Our Executive Compensation Program

We provide our stockholders with the opportunity to vote to approve, on a nonbinding, advisory basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with the rules of the Securities and Exchange Commission ("SEC"). The vote on this resolution is not intended to address any specific element of compensation; rather, the advisory vote relates to the overall compensation of our named executive officers, as well as the philosophy, policies and practices, all as described in this proxy statement in accordance with the SEC's rules. The vote is advisory, and therefore it is not binding on the company, the compensation committee or our board of directors. We recommend that our stockholders vote "FOR" approval of our executive compensation as described in this proxy statement.

Our executive compensation programs are generally designed to:

Table of Contents

We believe that motivating and rewarding exceptional performance is the overriding principle of our executive compensation programs.

Provide a significant portion of our named executive officers' total compensation in the form of awards tied to our long-term strategy and our performance.

Have employment agreements or change of control agreements with our named executive officers other than Mr. Cogan.

Require compliance with our Stock Ownership Guidelines, which require that our executive officers own a specified value of shares of the Company's common stock.

Provide tax gross-ups for our named executive officers.

Have a Compensation Committee comprised entirely of independent directors who use an independent consultant retained by the Compensation Committee.

Time the grants of equity awards to coordinate with the release of material non-public information, or time the release of material non-public information for the purpose of affecting the value of any named executive officer compensation.

Have ongoing consideration and oversight by the Compensation Committee with respect to any potential risks associated with our incentive compensation programs.

Provide material executive perquisites such as corporate aircraft, executive life insurance, tax or estate planning services.

Operate a Clawback Policy for Section 16 Officers which permits the Company to recover excess incentive compensation in the event of a restatement.

Provide supplemental retirement benefits to our executive officers.

Prohibit our associates through our Insider Trading Policy from engaging in hedging transaction in our stock

Operate deferred compensation plans for our executive officers.

Utilize "double trigger" change-in-control provisions in our equity award agreements for awards made after August 2016,

Operate a stockholder rights plan (Poison Pill).

The following sets forth the primary objectives addressed by each component of our executive compensation programs:

For more information regarding our compensation, please see our Compensation Discussion and Analysis on page 28.

Compensation Practices

In response to our dialogue with stockholders during the past several years, we have incorporated a number of practices into our compensation programs:

In 2018, we re-engaged an independent compensation consultant, Willis Towers Watson, to perform an updated assessment of our executive compensation and reevaluate our compensation peer groups;

We capped the potential payments under our annual non-equity incentive awards for our Named Executive Officers at one hundred fifty percent (150%) of target, or two hundred percent (200%) of base salary in the case of our chief executive officer;

We eliminated the legacy tax "gross-up" from our chief executive officer's employment agreement;

We eliminated the use of "single trigger" change of control provision in our equity award agreements in favor of a "double trigger" change of control provision which requires that the award recipient be terminated from employment in order to receive accelerated vesting following a change-in-control;

We adopted a "Clawback Policy" applicable to our Section 16 Officers which allows the Company to recover excess incentive compensation in the event of an accounting restatement; and

We revised our Insider Trading Policy to prohibit hedging transactions in our stock, i.e., transactions that are designed to offset any decrease in our stock price.

See page 28 for more details regarding our executive compensation.

PROPOSAL 1: ELECTION OF DIRECTORS

Our board of directors currently consists of ten members, classified into three classes as follows: Andrew B. Cogan, Stephen F. Fisher and Sarah E. Nash constitute a class with a term that expires at the 2020 Annual Meeting (the "Class I directors"); Stephanie Stahl, Christopher G. Kennedy and Daniel W. Dienst constitute a class with a term that expires at the 2021 Annual Meeting (the "Class II directors"); and Kathleen G. Bradley, Jeffrey A. Harris, Ronald R. Kass and John F. Maypole constitute a class with a term that expires at the 2019 Annual Meeting (the "Class III directors"). At each Annual Meeting of Stockholders, directors are elected for a term ending at the third Annual Meeting of Stockholders after such election or until their respective successors are elected and qualified.

On February 5, 2019, our nominating and corporate governance committee recommended Jeffrey A. Harris, Ronald R. Kass and John F. Maypole for re-election after due consideration of their qualifications and past experience on our board of directors. Ms. Kathleen G. Bradley will not be continuing her service beyond the conclusion of her term and the size of the board will be reduced to nine members effective May 7, 2019. On February 5, 2019, based, in part, on the recommendation of our nominating and corporate governance committee, our board of directors voted to nominate Jeffrey A. Harris, Ronald R. Kass and John F. Maypole for reelection at the 2019 Annual Meeting of Stockholders to serve for a term ending at the 2022 Annual Meeting of Stockholders or until their respective successors are elected and qualified.

Unless authority to vote for any of these nominees is withheld, the shares represented by the enclosed proxy will be voted **FOR** the election of the director nominees. In the event that a nominee becomes unable or unwilling to serve, the shares represented by the enclosed proxy will be voted for the election of such other person as the board of directors may recommend in his or her place. We have no reason to believe that any nominee will be unable or unwilling to serve as a director. However, if you hold your shares through a broker and do not instruct your broker how to vote in the election of directors, no vote will be cast on your behalf with respect to Proposal 1.

The election of directors will be determined by a majority of the votes cast, meaning the number of votes cast "for" a director's election exceeds the number of votes cast "against" that director's election (with "abstentions" and "broker non-votes" not counted as cast either "for" or "against" that director's election).

THE BOARD OF DIRECTORS RECOMMENDS THE ELECTION OF JEFFREY A. HARRIS, RONALD R. KASS AND JOHN F. MAYPOLE AS DIRECTORS, AND PROXIES SOLICITED BY THE BOARD OF DIRECTORS WILL BE VOTED IN FAVOR THEREOF UNLESS A STOCKHOLDER HAS INDICATED OTHERWISE ON THE PROXY.

YOUR BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" ALL NOMINEES

Table of Contents

Director Independence

In accordance with our Corporate Governance Guidelines, our board of directors has reviewed the qualifications of each of its members and, on February 28, 2019, affirmatively determined that a majority of the members of our board of directors are independent under the New York Stock Exchange ("NYSE") Corporate Governance Standards. The independence standards of the NYSE are composed of objective standards and subjective standards. Under the objective standards, a director will generally not be deemed independent if he or she receives compensation (other than as a director) in excess of certain thresholds or if certain described relationships exist. Under the subjective standards, a director will not be independent if the board of directors determines that the director has a material relationship with us. In addition to our board of directors determining these directors meet the objective standards under the listing standards of the NYSE, our board of directors has determined that none of these individuals has a material relationship with the company (directly or as a partner, shareholder, or officer of an organization that has a relationship with the company) other than as a director. In making this determination, the board of directors considered that some of the directors serve on boards of companies, or are (or recently were) associated with companies or entities, to which we sold products, or from which we purchased products or services during the year. Given the size and nature of these transactions, we concluded that they would not interfere with the exercise of independent judgment by these board members. The board of directors relied on both information provided by the directors and information developed internally by the company in evaluating these facts. In the case of Mr. Kennedy, the board of directors also considered that one of Mr. Kennedy's siblings is a partner in a New York-based film production company with the sister-in-law of our chief executive officer and determined that this relationship was not material.

The Board has determined that each of the following directors and director nominees listed below is independent under the independence standards of the New York Stock Exchange and would constitute a majority of the board of directors:

Kathleen G. Bradley

Daniel W. Dienst

Stephen F. Fisher

Jeffrey A. Harris

Ronald R. Kass

Christopher G. Kennedy

John F. Maypole

Sarah E. Nash

Stephanie Stahl

In addition, the board determined that each member of the Audit Committee also meets the additional independence standards for audit committee members established by the Securities and Exchange Commission ("SEC") and the NYSE, and each member of the Compensation Committee meets the additional independence standards for compensation committee members established by the SEC and the NYSE, and also qualifies as a "Non-Employee Director" as defined in Rule 16b-3 of the Exchange Act.

Our Corporate Governance Policies and Practices

Corporate Governance Guidelines

Our board of directors has adopted Corporate Governance Guidelines that provide the framework for the governance of the company. Our Corporate Governance Guidelines are available on our website at

Table of Contents

www.knoll.com and will also be made available to stockholders without charge upon request in writing to our Corporate Secretary at Knoll, Inc., 1235 Water Street, East Greenville, Pennsylvania 18041. The information contained on our website is not included as part of, or incorporated by reference into, this proxy statement.

Director Resignation Policy

Our Corporate Governance Guidelines include a Director Resignation Policy. Under this policy, any nominee for director in an uncontested election (i.e., an election where the only nominees are those proposed by the board) who receives a greater number of votes "withheld" from his or her election than votes "for" such election shall promptly tender an offer of resignation for consideration by the board. The nominating and corporate governance committee shall evaluate the director's offer of resignation, taking into account the best interests of the Company and its stockholders, and shall recommend to the board whether to accept or reject such offer of resignation. In making this recommendation, the nominating and corporate governance committee may consider all factors deemed relevant by its members, including, without limitation, the underlying reasons why stockholders voted against the director (if ascertainable), the length of service and qualifications of the director, the director's past (and expected future) contributions to the Company, and whether by accepting such resignation the Company will no longer be in compliance with any applicable law, rule, regulation or governing document. The board shall act to accept or reject such offer of resignation within 120 days following certification of the stockholder vote at the stockholder meeting at which the election of directors was held. In making its decision, the board may consider the factors considered by the committee and such additional information and factors the board believes to be relevant.

Code of Ethics

Our board of directors has adopted a code of ethics that applies to all of our directors, officers and employees, including our chief executive officer and chief financial and accounting officers. The code of ethics is publicly available on our website at www.knoll.com and will also be made available without charge to any person upon request in writing to our Corporate Secretary at Knoll, Inc., 1235 Water Street, East Greenville, Pennsylvania 18041. We intend to disclose amendments to, or waivers from, provisions of the code of ethics that apply to any director or principal executive, financial or accounting officers on our website at www.knoll.com, in lieu of disclosing such matters in Current Reports on Form 8-K.

Board Leadership Structure

We currently have a chairman of the board and lead independent director. Andrew B. Cogan has served as Chairman of the Board since May 8, 2018. Mr. Cogan has served as our CEO since 2001, and originally joined us in 1989. Given the current composition of the board, we believe that it is appropriate for Mr. Cogan to hold both positions of chairman of the board and chief executive officer in light of the depth of his experience with the company and in our industry generally.

