FORWARD-LOOKING INFORMATION

We and our representatives from time to time make written or oral forward-looking statements, including statements contained in this prospectus and the documents we incorporate by reference in this prospectus and other filings with the Securities and Exchange Commission, in our press releases and in our reports to stockholders. The words and phrases will likely result, expect, believe, planned, may, should, could, and estimate, project or similar expressions are intended to identify forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These statements include, without limitation, our expectations regarding sales, earnings or other future financial performance and liquidity, product introductions, entry into new geographic regions, information systems initiatives, new methods of sale and future operations or operating results. Although we believe that our expectations are based on reasonable assumptions within the bounds of our knowledge of our business and operations, actual results may differ materially from our expectations. Factors that could cause actual results to differ from expectations include, without limitation:

- (1) increased competitive activity from companies in the skin care, makeup, fragrance and hair care businesses, some of which have greater resources than we do;
- (2) our ability to develop, produce and market new products on which future operating results may depend and to successfully address challenges in our core brands, including gift with purchase, and in our fragrance business;
- (3) consolidations, restructurings, bankruptcies and reorganizations in the retail industry causing a decrease in the number of stores that sell our products, an increase in the ownership concentration within the retail industry, ownership of retailers by our competitors or ownership of competitors by our customers that are retailers;
- (4) destocking by retailers;
- (5) the success, or changes in timing or scope, of new product launches and the success, or changes in the timing or the scope, of advertising, sampling and merchandising programs;
- (6) shifts in the preferences of consumers as to where and how they shop for the types of products and services we sell;

- (7) social, political and economic risks to our foreign or domestic manufacturing, distribution and retail operations, including changes in foreign investment and trade policies and regulations of the host countries and of the United States;
- (8) changes in the laws, regulations and policies (including the interpretations and enforcement thereof) that affect, or will affect, our business, including those relating to our products, changes in accounting standards, tax laws and regulations, trade rules and customs regulations, and the outcome and expense of legal or regulatory proceedings, and any action we may take as a result;
- (9) foreign currency fluctuations affecting our results of operations and the value of our foreign assets, the relative prices at which we and our foreign competitors sell products in the same markets and our operating and manufacturing costs outside of the United States;
- (10) changes in global or local conditions, including those due to natural or man-made disasters, real or perceived epidemics, or energy costs, that could affect consumer purchasing, the willingness or ability of consumers to travel and/or purchase our products while traveling, the financial strength of our customers or suppliers, our operations, the cost and availability of capital which we may need for new equipment, facilities or acquisitions, the cost and availability of raw materials and the assumptions underlying our critical accounting estimates;
- (11) shipment delays, depletion of inventory and increased production costs resulting from disruptions of operations at any of the facilities that manufacture nearly all of our supply of a particular type of product (i.e., focus factories) or at our distribution or inventory centers, including disruptions that may be caused by the upcoming implementation of SAP as part of our strategic modernization initiative at our Aveda manufacturing facility;
- (12) real estate rates and availability, which may affect our ability to increase the number of retail locations at which we sell our products and the costs associated with our other facilities;
- (13) changes in product mix to products which are less profitable;
- (14) our ability to acquire, develop or implement new information and distribution technologies, including those related to our strategic modernization initiative, on a timely basis and within our cost estimates;
- (15) our ability to capitalize on opportunities for improved efficiency, such as publicly-announced cost-savings initiatives and the success of Stila under new ownership, and to integrate acquired businesses and realize value therefrom;
- (16) consequences attributable to the events that are currently taking place in the Middle East, including terrorist attacks, retaliation and the threat of further attacks or retaliation;
- (17) the timing and impact of acquisitions and divestitures, which depend on willing sellers and buyers, respectively; and
- (18) additional factors as described in our filings with the Securities and Exchange Commission, including our Annual Report on Form 10-K for the fiscal year ended June 30, 2006.

We assume no responsibility to update forward-looking statements made herein or otherwise.

