CONDENSED NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

1. Consolidated Financial Information

The unaudited consolidated financial information for the second quarter and six months ended June 30, 2007 and 2006, reflect, in the opinion of management, all adjustments necessary for a fair statement of the financial position, results of operations and cash flows of Ecolab Inc. (the company) for the interim periods presented. The financial results for any interim period are not necessarily indicative of results for the full year. The consolidated balance sheet data as of December 31, 2006 was derived from the audited consolidated financial statements, but do not include all disclosures required by accounting principles generally accepted in the United States of America. The unaudited consolidated financial information should be read in conjunction with the consolidated financial statements and notes thereto incorporated in the company s Annual Report on Form 10-K for the year ended December 31, 2006.

With respect to the unaudited financial information of the company for the three and six-month periods ended June 30, 2007 and 2006 included in this Form 10-Q, PricewaterhouseCoopers LLP reported that they have applied limited procedures in accordance with professional standards, which do not require an audit, for a review of such information. Therefore, their separate report dated July 24, 2007 appearing herein, states that they did not audit and they do not express an opinion on that unaudited financial information. Accordingly, the degree of reliance on their report on such information should be restricted in light of the limited nature of the review procedures applied. PricewaterhouseCoopers LLP is not subject to the liability provisions of Section 11 of the Securities Act of 1933, as amended (the Act) for their report on the unaudited financial information because that report is not a report or a part of a registration statement prepared or certified by PricewaterhouseCoopers LLP within the meaning of Sections 7 and 11 of the Act.

2. Share-Based Compensation

Statement of Financial Accounting Standards No.123 (Revised 2004), *Share-Based Payment*, (SFAS 123R) requires the company to measure compensation expense for share-based awards at fair value at the date of grant and recognize compensation expense over the service period for awards expected to vest.

Total compensation expense related to share-based compensation plans was \$9.6 million (\$6.1 million net of tax benefit) and \$8.5 million (\$5.4 million net of tax benefit) for the second quarters ended June 30, 2007 and 2006, respectively. Total compensation expense related to share-based compensation plans was \$17.2 million (\$10.9 million net of tax benefit) and \$16.5 million (\$10.5 million net of tax benefit) for the six months ended June 30, 2007 and 2006, respectively.

CONDENSED NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

2. Share-Based Compensation (continued)

Effective with the company s adoption of SFAS 123R in the fourth quarter of 2005, new stock option grants to retirement eligible recipients are attributed to expense using the non-substantive vesting method and are fully expensed by the time recipients attain at least age 55 with at least 5 years of service. If the company had used the non-substantive vesting method during all prior periods, net income would have been increased by \$0.3 million and \$0.7 million for the second quarters ended June 30, 2007 and 2006, respectively, and \$0.7 million and \$1.4 million during the six months ended June 30, 2007 and 2006, respectively. During the second quarter and six months ended June 30, 2007, approximately 0.8 million and 1.8 million shares, respectively, were issued for stock option exercises.

5. Financial Instruments

In December 2006, the company issued euro 300 million (\$404 million as of June 30, 2007) aggregate principal amount of the company s senior notes in two series: 4.355% Series A Senior Notes due 2013 in the aggregate principal amount of euro 125 million and 4.585% Series B Senior Notes due 2016 in the aggregate principal amount of euro 175 million. In February 2007, the company designated this debt as a hedge of existing foreign currency exposures related to net investments the company has in certain European subsidiaries. The company had previously designated its euro 300 million 5.375% euronotes, which were repaid in February 2007, as a net investment hedge of existing foreign currency exposures. Accordingly, the transaction gains and losses on all euronotes which are designated and are effective as hedges of the company s net investments have been included as a component of the cumulative translation account. Total transaction losses related to the euronotes charged to shareholders equity were \$4.1 million, net of tax, and \$3.7 million, net of tax, in the second quarter and first six months of 2007, respectively.

7. Business Acquisitions and Investments

In January 2007, the company established a direct operation in the United Arab Emirates. The company previously operated in the country through a distributor, and has purchased that business to form the new direct operation in the country. Annual sales are approximately \$3 million and became part of the company s International operations beginning in the first quarter of 2007.