Additionally, we believe that when the chairman of the board is an employee of the company or otherwise not independent, it is important to have a separate lead independent director in order to facilitate the board's oversight of management and perform many of the same functions that an independent chairman would perform. Jeffrey A. Harris serves as our lead independent director. In that role, he presides over the board's executive sessions and serves as the principal liaison between management and the independent directors of our board. Mr. Harris has served as a Knoll director since 1996. We believe that the division of duties and avenues of communication between the board and our management associated with having Mr. Cogan serve as chairman and Mr. Harris as lead director provides the basis for the proper functioning of our board and its oversight of management.

Oversight of Risk Management by our Board of Directors

Our board of directors has overall responsibility for risk oversight. This role is primarily fulfilled by our audit committee. Our audit committee periodically discusses and evaluates company risk with our management, including our chief executive officer, chief financial officer and our chief legal officer. Our audit committee also periodically discusses and evaluates risk with our independent auditors and members of our internal audit group. The audit committee reports back to our full board with respect to those activities. In addition, as described in the section entitled "Risk Assessment Incentive Compensation Programs" on page 42 below, our compensation committee specifically evaluates risks associated with our compensation programs. The board's role in risk oversight has not had any effect on the board's leadership structure.

Board Diversity

Diversity is one of the factors considered by our nominating and corporate governance committee in the director nomination process. The overriding principle guiding our director nomination process is a desire to ensure that our board collectively serves the interests of our stockholders. We believe that having diverse skills, experiences and perspectives represented on the board provides the most value to the company and its stockholders. We also believe that an appropriate level of collegiality and chemistry among board members is extremely important to a well-functioning board.

Among the factors considered when we evaluate the skills, experiences and perspectives are the following:

Financial and accounting acumen;

Educational background;

Knowledge of our industry and related industries;

Personal and professional integrity;

Business or management experience;

Crisis management experience;

Leadership and strategic planning experience; and

Brand development and consumer marketing.

We also consider diversity with respect to race and gender in evaluating whether the board has the right mix of perspectives to properly serve the company and its stockholders.

All the factors set forth above are considered by the nominating and corporate governance committee as it evaluates the directors that are nominated to serve on our board. It is not our desire to make sure every skill, type of experience and perspective is represented on the board, but we instead focus on making sure there is an appropriate mix of skills, experiences and perspectives, which we believe leads to more thoughtful and open board discussions and deliberations. Our nominating and corporate governance committee monitors its consideration of diversity as part of the annual self-evaluation process.

Board Meetings and Committees

Edgar Filing: KNOLL INC - Form DEF 14A

During the year ended December 31, 2018, there were four meetings of our board of directors. During 2018, no director attended fewer than 75% of the total number of meetings or fewer than 75% of meetings of a committee of the board on which he or she served. Currently, we do not have a formal policy regarding director attendance at our Annual Meetings of Stockholders. However, it is expected that, absent compelling circumstances, our directors will be in attendance at our 2019 Annual Meeting of Stockholders. All of our directors attended our 2018 Annual Meeting of Stockholders.

Table of Contents

In accordance with our Corporate Governance Guidelines, our non-management directors meet periodically without any management directors or employees present. As required by the New York Stock Exchange Listing requirements and in accordance with our Corporate Governance Guidelines, our independent directors also meet exclusively in an executive session at least once a year. Mr. Harris presides over meetings of the non-management directors and independent directors.

Our board of directors maintains an audit committee, a compensation committee, and a nominating and corporate governance committee. Each of these committees operates pursuant to a written charter, which are reviewed annually and publicly available on our website at www.knoll.com and will also be made available to stockholders without charge, upon request in writing to our Corporate Secretary at Knoll, Inc., 1235 Water Street, East Greenville, Pennsylvania 18041.

Audit Committee. Our audit committee met eight times during 2018. This committee currently has four members, Messrs. Dienst, Fisher and Maypole and Ms. Stahl. Our board of directors has determined that Mr. Maypole, the Chairman of the audit committee, is an "audit committee financial expert," as the SEC has defined that term in Item 407 of Regulation S-K. The composition of our audit committee meets the currently applicable independence requirements of the New York Stock Exchange and SEC rules and regulations. Our audit committee (i) assists our board in monitoring the integrity of our financial statements, our compliance with legal and regulatory requirements, our independent registered public accounting firm's qualifications and independence, and the performance of our internal audit function and independent registered public accounting firm; (ii) assumes direct responsibility for the appointment, compensation, retention and oversight of the work of any independent registered public accounting firm engaged for the purpose of performing any audit, review or attest services and for dealing directly with any such accounting firm; (iii) provides a medium for consideration of matters relating to any audit issues; and (iv) prepares the audit committee report that the SEC rules require be included in our annual proxy statement or annual report on Form 10-K. The audit committee reviews and evaluates, at least annually, its performance and the performance of its members, including compliance with its charter. Please see the report of the audit committee set forth elsewhere in this proxy statement.

Compensation Committee. Our compensation committee met ten times during 2018. This committee currently has three members, Messrs. Harris and Kennedy and Ms. Nash. Mr. Harris serves as Chairman of the committee. Our compensation committee reviews and recommends policy relating to compensation and benefits of our officers and employees, including reviewing and approving corporate goals and objectives relevant to compensation of the chief executive officer and other senior officers, evaluating the performance of these officers in light of those goals and objectives and setting compensation of these officers based on such evaluations. Our board of directors has designated our compensation committee to serve as the administrative committee under our stock incentive plans. In that role, our compensation committee determines which individuals receive awards under our stock incentive plans, the types of such awards, the terms and conditions of such awards and, subject to our stock option grant policy, the time at which such awards are granted. The compensation committee reviews and evaluates, at least annually, the performance of the compensation committee and its members, including compliance of the compensation committee with its charter. A description of the compensation committee's processes and procedures for the consideration and determination of executive compensation is set forth in more detail below in this Proxy Statement under the heading "Compensation Discussion and Analysis."

Nominating and Corporate Governance Committee. Our nominating and corporate governance committee met three times during 2018. This committee currently has four members, Messrs. Maypole and Fisher, Ms. Stahl and Ms. Bradley. Mr. Fisher currently serves as Chairman of our nominating and corporate governance committee. The nominating and corporate governance committee oversees and assists our board of directors in identifying, reviewing and recommending nominees for election as directors; evaluates our board of directors; develops, reviews and recommends corporate governance guidelines and a corporate code of business conduct and ethics; and generally advises our board of directors on corporate

governance and related matters. The nominating and corporate governance committee reviews and evaluates, at least annually, its performance and the performance of its members, including compliance with its charter. The nominating and corporate governance committee also facilitates the board's overall self-assessment.

The nominating and corporate governance committee may consider director candidates recommended by stockholders as well as from other sources such as other directors or officers, third party search firms or other appropriate sources. For all potential candidates, the committee may consider all factors it deems relevant, such as a candidate's personal integrity and judgment, business and professional skills and experience, independence, knowledge of the industry in which we operate, past service on the board of directors, possible conflicts of interest, diversity, the extent to which the candidate would fill a present need on the board of directors and concern for the long-term interests of the stockholders.

In general, persons recommended by stockholders will be considered on the same basis as candidates from other sources. If a stockholder wishes to nominate a candidate to be considered for election as a director at the 2020 Annual Meeting of Stockholders, it must follow the procedures described in "Stockholder Proposals and Nominations for Director" set forth elsewhere in this proxy statement. If a stockholder wishes simply to propose a candidate for consideration as a nominee by the nominating and corporate governance committee, it should submit any pertinent information regarding the candidate to the nominating and corporate governance committee by mail to Knoll, Inc., c/o Corporate Secretary, 1235 Water Street, East Greenville, Pennsylvania 18041.

Compensation Committee Interlocks and Insider Participation

No person who served as a member of our compensation committee during fiscal year 2018 was a current or former officer or employee of ours or engaged in transactions with us required to be disclosed by SEC regulations during fiscal year 2018. None of our executive officers serve as a member of the board of directors or compensation committee of any entity that has one or more executive officers who serve on our board of directors or compensation committee.

Communications with Directors

In accordance with our Corporate Governance Guidelines, interested persons may send communications to the board, to any committee of the board or to any individual members of the board (including non-management directors) by sending a letter to the following address: Knoll, Inc., c/o Corporate Secretary, 1235 Water Street, East Greenville, Pennsylvania 18041. In addition, our board of directors has adopted "Whistleblower Procedures" setting forth procedures to enable the receipt and investigation of accounting, legal or retaliatory claims. The Whistleblower Procedures are publicly available in the Corporate Governance portion of our website at www.knoll.com.

Compensation of Directors

Our Corporate Governance Guidelines provide that the form and amount of compensation provided to our directors shall be determined by the board of directors with the assistance of the compensation committee. The board of directors and compensation committee periodically review our director compensation programs to ensure that they remain competitive. In making this review, the board of directors and compensation committee considers our size, industry characteristics, location, the practices at comparable companies in the same region, and such other factors as the board of directors or compensation committee deems relevant. Effective October 1, 2007, our board of directors adopted the Knoll, Inc. Non-Employee Director Compensation Plan, which was most recently amended effective January 1, 2018. Under this Plan, our compensation package for non-employee directors consists of:

an annual fee of \$50,000, payable in quarterly installments of \$12,500;

a \$15,000 annual fee for the chair of the audit committee and lead director, payable in quarterly installments of \$3,750;

an annual grant of restricted shares with a fair market value of \$90,000 at the time of the grant which vests over a period of two years; and

reimbursement for expenses incurred in the performance of their duties as directors.

All or a portion of annual fees may, at the election of the non-employee director, be paid in the form of shares of our common stock. The number of shares issuable pursuant to such an election is equal to the value of the fee forgone divided by the fair market value of the common stock on the payment date.

The table below sets forth information concerning the compensation we paid to our non-employee directors during 2018 for service on our board of directors. With the exception of Ronald R. Kass, all of the directors listed below served for the entire year.