THE COMPANY

The Estée Lauder Companies Inc., founded in 1946 by Estée and Joseph Lauder, is one of the world's leading manufacturers and marketers of quality skin care, makeup, fragrance and hair care products. Our products are sold in over 130 countries and territories under the following well-recognized brand names: Estée Lauder, Aramis, Clinique, Prescriptives, Lab Series, Origins, M·A·C, Bobbi Brown, La Mer, Aveda, Jo Malone, Bumble and bumble, Darphin, Rodan + Fields, American Beauty, Flirt!, Good Skin and Grassroots. We are also the global licensee for fragrances and cosmetics sold under the Tommy Hilfiger, Donna Karan, Michael Kors, Tom Ford, Sean John, Missoni and Daisy Fuentes brand names. Each brand is distinctly positioned within the market for beauty products.

We are a pioneer in the cosmetics industry and believe we are a leader in the industry due to the global recognition of our brand names, our leadership in product innovation, our strong market position in key geographic markets and the consistently high quality of our products. We sell our prestige products principally through limited distribution channels to complement the images associated with our brands. These channels, encompassing over 20,000 points of sale, consist primarily of upscale department stores, specialty retailers, upscale perfumeries and pharmacies and prestige salons and spas. In addition, our products are sold in freestanding company-owned stores and spas, our own and authorized retailer web sites, stores on cruise ships, television direct marketing, in-flight and duty-free shops and certain fragrances are sold in self-select outlets. We believe that our strategy of pursuing limited distribution strengthens our relationships with retailers, enables our brands to be among the best selling product lines at the stores and heightens the aspirational quality of our brands.

We have been controlled by the Lauder family since the founding of our company. Members of the Lauder family, some of whom are directors, executive officers and/or employees, beneficially own, directly or indirectly, as of March 31, 2007, shares of Class A Common Stock and Class B Common Stock having approximately 89.2% of the outstanding voting power of the Common Stock.

Our principal executive offices are located at 767 Fifth Avenue, New York, New York 10153. Our telephone number is (212) 572-4200.

USE OF PROCEEDS

Unless otherwise stated in the prospectus supplement accompanying this prospectus, we will use the net proceeds from the sale of any debt securities that may be offered hereby for our general corporate purposes, which may include repayment of indebtedness, acquisitions, working capital, capital expenditures and repurchases of our Class A Common Stock. Pending any specific application, we may initially invest funds in short-term marketable securities.

RATIO OF EARNINGS TO FIXED CHARGES

	Six Months Ended December 31,	Year Ended June 30,					
	2006	2006	2005	2004	2003	2002	
Ratio of earnings to fixed charges	9.52	7.64	11.92	9.44	9.00	6.02	

The ratio of earnings to fixed charges has been computed by dividing earnings before income taxes and fixed charges before preferred stock dividends (increased to reflect the pre-tax earnings requirement related thereto) by fixed charges. This ratio includes the earnings and fixed charges of The Estée Lauder Companies Inc. and its consolidated subsidiaries; fixed charges consist of interest and related charges on debt, preferred stock dividends and the portion of rentals for real and personal properties in an amount deemed to be representative of the interest factor.

DESCRIPTION OF SECURITIES

We may offer the debt securities from time to time as senior debt or subordinated debt. The debt securities will be issued under the indenture dated as of November 5, 1999 between us and U.S. Bank Trust National Association, as successor in interest to State Street Bank and Trust Company, N.A., as trustee (the "Trustee"). The terms of the indenture are also governed by certain provisions of the Trust Indenture Act of 1939.

The debt securities may be issued from time to time in one or more series. The particular terms of each series which is offered by a prospectus supplement will be described in the related prospectus supplement. In January 2002, we issued \$250.0 million aggregate principal amount of our 6% Senior Notes due 2012 under the indenture. In September 2003, we issued \$200.0 million aggregate principal amount of our 5.75% Senior Notes due 2033 under the indenture.

We have summarized the material terms of the indenture below. The indenture has been filed as an exhibit to the registration statement. See

Where You Can Find More Information. You should read the indenture for provisions that may be important to you. Whenever we refer in this prospectus or in the related prospectus supplement to particular sections or defined terms contained in the indenture, those sections or defined terms are incorporated by reference in this prospectus or the related prospectus supplement, as applicable.

