Barbacena 1200, 19th floor, B1 Wing, Belo Horizonte, Minas Gerais, or showing them at the time of the meeting.

Belo Horizonte, December 1, 2009

Sérgio Alair Barroso

Chairman of the Board of Directors.

Before the items on the agenda of this meeting were put to debate and to the vote, the representative of the stockholder **Southern Electric Brasil Participações Ltda.** stated that the changes in the Bylaws made by the Extraordinary General Meeting of Stockholders of October 25, 1999, and also the subsequent alterations, were approved only by virtue of the suspension of the Stockholders' Agreement, by decision of the Courts, and were thus provisional and precarious.

He stated that hence the acts and operations practiced or submitted to approval by the management bodies of Cemig, supported by the said changes in the Bylaws made under the protection of the Court decision in force today, may, at any moment, be reviewed and withdrawn from the world of legal existence.

On this question, the representative of the stockholder **The State of Minas Gerais** reminded the meeting that the decision which annulled the Stockholders' Agreement signed between the State of Minas Gerais and Southern Electric Brasil Participações Ltda. no longer has an interim or provisional character. It is, he said, a decision on the merit and it is thus a case not of suspension but of annulment.

He added that there is already in existence a decision on the merit that annuls the Stockholders' Agreement, confirmed by the Appeal Court of the State of Minas Gerais. He further explained that the decisions of this Meeting can only take into account what exists at the present moment, and that it would be irresponsible not to vote on matters, in expectation of Court decisions, since, in reality, the said Stockholders' Agreement, by force of Court judgment, cannot produce any effect and the decisions taken are being taken within strict compliance with the Court decision.

Continuing, he noted that the Extraordinary and Special Appeals brought by Southern have not been admitted by the Vice-chairman of the Minas Gerais Appeal Court, and that the Higher Appeal Court refused the interlocutory and special appeals brought by Southern, thus underlining and reinforcing the legal situation already stated by the Minas Gerais Appeal Court, that is to say, inefficacy of the Stockholders' Agreement subject of the action.

Finally he observed that the Federal Supreme Court, in a judgment given by Justice Joaquim Barbosa on December 16, 2009, refused Interlocutory Appeal 54743, brought by Southern Electric Brasil Participações Ltda.

On this information, the representative of the stockholder **Southern Electric Brasil** Participações Ltda. stated that, in spite of the news brought forward by the stockholder The State of Minas Gerais, it is certain that there has been no new publication in the said case; and that even if such a judgment exists, appeal will lie against it to take the issue to the other members of the Federal Supreme Court.

Continuing the business of the meeting, the Chairman then requested the Secretary to proceed to reading of the Proposal of the Board of Directors, which deals with the agenda, the content of which is as follows:
