Proxy Statement for the 2019 Annual Meeting of Stockholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the compensation tables and related narrative disclosure."

The say-on-pay vote is advisory, and therefore not binding on the Company, the Compensation Committee or our Board of Directors. However, our Board of Directors and Compensation Committee value the opinions of our Stockholders and will consider the outcome of the vote when making future executive compensation decisions.

THE BOARD UNANIMOUSLY RECOMMENDS AN ADVISORY VOTE "FOR" THE APPROVAL OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS, AS DISCLOSED IN THIS PROXY STATEMENT PURSUANT TO THE COMPENSATION DISCLOSURE RULES OF THE SECURITIES AND EXCHANGE COMMISSION, INCLUDING THE COMPENSATION DISCUSSION AND ANALYSIS, THE COMPENSATION TABLES AND RELATED NARRATIVE DISCLOSURE.

COMPENSATION DISCUSSION AND ANALYSIS

Executive Summary

Euronet has a long-standing compensation philosophy that emphasizes performance-based compensation. In furtherance of that philosophy, Euronet provides its executives strong incentives to drive operating performance and profitability, while promoting an appropriate balance between short-term performance and sustainable long-term growth. Our Compensation Committee believes that an appropriate incentive-driven compensation program closely correlates with the achievement of operating and financial performance goals that lead to improvements in long-term stockholder value. As described directly below, Euronet's strong operational and financial performance over the last several years was reflected in the significant increase in our Common Stock - outperforming broad equity indices, such as the NASDAQ market index.

Management's primary operating measures are earnings per share and operating income, each adjusted for currency fluctuations and certain pre-defined non-cash and non-recurring elements approved by the Compensation Committee, which we refer to as "adjusted EPS" and "adjusted operating income," respectively.

Financial Performance

In 2018, Euronet achieved strong financial results, while at the same time expanding our network of ATMs under management, non-mobile content and our money transfer network to help position our Company for long-term success. Our 2018 highlights include:

• We increased total revenues by 13%, or \$284.2 million, to \$2,536.6 million in 2018 from \$2,252.4 million in 2017; We increased our adjusted operating income (annual operating income excluding impairment charges, intangible amortization and share-based compensation) by 19%, or \$66.2 million, to \$410.9 million in 2018 from \$344.7 million in 2017 (16% increase on a constant currency basis)¹; and

• We increased adjusted EPS by 21%, or \$0.95, to \$5.53 in 2018 from \$4.58 in 2017 (16% increase on a constant currency basis)¹.

The closing price of our Common Stock was \$102.38 per share on December 31, 2018 and \$84.27 per share on December 31, 2017. Euronet has delivered total shareholder return of 114% over the five-year period ended December 31, 2018, with an annual compound shareholder return of 16% during that period. A \$100 investment in Euronet at the beginning of 2014 would have grown to \$214 at the end of 2018, more than two and a half times the return of the NASDAQ Global Select Market and NASDAQ Financial Index over the same period.

¹ Adjusted operating income, adjusted EPS, adjusted operating income on a constant currency basis, and adjusted EPS on a constant currency basis are non-GAAP financial measures that exclude certain items. Please refer to Appendix A to this Proxy Statement for a reconciliation of these measures relative to reported GAAP financial measures. To evaluate performance in a manner consistent with how management evaluates our operational results and trends, the Compensation Committee uses certain non-GAAP performance metrics for both annual incentive and long-term awards. Constant currency financial measures assume constant foreign currency exchange rates did not change from the prior period, which enables consistent year-over-year financial comparisons and ensures incentive payouts are not

artificially inflated or impaired by local country currency fluctuations that are outside the control of management.

Overview and Philosophy

The Compensation Committee, which currently consists of seven independent Directors who each hold a significant amount of Company stock, administers our executive compensation programs. The Compensation Committee is responsible for recommending policies to the Board that govern both annual cash compensation and equity incentive programs.

Our executive compensation policies have the following objectives:

- to align the interests of executive management and Stockholders by making individual compensation dependent upon achievement of financial goals and by providing long-term incentives through our equity-based award plans; and
- to provide competitive compensation that will help attract, retain and reward highly qualified executives who contribute to our long-term success.

The overall compensation program is also designed to reward a combination of strong individual performance, strong performance by Euronet in meeting its long-term strategic goals and stock price appreciation.

Our compensation package for executive officers consists of a balance of base salary, certain employee benefits, annual incentive compensation under our Executive Annual Incentive Plan, which is based on a combination of corporate and individual performance criteria, and stock options or grants of restricted stock or restricted stock units (collectively referred to as “restricted stock”) which vest over a period of years and/or upon the achievement of certain performance-based criteria. The base salary and benefit components are intended to compensate executive officers for day-to-day activity in accordance with each executive officer’s employment arrangement with us. The annual incentive compensation component and the stock option and restricted stock awards are intended to reward executive officers for strong performance and to help align executive officers’ interests with those of the Stockholders.

To best serve the interests of Stockholders, the Compensation Committee follows an executive compensation philosophy that emphasizes performance-based compensation. In determining compensation, the Compensation Committee considers measures of performance against pre-determined financial and strategic goals and objectives. This approach provides Euronet’s top executive officers with an incentive to achieve strategic long-term goals that benefit Stockholders.

The Compensation Committee's executive compensation philosophy also aligns the economic interests of executive officers and Stockholders by ensuring that nonvested performance-based equity incentive awards represent a substantial portion of an executive officer's total compensation package.

The Compensation Committee considers input from our Chief Executive Officer ("CEO") and Chief Financial Officer ("CFO") regarding the responsibilities and accomplishments of individual executive officers, information as to potential achievability of incentive goals and levels of various compensation elements necessary to provide incentives for and to retain executive management. Our Chief Executive Officer makes recommendations to the Compensation Committee on each of the other executive officer's compensation. Executive officers are not involved in proposing or seeking approval for their own compensation. For the Chief Executive Officer's review, the independent Directors meet in executive session to assess the Chief Executive Officer's performance and determine appropriate compensation levels.

The Compensation Committee has the authority to retain independent outside consultants or advisors as it deems necessary to provide desired expertise and counsel. The Compensation Committee engaged the services of Aon as its independent compensation consultant for 2018. Aon reports directly and exclusively to the Compensation Committee and provides advice regarding current and emerging best practices with regard to executive compensation.

Representatives from Aon attended the December 2017 meeting, when the Committee approved grants of stock incentive awards and determined executive compensation and established the performance targets for 2018. During 2018, Aon provided other services to the Compensation Committee as outlined on page 12. Aon did not provide any other services to the Compensation Committee or the Company outside of its capacity as compensation consultant.

