### Illinois Power Company

On April 8, 2008, Illinois Power Company, d/b/a AmerenIP ( IP ), a subsidiary of Ameren Corporation, issued and sold \$337,000,000 principal amount of its 6.25% Senior Secured Notes due 2018 (the IP Notes ) with registration rights in a private placement transaction. The IP Notes were issued under IP s Indenture dated as of June 1, 2006 between IP and The Bank of New York Trust Company, N.A., as trustee (the IP Indenture ). The IP Notes will mature on April 1, 2018. IP will pay interest on the IP Notes on April 1 and October 1 of each year. The first such payment will be made on October 1, 2008. IP may at any time and from time to time redeem all or a portion of the IP Notes at a make-whole redemption price. IP will use the net proceeds from the sale of the IP Notes, together with other available funds, to redeem prior to maturity the following series of its pollution control revenue refunding bonds: (1) \$150,000,000 aggregate principal amount of 1997 Series A, Series B and Series C due April 1, 2032 at a redemption price of 100% of the principal amount thereof plus accrued interest thereon to the redemption date, (2) \$111,770,000 aggregate principal amount of Series 2001 (Non-AMT) due November 1, 2028 at a redemption price of 100% of the principal amount thereof plus accrued interest thereon to the redemption date and (3) \$75,000,000 aggregate principal amount of Series 2001 (AMT) due March 1, 2017 at a redemption price of 100% of the principal amount thereof plus accrued interest thereon to the redemption date. IP issued a press release with respect to the issuance of the IP Notes on April 4, 2008, which is included as Exhibit 99.1 to this Current Report on Form 8-K.

The IP Notes will be secured by a related series of IP s mortgage bonds issued and delivered by IP to the trustee under the General Mortgage Indenture and Deed of Trust dated as of November 1, 1992, as supplemented by the Supplemental Indenture dated as of April 1, 2008 between IP and The Bank of New York Trust Company, N.A. (formerly BNY Midwest Trust Company, successor to Harris Trust and Savings Bank), as mortgage trustee (the IP Mortgage ). Accordingly, the IP Notes will be secured ratably with IP s mortgage bonds in the collateral pledged to secure such bonds.

The IP Indenture contains default provisions relating to failure to make required payments on any senior secured debt securities of IP when due and payable (including the IP Notes), default in the performance or breach of any other covenants of IP for 60 days after notice, certain events in bankruptcy, insolvency or reorganization and the occurrence of a default under the IP Mortgage. The IP Mortgage contains default provisions relating to failure to make required payments on any outstanding mortgage bonds, default in the performance of other covenants for 60 days after notice and certain events in reorganization, bankruptcy, insolvency or receivership.

If an event of default under the IP Indenture occurs and is continuing, the trustee under the IP Indenture, or the holders of 33% of the outstanding senior secured debt securities of IP (including the IP Notes), may declare the principal and interest on such senior secured debt securities due and payable immediately. Upon such acceleration, the mortgage bonds securing the IP Notes and any other mortgage bonds securing senior secured debt securities of IP will be immediately redeemable upon demand of the trustee, and surrender thereof to the mortgage trustee, at a redemption price of 100% of the principal amount thereof, together with interest to the redemption date.

IP has agreed to file an exchange offer registration statement and/or, under certain circumstances, a shelf registration statement pursuant to a registration rights agreement with the initial purchasers of the IP Notes. If IP fails to comply with certain obligations under the registration rights