In February 2007, the company acquired Apprise Technologies, Inc., a Minnesota-based developer of optical sensor technology solutions. Annual sales are approximately \$1 million and became part of the company s U.S. Cleaning & Sanitizing operations beginning in the first quarter of 2007.

In March 2007, the company acquired Green Harbour, a Hong-Kong based provider of pest elimination services in China and Hong Kong. Annual sales are approximately \$4 million and became part of the company s International operations beginning in the second quarter of 2007.

In May 2007, the company acquired Fuma Pest, a New Zealand based provider of pest elimination services. Annual sales are approximately \$2 million and became part of the company s International operations beginning in the second quarter of 2007.

Acquisitions in 2007 and 2006 are not material to the company s consolidated financial statements, therefore pro forma financial information is not presented. The aggregate purchase price of acquisitions and investments in affiliates has been reduced for any cash or cash equivalents acquired with the acquisitions.

Based upon purchase price allocations the components of the aggregate purchase prices of the acquisitions and investments in affiliates made were as follows:

7. Business Acquisitions and Investments (continued)

In June 2007, subsequent to the company s fiscal quarter end for International operations, the company acquired Eagle Environmental Systems, a provider of pest elimination services based in Sydney, Australia. Annual sales are approximately \$4 million and became part of the company s International operations beginning in the third quarter of 2007. The purchase price was not material to the company s consolidated financial statements.

The changes in the carrying amount of goodwill for each of the company s reportable segments for the quarter and six months ended June 30, 2007 were as follows:

9. Pension and Postretirement Plans (continued)

The company is not required to make any contributions to its U.S. pension plan and postretirement health care benefits plans for 2007, based on plan asset values as of June 30, 2007. Certain international pension benefit plans are required to be funded in accordance with local government requirements. The company contributed approximately \$4.8 million and \$9.4 million to its international pension benefit plans during the second quarter and six months ended June 30, 2007, respectively. The company currently estimates that it will contribute approximately \$10 million to the international pension benefit plans during the remainder of 2007.

10. Operating Segments (continued)

Total service revenue for the U.S. Other Services segment was \$94.3 million and \$176.7 million for the quarter and six months ended June 30, 2007, respectively and \$86.0 million and \$160.1 million for the quarter and six months ended June 30, 2006, respectively. Total service revenue for the International segment was \$45.9 million and \$88.6 million at fixed currency exchange rates for the quarter and six months ended June 30, 2007, respectively, and \$44.0 million and \$87.0 million for the quarter and six months ended June 30, 2006, respectively.

11. Goodwill and Other Intangible Assets

Under Statement of Financial Accounting Standards (SFAS) No. 142, goodwill must be tested annually for impairment. The company performs its annual goodwill impairment test during the second quarter. If circumstances change significantly within a reporting unit, the company would also test a reporting unit for impairment prior to the annual test. As of June 30, 2007, the company has completed its annual test for goodwill impairment. Based on this testing, no adjustment to the carrying value of goodwill is necessary.

Goodwill and other intangible assets arise principally from business acquisitions. Goodwill represents the excess of the purchase price over the fair value of identifiable net assets acquired. Other intangible assets include primarily customer relationships, trademarks, patents and other technology. Other intangible assets are amortized on a straight-line basis over their estimated economic lives. The weighted-average useful life of other intangible assets was 13 years and 14 years as of June 30, 2007 and 2006, respectively.