Performance Criteria

In determining the annual compensation of each executive officer, including the Chief Executive Officer, the Compensation Committee considers Euronet's financial performance both on an absolute basis and relative to comparable companies. In addition, it assesses individual performance against quantitative and qualitative objectives. Factors considered by the Compensation Committee in assessing individual performance include, but are not limited to:

Financial Results — Company and business sector financial results for the most recent relevant period, on an absolute basis and relative to comparable companies with respect to certain financial parameters, including revenue growth, operating income growth, growth in per share earnings and return on equity;

Strategic Growth and Execution — strategic planning and implementation, business growth, acquisitions, technology and innovation;

- Leadership and Effectiveness — management development and personal leadership; and

- Governance and Controls — corporate reputation and brand, risk management, the strength of the internal control environment and contribution to a culture of ethics and compliance.

The Compensation Committee considers all factors collectively in determining executive officers' annual compensation. The weight given to a particular factor may vary from year to year depending on the goals and objectives of the organization, thus enabling the Compensation Committee to align annual financial objectives with strategic leadership initiatives.

The Compensation Committee believes that it establishes challenging performance goals for executive management incentive plans. Performance goals primarily focus on adjusted EPS growth which the Compensation Committee believes provides a meaningful incentive for the executives and is strongly correlated with improved stockholder returns. Over the last several years, executive management has achieved most of its non-equity incentive compensation and long-term share-based incentive awards due to the Company's strong performance. However, it is important to note that for 2017, the non-equity incentive compensation goals were not achieved and, accordingly, executive management received no non-equity incentive compensation despite reporting year-over-year adjusted EPS growth of 14%, demonstrating the Compensation Committee's establishment of challenging performance goals.

Peer Group

The Compensation Committee believes that it is essential for our continued success that overall compensation policies allow us to be competitive in attracting and retaining executive talent. However, the Committee does not establish compensation targets solely based on peer group compensation amounts, because it believes that individual and company performance should be the primary determinants of annual compensation.

The Company's peer group (the "Peer Group"), listed below, and Aon's Total Compensation Measurement survey database, were used in evaluating the Company's executive compensation decisions in 2018. The Compensation Committee believes the group of companies have similar financial characteristics as Euronet and operate in similar industries. The companies comprising the Peer Group during 2018, all of which had revenues between \$400 million and \$5.6 billion and market capitalization between \$100 million and \$16.5 billion, were:

Total Systems Services, Inc.	EVERTEC, Inc.
Jack Henry & Associates, Inc.	ACI Worldwide, Inc.
FactSet Research Systems, Inc	Fair Issac Corp
Global Payments, Inc.	Cardtronics, Inc.
Broadridge Financial Solutions, Inc.	MoneyGram International, Inc.
Cboe Global Markets, Inc.	TTEC Holdings, Inc.
Envestnet, Inc.	Green Dot Corporation
WEX, Inc.	Square, Inc.
SS&C Technologies Holdings, Inc.	FleetCor Technologies, Inc.
The Western Union Company	

Euronet's revenues and market capitalization ranked at the following percentile as compared to the Peer Group:

	Percentile Rank(1)	
	Revenues	Market Capitalization
Euronet Worldwide, Inc.	63%	38%

(1) Based on fiscal 2018 revenues as reported in SEC filings. Market capitalization is based on closing share prices and number of shares reported as outstanding in SEC filings as of December 31, 2018.

Members of the current Peer Group were included because they met all of the following criteria:

- the company was in the same or similar industry as Euronet, including Data Processing and Outsourced Services, Application Software and Internet Software and Services,
- the company was reasonably comparable in revenue and market capitalization size to Euronet,
- the company was headquartered in the United States and publicly traded on a major stock exchange, and
- the company had a similar operating structure as Euronet, such as offering similar services and/or having significant foreign sales.

The Compensation Committee evaluates whether the compensation opportunities for executives are appropriate and competitive by comparing each named executive officer's total compensation opportunity, which represents the sum of the executive's base salary and target award amounts under the Executive Annual Incentive Plan and Stock Incentive Plan, to the total compensation opportunities for executives in comparable positions at peer companies. The Compensation Committee references the 50th percentile of the Peer Group when making this comparison, although a named executive officer's total compensation opportunity may be higher or lower depending upon the executive's tenure, overall level of responsibility and performance. The Compensation Committee believes that the 50th percentile is an appropriate targeted level of total compensation opportunity because of Euronet's size relative to the Peer Group. In December 2018, the Compensation Committee compared targeted executive compensation data with the median statistics of the relevant peer data. Base salaries for our executive officers were comparable to the median of our peers as was cash compensation, which included annual non-equity incentive compensation. However, after adding stock incentive compensation, the total targeted compensation of our executive officers was in the third quartile compared to

our peers. Most of the stock incentive compensation is subject to performance-based vesting criteria and our executive officers will fully earn this compensation only if the performance-based vesting criteria are satisfied and our share price appreciates from the date of grant. The Compensation Committee believes this structure is appropriate for our executive officers as it emphasizes performance-based stock compensation, consistent with our compensation philosophy.

Elements of Compensation

Key elements of our Named Executive Officer compensation programs are as follow.

Element	Purpose	Characteristics
Base Salaries	Compensates executives for their level of responsibility and individual performance. Also helps attract and retain strong talent.	Fixed component; evaluated annually
Annual Non-Equity Incentives	Promotes achieving our annual corporate and business division goals.	Performance-based cash opportunity; amount varies based on company performance.
Stock Incentives	Promotes (a) achieving our long-term corporate financial goals and (b) stock price appreciation.	Performance-based equity opportunity; amounts earned/realized will vary from the targeted grant-date fair value based on actual financial and stock price performance.

Each element of compensation is described below, including a discussion of the specific actions taken by the Compensation Committee for 2018 concerning the CEO and other executive officers.

Base Salary

In determining salary adjustments for the Chief Executive Officer and other executive officers, the Compensation Committee considered each executive officer's individual performance and the competitive salary levels for executives with similar responsibilities within the Peer Group and survey data. Adjustments are not made each year and the only change the Compensation Committee made during 2018 was to increase the annual salary of the CFO to \$500,000 effective January 1, 2019. The increase was designed to reward the contributions of the CFO to the growth of Euronet and to maintain market competitiveness of our CFO's total compensation opportunity.

Annual Non-Equity Incentive Compensation

In order to broaden senior management accountability for Company-wide financial and strategic goals and to emphasize the long-term performance of Euronet, in 2011 the Board adopted, and Stockholders approved, the Executive Annual Incentive Plan for certain members of senior and executive management, including the Named Executive Officers. In 2016, the Board adopted, and Stockholders approved, certain amendments to the Executive Annual Incentive Plan which, among other things, expanded and updated the list of performance goal terms and conditions. That plan was applicable throughout 2018. In determining annual non-equity incentive compensation, the Compensation Committee considers the overall performance of Euronet and the individual performance of each executive officer. In measuring individual performance, the Compensation Committee measures the level of responsibility of an executive officer against his base salary and other elements of compensation to determine whether overall compensation is sufficient to retain and motivate highly qualified individuals.

