Policy on Audit Committee Pre-Approval of Audit and Non-Audit Services of Independent Auditors

The Audit and Finance Committee is responsible for appointing, setting compensation and overseeing the work of the independent auditors. The Audit and Finance Committee has established a policy regarding pre-approval of all audit and non-audit services provided by the independent auditors. On an ongoing basis, management communicates specific projects and categories of services for which advance approval of the Audit and Finance Committee is requested. The Audit and Finance Committee reviews these requests and advises management if the Audit and

Finance Committee approves the engagement of the independent auditors for specific projects. On a periodic basis, management reports to the Audit and Finance Committee regarding the actual spending for such projects and services compared to the approved amounts. The Audit and Finance Committee may also delegate the ability to pre-approve audit and permitted non-audit services to a subcommittee consisting of one or more Audit and Finance Committee members, provided that any such pre-approvals are reported on at a subsequent Audit and Finance Committee meeting.