Report of Audit Committee

The audit committee of the board of directors has furnished the following report:

The audit committee assists the board of directors in overseeing and monitoring the integrity of our financial reporting process, compliance with legal and regulatory requirements and the quality of internal and external audit processes. This committee's role and responsibilities are set forth in a charter adopted by the board of directors, which is available on our website at www.knoll.com. This committee reviews and reassesses our charter annually and recommends any changes to the board of directors for approval. The audit committee is responsible for overseeing our overall financial reporting process, and for the appointment, compensation, retention, and oversight of the work of our independent registered public accounting firm. In fulfilling its responsibilities for the financial statements for fiscal year 2018, the audit committee took the following actions:

Reviewed and discussed with management and Ernst & Young LLP, our independent registered public accounting firm, the audited financial statements for the fiscal year ended December 31, 2018 and the results of management's assessment of the effectiveness of the Company's internal control over financial reporting and the independent registered public accounting firm's audit of internal control over financial reporting;

Discussed with Ernst & Young LLP the matters required to be discussed by Auditing Standard No. 1301, Communications with Audit Committees; and

Received written disclosures and the letter from Ernst & Young LLP regarding its independence as required by Public Company Accounting Oversight Board Rule 3526. The audit committee further discussed with Ernst & Young LLP their independence. The audit committee also considered the status of pending litigation, taxation matters and other areas of oversight relating to the financial reporting and audit process that the committee determined appropriate.

Based on the audit committee's review of the audited financial statements and discussions with management and Ernst & Young LLP, including meetings held without management present, the audit committee recommended to the board of directors that the audited financial statements be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2018 for filing with the SEC.

Table of Contents**PROPOSAL 2 INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The audit committee has appointed Ernst & Young LLP, as our independent registered public accounting firm, to audit our financial statements for the fiscal year ending December 31, 2019. The board of directors proposes that the stockholders ratify this appointment. Although ratification is not required, the board of directors is submitting the selection of Ernst & Young LLP to our stockholders for ratification as a matter of good corporate practice. In the event the stockholders do not ratify the appointment, the appointment will be reconsidered by the audit committee, but the audit committee is not required to appoint another independent registered public accounting firm. Even if the selection is ratified, the audit committee in its discretion may select a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of our company and our stockholders.

Ernst & Young LLP has audited our financial statements for the fiscal years ended December 31, 1996 through 2018. We expect that representatives of Ernst & Young LLP will be present at the Annual Meeting of Stockholders, will have an opportunity to make a statement if they so desire, and will be available to respond to appropriate questions.

The following table presents fees for professional audit services rendered by Ernst & Young LLP for the audit of our annual financial statements for the years ended December 31, 2018 and 2017, and fees billed for other services rendered by Ernst & Young LLP during those periods.

² Audit-related fees include due diligence in connection with acquisitions and accounting consultations.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-audit Services of Independent Registered Public Accounting Firm

The audit committee has responsibility for appointing, setting compensation and overseeing the work of the independent registered public accounting firm and pre-approving all audit and permitted non-audit services that may be performed by the independent registered public accounting firm. In recognition of this responsibility, the audit committee has pre-approved compensating Ernst & Young LLP for certain services that they may provide during 2019 based on the specific service or category of service. In addition, the audit committee has delegated authority to its Chairman, John F. Maypole, to approve additional compensation for appropriate miscellaneous services, subject to certain limits depending on the specific service or category of service. Any such approval would be reported to the audit committee at its next meeting.

For fiscal year 2018 and 2017, all audit and non-audit services described above were pre-approved by the audit committee.

The affirmative vote of a majority of the shares present or represented and entitled to vote at the Annual Meeting is required to ratify the audit committee's appointment of the independent registered public accounting firm.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE TO RATIFY THE APPOINTMENT OF ERNST & YOUNG LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM, AND PROXIES SOLICITED BY THE BOARD OF DIRECTORS WILL BE VOTED IN FAVOR OF SUCH RATIFICATION UNLESS A STOCKHOLDER INDICATES OTHERWISE ON THE PROXY.

PROPOSAL 3 ADVISORY VOTE ON EXECUTIVE COMPENSATION

Section 14A to the Exchange Act requires that we provide our stockholders with the opportunity to vote to approve, on a nonbinding, advisory basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with the SEC's rules.

As described in detail under the heading "*Compensation Discussion and Analysis*," our executive compensation programs are generally designed to provide competitive compensation packages that will attract and retain superior talent, motivate our executive officers to achieve desired company and individual performance and to appropriately reward that performance, and align the interests of our executive officers with the long-term interests of our stockholders.

The vote on this resolution is not intended to address any specific element of compensation; rather, the advisory vote relates to the overall compensation of our named executive officers, as well as the philosophy, policies and practices, all as described in this proxy statement. The vote is advisory, and therefore it is not binding on the company, the compensation committee or our board of directors. We have determined that our stockholders should cast an advisory vote on the compensation of our named executive officers on an annual basis. The next advisory vote on the compensation of our named executive officers will be at the 2020 Annual Meeting of Stockholders.

The affirmative vote of a majority of the shares present or represented and entitled to vote at the Annual Meeting is required to approve this Proposal 3.

"RESOLVED, that the company's stockholders approve, on a nonbinding, advisory basis, the compensation of the named executive officers, as disclosed in the company's Proxy Statement for the 2019 Annual Meeting of Stockholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the Summary Compensation Table and the other related tables and disclosure."

¹ Percentages are calculated pursuant to Rule 13d-3 under the Securities Exchange Act of 1934 (the "Exchange Act"). Percentage calculations assume, for each person and group, that all shares that may be acquired by such person or group pursuant to options currently exercisable or that become exercisable within 60 days following February 28, 2019, or shares of restricted stock which will become vested within 60 days following February 28, 2019, are outstanding for the purpose of computing the percentage of common stock owned by such person or group. However, those unissued shares of common stock described above are not deemed to be outstanding for calculating the percentage of common stock owned by any other person or group. EXECUTIVE COMPENSATION

Compensation Discussion And Analysis ("CD&A")

This CD&A describes our executive compensation program for our five most highly compensated executive officers. These executive officers, listed in the chart below, are referred to in this proxy statement as our "named executive officers". Our compensation policies discussed below generally apply equally to all of our executive officers, but for purposes of this CD&A references to "executive officers" or "officers" refer to our named executive officers, unless the context indicates otherwise.

Named Executive Officers

Andrew B. Cogan	Chairman and Chief Executive Officer, Director
Charles W. Rayfield	Senior Vice President and Chief Financial Officer
Benjamin A. Pardo	Executive Vice President Director of Design
Michael A. Pollner	Senior Vice President, Chief Administrative Officer, General Counsel and Secretary
David L. Schutte	Executive Vice President Lifestyle

How did we respond to our 2018 Advisory Vote on Executive Compensation?

At the 2018 Annual Meeting of Stockholders, stockholders representing approximately eighty seven percent (87%) of our issued and outstanding shares of stock voted in favor of our advisory say-on-pay proposal, relating to the compensation of our named executive officers.

The compensation committee has reviewed the final vote results of our say-on-pay proposal. Based on the substantial support we received in 2018, we did not make any substantial changes to our compensation program other than to adjust payouts under the 2018 non-equity incentive program to reflect our performance relative to the goals set forth in the company's 2018 financial plan.

In response to prior say-on-pay votes, and as a result of our ongoing dialogue with stockholders, we have incorporated a number of features into our compensation programs:

We engaged an independent compensation consultant, Willis Towers Watson, to perform an updated assessment of our executive compensation in 2018;

We have capped potential payments under our annual Non-Equity Incentive awards for our Section 16 Officers at one hundred fifty percent (150%) of the target amount or two hundred percent (200%) of base salary in the case of our Chief Executive Officer;

We have eliminated the legacy tax "gross-up" from our chief executive officer's employment agreement;

We have instituted a "double trigger" change of control provision in our equity agreements which requires that the award recipient be terminated from employment in order to receive accelerated vesting following a change-in-control;

Table of Contents

We have adopted and maintain a "Clawback Policy" applicable to our Section 16 Officers which allows the company to recover excess incentive compensation in the event of an accounting restatement; and

We have revised our Insider Trading Policy to prohibit hedging transactions in our stock (i.e., transactions that are designed to offset any decrease in our stock price).

We remain willing to discuss any compensation concerns with our stockholders if and when they arise.

How Did We Perform?

Our fiscal 2018 financial results were broadly successful as Knoll achieved record sales and strong profitability. For 2018 Knoll built upon its strategy of maintaining its existing share of the workstation business while, at the same time, expanding our share in the high-growth shared-spaces segment:

During the first quarter of 2018, we successfully completed the acquisition of Muuto A.p.S. ("Muuto"), the Copenhagen-based designer and provider of affordable luxury furniture, lighting and accessories for the workplace and home. With the Muuto acquisition, Knoll's combined product offering now spans more of the workspace market.

Net sales for the year ended December 31, 2018 were \$1,302.3 million, an increase of 15.0% from sales of \$1,132.9 million for the year ended December 31, 2017.

The increase in sales was broad-based as sales for the Company's Office segment increased 8.2% and sales for the Company's Lifestyle segment increased almost 27%.

Adjusted earnings before interest, depreciation and taxes (EBITDA) for 2018 increased to \$176.5 million from \$144.5 million in 2017, an increase of more than 22%. In total we achieved approximately 88% of our 2018 Adjusted EBITDA goal of \$200 million.

Gross profit for 2018 was \$481.5 million, an increase of almost \$67 million, or 16.1%, from gross profit of \$414.6 million for 2017.

Operating profit was \$115.2 million, an increase of \$34.7 million, or 43%, from operating profit of \$80.5 million for 2017. Operating profit as a percentage of sales increased from 7.1% in 2017 to 8.8% in 2018. Adjusted operating profit for 2018 was \$132.4 million, an increase of 27.1% over adjusted operating profit of \$104.3 million for 2017.

Adjusted diluted earnings per share increased from \$1.42 in 2017 to \$1.85 in 2018.

We maintained our dividend of \$0.60 per share and returned approximately \$30 million of cash to our stockholders.

Because we achieved almost 90% of our 2018 Adjusted EBITDA plan, furthered our core diversification strategy by successfully acquiring and integrating Muuto, maintained our pre-Muuto acquisition dividend and, at the same time, reduced our outstanding indebtedness following the Muuto acquisition, our compensation committee approved 2018 non-equity incentive payments for our executive officers that were approximately 100% of the target amount.

What Are Our Compensation Practices?

Compensation Objectives

Our executive compensation program is generally designed to:

Provide competitive compensation packages that will attract and retain superior talent;

Motivate our executive officers to achieve desired company and individual performance and to appropriately reward that performance; and

Align the interests of our executive officers with the long-term interests of our stockholders, primarily through equity awards.