The Executive Annual Incentive Plan covers officers holding the office of Vice President and above. Non-equity incentive compensation to executive officers applies Company-wide performance criteria that executives directly influence, to ensure a link between annual performance and actual incentive payments. In December 2017, the Compensation Committee established 2018 incentive targets for Messrs. Brown, Weller, Fountas, Caponecchi and Bianchi based on predetermined adjusted EPS targets on a constant currency basis.

For 2018, adjusted EPS on a constant currency basis of \$4.79, \$4.96 or \$5.15 would result in a payout as a percentage of base salary of 75%, 150% or 300%, respectively, for Mr. Brown, 45%, 90% or 180%, respectively, for Mr. Weller and 37.5%, 75% or 150%, respectively, for each of Messrs. Fountas, Caponecchi and Bianchi. The threshold, target and maximum adjusted EPS objectives for 2018 represent a 5%, 8% and 12% increase, respectively, over adjusted EPS of \$4.58 for 2017. For 2018, the Company achieved adjusted EPS of \$5.53 (\$5.33 on a constant currency basis), which resulted in the maximum annual incentive compensation being paid to the Named Executive Officers.

Therefore, Messrs. Brown, Weller, Fountas Caponecchi and Bianchi were paid \$2,550,000, \$765,000, \$664,256, \$547,500 and \$600,000, respectively.

Stock Incentive Programs

Our stock incentive plans are designed to promote an alignment of long-term interests between our employees and our Stockholders and to assist in the retention and motivation of employees. The Compensation Committee can grant to

key employees

25

of Euronet and its subsidiaries a variety of stock incentives, including nonqualified stock options, incentive stock options, stock appreciation rights, restricted stock, performance awards and other stock-based incentives. Grants are usually approved by the Compensation Committee for recommendation to the Board during regularly scheduled committee meetings, of which there are typically four per year occurring at regular intervals. The Compensation Committee intends that performance-based stock incentives serve as a significant portion of our executive officers' total compensation package. They are granted in consideration of anticipated performance. Stock incentives offer the executive officers significant long-term incentives to increase their efforts on behalf of Euronet and its subsidiaries, to focus managerial efforts on enhancing stockholder value and to align the interests of the executive officers with the Stockholders. In certain circumstances, executives are awarded time-based stock incentives to provide a significant retention incentive. Grants of stock incentives are designed to be competitive with the companies in the Peer Group for the level of job the executive officer holds and to motivate the executive officer to contribute to an increase in our stock price over time.

Under the terms of the Stock Incentive Plan, last approved by the Stockholders in May 2013, the exercise price of all option awards made to our Named Executive Officers or any of our other employees is fixed at the closing trading price on the date of grant. We do not have a program, plan or practice of awarding options and setting the exercise price based on the stock's price on a date other than the grant date, and we do not have a practice of determining the exercise price of option grants by using average prices (or lowest prices) of our common stock in a period preceding or following the grant date.

In December 2018, the Named Executive Officers were granted a combination of stock options and performance vesting restricted stock. The stock options vest based on service conditions over five years. The restricted stock awards were divided into two groups with different vesting criteria. The first group of awards vest based on achieving compound annual growth in adjusted EPS, on a constant currency basis, for the years 2019 through 2021, contingent upon continued employment from the grant date to the date of vesting. Threshold compound annual growth rate ("CAGR") of 3% results in vesting of 25% of the award, target CAGR of 5.5% results in 50% vesting of the award, and maximum CAGR of 8% results in 100% vesting of the award. The awards are also contingent upon the achievement of adjusted operating income of \$60 million each year. The second group of awards vests over five years based on service conditions, contingent upon the achievement of adjusted operating income of \$60 million each year. These awards are further described in the paragraphs and tables below.

As described above, the Compensation Committee reviewed Euronet's performance in recent years in relation to the executives' incentive targets to confirm that the performance measures the Compensation Committee previously set for performance-based incentive stock awards were sufficiently rigorous and demanding. After this review, the Compensation Committee determined that the targets and the associated level of compensation awarded to the executive officers have generally been appropriate. Over the past five years, adjusted EPS grew at a compound annual rate of 22% and the Company's total shareholder return was 16% annually while our Peer Group had a median total shareholder return on its stock of 12% annually. The Compensation Committee believes this illustrates that it sets competitive compensation targets that align the interests of executives with those of Stockholders.

We reported and included each year's award as compensation in the summary compensation tables. These historical awards, while reported as compensation, are theoretical valuations assuming stock appreciation and full achievement of the established performance goals. We base the value realized on three important factors — a three to five year vesting period for equity awards, achievement of the predetermined performance goals and stock price appreciation. Therefore, actual compensation will differ from theoretical compensation based upon actual stock price and operating performance.

Compensation Mix

The Compensation Committee concluded that executive compensation reflects an appropriate mix of base salary, incentive bonuses, service-based equity compensation and performance-based equity compensation that provides

sufficient retentive and motivational value to align the interests of executives with our Stockholders.

Benefits

Our employees in the United States are entitled to receive medical, dental, vision, life and short-term and long-term disability insurance benefits and may participate in our 401(k) plan. For 401(k) participants, we match 50% of participant deferrals on the first six percent or four percent of a participant's deferrals, depending on which subsidiary's plan the employee participates. Generally, employees outside the United States are covered by social benefit programs of their respective countries. Our executive officers generally participate in these benefit plans on the same basis as our other employees.

With the exception of Mr. Brown, who is prohibited from participating in an Employee Stock Purchase Plan (“ESPP”) by Internal Revenue Service regulations because of his percentage ownership of Euronet, all of our employees are entitled to participate in the ESPP, which was adopted in 2001. This plan, which has been established in accordance with certain federal income tax rules set forth in Section 423 of the Internal Revenue Code of 1986, as amended (the “Code”), permits employees to purchase stock from us at a price that is equal to 85% of the lower of the trading price on the opening or closing of certain three-month “offering periods.”

Retirement Plans

We do not sponsor a defined benefit pension plan or any other deferred compensation plans for executives or any of our other employees.

Perquisites and Other Benefits

Perquisites and other benefits have been a very small part of our executive compensation program. The aggregate incremental cost to the Company of providing perquisites and other benefits to our CEO and the other Named Executive Officers as a group in 2018 was \$55,195 and \$202,826, respectively, and is included in the “All Other Compensation” column of the Summary Compensation Table on page 30. As a part of Mr. Fountas' relocation to London UK, the Compensation Committee approved the reimbursement of personal costs for housing and school tuition. The Compensation Committee believes this reimbursement is appropriate to locate Mr. Fountas in a significant European financial center near companies important to the growth plans of Euronet and to better facilitate international travel necessary for his duties. Considered both individually and in the aggregate, the Compensation Committee believes that the perquisites and other benefits we offer to our Named Executive Officers are reasonable and appropriate.