General

The indenture provides that debt securities in separate series may be issued by us from time to time without limitation as to aggregate principal amount. We may specify a maximum aggregate principal amount for the debt securities of any series. We will determine the terms and conditions of the debt securities, including the maturity, principal and interest, but those terms must be consistent with the indenture. The debt securities will be unsecured obligations of our company.

A prospectus supplement will set forth the following terms of, and information relating to, the debt securities:

- (1) the title of the debt securities;
- (2) whether the debt securities are senior debt securities or subordinated debt securities and, if subordinated debt securities, the subordination terms relating to those securities;
- (3) whether any of our subsidiaries will provide guarantees of the debt securities;
- (4) the aggregate principal amount of the debt securities (or principal amount at maturity);
- (5) the dates on which the principal amount of the debt securities will be payable;
- (6) the interest rate, if any, which the debt securities will bear and the interest payment dates for the debt securities (or the date on which the debt securities accrete interest);
- (7) the places where payments on the debt securities will be payable;
- (8) any terms upon which the debt securities may be redeemed, in whole or in part, at our option;
- (9) any provisions that would obligate us to deposit money in an account for the benefit of the holders of the debt securities for payments of principal and interest on the debt securities or other provisions that would obligate us to repurchase or otherwise redeem the debt securities;
- (10) the portion of the principal amount, if less than all, of the debt securities which will be payable upon declaration of acceleration of the maturity of the debt securities;
- (11) whether the debt securities are defeasible;

- (12) any addition to or change in the events of default;
- (13) the date or dates on which the debt securities may be converted or exchanged at the option of the holder into other securities of our company;
- (14) any addition to or change in the covenants in the indenture applicable to any of the debt securities; and
- (15) any other material terms of the debt securities not inconsistent with the provisions of the indenture.

If a series of debt securities is denominated in a currency or currency unit other than U.S. dollars, the prospectus supplement will specify the denomination in which the debt securities will be issued and the coin or currency in which the principal and any premium or interest on those debt securities will be payable. In addition, special U.S. federal income tax or other considerations applicable to any debt securities which are denominated in a currency or currency unit other than U.S. dollars may be described in the applicable prospectus supplement.

The debt securities may be sold at a substantial discount below their principal amount. Special U.S. federal income tax considerations applicable to debt securities sold at an original issue discount may be described in the applicable prospectus supplement.

Form, Exchange and Transfer

The debt securities of each series may be issued in fully registered or bearer form, without coupons, and, unless otherwise specified in the applicable prospectus supplement, only in denominations of \$1,000 and integral multiples of \$1,000.

Subject to the terms of the indenture and the limitations applicable to global securities, debt securities may be presented for exchange or for registration of transfer, endorsed or with the form of transfer endorsed on the securities executed, at the office of the security registrar or at the office of any transfer agent designated by us for this purpose. No service charge will be made for any registration of transfer or exchange of debt securities, but we may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection with that transfer or exchange. The security registrar or transfer agent will make the transfer or exchange when it is satisfied with the documents of title and identity of the person making the request. The security registrar and/or transfer agent initially designated by us for any debt securities will be named in the applicable prospectus supplement. We may at any time designate additional transfer agents, rescind the designation of any transfer agent or approve a change in the office through which any transfer agent acts. We will always be required to maintain a transfer agent in each place of payment for the debt securities of each series.

If we decide to partially redeem the debt securities of any series (or of any series and specified terms), we will not be required to issue, register the transfer of or exchange those debt securities being redeemed during a period beginning at the opening of business 15 days before the day of selection for redemption of debt securities of that series and ending at the close of business on the day we mail the notice of redemption with respect to those debt securities selected for redemption.

We will describe any material U.S. federal income tax consequences specifically applicable to any debt securities and/or their plan of distribution in the prospectus supplement relating to those debt securities.