Compensation Principles and Policies

Our executive compensation programs are comprised of: (i) base salary; (ii) annual non-equity incentive bonuses, which are discretionary, but based primarily on the achievement of company objectives and performance; and (iii) long-term incentive compensation in the form of periodic equity awards that include both time-vesting restricted shares and performance-based stock units that vest on the basis of our operating performance and total shareholder return ("TSR"). Because our annual incentive and long-term incentive compensation are either discretionary or contingent upon the achievement of our performance goals, our senior executives have a substantial portion of their compensation at risk.

Base Salary: The compensation committee reviews base salary levels for executive officers on an annual basis and any changes are typically effective mid-year. Currently, our only named executive officer with a written employment agreement is our Chairman and Chief Executive Officer, Mr. Cogan. We attempt to set base salaries at levels that are competitive in the industry and in relation to the particular job function of the executive officer. The annual base salary provides a base level of compensation for services rendered during the year and is intended to reward the executive officer for the day-to-day complexities and difficulties of his/her job.

Annual Incentive: Annual non-equity incentive bonuses are based primarily on Adjusted EBITDA, and may include supplemental goals considered by the compensation committee in its discretion. Our compensation committee may also, in its discretion, consider the operating performance of individual business segments. There is no specific quantitative formula in calculating incentive payments. Instead, the compensation committee depends upon a variety of factors, including: the company's overall performance for the year, the individual executive's performance, the business environment existing during the year and any extraordinary obstacles that may have arisen during the course of the year. The target payouts on our annual non-equity incentive bonuses are generally around 100% of the executive officer's base salary. Beginning with our 2017 annual non-equity incentive program, we have capped the annual payout for our named executive officers at a percentage of base salary or target amount.

Long-Term Incentive: Long-term incentive grants are delivered in a combination of time vesting restricted shares and performance-based restricted stock units.

Compensation Governance

Our executive compensation program reflects the following best practices:

Provide a significant portion of our named executive officers' total compensation in the form of awards tied to our long-term strategy and our performance.

Require compliance with our Stock Ownership Guidelines, which require that our executive officers own a specified value of shares of the Company's common stock.

Have a Compensation Committee comprised entirely of independent directors who use an independent consultant retained by the Compensation Committee.

Have ongoing consideration and oversight by the Compensation Committee with respect to any potential risks associated with our incentive compensation programs.

Maintain a Clawback Policy for Section 16 Officers which permits the company to recover excess incentive compensation in the event of a restatement.

Prohibit our associates through our Insider Trading Policy from engaging in hedging transaction in our stock

Utilize "double trigger" change-in-control provisions in our equity award agreements for awards made after August 2016,

Have employment agreements or change-of-control agreements with our named executive officers other than Mr. Cogan.

Provide tax gross-ups for our named executive officers.

Time the grants of equity awards to coordinate with the release of material non-public information, or time the release of material non-public information for the purpose of affecting the value of any named executive officer compensation.

Provide material executive perquisites such as corporate aircraft, executive life insurance, tax or estate planning services.

Provide supplemental retirement benefits to our executive officers

Operate deferred compensation plans for our executive officers.

Operate a stockholder rights plan (Poison Pill).

How Are Compensation Decisions Made?

Role of the Compensation Committee and Management

The compensation committee has overall responsibility for our executive compensation program. Our compensation committee generally meets at least three times a year formally and on more occasions as needed. Members of our compensation committee also discuss compensation matters with our chief executive officer and among themselves informally throughout the year in an effort to both (i) monitor the appropriateness of our executive compensation packages on an on-going basis and (ii) prepare for the formal compensation committee meetings and the definitive compensation decisions that are made at those meetings.

At formal compensation committee meetings, our chief executive officer presents the compensation committee with his recommendations regarding compensation for the named executive officers. In connection with these recommendations, the compensation committee is provided with information on the executive officers' existing compensation arrangements, equity awards and compensation history, if requested. The committee is also provided (and considers) our actual financial performance, both in relation to the performance targets set and in relation to the industry as a whole. Other factors, including the executive officer's individual performance and any extraordinary efforts or hurdles faced by the executive officer, may also be considered.

After reviewing the chief executive officer's recommendations and the other relevant information, the compensation committee determines the compensation packages for each of the named executive officers

Table of Contents

other than our chief executive officer. The compensation committee typically makes a recommendation to our full board of directors with respect to the cash compensation arrangements for our chief executive officer. Our board of directors then evaluates those recommendations and any other information it deems appropriate and determines the applicable compensation levels for our chief executive officer.

Role of Independent Compensation Consultant

In 2018, the compensation committee directly reengaged Willis Towers Watson, an independent compensation consultant, for the purpose of conducting a review of our executive compensation programs. Willis Towers Watson provides no other services for the Company. As part of its engagement, Willis Towers Watson evaluated the base salary, annual non-equity incentive and long-term equity components of our executive compensation programs for our most senior executives, including our named executive officers. Willis Towers Watson evaluated the competitiveness of our compensation programs using proxy information from the companies included in our Peer Group (as described below), and also considered data compiled from published surveys of executive compensation for other comparably-sized companies within the durable goods consumer products sectors. The compensation committee considered this data, among other factors, in determining the components and amounts of compensation that are appropriate for the Company's named executive officers. However, the compensation committee did not establish formal benchmarked compensation targets or ranges for our executive officers based on this information. Instead, this information was used as a general market resource in making compensation decisions regarding base salaries, annual non-equity incentive compensation and longer-term equity grants.

Compensation Peer Group

In 2017, in conjunction with our work with Willis Towers Watson, the compensation committee developed a peer group for purposes of assessing our relative TSR performance in relation to our grants of performance-based restricted stock. In establishing this peer group, the compensation committee took into account a number of factors including (i) companies where we primarily compete for executive talent, (ii) industry, and (iii) size and complexity. For our performance-based equity grants for 2017 and 2018, our TSR peer group consists of the following companies:

ABM Industries Incorporated	Kimball International, Inc.
ACCO Brands Corporation	Matthews International Corporation
Deluxe Corporation	MSA Safety Incorporated
Herman Miller, Inc.	Robert Half International Inc.
HNI Corporation	Steelcase Inc.
Interface, Inc.	West Corporation
Kelly Services, Inc	

Edgar Filing: KNOLL INC - Form DEF 14A

Table of Contents

During 2018 the compensation committee, with input from Willis Towers Watson, adjusted our TSR peer group to consist of the following companies for purposes of our 2019 equity grants:

ACCO Brands Corporation	HNI Corporation
Apogee Enterprises	Interface, Inc.
Armstrong Flooring	Kimball International, Inc.
Armstrong World Industries	La-Z-Boy
Ethan Allen Interiors	RH
Herman Miller, Inc.	Steelcase Inc.

Working with Willis Towers Watson in 2018, the compensation committee also developed a separate compensation peer group that will be utilized as an informal bench mark for purposes of establishing competitive cash compensation for the company's executive officers. For general compensation purposes, the group set forth above is modified by adding Movado Group and removing Apogee Enterprises, Armstrong Flooring and Armstrong World Industries.

How Do We Compensate Our CEO and other NEOs?

Elements of Executive Compensation Program

Our executive compensation programs are comprised of: (i) base salary; (ii) annual non-equity incentive bonuses, which are discretionary, but based primarily on the achievement of company objectives and performance; and (iii) long-term incentive compensation in the form of periodic equity awards.

The following sets forth the primary objectives addressed by each component of our executive compensation programs:

Our named executive officers are also provided severance and change-in-control protections, which can be triggered in a number of scenarios, and also may participate in our standard retirement plans on the same basis as our associates generally. Our named executive officers are not generally provided with any material perquisites.

Base Salary

The compensation committee reviews base salary levels for executive officers on an annual basis and any changes are typically made mid-year. We attempt to set base salaries at levels that are competitive in the industry and in relation to the particular job function of the executive officer. The annual salary provides a base level of compensation for services rendered during the year and is intended to reward the executive officer for the day-to-day complexities and difficulties of his/her job. We believe this provides the executive with a fair level of compensation, but also enables our annual discretionary non-equity incentive bonuses and equity grants to have a significant motivating impact on the executive officers. Effective July 1, 2018, the base salaries of our executive officers were as follows:

Name	Salary
Andrew B. Cogan	\$ 1,040,000
Charles W. Rayfield	\$ 306,000
Benjamin A. Pardo	\$ 313,000
Michael A. Pollner	\$ 350,000
David L. Schutte	\$ 357,000

Financial Metrics and Subjective Criteria

In connection with our "at-risk" performance compensation, we consider a variety of financial metrics (including revenue growth, gross margins, and earnings per share growth), as well as subjective factors such as new product development, acquisitions, and balance sheet management, when making our compensation decisions. We use a number of performance metrics under our equity awards as the trigger target for vesting under portions of our performance-based stock units. These include operating profit, adjusted earnings before interest, depreciation and taxes (EBITDA) and total shareholder return (TSR). When evaluating our performance, we believe infrequent or non-recurring items, should be disregarded when we evaluate our performance or compare our performance with the performance of our competitors.

Annual Non-Equity Incentive Bonuses

We award non-equity incentive bonuses on an annual basis. Our annual incentive bonuses are primarily intended to motivate our executive officers to exceed our performance objectives for the year. In the past, our incentive compensation program has been focused on operating profit based on our financial plan for the year. Beginning in 2018, we transitioned to Adjusted EBITDA to further align our performance measurement with the expectations of our stockholders. We also consider supplemental goals in determining annual non-equity incentive bonuses (for example, new product introductions, successful acquisitions, and management of our balance sheet). Our compensation committee also may, in its discretion, consider the operating performance of our individual business segments (Office and Lifestyle), or establish supplemental measures relating to segment performance to the extent there is a relationship between the specific named executive officer's duties and the performance of a particular business segment.

The target payouts on our annual non-equity incentive bonuses are generally around 100% of the executive officer's base salary and the financial targets used in connection with these bonuses generally relate to our annual financial plan that is submitted to and approved by our board of directors in December of the prior year.