Change in Control

Euronet has a change in control provision in our Stock Incentive Plan that applies to all plan participants, including our Named Executive Officers. The change in control provisions were adopted to mitigate the concern that, in the event the Company is considering a change in control transaction, the employees involved in considering the transaction will be motivated to act in their own interests rather than the interests of the Stockholders. Employees may not be in a position to influence the Company’s performance after a change in control and may not be in a position to earn their incentive awards or vest in their equity awards. Thus, the provisions are designed to make any transaction neutral to the employees’ economic interests. For a more detailed discussion of change in control arrangements with our Named Executive Officers, see the "Employment Agreements" discussion below.

Employee and Director Stock Ownership and Hedging Policy

Euronet also encourages broad-based employee stock ownership through various Stockholder approved stock compensation plans. More than 400 employees have received awards in a combination of stock options and restricted stock. This means that, like other Stockholders, employees broadly participate in both the upside opportunity and the downside risk of our performance. The allocation of stock bonus awards is progressive, so that as an employee's total compensation increases, an increasing percentage of total compensation is paid in restricted stock and/or stock options. This ensures that higher paid employees have a greater at-risk financial interest in the sustained success of Euronet. Further, our insider trading policy prohibits our executives and Directors from engaging in hedging transactions designed to offset decreases in the market value of Euronet Common Stock. Our insider trading policy also contains restrictions on holding securities in a margin account or pledging securities as collateral for a loan. Exceptions to this restriction on pledging may be granted by the General Counsel under limited circumstances when the pledgor demonstrates the financial capacity to repay a loan without resorting to the pledged securities. Mr. Brown was granted a waiver of this restriction on pledging shares in connection with the pledge of shares to secure a loan from a third-party bank for a personal investment currently equal to approximately 7% of the total value of shares he holds.

The Compensation Committee has adopted stock ownership guidelines for the Chief Executive Officer and the non-executive Directors. The guidelines provide that after a compliance period of five years, the Chief Executive Officer is required to hold Euronet stock, or in-the-money value of equity awards of Euronet stock, with an aggregate

value at least equal to five times his annual base salary, and each Director is required to hold Euronet shares, or in-the-money value of equity awards of Euronet stock, with an aggregate value at least equal to four times the cash component of the annual Board fee. Our Chief Executive Officer and each Director exceeds the applicable stock ownership guideline thresholds. As of December 31, 2018, our CEO owned Euronet Stock with a value equal to 205 times his annual base salary. Our Directors owned Euronet Stock with values equal to a multiple of the cash component of the annual Board fee as follows: Messrs. Althasen (49 times), Olechowski (9 times), Schmitt (66 times), Scocimara (12 times), McDonnell (77 times); and Callegari (15 times); and Ms. Strandjord (41 times).

Repricing of Equity Awards

The Compensation Committee believes that equity awards should be made based upon conditions and financial metrics established as of the time of each award and that the terms of awards outstanding should not be revised as conditions change. The Compensation Committee is therefore committed not to engage in repricing of equity awards outstanding, except in the context of certain corporate reorganizations or with the approval of Stockholders. This policy has been confirmed through an amendment to our 2006 Stock Incentive Plan, which restricts us from engaging in repricing except in certain corporate reorganizations, without the approval of our Stockholders. The Compensation Committee extends its policy against repricing to all of Euronet's equity plans.

Adjustments to Compensation Plan

We currently have no formal policy on recapturing salary or incentive awards (equity or cash) granted to a Named Executive Officer in the event that we are required to restate our financial statements (whether arising from conduct or actions of the Named Executive Officer, or otherwise). There is currently no procedure to recover ("claw back") an element of compensation that has been paid and becomes final. The Compensation Committee believes that, despite the lack of a formal claw back policy, we have other policies and procedures in place that would deter and discourage Named Executive Officers from engaging in conduct or actions that may cause us to restate our financial statements. These include: (i) the forfeiture of outstanding equity awards upon termination for cause; (ii) the Compensation Committee's discretion over the value of equity awards grants that are made annually; and (iii) the vesting of performance-based awards granted to our Named Executive Officers generally occurs over a three to five year period. However, we intend to adopt such a policy after the SEC adopts final rules related to compensation claw backs pursuant to the Dodd-Frank Act. We believe it is prudent practice to await the SEC's guidance before adopting such a claw back policy.

Tax Treatment

Section 162(m) of the Internal Revenue Code ("Section 162(m)") generally provides that publicly held companies may not deduct compensation paid to certain of their top executive officers to the extent such compensation exceeds \$1 million per officer in any year. The exemption from the deduction limit under Section 162(m) for "performance-based compensation" has been repealed, effective for taxable years beginning after December 31, 2017, such that compensation paid to our "covered employees" in excess of \$1 million will not be deductible unless it qualifies for transition relief applicable to certain arrangements in place as of November 2, 2017. The Compensation Committee will continue to monitor the applicability of Section 162(m) of the Code to its ongoing compensation arrangements. Because of ambiguities and uncertainties as to the application and interpretation of Section 162(m) and the regulations issued thereunder, including the uncertain scope of the transition relief under the legislation repealing the "performance-based compensation" exemption from the deduction limit, no assurance can be given that any compensation that may have been (or if granted under a binding written contract in place as of November 2, 2017 may be) intended to satisfy the requirements for exemption from Section 162(m), in fact will be exempt. In determining the form and amount of compensation for our named executive officers, the Compensation Committee may continue to consider all elements of the cost of such compensation, including the potential impact of Section 162(m). While the Compensation Committee considers the deductibility of awards as one factor in determining executive compensation, the Compensation Committee may also look at other factors in making its decisions, and retains the flexibility to award compensation that it determines to be consistent with the goals of our executive compensation program even if the awards are not deductible by us for tax purposes.

Recent Advisory Vote on Executive Compensation

The Company conducts an advisory vote on executive compensation every year at its annual meeting. While the vote is not binding on the Company, the Board or the Compensation Committee, the Compensation Committee believes that an annual advisory vote on executive compensation offers Stockholders the opportunity to express their views regarding the Company's compensation program and the Compensation Committee's decisions on executive compensation. The Board and the Compensation Committee value the opinions of Stockholders and the Compensation Committee will consider Stockholders' concerns and evaluate whether any actions are necessary to address those concerns.

At last year's annual meeting, over 97% of the votes cast on the advisory vote on executive compensation were in favor of the Company's Named Executive Officer compensation as disclosed in the proxy statement. The Board and Compensation Committee believe this affirms that our Stockholders generally support the Company's approach to executive compensation. Accordingly, the Compensation Committee has taken no specific actions to modify our executive compensation program as a direct result of these non-binding, advisory votes but, rather, has continued to oversee the program in accordance with its best judgment and stated governing principles.

Compensation for restricted stock is computed in accordance with the provisions of Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) Topic 718, Compensation — Stock Compensation. Assumptions used in calculating the aggregate grant date fair value in accordance with ASC Topic (1)718 are set out in Note 15 to our audited consolidated financial statements contained in the Form 10-K for the fiscal year ended December 31, 2018. Restricted stock awards for each fiscal year include awards subject to performance conditions that were valued based on the assumption the highest level of the performance targets would be achieved.