Merger, Consolidation and Sale of Assets

The indenture provides that we may not consolidate with or merge into, or convey, transfer or lease our properties and assets substantially as an entirety to any Person (as defined in the indenture), unless:

- (1) the successor Person, if any, is a corporation, partnership, limited liability company, trust or other entity organized and validly existing under the laws of the United States and assumes our obligations on the debt securities and under the indenture;
- (2) immediately after giving effect to the transaction, no event of default, and no event which, after notice or lapse of time or both, would become an event of default, shall have occurred and be continuing; and
- (3) certain other conditions, including any additional conditions with respect to any particular debt securities specified in the applicable prospectus supplement, are met.

These provisions apply only to a merger or consolidation in which we are not the surviving corporation and to sales, conveyances, leases and transfers by us as transferor or lessor.

If we consolidate with or merge into any other Person or we sell, convey, transfer or lease our properties and assets substantially as an entirety to any Person in accordance with the preceding paragraph, the successor Person formed by the consolidation or merger or to which the sale, conveyance, transfer or lease is made will be substituted for us under the indenture with the same effect as if the successor Person had originally executed the indenture. In the event of any conveyance or transfer other than in the case of a lease, we will be discharged of all of our obligations and covenants under the indenture and the debt securities.

An assumption of our obligations on the debt securities and under the indenture by any successor Person might be deemed for U.S. federal income tax purposes to cause an exchange of the debt securities for new debt securities by the beneficial owners thereof, resulting in recognition of gain or possible loss for such purposes and possibly other adverse tax consequences to the beneficial owners. You should consult your tax advisors regarding the tax consequences of such an assumption.

Events of Default

Unless otherwise specified in the prospectus supplement, each of the following will constitute an event of default under the indenture with respect to debt securities of any series:

- (1) failure to pay any interest on any debt securities of that series when due for a continuous period of 60 days, whether or not, in the case of subordinated debt securities, the payment is prohibited by the subordination provisions of the indenture;
- (2) failure to pay principal of, or any premium on, any debt security of that series when due, whether or not, in the case of subordinated debt securities, the payment is prohibited by the subordination provisions of the indenture;
- (3) failure to perform any of our covenants, or a breach of any of our warranties, in the indenture, other than a covenant included in the indenture solely for the benefit of a series other than that series, for a continuous period of 90 days after written notice has been given by the Trustee, or the holders of at least 25% in principal amount of the outstanding debt securities of that series, as provided in the indenture;
- (4) certain events of bankruptcy, insolvency or reorganization affecting us; and
- (5) any other event of default provided with respect to debt securities of that series.

If an event of default described in clauses (1) through (3) or (5) with respect to the debt securities of any series at the time outstanding shall occur and be continuing, either the Trustee or the holders of not less than 25% in aggregate principal amount of the outstanding debt securities of that series by notice as provided in the indenture may declare the principal amount of the debt securities of that series to be due and payable immediately. If the debt security is an original issue discount debt security or the principal amount of the debt security is not then determinable, that portion of the principal amount of the debt security, or other amount instead of the principal amount, as may be specified in the terms of the debt security will become due and payable immediately.

If an event of default described in clause (4) above with respect to the debt securities of any series at the time outstanding shall occur and be continuing, the principal amount of, and any interest accrued on, all the debt securities of that series, or, in the case of any original issue discount security or other debt security, the specified amount, will automatically, and without any action by the Trustee or any holder, become immediately due and payable.

After any acceleration, but before a judgment or decree based on that acceleration, the holders of a majority in aggregate principal amount of the outstanding debt securities of that series may, under certain circumstances, rescind and annul that acceleration if all events of default, other than the non-payment of accelerated principal or interest, or other specified amount, have been cured or waived as provided in the indenture.

Subject to the sections of the indenture relating to the duties of the Trustee, if an event of default shall occur and be continuing, the Trustee will be under no obligation to exercise any of its rights or powers under the indenture at the request or direction of any of the holders, unless those holders shall have offered to the Trustee reasonable indemnity. Subject to the provisions for the indemnification of the Trustee, the holders of a majority in aggregate principal amount of the outstanding debt securities of any series will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or exercising any trust or power conferred on the Trustee with respect to the debt securities of that series.