The compensation committee ultimately determines the amount of each executive's actual non-equity incentive payment based principally on our achievement of the company's goals relative to our financial plan. However, the compensation committee has significant flexibility to increase or decrease the amounts paid under the non-equity incentive awards, regardless of whether the targets are achieved. In response to the concerns previously expressed by certain of our stockholders regarding the discretionary nature of our program, commencing with the 2017 annual non-equity incentive program, bonuses for our named executive officers have been capped at a certain percentage of the "target" amount. These annual payments are disclosed in the "non-equity incentive plan compensation" column of the Summary Compensation Table below. Rather than relying on rigid formulas and calculations, we use our judgment and discretion to determine payouts that we believe are appropriate under the circumstances. The decision to increase or decrease an actual payout under the award is generally based on a variety of factors we deem appropriate, including, without limitation, our overall performance for the year, the individual executive's performance, supplemental factors, the business environment existing during the year and any extraordinary obstacles that may have arisen during the course of the year. Our officers can be significantly rewarded when the company and individual performance measures are exceeded. Conversely, our officers generally receive smaller cash payouts when our company and/or individual performance measures are not met.

By structuring these annual incentive bonuses in a way that permits us to exercise discretion and to consider individual performance metrics related specifically to the role of the executive officer, as well as overall company performance, we enable our executive officers to have a more direct impact on the ultimate payout under their individual annual incentive bonuses. Although their individual performance impacts the overall company performance metric, the satisfaction of that company metric is dependent on

Table of Contents

the performance of many other parts of the company and can also be impacted by general economic factors outside of anyone's control. In the event overall company performance falls short of the desired target in any given year, we can adjust the payout downward under the award for some executive officers, and at the same time reward other executive officers who met or exceeded their individual performance targets or otherwise performed in a manner that deserved additional recognition, as we determine to be equitable.

Long-term Incentive Compensation Equity Grants

We believe that our executive officers should have significant equity interests and have designed our compensation programs accordingly. Long-term incentive compensation is a key component of our executive compensation program and serves a retention, motivation and reward function. Equity awards also align the interests of our executive officers with those of our stockholders and reward our executive officers by allowing them to share in any appreciation in the value of our common stock. They are designed to reward a longer performance horizon than our annual non-equity incentive bonuses, typically three to five years, which also serves to mitigate the risk that an executive officer would overly focus on short-term goals to the detriment of the company's long-term success.

We do not apply a formula for determining the specific equity award levels for our executive officers. Rather, the determination is a result of the compensation committee's discretion and judgment as to what is appropriate in light of all of the circumstances, including our strategic and operational objectives, data supplied by our compensation consultant, Willis Towers Watson, our stock price, the responsibilities of the executive officers, the amounts of the executive officers' then-outstanding equity awards, the compensation of our peers and any other factors that the compensation committee determines are relevant. In exercising its discretion, the compensation committee relies on the individual experiences and perspectives of its members and dialogue with our chief executive officer in evaluating whether the specific recommended grant levels will have the desired effect.

Restricted Shares Time Vesting.

Periodically, we grant time-vesting restricted shares to our executive officers and other key employees. These restricted share grants are typically structured to vest on a specified anniversary date, generally on the third anniversary of the date of grant, at which point the restrictions on the shares lapse and the vested shares may be voted and disposed of by the grantees. The vesting of the restricted shares can also accelerate (on a pro rata basis) upon a change-in-control of the company, death, disability and upon termination without cause. Unvested restricted shares are forfeited if the grantee voluntarily leaves the company prior to the vesting or is terminated for "cause" (as defined in the applicable restricted share agreement or stock incentive plan). Dividends that are paid on our common stock during the vesting period of any restricted shares are typically accrued and paid out to the grantee when the restricted shares vests. In 2016, we inserted a "double-trigger" change-in-control definition into our restricted share grants. This provision states that vesting can accelerate upon a change-in-control, but only when a termination of employment occurs within the 12-month period following the change-in-control.

Performance-Based Restricted Stock Units.

In addition to time vesting restricted shares, we also grant performance-based restricted stock units. We believe our performance grants have both a strong retentive influence on our executive officers and, at the same time, keep them appropriately motivated by incentivizing them to achieve our financial goals and deliver returns to stockholders. Our grants are subject to two separate performance conditions:

Fifty percent (50%) of the award vests if the Company achieves certain three-year profitability targets based on either operating profit or Adjusted EBITDA (beginning with our 2018 grant); and

Table of Contents

Fifty percent (50%) of the award vests if the Company's total shareholder return (calculated in accordance with the applicable restricted stock unit agreement) exceeds the median total shareholder return of a defined peer group.

In order for our executive officers to earn all of their performance-based awards, they need to successfully deliver operating profit and generate shareholder returns which compare favorably to our peers.

Stock Options and Stock Option Grant Policy.

In addition to full value equity awards, we also grant stock options to our executive officers from time to time which compensate our executive officers to the extent of the appreciation in our stock price. Under our stock option grant policy, stock options will only be granted on a quarterly basis and the effective date of each grant will be the third trading day after our next public announcement of quarterly or annual financial results following the date the compensation committee meets to consider (and approve) such grants. The exercise price of stock options will be the closing price of our common stock on the New York Stock Exchange as of the effective date of each grant. We believe stock options effectively motivate the grantee to achieve our desired performance goals because they reward the grantee to the extent his/her hard work and performance translates into a positive impact on our stock price.

Tax Implications of Executive Compensation

Internal Revenue Code Section 162(m) limits to \$1 million the tax deduction available to public companies for annual compensation that is paid to covered employees (generally, the named executive officers). In evaluating compensation programs applicable to our named executive officers, we consider the potential impact on the Company of Code Section 162(m) while maintaining maximum flexibility in the design of our compensation programs and in making appropriate payments to named executive officers, and consequently, may elect to provide compensation arrangements that may not be fully tax deductible under Code Section 162(m).

For taxable years beginning prior to December 31, 2017, certain performance-based compensation was exempted from Section 162(m)'s deduction limit. However, the exemption from Section 162(m)'s deduction limit for performance-based compensation has been repealed, effective for taxable years beginning after December 31, 2017, such that compensation paid to our named executive officers in excess of \$1 million will not be deductible unless it qualifies for transition relief applicable to certain arrangements in place as of November 2, 2017.

Despite our efforts to consider the potential impact on the Company of Code Section 162(m) in structuring our named executive officers' annual compensation, compensation for our covered employees (including our named executive officers) in excess of \$1 million will not be deductible, except such performance-based compensation that may qualify for the transition relief. Further, because of ambiguities and uncertainties as to the application and interpretation of Section 162(m) and the regulations issued thereunder, including the uncertain scope of the transition relief under the legislation repealing Section 162(m)'s exemption from the deduction limit, no assurance can be given that compensation given to our covered employees (including our named executive officers) intended to qualify for the transition relief, will be exempt from the deduction limit.

Retirement Benefits

Our executive officers participate in the Knoll Retirement Savings Plan pursuant to which they receive matching contributions of 50% of their voluntary contributions, up to a maximum amount of 6% of eligible compensation (\$275,000 for 2018), plus potential profit-sharing contributions. Our executive officers who joined Knoll prior to January 1, 2011 also participate in the Knoll Pension Plan, a noncontributory defined benefit plan. However, effective January 1, 2016, the Knoll Pension Plan was frozen for all participants,

including our executive officers. For more information on the Knoll Pension Plan, see "Pension Benefits" on page 51.

Severance and Change-in-Control Benefits

We have agreed to provide Messrs. Cogan, Rayfield, Pardo, Pollner and Schutte with severance benefits upon certain separations of their employment. Mr. Cogan is entitled to severance benefits if (i) his employment is terminated by us for any reason other than cause or in connection with disability or death, (ii) we elect not to renew the employment agreement, or (iii) the employment agreement is terminated by Mr. Cogan in connection with a material breach of the employment agreement by us. These severance benefits are contained in an employment agreement between us and Mr. Cogan. Under the terms of Mr. Schutte's and Mr. Pardo's offer letters, Mr. Schutte and Mr. Pardo are each entitled to severance benefits if terminated by us without "cause." Messrs. Rayfield and Pollner have each entered into a severance agreement with Knoll that provides they are entitled to certain severance benefits if their employment is terminated without "cause" as defined in the severance agreement. 2018 Compensation Analysis

Chairman and Chief Executive Officer

Mr. Cogan was paid base salary at a rate of \$1,020,000 per annum for the first half of 2018 and at a rate of \$1,040,000 per annum for the second half of 2018. Mr. Cogan also received a non-equity incentive bonus of \$1,040,000, 100% of his target award for 2018. In exercising its discretion to award the target amount, the compensation committee primarily considered our operating performance relative to the 2018 Adjusted EBITDA target approved in our financial plan. As described above, we generated Adjusted EBITDA of \$176.5 million for 2018, approximately 88% of our target level of approximately \$200 million. Adjusted operating profit for 2018 was \$132.4 million, an increase of 27% over prior year. Additionally, the compensation committee considered our comparative performance within the industry and overall progress relative to our strategic imperatives such as the diversification of our business culminating in the Muuto acquisition. We also continued to aggressively manage our balance sheet and expanded our constellation of high-design and high-margin brands and capabilities.

On February 13, 2018, Mr. Cogan was granted 62,500 restricted shares and 62,500 performance-based stock units. The restricted shares cliff vest in one tranche on the third anniversary of the date of grant. Twenty-five percent of the performance-based stock units vest if the company exceeds \$388 million of Adjusted EBITDA over a three-year period and an additional twenty-five percent of the performance-based stock units vest if the company exceeds \$427 million of Adjusted EBITDA over a three-year period. The remaining fifty percent of the performance-based stock units vest if the total shareholder return of Knoll stock over a three-year performance period exceeds the median total shareholder return of the 2018 Peer Group. The stock unit grant also includes a "stretch" operating profit goal where an additional twenty-five percent of the stock unit award (for a maximum of 125% of the original stock unit award) will vest if the company achieves \$556 million of Adjusted EBITDA over the three-year period. As explained above, the compensation committee believes these grants will have both a strong retentive influence on Mr. Cogan and, at the same time, keep him appropriately motivated by incentivizing him to achieve our financial goals and deliver returns for our stockholders.

Table of Contents

In December 2018, we granted Mr. Cogan a 2019 non-equity incentive award with a target payment of one hundred percent (100%) of his base salary. If earned, this bonus would be paid in February 2020 and cannot exceed two hundred percent (200%) of Mr. Cogan's base salary.