The straight-line method of amortization reflects an appropriate allocation of the cost of the intangible assets to earnings in proportion to the amount of economic benefits obtained by the company in each reporting period. Total amortization expense related to other intangible assets during the second quarters ended June 30, 2007 and 2006 was \$7.1 million and \$5.8 million, respectively. Total amortization expense related to other intangible assets during the six months ended June 30, 2007 and 2006 was \$14.1 million and \$11.1 million, respectively. As of June 30, 2007, future estimated amortization expense related to amortizable other intangible assets will be:

12. New Accounting Pronouncements

In July 2006, the FASB issued FASB Interpretation No. 48, *Accounting for Uncertainty in Income Taxes, an interpretation of FASB Statement No. 109* (FIN 48). FIN 48 clarifies the accounting for uncertain tax positions in accordance with FASB Statement No. 109, *Accounting for Income Taxes.* For each tax position the company is required to recognize, in its financial statements, the largest tax benefit that is more-likely-than-not to be sustained on audit based solely on the technical merits of the position as of the reporting date. FIN 48 also provides guidance on new disclosure requirements, reporting and accrual of interest and penalties, accounting in interim periods, and transition. The company adopted FIN 48 effective January 1, 2007 with the cumulative effect of initially applying FIN 48 recorded as an increase to opening retained earnings of \$5 million. See Note 13 for additional information on this adoption.

In September 2006, the FASB issued SFAS 157, *Fair Value Measurement* (SFAS 157), which defines fair value, establishes a framework for measuring fair value and expanded disclosures about fair value measurement. Companies are required to adopt the new standard for fiscal periods beginning after November 15, 2007. The company is evaluating the impact of this standard and does not expect it to have a material impact on its consolidated financial statements.

In February 2007, the FASB issued SFAS 159, *The Fair Value Option for Financial Assets and Financial Liabilities* including an amendment of FASB Statement No. 115 (SFAS 159). SFAS 159 provides companies with an option to report selected financial assets and financial liabilities at fair value, which can be elected on an instrument-by-instrument basis. Unrealized gains and losses on items for which the fair value option has been elected are reported in earnings at each subsequent reporting date. SFAS 159 is effective for fiscal years beginning after November 15, 2007. The company is evaluating the impact of this standard and does not expect it to have a material impact on its consolidated financial statements.

No other new accounting pronouncement issued or effective has had, or is expected to have, a material impact on the company s consolidated financial statements.

CONDENSED NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

13. Accounting for Uncertain Tax Positions

The company adopted the provisions of FIN 48 effective January 1, 2007. As a result of the implementation of FIN 48, the company recognized a \$5 million decrease in the liability for unrecognized tax benefits, which was accounted for as an increase to the January 1, 2007 balance of retained earnings. The company s gross liability for unrecognized tax benefits as of January 1, 2007, the date of adoption, was \$98 million. Included in the balance at January 1, 2007 are \$45 million of tax positions that would not affect the annual effective tax rate.

The company files income tax returns in the U.S. federal jurisdiction and various U.S. state and international jurisdictions. With few exceptions, the company is no longer subject to state and foreign income tax examinations by tax authorities for years before 2001. During 2004, the Internal Revenue Service (IRS) completed an examination of the company s U.S. income tax returns for 1999 through 2001. During the second quarter of 2007, the IRS completed an examination of the company s U.S. income tax returns for 2002 through 2004. It is reasonably possible for specific open positions within these examinations to be settled in the next 12 months. There are also certain foreign audits which may be settled within the same timeframe. The company believes these events could result in a decrease in the company s gross liability for unrecognized tax benefits up to \$42 million during the next 12 months. Decreases in the company s gross liability could result in offsets to other balance sheet accounts, cash payments, and/or adjustments to the annual effective tax rate. The occurrence of these events and/or other events not included above within the next 12 months could change depending on a variety of factors and result in amounts different from above.

The company recognizes both penalties and interest accrued related to unrecognized tax benefits in the company s provision for income taxes which is consistent with past practice. As of January 1, 2007, the company had accrued approximately \$7 million for the payment of interest and penalties.

During the second quarter of 2007, specific tax positions relating to the company s U.S. income tax returns for 2002 through 2004 were settled. The settlement of those tax positions reduced the company s gross liability for unrecognized tax benefits by \$5 million, and reduced income tax expense by \$5 million during the second quarter and six months ended June 30, 2007. As of June 30, 2007, the company s gross liability for unrecognized tax benefits was \$100 million and included in that balance are \$47 million of tax positions that would not affect the effective tax rate.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Shareholders and Directors

Ecolab Inc.