No holder of a debt security of any series will have any right to institute any proceeding with respect to the indenture, or for the appointment of a receiver or a trustee, or for any other remedy provided by the indenture, unless:

- (1) the holder has previously given to the Trustee written notice of a continuing event of default with respect to the debt securities of that series;
- (2) the holders of at least 25% in aggregate principal amount of the outstanding debt securities of that series have made written request, and those holders have offered reasonable indemnity, to the Trustee to institute the proceeding as trustee; and
- (3) the Trustee has failed to institute the proceeding, and has not received from the holders of a majority in aggregate principal amount of the outstanding debt securities of that series a direction inconsistent with that request, within 60 days after that notice, request and offer.

These limitations do not apply to a suit instituted by a holder of a debt security for the enforcement of payment of the principal of or any premium or interest on a debt security on or after the applicable due date specified in the debt security.

Within 90 days after any default with respect to debt securities of any series, the Trustee will transmit in the manner and to the extent provided in Section 313(c) of the Trust Indenture Act, notice of those defaults known to the Trustee, unless a default shall have been cured or waived. In the case of a default in the payment of the principal of, or any premium on, or interest on any debt securities of that series, or in the payment of any installment into a separate account established for the payment of principal and interest on debt securities of any series with respect to debt securities of that series, the Trustee will be

protected in withholding this notice if and so long as the Trustee in good faith determines that the withholding of the notice is in the interest of the holders of debt securities of the applicable series.

We are required to deliver to the Trustee, within 120 days after the end of each fiscal year, a brief certificate of our compliance with all of the conditions and covenants under the indenture.

Modification and Waiver

The indenture provides that modifications and amendments may be made by us and the Trustee with the consent of the holders of a majority in aggregate principal amount of the outstanding debt securities of each series affected by the modification or amendment. We may not make any of the following modifications or amendments to the indenture without the consent of the holder of each outstanding debt security affected by the modification or amendment:

- (1) change the stated maturity of the principal of, or any installment of principal of or interest on, any debt security;
- (2) reduce the principal amount of, or any premium or interest on, any debt security;
- (3) reduce the amount of principal of an original issue discount security or any other debt security payable upon acceleration of the maturity of that security;
- (4) change the place or currency of payment of principal of, or any premium or interest on, any debt security;
- (5) impair the right to institute suit for the enforcement of any payment on or with respect to any debt security;
- (6) in the case of subordinated debt securities, modify the subordination provisions in a manner adverse to the holders of the subordinated debt securities;
- (7) except as provided in the indenture, release the subsidiary guarantee of a subsidiary guarantor;
- (8) reduce the percentage in principal amount of outstanding debt securities of any series, the consent of whose holders is required for modification or amendment of the indenture;
- (9) reduce the percentage in principal amount of outstanding debt securities of any series necessary for waiver of compliance with certain provisions of the indenture or for waiver of certain defaults; or
- (10) modify those provisions with respect to modification and waiver.

The holders of a majority in principal amount of the outstanding debt securities of any series may waive our compliance with certain restrictive provisions of the indenture and may waive certain past defaults under the indenture. Those holders may not waive a default in the payment of principal, premium or interest on the debt securities and may not waive our compliance with certain covenants and provisions of the indenture without the consent of the holder of each outstanding debt security of any series affected.

Legal Defeasance or Covenant Defeasance

The indenture provides that we may elect, at any time, to terminate all of our obligations under the debt securities of a particular series and the indenture, except for certain obligations, including those relating to the defeasance trust and obligations to register the transfer or exchange of the debt securities of that series, to replace mutilated, destroyed, lost or stolen debt securities of that series and to maintain a registrar and paying agent in respect of the debt securities of that series. We refer to this as legal defeasance. We may also elect, at any time, to terminate our obligations under certain material covenants with respect to a particular series of debt securities. We refer to this as covenant defeasance.