Mr. Rayfield also received a non-equity incentive bonus of \$300,000, 100% of his target award. In exercising its discretion to pay the target amount, the compensation committee primarily considered our operating performance relative to our 2018 Adjusted EBITDA target, as well as Mr. Rayfield's individual contributions during the year, including his management of our balance sheet. Additionally, the compensation committee considered our comparative performance within the industry and overall progress relative to our strategic imperatives such as the diversification of our business culminating in the Muuto acquisition.

As explained above, the compensation committee believes these grants will keep Mr. Rayfield appropriately motivated by incentivizing him to achieve our financial goals and deliver returns for our stockholders.

In December 2018, we granted Mr. Rayfield a 2019 non-equity incentive award with a target payment of one hundred percent (100%) of his base salary. If earned, this bonus would be paid in February 2020 and cannot exceed one hundred fifty percent (150%) of Mr. Rayfield's base salary.

Senior Vice President, Chief Administrative Officer, General Counsel and Secretary

In exercising its discretion to pay the target amount, the compensation committee primarily considered our operating performance relative to our 2018 Adjusted EBITDA target. Additionally, the compensation committee considered our comparative performance within the industry and overall progress relative to our strategic imperatives such as the diversification of our business culminating in the Muuto acquisition. The compensation committee also considered Mr. Pollner's leadership of the company's information technology group and legal function.

Mr. Schutte also received a non-equity incentive bonus of \$350,000, 100% of his target award. In exercising its discretion to pay the target amount, the compensation committee primarily considered our operating performance relative to our 2018 Adjusted EBITDA target. Additionally, the compensation committee considered Mr. Schutte's broader role in leading all of our Lifestyle businesses.

On February 13, 2018, Mr. Schutte was granted 7,500 restricted shares and 7,500 performance-based stock units. The restricted shares cliff vest in one tranche on the third anniversary of the date of grant. The performance-based stock units vest in three years subject to our satisfaction of the same performance criteria that are applicable to Mr. Cogan's grant discussed above. As explained above, the compensation committee believes these grants will keep Mr. Schutte appropriately motivated by incentivizing him to achieve our financial goals and deliver returns for our stockholders.

In December 2018, we granted Mr. Schutte a 2019 non-equity incentive award with a target payment of one hundred percent (100%) of his base salary. If earned, this bonus would be paid in February 2020 and cannot exceed one hundred fifty percent (150%) of Mr. Schutte's base salary.

Executive Vice President Design

Mr. Pardo was paid base salary at a rate of \$307,000 per annum for the first half of 2018 and at a rate of \$313,000 per annum for the second half of 2018. Mr. Pardo also received a 2018 non-equity incentive bonus of \$307,000, 100% of his target award. In exercising its discretion to pay the target amount, the compensation committee primarily considered our operating performance relative to our 2018 Adjusted EBITDA target and Mr. Pardo's individual contributions, including his leadership in our development of new products. Additionally, the compensation committee considered our comparative performance within the industry.

On February 13, 2018, Mr. Pardo was granted 7,500 restricted shares and 7,500 performance-based stock units. The restricted shares cliff vest in one tranche on the third anniversary of the date of grant. The performance-based stock units vest in three years subject to our satisfaction of the same performance criteria that are applicable to Mr. Cogan's grant discussed above. As explained above, the compensation committee believes these grants will keep Mr. Pardo appropriately motivated by incentivizing him to achieve our financial goals and deliver returns for our stockholders.

Table of Contents

In December 2018, we granted Mr. Pardo a 2019 non-equity incentive award with a target payment of one hundred percent (100%) of his base salary. If earned, this bonus would be paid in February 2020 and cannot exceed one hundred fifty percent (150%) of Mr. Pardo's base salary.

2019 Equity Grant

On February 11, 2019, we granted an aggregate of 105,883 time-vesting restricted shares to certain of our named executive officers in the following amounts: Mr. Cogan (65,000 shares), Mr. Rayfield (9,804 shares), Mr. Pollner (8,579 shares), Mr. Schutte (15,000 shares), and Mr. Pardo (7,500 shares). On the same date, we also granted 105,883 performance-based stock units to these executive officers in the same amounts. The restricted shares cliff vest in one tranche on the third anniversary of the date of grant. One-half of the performance-based stock units vest if the company exceeds a three-year Adjusted EBITDA target and the other half vests if the total shareholder return of Knoll stock over a three-year performance period exceeds the median total shareholder return of the Peer Group. Under the grant, our executive officers can receive additional units equal to twenty-five percent of their target unit award (for example, 16,250 additional units in the case of Mr. Cogan) if we significantly exceed our Adjusted EBITDA goals. Unvested restricted shares and stock units are automatically forfeited if the grantee voluntarily leaves the company prior to vesting. Consistent with our 2018 equity grants, the compensation committee elected to divide our latest equity grant in this manner in order to simultaneously reward performance, retain our key executives and encourage stock ownership. Mr. Cogan also was granted 90,000 stock options which vest in one-third increments over three years and compensate Mr. Cogan only in the event the company's stock price increases over the duration of the options. In making this grant to Mr. Cogan, the compensation committee primarily considered Mr. Cogan's pivotal role within the company both as chairman and chief executive officer and sought to further align his compensation with the interests of our stockholders. As explained above, the compensation committee determined the specific level of each of these awards by applying its discretion and judgment as to what is appropriate in light of all of the circumstances, including our strategic and operational objectives, our stock price, the responsibilities of the executive officers and the amounts of the executive officers' then-outstanding equity awards.

How Do We Manage Risks Related to Our Compensation Program?

Risk Assessment Incentive Compensation Programs

Our compensation committee conducted a risk-assessment of our compensation programs and practices. This process included: a review of the disclosure requirements contained in Item 402(s) of Regulation S-K; a review of our compensation programs; the identification of features that could potentially encourage excessive or imprudent risk taking of a material nature; a review of our business risks generally, as described in our public filings; the identification and review of additional risks specifically associated with our compensation programs; and the identification and review of factors that mitigate these risks. Based on this process, our compensation committee concluded that our compensation programs and practices are appropriately structured and do not create risks that are reasonably likely to have a material adverse effect on the Company.

Change-in-Control Provisions and Pension Benefits

Certain restricted stock and unit agreements applicable to our named executive officers provide that upon a change-in-control (as defined therein) of our company, a pro rata portion of the outstanding restricted shares and stock units will become vested. The pro rata portion of the restricted shares is calculated based on multiplying the total number of restricted shares times a fraction the numerator of which is the number of whole months that have elapsed since the grant date and the denominator of which is the total number of months over which the grant vests, less any shares which previously vested. Beginning in mid-2016, our compensation committee modified our equity award agreements to provide for "double-trigger" vesting in the event of a change-in-control, meaning that the outstanding restricted shares and stock units will only vest upon a change-in-control if there is a termination of employment within 12 months after the change-in-control.

Pension Benefits

The Knoll Pension Plan was frozen for all participants, effective January 1, 2016. Messrs. Cogan, Pollner, Pardo and Schutte are the only executive officers who still participate; however, they have ceased to accrue additional benefits. The present value of the accumulated benefits for each of the named executive officers shown in the table below reflects the current value of the benefits earned under the Knoll Pension Plan as of December 31, 2018, the measurement date used for financial statement reporting purposes with respect to our audited financial statements for fiscal year 2018.

Edgar Filing: KNOLL INC - Form DEF 14A

In making the calculations below, we assumed that the retirement age for each named executive officer will be the normal retirement age as defined in the plan. The pension benefits that form the basis for the present values of the accumulated benefits shown are calculated using the executive's career compensation, which is defined in the plan as the sum of the executive's compensation earned for each

calendar year starting with the later of the date of hire or March 1, 1996. Annual compensation under the plan is limited to certain dollar amounts set each year by applicable U.S. law.

The present values of the pension benefits in the table below are determined using the assumptions we use for financial reporting purposes as of December 31, 2018 (based on a measurement date of December 31, 2018). Please see Note 10 entitled "Pension and Other Postretirement Benefits" in the notes to our audited financial statements included in our 2018 annual report on Form 10-K for a discussion of these assumptions.

Amounts in this column are calculated as of the Pension Plan's measurement date ending on December 31, 2018. Amounts in this column assume that benefits are paid in the form of an annuity during the executive's lifetime. The number of years of credited service under the Knoll Pension Plan differs from the named executive officers' actual service for Knoll because the Knoll Pension Plan was established on March 1, 1996 and Mr. Cogan began working at Knoll prior to such date.

Potential Payments Upon Termination or Change in Control**Severance Under Employment Agreement; Severance Agreements**

Mr. Cogan is entitled to severance benefits under his employment agreement. The agreement may be terminated by us at any time, but if so terminated without "cause," or if we fail to renew the agreement, we must pay termination compensation. We also must pay termination compensation to Mr. Cogan in the event he terminates his employment agreement on account of our breach. The termination compensation is an amount equal to (i) 200% of his then current base salary, plus (ii) the average of the annual bonuses paid to him for the last two completed fiscal years proceeding the fiscal year of termination. If the termination is without "cause," or if we fail to renew the agreement, Mr. Cogan is also generally entitled to continued coverage under our health, disability and medical benefits pursuant to the Consolidated Omnibus Budget Reconciliation Act ("COBRA"), with the company reimbursing Mr. Cogan for the portion of the premium then paid by the company at the time of termination until the earlier of such time (i) Mr. Cogan obtains alternate employment pursuant to which he is covered by a group health plan, or (ii) Mr. Cogan is no longer eligible for COBRA.

The severance benefits to Mr. Cogan under his employment agreement are triggered upon any of the following events:

termination by the company (other than for cause, death or disability);

failure by the company to renew Mr. Cogan's agreement; or

termination by Mr. Cogan following a material breach by the company under the agreement.

Edgar Filing: KNOLL INC - Form DEF 14A

Cause is defined in Mr. Cogan's agreement as (i) the substantial and continued failure of the executive to perform material duties reasonably required of executive by the board of directors for a period of not

less than 30 consecutive days after receiving written notice, (ii) conduct substantially disloyal to us, which conduct is identified in reasonable detail by written notice and which conduct, if susceptible of cure, is not remedied by executive within 30 days of executive's receipt of such notice, (iii) any act of fraud, embezzlement or misappropriation against us, or (iv) the conviction of executive of a felony.

Mr. Cogan's employment agreement contains non-competition and non-solicitation provisions covering the term of the agreement and two years thereafter.

