Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

The information set forth in Item 8.01 below with respect to the Notes and the Indenture (each as defined below) is hereby incorporated by reference into this Item 2.03, insofar as it relates to the creation of a direct financial obligation.

Item 8.01 Other Events.

On July 1, 2015, Ecolab Inc. (the “Company”) entered into an underwriting agreement (the “Underwriting Agreement”) with Merrill Lynch International, Credit Suisse Securities (Europe) Limited, SMBC Nikko Capital Markets Limited, Mizuho International plc and UniCredit Bank AG (the “Underwriters”), pursuant to which the Company agreed to issue and sell to the Underwriters 575,000,000 aggregate principal amount of its 2.625% Euro Notes due 2025 (the “Notes”). The Notes were issued pursuant to an Indenture (the “Base Indenture”), dated January 12, 2015, by and between the Company and Wells Fargo Bank, National Association, as trustee (the “Trustee”), as amended by the second supplemental indenture, dated July 8, 2015 (the “Second Supplemental Indenture,” and together with the Base Indenture, the “Indenture”), by and among the Company, the Trustee, Elavon Financial Services Limited, UK Branch, as paying agent, and Elavon Financial Services Limited, as transfer agent and registrar.

The Notes bear interest at a rate of 2.625% per annum, payable annually in arrears on July 8 of each year, beginning on July 8, 2016. The Notes will mature on July 8, 2025 and are redeemable at the Company's option in whole at any time or in part from time to time, at the redemption prices specified in the Indenture.

Under the Indenture, specified changes of control involving the Company, when accompanied by a downgrade of the Notes below investment grade rating by both Moody's Investors Services, Inc. and Standard & Poor's Ratings Services within a specified time period, constitute change of control repurchase events. Upon the occurrence of a change of control repurchase event with respect to the Notes, unless the Company has exercised its option to redeem the Notes, it will be required to offer to repurchase the Notes at a price equal to 101% of the aggregate principal amount thereof, plus any accrued and unpaid interest to the date of repurchase.

The Indenture contains covenants that limit, among other things, the ability of the Company and its subsidiaries to incur liens on certain properties to secure debt, to engage in sale and leaseback transactions and to transfer certain property, stock or debt of any restricted subsidiary to any unrestricted subsidiary (each as defined in the Indenture). The Indenture also provides for customary events of default, which include (subject in certain cases to customary grace and cure periods), among others, nonpayment of principal or interest on the Notes; failure to comply with certain other covenants or agreements under the Indenture; and specified events of bankruptcy or insolvency. In the case of an event of default, the trustee or the holders of at least 25% in principal amount of the Notes then outstanding may declare all of the Notes to be due and payable immediately.

The Notes are senior unsecured and unsubordinated obligations of the Company and rank equally with all other senior and unsubordinated indebtedness of the Company from time to time outstanding.

Edgar Filing: ECOLAB INC - Form 8-K

The public offering price of the Notes was 99.705% of the principal amount of the Notes. The Company received net proceeds (after deducting underwriting discounts and the Company's offering expenses) of approximately \$635.1 million and intends to use such net proceeds to repay a portion of its commercial paper borrowings, which commercial paper borrowings were issued for general corporate and working capital purposes.

The Notes were offered and sold pursuant to the Company's automatic shelf registration statement on Form S-3 (Registration No. 333-201445) under the Securities Act of 1933, as amended, which was filed and became effective on January 12, 2015. The Company has filed with the Securities and Exchange Commission a prospectus supplement, dated July 1, 2015, together with the accompanying prospectus, dated January 12, 2015, relating to the offering and sale of the Notes.

The above description of the Underwriting Agreement, the Base Indenture, the Second Supplemental Indenture and the Notes is qualified in its entirety by reference to the Underwriting Agreement, the Base Indenture, the Second Supplemental Indenture and the form of Notes, each of which is incorporated herein by reference and are attached to this Current Report on Form 8-K as Exhibits 1.1, 4.1, 4.2 and 4.3, respectively.

Some of the Underwriters and their affiliates have engaged in, and may in the future engage in, investment banking, commercial banking and other commercial dealings in the ordinary course of business with the Company or its affiliates. They have

received, or may in the future receive, customary fees and commissions for these transactions. In particular, certain of the Underwriters or their affiliates are agents and/or lenders on the Company's multicurrency revolving credit facility and term loan, for which they received customary compensation. Affiliates of Merrill Lynch International act as the administrative agent and a joint lead arranger and lender under the Company's multicurrency revolving credit facility and as the administrative agent and the sole lead arranger and lender under the Company's term loan. An affiliate of Credit Suisse Securities (Europe) Limited acts as a lender under the Company's multicurrency revolving credit facility. In addition, affiliates of Merrill Lynch International and Credit Suisse Securities (Europe) Limited are dealers for the Company's commercial paper program.

In addition, in the ordinary course of their business activities, the Underwriters and their affiliates may make or hold a broad array of investments, including serving as counterparties to certain derivative and hedging arrangements, and may actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of the Company or its affiliates. Certain of the Underwriters or their affiliates that have a lending relationship with the Company routinely hedge their credit exposure to the Company consistent with their customary risk management policies. Typically, such Underwriters and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in the Company's securities, including potentially the Notes. Any such credit default swaps or short positions could adversely affect future trading prices of the Notes. The Underwriters and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

In connection with the issuance of the Notes pursuant to the registration statement on Form S-3 (File No. 333-201445), filed on January 12, 2015, the Company is filing a legal opinion as Exhibit 5.1 to this Current Report on Form 8-K.