We have reviewed the accompanying consolidated balance sheet of Ecolab Inc. and its subsidiaries as of June 30, 2007, and the related consolidated statements of income for each of the three and six-month periods ended June 30, 2007 and 2006 and the consolidated statement of cash flows for the six-month periods ended June 30, 2007 and 2006. These interim financial statements are the responsibility of the Company s management.

We conducted our review in accordance with the standards of the Public Company Accounting Oversight Board (United States). A review of interim financial information consists principally of applying analytical procedures and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States), the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to the accompanying consolidated interim financial statements for them to be in conformity with accounting principles generally accepted in the United States of America.

As discussed in Note 13 to the consolidated financial statements, Ecolab Inc. changed the manner in which it accounts for unrecognized tax benefits effective January 1, 2007.

We have previously audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the consolidated balance sheet as of December 31, 2006, and the related consolidated statements of income, of comprehensive income and changes in shareholders equity, and of cash flows for the year then ended (not presented herein), and in our report dated February 23, 2007, we expressed an unqualified opinion on those consolidated financial statements (our opinion contained an explanatory paragraph stating the company changed the manner in which it accounts for defined benefit pension and other postretirement plans effective December 31, 2006). The consolidated financial statements and management s assessment of the effectiveness of internal control over financial reporting referred to above are not presented herein. In our opinion, the information set forth in the accompanying consolidated balance sheet information as of December 31, 2006, is fairly stated, in all material respects, in relation to the consolidated balance sheet from which it has been derived.

MANAGEMENT S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Item 2. Management s Discussion and Analysis of Financial Condition and Results of Operations.

The following discussion and analysis provides information that we believe is useful in understanding our operating results, cash flows and financial condition. The discussion should be read in conjunction with the unaudited consolidated financial information and related notes included in this Form 10-Q.

The following discussion contains various Forward-Looking Statements within the meaning of the Private Securities Litigation Reform Act of 1995. We refer readers to the statement entitled Forward-Looking Statements located at the end of Part I of this report.

Overview of the Quarter Ended June 30, 2007

Continued strong growth from U.S., Canada and Latin America operations led results for the second quarter ended June 30, 2007. Consolidated net sales increased 11% to \$1.4 billion. Consolidated operating income increased 13% and diluted net income per share rose 22% to \$0.44 per share. Tax benefits from tax audit settlements added \$0.02 to diluted net income per share. Excluding the tax benefits, net income per share rose 17% to \$0.42 per share.

Sales Performance

• U.S. Cleaning & Sanitizing segment sales increased 8% to \$589 million in the second quarter of 2007, led by strong growth from Institutional and Food & Beverage.

• U.S. Other Services segment sales increased 8% to \$114 million, benefiting from strong gains by Pest Elimination and improved sales growth by GCS.

• Sales of our International segment rose 7% to \$633 million in the second quarter when measured in fixed currency rates. Latin America reported double-digit sales growth and Asia Pacific and Canada showed attractive gains. Europe/Middle East/Africa (EMEA) recorded improved sales growth. Foreign currency translation had a favorable impact on sales. When measured at public currency rates, International sales increased 14%.

Financial Performance

• Diluted net income per share increased 22% to \$0.44 for the second quarter of 2007 from \$0.36 in the second quarter of 2006. Tax benefits added \$0.02 to diluted net income per share in the second quarter of 2007.

• Currency translation increased net income by approximately \$3.4 million for the second quarter.

• Our income tax rate was 30.9% for the second quarter of 2007 compared to 34.4% in 2006. Excluding discrete tax benefits, our estimated effective income tax rate for the second quarter is 34.3% in 2007 and was 35.7% in 2006.

• We repurchased 3.4 million shares of our common stock during the second quarter under our share repurchase program.