Mr. Schutte is entitled to a severance benefit under the terms of his offer letter. If Mr. Schutte is terminated by Knoll without "Cause", Mr. Schutte is entitled to 12 months of his base salary. Cause is defined as (i) failure, neglect, or refusal of the executive to perform his duties which failure, neglect or refusal is not corrected within 30 days of his receipt of written notice from the company of such failure, neglect or refusal, (ii) conduct that has the effect of injuring the reputation or business of the company or its affiliates, as determined by the company; (iii) continued or repeated absence from the company, unless such absence is approved or excused; (iv) use of illegal drugs or repeated drunkenness; (v) conviction for the commission a felony; or (vi) the executive's commission of an act of fraud or embezzlement against the company or any of its employees, customers or suppliers.

Mr. Pardo is entitled to a severance benefit under the terms of his offer letter. If Mr. Pardo is terminated by Knoll without "Cause", Mr. Pardo is entitled to the sum of \$245,000. Cause is defined as (i) failure, neglect, or refusal of the executive to perform his duties which failure, neglect or refusal is not corrected within 30 days of his receipt of written notice from the company of such failure, neglect or refusal, (ii) conduct that has the effect of injuring the reputation or business of the company or its affiliates, as determined by the company; (iii) continued or repeated absence from the company, unless such absence is approved or excused; (iv) use of illegal drugs or repeated drunkenness; (v) conviction for the commission a felony; or (vi) the executive's commission of an act of fraud or embezzlement against the company or any of its employees, customers or suppliers.

Messrs. Rayfield and Pollner are also entitled to a severance benefit under the terms of their severance agreements with Knoll. In the case of a termination of employment by Knoll without "Cause", Mr. Rayfield and Mr. Pollner are each entitled to 12 months of base salary. "Cause" is defined as: (i) the substantial and continued failure of the executive to perform material duties for a period of not less than thirty (30) consecutive days, provided notice in writing is given to the executive specifying in reasonable detail the circumstances constituting such substantial and continued failure; (ii) conduct by the executive substantially disloyal to the Company; (iii) any act of fraud, embezzlement or misappropriation by the executive against the Company; (iv) any material violation of the Company's Code of Ethics or other policies; or (v) the conviction of the executive of a felony or plea by the executive of guilty or "nolo contendere" to the charge of a felony.

Pension Benefits

The Knoll Pension Plan, a noncontributory defined benefit plan, was frozen to all participants, effective January 1, 2016. Mr. Cogan, Mr. Pollner, Mr. Pardo and Mr. Schutte are the only executive officers who participate in this plan, however, they are no longer accruing additional pension benefits. As of December 31, 2018, the estimated annual benefits payable upon normal retirement for each of our eligible named executive officers is as follows: Mr. Cogan (\$65,100); Mr. Pollner (\$20,496); Mr. Pardo (\$24,644) and Mr. Schutte (\$27,580).

Change-in-Control Provisions

Our restricted stock agreements provide for accelerated vesting upon a change-in-control (as defined therein). For grants made in early 2016 and earlier, the vesting is pro rata and calculated based on multiplying the total number of restricted shares times a fraction the numerator of which is the number of

Table of Contents

whole months that have elapsed since the grant date and the denominator of which is the total number of months over which the grant vests. Commencing with our grants made in August 2016, we have implemented "double-trigger" change-in-control provisions, whereby our restricted shares and restricted stock units fully vest upon a change-in-control but only if there is a termination of employment within one year following the change-in-control.

Potential Post-Retirement Payments to Named Executive Officers As of December 31, 2018

Set forth below are the estimated benefits that would be payable to each named executive officer upon various termination of employment and change-in-control triggering events, assuming such events occurred on December 31, 2018. Actual amounts can only be determined upon the actual triggering event.

Andrew B. Cogan.

If Mr. Cogan's employment was terminated on December 31, 2018 in a manner that triggered the severance payments under his employment agreement, he would be entitled to \$2,986,000, which represents 200% of his base salary of \$1,040,000 as of December 31, 2018, and the average of the bonuses paid to him for 2017 and 2016 (\$612,000 and \$1,200,000, respectively). If Mr. Cogan was terminated for cause or disability, he would not be entitled to benefits under the severance provisions of his employment agreement. If Mr. Cogan's termination was without "Cause", he would also be entitled to continued coverage under our health, disability and medical benefits pursuant to COBRA, with the company reimbursing Mr. Cogan for the portion of the premium then paid by the company at the time of termination, until such time (i) Mr. Cogan obtains alternate employment pursuant to which he is covered by a group health plan, or (ii) the date Mr. Cogan is no longer eligible for COBRRA coverage.

If the termination was in connection with a change-in-control that triggered the accelerated vesting of Mr. Cogan's equity awards, he would also be entitled to vesting of 338,889 shares of restricted stock and stock units. As of December 31, 2018, these restricted shares and stock units had a value of \$5,584,891 based on a closing price of \$16.48 on December 31, 2018. Mr. Cogan also would be entitled to early retirement benefits under the Knoll Pension Plan of \$23,762 per year.

Charles W. Rayfield

If Mr. Rayfield's employment was terminated on December 31, 2018 in a manner that triggered the severance payments under his severance agreement, he would be entitled to \$306,000, which represents 12 months of his base salary as of December 31, 2018. If Mr. Rayfield was terminated for cause, he would not be entitled to benefits under the severance provisions of his severance agreement.

If Mr. Rayfield's employment was terminated as of December 31, 2018 in connection with a change-in-control that triggered the accelerated vesting of Mr. Rayfield's equity awards, he would be entitled to vesting of 39,444 shares of restricted stock and stock units. As of December 31, 2018, these restricted shares had a value of \$650,037, based on a closing price of \$16.48 on December 31, 2018.

Benjamin A. Pardo.

If Mr. Pardo's employment was terminated on December 31, 2018 in a manner that triggered the severance payments under his offer letter, he would be entitled to \$245,000. If Mr. Pardo was terminated for cause, he would not be entitled to benefits under the severance provisions of his offer letter. In either case, he would be entitled to early retirement benefits under the Knoll Pension Plan of \$10,104 per year.

If Mr. Pardo's employment was terminated as of December 31, 2018 in connection with a change-in-control that triggered the accelerated vesting of Mr. Pardo's equity awards, he would be entitled to vesting of 34,444 shares of restricted stock and stock units. As of December 31, 2018, these restricted shares and stock units had a value of \$567,637, based on a closing price of \$16.48 on December 31, 2018.

Table of Contents

Michael A. Pollner

If Mr. Pollner's employment was terminated on December 31, 2018 in a manner that triggered the severance payments under his severance agreement, he would be entitled to \$350,000, which represents 12 months of his base salary as of December 31, 2018. If Mr. Pollner was terminated for cause, he would not be entitled to benefits under the severance provisions of his severance agreement.

If Mr. Pollner's employment was terminated as of December 31, 2018 in connection with a change-in-control that triggered the accelerated vesting of Mr. Pollner's equity awards, he would be entitled to pro rata vesting of 34,444 shares of restricted stock and stock units. As of December 31, 2018, these restricted shares and stock units had a value of \$567,637, based on a closing price of \$16.48 on December 31, 2018.

David L. Schutte.

If Mr. Schutte's employment was terminated on December 31, 2018 in a manner that triggered the severance payments under his offer letter, he would be entitled to \$357,000, which represents 12 months of his base salary as of December 31, 2018. If Mr. Schutte was terminated for cause, he would not be entitled to benefits under the severance provisions of his offer letter.

If Mr. Schutte's employment was terminated as of December 31, 2018 in connection with a change-in-control that triggered the accelerated vesting of Mr. Schutte's equity awards, he would be entitled to pro rata vesting of 39,444 shares of restricted stock and stock units. As of December 31, 2018, these restricted shares had a value of \$650,037, based on a closing price of \$16.48 on December 31, 2018.

PAY RATIO DISCLOSURE

In August 2015, pursuant to a mandate of the Dodd-Frank Wall Street Reform and Consumer Protection Act (the "Dodd-Frank Act"), the Securities and Exchange Commission adopted a rule requiring the annual disclosure of the ratio of the median of the annual total compensation of all employees (other than the Chief Executive Officer) to the annual total compensation of the Chief Executive Officer. The median of the annual total compensation of our employees (other than the Chief Executive Officer) for 2018 was \$56,979. As disclosed in the Summary Compensation Table appearing on page 45, our Chief Executive Officer's annual total compensation for 2018 was \$4,496,563. Based on the foregoing, our estimate of the ratio of the annual total compensation of our CEO to the median of the annual total compensation of all other employees was 79 to 1.

In determining the median of the annual total compensation of all employees (other than the Chief Executive Officer), a listing was prepared of all employees as of October 1, 2017, as well as their year-to-date gross cash compensation, which was consistently applied to all employees included in the list. Employees on leave of absence were excluded to the extent they received no cash compensation in 2017, and wages and salaries for new employees in North America were adjusted on a pro-rata basis to reflect nine (9) complete months of service. The value of our medical benefits was excluded, given that all employees, including the Chief Executive Officer, are offered the same medical benefits. The median employee was selected from the list. Once the median employee was identified, all of the elements of such employee's compensations for 2018 was combined in accordance with Item 402(c)(2)(x) of Regulation S-K, resulting in annual total compensation of \$56,979. Given the different methodologies that various public companies will use to determine an estimate of their pay ratio, the estimated ratio reported above should not be used as a basis for comparison between companies. This information is being provided for compliance purposes. Neither the Compensation Committee nor the management of the Company used the pay ratio measure in making compensation decisions.

TRANSACTIONS WITH RELATED PERSONS

We recognize that transactions with our directors or executive officers can present potential or actual conflicts of interest and create the appearance that our decisions are based on considerations other than our best interests and the best interests of our stockholders. Our code of ethics, which is available on our website at www.knoll.com, contains provisions prohibiting certain conflicts of interest, unless such conflicts are disclosed to us and waived in accordance with the waiver provisions of our code of ethics. Conflicts involving our directors or executive officers must be reviewed and waived by our audit committee. In addition, our audit committee charter requires that the audit committee approve all related party transactions entered into with any of our directors or executive officers. Our board has also adopted a written policy regarding related person transactions which supplements our audit committee charter and code of ethics by establishing additional procedures for monitoring, reviewing and, if appropriate, approving or ratifying, these types of transactions. The policy covers any "related person transaction," as defined under SEC rules, which generally includes a transaction, arrangement or relationship involving more than \$120,000 in which the Company or any of its subsidiaries, was, is or will be a participant and in which a "related person" has a material direct or indirect interest. "Related persons" includes directors and executive officers, and their immediate family members, and stockholders owning five percent (5%) or more of the Company's outstanding stock. Under the policy, related person transactions must be submitted to the company's legal department and approved or ratified by the company's audit committee or audit committee chair.

