Introduction

We are a savings and loan holding company founded in 1993. Our business is primarily conducted through our principal subsidiary, the Bank, a federally chartered stock savings bank founded in 1987. We provide commercial and consumer banking services and we are the 5th largest bank mortgage originator in the nation. At March 31, 2018, we had 3,659 full-time equivalent employees. Our common stock is listed on the NYSE under the symbol "FBC." We are considered a controlled company for NYSE purposes, because approximately 62.0 percent of our common stock is owned by MP Thrift Investments, L.P. which is managed by MatlinPatterson, a global asset manager.

We have a relationship-based business model which leverages our full-service bank's capabilities with our national mortgage scale to create and build financial relationships with our customers. Our banking network emphasizes the delivery of a complete set of banking and mortgage products and services. We distinguish ourselves by crafting specialized solutions for our customers, local delivery, high quality customer service and competitive product pricing. Our community bank growth model has focused on attracting seasoned bankers with larger bank lending experience who can attract their preexisting long-term customer relationships to Flagstar. At March 31, 2018, we operated 107 full service banking branches, including 99 throughout Michigan's major markets and eight Desert Community Bank branches in San Bernardino County, California, which we acquired on March 19, 2018. Our branches offer a full set of banking products to consumer, commercial, and government customers.

We originate mortgages through a wholesale network of brokers and correspondents in all 50 states, and our own loan officers from 92 retail locations in 31 states and two call centers, which includes our direct-to-consumer lending team. The Bank has the opportunity to expand correspondent relationships by providing warehouse lending, mortgage servicing and other services. Servicing and subservicing of loans provides fee income and generates a stable long-term source of funding through custodial deposits.

Operating Segments

Our operations are conducted through our three operating segments: Community Banking, Mortgage Originations, and Mortgage Servicing. Additionally, our Other segment includes the remaining reported activities. For additional

information, please see MD&A - Operating Segments and Note 18 - Segment Information.