Compensation for stock options is computed in accordance with the provisions of ASC Topic 718. Amounts represent the grant date fair value determined using the Black-Scholes-Merton model. The grant date fair values are only theoretical values and may not accurately determine present value. The actual value, if any, to be realized (2)from an option will depend on the excess of the market value of the Common Stock over the exercise price on the date the option is exercised. Assumptions used in calculating the aggregate grant date fair value in accordance with ASC Topic 718 are set out in Note 15 to our audited consolidated financial statements contained in the Form 10-K for the fiscal year ended December 31, 2018.

(a) Mr. Bianchi is Executive Vice President - Chief Executive Officer, Money Transfer Segment, which is headquartered in California, and as such, he participates in a health insurance plan that is not generally available to all salaried employees.

(4) Other compensation for Messrs. Brown, Weller and Caponecchi is comprised of matching contributions under the Euronet

401(k) Plan and group life insurance premiums. Additionally, Euronet paid \$45,000 in non-recurring regulatory fees on behalf of Mr. Brown in connection with a required Hart-Scott-Rodino Act filing.

Mr. Fountas was paid in euros and British pounds at different times during 2018 and the U.S. dollar amounts disclosed for salary, non-equity incentive compensation and other compensation were converted using the average (5) foreign currency exchange rate of \$1.18 per euro and \$1.34 per pound for the period over which the amounts were paid. Restricted stock and option awards are valued in U.S. dollars; therefore, no foreign currency conversion occurs.

Employment Agreements

Messrs. Brown, Weller, Caponecchi and Bianchi

Messrs. Brown, Weller, Caponecchi and Bianchi have employment agreements that have substantially the same terms, except with respect to the levels of compensation, and as otherwise discussed below or under "Compensation Tables" above. The agreements with Messrs. Brown and Weller were entered into in October 2003 and were amended and restated in April 2008, principally to bring them into conformity with the provisions of the Jobs Creation Act of 2004. The agreements with Messrs. Caponecchi and Bianchi were entered into during 2007 in connection with their hiring. Mr. Bianchi's agreement was also amended in April 2008.

The employment agreements have indefinite terms and provide that they may be terminated by the executives at any time upon 60 days' notice for Messrs. Brown, Weller, and Caponecchi and 30 days' notice for Mr. Bianchi. The agreements may be terminated by Euronet with or without "cause" provided that, in the case of termination due to "cause," Euronet provides the executive with 14 days' notice. The agreements define "cause" to mean: (i) conviction of the executive of, or the entry of a plea of guilty or nolo contendere by the executive to, any felony or any misdemeanor involving moral turpitude; (ii) fraud, misappropriation or embezzlement by the executive; (iii) willful failure or gross misconduct in the performance of the executive's assigned duties; (iv) willful failure by the executive to follow reasonable instructions of any officer to whom the executive reports or the Board of Directors; and (v) the executive's gross negligence in the performance of his assigned duties. In each case, the employment agreements provide that, in a three-year period following a "change in control," termination for "cause" is limited to only mean an act of dishonesty by an executive constituting a felony that was intended to or resulted in gain or personal enrichment of the executive at Euronet's expense. Euronet's termination of an executive's employment for cause does not result in separation payments, separation benefits or accelerated or extended vesting of unvested stock option or restricted stock awards. If Euronet terminates an executive absent cause and prior to a "change in control" as discussed below, the employment agreements provide that Messrs. Brown, Weller, Caponecchi and Bianchi will be entitled to certain severance benefits for a period of 24 months, including the payment of the executive's then current base salary, the continuation of the vesting and rights to exercise any then outstanding equity-based awards and the continuation of health and life insurance benefits.

In general, voluntary termination by Messrs. Brown, Weller and Caponecchi does not result in separation payments, separation benefits or accelerated or extended vesting of unvested stock options or restricted stock, except under certain circumstances constituting constructive termination. These circumstances include certain changes in conditions of the executives' employment, such as a significant diminution in responsibilities or salary or a forced relocation. In such circumstances, these executives are entitled to the same severance benefits as if they were terminated by Euronet absent cause, prior to a "change of control." Voluntary termination by Mr. Bianchi prior to a "change in control" generally entitles Mr. Bianchi to the same severance benefits as a termination absent cause.

The following table summarizes the severance benefits due Messrs. Brown, Weller and Caponecchi upon their termination by Euronet without cause, or their voluntary termination due to their constructive termination, and, in the case of Mr. Bianchi, the severance benefits due upon his termination without cause by Euronet or upon his voluntary termination for any reason as of December 31, 2018:

Name	Base Salary	Unvested Equity Comp(1)	Benefits	Total
Michael J. Brown	\$ 1,700,000	\$ 6,304,363	\$ 29,153	\$ 8,033,516
Rick L. Weller	850,000	2,645,444	29,029	3,524,473
Kevin J. Caponecchi	730,000	2,181,886	30,765	2,942,651
Juan C. Bianchi	800,000	1,920,591	56,036	2,776,627

Represents value of unvested awards at December 31, 2018 that would become vested upon a termination without cause or constructive termination. For the purpose of this table, we have assumed the following for restricted stock awards that vest based on various performance measurements: (a) an annual increase in adjusted EPS of 8% each year, which represents a reasonable estimate of average annual long-term equity returns, (b) that adjusted operating income will exceed \$60 million each year, and (c) that Euronet's Common Stock price remains at the December 31, 2018 price through the 24-month vesting period.

In the event of a "change of control," all equity incentive awards outstanding held by Messrs. Brown, Weller, Caponecchi and Bianchi will become immediately vested and the term of the employment agreements become fixed at three years from the date of the change of control and they may be terminated without cause only upon payment to the executive of a lump sum within five days of the termination equal to the full amount of base salary that would have been payable during the remaining term of the agreement (or for two years, if the remaining term is less than two years), discounted at a rate of 7.5% per annum. These provisions also apply if the executive resigns for "good reason" following a "change of control." "Good reason" includes certain changes in conditions of employment, as a result of which the executive can be considered to have been constructively terminated, including a significant diminution in responsibilities or salary or a forced relocation. In general, the employment agreements provide that "change of control" includes: (i) completion of any merger, consolidation or sale of substantially all of our assets and such merger results in our Stockholders immediately prior to the merger holding less than 50% of the surviving entity; (ii) replacement of over 25% of our Directors without the approval of at least 75% of the Directors in office as of the effective date of the employment agreement or of Directors so approved; or (iii) the acquisition by any person or group of persons of 40% or more of the voting rights of our outstanding voting securities.