Restricted Stock-Tax Withholding

On each of February 9, 2018 and April 23, 2018 restricted stock awarded to certain of our named executive officers vested. Why Did You Send Me this Proxy Statement?

We have elected to furnish our proxy statement and annual report to certain of our stockholders over the Internet pursuant to United States Securities and Exchange Commission (SEC) rules, which allows us to reduce costs associated with the 2019 annual meeting of stockholders. On or about March 28, 2019, we will mail to certain of our stockholders a notice of Internet availability of proxy materials containing instructions regarding how to access our proxy statement and annual report online (the eProxy Notice). The eProxy Notice contains instructions regarding how you can elect to receive printed copies of the proxy statement and annual report. Why Did I Receive an eProxy Notice of Internet Availability of Proxy Materials?

The SEC permits us to electronically distribute proxy materials to stockholders. We have elected to provide access to our proxy materials and annual report to certain of our stockholders on the Internet instead of mailing the full set of printed proxy materials. On or about March 28, 2019, we will mail to certain of our stockholders an eProxy Notice containing instructions regarding how to access our proxy statement and annual report and how to vote online. If you received an eProxy Notice by mail, you will not receive printed copies of the proxy materials and annual report in the mail unless you request them. Instead, the eProxy Notice instructs you how to access and review all of the important information contained in the proxy statement and annual report. The eProxy Notice also instructs you how you may submit your proxy over the Internet. of the individuals named on your proxy card) will vote your shares as you have directed. If you sign the proxy card but do not make specific choices, your proxyholder will vote your shares as recommended by our board of directors. Proxy cards must be received prior to the time of the vote in order for the shares represented by the proxy card to be voted. If you hold your shares through a broker or financial institution, you should contact your broker or financial institution to determine how you may vote your shares.

If you hold your shares through a broker, it is important that you cast your vote if you want it to count in the election of directors (Proposal 1) and the advisory vote on executive compensation (Proposal 3). Your broker is not permitted to vote your uninstructed shares in the election of directors or executive compensation matters on a discretionary basis. Thus, if you hold your shares through a broker and you do not instruct your broker how to vote for Proposal 1 (the election of directors) or Proposal 3 (the advisory vote on executive compensation), no votes will be cast on your behalf with respect to those matters. Your broker may vote your uninstructed shares on the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm on a discretionary basis.

If you attend the Annual Meeting, you may also submit your vote in person, and any previous votes that you submitted will be superseded by the vote that you cast at the Annual Meeting.

If you plan to attend the Annual Meeting and vote in person, we will give you a ballot when you arrive. However, if your shares are held in the name of your broker, bank or other nominee, you must bring an account statement or letter from the nominee indicating that you were the beneficial owner of the shares on March 15, 2019, the record date for voting. The Annual Meeting will be held at 8:30 a.m. Eastern Time on May 7, 2019 at Bear Creek Mountain Resort, 101 Doe Mountain Lane, Macungie, PA 18062. When you arrive at the venue, signs will direct you to the appropriate meeting rooms. You need not attend the Annual Meeting in order to vote.

May I Revoke My Proxy?

If you give us your proxy, you may revoke it at any time before it is voted at the meeting. You may revoke your proxy in any one of the following ways:

You may send in another proxy via the mail or the Internet with a later date;

You may notify our Secretary in writing (at Knoll, Inc., c/o Corporate Secretary, 1235 Water Street, East Greenville, Pennsylvania 18041) before the Annual Meeting that you have revoked your proxy; or

You may vote in person at the Annual Meeting.

What Constitutes a Quorum for the Meeting?

The presence, in person or by proxy, of the holders of a majority of the shares of our common stock outstanding and entitled to vote is necessary to constitute a quorum at the meeting. Votes of stockholders of record who are present at the meeting, in person or by proxy, abstentions and broker non-votes are counted for purposes of determining whether a quorum exists.

What Vote is Required to Approve Each Proposal?

Proposal 1: Election of Directors	Each director shall be elected by the majority of the votes cast; provided that, in the case of a contested election, the directors shall be elected by the vote of a plurality of the votes cast.
Proposal 2: Ratify Appointment of Independent Registered Public Accounting Firm	The affirmative vote of a majority of the shares present at the meeting, in person or by proxy, and entitled to vote on the proposal is required to ratify the selection of our independent registered public accounting firm.
Proposal 3: Advisory Vote to Approve Executive Compensation	The affirmative vote of a majority of the shares present at the meeting, in person or by proxy, and entitled to vote on the proposal is required to approve, on an advisory basis, the executive compensation described in this proxy statement.

What is the Effect of Broker Non-Votes and Abstentions?

Broker Non-Votes: Generally, broker non-votes occur when shares held by a broker for a beneficial owner are not voted with respect to a particular proposal because (1) the broker has not received voting instructions from the beneficial owner and (2) the broker lacks discretionary voting power to vote such shares. Your brokerage firm, in its discretion, may either leave your shares unvoted or vote your shares on routine matters. The proposal to ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm should be treated as a routine matter. The election of directors (Proposal 1) and the advisory vote to approve executive compensation (Proposal 3) are not considered routine matters and, consequently, without your voting instructions, your brokerage firm cannot vote your shares. Broker non-votes will not count as votes against any matter at the annual meeting.

Abstentions: Because abstentions are treated as shares present or represented and entitled to vote at the Annual Meeting, abstentions with respect to Proposal 2 and Proposal 3 will have the same effect as votes against the proposal. However, abstentions will have no effect on the outcome of Proposal 1, the vote to elect the three nominees for director.

What Are the Costs of Soliciting these Proxies?

We will pay all of the costs of soliciting these proxies. Solicitation of proxies will be made principally through the mails, but our officers and employees may also solicit proxies in person or by telephone, fax or email. We will pay these employees and officers no additional compensation for these services. We will ask banks, brokers and other institutions, nominees and fiduciaries to forward these proxy materials to the beneficial owners of the common stock and to obtain authority to execute proxies. Upon request, we will then reimburse them for their reasonable expenses.

Who Will Tabulate the Votes?

Votes cast by proxy or in person will be counted by the persons appointed by us to act as election inspectors for the meeting.

Where Do I Find the Voting Results of the Meeting?

We will announce the preliminary voting results at the meeting and provide the final results in a Current Report on Form 8-K filed with the SEC within four business days following the meeting.

OTHER MATTERS

Householding of Annual Disclosure Documents

To reduce the expenses of delivering duplicate materials to our stockholders, we are relying on a rule of the Securities and Exchange Commission (the "SEC") that allows us or your broker to send a single set of our annual report and proxy statement to any household at which two or more of our stockholders reside, if we or your broker believe that the stockholders are members of the same family. This practice, referred to as "householding," benefits both you and us. The rule applies to our annual reports, proxy statements and information statements. Once you receive notice from your broker or from us that communications to your address will be "household," the practice will continue until you are otherwise notified or until you revoke your consent to the practice. Each stockholder will continue to receive a separate proxy card or voting instruction card.

If your household received a single set of our annual disclosure documents this year, but you would prefer to receive your own copy, please contact us by writing to Knoll, Inc., c/o Corporate Secretary, 1235 Water Street, East Greenville, Pennsylvania 18041, or calling our Investor Relations department at 215-679-7991 and we will promptly send you a copy of our annual disclosure documents.

If you do not wish to participate in "householding" and would like to receive your own set of our annual disclosure documents in future years, follow the instructions described below. Conversely, if you share an address with another of our stockholders and together both of you would like to receive only a single set of our annual disclosure documents, follow these instructions:

If your shares are registered in your own name, please contact us by writing to Knoll, Inc., c/o Corporate Secretary, 1235 Water Street, East Greenville, Pennsylvania 18041, or calling our Investor Relations department at 215-679-7991, and inform us accordingly.

If a broker or other nominee holds your shares, please contact the broker or other nominee directly and inform them of your request.

Any such proposal must comply with the proxy rules under the Exchange Act, including Rule 14a-8.

As a result, any proposal given by a stockholder pursuant to the provisions of our by-laws (other than pursuant to Rule 14a-8) must be received no earlier than January 7, 2020 and no later than February 6, 2020. However, if the date of the 2020 Annual Meeting occurs more than 30 days earlier or more than 60 days after May 7, 2020, notice by the stockholder of a proposal must be delivered not earlier than the close of business on the 120th day prior to the date of such annual meeting and not later than the close of business on the 90th day prior to the date of such annual meeting or, if the first public announcement of the date of such annual meeting is less than 100 days prior the date of such annual meeting, the 10th day following the day on which we first make a public announcement of the date of the annual meeting.

If we do not receive notice by these dates, or if we meet certain other requirements under SEC rules, the persons named as proxies in the proxy materials relating to that meeting may use their discretion in voting the proxies when these matters are raised at the meeting. Stockholder proposals must include the specified

Table of Contents**Exhibit A Reconciliation of Non-GAAP Financial Measures**

We use certain non-GAAP financial measures in this proxy statement. A "non-GAAP" financial measure is a numerical measure of a company's financial performance that excludes or includes amounts so as to be different than the most directly comparable measure calculated and presented in accordance with U.S. generally accepted accounting principles ("GAAP"). We present Non-GAAP financial measures because we consider them to be important supplemental measures of our performance and believe them to be useful to display ongoing results from operations distinct from items that are infrequent or not indicative of our operating performance. Pursuant to applicable reporting requirements, the company has provided reconciliations below of non-GAAP financial measures to the most directly comparable GAAP measure.

The non-GAAP financial measures presented within this proxy statement are Adjusted Diluted Earnings Per Share, Adjusted Gross Profit and Adjusted EBITDA. These non-GAAP financial measures are not indicators of our financial performance under GAAP and should not be considered as an alternative to the applicable GAAP measure. These non-GAAP financial measures have limitations as analytical tools, and you should not consider them in isolation or as a substitute for analysis of our results as reported under GAAP. In addition, in evaluating these non-GAAP financial measures, you should be aware that in the future we may incur expenses similar to the adjustments in this proxy statement. Our presentation of these non-GAAP financial measures should not be construed as an inference that our future results will be unaffected by unusual or infrequent items.