MANAGEMENT S DISCUSSION AND ANALYSIS OF

FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Results of Operations - Second Quarter and Six Months Ended June 30, 2007

Consolidated net sales for the second quarter ended June 30, 2007 were \$1.4 billion, an increase of 11% over net sales in the second quarter of last year. For the first six months of 2007, net sales increased 12% to \$2.6 billion. When measured in fixed currency rates, sales rose 8% for both the second quarter and first six months of 2007. The components of the quarter and year to date sales growth are shown below.

(percent)	Second Quarter Ended June 30, 2007	Six Months Ended June 30, 2007
Volume growth	5 %	5 %
Price changes	2	2
Foreign currency exchange	3	4
Acquisitions & divestitures	1	1
Total sales growth	11 %	12 %

The gross profit margin (defined as the difference between net sales less cost of sales divided by net sales) was 50.9% and 50.4% for the second quarter of 2007 and 2006, respectively. For the six-month periods, the gross profit margin was 50.9% in 2007 and 50.5% in 2006. Strong improvement in the U.S., driven by pricing and cost savings initiatives, was partially offset by slightly lower margins in our International segment, principally in Europe, where higher delivered product costs, not fully offset by pricing actions, hurt results.

Selling, general and administrative expenses were 38.2% of consolidated net sales for the second quarter of 2007 compared to 37.9% for the second quarter of 2006. For the six-month periods, selling, general and administrative expenses were 38.6% in 2007 and 38.4% in 2006. The increase in the ratio reflects leverage from our healthy sales growth that was more than offset by investments in business efficiency programs, R&D and information technology.

Net income for the second quarter of 2007 increased 18% to \$110 million. On a per share basis, diluted net income per share increased 22% to \$0.44. Net income for the first six months of 2007 increased 17% to \$200 million. On a per share basis, diluted net income per share increased 20% to \$0.79. Tax benefits recorded in the second quarter added \$5.4 million to net income for the second quarter and first six months of 2007. Currency translation increased net income by \$3.4 million and \$4.6 million for the second quarter and the first six months of 2007, respectively.

MANAGEMENT S DISCUSSION AND ANALYSIS OF

FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Results of Operations - Second Quarter and Six Months Ended June 30, 2007 (continued)

Sales for each of our reportable segments are as follows:

U.S. Cleaning & Sanitizing sales increased 8% in the second quarter and 9% for the first six months of 2007 led by strong Institutional and Food & Beverage sales growth. Institutional sales grew 9% in the second quarter benefiting from competitive gains and continued strong sales into its various end-market segments including travel, restaurant and healthcare. Food & Beverage division sales increased 10% in the second quarter. The acquisition of DuChem in 2006 added 3% to Food & Beverage sales growth. Sales were led by growth in the meat & poultry and dairy plant segments and benefited from new business and existing account growth. As expected, Kay sales grew 1% in the second quarter reflecting the impact of higher distributor shipments in the first quarter of 2007 and comparison to a strong second quarter in 2006. Kay sales increased 8% for the first six months of 2007. Kay s business remains strong with good ongoing demand from major existing and new accounts and success with new products and programs.

U.S. Other Services sales increased 8% in the second quarter of 2007 and 9% for the first six months of 2007. Pest Elimination sales increased 9% for the quarter as they continue to add new contract accounts and experience good non-contract service growth. GCS sales continued to improve increasing 7% in the second quarter and 6% for the first six months of 2007, led by new corporate account gains.

MANAGEMENT S DISCUSSION AND ANALYSIS OF

FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Results of Operations - Second Quarter and Six Months Ended June 30, 2007 (continued)

We evaluate the performance of our International operations based on fixed management rates of currency exchange. Management rate sales for our International operations grew 7% for both the second quarter and first six months of 2007. Acquisitions had a favorable impact of 1% for both the second quarter and first six months of 2007. EMEA sales grew 7% in the second quarter as good sales gains in the U.K. and moderate growth in Germany and Italy were partially offset by weak results in France. Acquisitions and divestitures had a favorable impact of 2% on EMEA sales in the second quarter. Asia Pacific sales increased 6% in the second quarter led by growth in East Asia and China. Acquisitions added 1% to Asia Pacific sales growth. Latin America sales continue to increase by double-digits, rising 15% in the second quarter. Sales continued to be strong throughout the region, led by growth in Mexico, Brazil and Chile. Sales in Canada increased 9% in the second quarter, led by double-digit Institutional growth which benefited from corporate account gains, new products and excellent account retention.

Operating income for each of our reportable segments is as follows:

(millions)	Second Quarter June 30 2007 (unaudited)	Ended 2006	Six Months End June 30 2007 (unaudited)	ed 2006
Operating Income				
United States

Effect of foreign currency translation	3.2	(2.1)	3.7	(3.5
Consolidated	\$ 173.0	\$ 153.2	\$ 321.4	\$ 284.6

U.S. Cleaning & Sanitizing operating income increased 16% and 20% for the second quarter and first six months of 2007, respectively. Operating income increased due to pricing, higher sales volume and leverage, and improved cost efficiencies.

U.S. Other Services operating income increased 3% and 9% for the second quarter and first six months of 2007, respectively. Continued profit gains at Pest Elimination were partially offset by a charge for an increase in legal reserves in the second quarter of 2007. Excluding the charge, U.S. Other Services operating income would have risen 17% in the second quarter.

ECOLAB INC.

MANAGEMENT S DISCUSSION AND ANALYSIS OF

FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Results of Operations - Second Quarter and Six Months Ended June 30, 2007 (continued)

Operating income of our International segment increased 8% and 1% for the second quarter and first six months of 2007, respectively, at fixed currency rates. The increase in the second quarter was led by strong increases from Latin America and Canada. Europe s operating income also improved in the second quarter. Overall International operating income benefited from small gains recognized on the sale of some assets as well as the strong performance of last year s Europe healthcare acquisition which will annualize in the third quarter. Operating income for the first six months of 2007 was negatively impacted by the first quarter where higher delivered product costs were not fully offset by pricing actions, particularly in Europe, and business investments. When measured at public currency rates, operating income increased 18% and 8% for the second quarter and first six months of 2007, respectively.

Consistent with our internal management reporting, beginning in the second quarter, the corporate segment includes investments in the development of business systems, previously reported in the International segment, and investments we are making to optimize our business structure as part of our ongoing efforts to improve our efficiency and returns.

Net interest expense totaled \$13.4 million in the second quarter of 2007, compared with \$11.0 million in the second quarter of 2006. Net interest expense was \$25.1 million and \$21.3 million for the first six months of 2007 and 2006, respectively. The increase in our net interest expense during the second quarter and first six months of 2007 was due to higher debt levels during the periods compared to the prior year.

The provision for income taxes for the second quarter of 2007 and 2006 reflected an income tax rate of 30.9% and 34.4%, respectively. The provision for income taxes for the first six months of 2007 and 2006 reflected an income tax rate of 32.6% and 35.0%, respectively. The provision for income taxes in 2007 includes tax benefits of \$5.4 million for various audit settlements recorded in the second quarter of 2007. Excluding tax benefits, the adjusted effective income tax rate was 34.3% for the second quarter and 34.4% for the first six months of 2006. The decrease in the 2007 adjusted rates over the 2006 adjusted rates is due primarily to U.S. tax legislation, international rate reductions and tax planning strategies. We expect the effective income tax rate, excluding tax benefits, will approximate 34% for the full year 2007.

Financial Position and Liquidity

Total assets were \$4.1 billion at June 30, 2007 compared to total assets of \$4.4 billion at December 31, 2006. The decrease is primarily due to a decrease in cash and cash equivalents used for the scheduled debt repayment discussed below. Currency exchange did not have a significant impact on the value of non-U.S. assets on the balance sheet since December 31, 2006.

Financial Position and Liquidity (continued)

Total debt was \$859 million at June 30, 2007, compared to total debt of \$1.1 billion at December 31, 2006. Total debt decreased due to the scheduled repayment of our euro 300 million (\$397 million as of December 31, 2006) 5.375% euronotes which became due in the first quarter of 2007, offset partially by an increase in short-term borrowing. The ratio of total debt to capitalization (shareholders equity plus total debt) decreased to 35.1% at June 30, 2007 compared to 38.8% at December 31, 2006 due to the decrease in total debt discussed above. Management believes this ratio is a significant measure of the company s financial position and liquidity. We are in compliance with all of our debt covenants and believe we have sufficient borrowing capacity to meet our reasonably foreseeable operating needs.