Assuming a "change in control" occurred on December 31, 2018, the remaining term of the agreement was three years and assuming the amounts due under the change of control provisions outlined above would be paid in a lump sum, the following table summarizes amounts that would have accrued to these Named Executive Officers:

Name	Base Salary	Unvested Equity Comp(1)	Benefits	Total
Michael J. Brown	\$ 2,277,144	\$ 10,029,872	\$ 43,730	\$ 12,350,746
Rick L. Weller	1,138,572	4,641,479	43,544	5,823,595
Kevin J. Caponecchi	977,832	3,423,729	46,148	4,447,709
Juan C. Bianchi	1,071,597	3,235,370	84,054	4,391,021

(1) Represents the value of all unvested equity awards at December 31, 2018.

The Compensation Committee has considered the above "change of control" provisions in the Named Executive Officers' employment agreements, and determined that the provisions offered to executives by Euronet are reasonable and appropriate.

Additionally, the employment agreements entitle the executives to certain rights to income and excise tax gross-up amounts in the event Section 4999 of the Code, or any similar tax law, applies to the change in control payments. If an executive is entitled to such tax gross-up payments, the gross-up payments will be made either to the executive or directly to the Internal Revenue Service. The gross-up amounts are subject to additional conditions and limitations and exclude excise taxes or other penalties under Section 409A of the Code. Assuming calendar year 2018 federal and state income rates, a termination without cause or good reason in connection with a change in control, and in the case of Mr. Bianchi, termination without cause or voluntary termination for any reason, each executive officer would have not been entitled to receive any tax gross-up payment as of December 31, 2018.

The Compensation Committee has considered these tax gross-up clauses and has determined that it would not require elimination of such clauses where they appear in existing executive employment agreements. However, in February 2011, the Committee adopted a policy that from that date forward, it would not renew any existing agreements with tax gross-up clauses nor would it grant tax gross-up clauses in new executive employment agreements entered into by the Company.

In the event of the death of an executive officer, with the exception of Mr. Caponecchi who is discussed below, the provisions of our equity award agreements generally provide that all unvested equity awards outstanding shall vest immediately. As of December 31, 2018, the value of unvested equity awards outstanding that would vest in the event of death was \$10,029,872 for Mr. Brown, \$4,641,479 for Mr. Weller and \$3,235,370 for Mr. Bianchi.

In the event of disability of an executive officer, with the exception of Mr. Caponecchi who is discussed below, the employment agreements with Messrs. Brown, Weller and Bianchi provide for the payment of a lump-sum disability benefit equal to 12 months of the current base salary, which as of December 31, 2018 represented \$850,000 for Mr. Brown, \$425,000 for Mr. Weller and \$400,000 for Mr. Bianchi. In addition, the provisions of our equity award agreements generally provide that all equity awards outstanding shall vest immediately. As of December 31, 2018, the value of unvested equity awards outstanding that would vest in the event of disability was \$10,029,872 for Mr. Brown, \$4,641,479 for Mr. Weller and \$3,235,370 for Mr. Bianchi. The employment agreements with Messrs. Brown, Weller and Bianchi also provide that the executives' right to exercise any such awards will continue for a period of 12 months after termination due to disability.

In the event of death or disability of Mr. Caponecchi, his employment agreement provides for a payment of a lump sum benefit equal to 24 months of the current base salary, which as of December 31, 2018 represented a total of \$730,000. Mr. Caponecchi's employment agreement also stipulates that all unvested equity incentive awards shall vest immediately, which represents \$3,423,729 as of December 31, 2018. The stock options will remain exercisable pursuant to their terms after the death or disability of Mr. Caponecchi.

Messrs. Brown, Weller, Caponecchi and Bianchi must not disclose confidential information during the term of the employment agreements and following termination. Each of the agreements includes a restriction on the ability of the executive to compete with Euronet or solicit our employees during the severance period following termination. Any severance payments are conditioned on the executive officer complying with these restrictions.

Mr. Fountas

Mr. Fountas entered into a new employment agreement in May 2018 as part of his relocation to the U.K. His employment agreement is governed by English law.

Mr. Fountas' employment agreement has an indefinite term and provides that it may be terminated by Mr. Fountas at any time upon 90 days' notice. Mr. Fountas' employment agreement may be terminated by Euronet with 24 months' notice except in connection with the following circumstances ("cause") for which no notice is required: (i) any material breach or non-observance of Mr. Fountas' duties; (ii) any act of fraud, misappropriation or embezzlement in connection with Mr. Fountas' employment; (iii) conviction of a criminal offence (excluding certain road traffic violations), (iv) willful failure to follow any reasonable instructions of the Board or any Euronet officer to whom Mr. Fountas reports; or (v) any gross negligence or gross misconduct in the performance of Mr. Fountas' assigned duties. If Euronet terminates Mr. Fountas absent "cause" as described above and prior to a "change in control" as discussed below and without the required 24 months prior notice, Mr. Fountas' employment agreements provides that he will be entitled to receive a sum in lieu of notice, either as a lump sum or in 24 equal monthly installments in arrears, equivalent to the fixed salary and the cost of life insurance benefits provided under the agreement, which Mr. Fountas would have been entitled during the 24 month notice period, or if notice has already been given, during any unexpired period of notice (the "Unexpired Notice Period"); provided, however, that Euronet's obligation to make any further payments ceases if Mr. Fountas commences new employment during the Unexpired Notice Period. In addition, Mr. Fountas will be entitled to the continuation of the vesting and rights to exercise any then outstanding equity-based awards during the Unexpired Notice Period.

The following table summarizes the severance benefits due Mr. Fountas upon his termination by Euronet without "cause" and prior to a "change in control" as of December 31, 2018, assuming no notice was given prior to such termination:

Name	Base Salary(1)	Unvested Equity Comp(2)	Benefits	Total
Nikos Fountas	\$881,221	\$ 1,927,115	\$ 4,506	\$2,812,842

Mr. Fountas' employment agreement provides for payments in British pounds and the U.S. dollar amounts disclosed for salary and benefits were converted using the foreign currency exchange rate of \$1.34 per pound as of (1) December 31, 2018. Restricted stock and option awards are valued in U.S. dollars; therefore, no foreign currency conversion occurs.

Represents the value of all unvested equity awards at December 31, 2018 that would become vested upon a termination without cause or constructive termination. For the purpose of this table, we have assumed the (2) following for restricted stock awards that vest based on various performance measurements: (a) an annual increase in adjusted EPS of 8% each year, which represents a reasonable estimate of average annual long-term equity returns, (b) that adjusted operating income will exceed

\$60 million each year, and (c) that Euronet's Common Stock price remains at the December 31, 2018 price through the 24-month vesting period.

In the event of a "change of control," all equity awards outstanding held by Mr. Fountas will become immediately vested. In the event Mr. Fountas is terminated for any reason within one year of a "change of control," he will be entitled to a lump sum equal to the present value (discounted at a rate of 7.5%) of the amount of base salary for the 24 month notice period plus an additional amount equal to the present value (discounted at a rate of 7.5%) of the amount of base salary that he would have been entitled to during the one year after the "change in control" less any period of such year that he was employed by Euronet.

