REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Edgar Filing: RELIANT ENERGY INC - Form 11-K

To the Trustees and Participants in the
Reliant Energy, Inc. Savings Plan:

We have audited the accompanying statements of net assets available for benefits of the Reliant Energy, Inc. Savings Plan (the Plan) as of December 31, 2005 and 2004, and the statement of changes in net assets available for benefits for the year ended December 31, 2005. These financial statements are the responsibility of the Plan s management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan s internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan s internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2005 and 2004, and the changes in net assets available for benefits for the year ended December 31, 2005 in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying supplemental schedule, listed in the Table of Contents, is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan s management. The supplemental schedule has been subjected to the auditing procedures applied in our audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

MELTON & MELTON, L.L.P.

RELIANT ENERGY, INC. SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

General - The Reliant Energy, Inc. Savings Plan (the Plan), is a defined contribution plan sponsored by Reliant Energy, Inc. covering substantially all of the eligible non-bargaining employees of Reliant Energy, Inc. or a subsidiary or an affiliate of Reliant Energy, Inc. (collectively, the Company) that has adopted the Plan. The following description of the Plan is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility - Employees who participate or who are eligible to participate in the Plan immediately preceding January 1, 2005, shall continue to participate or be eligible to participate in the Plan on or after January 1, 2005. From and after January 1, 2005, each eligible employee who is not a participant and who began service with the Company on or after January 1, 2005, shall be initially eligible to participate in the Plan as soon as practicable following the later of January 1, 2005 or the date the employee first begins service with the Company. Any participant who terminates service and subsequently recommences service with the Company shall again become eligible to participate in the Plan as soon as practicable following the first date the employee recommences service; provided, however, that each such employee is otherwise eligible to become a participant pursuant to the terms of the Plan.

Contributions - Participants may elect to contribute to the Plan on a pre-tax and/or after-tax basis through periodic payroll contributions. Effective February 23, 2005, pre-tax contributions may be made from 1% up to 50% of the participant's eligible compensation each pay period. Additionally, effective February 23, 2005, participants may elect to make after-tax contributions from 1% up to 16% of eligible compensation each pay period. Previously, pre-tax and after-tax contributions were limited to an aggregate of 16% of the participant's eligible compensation. Active participants who are, or will be, age 50 or older during a calendar year are eligible to make additional pre-tax contributions (Catch-Up Contributions) to the Plan for that year in excess of the annual pre-tax contribution limit up to a maximum amount permitted by the Internal Revenue Code (the Code). The total amount of participant pre-tax contributions was limited to \$14,000 and \$13,000 in 2005 and 2004, respectively. The maximum Catch-Up Contribution amount was \$4,000 and \$3,000 for 2005 and 2004, respectively. Any contributions in excess of the pre-tax contribution limit, excluding any Catch-Up Contributions, are made to the participant's after-tax account, unless the participant elects otherwise. All eligible compensation under the Plan is subject to the section 401(a) (17) limit of the Code. This limit was \$210,000 and \$205,000 for 2005 and 2004, respectively.

Plan participants who contribute also receive Company matching contributions equal to 100% of the first 6% of the participant's contribution. Under the provisions of the Plan, the Company may make two types of discretionary contributions - one is a payroll discretionary contribution and the other is an annual discretionary contribution. For any year, the Company may elect, in its sole discretion, to make payroll discretionary contributions to the Plan on behalf of participants in an amount equal to a prescribed percentage of pay for each payroll period. The payroll discretionary contribution percentage for 2005 and 2004 was 2% and was limited to the first \$85,000 of the participant's eligible compensation for the year. The Company may also elect, in its sole discretion, to make an annual discretionary contribution of up to 3% of the participants eligible compensation. The annual discretionary contribution may be made in cash, the Company stock or a combination of cash and the Company stock, as determined by the Chairman of the Board, Chief Executive Officer, President, or Chief Operating Officer of the Company. This contribution will generally be made within 90 days following the end of the Plan year. The annual discretionary contribution receivable at

December 31, 2005 and 2004 was approximately \$1.5 million and \$3.1 million, respectively. Participants do not need to contribute to the Plan to receive either type of discretionary contribution.

Participant Accounts - Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, the Company's matching contributions, allocations of Company discretionary contributions, if applicable, any rollover contributions made by the participant and Plan earnings, and may be charged with an allocation of administrative expenses. Participant accounts are funded as soon as administratively possible. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments - Participants direct the investment of their contributions, the Company's matching contribution and the Company's payroll discretionary contribution into various investment options offered by the Plan. The Company's annual discretionary contribution may be made in cash or Company stock. If the contribution is made in Company stock, participants can transfer this contribution to any available option.

Vesting - Participants are fully vested in their total account balance, including Company contributions, under the Plan.

Participant Loans - Participants may borrow from their fund accounts up to a maximum of \$50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined under the Plan. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits - On termination of employment including death, disability, or retirement, a participant or beneficiary may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or monthly, quarterly, semi-annual or annual installments not to exceed ten years.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Financial Presentation - The accompanying financial statements of the Plan are prepared under the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, as of the date of the financial statements. Actual results could differ from those estimates.

Market Risk - The Plan provides for investments in various investment securities, including CenterPoint Energy, Inc. common stock (closed to new investment) and the Company common stock, that are exposed to certain risks such as interest rate, credit, and overall market volatility. Due to the level of risk, changes in the value of investment securities could occur in the near term, and these changes could materially affect the amounts reported in the statements of net assets available for benefits.

Administrative Expenses - Administrative expenses of the Plan are paid by either the Plan or the Plan's sponsor as provided in the Plan document.

Payment of Benefits - Benefits are recorded when paid.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value. Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at the end of the year. Units of the Vanguard Retirement Savings Trust are valued at

net asset value at the end of the year, which approximates fair value. The common stock funds are valued at the year-end unit closing price (comprised of the year-end market price plus uninvested cash position). Participant loans are valued at cost which approximates fair value.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income, if any, is recorded on the ex-dividend date. Capital gain distributions are included in dividend income.

3. ASSETS TRANSFERRED TO THE PLAN

During 2005, approximately \$4.5 million in assets transferred into the Plan. These assets represent transfers of account balances of certain participants of the Reliant Energy, Inc. Union Savings Plan and the Orion Power Holdings, Inc. Savings Plan.

4. INVESTMENTS

Plan assets are held at Vanguard Fiduciary Trust Company (the Trustee). The following presents investments that represent 5% or more of the Plan's net assets:

	December 31, 2005	2004
Mutual Funds:		
Neuberger Berman Genesis Trust	\$ 26,904,158	\$ 17,769,812
Vanguard 500 Index Fund Investor Shares	33,102,201	32,018,425
Vanguard Growth Equity Fund	26,178,035	25,811,309
Vanguard Windsor II Fund Investor Shares	30,337,367	26,698,659
Common/Collective Trust Funds:		
Vanguard Retirement Savings Trust	46,306,922	42,134,294
Common Stock Funds:		
Reliant Energy Common Stock Fund	39,235,416	55,632,405

During 2005, the Plan's investments, including gains and losses on investments bought and sold, as well as held during the year, appreciated (depreciated) in value as follows:

Mutual funds	\$ 10,847,665
Common stocks	(11,113,442)
	\$ (265,777)

5. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a plan termination, participants would remain 100% vested in their account.

6. RELATED PARTY TRANSACTIONS

The Plan invests in shares of mutual funds managed by an affiliate of the Trustee, as well as in shares of common stock of the Company. The Plan also provides for loans to participants. Transactions in such investments qualify as party-in-interest transactions which are exempt from the prohibited transaction rules.

7. TAX STATUS

The Plan obtained its latest determination letter dated August 18, 2003, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Code. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

8. SUBSEQUENT EVENTS

Effective January 1, 2006, the Plan adopted a qualified Roth contribution program. Under this program, participants may irrevocably elect to treat all or a portion of compensation that would otherwise be eligible to defer as pre-tax contributions as designated Roth contributions, as defined in section 402A(c)(1) of the Code.

On February 23, 2006, Orion Power Holdings, Inc., a subsidiary of the Company, closed on the sale of three New York generating plants with Astoria Generating Company Acquisitions, L.L.C. (the Purchaser). As a result of the sale, approximately \$4.2 million of Plan assets transferred to the Purchaser's plan on March 31, 2006.