In order to exercise our defeasance options with respect to debt securities of any series, we must irrevocably deposit in trust for the benefit of the holders of those debt securities money or certain U.S. government obligations, or both, for the payment of principal of, premium, if any, and interest on those debt securities of that series to maturity or redemption. We must comply with certain other conditions, including delivery to the Trustee of an opinion of counsel to the effect that the holders and beneficial owners of those debt securities will not recognize income, gain or loss for U.S. federal income tax purposes as a result of that defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if the defeasance had not occurred. In the case of a legal defeasance, the opinion must refer to and be based on (a) our receipt from, or the publication by, the U.S. Internal Revenue Service of a ruling, or (b) a change in the applicable U.S. federal income tax law since the date of the indenture.

Satisfaction and Discharge

The indenture provides that we may request the Trustee to execute proper instruments acknowledging satisfaction and discharge of the indenture with respect to any series of debt securities when:

(1) either:

(A) all previously authenticated and delivered debt securities of the series to be discharged have been delivered to the Trustee for cancellation, other than the following debt securities:

(a) securities in bearer form surrendered for exchange for registered securities and maturing after the exchange, whose surrender is not required or has been waived, as provided in the indenture,

(b) debt securities which have been destroyed, lost or stolen and which have been replaced or paid, as provided in the indenture,

(c) coupons appertaining to debt securities called for redemption and maturing after the relevant redemption date, whose surrender has been waived, as provided in the indenture, and

(d) debt securities for whose payment money has been deposited in trust with the Trustee or any paying agent or segregated and held in trust by us but was returned to us prior to cancellation, as provided in the indenture;

or

(B) all debt securities of the series to be discharged:

(a) have become due and payable,

(b) will become due and payable at their stated maturity within one year, or

(c) if redeemable at our option, are to be called for redemption within one year under arrangements reasonably satisfactory to the Trustee for the giving of notice of redemption by the Trustee in our name, and at our expense, and we, in the case of (B)(a), (b) or (c) above, have irrevocably deposited or caused to be deposited with the Trustee as trust funds in trust for the purpose an amount, in the currency in which the debt securities of the series to be discharged are payable or in U.S. government obligations, sufficient to pay and discharge the entire indebtedness on any debt securities still outstanding, for principal, any premium, and interest to the date of the deposit, in the case of debt securities which have become due and payable, or to the stated maturity or redemption date; and

- (2) we have paid or caused to be paid all other sums payable by us under the indenture; and
- (3) we have delivered to the Trustee an officers' certificate and an opinion of counsel, each stating that all conditions precedent relating to the satisfaction and discharge of the indenture as to the series to be discharged have been satisfied.

Governing Law

The indenture is, and the debt securities will be, governed by and construed in accordance with the laws of the State of New York. The indenture is subject to the provisions of the Trust Indenture Act that are required to be a part of the indenture and shall, to the extent applicable, be governed by those provisions.

LEGAL MATTERS

The validity of the debt securities offered hereby will be passed upon for us by Weil, Gotshal & Manges LLP, New York, New York.

Our Amended and Restated By-Laws provide for indemnification of our directors and officers to the fullest extent permitted by Delaware General Corporation Law.

Item 17. Undertakings

The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

- (i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;
- (ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information in the registration statement. Notwithstanding the foregoing, any increase or decrease in the volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Securities and Exchange Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and
- (iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (i), (ii) and (iii) above do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Securities and Exchange Commission by the registrant pursuant to Section 13 and Section 15(d) of

the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities in the post-effective amendment at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(i) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(ii) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. *Provided, however*, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date;

(5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

II-3

(6) That, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of the securities at that time shall be deemed to be the initial bona fide offering thereof.

(7) To file an application for the purposes of determining the eligibility of the trustee to act under subsection (a) of Section 310 of the Trust Indenture Act in accordance with the rules and regulations prescribed by the Commission under Section 305(b)(2) of the Act.

(8) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers or controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been informed that in the opinion of the Securities and Exchange Commission this type of indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities and Exchange Act and will be governed by the final adjudication of such issue.