Assuming a "change in control" occurred on December 31, 2018, and Mr. Fountas' employment with Euronet was terminated on that date, the following table summarizes amounts that would have accrued to Mr. Fountas:

Name	Base Salary(1)	Unvested Equity Comp(2)	Total
Nikos Fountas	\$ 1,239,173	\$ 3,158,004	\$ 4,397,177

Mr. Fountas' employment agreement provides for payments in British pounds and the U.S. dollar amounts disclosed for salary and benefits were converted using the foreign currency exchange rate of \$1.34 per pound as of (1) December 31, 2018. Restricted stock and option awards are valued in U.S. dollars; therefore, no foreign currency conversion occurs.

(2) Represents the value of all unvested equity awards at December 31, 2018.

The Compensation Committee has considered the above "change of control" provisions in Mr. Fountas' employment agreement, and determined that the provisions offered to Mr. Fountas by Euronet are reasonable and appropriate. Under Mr. Fountas' employment agreement, Euronet may terminate Mr. Fountas' employment immediately by written notice at any time if Mr. Fountas suffers an illness or injury which has caused Mr. Fountas to be incapable of effectively performing his role on a permanent or long-term basis. Mr. Fountas will be entitled to payment of his base salary for 12 months (\$440,610), the continuation of the vesting and rights to exercise any then outstanding equity-based awards for a period of 12 months, which as of December 31, 2018 represented a total of \$1,031,628, and the continuation of health insurance benefits, which was valued at \$3,317 as of December 31, 2018.

During the first four years of Mr. Fountas' employment agreement, Euronet will contribute on a monthly basis to a personal pension plan for Mr. Fountas an amount equal to 10% per cent of his base salary, up to a maximum aggregate contribution by Euronet of £110,000, or such greater amount as may be determined by the Company from time to time.

Mr. Fountas must not disclose confidential information during the term of his employment agreement and following termination. His agreement includes a restriction on his ability to compete with Euronet for a period of 24 months after the termination of his employment. Any severance payments are conditioned on Mr. Fountas complying with these restrictions.

CEO Pay Ratio

The Company's compensation and benefits philosophy and the overall structure of its compensation and benefit programs are broadly similar across the organization to encourage and reward all employees who contribute to the Company's success. Euronet strives to ensure the pay of every employee reflects the level of their job impact and responsibilities and is competitive within the Company's peer group. Compensation rates are benchmarked and set to be market-competitive in the country in which the jobs are performed. Euronet's ongoing commitment to pay equity is critical to its success in supporting a diverse workforce with opportunities for all employees to grow, develop and contribute. Euronet employs over 7,100 people in more than 50 countries.

The ratio of the 2018 total annual compensation of the CEO to that of the median of the Company's other employees was 198:1.

The median employee was identified by using the annual base salary of all employees as of December 31, 2018. Amounts stated in foreign currency were converted into U.S. dollars at the average 2018 foreign currency exchange rate. Annual base salary was the compensation measure used as it was the measure which was universally,

consistently and reliably available in our employee information system. Total annual compensation was not used because it could not be efficiently and reliably obtained for every employee as our employees work in more than 50 countries using myriad payroll systems. However, our assessment is the exclusion of compensation elements other than base salary does not materially affect the identification of the median employee.

For 2018, the annual total compensation of the median employee was \$32,673 and the annual total compensation of our CEO was \$6,455,198. The total annual compensation of the median employee was determined on the same basis as that of the CEO. No cost-of-living adjustment was made.

DIRECTOR COMPENSATION

In 2018, non-management Directors received \$200,000 annually for serving on the Board. The Board fee consists of annual cash compensation in the amount of \$100,000 paid at the beginning of the term and common stock valued at \$100,000 that is granted on the date of our annual meeting of Stockholders and vests immediately. Non-management Directors received additional annual compensation for serving in certain Board leadership roles as follows: (i) the Lead Independent Director received cash compensation of \$25,000, (ii) the Chairperson of the Audit Committee received cash compensation of \$20,000, (iii) the Chairman of the Compensation Committee received cash compensation of \$15,000, and (iv) the Chairman of the Nominating and Corporate Governance Committee received cash compensation of \$12,500. Non-management Directors are reimbursed for reasonable expenses incurred in connection with Board-related activities.

We believe that the compensation paid to non-management Directors in 2018 was appropriate and was properly weighted between cash and equity.

In February 2019, the annual compensation of non-management Directors was increased to \$225,000 per year, by increasing the value of equity awards to be granted to non-management Directors by \$25,000. In addition, the cash compensation payable to the Lead Independent Director for 2019 was increased by \$5,000 to \$30,000 per year.

During 2018, in addition to reimbursement of out-of-pocket expenses, each non-management Director was compensated as summarized in the table below:

Director Compensation for 2018

Name	Fees Earned or Paid in Cash	Stock Awards(5)	Total
M. Jeannine Strandjord(1)	\$ 120,000	\$ 100,000	\$ 220,000

(4) Includes \$12,500 in cash compensation for his role as Chairman of the Nominating and Corporate Governance Committee.

(5) The stock awards granted to Directors as compensation vest immediately on the grant date. For 2018, the value per share at the grant date was \$82.16 per share, for a total grant date fair value of \$100,000 for each non-management Director. The aggregate grant date fair value is computed in accordance with FASB Accounting Standards Codification Topic 718.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

None of the persons who served on the Company's Compensation Committee during the last completed fiscal year (Thomas A. McDonnell, M. Jeannine Strandjord, Andrzej Olechowski, Andrew B. Schmitt, Eriberto R. Scocimara, Mark R. Callegari and Paul Althasen) (i) during the last three fiscal years, was an officer or employee of the Company; or (ii) had any relationship requiring disclosure under Item 404 of Regulation S-K.

None of the Company's executive officers, during the last completed fiscal year, served as a (i) member of the compensation committee (or equivalent) of another entity, one of whose executive officers served on the Company's Compensation Committee; (ii) director of another entity, one of whose executive officers served on the Company's Compensation Committee; or (iii) member of the compensation committee (or equivalent) of another entity, one of whose executive officers served as the Company's Director.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS AND DIRECTOR INDEPENDENCE

On January 1, 2014, we entered into a Non-Continuous Aircraft Dry Lease (the "M+M Lease") with M+M X, LLC, a company that is owned by our Chief Executive Officer, President and Chairman of the Board of Directors, Mr. Brown. The M+M Lease makes a Cessna Model 750 aircraft available to Euronet for transportation of executives for up to 110 hours per year, with no minimum usage requirements, in consideration of payment of a fee of \$3,611.00 per hour. The Audit Committee of the Board examined the M+M Lease and determined that those terms were fair to Euronet. The total amount paid to M+M X, LLC under the lease agreement during the year 2018 was \$0.3 million.

In June 2014, we entered into an ATM operating agreement ("ATM Agreement") with Rontec Ltd., a U.K. company in which Mr. Gerald Ronson, CBE, holds a majority of the shares. Mr. Ronson is the father-in-law of Paul Althasen, one of the Company's Directors. This is a commercial agreement under which we lease ATM sites from Rontec Ltd. at rates which we consider to be competitive commercial rates. We paid \$38 thousand under this agreement in 2018. The Audit Committee of the Board considered the terms of the ATM Agreement and determined that the terms of the arrangement were fair to Euronet.

Our Code of Conduct provides that no related party transaction that would require disclosure under the U.S. securities laws may be consummated or continued unless the transaction is approved or ratified by the Audit Committee. In determining whether to approve or ratify a related party transaction, the Audit Committee will take into account, among other factors it deems appropriate, whether the related party transaction is on terms no less favorable than terms generally available to an unaffiliated third-party under the same or similar circumstances and the extent of the related person's interest in the transaction. The M+M Lease and the ATM Agreement, were each ratified by the Audit Committee in accordance with this policy.

All of our Directors, with the exception of Mr. Brown, are independent under the listing standards of The Nasdaq Stock Market LLC.

AUDIT MATTERS

Report of the Audit Committee

The Audit Committee reviewed and discussed Euronet's audited consolidated financial statements for fiscal year 2018 with management. The Audit Committee has also discussed with the independent registered public accounting firm the matters required to be discussed by the Public Company Accounting Oversight Board (PCAOB) Auditing Standard No. 1301, "Communications With Audit Committees."

The Audit Committee has received the written disclosures and the letter from the independent registered public accounting firm required by applicable requirements of the PCAOB regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence, and has discussed with the independent registered public accounting firm its independence.

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that Euronet's audited consolidated financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2018 for filing with the Securities and Exchange Commission.

The Audit Committee has concluded that the provision by KPMG LLP of the services described under the captions "Audit-Related Fees," "Tax Fees" and "All Other Fees" above is compatible with maintaining the independence of KPMG LLP.

Audit Committee Pre-Approval Policy

The Audit Committee has adopted policies that prohibit us from engaging our independent registered public accounting firm to perform any service that the independent registered public accounting firm is prohibited by the securities laws from providing. Such procedures require the Audit Committee to pre-approve or reject any audit or non-audit services. The Chairperson, with the assistance of Euronet's Chief Financial Officer, presents and describes at regularly scheduled Audit Committee meetings all services that are subject to pre-approval. The authority to pre-approve permitted services may be delegated to one or more members of the Audit Committee and pre-approval may be granted between meetings, as long as any such pre-approval of services is presented to the full Audit Committee at its next scheduled meeting. The Audit Committee regularly examines whether the fees for auditor services exceed estimates.

The Audit Committee pre-approved all services that KPMG LLP rendered to Euronet for 2018.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires our executive officers and Directors and any person or entity who owns more than ten percent of a registered class of our Common Stock or other equity securities to file with the SEC certain reports of ownership and changes in ownership of our securities. We prepare Section 16(a) forms on behalf of our executive officers and Directors based on the information provided by them. Based solely on a review of copies of reports available to us and representations made to us that no other reports were required, we believe that the reporting persons complied with all applicable Section 16(a) filing requirements during the year 2018, except that a Form 4 reporting the exercise of options by Michael Brown on August 1 and 2, 2018 was filed late on September 6, 2018, a Form 4 reporting the sale of stock by Michael Brown on September 12, 2018 was filed late on September 21, 2018, a Form 4 reporting the sale of stock by Michael Brown on September 11, 2018 was reported late on December 20, 2018, and Form 4s reporting the granting of stock options to Michael Brown, Rick Weller, Nikos Fountas, Kevin Caponecchi, Juan Bianchi, Jeff Newman and Martin Bruckner on December 12, 2018 were filed late on December 20, 2018.

If, however, any other matters are properly presented at the Annual Meeting, it is the intention of the persons named in the accompanying proxy to vote, or otherwise act, in accordance with their judgment on such matters.

Householding

If you and other residents at your mailing address own shares in street name, your broker, bank or other nominee may have sent you a notice that your household will receive only one Annual Report and Proxy Statement for each company in which you hold shares through that broker, bank or nominee. This practice is called "householding." If you did not respond that you did not want to participate in householding, you are deemed to have consented to that process. If these procedures apply to you, your broker, bank or other nominee will have sent one copy of the Notice and, if applicable, our Annual Report to Stockholders and Proxy Statement to your address. You may revoke your consent to householding at any time by contacting your broker, bank or other nominee. If you did not receive an individual copy of the Notice and, if applicable, our Annual Report to Stockholders and/or Proxy Statement, we will send copies to you if you contact us by writing to the Secretary of Euronet, 3500 College Boulevard, Leawood, Kansas 66211 or by calling (913) 327-4200. You may submit proposals for consideration at future Stockholder meetings. For a Stockholder proposal to be considered for inclusion in Euronet's Proxy Statement for the annual Stockholder meeting next year, the Secretary must receive the written proposal at our principal executive offices no later than December 14, 2019. Such proposals also must comply with SEC regulations under Rule 14a-8 regarding the inclusion of stockholder proposals in company-sponsored proxy materials. Proposals should be addressed to:

Secretary

Euronet Worldwide, Inc.

Leawood, Kansas 66211

If Euronet intends to exclude such a Stockholder proposal from its Proxy Statement, it must file its reasons with the SEC no later than 80 calendar days before the filing date of its definitive Proxy Statement and simultaneously provide the Stockholder with a copy of Euronet's submission.

Proposals Not Intended for Inclusion in Euronet's Proxy Statement

For a Stockholder proposal that is not intended to be included in Euronet's Proxy Statement for the annual meeting next year under Rule 14a-8, the Stockholder must provide the information required by our Bylaws and give timely notice to the Secretary in accordance with our Bylaws, which, in general, require that the notice be received by the Secretary:

You may send a proposed Director candidate's name and other required information to the Board at anytime. Generally, such proposed candidates are considered at the Board meeting prior to the next annual meeting subject to the advance notice provisions in our Bylaws.

Deadline to Propose or Nominate Individuals to Serve as Directors

Our Bylaws permit Stockholders to nominate Directors for election at an annual Stockholder meeting. To nominate a Director, the Stockholder must deliver the information required by our Bylaws.

To nominate an individual for election at the 2020 Annual Meeting, the Stockholder must give timely notice to the Secretary in accordance with our Bylaws, which, in general, require that the notice be received by the Secretary between the close of business on January 24, 2020 and the close of business on February 23, 2020, unless the date of the Stockholder meeting is moved more than 30 days before or 60 days after the anniversary of our Annual Meeting for 2019, then the nomination must be received not earlier than the close of business 120 days prior to the meeting and not later than the close of business 90 days prior to the meeting or, if later, the tenth day following the day on which the 2020 Annual Meeting was first publicly disclosed.