Cash provided by operating activities totaled \$307 million for the first six months of 2007 compared to \$176 million in 2006. The increase in operating cash flow is due to increased earnings, reduction of pension contributions and lower tax payments in 2007 compared to 2006. Operating cash flow for 2006 was reduced by a \$45 million voluntary contribution to our U.S. pension plan. We did not make a voluntary contribution to our U.S. pension plan during the first six months of 2007. Cash used for investing activities increased in 2007 primarily due to business acquisitions and timing of short-term investment sales. Cash used for financing activities increased significantly in 2007 due to long-term debt repayment and an increase in share repurchases.

At December 31, 2006, the schedule of contractual obligations included in the Financial Position and Liquidity section of our Form 10-K for the year ended December 31, 2006 disclosed total notes payable and long-term debt due within one year of \$509 million. As of June 30, 2007, the total notes payable and long-term debt due within one year is \$295 million. The decrease from year-end is due to the scheduled repayment of our euronotes, offset partially by additional short-term borrowings used primarily to help fund share repurchases, capital expenditures and acquisitions. As of June 30, 2007, our gross liability for uncertain tax positions under FIN 48 was \$100 million (refer to Note 13). We are not able to reasonably estimate the amount by which the liability will increase or decrease over time; however, at this time, we do not expect a significant payment related to these obligations within the next year. No other significant changes to our contractual obligations occurred during the first six months of 2007.

During the second quarter, we extended the term of our \$450 million Multicurrency Credit Agreement by one year from June 1, 2011 to June 1, 2012.

We currently expect to fund all of the requirements which are reasonably foreseeable for the remainder of 2007, including scheduled debt repayments, new investments in the business, share repurchases, dividend payments, possible business acquisitions and pension contributions with cash from operating activities, cash reserves and short-term or long-term borrowings. In the event of a significant acquisition or other significant funding need, funding may occur through additional short and/or long-term borrowing or through the issuance of the company s stock.

Subsequent Event

In June 2007, subsequent to our second fiscal quarter end for international operations, we acquired Eagle Environmental Systems, a provider of pest elimination services based in Sydney, Australia. Annual sales are approximately \$4 million and became part of our international operations beginning in the third quarter or 2007. The purchase price was not material to our consolidated financial statements.

Item 3. <u>Quantitative and Qualitative Disclosures about Market Risk</u>

We primarily use interest rate swaps, and foreign currency forward contracts and foreign currency debt to manage risks generally associated with interest rate and foreign exchange rate volatility and net investments in our foreign operations. To the extent applicable, all derivative instruments are designated and effective as hedges, in accordance with accounting principles generally accepted in the United States of America. We do not hold derivative financial instruments of a speculative nature. For a more detailed discussion of derivative instruments, refer to Note 8 of the consolidated financial statements located as exhibit (13) to our Annual Report on Form 10-K for the year ended December 31, 2006.

Item 4. Controls and Procedures.

As of June 30, 2007, we carried out an evaluation, under the supervision and with the participation of our management, including the Chairman of the Board, President and Chief Executive Officer and the Executive Vice President and Chief Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures. Based upon that evaluation, our Chairman of the Board, President and Chief Executive Vice President and Chief Financial Officer and the Executive Vice President and Chief Executive Officer and the Executive Vice President and Chief Financial Officer concluded that our disclosure controls and procedures are effective.

During the period April 1 through June 30, 2007, there were no changes in our internal control over financial reporting that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Forward-Looking Statements

This Quarterly Report on Form 10-Q, including Management s Discussion and Analysis of Financial Condition and Results of Operation in Item 2, contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These statements include expectations concerning contributions to pension benefit plans, the impact of new accounting pronouncements, gross liability for unrecognized tax benefits, effective tax rate, borrowing capacity and favorable short-term liquidity requirements. Without limiting the foregoing, words or phrases such as will likely result, are expected to, will continue, is anticipated, we believe, estimate, project (including the negative or thereof) or similar terminology, generally identify forward-looking statements. Forward-looking statements may also represent challenging goals for us. We caution that undue reliance should not be placed on such forward-looking statements, which speak only as of the date made. Some of the factors which could cause results to differ from those expressed in any forward-looking statement are set forth under Item 1A of our Form 10-K Annual Report for the year ended December 31, 2006, entitled Risk Factors. See also Item 1A under Part II of this Form 10-Q.

PART II. OTHER INFORMATION

Item 1.

Legal Proceedings.

We are subject to a variety of legal proceedings arising in the ordinary course of our business, including antitrust, patent infringement and wage hour lawsuits which may assert individual or class claims. In the opinion of management, the final outcome with respect to such litigation will not have a material adverse effect on our financial condition or cash flows, although the final outcome of particular lawsuits could have a material adverse impact on the results of operations for a reporting period.

As previously reported, the New York State Department of Environmental Conservation issued a Notice of Violation in 2006 alleging that two products had been sold by us with phosphorous levels exceeding New York State requirements for certain household cleansing products. In July 2007 Ecolab signed an Administrative Order on Consent (AOC) that resolved the state s claims. Under the terms of the AOC, Ecolab will pay a \$25,000 penalty and fund a project run by a New York Chapter of The Nature Conservancy for \$125,000.

Item 1A. <u>Risk Factors</u>.

In our Annual Report on Form 10-K filed with the Securities and Exchange Commission on February 28, 2007, we identify under Item 1A important factors which could affect our financial performance and could cause our actual results for future periods to differ materially from our anticipated results or other expectations, including those expressed in any forward-looking statements made in this Form 10-Q. There has been no material change in our risk factors subsequent to the filing of our Form 10-K. However, the risks described in our Form 10-K are not the only risks we face. Additional risks and uncertainties that we currently deem to be immaterial or not currently known to us, as well as other risks reported from time to time in our reports to the Securities and Exchange Commission, also could cause our actual results to differ materially from our anticipated results or other expectations.

(1) In addition to programs under publicly announced plans, column (a) includes 182,593 shares reacquired from employees and/or directors to satisfy the cost of stock options, or shares surrendered to satisfy minimum statutory tax obligations under our stock incentive plans.

(2) The average price paid per share includes brokerage commissions associated with publicly announced plan purchases plus the value of such other reacquired shares.

(3) As announced on October 26, 2006, our Board of Directors authorized the repurchase of up to 10,000,000 shares of Common Stock, including shares of Common Stock, including shares to be repurchased under Rule 10b5-1. We intend to repurchase all shares under this authorization, for which no expiration date has been established, in open market or privately negotiated transactions, subject to market conditions.

Item 4. Submission of Matters to a Vote of Security Holders.

Ecolab s Annual Meeting of Stockholders was held on May 4, 2007. At the meeting, 92.17% of the outstanding shares of our voting stock were represented in person or by proxy. The first proposal voted upon was the election of four Class III Directors for a term ending at the annual meeting in 2010. The four persons nominated by our Board of Directors received the following votes and were elected:

Name	For	Withheld
Richard U. De Schutter	226,837,186	2,952,119
Joel W. Johnson	221,930,899	7,858,406
Beth M. Pritchard	226,445,020	3,344,285
Hans Van Bylen	222,771,951	7,017,354

In addition, the terms of office of the following directors continued after the meeting: Class I Directors for a term ending in 2008 Douglas M. Baker, Jr., Stefan Hamelmann, Jerry W. Levin, and Robert L. Lumpkins; and Class II Directors for a term ending in 2009 Leslie S. Biller, Jerry A. Grundhofer, Kasper Rorsted and John J. Zillmer.

The second proposal voted upon was the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the year ending December 31, 2007.

The proposal received the following votes and was ratified:
